## Winners Announced In Ledger & Times Contest

### Mrs. Garrison Is Winner of Grand Prize—\$300.00

The Ledger & Times' subscription campaign in which a number of candidates thoroughly canvassed Murray and adjoining territory, came to a close September 27 at 6 p. m., at which hour the judges began the official count, and on completion of same, announced the following results:

**JUDGES' STATEMENT**

We, the undersigned members of the Executive Committee appointed to have supervision of the Free Prize Gift Campaign, concluded this date, and who have been selected to act as counting judges and auditors, certify and state that we have this date made a careful count and check of the ballots cast in this election and find the results as follows:

It is our belief that the Campaign has been conducted in a fair and impartial manner to everyone's interest and concern, and we commend the Ledger & Times, Mr. R. Melan and the Campaign Management for the business-like methods employed in conducting the campaign.

We further find that the candidates whose names are hereby given received the votes opposite their names, and are declared the winners in their respective positions.

### Night Classes in Spanish Taught At Murray State

Dr. William G. Nash, dean of Murray State College, today announced plans for introduction of night classes in Spanish and Saturday classes in English and social science to be available especially to townpeople of Murray and neighboring communities.

He asked all persons interested in the Spanish classes to meet in the small chapel at the college Monday evening, October 6, at 7:30 o'clock.

Persons interested in the Saturday classes in English and social science are requested to meet in the administration building Saturday morning, October 4, at 10 a. m.

These courses are for undergraduates and will be designed especially for business men and women in the community who may be interested in these particular fields. Regular college credits will be given for these courses.

## JIM THOMPSON, 75, DIES SUDDENLY SUNDAY MORNING

The death of Jim Thompson, a highly esteemed citizen of near Green Plain, which occurred suddenly Sunday morning, came as a shock to his wide circle of friends and relatives in this county. Mr. Thompson was 75 years of age.

Early Sunday morning Mr. Thompson had been out in the yard to draw some water from the well and had not been in the house but for a few minutes until death occurred. His wife went in to invite him out to breakfast and found him lying on the floor dead.

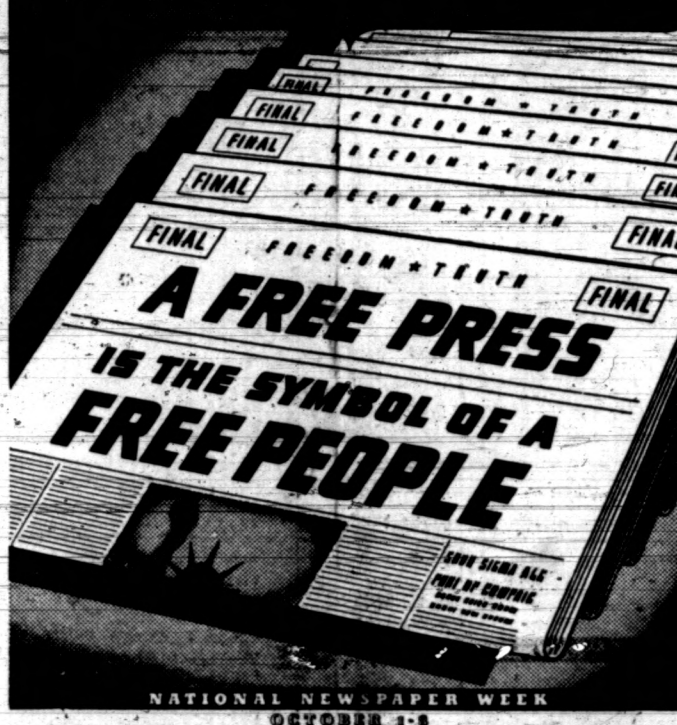

Funeral services were held from Green Plain Christian Church Monday afternoon with the Rev. A. C. Moore, Rev. Scott and Eld. Charles Taylor officiating in the presence of a large crowd.

Survivors are his widow, Mrs. Mollie Clanton Thompson; two sons, Gus, Frank and Ned; and two daughters, Miss Pearl Thompson of the home and Mrs. Bowman St. John of Paris, Tenn.

Mr. Thompson, a successful farmer, was widely known for his warm hospitality extended to every one who entered his home and, according to those who knew him best, he was ever ready to lend a helping hand to the unfortunate. Pallbearers were Leland Strader, Vernon Wilson, Elwood White, Macon White, Carl Lamb and Jim Hart.

Burial was in the Green Plain Cemetery on the Hazel-Murray highway.

## APPRECIATE AMERICA

Newspapers in 5,000 communities joined Wednesday in opening national newspaper week as President Roosevelt sounded the keynote with the declaration that "the maintenance of an unfettered press is a fundamental obligation of patriotism."

The chief executive wrote William M. Hardy, chairman of the Newspaper Association Managers' Committee in charge of the observance:

"The recurrence of national newspaper week should awaken in the hearts and souls of all Americans a renewed determination to defend and maintain and perpetuate the priceless heritage of a free press."

Hardy, in turn, informed by truth and guided by common sense and conscience, that the maintenance of a free public welfare is a fundamental obligation of patriotism.

## Roosevelt Approves \$49,687 For Murray Municipal Park Construction

### Bicycle Club Rules Drawn Up by Sixth Grade of City School

The sixth grade of Murray High school, under the supervision of its teacher, Miss Lila Clayton Beale, has taken the lead in organizing a bicycle club in an effort to create an interest in safe and sane riding of the vehicles.

The organization, which has been given the name of "The Lucky 13", has 13 rules which club members must accept and abide by. Appropriate membership cards will be given to each candidate on his word to keep the club rules.

This club is being promoted to insure safe bicycle riding practices on the streets of Murray. This mode of travel is an ever growing one in the city and cooperation between cyclists and motorists is needed for the safety of all concerned.

As children from six years of age up are using bicycles to ride to and from school, parents are urged to see that their children become members of this worthwhile organization.

An early date the rules of the club will be printed in these columns and the entire set-up will be explained in detail. Parents are asked to call Prin. Edd Filbeck at the city school and make known their reaction to this movement now in progress.

### Prices Up

GILBERTSVILLE, Ky., Oct. 2.—The management at the Kentucky Dam has announced that effective Wednesday, October 2, the prices of meals at the camp restaurant for non-employees will be sixty cents a day, seven days a week, on Sundays and holidays.

The change in schedule, the management said, was made in order to establish uniformity with the prices charged at other TVA construction projects.

### Mayor Hart Says Work to Be Started As Soon as Possible

George Hart, mayor of the city of Murray, received a telegram Friday from high officials stating that President Roosevelt had approved \$49,687 for construction of a municipal park here. The money was received under a WPA grant and will be added to \$25,000 put up by the city.

"As soon as paving of Sixth street is completed, work will be started on the project," Mayor Hart said.

## 227 CALLOWAYANS ENROLL AT MURRAY STATE COLLEGE

Opening its 19th year of service to West Kentucky and the nation, Murray State College has 227 students enrolled in the college proper and 353 in the Training School. It was announced today by Mrs. Cleo "Guthrie" Register, Calloway County has 227 students enrolled for the fall semester.

These students come from 22 states and 44 Kentucky counties to Murray State for the fall semester. President James H. Richmond has predicted that the total enrollment may reach 1000 before the close of the year.

Because of students withdrawals for selective service or for defense activities, President Richmond had anticipated a decrease in the fall enrollment in line with the general decline throughout the nation. Many colleges have reported a much more drastic reduction than recorded here, Murray's president added.

The fall semester will close Friday, January 30. Thanksgiving will be observed Thursday, November 20, and students will be excused for the Christmas holidays from noon Saturday, December 20, until Monday morning, January 5, 1942.

States represented in Murray State college's fall enrollment and the number of students are: Alabama, 4; Arkansas, 4; Connecticut, 2; Florida, 2; Georgia, 4; Illinois, 4; Indiana, 1; Iowa, 2; Michigan, 2; Mississippi, 2; Missouri, 2; New York, 6; North Carolina, 2; New Jersey, 11; Ohio, 16; Pennsylvania, 6; South Carolina, 1; Tennessee, 23; Virginia, 2; Washington, 2; C. 1; Wisconsin, 3; Kentucky, 754.

Students enrolled here from Calloway County, 227, are as follows: From Murray, Rita H. ## Osco Shrader, Hotel Sinoct Clerk, Dies at Home in Paducah

Osco Shrader, 37, Sinoct Hotel clerk, died at 10:30 p. m. Friday at his home, 608 South Fifth Street, Paducah. He was a member of the Paducah police department at one time for eight years.

He is survived by his widow, Mrs. Ola M. Shrader; four sons, Ambrose, Gus, Frank and Ned; and two daughters, Miss Pearl Thompson of the home and Mrs. Bowman St. John of Paris, Tenn.

Funeral services were held at 2 p. m. Sunday at the Pleasant Grove Methodist Church with the Rev. M. L. Davis and the Rev. Wayne Lamb officiating. Burial was in the Pleasant Grove cemetery.

Pallbearers at Paducah were Capt. Wylie F. McCormick, John L. Arts, Clinton Pryor, Vess Reams, L. B. Mason, Glenn C. Poore.

Pallbearers at Hazel were H. L. Neeley, Darvin White, O. B. Turnbow, Earl Littleton, Tommy Wilson and Sherlock Herion.

## Large Crowds Attend Calloway County Fair

Calloway County's fifth annual fair got underway Wednesday with huge crowds streaming to the fair buildings. Never before has Calloway County witnessed such an enthusiastic spirit at this special event. Both displays are artistically arranged by the various business firms and a number of civic groups. Entries in each department will probably reach new high marks, according to fair officials.

The colorful event will continue through Friday evening and according to all predictions, attendance throughout today and Friday will reach the highest in the history of the fair.

The special feature for Wednesday night was the varied entertainment given by the high schools of the county. Hundreds of persons thronged the A. G. Outland Company barn to cheer their particular choice in the highly successful event. Winners of the contest were as follows: Murray High School and Almo took first place; Lynn Grove, second and Kirksey, third. The cash prize list as set by the committee gave first place winner \$15.00; 2nd place, \$10.00 and third \$5.00. However, because of the large gate receipts, it was decided by the judges and fair officials to give both Murray and Almo \$15.00 each. Lynn Grove \$5.00, Kirksey \$5.00 and also each school that entered the affair was awarded \$5.00. Murray High School's band was presented with a gift of \$5.00 for its fine performance. Some 1500 persons paid \$14.68 to witness the hotly contested matches.

For tonight's special feature, the Calloway County Conservation Club's Annual Dog Show will be held in the regular stock ring. Prize money in this division will amount to \$35.00. An admission charge of 10c per person will be made. The show is open to all Calloway County dogs.

The fair, which will continue through Friday evening, has as its general chairman Ray Treon; A. Carman is finance chairman and vice chairman.

There are eight departments or divisions included in this year's fair as follows: Women's Department, Miss Rachel Rowland; Mrs. Hansford Doran in charge with \$100.00 award money; Poetry Department, R. E. Kelley in charge with \$107.00 in prize money; George M. Harris, Lexington, Ky., is acting as judge in the Jersey Cattle Department. The Farm Crops division will have \$180.00 as prize money.

Chairman Treon urged persons having entries in the fair to remember that entries must not be removed from the fair building before 4 p. m. Friday, October 3. Any removal before that time without permission of the management will forfeit premium money.

However, horses and mules will be released as soon as the showing is over, Mr. Treon said.

## Homemakers To Hold Annual Meet Here October 9

The county Homemakers will hold the Annual Day meeting Thursday, October 9, in the Woman's Clubhouse. Plans are being made for a very interesting program to which all club members are invited.

An early date the rules of the club will be printed in these columns and the entire set-up will be explained in detail. Parents are asked to call Prin. Edd Filbeck at the city school and make known their reaction to this movement now in progress.

## Funeral Services for Miss Elvyn Wimberly Held Tuesday

Mary Elvyn Wimberly, 27, was buried in the Hicks Cemetery, across the river, Tuesday afternoon following her death at her home in Concord Monday, September 23.

Miss Wimberly had been ill for the past eight years. She graduated from the Linton, Ky., high school in 1933 and had made her home with her parents, Mr. and Mrs. R. Wimberly, at Concord for some time.

She is survived by her parents, three brothers, Homer, Fred and Bailey Wimberly, all of Concord, and one sister, Margaret Wimberly, and several uncles and aunts.

Funeral services were conducted by the Rev. John Wiley Outland with the Churchill Funeral Home in charge.

## Yanks Wins First From Dodgers

The New York Yankees, behind the masterful pitching of "Big Red" Ruffing, took the opening game of the 1941 World Series Wednesday over the Brooklyn Dodgers 3 to 2.

A record crowd of 70,000 watched the Yankees hit the first home run from across the river and caught its first thrill in the second inning when Joe Gordon, second baseman of the Yankees, hit one into the left field stands for the first home run and score of the series.

Curt Davis was shelved from the game by a first of a parade of Brooklyn hurlers, but "Red" Ruffing, with 17 years of big league experience behind him, stood the Dodgers on their heads when he threatened to score.

## Murray Gridders to Meet Crucial Tests This Week

Coaches Preston Holland of the Murray Tigers and Jim Moore of the Murray Thoroughbreds expressed their opinions that the coming games with the Mayfield Cardinals and Eastern Kentucky Maroons, to be played at Mayfield and Richmond Friday night and Saturday afternoon, respectively, will be ample tests of Murray's grid strength this year.

The Murray Tigers will go into the game with a record of 1-1. The Thoroughbreds will be undefeated with a record of 2-0. The Mayfield Cardinals and Eastern Kentucky Maroons are both undefeated with records of 2-0.

#### • OUR COUNTRY •

Preparedness does not always mean to be ready with arms and men to combat an enemy in the field. It does not mean equipment, force, or leadership of a military nature alone. To be fully prepared one must have all the inner resources and behind-the-line activities jelled into a composite whole, directed toward a common goal with sacrifice as the watchword going into the lead. Is America prepared? Is the mass of labor, getting more than ever before for its efforts, really behind those boys and men who have given up similar jobs to take up arms in defense of America? Is it fair to them to delay and cause them to have to stay longer, waiting for equipment long overdue to train themselves in its use? Can labor, with its selfish interests, or rather that selfish group in the main body of labor, maintain its true allegiance to this nation and strike in vital industries?

We cannot afford a breach or a break in the ranks or chain that is giving life to our defenses. We must reach a common plane of understanding. This is an emergency greater than the selfish interests of a few, and must be handled in a way that will promote the common welfare. America is bigger than a privileged few. Its ideals and way of life is for all to enjoy. Let's get down to the plane of common sense and see that it is OUR government—for the people and by the people—and those hitches that stop production will again go forward as a well drilled football team moves toward the goal line.

#### • BUY LOCALLY NOW •

Calloway County people will perhaps have more money this fall and winter than in the past decade. Even in this day of rapid communications and inter-community trade, each small town is sufficient to itself in most matters. This goes to the limit in the case of local business and industries. Only the business transacted in the limits of the individual town and county benefits its people.

Many of our citizens cannot realize what spending most of their money at home would mean to the community, and think that the trade-at-home idea is for the other fellow. Many of our most prosperous families buy the majority of their needs in the larger cities. This is not conducive to their own interests or to those of the rest of the people who reside in Calloway County.

Especially is it necessary to encourage the trade-at-home idea at the present time, with many of our people absent from home, working in defense industry, and the like. The reduced number of people buying here will reduce the income of merchants and the general prosperity of the community unless everyone pulls together and gives their business to local merchants and professional men.

No cooking school ever turned out a finer product than a negro slave, who didn't have too much education to be polite to her masters.

Odd, but the season is now here when the hero of a football team is always running and trying to get away. The style-makers who tell you exactly what to wear don't always show you how to pay for it.

The average purchaser of an automobile is not as interested in the price as he is in the terms.

Always, this great republic does things in a big way. It never builds a national defense down to a price.

#### WHAT OUR NEIGHBORS THINK

##### Where Tobacco Is a Drug On the Market

While Agricultural Experiment Station experts are trying out the whole Burbank bag of tricks to evolve a nicotineless tobacco for smokers, a group of West Tennessee farmers in the Kentucky-Tennessee Black Patch are cultivating, under no less expert supervision and with desperate eagerness, a type of tobacco extraordinarily high in nicotine content.

This "nicotiana rustica" species may be the economic salvation of growers in the fire-cured dark tobacco section whose market is practically reduced to the requirements of snuff manufacturers and whose surplus is collateral in the hands of Uncle Sam. The demand for their product, present and in prospect, is down to about a fourth of what it was when the export trade was flourishing.

Nicotinic acid is described as the pellagra-preventing element of the "vitamin B complex." About 220,000 pounds of it is anticipated need for the enrichment of flour and treatment of pellagra. The acreage necessary to produce that quantity can be roughly calculated; but it must take a good many plants to yield so much extract even where conditions are propitious for a juicy leaf that can be dried only over a fire. The July estimate was 58,000 acres of tobacco in the Black Patch, a fourth less than last year. If production for chemical content, as is likely, requires intensive cultivation, the profit motive should confine the acreage to the capacity of available farm labor.

What is one man's poison is another's medicine, and may the Black Patch prosper from this therapeutic venture. —C. —er Journal.

#### This Week In Defense

##### Navy Ships

Fourteen new ships were launched in "Liberty Fleet Day" ceremonies held at shipyards on Saturday, September 27, at Baltimore, Md., Los Angeles, Calif., Richmond, Calif., Portland, Ore., Quincy, Mass., Chester, Pa., Kearney, N. J., Pascagoula, Miss., Seattle, Wash., and Wilmington, Del. The Navy announced launching of the battleship Massachusetts, three minisubmersibles, and a guided missile submarine chaser, PCGS-1.

##### Aid to Britain

The Navy Department announced 15 British and Free French warships currently in United States ports, and said 12 others already have left U. S. ports where they have put in for repairs or supplies. The War Department said 59 officers and enlisted men of the British armored corps are studying American methods at the Army Armored Force School at Fort Knox, Ky. —Treasury Secretary Morgenthau has already repaid in gold "a little more than half" of the \$10,000,000 advanced by the U. S. Treasury to Russia in August.

##### Small Business

Assistant Attorney General Arnold, speaking at Yosemite, Calif., said "there is not an organized basic industry in the U. S. which has not been restricting production to avoid what they fear may be ruinous overproduction after the war." They have concealed shortages by over-optimistic predictions about supplies. Mr. Arnold also said "a few strategic labor unions were working the American consumer one billion dollars a year through labor restrictions on production by strikes and boycotts for illegitimate purposes, price-fixing, restricting labor-saving devices, elimination of small competitors, and owner operators and 'tying up huge industries in the struggle to determine which of two unions shall dominate the field'."

##### Small Business

Director Doolittle of the OPM Contract Distribution Division announced between 100 and 200 efforts to help small shops and businessmen get defense work will be opened soon. Already scheduled are offices in Hartford, Conn., Providence, R. I., Youngstown, Dayton and Columbus, O., Indianapolis, Ind., Rochester and Albany, N. Y., Portland, Me., Springfield, Ill., Springfield, Mass., Trenton, N. J., Wichita, Kan., and Spokane, Wash. Existing offices at Harrisburg, Wilkes-Barre and Allentown, Pa., will be enlarged and the present 39 offices of the abolished Defense Contract Service will continue to operate, he said.

##### Small Business

Mr. Doolittle said 56 major defense contractors to appoint "farmington" directors to cooperate in spreading defense work among small firms. He also announced defense contracts with five aluminum war companies forced to abandon civilian production by shortages and priorities. Contracts such as these to avoid community hardship can be negotiated up to 15 per cent above minimum prices. Performance bonds can be waived and bid splits allowed to enable pools of small firms to obtain contracts for this and other work.

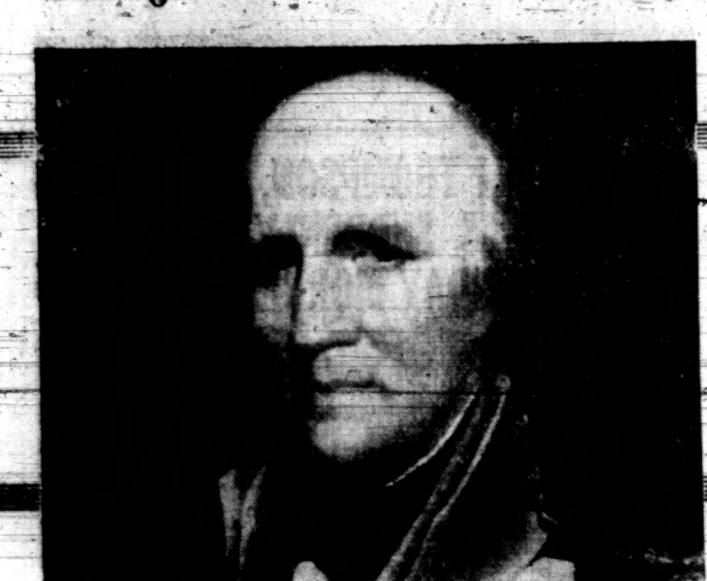

##### Small Business

Assistant War Secretary McCloy, speaking in Jackson, Mich., said the U. S. has an army and an air force in the sense that one is in process of production. Some of its elements are prepared to meet any foe. Yet that army is just becoming an army. He said the army has the full amount of the fundamental weapons—infantry, machine guns, artillery, grenades—but does not have its full equipment of light and medium tanks, anti-tank and anti-aircraft weapons. He said there is sufficient equipment for training but heavy production will not come until this winter or next spring. He said the Army has much to learn about the tank, plane and anti-tank plane combination and "we still have a long way to go in our equipment."

## "Telling Kentuckians of Kentucky"

**GEORGE ROGERS CLARK IN KENTUCKY**

By Hambleton Tapp,  
General Chairman, George Rogers Clark Memorial Movement

George Rogers Clark, perhaps to as great an extent as any famous Kentuckian, belongs to the entire state and not just to one community. This fact is being realized more and more as the campaign for funds—September 15 to November 19—for an adequate memorial to him gains momentum. Any spot throughout the state is an appropriate site for a memorial to him.

Clark as an eager young pioneer made more than one trip back to Virginia over the Wilderness Trail to transact political and military business vital to the safety and even the life of Kentucky. He traversed by flat boat the entire course of the beautiful Ohio, blazing the trail of American freedom and carrying the torch of American civilization. While residing at Harrodsburg, in 1776 and 1777, he conceived and planned the bold move into the Northwest, to save Kentucky from annihilation. Near the site of our state capital he, in 1778, helped establish a settlement, Lexington. The great expedition into the Northwest was launched in 1779 from Corn Island at the Falls of the Ohio—the expedition which saved Kentucky and conquered an empire for the new nation. He founded Louisville. He spent some time in western Kentucky at

Fort Jefferson, on the Mississippi River. He lies buried in Cave Hill Cemetery, in Louisville. Surely George Rogers Clark belongs to all Kentuckians.

When Clark, in 1775, as a bold, handsome, young man of twenty-three years stood on the high lands overlooking the Kentucky River, he beheld a land more beautiful and lovely than any yet seen. He gazed thrilled and enthralled; it was as gorgeous as a new Eden. He determined to live in it, at all hazards, and make it a safe place for others. From that happy time until the bleak day, as the end approached, when he set in a wheel chair at Locust Grove, decrepit and old, one leg gone, the other paralyzed, helpless, poverty-stricken, wracked with pain, neglected by his government, almost forgotten by the people, he never ceased to love Kentucky. He had practically given his life, and lost his health, his fortune and his hope of comfort and happiness, for Kentucky.

For his courageous services and his noble sacrifices, Kentucky has done little to show her gratitude. Now she has the opportunity. The plan to raise funds for a memorial to him is very simple: No person is asked to make a large contribution, as the individual gifts range

mostly from five pennies to a dollar. Every Kentuckian has the opportunity to have a part.

Each school child is asked to give five pennies, each teacher twenty-five and each member of a club or society one dollar. The schools, particularly the high schools, senior and junior—and the graded and consolidated schools are asked to present by November 19 (Clark's birthday) some form of entertainment—play, pageant, movie, carnival, bazaar, athletic contest—asking the public to attend, and to donate the money made therefrom to the Clark Memorial Fund. In addition, special gifts will be solicited from a list of interested persons, particularly in and around Louisville. It is hoped that in these ways \$100,000 will be raised.

Many states owing Clark far less than does Kentucky—Ohio, Indiana, Illinois, Virginia, Missouri—have erected magnificent memorials to his memory, Indiana's memorial at Vincennes costing more than \$2,000,000. It is hoped that every Kentuckian will take an active part in making possible this memorial which, for more than a century, Kentucky has failed to raise. The Filson Club, Louisville, is general headquarters for the Clark Memorial Movement.

#### Letter to Editor

U. S. Naval Base  
Quantanamo Bay, Cuba  
September 14, 1941

Dear Sir:

It has been six months since I was in the recruiting station. I have been through training and have been here in Cuba for two months. I read in our Navy magazine that boys in the Navy should write home to let them know how they are doing so I thought I would write.

I always wanted to join the Navy. So when I was finally old enough to get in, I signed up. I have appreciated every minute I have spent in the Navy, and I have seen many different cities and islands. I think every boy would enjoy a term in the Navy, and these are trades of all kinds to learn. You have three full meals a day. I am now drawing \$36.00 a month and \$30.00 extra for ration money. In November I will be eligible for seaman 1st class and that means more pay. I think that no boy will go wrong by signing for the Navy.

Yours truly,  
Fred Jones, Seaman 2nd Class

#### DEFENSE BOND QUIZ

Q. Has the Government set a quota to be raised through the sales of Defense Savings Bonds?  
A. No; there is no quota and no time limit. The Defense Savings Program is to be a continuing effort, and both Defense Bonds and Stamps should be purchased steadily and regularly.

Q. Why were the Nation's retail stores asked to sell Defense Savings Stamps?  
A. American retailers were not asked—they volunteered through their national organizations to undertake the sale of Defense Savings Stamps on a vast scale.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association, or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.

## ARTS BUILDING TO BE COMPLETED BY JUNE, SAYS DOYLE

"We are expecting the new fine arts building on this campus to be completed by June 1, 1942," said Prof. Price Doyle, head of the fine arts department at Murray State College today.

This new concrete block and brick structure, 95 by 185 feet in size, is being built northeast of the college auditorium as a WPA project, and its value is estimated at \$124,000 by Miss Alice Keys, executive secretary.

The board of regents of Murray State College sold \$60,000 worth of bonds to Stein Brothers and Boyce, Louisville, on April 10, and the bonds are to be retired out of additional fees charged students using the facilities of the new building.

The first floor of the new building will contain rooms for Sock and Buskin dramatic club, Portfolio Club, Alpha Psi Omega, Phi Mu Alpha, and Sigma Alpha Iota. Also on the first floor will be a lounge 75 feet square in which dances may be held, according to Mr. Doyle.

On the second floor will be six classrooms, studios, space for offices, and a small auditorium which will be two stories in height. The third floor is to have 48 small practice rooms and art rooms complete with skylights.

Within the new building, which is to be finished in painted cinder block, will be entrances from the ground floor to the stage of the present auditorium and entrances from the present stage to the second floor of the new building.

Meeting with Mr. Richmond to authorize the construction of this building were the following regents: Charles Ferguson, Smithland; C. E. Crume, Clinton; Claude Winslow, Mayfield; George Hart, Murray; G. Tandy Smith, Paducah, is architect in charge.

There are 25 different types of ships on which a U. S. Navy man may sail.

3,200 cooks and bakers prepare 720,000 meals per day for the U. S. Navy.

## Four Graduate Courses to Be Offered During Fall Semester

Dr. W. G. Nash, dean of Murray State College, has announced that four courses open to graduate students only will be offered for the 1941 fall semester.

Each course carries two semester hours of credit and six weeks of residence may be secured by successful completion of any two of the courses. By taking work on Saturday throughout this year and returning for the summer session of 1942, a graduate may receive his degree by August, 1942.

Courses to be offered will be: Curriculum Construction, Educational Sociology, Advanced Educational Psychology, Personnel Problems in School Administration and Supervision. Registration for these courses will take place Saturday, September 27.

The tuition fee is \$3 per semester hour, and there is an additional library fee amounting to \$1.25.

## MONEY TALKS

By FREDERICK W. STAMM, Economist and Director of Adult Education, University of Louisville

The greatest tax bill in history, estimated to raise over 15 billion dollars, was signed last week by the President. Very few American citizens or American families will escape paying higher taxes.

Of major importance is the lowering of the income tax exemption for the single person to \$750 and the married person to \$1,500. This means that every single person making more than \$1,440 a week and every married couple making more than \$2,880 will have to file an income tax return next March 15. It is estimated that over 4,900,000 people will file income tax returns for the first time.

This law includes a new 40% tax on electric and gas appliances, sporting goods, photographic apparatus, and luggage and a 5% tax on electric light bulbs and radio tubes.

If you have a telephone, you will notice a 6% tax on your local telephone bill. If you should use long distance service, you must pay a 10% tax. You may not buy a new automobile next year, but even so, you must pay a \$5.00 Federal usage tax on your old car. If you should buy a new one,

Above is pictured the Safety Exhibit that will be at the Calloway County Fair which will continue through Friday. The exhibit is under the supervision of Lt. G. W. "Bluff" Carr of the State Highway Safety Department. This is the exact exhibit as shown in

the tax will no longer be 3% but 7%. Every time you light your pipe, cigar, or cigarette with a wooden or paper match, you will be helping Uncle Sam to pay the was cost for the new tax-on matches is 25 per thousand. Do you go to the movies? If so, you will pay larger taxes on your admission tickets. If you enjoy Paul Whiteman's swing music or the New York Philharmonic Symphony's recordings, you will find the price of records up due to taxes.

He will be a poor man indeed who will not pay taxes. He cannot smoke, drink, own a car, use a telephone, go to a movie, buy a

deck of cards, buy a box of matches, send a telegram, buy a ticket on a bus or railroad (costing more than 35c), buy furs, jewelry or cosmetics, go to a cabaret.

There is an old saying that only two things are certain—"death and taxes"—and many Americans will realize this year for the first time that this old saying has a modern version.

## Sesqui-Centennial Pageant To Be Given at Murray

Plans for a pageant celebrating Kentucky's sesqui-centennial in 1942 are being drawn up by a committee in charge of the Murray program to be presented here sometime next May.

Tentative arrangements for the program in commemoration of the hundred-and-fiftieth anniversary of Kentucky's entrance into the union involve a number of scenes built around the following themes:

1. Political history of Kentucky.
  2. Kentucky's scientific and industrial development.
  3. Kentucky's contribution to the arts.
  4. Kentucky's military contribution.
- This program is one of a group and similar pageants will be produced over the entire state. The Murray production will also be presented in surrounding towns and cities.

The Murray committee, composed of college faculty members and appointed by Dr. James H. Richmond, president of Murray State College, is headed by Prof. Price Doyle, head of the fine arts department. Other members include Prof. W. H. Fox, music director; Miss Helen Thornton, dramatics director; Mrs. Mary Ed McCoy Hall, art director; Dr. C. S. Lowry and Dr. Forrest Pogue, directors of historical research.

## Pontiac at The County Fair

H. L. Pryor, of the Pryor Motor Company, local dealers for Pontiac automobiles, stated today that the public would get the first glimpse of the new model Pontiac at his booth at the Calloway County Fair.

The new Pontiac is a picture of streamline work, according to Mr. Pryor, who is anxious for Calloway County to see this new car.

## NAVY CALLS MEN FOR TRAINING IN ENGINEERING

The Navy Department has issued a special call for young men able to train in engineering duties. Commander T. H. Escott of Officer Procurement Division, B. The Navy Recruiting Station at Louisville announced today. He stated that the Navy has special needs for men of Engineering caliber, and will train them at Officers Training Schools for work of in this line of duty.

Men who qualify for this training will be sent to New York City and to the Naval Academy at Annapolis, Maryland for study. The training period is of four months duration, and consists of academic study and practical application. At the end of the training period student Midshipmen will be commissioned Ensigns in the United States Naval Reserve and called to duty in work of their capacity. While on active duty they will be eligible to the same pay and benefits of officers of their rate in the regular Navy.

Training for engineering officers is open to white males between the ages of 20 and 28 who are unmarried. It is required that applicants have a college degree in engineering or have completed at least four years of college work which must include four semesters of college mathematics, and a course in chemistry and a course in physics.

Commander Escott stated that men who get commissions will be subject to active duty until the end of the emergency.

## New Ford to Be Shown Friday

Edwin Stokes, of the Stokes-Smith Motor Company, announced today that the company's show rooms would be open to the public Friday to allow them to see the new 1942 Ford cars.

Mr. Stokes stated that the factory had been under terrific production strain in order to allow the dealers to have these cars, and he expressed the opinion that the public would be pleased with the new changes made in the models.

During the training period U. S. Navy recruits gain an average of 15 pounds each.

ray St.  
Eastern "Cricket" Perdue, former  
Maroon star and graduate of Mur-  
Richmond College was named  
student of the Murray Res-  
NYA project on Tuesday,  
ember 23. He became per-  
sonal director of the Murray pro-  
on July 2, 1941.

He succeeds A. L. Townsend as  
superintendent who resigned re-  
cently to accept the assistant  
principalship of Dixie Heights  
High School, Kenton County, Ky.  
Mr. Perdue, a graduate of Mur-

the "Thoroughbreds" grid squad in  
1931. He was a member of the  
Sack and Buskin Club, the "M"

Following graduation from Mur-

Present plans of the new super-

## VEGETABLE MONEY-RAISING "ROUTE"

My husband has always sowed a  
few radish, mustard, and other  
seeds on his tobacco beds for home  
use and 10 years ago I carried 12  
bunches of mustard to the store, re-  
ceiving 5 cents a bunch for them.  
This gave me an idea. Next spring  
we planted a bed in early vegeta-  
bles to sell for extra money. From  
that small start we now have a  
daily route through our town al-  
most all the year, selling to stores,  
hotels, hospitals, and private homes.  
We supply all kinds of vegetables  
and fruits, potato, tomato, and pep-  
per plants. I have sold many live  
and dressed chickens and eggs, too,  
at a few cents above the market  
price due to quality.

Two years ago our 14-year-old  
son, fattened 8 hogs as a Future  
Farmer project. The market was  
so low we were afraid he was go-  
ing to lose on them so I suggested  
that we kill one and grind it into  
sausage to carry on the route. The  
whole hog was sold in one day, and  
we made enough to pay us well for  
our labor. That winter we butchered  
13 hogs and the past winter 21.  
We grind hams, sides, and shoulders  
into sausage which we put in white  
cloth sacks in one- to seven-pound  
sizes. Some of these we smoke with  
hickory wood. Then we sell the  
backbone, head, feet, liver, and the  
lard. We also raise corn, hay, tobacco,  
and have six dairy cattle. Mrs.  
Hallett Stewart, Cathey County,  
Kentucky.

was the \$10 prize in the Progressive  
Farmer's Money-Raising Contest. It  
was published in a recent issue of  
that well known farm paper.

of the Murray project occurred  
this summer, when James L. Crass,  
former personnel director, accepted  
a position with the Farm Security  
Administration at Hardinsburg.

## Come To CHURCH

### FIRST BAPTIST CHURCH

The morning hour will be de-  
voted to a genuine consecration  
service for all, but more particu-  
larly for all those recently elect-  
ed to serve in the Sunday School  
and Training Union for the year  
beginning October 1, 1941. This  
service is one of very great im-  
portance and very helpful to all  
who attend it. The officers, teach-  
ers, secretaries and all workers  
of the Sunday School and the di-  
rector and all helpers of the Train-  
ing Union are expected to attend  
as are all the members of the  
church and friends.

The pastor will preach at the  
evening hour, choosing for his sub-  
ject "THE THEN OF THE  
CHRISTIAN'S LIFE."

Every Sunday meets every  
Lord's Day at 9:30 with classes  
for all ages taught by Bible-lov-  
ing teachers and directed by faith-  
ful officers. After a brief but  
helpful opening service in each  
department by departmental su-  
perintendents, the classes all repair  
to their respective rooms for the  
study of the Bible lesson for the  
day in rooms separated from all  
other rooms. The school is under  
the care of faithful, competent  
and women deeply spiritual  
and devoted Bible-lovers and  
workers.

Training Union, with a union for  
every age, beginning with the Story  
Telling Hour. The leaders of this  
very important part of the church  
life and work earnestly desire the  
presence and support of all the  
members of the church in order to  
build a more efficient Union for  
training Christian church mem-  
bers for better and more noble  
living and serving at home and  
abroad.

Mid-week meeting every Wed-  
nesday evening at 8 o'clock. The  
members usually conduct this  
meeting with great helpfulness to  
all who attend it. They have  
praise, prayer, gospel songs, Bible  
teaching, testimony and uplifting  
fellowship. This meeting is for all  
the people as well as for the  
members.

The church cordially invites all  
the people to worship here when-  
ever they can do so. Here you  
will find friends, fellowship and a  
warm, hearty welcome. A most  
cordial welcome is extended to all  
students. Our church is deeply an-  
xious to serve all to the limit of  
her ability through all her minis-  
teries and members.

Sam P. Martin, Pastor

### ALMO CIRCUIT

Next Sunday, October 6, will be  
recognized throughout Methodism  
as "World Communion Sunday."  
Realizing the cry of hunger among  
the races of men, your churches  
are challenged to approach this  
occasion in a spirit of compassion,  
by observing first Friday evening  
fast and prayer, second, Sacred  
Saturday, spending nothing for  
the lesser luxuries on that day  
and, thirdly, the First Sunday of-  
fering for World Service.

Subjects for the Temple Hill  
and Independence worship hours  
will be "Mission Vision" and "The  
Truer Glory." May the Father of  
our Lord Jesus Christ increase  
our faith and grant each member  
sufficient grace to overcome all  
hindrances that His will may be  
accomplished through the humble  
in heart.

### FIRST CHRISTIAN CHURCH

Charles Thompson, Pastor

SUNDAY—  
Bible School 9:30 a. m. A. B.  
Austin, superintendent. This is  
Rally Day! Each class has accept-  
ed attendance goals. Let's rally  
for a fine year's work. Promotion  
will be given in the children's de-  
partment.

Morning Worship 10:30 o'clock.  
This is World Wide Communion  
Sunday. This interdenominational  
and world-encompassing observance  
began only last year. It received  
wonderful response. Some pastors  
found it necessary to hold two  
services to care for all those who  
came to the Lord's table. Every  
member of this congregation is  
urged to be present at the Lord's  
Table this Sunday. "You and  
Your Church" will be the pastor's  
sermon topic.

Christian Endeavor 6:30 p. m.  
One of the largest groups of young  
people to meet in this church was  
present Sunday to organize work  
for the coming year.

Evening Worship 7:30 p. m.  
Sermon—"The Old Path." We  
were delighted to have a col-  
lege crowd back with us last Sun-  
day. Service lasts 45 minutes.  
Don't miss it.

The Church Board will meet at  
6:30 p. m. R. L. Wade, chairman.  
The 100th Annual State Con-

vention of the Christian Churches  
of Kentucky will meet at Hender-  
son, Ky., October 7-9th. Rev. B.  
F. Cate of Madisonville is pres-  
ident. Dr. B. J. Corey of the Bible  
College, Lexington, is program  
chairman.

Plan to attend every service of  
our Revival Service to be held  
October 19-30. Mr. and Mrs. Paul  
Page, evangelistic singers, will ac-  
company the pastor.

### KIRKSEY CIRCUIT

R. F. Blankenship, Pastor

Our revival closed at Mid-  
way Sunday at noon, resulting in  
seven conversions and four access-  
ions to the Church.

Quarterly Conference  
Our fourth quarterly conference  
will be held at Coldwater, Wed-  
nesday, October 8.

Kirksey  
Our revival meeting will begin  
Sunday. Lord's Supper will be  
observed at 11 a. m. Rev. E. A.  
Phillips of Benton will assist in  
the revival services.

Regular services will be held at  
Coles Campground.

Approximately 50 carloads of  
phosphate have been delivered to  
Bourbon County farmers.

### METHODIST CHURCH NOTES

Sunday, October 6, is WORLD  
COMMUNION SUNDAY and thou-  
sands of congregations will use  
the day not only for the sacra-  
ment of the Lord's Supper but also  
as day of special prayer for the  
stricken people of the war torn  
countries. This is a WORLD  
WIDE movement and we shall be  
glad to cooperate with the Method-  
ist church at Murray.

ALSO, this is RALLY DAY, or  
PROMOTION DAY, in the Sun-  
day-schools of the Methodist  
church, and the church will honor  
the officers and teachers of the  
Sunday-school by serving them  
FIRST at the Lord's Table at the  
morning worship hour. We hope  
that every officer and teacher of  
the Sunday-school will be pres-  
ent for this consecration service.

The pastor will preach at both  
the morning and evening services  
and he joins with the congrega-  
tion in inviting the visitors and  
with us. Those of other denomina-  
tions will hear no word of un-  
kind criticism of those who differ  
from us in their interpretations of  
the Bible. We "think and let  
think" and hold out the hand of  
Christian brotherhood to all who  
love our Lord.

Our young folks meet at 6:45  
each Sunday evening with an in-  
teresting program. Your young  
folks might enjoy these meetings.  
October 1 marks the beginning  
of the Sunday-school year in the  
Methodist church so we will look  
for you next Sunday. Get a good  
start and stay with us all the way.  
The Women's Society of Chris-  
tian Service will meet on Tues-  
day afternoon, October 7, and  
every Methodist woman in Mur-  
ray is invited.

J. Mack Jenkins, Pastor

### PIC SUPPER

There will be a pic supper at the  
Health School Saturday night, Oc-  
tober 4. Everyone is invited to at-  
tend.

## Ag Instructors To Convene at Murray State

The fall conference for teachers  
of agriculture will be held at  
Murray State College on October  
3 and 4. The opening session of  
the conference will be at 2 p. m.  
on Friday, October 3.

Three sessions are scheduled for  
the teachers—Friday afternoon,  
Friday evening, and another on  
Saturday morning.

The tentative program is as fol-  
lows:

Friday, October 3  
2:00-3:30 p. m. "Seeing Our Job"  
Mr. Woods

3:30-4:30 p. m. "The Significance  
of Our Work"  
Mr. Hammons

7:00-8:00 p. m. "Our Responsibility  
in the OSY Defense Train-  
ing Program"  
Mr. Hilton

Mr. Woods

## PILOT TRAINING WILL BE GIVEN, DR. HIRE AVERS

Applicants Are Healthy,  
Says Ground Course  
Instructor

Civilian Pilot Training will be  
offered this fall at Murray State  
for the third straight term with  
the healthiest list of applicants  
ever to enroll in the course, said  
Dr. Charles Hire, instructor of the  
ground course. Only one of 11  
applicants who have taken the  
physical examination is in doubt  
of passing.

The students who have passed  
the physical examination and are  
qualified to take the course are:  
Charles Severs, Kenneth Keene,  
John Her Granger, Latta, Rob-  
Gingles, Theodore Stegal, Howard  
Ferguson, John Bennett, Raymond  
Hicks, and Thomas Howard.

The Knapp Flying Service, under  
the direction of Thomas Knapp,  
will replace the DaVania Flying  
Service which operated the flying  
instruction course last year. Lieut-  
enant DaVania was called into  
active service in the Army Air  
Corps. Edward Glour and Clyde  
Brown will give flight instructions.

With these healthy boys and  
well conditioned equipment this  
should be the best group of pilots  
ever turned out by Murray, com-  
mented Dr. Hire. Instruction will  
begin next week when the class  
is organized and the physical ex-  
amination finished.

## in peace or war . . . the RAILROADS SERVE KENTUCKY and the NATION

### Railroads Spent \$71,322,897 in Kentucky in 1940

For fuel, mate-  
rials and sup-  
plies the rail-  
roads last year  
paid \$18,646,339 in 377 Kentucky  
cities and towns. In wages they  
paid \$47,376,558 to 28,694 Kentucky  
citizens. And in taxes they paid  
more than \$5,300,000 to the State,  
counties, cities and school districts.  
Thus, their total contribution to  
Kentucky's economic welfare in 1940  
amounted to \$71,322,897. Similar  
payments were made in all other  
states.

### Efficient Mass Transportation Is Essential

Still more im-  
portant, the rail-  
roads at all times  
support the na-  
tion's economic welfare by providing  
highly efficient mass transportation.  
Preparation for national defense  
largely depends on mass transpor-  
tation by railroad. The emergency  
and magnitude of the defense pro-

gram impose a stupendous burden  
on the railroads. The railroads are  
doing the job. They will continue  
to do it because they have the plant,  
the manpower, the skill, the tradi-  
tion of service that such a task  
requires.

### The Twofold Contribution to National Welfare

The railroads  
carry over their  
own roadways  
the bulk of the  
national transportation load in peace  
and in war. Most of the \$4,297,000,000  
which the public paid for railroad  
services last year was turned back to  
the public in wages of employees,  
purchases of materials and supplies,  
and direct tax support of the schools  
and of city, county, State and Fed-  
eral governments. Less than 1% on  
the investment in railroad property  
was paid to the stockholders who  
own the railroads and furnish the  
service.

### Stella Gossip

Saturday, September 27, the colored minstrel show exhibited their skill in the court house yard with brass band music, which engaged the attention of a large crowd both white and colored. The band then marched orderly to their big minstrel show tent.

Something awful came to pass here Wednesday night, September 24. A tropical equinox storm raged for eight hours. But Jones tobacco barn at Linn Grove was destroyed by fire as was also the barn of Gus Geurin, near Elm Grove. Clarence Morgan's which was housed in the John C. Morgan barn and Guthrie Smith's tobacco which was also in the Morgan barn, near Coldwater bridge. The loss was estimated at about \$700.00.

It seems that Clarence Morgan is a target of bad luck. A few years ago a tornado destroyed his barn of tobacco; then three years ago high water from west fork of Clark's river ruined his entire tobacco crop and also a part of his corn crop. That farm consists of 50 acres of river bottom land. Several years ago Bill Adams' dwelling burned up. Then later, John E. Morgan's house and contents burned to the ground. Before then, Boyd Bedwell lost his entire crop of tobacco by fire and also his dwelling went up in smoke.

Judge Potts said fire burned over about 10 acres of timber and field land in his neighborhood Friday p. m. Then, too, Walter Cook let a grass fire get out and played heck all over hill and dale. Of all sad things of tongue or pen, the saddest, it is to see a man's home and contents burned to the ground. Mr. and Mrs. Rex Watson, Rex Watson is principal of the Farmington High School, Mr. Pendergrass lost the greater part of his best crop of tobacco during the wind storm of September 24. Harry Potts, assistant principal of Farmington High School, and his two brilliant young sons, ages 7 and 10, passed through here recently enroute to Red Bay's home in Penny. They all will read this item, 'cause Harry is a subscriber to 'The Ledger' & 'Times'.

Miss Rubie Scott from out Concord way, visited her sister, Miss Ruth Scott one night last week at her temporary home at Jim Cochran's at Stella. Surely can make the dollar get up and totter.

Mr. and Mrs. Callie Hale, Murray, motored to Detroit to see Mr. and Mrs. Bob (R. B.) Rogers and Gladys last week. Bob and Mary were their good old neighbors in the 20's.

Jim Currier of Paducah sustained a broken leg in a football episode. Mac Pickels of "Santon" was, my grandson, was sent to the hospital after sustaining a dislocated knee in a game last year. I hope the Murray football teams are listening.

A couple of strangers were selling "stuff" to make hens lay—or double your money back. No good! Shoe did burn up. Always patronize your own home town—'Ole Eagle'.

### OUTLAND SCHOOL NEWS

By Thelma Cochran and Ruth Lovett

We are beginning this week with courage. We went to the community day at Almo Friday. We won the most blue, red and white ribbons and \$311.50 in cash. Everyone enjoyed themselves very much.

We are making toys and different things for the Red Cross to send to the blind children. We are also fixing Christmas boxes for the ones who wouldn't otherwise have any Christmas.

We have elected our Red Cross council. They are as follows: Duell, Burken, president; Harold Vernon Hopkins, vice-president; Verna Mae Boyd, secretary; Thelma Fay Cochran, treasurer.

We are sorry that Christine Miller is still not able to attend school.

We are studying very hard because this is exam week.

### Lynn Grove High School News

This week brings to a close the sixth week of our school term. Six-week tests were taken this week and grade cards will be issued this week.

A number of our students are planning to attend the annual county fair which is in session at Murray. Several of our agricultural and home economics students have entries in the fair.

As a project in connection with their recent study of contemporary literature, the junior and senior students have made individual poem scrap-books. Much interest and originality has been shown in this unit of work and the students have gained a greater knowledge and appreciation of modern prose and poetry.

The second month of school finds our cafeteria still being operated very efficiently. Appetizing and wholesome meals are planned and served each day. The greater per cent of the students are eating in the cafeteria at the rate of seven cents per day. Our menu for next week is as follows:

Monday: Creamed potatoes, sliced tomatoes, stewed prunes, new peas, corn muffins and ice cream.

Tuesday: Creamed potatoes, baked peas, beans, beefs and hot biscuit. Sliced tomatoes.

Wednesday: Canned sweet potatoes, apple sauce, green beans, sliced tomatoes and hot biscuits.

Thursday: Fresh peas, potato salad, stewed prunes, beefs, hot biscuit and sliced tomatoes.

Friday: Vegetable stew, sliced tomatoes, corn muffins and fresh apple roll.

Our shop equipment was used to an advantage last week when the boys reconditioned several broken down chairs.

The grade department will present the operetta "Goldenlocks and the Three Bears" on October 10. Rehearsals have begun and colorful costumes are being designed. Watch this column for further announcements.

Visitors for the past week were Mrs. Vernon Butterworth, Mrs. Eugene Rogers, Mrs. Elsie Ruth Smith, Treasie Wright, Claudene

## MURRAY FROSH PREPARE FOR PENSACOLA TILT

The Murray State Frosh are practicing for their fourth annual game at Pensacola, Fla., with the United States Naval Air Base, on October 18.

The 1941 edition of Yearlings is the smallest squad in recent years. There are only 20 men working out daily under Freshman Coach John Miller. During the past few years the freshman squad has had at least two full teams.

The Frosh squad, as well as the varsity, has been hard hit with injuries. Bernard Devlin, back, is suffering from a serious knee injury and it is doubtful if he will be ready for the opening game. Michael Bruchieri, tackle, and Harold Carlisle, center, are missing practice because of ankle injuries but Coach Miller expects them to be ready in a few days.

Ends John Burchfield, Evansville, Ind.; James Stewart, Asbury Park, N. J.; Ed Gibbons, Portsmouth, O.

Tackles: Michael Bruchieri, Cleveland, O.; James Arwood, Ripley, Tenn.

Guards: Powell Puckett, Shelbyville, Ky.; Hubert Briscoe, Shelbyville, Ky.; Charles Walsh, Ripley, Tenn.; John Underwood, Newman, Ill.; Bernard Devlin, Portsmouth, O.

Others out to make the squad are: Harry Dubia, Hickman, Ky.; Thomas Trimble, Hardin, Ky.; John Prichard, Vincennes, Ind.; and Don Brumbaugh, Porterdale, Ga.

The Freshman football schedule follows:

October 18, United States Naval Air Base at Pensacola, Fla.

November 7, University of Tennessee Junior College at Martin, Tenn.

November 14, Western Frosh at Murray.

## Munday Opens New Unit

Ray P. Munday, operator of Munday's Super Service Station located on the corner of North Fourth and Chestnut, announced today the opening of a new feature and the only one of its kind in Murray. He will operate an all-night lunchroom in connection with his service station under the capable direction of Mrs. Coleman McKee.

Mr. Munday stated that he hopes to make this new station the only one of its kind in Kentucky and to give to the motorists of this vicinity a complete one-stop service that will enable them to be on par with any service unit in the larger metropolitan areas.

The formal opening is scheduled for Saturday. See details in other part of this paper.

Every large ship in the U. S. Navy, and many of the smaller ones, publish a daily press sheet in mimeographed form. The items are picked up by radio.

All men in the U. S. Navy, and Naval Reserve are paid twice a month. They receive no coins but are paid to the nearest dollar.

R. G. BAYNAM Says:

"I see people in this town smoking Marvels when I know very well they could afford twice as much as Marvels cost. So it isn't just because Marvels cost less. It's because they give you real quality."

## UNCLE SAM'S SAILORS ON HORSEBACK SEE PANAMA FROM THE SADDLE

No, the U. S. Navy doesn't have a cavalry unit, but many a sailor straddled broncho or plow horse for the bounding main. The sailors in whites above are seamen in the U. S. Naval Reserve on shore leave in Panama. No dismounting is made between sailors in the Naval Reserve and those in the regular Navy. Enlistment in the U. S. Naval Reserve is for four years, but all men enlisting in the Naval Reserve will be released to inactive duty as soon after the national emergency as their services can be spared, regardless of the length of time remaining in their enlistment. If the emergency ends within a period of several months, those enrolled in the Naval Reserve will not be required to complete their 4 year term in active service.

## Holland Holds Tigers to Straight Football to Trample Dawson 27-0

## Band Presents "Red, White, Blue" Between Halves

Coach Ty Holland preferred to keep his Murray High Tigers "game wares" here Friday night as the Murray gridders, using only straight football, easily outplayed Dawson Springs to roll up a 27-0 victory.

The Murray High band, under the direction of Director Inglis, presented a patriotic formation which, according to the spectators, equalled any performance ever seen on the gridiron. With lights out the band formed an outline resembling the flag. At a given signal from their director, red, white and blue lights appeared to give the patriotic setting. The band members went into a complicated maneuver to give the effect of a flag waving in the breeze during this time the band played stirring patriotic numbers. A big ovation as they marched to their positions in the stadium.

Another feature of the entire game was the recently organized elementary cheering section which went into action with the whistle and kept up a constant roar as the gridders moved the ball.

Phyllis Farmer, Betty Lou Beach and Bobbie Jo Rogers, who were attired in snappy gold uniforms, led the group in their yell.

The game was a rout as the gridders out added enthusiasm from the elementary section, the little leaders kept up a routine of acrobatic stunts.

Murray won the toss and Dawson chose to defend the north goal. Alexander kicked to Saunders on the 15 and returned the ball to the 45. Gibbs, for Murray, sustained an injury to his elbow and was removed from the game with Mason taking his place.

In the first play from the scrimmage line Polly took the ball and behind good blocking and his own footwork, crossed the goal line with the ball game not yet a minute old. Williams try for extra point went wide. Score 6-0 Murray.

Williams kicked off with the ball going to Alexander on the 16 yard line. Following an attempt at the Murray line and a recovery of his own fumble, Young punned to Polly on Murray's 45.

Polly lost 1 yard at the line and then on the next play dashed around his own left end for 25 yards and a first down on the 15. Buchanan split the line for 3 and on the following play failed to gain, but picked up a first down on the 5 yard line. Williams took the ball to the 1-yard line and then again went over the right side of his line to score. Coach Holland substituted freely and kept reserves running into the lineup for the remainder of the game.

To begin the half Dawson received and following two incomplete passes kicked to Murray. Buchanan picked up 1 yard around his own right end. Starks picked his way through left tackle for 6 yards. Starks sub-outside the tackle to pick up 3. The touchdown drive was stopped when Hamrick fumbled and the ball was recovered by Dawson on her own 16.

N. Young for the visitors plunged the line for 5 yards. Alexander's tackle was incomplete and then Saunders paved the way to Murray's third touchdown when he made a magnificent block of Young's punt which was recovered by Crider on Dawson's 11-yard line. Buchanan smashed his way for 5 yards where Williams took the ball over and converted to make the score 10-0 Murray.

The final Murray score came in the final quarter as Polly went left tackle for 9 yards; Buchanan turned on to pick up 10 yards and a first down on Dawson's 32. Buchanan ran around his own right end for 6 and then following a time-out for Dawson as Smith was injured, carried the ball to the 11. On the following play Buchanan romped around right end for the marker and the score read Murray 27, Dawson 0.

## Students Welcomed At Chapel Exercise

Welcoming all old and new students to Murray State College in the first chapel program of the semester here September 24, Dr. James H. Richmond, Murray State president, said "There isn't a campus—said in the state of Kentucky than the campus of Murray State College."

Murray's president added that the hardships must be earned through hard work, and stated "I doubt if any group of young Americans ever gathered on a college campus at a more serious time than this."

Rev. J. Mack Jenkins, pastor of the Murray Methodist Church, was in charge of the devotional service for the chapel program, which was held in the college auditorium.

## NYA TO ASSIST 37 YOUTHS IN COUNTY SCHOOLS

National Youth Administration jobs will enable approximately 37 youth in Calloway County to continue their education during the 1941-42 school year, Robert K. Salyers, state youth administrator, announced.

An allotment of \$182.00 per month, to be distributed among nine schools has been granted this county. A school official, appointed by Mr. Salyers as a non-compensated official of the Federal Government, will administer the NYA program in each of the schools. This official will choose the youth to be given jobs and outline the work to be done. To earn their money, youth might cook or help in the lunch room, repair books, chairs, desks, help with construction or landscaping on the school grounds, do clerical work in a school office, serve as recreational leaders, or they might do a number of other kinds of work beneficial to the school they are attending. Youth between the ages of 16 and 24 who could not continue in school without financial assistance are eligible for NYA work.

In this county, the schools granted NYA funds are: Almo High School, Douglas High School, Fox on High School, Hazel High School, Kirksey High School, Lynn Grove High School, Murray High School, Murray Training School, New Concord High School.

The total NYA allotment for schools in the state is \$234,716. This will provide work for about 5,200 youth.

Thanks to the Kentucky Quartette that sang many beautiful songs at this church last Sunday evening. The quartette is composed of Chester Marine, Rudolph Howard, Jesse Key and Oury Key with Mrs. May Dell Taylor at the piano. Come and sing again, Kentucky Quartette!

The death of Jim Thompson Sunday morning was quite a surprise to relatives and friends. He lived near Green Plain Church. Mrs. Molly Clanton Thompson, his widow, spent many years of her school days in Gunters Flat vicinity.

The storm that swept through here last Wednesday night blew down several trees and did other damage, especially in blowing off fruit from the trees, which was not quite ready for harvesting. A tobacco barn at Crossland, belonging to Galon James, containing tobacco was burned to the ground. The tobacco in the barn represented nearly the entire crop of Gilles Lamb and the loss was heavy.

Mr. and Mrs. Lube Brown and Charles Humphreys visited Mr. and Mrs. Grover Dunn and family at Puryear last Sunday week. Mrs. Sarah Smotherman spent Friday night in the Dunn home after attending the funeral services of her cousin, Marshall Province, at Puryear Friday afternoon. Mr. Province is survived by his widow, Mrs. Evie Job Province and five children, all grown, and five grandchildren. Mr. Province was known by a number of persons in this community and was a consecrated Christian gentleman.

Another month of school work has been completed with great interest being manifested by all students. Those making all A's and B's during the month and being neither tardy nor absent are as follows: C. A. Bucy and Thomas D. Forrest; fourth grade, Anna Brown Ridings; sixth grade, Jean Parker and Alma Groom.

There were others who made all A's and B's but were either tardy or absent. The children were very enthusiastic while preparing a box of toys, they have just completed for the Red Cross. Through these toys they hope to increase the pleasures of others less fortunate than they. This is a good method for teaching children the worth of the Golden Rule.

Hugh Alexander has been unable to work since he stuck his nail in his ear last week. He was helping tear down the house of Mrs. Zora Hendon's. A more modern building is to be erected in its place.

Mrs. Frances Rogers spent the first of this week with her sister-in-law, Mrs. Dyrus Stubblefield and Mr. Stubblefield. Mrs. Hilda Patterson returned home Sunday after having spent the latter part of the week with Mr. and Mrs. Thomas Harris.

Mr. and Mrs. Cullen Forrest and family were Sunday guests of Mr. and Mrs. Jake Forrest.

Mr. Edd Yarbrough is on the sick list.

Bro. Lax took dinner with Mr. and Mrs. Emerson Hall, Sunday after filling his regular appointment at New Hope.

Visitors in the home of Mr. and Mrs. P. E. Stubblefield Sunday included Mrs. Anna Kindred, Mr. and Mrs. Math Rye, Mr. and Mrs. James Kindred, Virginia Kindred, Mareille Stubblefield and M. W. Henry.

Misses Apal and Ilae Erwin returned home Saturday night following a few weeks' visit with relatives in Michigan.

Mrs. Bill Wrathe returned home last week from a visit with her sister, Mrs. Madford Orr, and Mr. Orr and children, Martha and Bettie Orr.

Mr. Dick, of Michigan, was a week-end visitor with his aunt, Mrs. Frank Clark and family.

Toscoe Shradah, reared in Smotherman district and who with his family had lived at Hazel and later at Paducah, died at his home there last Friday night. The remains were brought to Pleasant Grove Sunday afternoon following a short service at Paducah was buried in the church cemetery.

He was a consecrated Christian and had spoken to his congregation on his readiness to meet his Saviour. Besides his widow he is survived by five children who are all married. Low Shradah of this community is a brother. Mr. Shradah had been in poor health for quite a while.

Sympathy is extended to those who have lately been bereaved by death of loved ones.

Ben Hill of Detroit came home last week and underwent an appendectomy at the Murray clinic. He is reported as recovering nicely. Mrs. Hill accompanied him home.

## Ground Broken at UK for Highway Research Laboratory

Ground has been broken for the new \$22,000 Highway Materials Research Laboratory at the University of Kentucky, which will be located opposite the new home economics building on the University campus.

The laboratory will be a two-story structure costing around \$22,000 and housing equipment valued at \$20,000. A driveway for deliveries with space to park 20 automobiles will also be built. Site and plans were approved last spring by the University Board of Trustees. F. Paul Anderson, Jr., alumnus of the University, will be in charge of the building.

The main floor of the building will be used for testing concrete, the second floor for asphalt tests. The roof will be used to expose slabs of material to weather conditions.

Three of the laboratory's freezing units for concrete and a mixer have already been received. Large wooden structures equipped to freeze the units will be kept in the engineering department until completion of the new building.

University officials will take part in the work of the laboratory after its completion, which will be within five months.

## Junior Red Cross News

We were unable to complete organization of County Councils for elementary and high schools of the county because there were not enough pupils present. Those who attended were Robert J. Moore and Bill Pogue, City School; Duell Burke, Outland School; and Marjorie Wolfson, Training School. Teachers attending were Miss Mattie Treadwell, Mrs. Raymond Wathen, Mrs. Estelle Outland, Mrs. K. Jones, Mrs. Lowry Rains, W. B. Moser, Miss Mary Lassiter, Mrs. Belle Moore, Miss Mareille Morris, Mrs. Pauline McCoy, Mrs. Louella Foster and Mrs. D. C. Arnett, members of the County Committee were also present.

Plans were made by this group for some of our national and international service. "Pledges were made by the schools represented to assist in supplying favors and games to veterans' hospitals, in making toys for blind children, in making menu covers for use in the navy, and in filling Christmas boxes which will go to children in foreign countries.

We are also distributing wool and cotton thread to any schools which are starting beginners' knitting groups. We will knit washcloths, afghans, and mufflers.

In each week's column, beginning with this one, we wish to explain some phase of the Junior Red Cross work. This week we want to speak of the Service Fund. The Service Fund is just what its name indicates—a fund, to be used for service. We have three fields of service—local, national and international. All the money earned for Junior Red Cross goes into this Service Fund. Up to this time schools joining the Junior Red Cross sent in 50 cents for each elementary grade enrolled and one dollar for each hundred or fraction of a hundred "high school pupils. No other money was turned in. This year we hope to put enough money in the Service Fund to take care of next year's enrollment fees, to contribute to the National Children's Fund, to help buy material to make books for the blind, and to help in any local project which the Calloway Juniors wish to undertake.

If each school in the county will turn in five cents per pupil, we will have enough to pay our next year's enrollment and some left for other things. A record will be kept of the amount turned in by each school. Their enrollment fees will be paid from the amount turned in by them. If your school is already enrolled your Service Fund money can be turned in any time before January 15, 1942. If your school is not enrolled, turn in your money before November 30, 1941.

Some schools are keeping special little banks in their rooms and are filling them for the Service Fund. They may be made of painted cans or boxes and may be filled by joint effort of the children or by individual donations. Some children are earning money for the Service Fund by giving up a picture show for one afternoon, or doing without chewing gum or candy for one week. All the Juniors of Calloway County are working on a scheme to make money by saving old toothpaste and shaving cream tubes. At the Fair we will have a container for these tubes and want everybody in the county to bring all the old tubes of any kind and to help us fill our box. After the Fair this container will be kept at the first floor of the Courthouse so you can continue right on throughout the year saving tubes. We will also save tin-foil and other metal foils that come around chewing gum, cigarettes, etc.

Plans Morgan is on the sick list this week.

Punch Allbritton spent a few days this week in New Concord as the guests of relatives and friends.

Elmus Brandon was carried to the Keys-Houston Clinic Monday morning for treatment.

Mrs. W. B. Scruggs, who has been confined to her bed for some time, is slightly improved at this writing.

Mr. and Mrs. Everett Lamm, Mr. and Mrs. Ralph Lamm and Mrs. Mills Talmage of Roswell, N. M., were called here because of the death of their mother and grandmother, Mrs. Jim White.

## Fruit Jar Sales Up 100 to 500 Per Cent

A survey made by County Agent Kenneth A. Brabant showed that sales of fruit jars and jar tops in Breckinridge County were 100 to 500 per cent over last year. "Breckinridge County-farmers are certainly responding to the 'food for defense' and 'make the farm feed the family' program," says Mr. Brabant.

Mrs. Claude Duncan, of Hardinsburg, has about 1,100 cans of fruits, vegetables and meats in her cellar. About half were canned this season. Included are beef, pork, beans, corn, pickles, squash, blackberries, cherries, plums, apricots, grapes, cabbage, tomatoes, vegetable mixtures for soup, beets, pickled onions, many kinds of preserves, pickled cabbage and pimiento, pickled eggs, rhubarb, gooseberries and kraut.

Within four months after enlistment, U. S. Navy recruits automatically receive a 70 per cent increase in pay and a promotion to a higher rating.

## TOUCH-DOWN TACTICS

UNIVERSITY OF MINNESOTA by Bernie Biterman Head Football Coach

This is the third in a series of six outstanding diagram plays by leading college coaches from Grantland Rice's new Cities Service Football Guide.

The reverse play diagrammed above has shown consistently good results for us over a period of years. The fullback receives the ball, takes a short lead to the right and passes it to the wingback who has made a half pivot to his left and continues around the left side as fast as he can. This play depends largely on speed, and everything has to be done in a precisionlike manner.

Although this diagram shows an unbalanced line to the right we use this same formation from which we run plays through any spot of the line, or throw forward passes. The principal blocking assignments are on the line of scrimmage until the play gets into the open field. For that reason it can readily be seen that speed and precision are paramount if this play is to succeed.

### Living From The Farm

By RACHEL ROWLAND, Home Demonstration Agent

The excellent suggestions for preparing and packing the school lunches are given in "Lunches for School Children", Circular 365, which may be obtained from the University of Kentucky.

1. Plan the lunches in advance for several days at a time, keeping in mind the requirements for an adequate and appetizing lunch and the foods needed to supplement the child's morning and evening meals.

2. Set aside a convenient section in the cupboard for supplies and equipment needed to pack school lunches, such as wax paper, paper napkins, small covered jars, paper cups and cartons and lunch containers, thermos bottle, rubber bands for holding sandwich wrappers in place, paper spoons and forks.

3. Can vegetables, fruits and meats in small containers to use in preparing lunches.

4. Store perishable foods in a refrigerator or other cool place so they will be fresh and appetizing.

5. In preparing the meals for the family one day, keep in mind the school lunch for the next by preparing enough dessert to have some left over, by wrapping in oilpaper and storing in a cool place bits of meat, cheese, and vegetables for making sandwich fillings.

6. Since the packing of lunch must often be done hurriedly, it is well to check menus and supplies the day before. See that materials for sandwich fillings are chopped, ground, or sliced, and ready to use. Check the supply of salad dressing, bread, and butter.

7. Keep the lunch box and the thermos-bottle sweet and clean by washing them at night and leaving them open all night.

8. To make sandwiches which are tasty and appetizing, use thin slices of bread cut in different shapes from day to day; spread the entire slice with softened butter to keep the filling from soaking into the bread and making it soggy; mix the salad dressing with sandwich filling just before spreading; spread the filling to edges of bread and thick enough to be tasty; wrap the sandwiches neatly in waxed paper.

9. Wrap raw vegetables, cakes and cookies in waxed paper.

10. Put soft foods which cannot be wrapped—puddings, fruit sauces, custards—in small covered containers.

11. If possible, use a thermos bottle for cold or hot milk, cocoa, or soup.

12. Include two paper napkins, one to be placed on the desk and one to be used as a napkin.

13. Include eating and drinking utensils of metal or paper, as needed.

### On The Records

By Franklin P. Inglis

Thanks to the faith and perseverance of three great English conductors—Sir Thomas Beecham, Sir Adrian Boult and the late Sir Hamilton Harty—music lovers have witnessed a revival of interest in the orchestral music of Hector Berlioz. Although historians readily admitted Berlioz's mastery of orchestration, his harmonic daring, and his originality as a composer, they condemned the greater portion of his works because of the large number of instruments required for their performance, their radical departures from classic form, their "unorthodox" melodic lines, and their excesses of romanticism. Today, the recording companies are allowing us to form our own opinions about the music in question.

Strangely enough, the Berlioz record is not much larger than that of Beethoven, though his lapses in formal structure are no more startling than those of the latter. Listeners find his melodies are pleasing and easier to grasp than those of Beethoven, and that his exuberant vitality is a sincere expression of Berlioz's man.

Sir Adrian Boult and the BBC Symphony Orchestra offer two magnificent recordings, overtures by Berlioz—"The Judges of the Secret Court" and "King Lear". The former is an eminently youthful and enthusiastic creation, with . . . bold and amazingly effective orchestration, while the latter is a riot of color and melody, a worthy and welcome addition to the list of recorded music of the "Boult path" (Victor Set M-903, 6 sides).

The Czech Philharmonic Orchestra, Vaclav Tachn conducting, helps to commemorate the hundredth anniversary of Dvorak's birth with a recording of his colorful "Carnival Overture". Interesting and authoritative it is, but the recording is not up to Victor's usually high standards. There is lack of resonance and contrast. Climaxes are passed without sufficient "build-up" and the cymbal player is entirely too timid. Old as it is, Frederick Stock's thrilling performance of this work is preferable, while a more recent and equally good version is available by the Boston "Pops" Orchestra.

The Victor company has an attractive offer for music-lovers this month. From September 20th to October 15th, the company offers two brilliant recordings of Johann Strauss' "Emperor Waltzes" (Ormandy and the Philadelphia Orchestra) and Gounod's "Ballet Music from Faust" (Fiedler and the Boston "Pops" Orchestra) on a "buy either one—get the other free" basis. Recordings and interpretations of both works are excellent. The "Emperor Waltzes" are a "buy either one—get the other free" basis. Recordings and interpretations of both works are excellent. The "Emperor Waltzes" are a "buy either one—get the other free" basis.

TOPS IN POPS

Victor Dance: This week we salute Kay Kyser and his Orchestra for his fine platter of "After Tomorrow" and "I Love You More, More Every Day". Guy Simms sells the latter with personality plus (Columbia). Claude Thornhill's band is running with "Concerto for Two" and "Jim". Fine piano and clarinet, and Kay Doyle is tops in "Jim" (Columbia).

Also good is Dick Jurgens and his orchestra in "Dream Dancin'" (Decca) and Horace Heidt's boys in a fine arrangement of the country popular "Sheepskin Skunk" (Columbia). The reverses of these records are slightly different versions of "Delightful Juggernaut" is the better, but the fun is mine.

### Thwarted Ambition Turned Edna Ferber to Writing

Edna Ferber is frustrated. In spite of a brilliant career as a writer, in spite of an enviable reputation in the literary world, the well-known authoress can't submerge an ambition she's harbored since she won the state declamatory contest just before graduation from Ryan High School in Appleton, Wisconsin.

The award, writes Irving Druzman in the August issue of Cosmo-

politan magazine, fired a spark to further her dramatic talents. Fu-

rious when her family imparted the news that they couldn't afford such training, she marched out in a rage and got herself a job on the Appleton Daily Crescent, and became the first female reporter in town. As a girl reporter she did a man's work, says the Druzman article, covering the courthouse, the main street, interviewing celebrities, all for the meager sum of three dollars a week.

After five years of journalism, Miss Ferber's ambition broke, and she turned to writing magazine fiction, selling practically everything she turned out. Her recognition was her lot, says Druzman, when she wrote the famous Emma McChesney stories. Emma was a woman, salesman, and her adventures were the subject of some thirty stories, always centered for loudly on the office of her when she published her third novel "The Sisters". It traced three generations of Chicago old money, a tremendous success (some consider it to be her best work) and set the stage for such best sellers as "So Big," "Show Boat," "Cimarron," "Come and Get It," and the current Cosmopolitan serial "Saratoga Trunk".

Now, in her early fifties, Edna Ferber is a short, rather handsome woman, Druzman reports, with a head of thick curly white hair, heavy-set brown eyes under a high brow and spectacularly creamy complexion that is the envy of all her female friends. A woman of tremendous mental vitality, she set the stage for such best sellers as "So Big," "Show Boat," "Cimarron," "Come and Get It," and the current Cosmopolitan serial "Saratoga Trunk".

Tricked by circumstances out of a professional stage career, Miss Ferber has made up for it by acting, while a more recent and equally good version is available by the Boston "Pops" Orchestra.

### Irvin Cobb Book Club to Begin Sixth Year Friday

#### Membership Open to All Book Lovers

The Irvin Cobb Book Club will begin its sixth year with the fall meeting to be held on Friday afternoon, October 3, at three o'clock at the home of Mrs. F. E. Crawford.

The club library has grown from a very small beginning to five hundred books at the present time, and new ones are constantly being added.

Anyone desiring membership in the club may join by paying the annual fee of \$2.25. Mrs. Scherffus, Mrs. W. J. Caplinger and Mrs. N. P. Hutson form the membership committee.

### College Alumni Board Holds Meeting

The first fall meeting of the executive board of the Murray State College Alumni Association was held Monday evening at three o'clock at the Woman's Club house.

Dinner was served at a long table which was artistically decorated with fruit and flowers in the color scheme of blue and gold. Hand-made place cards further emphasized the chosen color scheme.

During the dinner a delightful program of society numbers was presented by Misses Jane Jones, Carolyn Carter and Lottie Fay Hart with Mrs. T. R. Jones at the piano.

Adron Duran of the association, president of the business session. Every class from 1926 to 1941 inclusive had a representative present. Committees were appointed to take care of the membership drive for 1942, the program for homecoming, headquarters and advertising for the Western game at Bowling Green, special contributions, plans for increasing enrollment at the college, annual space, and scholarships to be awarded in the spring.

Dr. James H. Richmond was among the special guests at an interesting and emphasizing past benefits derived from the Alumni Association and making suggestions for the association can do for the college this year. Other guests were Dean W. G. Nash and Mrs. Nash, Mr. and Mrs. L. J. Horton, Dr. F. W. Carter, Miss L. ### Miss Catherine Gatten Weds Kenneth Stringer

In the home of Mr. and Mrs. B. Ford, South Sixth Street, was solemnized the wedding at 4:00 p. m. Sunday, September twenty-eighth, of Miss Catherine Gatten, daughter of Mr. Casper Gatten, Sabine, O., and Kenneth Stringer, son of Mr. and Mrs. Amos Stringer, Lebanon, Junction, Ky.

The ceremony was performed by the Rev. J. Mack Jenkins, pastor of the Methodist Church of Murray.

Miss Mildred Gatten, Louisville, sister of the bride, was the maid of honor. The groom's father was the best man.

The ceremony took place before an improvised altar of ferns decorated with white gladioli and lighted with candles.

The bride wore a shoulder corsage of tallies and roses and the groom wore a boutonniere of tallies and roses.

Following the ceremony, Miss Merrie Erickson sang "Because" and following the nuptial vows, the bride sang "I Love You Truly." She was accompanied at the piano by Miss Ruth Cove.

The bride, an attractive brunette, graduated from the Sabine High School, Sabine, O., and in May completed her work for a B.S. at the William Mason Memorial Hospital School of Nursing, Murray, Ky., where she has resided in Murray for the past three years, made many friends while in the city.

Mr. Stringer graduated from Birmingham High School, Birmingham, Ky., and later received his degree from the Bowling Green Business University of Bowling Green, Ky. He holds a responsible position as an accountant with a large business firm in Louisville.

An informal reception was held at the apartment of the bride's sister, Miss Margaret Gatten, at the Ford home, following the rites for the bride and groom.

The bride and groom were accompanied by the bride's father, Mr. Casper Gatten, Sabine, O., and Mrs. T. H. Lundstrom, Nashville, Tenn. Mr. and Mrs. Ray Allison, Bill Allison and Mr. and Mrs. Dave Harper, of Paris, Tenn. Mr. and Mrs. W. E. Whitehead and Mrs. May Walker of Beech Valley, Ky. Mr. and Mrs. S. R. Allison, Guthrie, Ky. Mrs. E. S. Allison, Paducah, Ky. and Mr. and Mrs. C. B. Ford, Miss Shirley Johnson, Miss Helen Irene Anderson, Miss Hilda Brown, Mrs. W. F. Skinner and Ralph Wear.

### Alpha Department Holds Meeting

The Alpha Department of the Woman's Club held the first fall meeting Saturday afternoon at the club house. Hostesses were Mrs. B. F. Scherffus, Mrs. C. S. Lowry, Mrs. E. B. Howton, Mrs. F. D. Melton and Mrs. R. A. Johnston.

The chairman, Mrs. E. J. Beale, conducted the business session and introduced new members. Mrs. E. B. Howton was elected secretary and treasurer to fill the vacancy caused by the resignation of Miss Jane Haselden. The club voted to have the next meeting on October 16 instead of October 23 because of a conflict with the college homecoming game.

Mrs. C. S. Lowry, chairman of the program committee, introduced Mr. and Mrs. Charles G. Wilder who presented a very interesting program. Mrs. Wilder sang a group of Indian songs accompanied at the piano by Miss Marjorie Palmquist. Mr. Wilder gave an interesting discussion on Mayan Civilization which he illustrated with slides with the assistance of Mr. Spears. During the social hour Mrs. Wilder entertained with whistling numbers, with Miss Palmquist at the piano.

Delightful refreshments were served by the hostesses.

### Mt. Hebron Society Holds Meeting

### New Date Frocks Add Rhythm To College Girl's Wardrobe

By CHERIE NICHOLAS

PROBABLY "full credit for chic" won't be listed on college report cards this fall, but it's one course that is getting plenty of "grading," the country over, as college girls settle down to the routine of classroom and campus life.

According to a recognized authority who annually advises hundreds of college girls on how to buy and how to wear clothes, as part of the functionalized "how to live" curriculum on a Midwestern campus, grooming has a significant influence on the adolescent girl. There is a relationship between success and a feeling of well-being which springs from the knowledge that one's best self is being expressed through proper habits of posture, dress and general bearing.

Following the delectable dinner Miss Claire Penton conducted a short business session and a program was presented. Miss Marjorie Arnett played "Elegie in C Sharp Minor" by Nollie. Miss Penton's violin number was "Allegro Vivace" by Seitz, with Miss Eleanor Hise at the piano. Miss Marion Treon played "Sonata" by Chopin, and the concluding number was "Rigoletto Paraphrase" by List, played by Miss Eleanor Hise.

**Magazine Club Meets With Mrs. Higgins**

The Magazine Club met last Thursday afternoon with Mrs. Solon Higgins at her home on Main Street. Mrs. Higgins was assisted in receiving and entertaining her guests by Mrs. Marvin Whitnell.

In the absence of the chairman, the vice-chairman, Mrs. W. J. Gibson presided. The program consisted of travelogues based on summer vacations of the members. Mrs. Higgins told of her trip through the Smoky Mountains and to St. Simon's Island. Mrs. W. J. Gibson reviewed her travels along the Gulf Coast and to Viequesburg, Mrs. G. C. Ashcraft's subject was California and points of interest en route, while Mrs. A. LaFollette's report consisted of her trip to New Mexico and a visit to the Will Rogers Memorial at Claremont, Oklahoma.

A social hour followed during which the hostess, assisted by Mrs. Whitnell, served a party plate. Individual cakes were daintily embossed in the club colors of violet and yellow.

The guest list included eighteen members and the following visitors: Mrs. H. B. Scott of Horse Cave, Mo.; Mrs. J. H. Rowlett, Amarillo, Tex.; Mrs. J. D. Rowlett, Mrs. J. M. Jenkins, Mrs. Marvin Filton and Mrs. J. H. Coleman.
