SIDEBACKS FOR WEST BROADWAY AFTER YEARS OF WAITING

BIDS ARE TO OPEN JULY 9 AND THE CONTRACTS LET SOON. THE WORK WILL BE FINISHED BY NEXT FALL.

The Paducah Daily Register, June 15, 1896

After patiently waiting for many years the residents of West Broad- way were able to see the long-promised sidewalks that were to be extended along that thoroughfare. The streets were darkened by the bright, golden light of the setting sun as the workers toiled away on the sidewalks. The sidewalks were to be a comfort to the residents and a source of pride for the city. The residents were excited to see the work being done and were eager to see the finished product.

The City Council had taken the necessary steps to have the sidewalks built, and the residents had been waiting patiently for them to be completed. The sidewalks were to be made of concrete and were to be six feet wide. The residents were pleased with the quality of the work and were grateful for the improvement.

The workers were busy and were making good progress. The sidewalks were to be finished by next fall, and the residents were looking forward to the completion of the project.

The City Council was pleased with the work being done and was pleased to see the progress being made. The residents were happy with the improvement and were grateful for the work being done.

The work was to be completed by next fall, and the residents were looking forward to the completion of the project.
