MURRAY, KENTUCKY, THURSDAY, FEBRUARY 25, 1915

\$1.00 PER YEAR

HOUSE WRECKED WITH DYNAMITE

Benton, Ky., Feb. 21. The restaurant of Wm. Barnes, in the very center of town, was blown up with dynamite at an early hour this morning. The force of the explosion was sufficient to wreck the building, one side of which was torn out, also part of one end. Fortunately no one was in or near the building at the time, and no one was hurt. The force of the explosion was terrific and many buildings in the neighborhood were shaken by it, and the window glass in several was shattered.

The building which was wrecked is a frame structure about forty feet long and probably half as wide. It has been occupied by its present tenant for about two weeks, when he opened it as a restaurant. Barnes has been living here for about a year.

There is no clue to the person or persons who placed the dynamite, and their motive is unknown. On a nearby business house tacked by someone was a notice which read, "a warning to bootleggers."

A second attempt was made Tuesday night of this week resulting however in no damage. Benton is very much aroused over the matter and Paris bloodhounds were sent for Wednesday morning.

It Really Does Relieve Rheumatism.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain relieving the hot, tender swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied. But it does give almost instant relief. Buy a bottle today.

Primitive Baptist Minister Dies.

Rev. J. L. B. Darnall, one of the leading citizens of the Linton section and a well-known minister of the Primitive Baptist church, died on Sunday, Feb. 7th, at his home about twelve miles south of Cadiz. He had been ill for about three months, and stomach trouble caused his demise.

Rev. Darnall was a native of Marshall county, where he was born about seventy-one years ago.

ago. He had lived in Trigg for more than twenty years. He was the father of twenty-four children, and had been married twice. His last wife who was the mother of six children, still survives him. She is a daughter of the late Reubin Atkins. He was a regular minister of his church, and preached regularly, going to many neighboring counties during the year, and for many years had been the moderator of the association of his church. He was also a farmer and had always been a hard working man. In keeping with many of his religious faith, he was opposed to prohibition, and voted against it in our county elections, and made speeches in Christian county during the campaign there last fall against prohibition. And while many differed from him on this line, he maintained the respect of all, because the people believed him absolutely honest in his views. He was a Confederate soldier for three years, being a member of Capt. Crit Edwards' Company, Third Kentucky Infantry.—Cadiz Record.

Mayfield Tobacco Sales.

Monday at Mayfield the Smith association loose leaf warehouse offered 50,000 pounds of tobacco for sale. Rejections were about one-third, though bidding was spirited. Prices—Good leaf, \$5.50 to \$8.30; lugs \$2.25 to \$4.30.

Card of Appreciation.

I feel very grateful to many friends for the kindnesses shown my boy and myself during his affliction caused by being shot, and desire to publicly thank my friends from the very bottom of my heart. My son is now able to be up and he joins me in thanks to all.—R. M. Knight.

WILL TAKE UP ROAD MATTER

There will be an adjourned meeting of the Calloway County Fiscal Court held here Friday, at which time the question of applying for state aid for building roads in Calloway county and the submission of a bond issue for a similar purpose will be thoroughly discussed. This information comes to the Ledger from a member of the court, and he stated that every phase of the question that is now attracting the attention of the people of the county would be considered by the court, and if within its legal authority a special election will be ordered and the citizens of the county will be given the opportunity of expressing themselves on the all absorbing question.

The Ledger congratulates the court in advance, and hopes that it will be found that a bond issue of \$200,000 can be submitted to the people for their ratification or rejection, and also sincerely hopes that the court can see its way clear to take advantage of the state aid at least in a sum equal to the amount paid into the state fund by this county.

That the question of improved roads so earnestly championed by the Ledger, is attracting attention throughout the county is evidenced by the following report of mass meetings held the past week at Lynn Grove and Howard school house:

Lynn Grove, Feb. 22.—A mass meeting attended by more than one hundred citizens met at the school house here last Saturday

evening to discuss the road proposition, also one was held at the South Howard school attended by nearly as many citizens for a similar purpose. The argument advanced by Esq. Lee Clark, and published in the Ledger last week was read and generally discussed. Following the discussion a number of splendid talks were made on the subject of improved roads and their value to the entire county. A rising vote was then taken on the question of a bond issue at both meetings and every man present expressed himself in favor of the issue. A committee was appointed at the Lynn Grove meeting to wait upon the fiscal court and urge the matter before this body.

With three or four hundred miles of gravel roads in Calloway built under the supervision of experts furnished us free of cost by the state, and with the interurban railway traversing our county, old Calloway would blossom as a spring rose. If every man in our county was a progressive man can you imagine the result? There is no doubt but that we have one of the best counties in the state and all it needs is development. We are glad to note that the Ledger is ready at all times on all progressive measures to lend its support. I sincerely hope the fiscal court will grasp every opportunity within reach to give us aid in this matter and believe they will.

Yours truly,

C. N. CRAWFORD.

JUDGE J. T. HANBERY ANNOUNCES HIS CANDIDACY FOR RE-ELECTION

The formal announcement of Judge J. T. Hanbery, of Hopkinsville, as a candidate to succeed himself appears in this issue of the Ledger, together with a card issued to the voters of the district. After a service of over four years in this district Judge Hanbery has proven his ability as one of the ablest lawyers of the state, a judge of rare ability and one of the most

popular men ever elevated to a similar position. The confidence reposed in him by the voters of the Third judicial district in his first election is more firmly fixed in the minds of the people, and it is now agreed that he will be nominated and re-elected without opposition. This is a splendid compliment and well deserved. His card to the voters follows:

To the voters of the Third Judicial District of Kentucky: Six years ago when I asked you to elect me to the office of

minister the affairs of that high office in such a way that justice would be done alike both to rich and poor, looking only to the law as my guide.

In your generous response to that request you made me the nominee of the democratic party and in November, 1909, you elected me to that office by a majority which was almost twice as large as that given to any previous candidate for the same office, all of which overwhelmed me with such a debt of gratitude that, labor with what zeal I may, I can never repay that debt.

But as a credit against that great indebtedness I beg to submit that in the administration of the affairs of that office I have given you the best efforts of my life, and if those efforts have succeeded I am proud of the success, but if they have failed, I have the consolation of knowing that I have done my best. However, this question of success or failure I submit to you for your decision.

I now announce my candidacy for a second term for the office of Judge of the Third circuit court district of Kentucky, subject to the action of the democratic party; and in the event of my nomination and election, I pledge you a continuation of my past efforts to administer justice alike to all people, regardless of color, social position, wealth or party affiliation.

Again I thank you for your past support, and ask all persons who affiliate with the democratic party for their support at the August primary; and if I am the nominee of that party I ask and beg the support of all the voters at the general election to be held in November, 1915.

Most respectfully yours,

J. T. HANBERY.

Colds and Croup in Children.

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and never tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup, and it has never failed to give relief." For sale by all dealers.

Washington Awakes.

Springfield, Ky., Feb. 22.—At a meeting here of the Washington county fiscal court it was resolved to work about sixty miles of the pikes of the county, for which state aid is to be asked. The roads selected are those leading from the county seat to other county seats and are those traveled most. It was also decided by the court to buy another road roller, this making the third which has been bought within the last year. Washington county has a large turnpike mileage and the heavy hauling of tobacco over the roads during the winter season makes them hard to keep and the road question is a big one for this county.

Burton Case Dismissed.

Mayfield, Ky., Feb. 23.—The charge against E. G. Burton, a local photographer, for taking a picture of the body of Tom Tinker while the body was hanging from a tree last week in the court house yard, was dismissed in quarterly court last Wednesday morning with the agreement that Mr. Burton would publish a card explanatory of the act and that he would destroy the plate and sell no pictures of the body of Tinker.

BAILEY JEWELRY STORE ROBBED.

The jewelry store of H. B. Bailey, on the east side of the square, formerly the Higgins store, was robbed last Saturday night and merchandise to the amount of several hundred dollars stolen. Entrance was effected through a rear window by prizing the iron bars apart over same and raising the window.

Owing to the number and varied kind of articles stolen, embracing watches, bracelets, toilet sets, rings, etc., it is not possible to know just what the total loss will reach, but the above estimate is approximately correct.

The theft was not discovered until late Sunday afternoon when Mr. Bailey entered his store and missed a number of articles from the show cases. The police were immediately notified and the fact was made known to the authorities in Paducah, Paris and Mayfield.

The depot and J. D. McLeod's store, at Hazel, were also robbed Sunday night by thieves. Nothing was stolen from the depot and Mr. McLeod is not able to say how much was stolen from his place of business.

Thief Captured and Goods Recovered.

The thief who entered the Bailey store, of this city, the Hazel depot and McLeod's store and also a store at Puryear, was arrested Tuesday afternoon by Henry county officials near Puryear and carried to Paris where he was lodged in jail. Mr. Bailey went to Puryear Tuesday afternoon where he recovered most of the goods stolen from his store.

The thief gave his name as Smith and stated he was from Memphis, and that he was a member of a gang of seven who had been operating throughout Western Kentucky and Tennessee for some time. The general opinion of those who saw the man is that he is mentally unbalanced.

Muhlenburg Not a Male.

A special from Greenville to the Courier-Journal says.

"The Muhlenburg fiscal court, which was in session this week, by unanimous vote, agreed to appropriate \$6,000 for the building this year of macadam roads on the state aid plan. They stipulate that the money that they appropriate shall be used on the roads leading to the county seat, whose citizens shall subscribe to a fund for the same purpose, and they promise to have the road built on the routes which shall furnish the most money by public subscriptions to that end. The object of this action is to get the citizens and taxpayers themselves interested in macadam roads."

SAN FRANCISCO FAIR IS OPENED

PRESIDENT'S REPRESENTATIVE, SECRETARY LANE, MAKES ADDRESS.

PRESIDENT PUSHES THE KEY

All Records For First Day Attendance Are Broken—Flags of All Nations On Poles—Dedictory Ceremonies Simple.

Washington, D. C.—President Wilson pushed a telegraph key, giving an electric signal which formally opened the Panama-Pacific Exposition at San Francisco.

The flash was conveyed from the White House to San Francisco both over telegraph lines and by wireless.

San Francisco.—All records for exposition first day attendance were broken at the opening of the exposition. At 4 p. m. the turnstiles had clicked off 225,000 admissions, and it was expected the total would reach more than 300,000. The previous record was at the opening day of the St. Louis World's Fair (176,453) in 1904.

The crowd was a spectacle in itself. It filled the grand stands, it poured through the aisles, it overflowed from the sidewalks into the personal from the hills to the bay.

At the president's personal envoy, Secretary Lane was heard with the closest attention. In the more solemn passages of his oration the vibration of his voice stirred the audience in sympathy, and there were tears in many eyes as he pointed to the "splendid, dauntless, plodding figure standing beside two oxen, looking down upon the court of the nations, where east and west come face to face."

That figure was the American pioneer. His sufferings and triumphs were the orator's theme. This exposition was his house in which should be taught the gospel of an advancing democracy, strong, vibrant, confident, conquering. Without him there had been no exposition, no San Francisco.

Flags of all the nations rose on manifold poles and pinnacles. Signal bombs were detonated from towers. An aeroplane circled about the Tower of Jewels, scattering doves of peace. The doors of the Palace of Machinery swung open and the exhibits within were seen in motion.

The dedicatory ceremonies were made as simple and short as possible. The citizens, headed by Gov. Hiram W. Johnson and Mayor Rolph, representing the state and the city, were welcomed to the grounds by the officers and directors of the exposition and federal officials. Addresses were delivered by President C. C. More of the exposition, Dr. Frederick J. V. Skiff, director-in-chief; Gov. Johnson and Secretary Lane.

INDIANS ON THE WARPATH

Surround Town of Bluff and Massacre Is Feared.

Grayson, Utah.—The man hunt of United States Marshal Nebeker of Salt Lake City and his force of deputies for the Ne Gai, head of a band of Plute Indian outlaws, culminated in a bloody battle outside the town of Bluff, in the extreme southeast corner of Utah, on the San Juan river.

The outcome of the battle is unknown, for the Indians, re-enforced by half a hundred supposedly peaceable members of their tribe, cut the telephone wires, the only means of communication.

Just before the wires were cut it was reported that two Indians had been killed and six taken prisoners and that one white man had lost his life and two had been seriously wounded. Then came word that another force of Indians, under a chief named Cosay, had crept up from the rear and had surrounded the town of Bluff, and that this Ne Gai had sent word to Marshal Nebeker that he and his men would fight to the death, expected no quarter and would give none.

The last word that came over the wire was that the Indians were surrounding the town of Bluff and that a general massacre was feared. It was also feared that the turning of the attack on the Indians from the deputies onto the town indicated that every man of Marshal Nebeker's force had been killed.

Ex-Officials Are Liable.—Montgomery, Ala.—C. Brooks Smith, former state auditor, and John Purifoy, former state treasurer, are held jointly and individually responsible for more than \$40,000 alleged to have been paid out for special counsel fees during their terms of office, according to a report filed with Gov. Henderson.

WOULD PROTECT NEUTRALS

Great Britain Will Take Retaliatory Measures Against German Submarines.

Washington.—Great Britain's second and complete reply to the American note of protest, which on Dec. 28 last asked for an early improvement in the treatment of American commerce by the British fleet, was made public by mutual agreement between the state department and the British foreign office.

The note, addressed to Ambassador Page by Sir Edward Grey, under date of Feb. 10, denies that the depression in American industries is due to the activity of the British fleet, and suggests, among other causes, the shortage of shipping facilities, the consequent diminution of cotton trade and the destruction by submarine mines, "laid by the enemy indiscriminately," of many neutral vessels.

After giving a lengthy and detailed answer to the charge that American ships and cargoes were being unduly detained, the communication contains in its concluding paragraph the announcement that Great Britain intends to take retaliatory measures against the German submarine campaign on enemy ships, but does not reveal their nature.

Conceding that foodstuffs intended for the civil population of a country are not contraband, the British government points out that "in any country in which there exists such tremendous organization for war as now obtains in Germany, there is no clear division between those whom the government is responsible for feeding and those whom it is not."

"It will be our endeavor," says the final paragraph, "to avoid injury and loss to neutrals but the announcement by the German government of their intention to sink merchant vessels and their cargoes without verification of their nationality or character and without making any provision for the safety of non-combatant crews or giving them a chance of saving their lives has made it necessary for his majesty's government to consider what measures they should adopt to protect their interests. It is impossible for one belligerent to depart from rules and precedents and for the other to remain bound by them."

RUSSIANS TAKE HEIGHTS

Attacks With the Bayonet Mark the Fighting in the Eastern War Theater.

Petrograd.—The following official communication was issued: "The Russian troops in the region of Augustowo are leaving the sphere of fighting."

"Near Czernowitza the road to Homja, an action is developing. "On the Donajec river (Galicia) front intense firing is going on."

"The attempts of the Austrians to approach our works on the left bank of the river near Otmizoff broke down. "In the Carpathians in the region of Kasslonka and northwest of Stropka we repulsed a series of hostile attacks. Our troops by a dashing bayonet attack captured the height north of Voliamshkoff. On the 17th our battalions captured in the region of Zavadok a small fortification and killed all the Germans defending it. German counter-attacks in massed formation were all repulsed with heavy losses."

"In the Wyszkow region, where sanguinary fighting continues, we have taken over 2,000 prisoners and six machine guns."

TWO SHIPS ARE TORPEDOED

French Victim of Submarine Towed Into Port of Dieppe, Following Attack.

Dieppe, France, via Paris.—A German submarine torpedoed without warning, the French steamer Dinorah, from Havre for Dunkirk, at a point 16 miles off Dieppe.

The Dinorah did not sink, but was towed into Dieppe. No mention is made of the loss of any of her crew. A plate on the port side of the steamer below the water line was stove in by the torpedo. She managed to keep afloat by hard pumping. Word of the occurrence was taken to Dieppe by fishing boats and assistance for the Dinorah was promptly sent out. Her cargo will be discharged here.

Attorneys File Appeal

Washington.—Attorneys for Leo M. Frank, sentenced to death for the murder of Mary Phagan, the Atlanta factory girl, filed in the supreme court briefs in a habeas corpus proceeding. They contend the trial court lost jurisdiction by abdicating its functions from fear of mob violence and by arranging for Frank to remain out of court when the verdict was announced.

New Orleans.—Anthony Falscher, the original Falscher, was adjudged bankrupt on his own petition in the United States district court.

AMERICAN COTTON STEAMER IS SUNK

FIRST AMERICAN VESSEL TO MEET WITH DISASTER AS RESULT OF EUROPEAN WAR.

HAD CARGO FOR BREMEN

The Evelyn Did Not Go Down in the War Zone Proclaimed in German Admiralty's Decree.

Bremen, via London.—The American steamer Evelyn, which sailed from New York Jan. 29 with a cotton cargo for Bremen, was sunk by a mine off Borkum Island, in the North Sea.

The vessel's captain and 27 of her crew were saved.

The nationality of the mine which destroyed the Evelyn has not been established. The Evelyn is the first American vessel to meet with disaster as a result of the sea warfare of the European nations. She did not sink within the war zone included in the German admiralty's decree. Borkum Island lies directly off the German coast, at the mouth of Ems river, and is German territory.

Warfare records give the complement of the Evelyn at 27 men, so that it is probable that all on board the vessel were rescued.

The Evelyn was a single screw steel steamship and was commanded by Capt. Smith. She was built in Southampton, England, in 1883. Her home port was Philadelphia.

The Evelyn was last reported as arriving at Rotterdam on Feb. 17.

London.—The first serious attack by the British and French Mediterranean fleets, assisted by aeroplanes and sea planes, on the Dardanelle forts met with considerable success, according to the British official account and unofficial accounts received at Athens from the island of Tenedos, at the entrance to the straits.

The Turkish official report stated that no damage had been done to the forts and the casualties of the defenders consisted of one killed and one wounded; that three of the warships were damaged by shots from forts.

The British reports said the forts on the European side of the straits were silenced; that only one of the forts on the Asiatic side continued firing, while none of the warships had been damaged. The Greek accounts said that the Asiatic forts were silenced, but no official report of this bombardment has been issued by the admiralty.

The bombardment was one of the most serious, in the opinion of naval experts. No less than eight battleships and armored cruisers took part. These warships having a total of 30 12-inch and six 16-inch guns, outgunned the guns of the forts.

RUSSIANS FIGHT IS GAME

Vienna Says Fierce Contest Is Being Waged Around the Carpathians.

Vienna, via London.—The following official communication has been issued: "On the Russian-Polish front there was more activity, the Russians increasing their artillery and infantry fire with a view of concealing movements behind their fighting line. In several sections actions developed and advanced Russian parties were repelled."

"In West Galicia our troops took some advanced positions of the enemy's line. The Tyrolische Kaiserjaeger stormed a fortified village and captured 300 men."

"In the Carpathians stubborn fighting continues. North of Nadworna and Kolomea we repulsed Russian attacks, inflicting great losses. The enemy's fighting is increasing in violence."

"In the southern theater the Serbians lately repeatedly have bombarded open towns on our frontier. On Feb. 10, 100 shells from heavy guns were fired on Somlia. Several buildings were damaged and a civilian was wounded and two children killed. On the 17th Mitrovica was shelled, whereupon the commander of our forces ordered a short bombardment of Belgrade with heavy guns. Representatives were sent to inform the Serbian commander that every bombardment by the Serbians hereafter will be answered by an Austrian reply."

Cincinnati.—Ohio counties generally are waking up to the possibilities of highway improvement under the Ohio highway law and are petitioning for state aid for the improvement of their roads.

TO CARRY NO WAR SUPPLIES

Germany Advises United States to Guard Merchant Ships With War Vessels.

Berlin, via London.—Germany's reply to the protest of the United States against designation of a naval war zone about the British Isles is couched in the most friendly terms, but firmly maintains the position of Germany as already announced.

The German note recommends that the United States send warships to England to convey merchant vessels through the danger zone as a security against attack, with the understanding that vessels thus guarded shall carry no war supplies.

The note, which has been transmitted to Washington through the American embassy, explains that Germany's action was made necessary by Great Britain's policy of attempting to cut off the food supply of the German civil population by a method never recognized in international law.

England's course in ordering merchantmen to fly neutral flags, equipping them with artillery and ordering them to destroy submarines, Germany contends, renders nugatory the right to attack English shipping. Germany holds that she cannot abandon that right under the stress England has forced upon her.

Germany argues that since she must compel her enemies to return to the recognized principles of international law and restore the freedom of the seas, the stand she has taken is necessary. Hope is expressed that the American government will understand the position in which Germany has been placed and appreciate the reasons for her course.

The reply closes with expression of the hope that the United States may prevail upon Great Britain "to return to the principles of international law recognized prior to the outbreak of the war" and is particularly obtain observance of the declaration of London. If this were done, the note explains, Germany would be able to import food supplies and raw materials. Germany would recognize in this, says the reply, an invaluable service toward a more human conduct of the war and would act in accordance with the new situation thus created.

Warning Regarded as Final

Washington.—The United States will make no reply to either the British or German notes regarding the use of the American flag on foreign vessels and the dangers to neutral shipping in the naval war zone about the British Isles, but will stand firmly on its warning against destruction of American lives or vessels.

The communication from England was not regarded as altering the original warning of the United States against the measure of responsibility which would seem to be imposed on England if any American vessels or lives were lost as a result of such general practice, although the denial of the neutral esign was reassuring to officials.

INTEREST ABOVE FIGHTING

Waters Surrounding Coasts of the United Kingdom Now a War Zone.

London.—The waters surrounding the coasts of the United Kingdom are now, so far as lies within the power of Germany to make them, a war zone, which all vessels, neutral or otherwise, will penetrate at their peril.

Some of the services across the channel probably will be curtailed, but a majority of the neutral shipping lines will accept the risk and continue their sailings.

The names and nationality of the vessels and the flags of their nations will be painted on their sides in the hope that German submarines will not sink them by mistake.

England's announcement of details of her proposed retaliatory policy, by which she plans to shut off the German food supply from the outside, is expected, and apparently there is not the slightest prospect that England will accept the German proposal to call off the blockade if England will relax naval pressure on shipping.

It is not expected that there will be any immediate and widespread activity by the German submarines, but the developments regarding neutral ships should bring to a head one of the most interesting and threatening situations of the war.

It is believed a recurrence of the general German offensive in the west depends largely on the outcome of the present eastern situation. Opinion here is divided whether the Germans are planning a great invasion of Russia or simply trying to free Austrian territory of hostile forces and make secure their lines in Central and Northern Poland.

Blast Ruins Plant

Paris.—An explosion badly damaged the Chadoe explosive factory at Albert, where government chemists are making experiments. Several men were hurt.

Repeal Spanish War Tax

Washington.—Repeal of the old Spanish war tax on mixed corn and wheat flour is being advocated in Congress as one means of increasing the breadstuff supply, checking increasing prices. The ways and means committee will consider a bill for that purpose.

Had Tooth In Eye

Santa Paula, Cal.—A surgical operation was necessary to remove from Dr. G. L. Richards's eye a portion of a patient's tooth.

SOON TO BE NORMAL

Business Conditions Are Showing Steady Improvement.

Progress Being Made in Almost All Directions Is Noticeable—Better Times May Well Be Looked for Week by Week.

The improved business situation, and especially improvement in the steel industry as compared with conditions a few weeks ago, is cheering to the whole country.

A few prophets of good times were expecting the new era of prosperity to come with a rush, remarks the Birmingham (Ala.) Age-Herald. The more conservative and far-seeing leaders of the business world, however, have been saying that there would be an improvement with the beginning of this year 1915, but that it was not reasonable to think there would be complete business recovery before the middle or the latter part of the year. Yet the steady progress that is now being made in many directions makes it safe to assume that in the industrial field, at least, conditions will become normal by spring. Here in the Birmingham district industrial operations are probably 20 to 25 per cent nearer capacity than was the case two months ago.

In the speculative markets much depends on the government crop reports during the next few months. Last year's wheat crop was the largest ever produced in this country, but the acreage of winter wheat has been still further increased, and the probability is that a new high record will be reached in the next harvest. The South, weather conditions permitting, will raise larger crops of food products than ever before, and the limited cotton production will insure good prices for several million bales of the old crop left over. The grain market has been soaring. The stock market and the cotton market are upward in tendency and will continue upward until old time levels are approached.

This year has started out well, indeed, and as there is every promise that the business situation will improve week by week throughout the twelvemonth, the optimist may well revel in his rosiest prognostications.

Democratic Party and Business

"My Republican friends are looking hopefully to 1916, but I think it a safe bet that the Democratic party will be continued in power," said Maurice Hecker, manufacturer, of Rochester, N. Y.

"The Republicans are trying to lay some of the blame for bad business last fall on the Democratic party, but that is not fair, and it will not work. This country was headed for prosperity when the European war broke out and gave the entire business world an awful shock. There was a sharp recession in American business, but we are gradually recovering from it, and by the spring prosperity will be felt in all parts of the country, as it is now in the West."

"We will have a great deal of prosperity between now and 1916, and the Republican calamity howler will then be making himself ridiculous if he tries to howl for party purposes."

Is Any Tax "Popular?"

In a recent editorial the Washington Post says that "the most unpopular and therefore the most unsatisfactory tax imposed by the government is that levied upon personal incomes." It should like to have the Post name one single tax that is "popular." Unless it can do so, we must conclude that the fact that the income tax is "unpopular" is no proof whatever that it is "unsatisfactory." Long ago Napoleon Bonaparte, a statesman of some slight intellectual capacity, said that the income tax was the best tax imaginable, since all people grumbled about it, which was the best possible proof that they paid it.

Prosperity Ahead

Ample currency supplies, large foreign purchases, prosperity in the agricultural districts, increased purchasing power among three-fourths of the people of the United States is a guarantee of manufacturing activity and of larger and more profitable business to our merchants.

Throughout the Union the times will be better, and the dullness of trade locally will be a thing of the past by the opening of the new year.

True American Policy

The country is theirs. The government is theirs. The liberty, if they can get it, and godspeed them in getting it, is theirs. And so far as my influence goes while I am president nobody shall interfere with them.—President Wilson at Indianapolis.

Unfair to Blame Tariff

If the lessened treasury balance had resulted from increased imports the friends of the Underwood tariff would be put on the defensive. But there is no tariff theory ever framed that explains how to preserve a favorable trade balance when a nation's customers abroad are curtailing purchases by hundreds of millions in a single year. It is easy to call the war tax "a deficit tax." But to prove it you must first catch your deficit. We commend this primary necessity to our not overcareful contemporaries.

BILIOUS, HEADACHY, SICK "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes constipation and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your liver clear, stomach sweet and your liver and bowels regular for months. Adv.

Ignorance Was Bliss

A raid had been made on a negro gambling house and a dozen inmates arrested. In police court the next morning each of the accused was heard in turn. The last in the row was a large, scared-looking negro.

"Well," asked the judge, "what do you know about this case?"

"Who? Me?" asked the negro. "Yes, you."

"Well, I just tell yo'. All I knows about dis case is dat I was dar!"—Green Bag.

MEAT CLOGS KIDNEYS THEN YOUR BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You—Drink Lots of Water.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clear and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

BOY SCOUTS DECORATED BY PRESIDENT WILSON

These six Boy Scouts were photographed just after President Wilson had decorated five of them with the eagle medal, the highest Boy Scout order, and the sixth with a medal of honor for heroism. GETTING MORMON CONVERTS IN BROOKLYN

Two pretty girls have been lately going about the Ridgewood section of Brooklyn, canvassing from door to door for converts to the Mormon church. The girls are Miss Gertrude Phelps of Salt Lake City (left) and Miss Edna Crowther of Mesa, Ariz. (right). They call at a home, make friends with the woman of the house, call a few days later and begin talking Mormonism. At the third visit the prospect is usually very receptive and the girls tell of the "great benefits offered by the Mormon church," what it has accomplished and expects to accomplish. A day or so later an elder of the church calls and tries to make the conversion complete.

MISS ADELE LEUVILLE

When the Lafayette kits were sent over to the French army one of the cards giving the names of contributors was that of Miss Adele Leuville. Her kit was received by Maurice Dubois of the Sixth French cavalry, who wrote to the Lafayette fund managers that he went to school with a girl of that name seventeen years ago in Nancy, France. Inquiry proved it was the same Adele, and now she has gone over to help nurse the wounded Frenchmen—and to see Maurice.

Her Comment.
"Hoggs—I see Professor Pupin says the telephone will be improved so rapidly that pretty soon a New Yorker can take down the receiver in his apartment and talk with his daughter in Paris or his brother in London."

That means, I suppose, that he wouldn't care to talk to his wife or mother where she was!—Cleveland Plain Dealer.

PROCESS OF STEWING

REGULATION OF HEAT IS THE MAIN CONSIDERATION.

On That Account It Is Best to Use Gas, When Possible—Glazed Earthenware Jar Should Be Receptacle Employed.

Stewing is a method of food preparation that approaches the soup-making process. It is to some extent a procedure that occupies a middle position between boiling and baking; the latter is often called "stewing." In stewing, the cook's endeavor should be to extract from the meat its nutritive juices, and then to employ these juices, suitably treated, to finish cooking the remainder of the meat. For successful stewing, the most important point is the power of regulating the heat at which the operation is conducted. In order to stew successfully the heat must be absolutely under the cook's control. The up-to-date cook, therefore, prefers gas for stewing purposes on account of the perfect control that can be exercised over the temperature.

For successful stewing, meat should be divided into small portions for the easy extraction of the juices. Where bones exist, these should be broken into small pieces, and form an under layer in the stewing vessel. The meat and bones ought always to be placed in cold water and the water should cover everything in the pan or jar. The lid or cover should be carefully secured, and the temperature must be gradually raised to a steady heat, which, of course, is below boiling. As the extraction of the meat juices then proceeds, and when vegetables are to be added to the stew they are placed in the vessel at a later stage. Boiling and stewing are by no means the same process. The proper temperature for stewing is about 180 degrees Fahr. As almost everybody knows, the boiling point is 212 Fahr.

A glazed earthenware jar with a tight-fitting cover is most useful for stewing meat, or for making soups. If it has no cover, one should be constructed by fitting a plate or saucer on top of the jar and brown paper should then be tied over it. A jar with a cover saves this trouble, and is, therefore, worth the extra expense. Earthenware or stone jars are very easily kept clean, and food does not spoil when left in them, as it may do if left in a metal pan. They can be placed on the top of the stove or in the oven when it is necessary to reheat the food contained in them, or if placed in a pan of boiling water the contents of the jar will cook slowly without attention from the cook. A meat stew can be served in the jar in which it has been cooked, if it is neither too large nor too high. It must, of course, be wiped dry and a napkin may be neatly folded around it. By this process the great advantage of a very hot dinner may be obtained in the coldest weather, even when the whole family does not reach the home at exactly the same hour, as a stone or earthenware jar, having been thoroughly heated, will retain the heat for some time.—American Cookery.

Lobster Cutlets.
Melt one tablespoonful of butter, add two tablespoonfuls of flour and cook thoroughly. Add one cupful of boiling water and cook until thick, stirring constantly. Add two cupfuls of chopped lobster meat. Season with salt, paprika, lemon juice and minced parsley. Take from the fire, add the beaten yolk of an egg and cool. Shape into cutlets, dip into egg and crumbs and fry in deep fat. Stick a lobster claw into the small end of each cutlet.

Bean Pot Roast.
Take one pound of beef, a cheap cut is just as good if it is free from veins. Cut in pieces about an inch square. Put in all the fat, too. Put in a bean pot, just cover with water and put in the oven. As water boils away add a little more. When about half done, add a little salt. When ready to serve take from oven and put it in the spider. Thicken with a little flour mixed with water. The gravy is a rich brown.

Creamed Sardines.
Remove skins and bones from two boxes of sardines, then add four finely chopped hard-boiled eggs, five tablespoonfuls of bread crumbs, two tablespoonfuls of melted butter, one and one-fourth cupfuls of milk, one-half teaspoonful of salt, big dash of red pepper. Heat this mixture to a boiling point, then pour it over four slices of buttered toast.

Fried Cabbage.
Shave very thin enough cabbage to fill a quart measure. Put in granite steppan, sprinkle with salt and pour on two cupfuls boiling water. Cook rapidly until water has evaporated. Then add two tablespoonfuls milk, one of butter, a dash of pepper and fry brown.

Raw Carrots.
Take nice, fresh, crisp carrots, scrape and put through a food chopper, using the coarse knife. Mix each pint of carrots add two tablespoonfuls melted butter, one teaspoonful sugar and salt to taste. Serve on lettuce leaves.

When Washing Overalls.
All the paint marks can be removed from overalls by letting them soak for a day in turpentine.

French Market Coffee

The Wonderful Old Secret Blend

is best for this climate

IN the coffee growing countries, good coffee, roasted like French Market Coffee, is regarded as a necessity, a healthful stimulant to aid digestion. Hot climates create a desire for stimulants, and the one great healthful, stimulating drink is coffee, not the ordinary roasts of coffee, but the rich roasts which contain no heavy oils, and though superbly stimulating, will not irritate the most tender stomach.

That Cured Him.

"You should have seen the way Wurfles moaned over his petty ailments. He was one of those chaps who were always bewailing their ill state of health, when all that is really the matter with them is the need of a little lecturing. 'Oh, my chest, doctor!' he wailed to his physician one evening. 'My lungs feel so compressed. Some people tell me to inhale sulphur fumes. Others recommend a seaside holiday. What would you advise me to do?' 'Try fresh air,' said the doctor shortly. 'Five dollars, please.'"

No Task for Tyros.

One of the men at the front has told us how he tried to milk a cow—with out the expected result. This is not an easy task for an unpracticed hand. Leslie Stephen was once on a long tramp in Switzerland, accompanied by his friend, Doctor Morgan. They missed their way and found themselves, parched and hungry, far from any dwelling place. At length they came across a cow, from whom they determined to extract some nourishment, each holding on to her horns in turn, they had to abandon all hopes of milk. This, remarks Doctor Morgan, is "one of the very few occasions on which I ever saw Stephen fairly thwarted."

THE DOCTOR'S WIFE Agrees With Him About Food.

A trained nurse says: "In the practice of my profession I have found so many points in favor of Grape-Nuts food that I unhesitatingly recommend it to all my patients."

"It is delicate and pleasing to the palate (an essential in food for the sick) and can be adapted to all ages, being softened with milk or cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and abutment water very nourishing and refreshing. This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice for flavoring. This affords a great deal of nourishment that even the weakest stomach can assimilate without any distress."

"My husband is a physician and he uses Grape-Nuts himself and orders it many times for his patients."

"Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for anyone well or sick."

"In stomach trouble, nervous prostration, etc., a 10-day trial of Grape-Nuts will usually work wonders toward nourishing and rebuilding and in this way and the health is regained."

GRANDMA USED SAGE TEA TO DARKEN HER GRAY HAIR

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss, Thickness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of the famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Adv.

ANNOUNCEMENTS.

For Commonwealths Attorney

We are authorized to announce HON. JAMES H. ALLENSWORTH, of HOPKINSVILLE, KY., as a candidate for the Democratic nomination for Commonwealth's Attorney of the Third Judicial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

We are authorized to announce HON. DENNY P. SMITH, of CAPEL, KY., as a candidate for the Democratic nomination for Commonwealth's Attorney of the Third Judicial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

For State Senator.

We are authorized to announce HON. SELDON R. GLENN, of EDDYVILLE, KY., as a candidate for the Democratic nomination for State Senator from the Third Senatorial District of Kentucky, subject to the action of the Democratic primary, August, 1915.

For Circuit Court Clerk.

We are authorized to announce T. C. (CONNIE) NIX, as a candidate for the Democratic nomination for Clerk of the Circuit Court of Calloway county, subject to the action of the Democratic primary, August, 1915.

We are authorized to announce COLUMBUS W. ADAMS, as a candidate for the Democratic nomination for clerk of the circuit court of Calloway county, subject to the action of the Democratic primary, August, 1915.

For Circuit Judge.

We are authorized to announce HON. J. T. HANBERRY, of HOPKINSVILLE, KY., as a candidate for the Democratic nomination for judge of the Third circuit court district of Kentucky, subject to the action of the Democratic primary, August, 1915.

For Representative.

We are authorized to announce T. RAPE JONES, as a candidate for the Democratic nomination for representative from Calloway county, subject to the action of the Democratic primary, August, 1915.

WE ARE THE LOSERS.

The Louisville Times in commenting upon a recent editorial in the Ledger touching the road question very pertinently remarks:

"The argument of the Ledger may not appeal to the intelligent consideration of the fiscal court of Calloway county. If it does not, then Calloway county should set to work to provide itself with a fiscal court whose intelligent consideration can be appealed to. The law granting state aid and imposing state supervision is here and here to stay. More than fifty counties have already taken advantage of it. Others are following suit at a rate which will bring the total up to seventy or seventy-five when the books are closed March 4. The county that stays out, is spending its money to build roads in other counties. The county that gets in, will get its roads built, under state supervision, at half cost; under the 'half-way plan,' which is approved by the law, at one-fourth cost to the county, property owners along the road putting up one-fourth, and the state one half.

"If the fiscal court of Calloway feels that the people of other counties are more in need of good roads than are their people and is willing to contribute Calloway's money to road building in Bell or Mercer, that is its privilege. In exercising that privilege it foregoes the advantage of building good roads in Calloway at from one-half to one-fourth the present cost of bad roads.

"There is no longer need for a general appeal to the counties to

avail themselves of state aid. That appeal has already been answered. The question now to be fought out is whether the fiscal courts in such counties as have not applied want to sit still and watch the procession go by or join it. It will mean the difference between pauperism and prosperity to join.

T. RAPE JONES.

The Ledger this week contains the formal announcement of Mr. T. R. Jones as a candidate for reelection to the office of representative from Calloway county in the lower house of the Kentucky legislature. Mr. Jones has served one term in this body and his record is one of the most splendid ever made by a Calloway representative, and upon this record he asks the voters of the county to return him, thus honoring him with the usual endorsement bestowed upon qualified officials.

Mr. Jones is at present engaged as teacher of the Hazel schools and will not prosecute an active campaign until after his school closes. He is one of the most splendid young men ever reared in the county and it is predicted that he will be returned to represent the county for another term without opposition.

Mr. Jones will issue a card to the voters within the next few weeks setting forth his views upon some needed legislation and will at the same time give a brief account of his stewardship in the last session of the Kentucky legislature.

SHINNEY ON YOUR SIDE.

Fully one half of Murray's population, if turned loose in some metropolis, would be run over and trampled under foot just like the Germans crossed Belgium. Possibly we place the percentage short of the actual number when we say one-half, three fourths is likely nearer correct. Start down one of the principal streets of the town and just observe how few people pass you properly, the very few who keep to the right as they should. It seems to be the disposition of most of us to hug the fence like a sick cat hugs a hot brick. Very few people fail to observe the correct rule of the highways, but here in Murray just as few observe the rule of the sidewalk. Hereafter "shinney on your own side" and make the other fellow do likewise.

As a usual thing the Ledger seldom cares to blubber up and slop over about the average two-comp attraction that comes to town, for which we are generally bled to the tune of some several times the price of a plank steak at the Seelbach rathskeller along with the usual beforehand and some to wash it down with but we feel that we got our money's worth last Tuesday night. Mr. Tom Hendricks in his humorous sermon, "Puncture Proof People," delighted and pleased and instructed a splendid audience. He is rich, rare and racy, and leaves a wholesome flavor in one's mind after hearing him.

All the slop and slobbers being spilled by the state press over the fate of George Alexander, a banker of Paris, Ky., sentenced to serve a sentence in the penitentiary, is disgusting and nauseating. Alexander is an old man and knew what he was doing when he stole the funds of the bank. The fact that he lived in a respectable home, with a

TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else. Its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is a good food for growing children it is a pity to keep it from them.

respectable wife does not alter the fact that he is just a common, ordinary thief and deserves the penalty that has been imposed upon him.

Ballard county will vote on a \$300,000 bond issue for good roads Saturday.

Pure Bred Poultry.

Each year I buy Black Orpington chickens to fill orders, I prefer to buy these at home, and to induce local poultry raisers to breed this variety, I will offer eggs for hatching at \$1 for fifteen, and replace the order free if the hatch is not satisfactory. Raise my kind of stock and I can help you market the same. I want a stock raised here so that I can buy when I need it. I also have or sale at all times Duroc pigs and Collie pups. Write for booklet or visit my farm. Visitors welcome. George Gatlin. 2252

"The Best Laxative I Know of."

"I have sold Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of," writes Frank Strouse, Fruitland, Iowa. For sale by all dealers.

The Misses Shipley, who have been here the guest of their aunt, Mrs. Vernon Stubblefield, the past year, left Wednesday morning for their home in Texas. Mrs. Stubblefield and Charlie Bradley, Jr., accompanied them to Hollow Rock junction.

How to Prevent Bilious Attacks.

Events cast their shadows. This is especially true of bilious attacks. If you will fail, you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be ward off. For sale by all dealers.

Try "GETS-IT," It's Magic for Corns!

New, Simple, Common-Sense Way. You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Sometime like it has never been produced. It takes less time to apply it than it does to read this. It

will dumfound you, especially if you have tried other remedies for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a bad blunder out of your foot, with leaguement, black, black, corns, pressing cotton-rings, corn-pulling knives, corn-treating plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn-quency will vanish. Cutting and gouging with knives, mass, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

"GETS-IT" is sold by druggists everywhere, or a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Murray and recommended as the world's best corn cure by J. P. Wear.

A Bumper One-Man Crop.

Nearly everybody in the county is acquainted with Joe Hudson, who has been making his home for the past few years on the Bob Meador farm a few miles east of the city. The fellow who is not acquainted with him should make it a point to meet Joe at the first opportunity—at least all tobacco growers would profit by his acquaintance.

Mr. Hudson has just completed the delivery of his 1914 crop of tobacco to W. S. Swann, of this place. He delivered exactly 10,800 pounds for which he received the net sum of \$860, selling at 84 and 2. This tobacco was raised on six acres of land and averaged exactly one-half pound to the hill. Mr. Hudson only employed four days extra labor to care for the crop in the patch. Don't you think it would be well to know Joe? The secret of his success is principally "git up and git."

Make Your Own Healing Remedy at Home.

Buy a 50c bottle of Farris Healing Remedy. Add to it a pint of Linseed Oil to make a healing oil, or add to it a pound of lard or a pound of vasoline to make an ointment. You will then have sixteen ounces of the Healing Remedy for harness and saddle galls, barbed wire cuts, scratches, or any hurt or sore where the skin is broken. Positively guaranteed the best made. Make it at home. By so doing you have \$2.00 worth for 50c. Sexton Bros.

Money to Loan.

Applications received for loans from \$100.00 to \$10,000.00, on improved and unimproved town property and farm lands. Interest 8 per cent straight. Interest payable annually or semi-annually. Time: One to ten years. Applicants for loans will please give description, location and valuation of property offered as security for loan. State improvements and valuation of same.

We want county representatives to receive applications for loans, appraise property, and serve as our exclusive representative. Attorney or real estate man preferred. Applicants for loans and applicants for agencies positively required to furnish at least two character references and forward postage, five 2-cent stamps, for application blanks, full particulars, and prompt reply. Write Southern Office, Southeastern Mortgage Loan Association, Fourth Nat'l Bank Bldg., Atlanta, Ga. 2254

Miss Adrian Barnett and Mr. Everett McKee were united in marriage Wednesday evening at the residence of the bride's parents, N. B. Barnett and wife. Rev. J. A. Hassell, pastor of the Methodist church, said the ceremony in the presence of members of the families and a few invited friends. Miss Barnett is one of the very lovely young ladies of Murray and a favorite in the younger society set. Mr. McKee is a son of Dr. A. McKee and for the past few years has been associated with his father, devoting his attention to optical work. He is a splendid young man and has many friends. The popular couple have the happy wishes of many admirers.

For Sale.

One good work mule; disc harrow; corn drill; double shovels, plows and other farm tools, all practically new. Will sell reasonably cheap. See Noah Gilbert. 2183

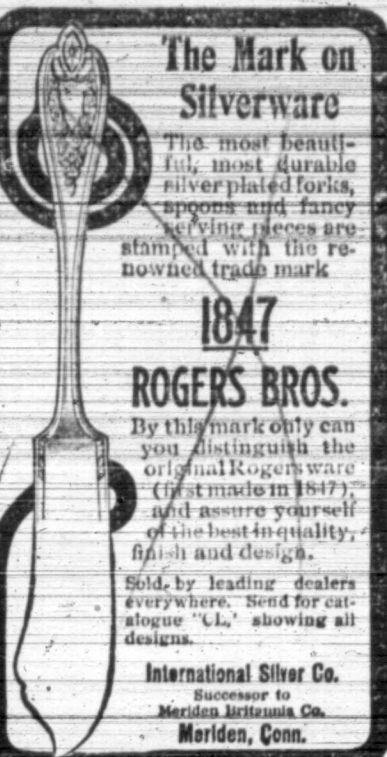

Work was commenced the past week on the Sheriff Patterson residence in West Murray. A. A. Jones and his crew have the contract for the job. The building will be a modern, two-story structure of nine rooms.

While playing with companions in the Haley stable just north of the R. T. Wells residence last Friday, Rudy Tyree fell through a hole in the loft floor and sustained a broken hip.

For Half a Century

WOODS' FEVER PILLS have stood the test as the best remedy for Chills and Fever and all Bilious and Malarial Diseases. Once tried always used. Sold by your druggist.

SYMPTOMS

Slight Symptoms Sometimes Presage Serious Results.

Do you feel tired have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so you are undoubtedly suffering from some liver complaint. Perhaps you don't feel very banly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV-VER-LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV-VER-LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by druggists.

Colds Are Often Most Serious. — Stop Possible Complications.

The disregard of a Cold has often brought many a regret. The fact of Sneezing, Coughing, or a fever should be warning, enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50c at your Druggist. Buy a bottle today.

Aunt Puss Hart, wife of Marion Hart, died at her home two miles south of Hazel Tuesday night of paralysis. The burial was at Shady Grove Thursday in the presence of a large number of sorrowing relatives. News.

40c and 50c Eggs.

If your hens would only lay when eggs were high. Why shouldn't they? Some hens do. The hen that lays has a healthy pink tongue and gills. Those not laying are pale in the gills, their tongue or palate has a whitish look. What's the matter? What's the matter with you when your tongue is white? Bilious? That's just what ails the hen. Start her liver and see her get busy. B. A. Thomas' Poultry Powder is guaranteed to start her liver and to start the eggs. —Sexton Bros.

Saturday McElrath's Eggs 22c
Mrs. W. L. Gilbert, north of town, is the guest of her son, M. E. Gilbert, in Paducah, this week.

We sell our goods for less and pay more for yours than others do. Eggs 22c Saturday. W. W. McElrath.

Mr. Wyatt Alexander, of near Cherry, is a patient in the Murray Surgical Hospital where he underwent an operation the first of the week.

Dellon Williams has been the guest of his parents, Mr. and Mrs. Joe Williams, east of town the past week. He is attending college in Chicago.

A wedding of social interest occurred in our midst Sunday afternoon when the lives of Dennis Lamb and Miss Ona Housden were linked. The groom is a son of Will Lamb, of near Clayton's store, and is a hustling young farmer, and the bride is the pretty daughter of Robert Housden, of near Blood river church.

Cor. Hazel News.
Mrs. Savage was operated upon for tumor at the hospital the first of the week. She is well known in the city and her recovery is earnestly hoped by many.

Hon. Gus Thomas, of Mayfield, candidate for appellate judge, was in the city mixing with the big court day crowd last Monday. He was as busy as a "fice in high oats" and made friends coming and going.

Mr. J. L. Martin returned the latter part of the past week from a ten days' visit to the markets where he purchased a splendid stock of clothing and furnishings. He is now busy receiving new goods and assigning them to the different departments of his store. In conversation with a Ledger representative Mr. Martin stated that he bought one of the noblest and most select lines of clothing ever brought to the city, and is now in a better position to care for the demands of the trade than ever before.

22c per dozen for egg Saturday. W. W. McElrath.

You can find my frost proof cabbage plants at Parker & Purdue. T. B. Hale.

For croup or sore throat, use Dr. Thomas' Electric Oil. Two sizes, 25c and 50c. At all drug stores.

For Sale. Duroc hogs, ready for service, both male and female, entitled to registration. A. B. Laspiter. 225c

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. 50c at all stores.

The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regulets have satisfied thousands. 25c at all drug stores.

Roy Holland, of Lexington, Tenn., was in the city the first of the week the guest of his father and mother, E. G. Holland and wife.

For Sale. Three head of stock one mare 15 years old, two mules 2 years old. W. M. Bryant 3 miles west of Almo, six miles north of Murray. 2188

O. T. Hale left the first of the week for the markets to purchase a spring and summer stock of general merchandise. He will be absent several days.

Hon. D. P. Smith, of Cadiz, was in the city the latter part of the past week in the interest of his candidacy for re-election as commonwealth's attorney. Mr. Smith has hundreds of friends in the county who are always glad to support him in his aspirations.

Augustus Russell, the young son of Mrs. Dook Russell, of Pottertown, sustained the loss of two fingers of his right hand the past week. The child was swinging from a pole that had been used in cleaning hogs when the heavy pole fell throwing the child to the ground and crushed his hand, resulting in the loss of the two fingers.

22c for eggs. Where? At McElrath's, of course.

Better see us if you want good early cabbage plants. Parker & Purdue.

Eggs for Sale. From pure strain Ringlet Barred Rocks, none better, 50c for 15. T. J. Howard, Murray.

Arthur Savage, of Memphis, was called to Murray the first of the week on account of the serious illness of his mother.

Mrs. J. D. Rowlett was called to Paducah Tuesday morning on account of the serious illness of her father, Capt. Whitfield.

White Leghorn Eggs. Pure strain at 50c for setting of 15, at my residence. Lee Rowlett, Murray. 225c

Miss Dona Padgett, south of the city, was the guest of her brother, Foster Padgett and family, of Hardin, the past week.

Joe Jarker is making preparations to move to his residence on West Price street, recently purchased by him of the Hale estate.

Miss Lucile Grogan attended the annual convention of the county superintendents of the state in Louisville the past week.

An effort was made by thieves to enter the clothing store of W. T. Sledd & Co. Tuesday night. A key was broken off in the front door.

Mrs. R. W. Hood, of Paducah, arrived in Murray the first of the week to be the guest of her father, Rev. Pool, and other relatives for some time.

Bill Cox, who left Calloway recently and located in McCracken county, near Paducah, was in the county the past week meeting friends.

Alonzo Beaman is associated with E. G. Holland & Son in the bus and freight business, having purchased a half interest in same some few weeks ago.

Nat Ryan left the first of this week for the eastern markets to buy spring and summer merchandise for Ryan & Sons Co., and Ryan's Clothing Store.

The young son of Charlie Cole, of the west side of the county, died very suddenly the past week. The bereaved parents have the sympathy of many friends in their affliction.

Marsh Atkinson, of Jacksonville, Fla., was in the city the past week. Mr. Atkinson was formerly a resident of this city and was the proprietor of the hotel for several years.

Mrs. Lura Melon left Monday morning for St. Louis where she will spend a week or ten days studying and buying new things in millinery. She will continue with Mrs. Sale this season.

Robt. Swann has exchanged his residence and farm just east of the city for the Virgil Wilson grocery and residence just west of the city limits. The exchange was made the first of this week.

The remodeled Adams barber shop is now occupied. It is one of the cleanest and handsomest shops in Western Kentucky. New white enamel chairs have been installed, bath rooms remodeled, pressing parlor located on balcony—in fact a general overhauling that is a delight to the patrons.

John Andrus died Tuesday afternoon of this week at his home in Ft. Worth, Texas, at the age of about 60 years. The cause of his death is not known but is thought to have been very sudden. Mr. Andrus was married in this place about 35 years ago to Miss Myrtle Bradley, a sister of C. H. Bradley, and is well known here. He has been making his home in different sections of the west for many years and was a very successful business man. He is survived by his wife, three sons and one daughter.

Mules Wanted.

STYLE PLUS ECONOMY

Owing to our rapidly increasing business, we are enabled to decrease our prices this spring and still reach the same result from the volume of sales. While it is a well known fact, that our prices have always been 10 to 15 percent lower than elsewhere, these further reductions will result in substantial savings. Our recent visit to New York in search of styles, together with the assistance of our capable buying force, has produced most satisfactory conclusions.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is a result, and unless the inflammation can be taken out and this tube restored to the normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

(Special Frankfort Correspondence.)

Frankfort, Ky., Progress and plans in restocking Kentucky with big game and birds and the streams with fish occupied most of the session of the State Game and Fish Commission here. Forty-five whitetail deer are thriving in the game preserve in Bell county and an order has been placed with the Cleveland Cliffs Co. of Michigan, for twenty adult deer. In addition to these the three Japanese deer presented to the commission by Commissioner Burnam, who received them from a friend in New York, have been placed there and three English Falow deer, a fine species, which thrives in this country will be placed in the preserve soon.

Should the next General Assembly make a closed season on deer for a sufficient period, deer from the preserve will be distributed throughout the state when conditions are favorable. Restocking the fields with quails is a problem on which the commission is working. Permits have been secured to catch a large number in Alabama and Florida; but arrangements to secure a supply in Mexico were frustrated by the discovery of a disease among them, which resulted in a government embargo on their importation. The season for transportation from Cuba will close February 28, but the commission has succeeded in getting a contract for fifty pairs.

Mystery of Old Portrait Solved.

The mystery surrounding the life-size portrait of George Washington which hung for three-quarters of a century in the old Capitol and which has just been reconstructed by Pasquale Farina, a Philadelphia artist, has been cleared away. H. V. McCreary, after days of search through old records, has discovered an appropriation of \$550 made by the General Assembly in 1834, in which Oliver Frazer, a Lexington artist, was mentioned as the painter. The picture is a copy of Stuart's portrait of Washington now hanging in Washington. Oliver Frazer was born in Fayette county in 1806 and was the son of Alexander Frazer. He studied in Europe and was known on two continents. The picture was coated with dirt, scaled off in places and badly torn when the state offices were moved to the new capital and the Sinking Fund Commission presented it to the Kentucky State Historical Society. It was so dim that only the outline of a figure was visible and a table, chairs, books and draperies, which now appear in their original tints, could not be seen at all. The regent of the society, Mrs. Jennie C. Morton, set her heart on having the portrait restored, and the society has been saving small amounts out of various sources of revenue to pay for it, so that the cost of the work of restoration will be met almost entirely outside the state appropriation. The unveiling on February 22 was made a notable occasion by the society. Gov. McCreary presided.

Many to Attend Convention.

Many prominent G. A. R. officials will attend and it is said every G. A. R. post in Kentucky will be represented at the state campment to be held in Louisville May 6. The Woman's Relief Corps and the G. A. R. will meet here at the same time. In charge of local arrangements are Capt. Samuel D. Brown, Jacob Selbert, L. M. Coogle, M. H. Davidson, Maj. B. F. D. Fitch and Philip White. Among the G. A. R. dignitaries from outside the state who have accepted invitations to attend the campment are: David J. Palmer, of Des Moines, Ia., commander-in-chief; Gen. Saltzgar, Commissioner of Pensions; Col. John McElroy, of Washington, D. C., editor-in-chief of the National Tribune; Mrs. Mary C. Sanford, department president Woman's Relief Corps; Mrs. Eva C. Armstrong, department secretary.

Labor of 500 More Convicts Soid.

The Reliance Manufacturing Co., of Chicago, and the Hoge-Montgomery Co., of this city, signed contracts with the Prison Commission for 300 convicts and 200 convicts respectively for one year. Under the provisions of the contract the men may make as high as 70 cents a day each for the state. The contractors may renew the contracts for one year if desired.

Senator to Address Bar Association.

Senator J. K. Shields, of Tennessee, will be the speaker before the meeting of the Kentucky State Bar Association which will be held in Frankfort July 8, the invitation having been extended to him by Vernon Richardson, secretary to Senator James and Edward Hines, formerly of Louisville. The meeting this year promises to be one of the most important in the history of the organization and elaborate preparations will be made by the members of the association to make the visit of the State Association memorable.

Stockmen Granted Immunity.

J. W. Newman, chairman of the State Livestock Sanitary Board, offered immunity from prosecution to all persons who volunteer information as to cattle in their possession infected with the foot and mouth disease. Every head of cattle taken from the Bourbon Stockyards for immediate slaughter according to law, and afterward sold in violation of the quarantine regulations, must be traced before the danger of further infection passes and before the quarantine is lifted," Mr. Newman said. "Information, therefore, is the thing most desired by federal, state, county and city officials. Two hundred or more cattle which should have been slaughtered have been sold by butchers to dairymen and others. The state and federal inspectors are searching Jefferson and Bullitt counties, and even other counties, every day to find these cattle. Owners who refuse information will be fined from \$10 to \$50 for each animal." Dr. J. A. Payne, government inspector in charge, said every animal sold in Jefferson county in violation of quarantine regulations would have to be traced before the close quarantine on Jefferson county would be lifted.

Banker Enters Reformatory.

George B. Alexander, of Paris, banker, and leader in the Blue Grass States, walked into the office of the state reformatory and 30 minutes afterward the big gate clanged behind him and he entered upon the first term of a series of indeterminate sentences for embezzlement and altering the books of the bank, that will keep him there for a period of from 8 to 70 years, unless he is sooner pardoned. Alexander arrived in an automobile from Paris, accompanied by his wife and daughter, Kate Alexander. In another machine came Sheriff W. F. Talbot, of Bourbon county, Deputy Sheriff J. O. Marshall and Jailer Joe Paris and his wife. The women remained with Alexander until he went inside the gate, and while her father and his wife were sitting in the clerk's office as he was being entered on the prison books, Miss Kate Alexander which has been assigned to Alexander. It is No. 8, in the lower tier of the new cell house, one of the pleasantest in the prison. The women brought a number of articles for Alexander's comfort and left them in the care of Warden Wells.

Ask State Aid in Road Building.

The Hancock county fiscal court voted in favor of making an appropriation for roads and of asking state aid. The county is in debt a few thousand dollars, and two of the magistrates favored getting out of debt before launching into permanent road building, but now that the proposition has carried they will lend their hearty support. The final decision was hastened by the argument of Road Engineer Francis Friel, who recently came home from the Lexington school of road instruction full of enthusiasm. He pointed out the advantages and the economy of macadam roads, and also showed that if the county did not take advantage of the offer of state aid that it would be contributing 5 per cent of its taxes to other counties without getting anything for it. Several roads lead to Hawesville, the county seat, and the people living along them will be asked to contribute, and the road on which the best subscriptions are received will get the first permanent work. The county now has no rock roads. It is believed that this first venture under state supervision will be so satisfactory that other roads will be built soon.

Secretary Bryan's Letter Pleases.

No other honor that has been conferred upon him has pleased Gov. McCreary more, if so much, as that conveyed to him in a letter from Secretary of State W. J. Bryan, inclosing the copy of a resolution adopted by the Pan-American Union, thanking him for his portrait and ordered hung in the Palace of Peace, as the Pan-American Union building, Washington, is called, as "a reminder of the honorable service rendered by the donor to the republics of the western hemisphere." Secretary Bryan is chairman of the Pan-American Union and its members are the ambassadors and ministers from the twenty-one republics of South and Central America. Secretary Bryan introduced the resolution. The portrait was the gift to Gov. McCreary of his staff officers, and Secretary Bryan asked that it be presented to the union to be hung with those of the union, the purpose of which is the development of good understanding, friendly intercourse, commerce and peace among the countries represented.

May Not Grant Pardon.

Gov. McCreary said that he had not decided what action he would take in regard to the plea for pardon by Geo. Alexander, the convicted Paris banker, who is under sentence to the penitentiary for embezzlement, but that he would not make his decision known until later. It is believed here that he will not grant the pardon.

Assessment of County Increased.

County Clerk Crawford Lee has completed the figures on the Frankfort county tax assessment which show an increase of \$281,719 over the assessment of last year. Of the total \$10,810 was assessed by the County Board of Supervisors after the figures of the county assessor were submitted. The supervisors raised and lowered a number of assessments as returned by the county assessor and heard numerous complaints, arriving at the figures as reported by County Clerk Lee with the taxpayers.

UGH! CALOMEL MAKES YOU SICK! CLEAN LIVER AND BOWELS MY WAY

Just Once! Try "Dodson's Liver Tone" When Bilious, Constipated, Headachy—Don't Lose a Day's Work.

Liver up your sluggish liver! Feel free and cheerful! Make your work a pleasure! Be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee.

LABOR PERIODICALS TO HELP

Campaign Against Tuberculosis Will Shortly Have a New and Important Ally.

A new campaign for closer co-operation with labor unions and other groups of workmen is announced by the National Association for the Study and Prevention of Tuberculosis. A committee has been appointed with Dr. Theodore B. Sachs, president of the Chicago Tuberculosis Institute, as chairman, to formulate plans for immediate and future action. Other members of the committee are Samuel Gompers, president of the American Federation of Labor, Washington; George W. Perkins, secretary of the International Cigar-makers' union, Chicago; John Mitchell of the New York state compensation commission, New York; Austin B. Garretson, president of the Brotherhood of Railway Conductors, Cedar Rapids, Iowa; Dr. William Charles White, medical director of the Tuberculosis league of Pittsburgh, and Dr. David R. Lyman, superintendent of the Gaylord Farm sanatorium, Wallingford, Conn.

As the first step in the campaign a special health bulletin has been prepared for the labor papers and will be sent out monthly in co-operation with members of the International Labor Press bureau. Remark Hard to Explain. Everyone had gathered in the drawing room after dinner, and all were feeling contented with themselves as well as at peace with the outside world, when it was suggested as a pastime that every lady should state the gift she most coveted, and the possession of which she would most prize. With prompt acquiescence each registered her choice. Mrs. Wellman wished for the most exquisite jewels extant, Mrs. King desired to be the best-dressed woman in society, Mrs. Drayton preferred to own the handsomest turnouts, while Mrs. Smith craved popularity. Robinson, springing from his chair, exclaimed: "Heavens, don't any of you care for beauty?" Some of them still think it was intentional.

As the first step in the campaign a special health bulletin has been prepared for the labor papers and will be sent out monthly in co-operation with members of the International Labor Press bureau.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff; that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrivel, loosen and die—then the hair falls out fast. A little Danderine tonight—now any time—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderine from any store, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Adv.

Her Preference.

Young Mawks had decided to enlist and go to war, and his wife was objecting. "But, darling," he argued, "even if I were killed, just think how fine it would be to be the widow of a hero."

"Oh, no, Wilfred," pleaded the young wife earnestly, her mind reverting to a familiar proverb; "I would rather be the wife of a live jackass than a dead lion."—Judge.

Up to Mother. The mother of thirteen-year-old Page has a gift for rhyming and a generous nature. The other day Page returned from school with the announcement that each member of her class was expected to turn in a poem on a certain given subject on the morrow.

"Well, that's a very nice subject," replied Page's mother.

"Yes, but mother," the little girl asked, with innocent assurance, "what are you going to say about it?"

It's impossible to suppress the man who thinks he can tell a funny story.

DIDN'T WANT TO MEET HIM

Colored Parson's Description of His Satanic Majesty Brought Converts to Maunern's Bench.

The late celebrated Peter Vinegar, who in days gone by used to make periodical visits to Danville, says the Advocate, for the purpose of delivering his sermons, remarkable on account of their startling texts, on one occasion spoke to a large assemblage of the colored population and a few whites at the late colored Methodist church on Walnut street. He arose, raised his spectacles from his eyes, and said:

"My beloved brethren and sisters, I take my text 'dis evenin' in dat portion uv de Scripture' whar de 'Postie Paul pints his pistol at de 'Phesians, an' whar it says, 'Whar de hen scratches dar's de worm, 'cetpin' de case whar sum previus hen hav bin dar.' He then proceeded to tell his hearers what a horrible personal appearance the devil presented, with the following description: "His eyes look like two balls uv fire, his teef like two skinned saplins, his ears hang down like a 'baccer leaf an' his brest smoke like a tar kittle." That night Peter made many converts.

Winter Chills Bring Kidney Ills

A spell of cold, damp weather is always followed by a fine crop of kidney troubles and backache.

Colds and chills damage the kidneys. Other troubles common to winter weather are just as bad. Grip, influenza, quinsy, pneumonia or any other infectious disease hurts the kidneys by overloading the blood with poisons. The kidneys get worn, weak and inflamed trying to work it off.

It isn't hard to strengthen weak kidneys though, if you act quickly. At the first sign of backache, dizzy spells, headache, loss of weight, nervousness, depression and painful, irregular kidney action, start using Doan's Kidney Pills. Rest the kidneys by simple eating, avoidance of overwork and worry, and getting more rest and sleep. A milk diet is fine.

This sensible treatment should bring quick benefit and prevent serious kidney diseases like dropsy, gravel and Bright's disease.

SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

FRECKLES

February and March Bring Out Unusually Spots. How to Remove Easily.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you may have, the double strength othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

Will Give Testimony.

Somerset, Ky., Feb. 22—Acting on the invitation from the fiscal court of Lincoln county, fifty Somerset business and professional men will go to Stanford Monday to explain how this county raised \$21,000 to be applied with a like amount furnished by the state for constructing a model highway across this county to the Lincoln county line. The fiscal court of that county has decided to raise a sum in the neighborhood of \$20,000 to be used in building a road from Stanford to the county line to meet it.

Weather Prophet Captured.

Tom Daniel, of the east side of the county, is determined that this county shall have an early spring. While out hunting the latter part of the past week, (can't say just what he was hunting for, whether crickets to use for fish bait or the cynara scolymus for table use), he treed in a ground hole and after a few hours of dextrous digging captured his imperial highness, the Right Honorable Sir Ground Hog. His proud captor brought his hogship to town Monday and hundreds of persons who have pinned more or less faith in Mr. G. Hog as a weather prophet, but who had never had the pleasure of gazing upon his likeness before, spent much time in viewing him. Tom is determined that this ground hog is not going back into his hole to remain six weeks longer even if he does see his shadow.

January Average.

Frankfort, Ky., Feb. 21.—The average price brought by the 1914 crop of tobacco in Kentucky during January, when 81,374,813 pounds were sold, according to reports made by Commissioner Newman, was \$7.39. The 64,921,029 pounds of Burley sold for growers averaged \$7.41. Unfired dark tobacco of the 1914 crop, of which 1,540,170 pounds were sold for growers at \$5.75. Total sales of fired dark tobacco for growers, 1914 crop, were 661,775 pounds at \$6.14. Green river tobacco sold for growers, 1914 crop, totaled 3,865,175 lbs. at \$5.98. One-sucker tobacco sold for growers, 1914 crop, brought \$5.06 for 2,449,345 lbs.

FIVE THOUSAND HEAR COOPER.

Exhibited Watch Valued at \$3,500 Given Him by Grateful Father.

Lexington, Ky., Feb. 25.—It is estimated that five thousand Lexington people heard L. T. Cooper, the man who created such widespread attention in the East, one evening recently. Cooper explained to the vast crowd his theories on health and hygiene, accompanied by a unique demonstration of his celebrated preparation Tanlac, which he is personally introducing in the larger American cities.

In connection with his visit to Kentucky, Cooper said: "I shall remain in Kentucky for only a short time. However, I shall give the people of this section of the country the same benefits of my study and my medicine that I have given the multitudes of New York, where I have been busy during the past year helping the hundreds of thousands of suffering humans in that great city."

"While here I will prove to every one how easy it is to guard against the forays of ill-health by guarding your health as carefully as you do some other features of your daily lives."

"Catarrhal affections of the head, nose, throat and stomach, as well as the kidneys, produce a stuffed-up condition of the vital organs, and nine times out of ten this trouble is responsible for the most of the ill-health of we present day Americans. Faulty methods of living are back of this all, but it is never too late to correct our faults."

"Tanlac, the wonderful medicine that I am introducing to correct this condition, I believe to be the best thing of the kind on the American market today. This fact has been proven throughout the great Eastern cities, as well as right here in Lexington, where hundreds of people are already realizing the surprising results from its use."

"They all testify that Tanlac has a peculiarly grateful effect, seems to go right to the desired spot, warms up the entire system, and gives great strength and development, where it is most needed—correcting all of the ill-and weaknesses which come from years of misuse of the vital and digestive organs."

Cooper then exhibited a handsomely engraved gold watch, studded with forty-seven perfectly cut diamonds, which is valued at \$3,500, that was given to him as a token of appreciation by a prominent jeweler, whose son was relieved by Tanlac.

The celebrated Tanlac is sold exclusively in Murray by Dale & Stubblefield.

To Gather at Dawson.

Madisonville, Ky., Feb. 22.—Dawson Springs will be the scene of the meeting of the Head Camp of the W. O. W. March 9 and 10. Great preparations are under way for the entertainment of the delegations. The election of officers will be held Wednesday morning.

There is great rivalry between the eastern and western sections of the state. The western part of the state is well organized and stands pat in the election, and the eastern section will try to break this compact at this meeting. Dawson will in all probability get one of the head offices, while Madisonville will be a close second. The head offices will arrive Sunday, March 7, and from then every train will bring the delegates from different sections of the state.

Mrs. Joe Newport Dies.

Paducah, Ky., Feb. 21.—Mrs. Joe Newport, aged 32, died yesterday morning at 5:30 o'clock, at her home in Tyler, after a

long illness of tuberculosis. Mrs. Newport, who was formerly Miss Leona Hurt, a daughter of Mr. R. N. Hurt, of the Benton road, was married to Mr. Joe Newport about 12 years ago. She was a native of Calloway county and had been a resident of this county for only two months. She was a faithful member of the Missionary Baptist church.

Surviving her are Joe Newport, her husband, and four children, Daphney, Geneva, Dale and Josephine, a baby. Her father also survives. She leaves six sisters and two brothers, as follows: Mesdames Eunice Suter, Angela Wilson, Mary Copeland, Fannie Jetton, Miss Hunt, as Hurt and Miss Lillian Hurt, and Messrs Tom and Blaine Hurt, all of Calloway county. The funeral will be held this afternoon in Calloway county, to which place the body will be removed today.

The remains of Mrs. Newport were laid to rest last Sunday in the Spring Creek grave yard.

Washington's Birthday Observed.

The city public school observed the birthday of George Washington, the father of his country, in a novel and striking manner last Monday. The entire school, numbering more than five hundred pupils, paraded the streets with flags and banners between the hours of 1 and 2 o'clock in charge of the teachers of the institution. The Murray band headed the parade and the students of the different grades fairly made the welkin ring with their lusty yells. The parade attracted much attention from the large court day crowd, and the marching host was given the right of way on walks and in the streets. It was an impressive sight and made hearts well with pride.

The oratorical and musical contest given in the auditorium of the school building Monday night was a fitting climax to the glorious day, and was attended by hundreds. The rivalry between the classes was keen but clean, and at the conclusion of each contestant's endeavor the walls and the roof of the building were made to vibrate with the encore of fellow students. Gold medals were awarded the successful contestants as follows:

Miss Elizabeth Higgins, music; Miss Mary Frank Diuguid, Mr. Prentice Glasgow and Mr. Robert Phillips, oratorical.

Fair Dates Named.

Fulton, Feb. 20.—Dr. J. M. Alexander, of Fulton, heads the Kentucky-Tennessee-Mississippi fair circuit for the coming year, and Dr. J. W. Gordon, also of Fulton, is secretary.

The annual meeting of the association was held here Friday in the parlors of the Meadows hotel. Nine fair associations were represented by delegates or proxy. Fair dates for the circuit were selected as follows:

Mayfield, Sept. 1; Fulton, Sept. 7; Union City, Sept. 14; Humbolt, Sept. 21; Memphis, Sept. 26; Paris, Sept. 28; Jackson, Oct. 4; MURRAY, Oct. 6; Dresden, Oct. 13; Corinth, Miss., October 13; Meridian, Miss., Oct. 18.

The circuit opened two new stakes, a 2:17 pace and 2:20 trot, each \$500. The other stakes are: The 2:30 trot, 2:15 trot and free-for-all trot; 2:25 pace, 2:13 pace and free-for-all pace.

Recognized Advantages.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.

CANDIDATE FOR SECRETARY OF STATE

G. B. LIKENS

TO THE VOTERS OF KENTUCKY—I am a candidate for Secretary of State, subject to the will of the Democratic party to be expressed in the primary election Aug. 7, 1915. My party loyalty, my availability as a candidate, my conduct as a private citizen and my record as a public official are respectfully submitted for investigation and consideration. For more than three years I have served you as Assistant Auditor, and while the office is not an elective one, the duties are important and exacting. These I have honestly endeavored to discharge properly and efficiently. My experience, I feel, has especially equipped me to fill the office to which I now aspire. If nominated and elected as your Secretary of State, all the energy and ability which I have shall be earnestly devoted to the business of that department. No duty will be too arduous for me to perform faithfully, and none will be considered too trivial to receive careful and prompt attention. Feeling very grateful for the assurances or support already received, and soliciting the votes and influence of all, I am,

Sincerely yours,
G. B. LIKENS.

JUDGE C. S. NUNN ASKS RATIFICATION OF APPOINTMENT

As Successor To His Father Upon Bench of the Court of Appeals.

JUDGE C. S. NUNN.

Judge C. S. Nunn, of Marion, Crittenden County, Kentucky, is a candidate at the coming August Democratic primary for election as Judge of the Court of Appeals from the First Appellate District. The district includes Muhlenberg, Hopkins, Webster, Union, Christian and every county in Kentucky west to the Mississippi River.

The election is for the unexpired term of his father, Judge T. J. Nunn, who resigned from the bench last March on account of ill health. Judge T. J. Nunn gave up nearly five years of his elective term, and Judge C. S. Nunn is serving a part of that term by appointment of the Governor, the appointment having been made upon the recommendation of all of the judges of that court. Under the law, the appointment is effective until the November election. This election is for the remainder of Judge T. J. Nunn's term—three years. Judge C. S. Nunn hopes the people will ratify the Governor's appointment, and submits his service upon the bench for the people to decide whether it is worthy of endorsement. His duties upon the bench will require his presence in Frankfort until about July 1st, so that he will have very little opportunity to make a personal canvass of his district.
