THE MURRAY LEDGER.

VOL. 26, NO. 51

MURRAY, KENTUCKY, THURSDAY, FEBRUARY 18, 1915

\$1.00 PER YEAR.

MEMBERSHIP OF ALL CHURCHES.

Statistics of all the churches in the United States for 1914 have been prepared by the Rev. H. K. Carroll, who was in charge of the Government census of churches in 1890, and now is the associate secretary of the Federal Council, Churches of Christ in America. The figures are compiled from denominational official reports where such are available, but where there are no published reports, the best denominational sources have been used, and where exact returns are not to be had approximate figures are furnished.

The total membership of all the churches in the United States is 763,078 greater than it was in 1913. This is an average increase of 2 per cent for all bodies great and small, Christian and non-Christian. The grand total of members is now 38,703,149. All the larger denominations share in the increase. Baptists gained 122,125; Eastern Orthodox churches, 38,500; the Roman Catholic Church, 136,850; the Lutherans, 56,248; the German Evangelical Synod, representing the State Church of Prussia, 29,315; the Methodists, 231,460; the Presbyterians (all churches of that name), 56,019; the Protestant Episcopal church, 28,641. The Protestant Episcopal Church has crossed the million mark, having gained 86,468 since 1910, and over 300,000 since 1900.

The statistics show that the Roman Catholic Church has gained nearly a million and quarter since 1910, and more than 5,500,000 since 1900. The Methodist Episcopal Church, the second largest denomination, gained 187,487 in 1914 and nearly 700,000 since 1900.

The thirty churches, constituting the Federal Council of the Churches of Christ in America, report nearly 17,500,000 members, with 103,000 ministers and nearly 139,000 churches. These bodies have a net increase of over 500,000 members, or more than two-thirds of the entire increase of all bodies.

There are nine denominations which have a million members or more. The Roman Catholic, 13,794,637; the Methodist Episcopal, 3,603,265; the Southern Baptist, 2,692,217; the National Baptist (colored), 2,018,863; the Methodist Episcopal, South, 2,005,707; the Presbyterian, Northern, 1,442,498; the Disciples of Christ, 1,363,163; the Northern Baptist Convention, 1,238,323; and the Protestant Episcopal, 1,015,238. These denominations aggregate over 29,000,000 members.

In the totals the gains in the number of ministers were considerably more than double those of 1913, while the churches show an increase of less than half that of the previous year.

The denominations occupy the following order with reference to size of membership: First, Catholic (Roman, etc.), 13,794,637; second, the sixteen Methodist bodies, numbering 7,328,829; third, the fifteen Baptist bodies, numbering 6,179,622; fourth, the twenty-one Lutheran bodies, numbering 2,444,970; fifth, 12 Presbyterian bodies numbering 2,083,617. However, the 478,951 members of the Reformed Churches in the United States should be added to the Presbyterians and Reformed Churches of a of this statement I will say that little ahead of the Lutherans for the past ten years I have had and entitle them to fourth place instead of fifth. The Disciples of Christ number 1,363,163; the

Episcopal bodies number 1,028,048; the Latter Day Saints number 361,000; the United Brethren number 343,016; Evangelical bodies, 190,293; Friends number 1,026,048; Brethren (Dunkards) number 121,475; six bodies of Adventists number 98,027; the two branches of the Salvation Army number 27,893.

The grand total of church membership in the United States for 1914 was 38,703,149, as against 37,280,370 for 1913.

Stop That Cough—Now.

When you catch cold, or begin to cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the Throat and Lungs and fights the Germs of the Disease, giving quick relief and natural healing. "Our whole family depend on Pine-Tar-Honey for Coughs and Colds," writes Mr. E. Williams, Hamilton, Ohio. It always helps. 25c at your Druggist.

Mayfield Photographer Pinched.

Mayfield, Ky., Feb. 16.—E. G. Burton, a well known photographer of this city, was served with a warrant Monday charging him with "printing, publishing and circulating an obscene picture illustrating a criminal and the commission of a crime." The trial was set for Wednesday before County Judge W. V. Gregory. Burton took a picture of the body of Tom Tinker as it hung from a tree in the court yard Tuesday morning and sold a number of the photographs. It is said that the body was hung back to the tree after having been cut down for the purpose of permitting Burton to get a picture of the gruesome object.

(Mr. Burton was a former resident of Calloway, and is a son of Mr. Burton of Hazel.)

ANNOUNCES FOR CIRCUIT CLERK.

Columbus W. Adams, a young man of Coldwater, makes announcement through the Ledger this week for clerk of the Calloway Circuit Court. Mr. Adams is well known and well liked, and presents his claims to the voters in a very splendid manner in the following card:

To the Voters of Calloway Co:—After having been "strongly urged and persuaded by many friends, and after careful and sincere consideration, I have decided to make the race for circuit clerk of Calloway county, and desire to take this method of announcing my candidacy to the voters and that I am in the race to win. I will make the race subject to the action of the democratic party in the August primary election.

Friends and voters, I have for a long time had a desire to serve you in some official capacity, and the time has come to try, and to begin with I solicit the support of every man, woman and child in the county. I don't think I am asking too much of you for the reason that I am a young man just launching my little bark of life on the great ocean of time, and have lots of friends to help me row, but I want more friends to help me. Unknown friends I need you, to help me steer my little bark to the harbor of success. That is if I am honorable, deserving 2,083,617. However, the 478,951 members of the Reformed Churches in the United States should be added to the Presbyterians and Reformed Churches of a of this statement I will say that little ahead of the Lutherans for the past ten years I have had and entitle them to fourth place instead of fifth. The Disciples of Christ number 1,363,163; the

ADVOCATES A BOND ISSUE

Lynn Grove, Feb. 16.—Editor Ledger:—I have read with considerable interest your very splendid articles on the road question, and as a citizen of the country, I want to personally thank you for the interest you are now taking and have always taken in this great question of improved roads. You are certainly entitled to the gratitude of every man in the county who is compelled to use the roads for any purpose, and I hope to see your influence continued in this direction until every road in the county is an improved highway.

If you will give me space in your paper I will try and write a few lines on the same subject, and one that I regard as one of the most important to all the people that can come up for public discussion. I have always been a strong advocate of good roads, and I do not consider it necessary to waste time and space discussing the benefits of good roads or the blessings that they are to a country.

But the roads have to be built first, and it takes money to build them, so we might as well look the issue squarely in the face. I believe that anyone who has convictions on any public question should possess the courage to express them. I am not in favor of taxing the people any more at the present time, for they are already burdened with taxation, but I do think that our present road system should be changed and that our public money should be spent in a way that would best benefit all the people. I consider that there is nothing that we get greater returns for than money spent on roads, if it is properly spent.

What about Calloway county voting a bond issue of \$100,000 or \$200,000 to build good roads throughout the entire county? Under our present system we have been paying a 25-cent annual road tax and are wasting thousands of dollars of the people's money on the roads, and not making much headway toward building good roads.

Now, suppose that we vote a bond issue of \$100,000 to build roads. We could sell them and the interest would not cost us over 5 per cent. per annum and make them payable within ten years from date of issue. Take the \$100,000 and spend it on the "half way" plan, and the amount would build \$200,000 of roads, which would cover the entire county sufficiently to give all taxpayers the benefit of good roads, and get the use of them right now. And as the cost of constructing roads is almost entirely in work, the \$100,000 that we sold the bonds for would go into the pockets of the people here in the county who worked on the roads.

As I understand the new road law the state will furnish a competent man who knows how to build roads and supervise work free of charge to the county. Let it be strictly understood that our officials would see that every dollar spent purchased 100 cents worth of labor. I understand that the 25-cent annual levy that we are already paying, and which we are virtually wasting patching the roads here and there, amounts to about \$14,000 per year as I remember. This may not be the exact figure but is approximately correct. Take this money and convert it into a sinking fund, to pay off the bonds and interest as they come due. With such a system of roads as this would build covering the entire county, the increase in the wealth of the county and the

25-cent sinking fund would about pay off the bonds and interest, and the people would be getting the use of the roads during the time and all taxpayers of the county get the use of the good roads.

Then again, as I understand the new road law, the state will, by annual contribution of Calloway's share of the state aid road fund, repay one half of the entire bond issue in cash, whether it be \$100,000 or \$200,000. This will be paid in the sum of \$12,000 per year, which can be used for repairing the roads and bridges, and is as much as we are now directly spending each year for that purpose and getting but little in return, where under the bond issue plan we would have sure enough roads an ALL the people get the benefits of them right now.

This would also prevent the money we are paying into the state fund from being used in some other county.

It seems to me that this proposition ought to appeal to every progressive citizen in the county. The \$100,000 expended on the "half way" plan would build \$200,000 worth of roads and the \$100,000 be paid right back to Calloway county people, and do all of this with the 25-cent levy that we are now paying each year and so much of which is being wasted. Why, we could have the greatest county on the face of the earth if we would only wake up to our opportunities, get a move on ourselves and get up and get out of the mud.

May my plan close before you get on me with both feet, and if any one has something better let's hear from them, but if you believe this one right lend it your endorsement and tell your magistrate that you favor it. We can have one of the best systems of roads in the state, blessed with an abundance of gravel, and we can put Calloway in the front rank where she belongs, and make this the most desirable place on earth to live.

Respectfully,
LEE CLARK.

Colds and Croup in Children.

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and never tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup, and it has never failed to give relief." For sale by all dealers.

"Point" Cain Dead.

Mr Rufus Gaston Cain, known to his friends as "Point," died on Wednesday night of last week at the home of his mother-in-law, Mrs. Henry Cain, several miles northwest of Cadiz, of typhoid fever. He had been sick for several weeks. The deceased was about thirty-eight years of age, and was a son of Mrs. John Cain, of Calloway county. His wife, who is a daughter of the late Henry Cain, and four children survive him. Funeral services were held Thursday afternoon, conducted by Rev. J. S. Mitchell, of this city, and the remains buried at the James Allen grave yard. Mr. Cain lived last year in Cadiz, and has many friends throughout the county who will regret to learn of his death.

Mrs. John Cain and son, Chap.

pell Cain, who had been to Trigg county on account of the illness and death of their son and brother, "Point" Cain, returned to their home in Calloway county, four miles north of Murray, last Friday. Mrs. Cain is now more than seventy years of age, and is an aunt of Mr. C. B. Greenwood, of this city, being the last of the family. She and her husband have lived together more than fifty years, and there is only four days difference in their ages, Mrs. Cain being the older. —Cadiz Record.

Results of Mission Work.

Statistics for 1914, just issued by the American Foreign Missionary Societies, show that during the year there were 159,286 persons baptized in the foreign mission fields, in which these societies have workers. This total represents an increase of 37,475 over the number baptized the previous year. There was also a gain of 510 churches, the total number now being 9,946. In the colleges, seminaries, training schools and day schools conducted by the American workers 547,730 students were enrolled during the year. The contributions of the native members to their own support and to religious work in general totaled \$1,243,967.

The Liver Regulates the Body. — A Sluggish Liver Needs Care.

Someone has said that people with Chronic Liver Complaint should be shut up away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Biliousness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your druggist.

SOME PUNY PUNS FROM PENNY, KY.

As my last effort escaped the waste basket I will again endeavor to chronicle the recent news of our quiet little cross-roads hamlet.

Since my last letter our city dads have extended the corporate limits as follows: North to Lafayette Fulton; south to Will Washer; east to Monroe Peeler, and west to the first oak tree.

Roy Hurt has built a real good stock barn recently. Gatlin Clopton has completed a beautiful residence in the north part of town and is now occupying same.

Warren Clopton has also built a handsome home in the same section of town. It is a bungalow and very pretty.

Mr. Sam Brewer, who was recently married to Miss Lois Robertson, is building a nice cottage in the east part of town.

Mr. Stanley Kirkland lost a fine young horse recently which died of congestion.

Mr. Tim Roark lost a fine mare recently.

Clint Drinkard lost a fine trotting mare which died of blind staggers.

Prof. Luby Thurman happened to quite a peculiar accident the other day. He went up into the stable loft to gather the eggs, and after getting a hat full started down the wall backward when his foot slipped and he fell to the ground breaking both his neck and the hat of eggs. His neck was knitted back together, and while he lay unconscious for quite a while he is again up and about. He saved the broken eggs and had them cooked ship-wreck style for breakfast.

ALICE ALICE WILLIAMS, OF MISSO-

Continued on 8th Page, 3rd Column

TOBACCO SALES ARE INCREASING

Clarksville, Tenn., Feb. 14.—There was general activity in the loose leaf trade the past week, including loose floor sales, street market and at the barns in the country.

Col. James Trice, who was transferred by the regies from the Lafayette section immediately following the night rider troubles there, to the section around Edgerton and Bells station, is reported to have bought from one-half to three quarters of a million pounds of regie grade at 6 1/2 to 7 cents round in the last ten days.

In the same sections a few barns of highly cured tobacco were sold to C. K. Smith at 7 1/2 to 8 cents. These crops were sold by Tom Barns and James A. McKenzie, who are strong believers in advanced methods of intensive farming.

General activity is reported in all sections of the Clarksville district for the medium and good crops, at prices ranging from 6 to 8 cents round.

The common crops are not finding very active demand, but low grades probably will be first to see good effects when the war ends.

The Clarksville market has the following demands active on the loose floor, street market and at the barns: B. H. Story & Co., for Italian Regie; C. K. Smith, for Taveni cigar trade; American Snuff Company, E. C. Morrow & Bro., for Weyman Bruton Snuff Company; Dunlop & Hanratty, G. H. Warneken, Imperial Tobacco Company, R. A. Walker & Co., Hambaugh, Ladd Company, Buckner & O'Bannon, Chestnut & Mabry, O. A. Carsey.

The sales of old crop by the association are 86 hogsheads lugs at 4 1/2 to 6 cents.

Paducah, Ky., Feb. 15.—Association receipts for year, 33 hogsheads; association sales for week, 91 hogsheads; for year, 216 hogsheads; on hand, 599 hogsheads.

The market for old tobacco has been more active during the past week, than it has been for several weeks. The association reports the sale of 91 hogsheads. This cut the unsold stock in the western district down to 568 hogsheads of old tobacco for the association. The sales were largely lugs of common to medium quality, selling at 4 1/2 to 6 cents, but they also sold some common and low leaf at 7 1/2 to 9 1/2 cents. Prices obtained were about the same as have ruled for the past several weeks.

It is reported there have also been a few independent sales from country storage houses and they were generally for common to medium leaf selling at 8 to 10 cents. No doubt some of these sales are export, but quite a deal of it was for home trade.

Vinson Case Continued.

Cadiz, Ky., Feb. 16.—The case of A. T. Vinson, under indictment for malicious shooting, was continued in the circuit court until the May term. The case was set for trial on Thursday, the fourth day of the term. Vinson is charged with shooting Frank Mitchell near Gracy on the 26th of last December. A large crowd was in town yesterday when the case was called for trial, and continuance was granted by the court upon the motion of the defendant. One hundred men summoned specially for jury service in this case were present.

WOULD PASS ON ALL DIPLOMATS

LATEST MOVE IN MEXICO LIKELY
TO CAUSE MORE COM-
PLICATIONS.

CARRANZA TO BE AUTHORITY

Reports of an Appeal by Spain for
Joint Action in Mexico Not
Regarded as Accurate in
Washington.

Washington.—While no official mes-
sages had been received at the state
department or the Spanish embassy
here as to the Spanish government's
attitude toward Gen. Carranza's ex-
pulsion of its minister from Mexico, press
dispatches from Madrid indicating that
the matter would be adjusted through
diplomatic channels were credited by
officials.

Another action of the Carranza gov-
ernment which may cause further
complications for the Mexico City
diplomatic corps was taken in the an-
nouncement that Gen. Carranza person-
ally is solely authorized to receive and
pass on diplomatic communications.
This may seriously affect the diplo-
matic activity of American consular
agents entrusted to deal with the de-
facto authorities, whoever they may be.
The order apparently will make it
impossible for diplomatic representa-
tives to deal with the Carranza gov-
ernment except by going to Vera Cruz,
which they have not been willing to
do, lest such action be construed as
formal recognition.

Reports of an appeal by Spain for
joint action in Mexico were not re-
garded as accurate here. Officials
pointed out the Spanish government
probably would consult the United
States before taking such a step. It
was believed not unlikely, however,
that for the information of the powers
of the world Spain would communicate
a statement of the circumstances un-
der which the Spanish minister was
deported.

ADMINISTRATION SHIP BILL

Senator Gore's Substitute for the Bill
May Be Introduced in
House.

Washington.—The situation in the
fight over the administration ship bill
has undergone a complete change, as
the result of conferences between
President Wilson and congress lead-
ers. It was determined to relax the
fight in the senate, thus suspending
the historic filibuster, while the im-
portant appropriation bills are passed.
Meanwhile, Senator Gore's substi-
tute for the administration bill will be
introduced in the house as an amend-
ment to the Weeks bill, another ship
measure, which already has passed the
senate. Under a special rule it would
be permitted to meet the views of the
administration, and then be presented
to the senate for action as a new
proposition. The present bill, over
which the long fight has ensued, would
be allowed to die in committee.

When the new bill comes over from
the house, if the fight in the senate is
renewed upon it, President Wilson
will decide whether to call an extra
session of congress for consideration
of the ship bill alone.

His advisers in congress were giv-
ing him advice in both directions.
At the White House the president's
determination to pass the bill was re-
iterated, and it was said a decision as
to an extra session awaited develop-
ments in congress.

Bridge Collapsed.
Milan, Tenn.—Marshall Halley, 17
years old, was instantly killed in the
collapse of a bridge near his home.
Halley was driving a team of mules
and a bridge spanning a gulch 15 feet
wide and 18 deep gave way. Young
Halley was instantly killed, the end
of the harness worn by one of the
mules penetrating his brain. The team
was driven out unhurt.

Farmer's War Relief.
Washington.—Members of the Farm-
ers' unions from all states of the
South and West, in session here, urged
congress to give the farmers relief
through rural credits legislation. Ten-
nessee is represented by L. M. Rhodes
of Huntingdon, state president.

Told Sheriff Name.
Gibsonburg, O.—During a short pe-
riod of consciousness Joe Kimble, 73,
is said to have told Sheriff Skieble
the name of the man who shot him
and beat him into insensibility, mur-
dered Mrs. Kimble, 71, then ransacked
their country home near here.

Operation on Knee.
Bordeaux.—Sarah Bernhardt has
undergone an operation for an affec-
tion of the knee. Mme. Bernhardt
had been suffering severely for many
months, and it is believed the opera-
tion will effect a complete cure.

Segregation Constitutional.
Atlanta, Ga.—The supreme court of
Georgia has held constitutional an or-
dinance passed by the Atlanta city
council to segregate the residences of
white and negro persons.

JUDGE APPEARS AFFECTED

Pronounces Sentence Upon C. Hunter
Raine, Former President of the
Mercantile Bank.

Memphis.—C. Hunter Raine, former
president of the old Mercantile Bank,
was sentenced by Judge McCall of the
federal court to serve eleven years in
the government's penitentiary at At-
lanta. Concurrent terms will reduce
the total to five years. He was taken
to prison by a United States marshal.
The banker's sentence was for the
term recommended by United States
District Attorney Hubert Fisher, fol-
lowing Raine's plea of guilty to federal
indictments charging fraud and misuse
of the bank in connection with the
failure of the old Mercantile bank one
year ago.

Judge McCall apparently was much
affected in pronouncing sentence on
the prisoner. His voice barely carried
to the corners of the courtroom, which
was packed to the doors with specta-
tors.

Atlanta, Ga.—"I am coming back,"
said C. Hunter Raine, former presi-
dent of the wrecked Mercantile Bank
and Trust Company of Memphis, as he
entered the door of the Atlanta fed-
eral penitentiary to begin serving a
five-year term.

Barely had the words fallen from
Raine's lips when the prison doors
clanked to and the former banker was
lost to the world.

It is reported Raine will be assigned
to a clerical position in the prison.

CREELMAN DIES IN BERLIN

Well-Known Newspaper Correspondent
and Succumbs in Berlin—State
Department Notified.

Washington.—James Creelman, well-
known American newspaper corre-
spondent, died in Berlin after an ill-
ness of several weeks. Ambassador
Gerard notified the state department.
Mr. Creelman, whose home was in
New York, was 55 years of age.

James Creelman was one of the
most widely known of American news-
paper men. He first attracted atten-
tion as a war correspondent in the
Spanish-American war. At the battle
of El Caney he was seriously wound-
ed after capturing a Spanish flag. Later
he was a correspondent in the Rus-
sian-Japanese war and was present
at the fall of Port Arthur.

Creelman was born at Montreal,
Canada, Nov. 12, 1859. His first news-
paper work was in New York. While
working as a correspondent in the Eu-
ropean field he interviewed Pope Leo
XIII, and also many crowned heads.
He left Berlin to represent a New
York paper on Jan. 2.

Creelman married Miss Alice Buell
of Ohio in 1891. Mrs. Creelman is now
on her way to Europe aboard the
steamship Adriatic.

WILL LEAVE FOR MEXICO

Envoy of President Leaves For Mexico
to Inquire Into Conditions
Existing There.

Washington.—Duval West, former
United States district attorney at San
Antonio, Texas, was selected to go to
Mexico as the personal representative
of President Wilson.

Secretary Bryan announced Mr.
West's selection. The mission is sim-
ilar to that of Paul Miller, who some
time ago conferred with the various
leaders and returned to this country
with his reports.

Mr. West carries no written instruc-
tions, but is commissioned to make
general inquiries into the conditions
interview the principal leaders, includ-
ing Carranza, Villa and Zapata, and
make clear to them the position of the
United States government with re-
spect to the protection of foreigners
and their interests.

The length of time the president's
envoy will spend in Mexico has not
been determined.

A SUSPICION OF GRAFT

A Pittsburg Concern Declines to Fill
an Order From the Allies—Ex-
posures Threatened.

Pittsburg.—The Carbon Steel com-
pany has turned down a contract for
1,000 three-inch shells for the British
government because a Montreal steel
broker was grafting \$2,000,000 on the
job. President Charles McKnight of
the steel company has just returned
from London. While there he learned
the British government was paying 10
per shell. Canadians submit the order
at \$4 per shell. Exposures are threat-
ened of big Canadian graft.

Bound with Suspenders.

Antelope, Mont.—Bound fast to
chairs with their suspenders, the cash-
ier and assistant of the Farmers' State
bank of Medicine Lake, Mont.,
watched two masked robbers loot the
bank, and escaped with \$2,500. The
robbers were well out of town before
the alarm was given.

Second Submarine Launched.

Quincy, Mass.—The submarine L-2,
launched at the yards of the Fore Riv-
er Shipbuilders, is the second of eight
authorized by congress in 1912, the L-1
having been launched here several
weeks ago. Mrs. Amy Gray of Boston,
mother of Ensign Augustus H. Gray,
who will command the L-2, was chosen
as sponsor. The L-2 is 170 feet long
and has a surface displacement of 50
tons. Her contract calls for a speed
of 14 knots on the surface and 11½
knots under water.

TWO BIG BATTLES FORMING IN EAST

THE GERMANS CLAIM A BIG VIC-
TORY IN EAST
PRUSSIA.

ST. MIHIEL IS UNDER FIRE

Berlin Reports Russian General Staff
In Bukowina Captured—St. Mihiel
Reported Under Fire of
French Guns.

London.—Two big battles, it is be-
lieved, have begun on the Russian
frontier and on the river Sorveth in
Bukowina. The Russians have with-
drawn in East Prussia and in Buko-
wina in the face of superior German
and Austrian armies, to concentrate
and come into closer touch with their
lines of communication.

The official reports make brief refer-
ence to the operations at these two
extremes of the eastern front, but
what they do say indicates that the
Russians have reached the lines on
which Grand Duke Nicholas has de-
cided to give battle.

The rest of the campaign in the
east, even the fighting in the Car-
pathians, is overshadowed by these
greater events, on the result of which
both sides are staking much.

The Germans claim a big victory
in East Prussia, and the Austrians
announce the Russian retreat in
Bukowina, with elation, but appar-
ently Petrograd views these incidents
without mistaking.

In the west there has been a contin-
uation of heavy artillery bombard-
ments, in which Rheims again has suf-
fered, and several infantry attacks, in
which both sides claim success.

From unofficial sources comes the
news that St. Mihiel, on the Meuse,
which the Germans have held so long,
has come under fire of the French
guns, which shows that the French
either have advanced in this region
or have brought up heavier guns in an
effort to dislodge the Germans.

At sea the weather has been such
that naval operations are out of the
question. The English coast has been
washed by tremendous seas for two
days past and many ships have been
wrecked and considerable damage has
been done at several ports.

SERIES OF MINES BLOWN UP

French Use Mines—Occupy Excava-
tions Made When the Mines
Are Exploded.

Paris.—The following official com-
munication was issued by the war of-
fice:

"During the night of Feb. 9-10 we
blew up at La Boisselle three series of
mines and succeeded in occupying the
excavations thus made, notwithstanding
a counter-attack, which was repul-
sed with the bayonet.

"In the Argonne there has been ar-
tillery firing and the throwing of
bombs on all sides, particularly in the
region of Bolante and Bagatelle. Ac-
cording to the latest advices it is re-
ported that the Germans have deliv-
ered a very violent but fruitless at-
tack on the fortification of Marie Ther-
ese.

"In Lorraine at La Lisiere, east of
the forest of Parroy, and to the north
of that forest, our advance posts have
easily repulsed an attack of the en-
emy.

"The minor action reported in the
communication issued at 3 o'clock to
the northeast of Manonville ended in
the pursuit of the Germans by our
hussars.

"In the Vosges, at La Fontenelle
(Ban-De-Sapt) an attack by the enemy
has been checked."

Earlier in the day the following com-
munication was issued:

"The day of Feb. 9 saw virtually
only artillery engagements along the
front. At some places this fighting
was fairly spirited, particularly on the
Aisne and in Champagne. Only one
infantry engagement, and this of lit-
tle importance, has been reported. It
occurred in Lorraine, to the northeast
of Manonville, where one of our de-
tachments drove back some outposts
of the enemy on to the town of Leis-
tre."

Want Unemployment Insurance.

New York.—At a largely attended
meeting of the unemployed, held un-
der the auspices of the Socialist party,
in Union Square, a resolution was
passed demanding a national unem-
ployment insurance law, the imme-
diate commencement of all contem-
plated state and municipal and public
works, the passage of a law prohib-
iting food exports and the creation of
municipal shops.

Authorities Delighted.

London.—Military authorities here
are delighted over the results believed
to have been obtained by the aerial
raid on Belgium, which, it is said,
dealt a serious blow to the Kaiser's
plan of establishing naval bases. The
raid, led by Claude Grahame White,
was not only the largest and most
spectacular aerial demonstration ever
made, but it has proven beyond all
doubt, say military experts, that
the aeroplane is a successful factor in
modern warfare.

PRONOUNCED STAND TAKEN

Great Britain and Germany Warned.
American Vessels Should Have
Unrestricted Passage.

Washington.—The United States
has warned Great Britain that general
use of the American flag by British
vessels would be viewed with con-
cern here, and has notified Germany
that destruction by her of any Amer-
ican vessel in the newly prescribed
war zone would lead to serious com-
plications.

It became known that the text of
the two notes, sent to Great Britain
and Germany, expressed much more
emphatically than had generally been
given out the displeasure of the United
States at the use of neutral flags by
British merchantmen and its solicitude
over the implication that neutral
vessels were liable to destruction
by German submarines in the waters
around Great Britain and Ireland.

The notes were transmitted to Am-
bassadors Page at London and Gerard
at Berlin.

In the note sent Ambassador Gerard
for presentation to the German for-
eign office, there is a friendly but
pointed statement that American ves-
sels should have free and unrestricted
passage through the high seas and un-
blockaded waters and that destruc-
tion of an American vessel might lead
to a change in the hitherto friendly re-
lations which have existed between
the United States and Germany.

Representations in the note to Great
Britain are not based on the Lusitania
incident, but on the statement of the
British foreign office justifying use
of neutral flags by its vessels.

The United States unequivocally
says, it is understood a continuance
of that practice would be highly dan-
gerous to neutral vessels, and would
be viewed with the deepest anxiety
here.

Among diplomats here the fact that
the United States had taken a pro-
nounced stand created a profound
impression.

No joint representations with the
United States on the same subjects
have been made by any of the neu-
trals, although their ministers here
have consulted the American govern-
ment as to its attitude.

40,000 IS LOSS REPORTED

Paris Says the Dense Formations Is
the Cause of So Many Dead
in Poland.

Paris.—An official statement given
out at the war office announced the
complete failure of the German of-
fensive in Poland. The statement fol-
lows:

"The failure of recent attacks by
the Germans in Poland appears to be
complete. The losses of the Germans
are unprecedented. It is reported that
they exceeded 40,000 dead.

"Cold and the frequent use of dense
formations are among the causes giv-
ing for the losses of the Germans. An
eye-witness of the battle declares that
machine guns mowed down the ranks
of the enemy like a steel blade.

"When the combat ended the Rus-
sians saw hills of dead before them.
At night, under the glare of search-
lights, the undulating mass of wound-
ed made efforts to extricate them-
selves. Then toward morning they
moved no more."

26,000 PRISONERS TAKEN

26,000 Prisoners Taken—Berlin Re-
ports Russians as Driven Out of
East Prussia.

Berlin.—German army headquarters
made the following announcement:
"The emperor arrived on the battle-
field on the East Prussian frontier.

"Our operations there forced the
Russians rapidly to give up their posi-
tions east of the Mazurian lakes. At
some places the fighting is continuing.
So far, about 26,000 prisoners have
been made. More than 20 guns and 30
machine guns have been taken. The
amount of war material taken cannot
yet be estimated.

"In Poland, on the right bank of
the Vistula, the Germans continued
the offensive. They took Sierpce and
made several hundreds of prisoners.
"On the left bank of the Vistula
there is no change."

TURKS ARE SLAUGHTERED

Recent Fighting at Suez Canal De-
scribed as Furious.

London.—A dispatch from Cairo
states that the slaughter of the Tur-
kish troops in the recent fighting at the
Suez Canal was more terrible than
anything in history. The English are
still burying their dead by the score
as they are lying on the desert. The
pontoon bridges were sunk in the canal
were filled with dead, which are now
being brought to the surface.

Fatal Burning.

Blountsville, Tenn.—Mrs. Jesse San-
ders, 65, was burned to death in her
home here while drying a skirt that
had been cleaned with gasoline before
an open fire.

Ten Men in Band.

Lexington, Ky.—Word reached here
of the killing near Irvine, Ky., of a
man named Underwood by a band of
men at his home. They riddled his
body with bullets. Ten men are said
to have been in the band.

Will Coach Polytechnic.

Auburn, Ala.—Announcement was
made here that Larry Brown, catcher
of the Mobile Southern Association
team, had signed a contract to coach
the baseball team of the Alabama
Polytechnic institute.

Inspectors of Sales Will Keep Stocks of French Market Coffee Fresh

The building of our special machinery at New Orleans
made it possible to deliver the genuine French Market
Coffee to every home in perfectly sealed cans. Great quan-
tities of this coffee is now sold throughout the South.

Therefore, we have Inspectors of Sales who will call at
stores where French Market Coffee is always kept fresh, so
French Market will be fresher as well as superior to any
other coffee sold in the South.

French Market Coffee

The Wonderful Old Secret Blend

Think what this means to those who love and appreciate
fresh superb coffee. Judge by actual test how much better French
Market Coffee is than any other coffee you can buy.

Not Much Acquainted With Him.

"Your husband," said the caller, sym-
pathizing, "was a man of excellent
qualities."

"Yes," sighed the widow, "he was
a good man. Everybody says so. I
wasn't much acquainted with him my-
self. He belonged to six lodges."

Alfalfa PUREST ON EARTH

More than 30 years ago Salzer's Catalog
brought Alfalfa, years before other seed-
men thought of its value. Today Salzer
exceeds! His Alfalfa strains include Grimm,
Oats, The Prime Winner, 200, all
hardy as oak.

For 10c in Postage

We gladly mail our Catalog
and sample package of Ten Fa-
mous Farm Seeds, including
Spelts, "The Cereal Wonder,"
Rejuvenated White Bonanza
Oats, "The Prime Winner," Bil-
lion Dollar Grass, Teosinte,
the Silo Filler, Alfalfa, etc.,
etc.

Or Send 12c

And we will mail you our
big Catalog and six generous
packages of Early Cabbage,
Carrot, Cucumber, Lettuce,
Radish, Onion—furnishing lots
and lots of juicy delicious
Vegetables during the early
Spring and Summer.

Or send to John A. Salzer
Seed Co., Box 710, Le-
Crosse, Wis., twenty cents
and receive both above collec-
tions and their big catalog.

An Eccentric Dancer.

"You say he is an eccentric dan-
cer?"
"Extremely so. He persists in dan-
cing waltzes and two-steps."

DISTRESSING PIMPLES

Removed by Cuticura Soap and Oint-
ment. Trial Free.

Smear them with the Ointment.
Wash off in five minutes with Cuti-
cure Soap and hot water and continue
bathing for some minutes. Repeat on
rising and retiring. These fragrant
supercreamy emollients do much for
the skin, and do it quickly.

Sample each free by mail with Book.
Address postcard, Cuticura, Dept. XY,
Boston. Sold everywhere.—Adv.

Cut on Russian Lines

A VERY distinctive and elegant style, and one of the easiest for the home dressmaker to follow, is shown in the dress pictured here. It is a style especially well adapted to plump figures. This dress of velvet, trimmed with embroidered bands, is innocent of a waist line, and because of this and its other peculiarities it is altogether out of the ordinary.

Imagine the effectiveness of a strong, rich shade of blue, a little darker than sapphire, in an excellent quality of velvet, when contrasted with bands of trimming closely covered with small steel beads. The combination is very fine, and dark green or black used instead of blue will prove quite as handsome.

There is a straight underskirt of silk, having the lower part of velvet. The simply cut upper garment hangs over this in lines of uncompromising plainness.

The belt and round neck are defined by the embroidery of beads, the sleeves are long and plain. This gown

is a good illustration of the axiom that rich materials look best when simply made up, for it is unusual and impressive. But the model is not suited to commonplace materials.

Another development in an entirely different material is equally effective. This is demonstrated in a gown made of twine-colored net, the overgarment showing the net laid in side plaits a half inch deep. But in this gown a silk knot at one side of the belt, falling which it encircles at the belt, falling below it at the front and fastening in a knot at one side like a Greek girdle. The underskirt is of plain net over a foundation of satin in the same color.

Although there is no flare in the skirt or upper garment, they are both roomy. It is the lack of definition of the figure that adapts the velvet model to the stout figure. But in the dress made of net the plaiting of the material and the addition of the girdle produce a gown which is ideal for a slender figure.

The Widely Featured Godet Veil

THE fad of the hour is the straight hanging ample veil, rippling about the lower edge and just as full as it well can be made. It is of dotted or figured net and usually it is in black, although a warm gray or mode or dark fawn color is liked immensely. The latter are often finished with a lace pattern about the lower edge, which does not interfere at all with their being bound.

The usual binding is a narrow fold of black satin. A recent arrival is the black veil with binding of white satin. A few varieties are bordered with ribbon an inch wide, but the great majority of all the veils are cut circular, hang to a point a little below the shoulders, and are bound with a narrow fold of black satin.

An extreme of the mode is made of a square of black flax net, having small solid squares scattered over its surface. The net is a yard wide. A circular piece is cut out from the center and the opening is hemmed in a narrow hem into which a round elastic cord is run. The edges are bound with a narrow fold of white satin. The veil is adjusted to the hat by the elastic cord and hangs full, and in points, to waist line.

It is an easy matter to make one

of these pretty veils, and anyone can afford to indulge in a fad that costs so little. The prettiest touch is added by tacking a rose or a small nosegay of bright flowers to the border at the left side. This is the very latest trick of adornment and is wonderfully pleasing.

JULIA BOTTOMLEY.

New Muffs Are Small.
As if to show just what length fashion would have us follow, the latest muffs are infinitesimally small. Quite absurd do they appear after the huge pillow affairs we have been cheerfully hauling around with us for the past few seasons. It may be that the long, tight sleeves, fur banded as they are on the modish suit, interfere with the huge muff, so military demands that a smaller affair be designed for her comfort.

Useful Frock.
A useful little day frock is of old parchment-colored woolen rep trimmed with braid, very wide silk braid to match, worked over again in places with very narrow braid in black, and the buttons are wooden, matching the parchment hue, while there is an odd little waistcoat, of which little seen, in black and white checked velvet.

HAGGIN HOME FOR HIS WIDOW

HANDSOME RESIDENCE AND ADJOINING PROPERTY WILLED TO MRS. PEARL HAGGIN.

IN BLUE GRASS REGION

Possessions Valued at \$15,000,000 Left To Mrs. Haggin, His Son, Two Grandsons and Other Relatives.

Western Newspaper Union News Service. Lexington, Ky.,—Gregg Hills, the country home here of James B. Haggin, copper king and millionaire, who died last September in Newport, R. I., with 970 acres of surrounding blue grass land, becomes the property of his widow, Mrs. Pearl Vooris Haggin, who accepts it as her part portion of the mammoth estate, divided by agreement in New York. Appraisers for the Elmdorf property were here from New York recently and this agreed division, it is pronounced, was made following their report. It is known to have been the expressed desire of the master of Elmdorf that his widow, at his death, should retain the property.

The will probated in New York shortly after his death named Mrs. Haggin, with other relatives, to share in his possessions, valued at \$15,000,000. Other beneficiaries by the will are Louis L. Haggin, the only living son of the dead financier; his two grandsons, Louis Lee Haggin, of Lexington, and Ben Ali Haggin, of New York; Mrs. Mabel McAfee Preston, a granddaughter; and Mrs. Edith Lounsbury, a daughter, of New York. Counsel Allan McCulloch, New York representative of the Haggin interests, with others, was here several months ago looking over the Haggin holdings. Mr. McCulloch, Mrs. Haggin, Louis Lee Haggin and H. F. Moler, of New York, are executors of the estate.

RELIC OF KENTUCKY BOOM DAYS.

Middlesboro, Ky.,—The Middlesboro hotel was sold as a commissioner's sale the other day for the modest sum of \$6,000. The building probably will be wrecked and cottages erected on the lot where it stands. The hotel was built during boom days, along in the latter '80's, and a hundred thousand dollars or so of English money went into its construction. It has passed through various changes of ownership and management and was never a financial success at any stage of the game. Several experienced hotel men undertook to run it at various times, but none of them made any money to speak of and most of them lost money. We believe it is the last of several large hotels built in and around Middlesboro by the English company, all of which were failures. On the site of one of them, the Four Seasons hotel, the late Gen. O. O. Howard founded a large school, which is still in existence. The Harrogate inn also was transformed into a school, after it had failed to attract patronage as a hostelry.

SLAUGHTER HOUSES CLOSED.

Louisville, Ky.,—Orders issued by Commissioner of Agriculture J. W. Newman, as measures in the fight against the foot and mouth disease which has broken out afresh at the Bourbon Stock Yards include provision for closing all of the sixty slaughterhouses in Louisville pending inspection of stock and disinfection of the premises. A force of twenty men will be ordered to Louisville immediately to perform the work of inspection, and to oversee the cleansing of all slaughterhouses that have received cattle from the infected districts. The meat supply of Louisville, Mr. Newman said, will not be affected by this order, as the slaughterhouses have enough healthy stock on hand to tide them over the period of disinfection.

PRES. J. L. CLARK HAS BIRTHDAY.

Winchester, Ky.,—Dr. J. L. Clark, president of Kentucky Wesleyan College, Winchester, who recently was elected president of the College Association of Kentucky, celebrated his birthday. Dr. Clark is a graduate of Kentucky Wesleyan, from which institution he received his A. B. degree in 1886. He also spent his college days as a student at Central University, Danville, Ky., and Vanderbilt University, Nashville. In 1913 the degree Doctor of Divinity was conferred upon Dr. Clark by Central University. In the same year he received a Doctor of Laws degree from Georgetown College. Dr. Clark has been president of Kentucky Wesleyan since 1911.

JANITOR HELD FOR MURDER.

Pikeville, Ky.,—John Hall, negro janitor of the Pikeville National Bank building, was followed into the hills and arrested by a posse of citizens and officers after he shot and killed Milton Butler, brother of John E. Butler, prominent lawyer and former circuit court judge. The killing took place at Butler's home. The negro is said to have been angry because Butler hit his horse to a fence surrounding his (Hall's) house.

FOOT DISEASE COST \$40,000

CATTLE DISEASE HAS BEEN COSTLY TO FARMERS OF KENTUCKY AND OTHER STATES.

CONFINED TO STOCK YARDS

Federal Government Has Paid One-Half of Value of Animals Destroyed; State Will Pay Balance.

(Special Frankfort Correspondence.) Frankfort, Ky.,—No "change" has been reported to Commissioner of Agriculture Newman in the situation of the foot and mouth disease among the cattle in this state. Every possible means to prevent the spread of the disease is being taken by the Department of Agriculture. The Commissioner said: "The last outbreak in Kentucky has been confined to the stock yards and the slaughtering pens of the cities, and the government refuses to pay for any animals destroyed, except those upon the farms, holding that the butcher or the dealer purchases at his own risk, knowing the danger of getting diseased animals when bought from any public market place. The total value of animals destroyed in Kentucky up to the present time is \$40,000, and the expense of burial and disinfection of premises amounts to approximately the sum of \$2,000. The Federal Government has paid its one-half of the value of the animals destroyed and also its one-half of the expenses of destruction and disinfection." Commissioner Newman has drawn a voucher from the fund appropriated for the Department of Agriculture for the state's one-half of the expenses of destruction and disinfection, which will be paid at once if approved by the governor and warrant is issued by the auditor. The 1916 legislature of Kentucky will be called upon to provide funds for reimbursing the owners, who have been compelled to lose their animals, for the state's one-half of their value.

January Sales of 1914 Tobacco Crop.

The average price brought by the 1914 crop of tobacco in Kentucky during January, when \$1,374,813 pounds were sold, according to reports made to Commissioner Newman, was \$7.39. The 64,921,029 pounds of burley sold for growers averaged \$7.41. Untraded dark tobacco of the 1914 crop, of which 1,540,179 pounds were sold for growers at \$5.75. Total sales of fired dark tobacco for growers, 1914 crop, were 601,775 pounds at \$6.14. Green River tobacco sold for growers, 1914 crop, totaled 3,865,175 pounds at \$5.98. One-sucker tobacco sold for growers, 1914 crop, brought \$5.96 for 2,449,346 pounds.

Speakers for Institute at Henderson.

While the program for the state Farmers' Institute, at Henderson, February 23, 24 and 25, is not arranged, a list of the speakers was made public here. The institute will be welcomed by L. Powell Taylor, to whose speech former Senator H. M. Froman, of Ghent, member of the state board of agriculture, will respond. M. O. Hughes, of Bowling Green, district farm demonstrator for the government; Bradford Knapp, of Washington; head of the agricultural demonstration department, and Commissioner J. W. Newman are on the program for that day.

State Equalization Board Organizes.

The state board of equalization met here and organized for work. M. J. Meagher was re-elected chairman and Chief Clerk W. T. Walker, of Clinton, and Assistant Clerks Ed Kennedy, of Stanford and E. P. Peterson, of Campbellsville, also were re-elected. The board is composed of seven members, one from each appellate district: W. J. Beale, Murray; R. H. Cary, Calhoun; W. M. Duncan, Lawrenceburg; Charles P. Weaver, Louisville; M. J. Meagher, Frankfort; Matt Moore, Newport; J. F. Mowse, Paintsville.

Hogs Were Shipped from Kentucky.

A shipment of eighty-eight hogs was received at Covington railroad yards from Fleming county, Kentucky, and reshipped from there to Baltimore. At Baltimore the foot and mouth disease developed. State Veterinarian S. F. Musselman said he believes the hogs were infected either in the Covington yards or in the cars, probably the latter. Hereafter the cleansing and disinfecting of cars after every shipment will be required.

ELECTRIC LIGHT AND ICE PLANT.

Winchester, Ky.,—A franchise was awarded to John W. Walker, of Corbin, to install an electric light and ice manufacturing plant at Irvine. Local capitalists were contending bidders for the franchise. Since the completion of the Winchester-Irvine line, the L. & N. railroad, which terminates at Irvine, the capital of Estill county, has taken on a big boom. Although but 30 miles from this city, until this road was completed it took a day to go to Irvine.

Happy Bake Days

CALUMET BAKING POWDER

The cook is happy, the other members of the family are happy—appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised bakings. Cannot be compared with other baking powders, which promise without performing. Even a beginner in cooking gets delightful results with this never-failing Calumet Baking Powder. Your grocer knows. Ask him.

RECEIVED HIGHEST AWARDS

Paris Exposition, France, March, 1912.

DOWN TO BASE OF SUPPLY

Manager of Supply Company Forced to a Compromise With Receipt of Large Order.

The tea companies were fighting each other for the trade of the town. The Tee Tea company gave premiums with each pound of tea, while the Gee Tea company did not. The result was that the latter concern was being pushed to the wall. Finally the Gee Tea people realized that they must give premiums.

So, after careful consideration, they decided to give a quart of milk with each pound of tea. Business picked up at once.

"I understand you give a quart of milk with each pound of tea," said a lady one day.

"Quite right," answered the manager.

"Well, I'm Mrs. Ketchum of Holdem & Starvem. We operate a string of ten boarding houses here. I want 150 pounds of tea. Do I get 150 quarts of milk?"

"Why—er—I think so," stammered the manager. "Will you wait till I go back and look over the supply?"

In a minute he came back.

"Madam," he whispered, "I have figured up and I find that if you will take 200 pounds of tea we can give you a cow."

Straw hats shipped abroad from British factories in 1913 numbered nearly 8,000,000, value \$2,500,000.

However, there are many fair singers who are not blondes.

KNOW NOW

And Will Never Forget the Experience.

The coffee drinker who has suffered and then been completely relieved by changing from coffee to Postum knows something valuable. There's no doubt about it.

"I learned the truth about coffee in a peculiar way," says a California woman. "My husband who has, for years, been of a bilious temperament decided to leave off coffee and give Postum a trial, and as I did not want the trouble of making two beverages for meals I concluded to try Postum, too. The results have been that while my husband has been greatly benefited, I have myself received even greater benefit."

"When I began to drink Postum I was thin in flesh and very nervous. Now I actually weigh 16 pounds more than I did at that time and I am stronger physically and in my nerves, while husband is free from all his ails."

"We have learned our little lesson about coffee and we know something about Postum, too, for we have used Postum now steadily for the last three years and we shall continue to do so."

"We have no more use for coffee—the drug drink. We prefer Postum and health."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pages.

Postum comes in two forms: Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 50c and 50c tins.

The cost per cup of both kinds is about the same.

There's a Reason for Postum.

—said by Grover

An Old Contention.

"How did she happen to decide that he was her soul mate?"

"He was demonstrating a new dance at her house and broke a costly vase."

"I don't see how she figured that out."

"Neither do I, but there is a great deal in the philosophy of women that can't be figured out."

SAGE TEA AND SULPHUR

DARKENS YOUR GRAY HAIR

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Adv.

A "Flying" Malady.

The doctors are puzzled concerning a strange malady that has broken out at more than one aeroplane works and has in one case resulted fatally. The malady in some respects resembles yellow jaundice, and it is, rightly or wrongly, attributed to contact with an aeroplane "dope," or to inhaling its odor.

Further particulars need not at the moment be indicated, but it has been suggested that the source of the trouble may be amyl acetate, which is used as a "dope" solvent. Some mystery attaches to the affair, the precise nature of the malady not having yet been determined, in spite of close examination and analysis; and, of course, until success is attained in this direction no satisfactory precautions or remedy can be devised.

A New Anecdote.

Queer requests are often received for prescriptions, which might puzzle either doctor or chemist, far more skilled than the proprietor of the ordinary drug store. Here is one recently reported by Morris Wade: It is a note from an excitable mother, whose nerves were apparently as much in need of treatment as the digestion of her infant.

"My little baby has set up its father's parish plaster. Please to send an anecdote by the enclosed little girl—YOUTH'S COMPANION."

Speaking of the War.

Patience—I certainly am a foolish girl.

Patrice—What now?

"Why, I followed that advice. See America, First," and now there's hardly anything left in Europe to see!"

Riches may have wings, but poverty never flies very high.

THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, FEBRUARY 18, 1915

ANNOUNCEMENTS.

For Commonwealths Attorney

We are authorized to announce HON. JAMES B. ALLENSWORTH, of HOPKINSVILLE, KY., as a candidate for the Democratic nomination for Commonwealths Attorney of the Third Judicial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

We are authorized to announce HON. DENNY P. SMITH, of CADIZ, KY., as a candidate for the Democratic nomination for Commonwealths Attorney of the Third Judicial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

For State Senator.

We are authorized to announce HON. SELWYN R. GLENN, of EDDYVILLE, KY., as a candidate for the Democratic nomination for State Senator from the Third Senatorial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

For Circuit Court Clerk.

We are authorized to announce T. C. (CONNIE) NIX as a candidate for the Democratic nomination for Clerk of the Circuit Court of Calloway County, subject to the action of the Democratic primary, August, 1915.

NOW UP TO FISCAL COURT

The Ledger has made honest effort to present argument in favor of improved road conditions in this county for the past several weeks, and again this week we publish an article on the eighth page of the Ledger to which we direct attention and ask for it a careful reading. We also publish a splendid article from Mr. Lee Clark in this issue worthy of the careful reading of every citizen. Mr. Clark advances an argument that cannot be disputed.

It is now up to the fiscal court to take some action in the matter and Judge Langston should not fail to convene the magistrates for the purpose of giving the matter consideration before the time limit to secure state aid has passed. This court is the servant of the public, and the Ledger takes it for granted desires to obey the mandates of the people, and it behooves them to feel out the sentiment and take prompt action.

If action is taken before March 4th and a given sum is set aside out of the 1915 levy to build, rebuild or improve any highway in the county the state will give one dollar for each dollar put up by the county, and furnish expert engineering and supervision service without cost to the county.

At this same meeting an election should be ordered, granting unto the people opportunity to bond the county for road purposes. If the people want to build roads and want to do it now and want to provide the means for such work by a bond issue they should be granted that privilege. After the election is ordered the matter can be thoroughly discussed and every phase of the matter can be gone into, and thus every taxpayer be fully informed and cast an intelligent vote. The Ledger believes the court owes these things to the people and quick action should be taken.

THE JACKASS CLUB.

Special announcement is made of the regular meeting of the above styled club and all members should be present. The club will meet around the front door of the church immediately following the dismissal of services. All members will immediately light cigarettes and fill their mouths with tobacco, and

not fail to observe the rule to spit their filth upon the walk leading to the entrance of the church and blow the smoke from their cigarettes in the face of the ladies as they leave the building. This is the supreme test of gentle breeding and polite manners. All the asses will bray and bawl as the crowd of ladies and gentlemen leave the building and make vulgar remarks, the very highest respect possible for such creatures to pay pure young womanhood and elderly gray hairs. All members in good standing will be present, and all standing present are members.

We rather like it when our beloved brothers of the press reprint our feeble efforts, and give us credit for same. But when we sit up into the wee small hours, trying to write our best, and then have some fellow take our article for his very own, and no credit given to "the other fellow" Gee! but it gives us a pain. Glasgow Times.

Where does it hurt you, sis?

40c and 50c Eggs.

If your hens would only lay when eggs were high. Why shouldn't they? Some hens do. The hen that lays has a healthy pink tongue and gills. Those not laying are pale in the gills, their tongue or palate has a whitish look. What's the matter? What's the matter with you when your tongue is white? Bilious? That's just what ails the hen. Start her liver and see her get busy. B. A. Thomas' Poultry Powder is guaranteed to start her liver and to start the eggs.—Sexton Bros.

A Near Serious Conflagration.

A box of matches caught on fire Saturday afternoon between five and six o'clock at the Schmulen place, on South Eighth street, but no damage was done. The fire wagon was called, but the fire was put out without the use of the department.—Mayfield Messenger.

Miss Jennie Hooper died Wednesday night at the home of her brother, Tobe Hooper, two miles southeast of town, after a lingering illness. The deceased was about 60 years of age. She is survived by three brothers, Tobe, Curd and Dug Hooper, and two sisters, Miss Ann Hooper and Mrs. Edmond Wilcox. Hazel News.

Miss Ethel McClain has returned to her home in Chattanooga, after spending a year with relatives here and in Calloway county. Miss McClain holds a responsible position with a telephone company in that city.—Puryear cor. Paris Parisian.

E. G. Holland & Son and J. Y. Mills are now the sole owners of the bus business in this place. Last week they purchased the bus line of Bishop & Owen, and which was only recently purchased by the latter from Lee Fields.

For Sale.

One good work mule; disc harrow; corn drill; double shovels, plows and other farm tools, all practically new. Will sell reasonably cheap. See Noah Gilbert. 2183

"The Best Laxative I Know of."

"I have sold Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of." writes Frank Strouse, Fruitland, Iowa. For sale by all dealers.

MURRAY MAN'S LUCKY FIND.

Will Interest Readers of the Ledger.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Murray man.

A. P. Overby, Murray, Ky., says: "I was troubled by disordered kidneys. I had gull pains in the small of my back and whenever I stooped or lifted sharp twinges caused me much misery. At night the backache greatly disturbed my rest. I got up in the morning feeling tired and languid and nervous spells bothered me. Sediment in the kidney secretions proved that my kidneys needed attention. Learning of Doan's Kidney Pills, I began using them. It took but one-half a box to make a complete cure."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Overby had.—Foster-Milburn Co., Props., Buffalo, N. Y.

Make Your Own Healing Remedy at Home.

Buy a 50c bottle of Farris Healing Remedy. Add to it a pint of Linseed Oil to make a healing oil, or add to it a pound of lard or a pound of vasoline to make an ointment. You will then have sixteen ounces of the Healing Remedy for harness and saddle galls, barbed wire cuts, scratches, or any hurt or sore where the skin is broken. Positively guaranteed the best made. Make it at home. By so doing you have \$2.00 worth for 50c.—Sexton Bros.

Will Locate Federal Building.

Mr. R. A. Maddox, a representative of the United States Treasury Department, will be in Murray the latter part of this week or the first of next for the purpose of making a selection and closing a deal for a site upon which the government will erect a handsome postoffice building in the near future.

Organizing Modern Woodmen.

S. A. Smith left yesterday for Almo, Calloway county, where he will preside at the meeting in which a camp of the Modern Woodmen of America will be instituted. There has been about 23 examinations made through the efforts of Prof. Lee Treva-tham and several more are expected to be added.—Mayfield Messenger.

Swish! Corns Gone! We Use "GETS-IT!"

2 Seconds, 2 Drops—Corns Vanish! For everybody with corns, there is in every drug store in the land one of the real wonders of the world, and that's "GETS-IT!" for corns! It's the first and only corn-cure ever known that removes

any and every corn of callus without fail, without fussing with thick bandages, too harshes, corn-cutting knives, irritating ointments. It's applied in 2 seconds—bing—2 drops, the work is done, the corn vanishes—your foot is quite agony-free and the corn leaves forever! All the itching, the pain that dart to your heart's core, the crucifixion of having to wear shoes over searing corns, the danger of blood poison from making them bleed by using knives, razors and scissors—gone with it! "GETS-IT!" is the new way, the sure, simple, painless way. Ask it for corns, calluses, warts and bunions. "GETS-IT!" is sold by druggists everywhere. See a bottle, or send direct by E. Lawrence & Co., Chicago. Sold in Murray and recommended as the world's best corn cure by Dr. P. Weir.

Trigg for Roads.

If Trigg county could get up some plan to raise \$12,000 to be spent on our public roads during the present year, a fund of more than \$10,000 would be contributed from the state, fund out of the taxes to be paid into same from other counties. Under the new law requiring a fund to be levied for and collection to go into the state road fund, there will be paid by Trigg county this year about \$1,800 into that fund.

Under this state of case, it is up to our county officials and the fiscal court to get in touch with the people and discuss the matter with them, and to do the best thing for the county.

For the purpose of considering this question and for the consideration of the road question generally, Judge Hooks has called the fiscal court to meet in Cadiz on Tuesday, February 23.—Cadiz Record.

Caldwell Will Vote on Bond.

Princeton, Ky., Feb. 16—County Judge Smith has called an election for Saturday, April 3, next, for the purpose of voting bonds for the construction of pikes in this county. Judge Smith acted pursuant to a petition previously filed before him. One of the largest crowds ever gathered here was addressed Monday afternoon by State Road Commissioner R. C. Terrell and others. Good roads sentiment is developing rapidly.

Everybody is Doing It.

Henderson county may ask the state road commissioners for her proportionate part of the state road fund, to be used in the building and maintaining of earthen roads in the county. A call has been issued by County Judge Young for a special meeting of the fiscal court to be held at the court house in the city of Henderson on next Tuesday, February 16, at which time the question will be passed upon.

Court Votes \$6,000.

Columbia, Ky., Feb. 15—Adair fiscal court voted to appropriate \$6,000 for use in building better roads in the county and, in accordance with the new road law, state aid will be applied for, increasing the total to \$12,000. This amount will be spent on Adair county roads this year.

Almost Solid in Bell.

The vote in Bell county with practically all precincts in, on the proposition to issue \$250,000 in bonds for the construction of roads, was 3,178 for and only 87 against the issue.

How to Prevent Bilious Attacks.

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail, you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be ward off. For sale by all dealers.

Institute Well Attended.

The seventeenth annual convention of the Murray Baptist Institute which was convened last Sunday morning is being largely attended and a splendid program has been participated in by well known preachers, teachers and laymen. Mr. Scholfield, the choir leader, was not able to attend.

Shoppell Gets Plans.

Benton, Ky., Feb. 13.—Contract for furnishing plans and specifications for Marshall county's new court house has been let to Clifford Shoppell & Co., of Evansville, Ind. Contract for the building of the court house will be let as soon as the drawings are completed.

For Half a Century

WOOD'S FEVER PILLS have stood the test as the best remedy for Chills and Fever and all Bilious and Malarial Diseases. Once tried always used. Sold by your druggist.

SYMPTOMS

Slight Symptoms Sometimes Presage Serious Results.

Do you feel tired have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very banly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV-VER-LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV-VER-LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by druggists.

The Advance in Ocean Freight Rates.

Washington, Feb. 15.—Senator James today introduced in the Senate a clipping from Saturday's newspaper relative to prohibitory export rates on tobacco and the discussion of the need of ships to transport American tobacco abroad by the Planters Protective Association of Tennessee and Kentucky in convention at Nashville. The article called attention to the fact that the rate on tobacco has grown from 32 cents per 100 pounds to \$3.50, and that shipping facilities are almost unobtainable at any price.

Colds Are Often Most Serious. — Stop Possible Complications.

The disregard of a Cold has often brought many a regret. The fact of Sneezing, Coughing, or a Fever should be warning, enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50c at your Druggist. Buy a bottle today.

For Sale.

A nice clean, small stock of millinery. Will sell cheap if taken at once. Apply to Mrs. B. G. Humphreys, Murray, Ky. 2182

LOCAL and PERSONAL

Judge Shemwell and wife, of Benton, were the guests of her mother, Mrs. Bourland, last Sunday.

Wilson Dowdy, of near Nashville, was in the city and county the past week the guest of his kinsmen, J. T. Wells and brother.

Lost—Folding yellow pocket book containing one \$20, four \$10 and three \$1 bills. Will pay reward for its return. E. G. Holland.

Miss Hilda Williams has returned home from Lexington, Ky., where she has been a student of the State University the past several months.

Mrs. Inez Brown Sale is reported quite ill at Pittsburg, Kas., where she recently went in connection with a lyceum bureau. She is suffering of a severe attack of grip.

Miss Gila Parker left the past week for Cincinnati and Nashville where she will spend some time studying the new things in millinery. She will be located in Fayetteville, Tenn., again this season.

C. A. Bishop was called to Sturgis, Ky., Monday by the death of his brother, J. W. Bishop. Deceased was about 52 years of age and was a man of family. His death was caused by consumption.

Mrs. Porter Kemp was received at the Murray Surgical Hospital Wednesday of this week where she underwent a very difficult operation for abdominal trouble. Her many friends hope that she will speedily be restored to health.

Mr. Jas. Housden, one of the well known men of the southeast section of the county, died Monday night of this week at the age of about 65 years. He is survived by a wife and several children. Mr. Housden was a good citizen and his death is much regretted by a large circle of friends and relatives.

You can find my frost proof cabbage plants at Parker & Perdue. T. E. Hale.

Better see us if you want good early cabbage plants. Parker & Perdue.

Buster Brown and Tige will be at Hale's store next Monday. Bring all the children to see them.

A son was born to Joe Ryan and wife last Sunday morning. Joe now boasts four boys at his home.

S. H. Dees left the first of the week for Missouri where he will spend ten days or two weeks the guest of his sister.

Little Bertha Ray, of Hazel, is a patient at the hospital where she is undergoing treatment for tuberculosis of the hip joint.

The infant of Jim Wilson and wife, of the New Providence section of the county, died Monday of this week of stomach trouble.

The Ledger has quite a large supply of government garden seed for distribution among persons who will come to this office for them.

Mrs. W. C. Waters, of Union City, has been the guest of her father, Mr. Dyer Schroeder, and other relatives of this place for the past few days.

Mrs. I. L. Barnett and grandson, Master Sam Yongue, left the past week for New Orleans, where they will be the guests of Dr. Sam Yongue and wife for some time.

Buel Parker, the 16 year old son of Craig Parker, of near Cherry, was brought to the Murray Surgical Hospital last Saturday where he was operated upon for an abscess caused from a diseased appendix. The young man is reported as improving at this time.

Miss Frankie Tucker, a splendid young girl living a few miles east of the city and a daughter of Polk Tucker and wife, died Wednesday of this week of consumption. She was about 16 years of age and a very popular favorite in the section where she lived. The burial was in the Miller grave yard.

For croup or sore throat, use Dr. Thomas' Electric Oil. Two sizes, 25c and 50c. All drug stores.

The Almo band will give a concert and box supper Thursday night, Feb. 15th, at Almo. An invitation is extended the public to attend.

Cheap Eating. 6 pounds good Jap rice 25c; large cans tomatoes 15c; small can tomatoes 5c; coal oil now goes at only 10c. Parker & Perdue.

For Sale. Three head of stock one mare 15 years old, two mules 2 years old. W. M. Bryant 3 miles west of Almo, six miles north of Murray. 2188

Rev. J. A. Hassell was called to Memphis, Tenn., the latter part of the past week to conduct the funeral services of the late W. W. Hilderbrand, in that city, and who died at the advanced age of 78 years. He was a member of the church of which Rev. Hassell was formerly pastor.

Bradley Holt is a patient in the Murray Surgical Hospital where he underwent an operation for appendicitis last Sunday. His condition is very satisfactory at this time and his early recovery is predicted. His wife has been dismissed from the same institution where she recently underwent an operation.

Wm. Burton, a very highly respected citizen, died Thursday night of last week at the home of his daughter, Mrs. Alvie Willis, a few miles south of Murray, of the infirmities due to his advanced years. He is survived by numerous relatives and many friends throughout the county. The burial was in the New Providence cemetery.

T. R. Grogan, of the dog creek section of the county, is in receipt of information to the effect that his brother, Jas. Grogan, who lives near McConnell, Ky., was very low of typhoid fever and his recovery very doubtful. Mr. T. R. Grogan left Wednesday to attend the bedside of his brother. Walter Rawls, a son-in-law, died about two weeks ago of typhoid.

The young people's missionary society meets for their practice every Sunday afternoon at 3:30 o'clock in the Methodist church. The choir practice is directed by Prof. Sylvester. Religious services the first Sunday of each month. The combined number of chapters of the bible read by the members for January was 670. All young people, irrespective of church affiliation, between the ages of 14 and 22 are invited and urged to attend. Mrs. O. J. Jennings, Manager.

J. H. Coleman was in Nashville, Tenn., the latter part of the past week taking depositions in the J. H. Gordon will case. While in Nashville some several months ago under treatment for cancer Mr. Gordon decided to make a will before being placed upon the operating table. He survived the operation and returned home and lived until the past January. After his death the will was filed for probate in the county court and to establish the validity of the instrument it was necessary to have the proof of witnesses and this was secured by depositions of the Nashville citizens who witnessed the document.

Local association prizes last week sold quite a number of hogsheads of tobacco at fair prices. Outland Bros. disposed of twenty-three hogsheads of lugs; Winchester & Roberts sixteen hogsheads of lugs and one of leaf, and Farmer Bros. eight hogsheads of lugs. Prices for lugs ranged from \$4.50 to \$6.50. The hogshead of leaf brought \$11. The prizes stated to the Ledger that they had assurance they could dispose of considerable good leaf if they had it on hand at this time. Growers who expect to sell through the association should avail themselves of the first opportunity and deliver their crops.

An entertainment that will amuse and interest both young and old.

Free Souvenirs to Every Boy and Girl.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is a result, and unless the inflammation can be taken out and this tube restored to the normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circular, free.

F. J. CHERNEY & CO., Toledo, O. Take Hall's Family Pills for constipation.

New Mill at Cherry.

We have installed a new grist and feed mill, and will grind every Wednesday and Saturday. Meal and feed for sale. Will pay 95c for good corn. Will appreciate a trial. McAllister & Hendon. 2114

A Chemist's Discovery.

B. A. Thomas, a retired chemist of Kentucky, like all Kentuckians, kept some fine horses. His neighbors noticed that his horses were sleek and shining in the spring before other horses began to shed. He told them of some powders that he fed his horses. He gave them some of it and now B. A. Thomas' Stock Remedy is known all over Kentucky by horsemen and farmers, who take pride in horses or cows or sheep. We sell it on the money back basis. Sexton Bros.

I. T. Crawford, Lynn Grove, Ky., has a registered Holstein bull and he stands at \$1.00. The Holstein is the best all purpose cattle on record. He also has for sale one of his breeding jacks, two nice registered bay stud colts and two spotted Shetland ponies. 2112
