CROWD SEEMED TO BE WITH SMITH

The campaign for commonwealth's attorney between Hon. Denny P. Smith and Mr. J. B. Allensworth opened last Monday at Hopkinsville. The large court house was full of representative voters of Christian county, and reports say the discussion between the candidates was of the highest character for gentlemanly debate. It was naturally supposed by those not acquainted with the facts that Christian, being Mr. Allensworth's home county, the crowd would be for him, but the unanimous opinion of those who heard the speeches is that the crowd was very largely for Mr. Smith, according to the sentiment shown during the debate, and also by the expressions in the congregation as it dispersed. The expression was also heard frequently from individual voters that the valuable services rendered the people by Mr. Smith during his term of office, and his ability as commonwealth's attorney to protect the people in the enforcement of the law make it now desirable that he be retained in the office.

In his speech Mr. Smith replied to Mr. Allensworth's charge that Trigg county has had the office of commonwealth's attorney much more than Christian has had it in the following language:

"Mr. Allensworth bases his claim to nomination for commonwealth's attorney largely upon the statement which he makes that Trigg county has had the commonwealth's attorney for a longer time than Christian has had it. That is a plea for votes based upon a sentiment which has no business reason to support it, even if it were true. But the charge is not based upon the facts. Major Jas. B. Garnett, whom he says held the office so long, is a native born son of Christian county, and remained in it till after he became a lawyer, and any effort to take from you Christian county people the honor of producing that brilliant man and able officer is an effort to pluck from your crown of achievement one of its brightest jewels. Christian county gave to the district also Col. W. R. Howell to take the shoes of the matchless Garnett.

"But if you charge Trigg county with all the terms of Mr. Garnett because he made it his adopted home, I answer that we are proud of the charge; I answer that in him we gave the district the greatest prosecuting attorney Kentucky ever produced, and we gave it a service as patriotic as the career of Ney upon the field of glory and a record as brilliant as a star.

"Christian county now has the judge and will have that officer for six more years without opposition. With this record what has Christian county to complain of? What else do you want? I believe I gather from the response you now give that Christian county is pretty well satisfied with what she has, and that this is Mr. Allensworth's race, and not Christian county's race. I believe I see in your faces that you do not want the earth.

"The gentleman himself came here from Todd county, and after he had been here awhile he got mad at you about something (you know what it was) shook the dust of the county from his feet and went to McCracken county. Then he came back to you again, and again he shook the dust of Christian from his feet and went to Oklahoma, and now he has

come back again and is paying the New Era ten cents a line for an advertisement (that is the way it is marked) in which he tells you he is your favorite son, and that you are all for him. He publishes that same advertisement at ten cents a line in the Calloway papers. I am glad he did so, for if he had not you never would have heard that you are all for the Colonel in this race. He has gone here and there so often for one whim or another, or from one fret or another until now we do not know whether to address him as the gentleman from Oklahoma, the gentleman from McCracken county or the gentleman from Christian. If he wanted an office in either of those places he could just as truly pay the papers to advertise him as the favorite son of McCracken or Oklahoma.

"The gentleman praises Mr. Garnett and makes no objections to the wisdom shown by the people to keep him in office three terms. In fact he indorses that wisdom because he declined to run for commonwealth's attorney after Maj. Garnett had held it two terms. We know he wanted to run for he says he has always wanted to fill the office. But he talks of Jefferson's opposition to life tenure in office. Of course we all agree with him and Mr. Jefferson on that. The people have the right and ought to have it to turn out an inefficient and unfaithful officer at the end of his term, or before it by impeachment, and I think they should have the right to recall most officers by vote before their terms end if they are not faithful, but because the people keep a faithful officer in office more than two terms they are not violating Jefferson's theory of rotation in office. The commonwealth's attorney is every man's private attorney in the protection of his home, his people, his life and his rights of property. What citizen turns off the lawyer who has done his legal business well for ten or twelve years to get a new one just because he has done his work well for ten or twelve years? Who turns down his faithful merchant or grocer, or turns off a good hand, or swaps off his family horse just because they have served him well for years? But that is the reason you give why I should be turned off, along with the other reason that Trigg has had the office so long, when the fact is Christian has had it more than Trigg, has the judge and will have the judge six more years."—Cadiz Record.

White Man With a Black Liver

The liver is a blood purifier. It was thought at one time it was the seat of the passions. But few cases of any importance have come up for trial this week in the circuit court. The grand jury is still in session but will possibly adjourn today. The principal cases will be disposed of by Saturday afternoon, leaving only minor civil and equity cases for the last week of court.

Mr. J. F. Teague, of Carbonate, Ill., and Miss Ethel Dodd, of Murray, Ky., were united in bonds of matrimony at the Caldwell hotel, this city, Sunday afternoon. The ceremony was said by Esq. W. T. Snow, Parisian.

"Bug" Brown Lands Good Job.

The Parisian of last week says regarding the appointment of "Bug" Brown, a former Calloway citizen and a brother of Mrs. J. B. Hay, of this city:

Mr. E. G. Brown, better known to every man, woman and child as well as the guard dogs, from Paducah, Ky., to the Mississippi river as "Bug," has been honored by the warden of the main prison with an appointment in the commissary dept., which commands a nice salary.

The position is one which "Bug" is splendidly qualified to fill and the warden has made no mistake.

The Parisian is so rejoiced over this appointment that it feels like writing a book about old Brown but, what's the use?

Everybody in the country knows that he is the kind of democrat who would suffer himself scalped before he would take back water.

Everybody knows that he is the kind of neighbor who never had anything that was too good to divide.

If you have got a grouch on you, he can slap you on the back and tell you a story that will cause the sun to shine, the dew to sparkle on the blossoms of spring and the discordant squawk of a peafowl to sound like melodies from the strings of a violin.

"Bug," we congratulate you and Mrs. Brown, and the only drop of bitterness in our whole cup of joy, is that your new duties will take you away from Paris.

Mr. Brown will leave Monday to take charge of his new position and we have asked him to express our appreciation to Gov. Rye, the Board of Control and the Warden.

Poultry and Eggs Wanted. Will pay 11c lb. for hens; 14c doz. for eggs; 10c lb. for beef hides, until May 1st. B. H. Pittman & Co., opposite Christian church.

ALMO VISITED BY A BIG BLAZE

Fire that started in the Chas. Hatcher livery stable at Almo last Saturday afternoon caused a property loss that reached a total of about \$15,000. The fire spread from the livery stable to the Winchester, Roberts & Smith Association tobacco barn and thence to a line of residence property just southwest of the factory, destroying the property of W. R. Weatherford, occupied by Mrs. Giles; Henry Elliott, S. A. Fakes, W. A. Beach, John Hopkins, and the residence and blacksmith shop of Walter Bradley, colored, located on the hill in the south part of Almo. The bulk of the contents of all the burned buildings were removed. Winchester, Roberts & Smith had about 50,000 pounds of tobacco in their factory. A north-east wind was blowing and owing to the very dry conditions prevailing it was impossible to check the flames before the above damage resulted.

The property loss is quite a heavy one. Hundreds of persons visited the scene of the fire and rendered valiant service in saving the contents of the buildings destroyed. The origin of the fire is not positively known but is generally supposed to have originated from a spark from a passing train.

Man Takes Own Medicine an Optimist

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists; they know this cough remedy will penetrate the linings of the throat, kill the germs and open the way to Nature to act. You can't nestle a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.

A Word of Appreciation.

Many were the kindnesses shown us by the Murray Surgical Hospital staff and many of the good people of Murray during the serious illness of Mrs. J. A. Hassell, for which we thank you more than words can express. Sincerely,

Glenn's Race Meeting Much Favor.

Senator S. R. Glenn, of Eddyville, met and made many friends here last Monday and Tuesday while in Smithland. His record as state senator for four years will bear the scrutiny and examination of the voters of his district.

Senator Glenn ranks as leader in the senate, and during his term he never missed a roll call, put through more measures than any other member and championed some of the best laws made by the general assembly of which he was a member. Mr. Glenn knows the needs of rural communities and with all his powers serves the people of his own district. His indorsement is practically assured. The people need him four more years and they are going to send him back to the senate.

The democrats of Livingston county always try to select good men for office and in the race for state senator, Glenn seems to please practically every democrat in this county, as far as the Enterprise has been able to learn.

Mr. Glenn has a pleasing address, affable and courteous, industrious and energetic, and

withal, a clever christian gentleman. It has been the writer's pleasure to know Senator Glenn from his youth, and without hesitancy, pronounce him worthy of the people's confidence and support, feeling perfectly willing to vouch for his conduct as a member of the state senate, and if any one wants further indorsement or recommendation of the distinguished senator, the Enterprise is willing to do that, and then, some more. —Smithland Enterprise.

Weekly Market Report.

This has been another quiet week in the market for both old and new leaf in hogsheads. There were no sale reported at all in Paducah and only a few in Mayfield. About 30 hogsheads of old common to medium leaf selling from 7 1/2 to 10 cents were sold this week, and while there were some inquiries for both old and new for common as well as wrappers, there have been no sales of any consequence. There is more inquiry and the indications of more business being done than there has been for some time.

We had a light rain at the end of last week, but not enough for a good handling season. At the same time some tobacco was ordered and deliveries on Monday and Tuesday were rather heavy, but since then they had been very light, owing to the dry weather, and we will not have much loose tobacco moving again until we have had a general handling season, which is badly needed to move the crop. The market has been some more active and prices are a little firmer in the country, as well as on the loose warehouse floors, where the offerings have been light. The snuff companies are buying more freely than they have done before for some time, and now all the large buying interests are in the field, but owing to the dry condition of the tobacco in the barn buying has not been heavy but with good handling weather we expect more activity and heavy receipts to the prize houses.

Farmers are making good use of the exceptionally good weather for preparing for this year's crop, and this far they have made more progress with plowing, corn planting and farm work generally, than usual at this season of the year. Plants are slow in coming up, but no doubt, with favorable weather, they will come along in due time. —W. B. Kennedy.

BETTER PRICES TO BE RECEIVED

The News-Democrat, Paducah, in a recent issue says:

That the tobacco growers of West Kentucky and Tennessee will receive a much higher price for their tobacco within the next few months was the substance of a statement made yesterday by W. R. Nagel, of the People's Warehouse, Ninth and Finley streets, to a reporter of the News-Democrat. "The supply of tobacco in Europe is practically exhausted and more must be purchased, at any cost, for tobacco is as essential to the soldier as are bullets."

Germany alone will buy in the Black Patch about 10,000 hogsheads of tobacco, while in all she must purchase about 25,000 hogsheads of the weed. "It is Germany's policy," said Mr. Nagel, "to keep a reserve supply of tobacco on hand amounting to about 10,000 hogsheads, and to buy each season about as much more. According to advices received from Germany tobacco dealers the present supply of tobacco in Germany is almost exhausted, or will only last about one month, and after that time Germany must have tobacco. Consequently Kentucky tobacco will experience a big rise in prices, which will enable the farmer to realize a profit from his weed, providing he can hold his tobacco until the appointed time."

The People's Warehouse is doing just exactly such work in Western Kentucky, enabling the farmer to hold his tobacco for better prices. The tobacco is prized by prizes of the Planters Protective Association in the various towns of the Purchase, and then can be brought to the People's Warehouse, where a loan of 60 per cent of the market value of the tobacco is advanced. This loan is made on a small rate of interest, and it is a long time loan.

When the tobacco can finally be sold, when the grower wishes, it is disposed of and the grower paid the full price, following which the grower takes up his note to the People's Warehouse.

The People's Warehouse has the effect of concentrating the tobacco in Paducah, where heretofore the weed was stored in the various small towns in West Kentucky and Tennessee.

There are now stored about 600 hogsheads of tobacco in the People's Warehouse, with constantly increasing numbers coming in. The heaviest deliveries are expected to come to this city during the latter portion of this month and the first part of May. The remaining portion of the new concrete floor at the warehouse, which is 150 by 300 feet, has been constructed, and affords an area of 30,000 square feet.

Springtime - Spring Goods

AT LAST it seems that we are to have some real spring weather and everyone's thoughts naturally turn to spring Wearing Apparel. The purchase of material for your Spring Dresses should be a matter of careful selection. You want to be sure that the style is correct, and you should be positive that you get the utmost value.

Claims, unfortunately, are not always actualities. Disappointments frequently follow close on the heels of a hurried purchase. In view of these things it is important to remember that we always stand back of every claim that we make for their quality and service; and also vouch for the high character of La Porte Dress and Wash Goods Styles. In these splendid lines we offer you all in the way of real quality you could ask for; in addition, that style and smartness demanded by the most discriminating dressers is also a certainty. The offerings of our Silk Dress and Wash Goods departments appeal to all women who are critical enough to want the best, keen enough to recognize the best and economical enough to appreciate the full value of a dollar. We go out of our way to insure absolute satisfaction and never consider a sale complete until this result is accomplished.

Quality after all is what you are concerned about when dress materials are selected. This is as it should be and it is the vital secret of our Dress Goods department's success. Service and dependability is what we demand of the mills and it is what we invariably guarantee to you. In again calling your attention to the ideals of this department of our store, we desire to impress upon your mind the fact that La Porte styles and qualities always satisfy. When you are ready to select the material for a gown, a frock, a dress or costume for any occasion, come and see how satisfactorily we can satisfy your requirements. Our Dress Goods customers say that this is a safe store for the reason that money paid on any purchase is always on deposit until they are perfectly satisfied with their purchase. You do not expect to buy a new dress every month, and when you do you ought to have the assurance that it is beyond commonplace, that is, stylish without being ordinary. Discriminating women who in past seasons have found it to their advantage to choose Dress Goods in this store say that La Porte Dress and Wash Fabrics are as exclusive in style as they are in quality and service.

This characteristic again emphasizes the supreme value of our advance showing of Summertime Styles. If you demand suitable Dress Materials for any kind of wear, something that is beautiful in weave, print or coloring, as well as being exceedingly serviceable, we urge you to visit our store and make selections. Remember that this is Murray's Exclusive Ladies' and Childrens' Store. We can supply all your needs in the Millinery line and in our Ladies' and Childrens' Low Shoes and Pumps we do not hesitate to say that we have the most complete line that is shown in Murray. The same Guarantee goes with every pair of our shoes; they must prove good or its no sale. If there is anything that is new in the ladies' and childrens' wear you will always find it here, and our prices are always the lowest on the same quality of goods. And we want to remind you that our entire Spring Offerings are made in the good old U. S. A., and we feel that we have the right to urge the people of Murray and Calloway county to buy their goods in Murray, or at least give your home merchants a look before going away from home to do your shopping. We are in a position to know that we can save you money on your spring bill. Yours to lead in that that is new.

How to Preserve a Husband— Be careful in your selection; do not choose too young; when once selected give your entire thoughts to preparation for domestic use. Some insist on keeping them in a pickle, others are constantly getting them into hot water; this may make them sour, hard and sometimes bitter. Even poor varieties may be made sweet, tender and good by garnishing them with patience, well sweetened with love and seasoned with kisses. Wrap them in a mantle of charity, keep warm with steady fire of domestic devotion and serve with peaches and cream. Thus prepared, they will keep for years.

"Bug" Brown Lands Good Job.

The Parisian of last week says regarding the appointment of "Bug" Brown, a former Calloway citizen and a brother of Mrs. J. B. Hay, of this city:

Mr. E. G. Brown, better known to every man, woman and child as well as the guard dogs, from Paducah, Ky., to the Mississippi river as "Bug," has been honored by the warden of the main prison with an appointment in the commissary dept., which commands a nice salary.

The position is one which "Bug" is splendidly qualified to fill and the warden has made no mistake.

The Parisian is so rejoiced over this appointment that it feels like writing a book about old Brown but, what's the use?

Everybody in the country knows that he is the kind of democrat who would suffer himself scalped before he would take back water.

Everybody knows that he is the kind of neighbor who never had anything that was too good to divide.

If you have got a grouch on you, he can slap you on the back and tell you a story that will cause the sun to shine, the dew to sparkle on the blossoms of spring and the discordant squawk of a peafowl to sound like melodies from the strings of a violin. "Bug," we congratulate you and Mrs. Brown, and the only drop of bitterness in our whole cup of joy, is that your new duties will take you away from Paris.

Mr. Brown will leave Monday to take charge of his new position and we have asked him to express our appreciation to Gov. Rye, the Board of Control and the Warden.

Poultry and Eggs Wanted.

Will pay 11c lb. for hens; 14c doz. for eggs; 10c lb. for beef hides, until May 1st.—B. H. Pitman & Co., opposite Christian church.

ALMO VISITED BY A BIG BLAZE

Fire that started in the Chas. Hatcher livery stable at Almo last Saturday afternoon caused a property loss that reached a total of about \$15,000. The fire spread from the livery stable to the Winchester, Roberts & Smith Association tobacco barn and thence to a line of residence property just southwest of the factory, destroying the property of W. R. Weatherford, occupied by Mrs. Giles; Henry Elliott, S. A. Fakes, W. A. Beach, John Hopkins, and the residence and blacksmith shop of Walter Bradley, colored, located on the hill in the south part of Almo. The bulk of the contents of all the burned buildings were removed. Winchester, Roberts & Smith had about 50,000 pounds of tobacco in their factory. A northeast wind was blowing and owing to the very dry conditions prevailing it was impossible to check the flames before the above damage resulted.

The property loss is quite a heavy one. Hundreds of persons visited the scene of the fire and rendered valiant service in saving the contents of the buildings destroyed. The origin of the fire is not positively known but is generally supposed to have originated from a spark from a passing train.

Glenn's

Senator Glenn, of Eddyville, met here last Tuesday while in State. His record for four years and his examination of his district.

Senator Glenn, during his term he never put through any other law but laws made by the people. Mr. Glenn knows all his powers served his own district. He is practically a people's man and they are glad to have him back to the senate.

The democratic county always has men for office and state senator, please practically all of them in this county. Enterprise has learned.

Mr. Glenn has a dress, affable and dextrous and energetic.

withal, a clever christian gentleman. It has been the writer's pleasure to know Senator Glenn from his youth, and without hesitancy, pronounce him worthy of the people's confidence and support, feeling perfectly willing to vouch for his conduct as a member of the state senate, and if any one wants further indorsement or recommendation of the distinguished senator, the Enterprise is willing to do that, and then, some more.—Smithland Enterprise.

Weekly Market Report.

This has been another quiet week in the market for both old and new leaf in hogsheads. There were no sales reported at all in Paducah and only a few in Mayfield. About 30 hogsheads of old common to medium leaf selling from 7½ to 10 cents were sold this week; and while there were some inquiries for both old and new for common as well as wrappers, there have been no sales of any consequence. There is more inquiry and the indications of more business being done than there has been for some time.

We had a light rain at the end of last week, but not enough for a good handling season. At the same time some tobacco was ordered and deliveries on Monday and Tuesday were rather heavy, but since then they had been very light, owing to the dry weather; and we will not have much loose tobacco moving again until we have had a general handling season, which is badly needed to move the crop. The market has been some more active and prices are a little firmer in the country, as well as on the loose warehouse floors, where the offerings have been light. The snuff companies are buying more freely than they have done before for some time, and now all the large buying interests are in the field, but owing to the dry condition of the tobacco in the barn buying has not been heavy but with good handling weather we expect more activity and heavy receipts to the prize houses.

Farmers are making good use of the exceptionally good weather for preparing for this year's crop, and this far they have made more progress with plowing, corn planting and farm work generally, than usual at this season of the year. Plants are slow in coming up, but no doubt, with favorable weather, they will come along in due time. —W. B. Kennedy.

Said Fiscal Court of Calloway county to issue bonds in denomination of five hundred dollars (\$500.00) each to the amount of two hundred thousand (\$200,000.00) dollars, said bonds to bear interest at a rate not to exceed five (5) per cent per annum, and said interest to be paid semi-annually. BETTER PRICES TO BE RECEIVED

The News-Democrat, Paducah, in a recent issue says:

That the tobacco growers of West Kentucky and Tennessee will receive a much higher price for their tobacco within the next few months was the substance of a statement made yesterday by W. R. Nagel, of the People's Warehouse, Ninth and Pinley streets, a reporter of the News-Democrat. "The supply of tobacco in Europe is practically exhausted and more must be purchased, at any cost, for tobacco is as essential to the soldier as are bullets."

Germany alone will buy in the Black Patch about 10,000 hogsheads of tobacco, while in all she must purchase about 25,000 hogsheads of the weed. "It is Germany's policy," said Mr. Nagel, "to keep a reserve supply of tobacco on hand amounting to about 10,000 hogsheads, and to buy each season about as much more. According to advices received from Germany tobacco dealers the present supply of tobacco in Germany is almost exhausted, or will only last about one month, and after that time Germany must have tobacco. Consequently Kentucky tobacco will experience a big rise in prices, which will enable the farmer to realize a profit from his weed, providing he can hold his tobacco until the appointed time."

The People's Warehouse is doing just exactly such work in Western Kentucky, enabling the farmer to hold his tobacco for better prices. The tobacco is prized by prizes of the Planters Protective Association in the various towns of the Purchase, and then can be brought to the People's Warehouse, where a loan of 60 per cent of the market value of the tobacco is advanced. This loan is made on a small rate of interest, and it is a long time loan.

When the tobacco can finally be sold, when the grower wishes, it is disposed of and the grower paid the full price, following which the grower takes up his note to the People's Warehouse.

The People's Warehouse has the effect of concentrating the tobacco in Paducah, where heretofore the weed was stored in the various small towns in West Kentucky and Tennessee.

There are now stored about 600 hogsheads of tobacco in the People's Warehouse, with constantly increasing numbers coming in. The heaviest deliveries are expected to come to this city during the latter portion of this month and the first part of May.

The remaining portion of the new concrete floor at the warehouse, which is 150 by 300 feet, has been constructed, and affords an area of 30,000 square feet.

Springtime - Spring Goods

AT LAST it seems that we are to have some real spring weather and everyone's thoughts naturally turn to spring Wearing Apparel. The purchase of material for your Spring Dresses should be a matter of careful selection. You want to be sure that the style is correct, and you should be positive that you get the utmost value.

Claims, unfortunately, are not always actualities. Disappointments frequently follow close on the heels of a hurried purchase. In view of these things it is important to remember that we always stand back of every claim that we make for their quality and service; and also vouch for the high character of La Porte Dress and Wash Goods Styles. In these splendid lines we offer you all in the way of real quality you could ask for; in addition, that style and smartness demanded by the most discriminating dressers is also a certainty. The offerings of our Silk Dress and Wash Goods departments appeal to all women who are critical enough to want the best, keen enough to recognize the best and economical enough to appreciate the full value of a dollar. We go out of our way to insure absolute satisfaction and never consider a sale complete until this result is accomplished.

Quality after all is what you are concerned about when dress materials are selected. This is as it should be and it is the vital secret of our Dress Goods department's success. Service and dependability is what we demand of the mills and it is what we invariably guarantee to you. In again calling your attention to the ideals of this department of our store, we desire to impress upon your mind the fact that La Porte styles and qualities always satisfy. When you are ready to select the material for a gown, a frock, a dress or costume for any occasion, come and see how satisfactorily we can satisfy your requirements. Our Dress Goods customers say that this is a safe store for the reason that money paid on any purchase is always on deposit until they are perfectly satisfied with their purchase. You do not expect to buy a new dress every month, and when you do you ought to have the assurance that it is beyond commonplace, that is, stylish without being ordinary. Discriminating women who in past seasons have found it to their advantage to choose Dress Goods in this store say that La Porte Dress and Wash Fabrics are as exclusive in style as they are in quality and service.

This characteristic again emphasizes the supreme value of our advance showing of Summertime Styles. If you demand suitable Dress Materials for any kind of wear, something that is beautiful in weave, print or coloring, as well as being exceedingly serviceable, we urge you to visit our store and make selections. Remember that this is Murray's Exclusive Ladies' and Childrens' Store. We can supply all your needs in the Millinery line and in our Ladies' and Childrens' Low Shoes and Pumps we do not hesitate to say that we have the most complete line that is shown in Murray. The same Guarantee goes with every pair of our shoes; they must prove good or its no sale. If there is anything that is new in the ladies' and childrens' wear you will always find it here, and our prices are always the lowest on the same quality of goods. And we want to remind you that our entire Spring Offerings are made in the good old U. S. A., and we feel that we have the right to urge the people of Murray and Calloway county to buy their goods in Murray, or at least give your home merchants a look before going away from home to do your shopping. We are in a position to know that we can save you money on your spring bill. Yours to lead in that that is new.

How to Preserve a Husband— Be careful in your selection; do not choose too young; when once selected give your entire thoughts to preparation for domestic use. Some insist on keeping them in a pickle, others are constantly getting them into hot water; this may make them sour, hard and sometimes bitter. Even poor varieties may be made sweet, tender and good by garnishing them with patience, well sweetened with love and seasoned with kisses. Wrap them in a mantle of charity, keep warm with steady fire of domestic devotion and serve with peaches and cream. Thus prepared, they will keep for years.

CROWD SEEMED TO BE WITH SMITH

The campaign for commonwealth's attorney between Hon. Denny P. Smith and Mr. J. B. Allensworth opened last Monday at Hopkinsville. The large court house was full of representative voters of Christian county, and reports say the discussion between the candidates was of the highest character for gentlemanly debate. It was naturally supposed by those not acquainted with the facts that Christian, being Mr. Allensworth's home county, the crowd would be for him, but the unanimous opinion of those who heard the speeches is that the crowd was very largely for Mr. Smith, according to the sentiment shown during the debate, and also by the expressions in the congregation as it dispersed. The expression was also heard frequently from individual voters that the valuable services rendered the people by Mr. Smith during his term of office, and his ability as commonwealth's attorney to protect the people in the enforcement of the law make it now desirable that he be retained in the office.

In his speech Mr. Smith replied to Mr. Allensworth's charge that Trigg county has had the office of commonwealth's attorney much more than Christian has had it in the following language:

"Mr. Allensworth bases his claim to nomination for commonwealth's attorney largely upon the statement which he makes that Trigg county has had the commonwealth's attorney for a longer time than Christian has had it. That is a plea for votes based upon a sentiment which has no business reason to support it, even if it were true. But the charge is not based upon the facts. Major Jas. B. Garnett, whom he says held the office so long, is a native born son of Christian county, and remained in it till after he became a lawyer, and any effort to take from you Christian county people the honor of producing that brilliant man and able officer is an effort to pluck from your crown of achievement one of its brightest jewels. Christian county gave to the district also Col. W. R. Howell to take the shoes of the matchless Garnett.

"But if you charge Trigg county with all the terms of Mr. Garnett because he made it his adopted home, I answer that we are proud of the charge; I answer that in him we gave the district the greatest prosecuting attorney Kentucky ever produced, and we gave it a service as patriotic as the career of Ney upon the field of glory and a record as brilliant as a star.

"Christian county now has the judge and will have that officer for six more years without opposition. With this record what has Christian county to complain of? What else do you want? I believe I gather from the response you now give that Christian county is pretty well satisfied with what she has, and that this is Mr. Allensworth's race, and not Christian county's race. I believe I see in your faces that you do not want the earth.

"The gentleman himself came here from Todd county, and after he had been here awhile he got mad at you about something (you know what it was) shook the dust of the county from his feet and went to McCracken county. Then he came back to you again, and again he shook the dust of Christian from his feet and went to Oklahoma, and now he has

come back again and is 'paying the New Era ten cents a line for an advertisement (that is the way it is marked) in which he tells you he is your favorite son, and that you are all for him. He publishes that same advertisement at ten cents a line in the Calloway papers. I am glad he did so, for if he had not you never would have heard that you are all for the Colonel in this race. He has gone here and there so often for one whim or another, or from one fret or another until now we do not know whether to address him as the gentleman from Oklahoma, the gentleman from McCracken county or the gentleman from Christian. If he wanted an office in either of those places he could just as truly pay the papers to advertise him as the favorite son of McCracken or Oklahoma.

"The gentleman praises Mr. Garnett and makes no objections to the wisdom shown by the people to keep him in office three terms. In fact he indorses that wisdom because he declined to run for Commonwealth's attorney after Maj. Garnett had held it two terms. We know he wanted to run for he says he has always wanted to fill the office. But he talks of Jefferson's opposition to life tenure in office. Of course we all agree with him and Mr. Jefferson on that. The people have the right and ought to have it to turn out an inefficient and unfaithful officer at the end of his term, or before it by impeachment, and I think they should have the right to recall most officers by vote before their terms end if they are not faithful, but because the people keep a faithful officer in office more than two terms they are not violating Jefferson's theory of rotation in office. The commonwealth's attorney is every man's private attorney in the protection of his home, his people, his life and his rights of property. What citizen turns off the lawyer who has done his faithful merchant or grocer, or turns off a good hand, or swaps off his family horse just because they have served him well for years? But that is the reason you give why I should be turned off, along with the other reason that Trigg has had the office so long, when the fact is Christian has had it more than Trigg; has the judge and will have the judge six more years."—Cadiz Record.

White Man With a Black Liver

The liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their liver becomes black because of impurities in blood due to bad physical states, causing biliousness, headache, dizziness and constipation. Dr. King's New Life Pills will clean up the liver, and give you new life. 25c at your druggist.

Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and chronic rheumatism, rheumatic headaches, sciatic rheumatism and lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times to the effected part will give instant relief. Sloan's Liniment is good for pain, and especially rheumatic pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is a medicine." Glenn's Race Meeting Much Favor. Senator S. R. Glenn, of Eddyville, met and made many friends here last Monday and Tuesday while in Smithland. His record as state senator for four years will bear the scrutiny and examination of the voters of his district.

Sensor Glenn ranks as leader in the senate, and during his term he never missed a roll call, put through more measures than any other member and championed some of the best laws made by the general assembly of which he was a member. Mr. Glenn knows the needs of rural communities and with all his powers serves the people of his own district. His indorsement is practically assured. The people need him four more years and they are going to send him back to the senate.

The democrats of Livingston county always try to select good men for office and in the race for state senator, Glenn seems to please practically every democrat in this county, as far as the Enterprise has been able to learn.

Consequently Kentucky tobacco will experience a big rise in prices, which will enable the farmer to realize a profit from his weed, providing he can hold his tobacco until the appointed time."

The People's Warehouse is doing just exactly such work in Western Kentucky, enabling the farmer to hold his tobacco for better prices. The tobacco is prized by prizes of the Planters Protective Association in the various towns of the Purchase, and then can be brought to the People's Warehouse, where a loan of 60 per cent of the market value of the tobacco is advanced. This loan is made on a small rate of interest, and it is a long time loan.

When the tobacco can finally be sold, when the grower wishes, it is disposed of and the grower paid the full price, following which the grower takes up his note to the People's Warehouse.

The People's Warehouse has the effect of concentrating the tobacco in Paducah, where heretofore the weed was stored in the various small towns in West Kentucky and Tennessee.

There are now stored about 600 hogsheads of tobacco in the People's Warehouse, with constantly increasing numbers coming in. The heaviest deliveries are expected to come to this city during the latter portion of this month and the first part of May.

The remaining portion of the new concrete floor at the warehouse, which is 150 by 300 feet, has been constructed, and affords an area of 30,000 square feet.

The Home Merchant.

The home merchant. Who is he?

He is the chap, says a writer, who gives you credit when you are financially broke, and carries your account until you are able to pay.

He is the chap who gives you back your money or makes exchanges when you are not satisfied with what you have bought.

He is the chap who stands behind his guaranty, and makes restoration of all losses that you may sustain on the goods you buy.

He is the chap who meets you at the door with a handshake, and lets you out with a message to the "kids," and a real come-again goodbye.

He is the chap who meets and greets you on the street every day in the year, and takes a neighborly interest in your family and your affairs.

He is the chap whose clerks and book-keepers and other employees live in Murray and spend their money with you and with other Murray people.

He is the chap who pays heavy taxes to help support Murray schools, and build Murray streets and maintain Murray fire departments and police departments, and lighting and water service.

He is the chap who helps support Murray churches and hospitals and charity organizations, and Murray lodges and commercial clubs and talks for Murray and boosts for Murray every day in the year.

He is the chap who visits you when you are sick, sends flowers to your family when you die, and follows your body out among the trees and tombs, as far as human feet may travel with the dead.

He is the home merchant—your neighbor—your friend—your helper in times of need.

Don't you think that you ought to trade with him, and be his friend and helper in the time of his need?

Don't you know that every dollar you send out of Murray for merchandise, is sent to strangers—to men who never spend a dollar in Murray, to men who would not trust you for a box of matches, to men who would turn you over to the police if you should enter their offices?

You don't save much, frequently nothing, when you send your money out of Murray and you take all the risk yourself for short weight or measure and of getting damaged or inferior goods. And don't you know that the growth and prosperity of Murray depends very largely upon the success and prosperity of the home merchants? Out-of-town people judge our city by the appearances of our stores and the degree of enterprise shown by our merchants. And our home merchants cannot succeed unless home folks give them loyal support.

SPEAKER CLAUDE B. TERRELL IS SEEKING NOMINATION BY DEMOCRATS FOR TREASURER

Trimble County Man Submits Candidacy to Voters in Primary of August 7, Upon Record of His Public Services in General Assembly.

HAS TWICE PRESIDED OVER HOUSE

CLAUDE B. TERRELL.

REDFORD, KY., March 25.—The Honorable Claude B. Terrell, of Trimble County, today announced himself a candidate for the Democratic nomination for State Treasurer in the State primary of August 7, next. He will make an active campaign for the nomination.

Mr. Terrell is one of the best known of the younger Democrats, who have been active in politics and public life during the last few years, and enjoys an acquaintance that covers every section of Kentucky. He is a farmer, merchant and banker in his home town. He has served the Trimble and Oldham District in the General Assembly of Kentucky on three occasions, twice without opposition, and serving at two sessions as Speaker of the House of Representatives.

Mr. Terrell first entered State politics in the memorable legislative session of 1900, when the Goebel contest was before that body. He was a member of the Rules Committee of the House, one of the most important positions at that time, and in the gubernatorial contest, following the assassination of Governor Goebel, he was a member of the Steering Committee of the Democratic organization in the lower House. He was one of the five men of that body who kept its records intact during the days when W. S. Taylor prevented the General Assembly from meeting at the Capitol, and preserved those records so that they were later upheld in the courts of Kentucky.

Mr. Terrell came back to the legislative session of 1912, and because of his former experience was easily elected Speaker of the House. He was returned by his district to the session of 1914, Oldham County Democrats setting aside the custom of rotation in order that he might be thus signally honored, and he was re-elected to the Speakership without opposition in the House. As presiding officer of the lower House he had much to do with the enactment of important legislation during the sessions of 1912 and 1914.

The home of John Willoughby, of the Lax section of the county, burned last Friday at about 11 o'clock together with the contents. The origin of the fire is unknown.

Mr. Terrell has for quite a number of years been a member of the Board of Trustees of the State University, Lexington, and has taken an active part in the conduct of the University, and shown much interest in all educational matters that came before the legislative sessions over which he presided. He bases his candidacy for State Treasurer on his experience generally as a business man, and because of his knowledge of the State's financial affairs through his service in the General Assembly.

He presents his candidacy briefly in the following card:

"To the Democrats of Kentucky: "I will be a candidate before you in the Democratic State primary on Saturday, August 7, next, for the nomination for State Treasurer. I feel that my experience in the past in a legislative capacity, as member and Speaker of the House of Representatives, has brought me closely in touch with public affairs of Kentucky and the needs of the State. The Treasurer, besides the duties directly connected with his department, is a member of the State Sinking Fund Commission, which has general charge of the financial affairs of the State, and a member of the State Board of Valuation and Assessment, which fixes the franchise values of corporations for purposes of taxation. I believe my public experience as a business man and legislator qualifies me for the duties which are to be performed on these two boards, as this experience has given me an intimate knowledge of public affairs and acquainted me somewhat with the needs of the State. If chosen for this office, it is my purpose to give my entire time and attention to it, to the end that it be successfully conducted. I shall always retain my interest in the further development of the educational system of Kentucky, and my desire to see it become a perfect system is one of the reasons why I should like to be a member of the next State administration. "I respectfully solicit your support, "CLAUDE B. TERRELL."

TOM RHEA COMES OUT FOR AUDITOR

Seeks Nomination on "Strong and Worthy" Democratic Ticket.

RECORD AS ASSESSING OFFICER

Is Reviewed in Refuting Reckless Charges of Favoritism Toward Big Corporate Interests Made by Owsley Stanley—Will Not Enter Into Controversy With His Detractor—Points With Pride to Manner in Which Present Administration of Treasurer's Office Has Overcome Deficit Inherited From Republican Predecessor.

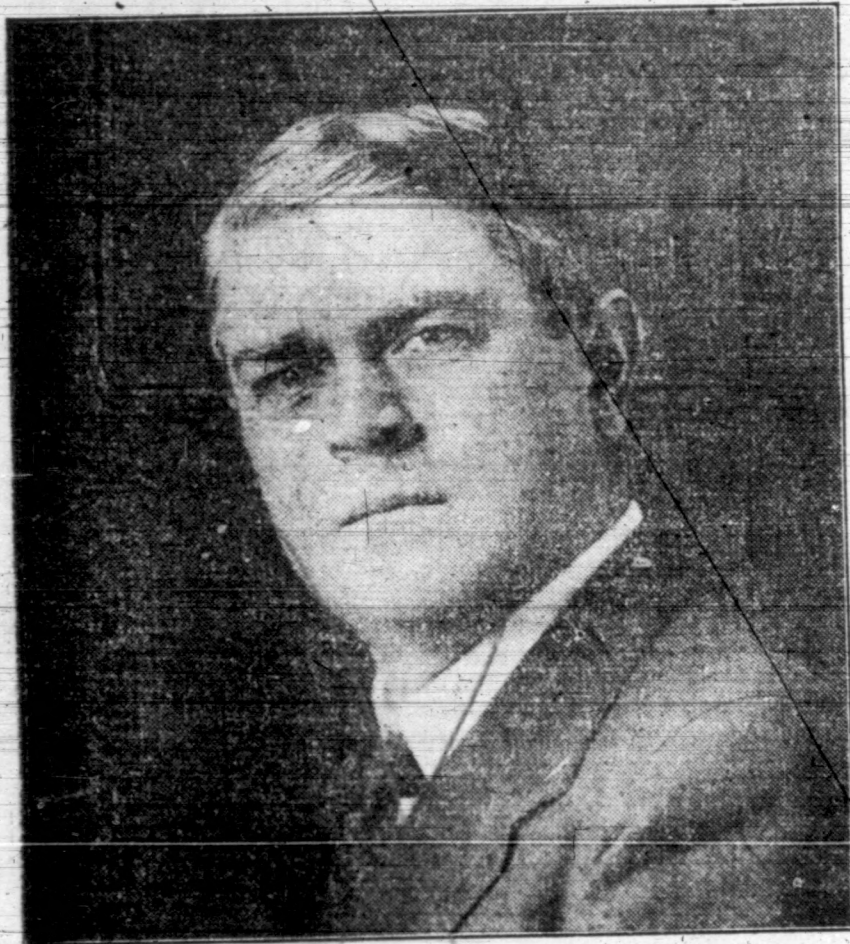

Thomas S. Rhea of Logan county, present state treasurer of Kentucky and late chairman of the Democratic state campaign committee, today makes announcement of his candidacy for his party's nomination, in the August primary election, for the office of auditor of public accounts. In entering the race Mr. Rhea presents to the voters a brief review of his course as a member of the state board of valuation and assessment, the franchise tax board of the state, showing that that body has by unanimous action materially increased the assessment of all the large public service corporations, refuting the reckless charges made by Congressman Owsley Stanley that the board had been influenced in behalf of the corporations.

Mr. Rhea also reviews his course in the management of the state's

ship upon any legitimate industry. This board, with my active assistance, in the last three years, has increased the franchise valuations upon all the corporations of the state from \$45,000,000 to \$182,000,000; and four of the largest railroad companies, whose assessments were raised, have enjoined the collection and carried the question into the federal courts, where the cases are now pending for a decision. The favorable settlement of these cases in the courts, together with the large increases from other corporations which are not contested, means a great boon to the taxpayers and a most valuable increase in our revenues. In the four years of the present administration the increase of revenue from the assessments of these corporations, which have not contested, has amounted to a sum to the state far in excess of \$1,000,000; and the increase of revenues from the state source to the counties, cities, towns and school districts of the state will amount to about \$2,000,000 for the same period. Should the courts sustain the action of the board in the raises made upon the four railroad companies I have referred to, it would add about \$1,000,000 more revenue to the state and about \$200,000 more to the counties, cities, towns and school districts in the same four years.

Explains Single Attack.

Notwithstanding my well-known record upon the board in these matters and my efforts to serve the best interests of the people by placing a larger and a just burden of taxation upon the corporations, one man alone in all the state has undertaken to criticize me about the work of the board and to reflect upon my conduct in connection with it. Mr. A. O. Stanley, some time ago, in announcing himself as a candidate for the nomination for governor, with his usual disregard for the truth, made an attack upon me and sought to create the impression that the corporations had been too favorably treated by the board, and that I and other gentlemen he mentioned had in some way been responsible for it. The record and the facts completely disprove his insinuations or charges, and show that no franchise holder in the history of Kentucky ever made such large increases in the assessments of corporations. Mr. Stanley can hardly plead ignorance of these facts, because they have been discussed in the press and the courts of the state a great deal in the last two or three years. I am not a candidate for the same office that he is seeking, nor do I propose to descend into a controversy with him and would not now mention him except for his want of character and integrity. The people of Kentucky have learned to know him as a man utterly reckless and unreliable in his statements or in his charges against other men. The only criticisms that have ever been made about the work of this board have come from those who have complained that we have raised the

THOMAS S. RHEA OF LOGAN COUNTY, KENTUCKY.

financial department, the treasurer's office, declaring that the present administration has well handled a difficult financial condition left to it by the last Republican administration. His card of announcement follows:

To the Democrats of Kentucky:

On the first Saturday of next August, the Democrats of Kentucky will nominate their candidates for state offices and make up their ticket to be submitted to the voters in the November election. In that primary I shall be a candidate for the Democratic nomination for the office of auditor of public accounts; and in making this announcement, I trust that my fellow Democrats will give to my candidacy their serious and favorable consideration. I shall endeavor to be very brief in what I say in this announcement, and shall rely upon the fair and discriminating intelligence of the people for what support I may receive.

I hope I may be pardoned for calling attention briefly to my experience as an officeholder. As sheriff of my native county of Logan, and then for the last three years and more as treasurer of Kentucky, I have tried faithfully and earnestly to so perform the duties of office as to justify the confidence of the people who so honored me.

Member of Important Boards.

As state treasurer I have been, according to law, a member of the important governing boards of the state, the sinking fund board, the printing board, the capitol board and the board of valuation and assessment. This latter board is one of special importance, and consists of only three members, the auditor, the treasurer, and the secretary of state. It deals with the important question of fixing the franchise valuations upon all corporations doing business in this state, for purposes of taxation. The record made by this board during the last three years has been remarkable and unexcelled. The board has not sought to hinder or cripple legitimate corporate industries of the state; but it has so increased their franchise valuations that the state is now receiving several hundred thousands of dollars more in taxes every year from this source than it ever received before. As a member of this board I have helped diligently in the work of adjusting these matters in accordance with the best interests of the people and without causing unjust hard-

assessments upon corporations too high. I shall gladly stand upon the record of that board and upon my part in its work. In the campaign last fall I was selected without opposition as the Democratic campaign chairman for the state, and we succeeded in carrying the state for the Democratic ticket. The people of Kentucky have learned to know me as a man utterly reckless and unreliable in his statements or in his charges against other men. The only criticisms that have ever been made about the work of this board have come from those who have complained that we have raised the

Inherited Large Debt.

The present state administration, of which I am a member, inherited a large debt and a shattered condition of finances from the preceding Republican administration; and that inheritance, together with the increased demands upon our revenues for educational purposes, for Confederate pensions, and for other worthy causes, has imposed upon us a difficult situation to deal with and one which has taxed our best efforts and energies. As head of the treasury department of the state, I believe I may say without boasting, that the affairs under these difficulties have been conducted in a businesslike and successful manner; that the revenues of the state have been properly secured, and creditors have not been inconvenienced or disappointed; I believe the work of this administration, regardless of hostile criticism, will, in the long run, be fairly measured, and commend itself to the good opinion of fair-minded people.

It is now my desire to be on the Democratic ticket as its candidate for auditor and to serve in that office for the next four years. The experience I have had as treasurer, and in connection therewith with the office of auditor, should enable me to render efficient and valuable service in that position.

If the people of the Democratic party of Kentucky for their support in the August primary, and I ask that they place me upon a Democratic ticket so strong and worthy that it will deserve and receive the support of the good people of Kentucky in the November election. And may the people of our state in the election this year show their appreciation of the splendid and unimpeachable administration of President Wilson, and declare that Kentucky, in the presidential election next year, will be ready to show its purpose to help in the work of electing a president who has done more extraordinary service to the people of this country.

John Rohman Praises Remarkable Work of Medicine Tanlac

Louisville, Jan. 21. — Almost everybody in Louisville is personally acquainted with or have heard of John Rohman. The "Ice King" of Louisville, as he was formerly called by those who have known and respected him for his honesty and integrity for a score or more years, has been a sufferer from stomach complaints and a general debilitated condition for a considerable length of time.

Like lots of other folks Mr. Rohman was a little skeptical regarding the merits of the new preparation, Tanlac, as he had tried numerous medicines in the past without obtaining the right results. However, the publication of testimonials from Louisville people he knew who had been actually benefitted by Tanlac, convinced him that a test of the preparation was worth the attempt.

Mr. Rohman had suffered most annoyance from indigestion, especially. He got Tanlac and began using it. A few afternoons ago he was prepared to make this statement in the presence of witnesses.

"Less than two weeks ago I obtained this Tanlac. The medicine was just what I needed. It went straight to the spot. My appetite is improved, as well my sleep. If I had paid a thousand dollars for the medicine it would have been worth that to me. The anticipation of taking the next dose of Tanlac is a real pleasure."

Tanlac, the remarkable medicine referred to by Mr. Rohman is now distributed in Louisville by the personal direction of L. T. Cooper, and in Murray by Dale & Stubblefield, where the famous medicine can now be bought.
