20 Years Ago

Way back 20 years ago—in 1941—Marshall County was having a political campaign similar to the one that is going on right now.

The April 3, 1941, edition of The Marshall Courier carried the announcement that Gov. Smith was a candidate for sheriff. And Arthur Darnell announced that he was a candidate for jailer. And G. B. Johnson Jr. was a candidate for county clerk.

The candidates were just making their announcements. Back in those days, the primary election was held in August, instead of May as it is now.

Other events of April 3, 1941, included:

The county grand jury had returned 17 indictments. MY! Marshall County must have been rough in those days. We seldom have over a half dozen indictments nowadays.

Legion Post 85 had ranked highest in the state in enrolling new members. Post Commander was Ellis Landrum and post adjutant was Rollie Creason. Both of these men are deceased.

The Benton Methodist and Christian churches were getting ready to observe Good Friday with joint services. Rev. Charles Thompson of Murray was to deliver the sermon.

There had been several deaths. Wilkin W. Walker of Route 5 had taken his own life at the age of 64. No reason was given for the tragedy.

Guy Treas had died at the age of 43. He was a member of the well known Benton lumber family.

Mrs. Rollie Estes had died at the young age of 27 of a heart ailment. She was a Benton resident.

And there had been a wedding. Miss Louise Birdsong had married Edward C. Krenil of Chicago. Miss Birdsong was the daughter of Mrs. John F. Odom of Route 5.

And that's all the 1941 happenings for this time. See you soon.

Last Rites Held For Thurman Mobley At Briensburg Church

Funeral services for Thurman Mobley, 47, who died May 11 after an illness of 13 months, were held last Saturday at the Briensburg Church of Christ, of which he was a member. Lake Riley and John Hicks officiated. Burial was in the Province Cemetery by the Filbeck-Cann Funeral Home.

Palbearers were: active, Frank Greenfield, Bennie Wommack, Sanders Watkins, Barkley Thomas, Leroy Lyles and Donald Mobley. Honorary: Ray Anderson, Ed Fox, James M. Solomon, Ernest and Barret Fiser, D. H. Lawley, Gene Ray, Kenneth Hastings, Al Saltgiver and L. B. Woolfenden.

Mr. Mobley's death was due to Bright's disease.

He was a member of the Briensburg Masonic Lodge No. 481, Royal Arch 161 and Commander 46 at Benton, and the Shrine.

He is survived by his wife, Lucille Mobley of Route 6; one daughter, Betty Rae Mobley; one son, Robert Jay Mobley of Route 6; parents, Mr. and Mrs. V. H. Mobley of Briensburg; three sisters, Mrs. L. Wood, Anaheim, Calif., Mrs. Hoy Greenfield of Route 6, and Mrs. L. D. Holley of East Detroit, Mich.; two grandchildren, Karen and Vicki Rouse of Route 6.

Mr. and Mrs. R. M. Province of Gilbertsville Route 1 have returned home after a 10-day visit in Dearborn, Mich., with relatives and friends. They made the trip by bus.

WHAT YOU GET IN DODGE DART PICKUP

THAT THE PEE-WEES HAVEN'T GOT!

1 The unique new inclined six-cylinder truck engine, slanted 30° to the right for more efficient manifolding. This new overhead-valve engine has no equal for combining work and savings. If you want more power for extra-heavy work, you can specify your Dodge Dart Pickup with a 200 hp. V8 engine. Dart Pickup has an alternator instead of an outmoded DC generator. The alternator makes the battery last longer, because it charges even at idle. It's smaller and lighter, too. The ride you get in Dart Pickup will remind you of your passenger car. Extra-long front springs (48"), oversize Oriflow shock absorbers and an engineered balance between components result in a ride that's smooth and stable on all types of road, under all load conditions.

2 The new Dart is seven inches lower and four inches wider than last year's pickup, with 10% more cargo space. All metal is carefully protected, too, against rust and corrosion by bonderizing, rubber seals and spray-on coatings. Price... a pleasant surprise.

3 Dodge Dart Pickup, with all that has to offer, is priced competitively with any other truck in its class. We'd like to prove it to you. Come in soon. Put the new Dart Pickup through any test you want to. Learn for yourself just what Dodge has done for pickup.

Ask Amy
BY AMY ADAMS

A SHOWER NEEDN'T BE SHOWY

Dear Amy: I would like to know if it is proper for a mother to give her intended daughter-in-law a shower and would it be all right to specify a "Grocery and Canned Goods" shower as she has so much of everything else.

Wondering

Dear Wondering: When you and I were young (Maggie), a "Grocery and Canned Goods" shower was economical, useful, intelligent and in good taste. But my, how times have changed! But I think it's still all the above mentioned. A friend should make it, however... not you!

Dear Amy: Please give me your opinion on this. I'm 18 years old and I'm going to Beauty School. I love my work and I'm graduating in 4 months. After I receive my license and make good, my father is going to buy me a shop, and I'm also going to be married.

But there is one thing: My boy friend makes good money but I still want to work because I love doing beauty work. Please tell me, can I be a mother, wife, housewife and a good business woman all at the same time?

Love to be All Four

Dear All Four: You can! I am... and there are 120 million others like me!

Dear Amy: My son goes to school with another boy every morning. This boy lives nearby and he always gets to our house a half-hour before they have to leave. I asked him the other morning, "How do you get here so early? Don't you eat breakfast?" He said, "My mother is too tired to get up to get my breakfast ready so I have a coke." Amy, to me this was shocking. I mentioned it to a few of my friends and they told me of their children's breakfast either because they also are too tired.

These women who are too tired to get up and see that their children are fed and clothed properly are the ones who cry the blues the loudest when their children's marks fall down in school. Yet these same women are not too tired to run to their card games and fashion shows or whatever else suits their fancy. I

say you can only take out of your children what you put in! What do you say?

Dear "Not Too Tired": You said a mouthful!

Dear Amy: I'm 22 and single. For three months I've been trying to get a job as a salesman but I haven't had any luck. Every ad in the paper reads "married men preferred." Tell me, Amy, why do they only want married men?

Tony

Dear Tony: Probably because married men are used to taking orders!

Dear Amy: I have bad vision. Consequently my eye glasses are very thick. Lately I have been reading so much advertising about contact lenses that I would love to get them. It would be a pleasure to get rid of my glasses. But my husband doesn't agree with me. He says he likes me just the way I am. I told him every woman wants to improve her appearance if possible.

I don't know anyone who wears contact lenses and I was wondering if you or your readers do. I would like very much to know if they are safe and comfortable since I would like to get a pair.

Sari

Dear Sari: From my own experience (as a contact lens wearer), I have not had any ill effects and they are quite comfortable. However, since each person's eyes are different, only a doctor trained in the fitting of contact lenses can determine whether they would be suitable for you.

PERSONAL to Changeable: The success of a marriage is only possible when two people have one objective: to make each other happy. If you are not willing to give a little to share a lot, don't accept his proposal. He'll have no trouble finding someone else who will!

Please address all letters to: AMY ADAMS c/o THIS NEWSPAPER For a personal reply enclose a self-addressed, stamped envelope.

WALTER SMOTHERS FOR Magistrate Dist. 2

This is my final announcement for magistrate in District 2. I want to thank each of you for the kindness and encouragement you have given me when I knocked on your door. If I have failed to see some of you, that don't mean your vote will not be appreciated. I intend to see everyone and I may not get around to see you. If I am elected your Magistrate in District 2, here is what I intend to do: Make wider roads, safer roads, do away with all of the old wooden bridges that is possible. Any time I am in your neighborhood with equipment and you have any suggestions how to make your road better, I would appreciate you letting me know.

I pray God will bless all of you who have been so kind to me and given me much encouragement in this race.

If you will go to the polls on May 23 and put the key on No. 5, you will help a man that will help you.

Your vote and influence will be appreciated.

Rev. Maxwell Sledd Takes Missionary Post In Nigeria

The Rev. Maxwell D. Sledd, son of Mr. and Mrs. Henry L. Sledd of Gilbertsville, and his wife have been appointed missionaries to Nigeria by the Southern Baptist Foreign Mission Board.

Sledd is enrolled in Southern Baptist Theological Seminary, Louisville, expecting to receive the bachelor of divinity degree this month. Since June, 1959, he has also been pastor of New Brandenburg Baptist Church, Brandenburg.

A native of Gilbertsville, he was a factory worker in Detroit, Mich., and active in a Baptist church then when he entered the ministry. After three years as an insurance salesman in Detroit and the Paducah district, during which time he was first a volunteer church worker and later a mission pastor, he studied at Belmont College, Nashville, Tenn., earning the Bachelor of Arts Degree.

Mrs. Sledd, the former Betty Sanders, is a native of Detroit. She received a certificate in religious education from Southern Seminary.

Mr. and Mrs. Sledd have four children: Gary Dwain, 12; Gloria Jean, 10; Nancy Ann, eight, and James David, six.

Uncle Ned From Dogtown

DEAR MISTER EDITOR:

The fellers at the country store Saturday night was discussing a item from the Government saying crows was costing American farmers millions of dollars ever year. Ed Doolittle put in a good word for the crows, allowed as how crows wasn't costing him half as much as the Government. He figgered crows hadn't cost him more'n \$4 annual and he wished he could say the same for Government.

Zeke Grubb said he was glad the subject was brought up on account of him not taking that crow deduction on his income tax report. He said he aimed to go home and write it on the barn door, along with his other records, so's he wouldn't forget it next year. On second thought, said Zeke, since it was deductible, he figgered the crows was a little worse at his place than over at Ed's, maybe about a \$8 deduction annual.

From crows the fellers natural got to talking about corn. One

thing about a session at the country store, the various problems at home and abroad is took up in logical order and solved afore adjournment. In the Congress, they is apt to go from crows to the Congo in the same meeting and hold the whole problem over for the next administration.

Bug Hookum brung up the idea, come next Fall, of having a old fashioned corn shucking in Washington. Bug claimed that a corn shucking at the national level would do more fer good will between the farmers and Congress than a new Amendment to the Constitution.

It was agreed by all that the farmers should have charge of this national corn shucking. If the Congress handled it, claimed Bug, the cost would raise taxes. The farmers could handle it economic and without any long debates on protocol.

If the Congress was in charge, said Bug, the Senator from Indiana would want to set at the head corn pile, the Senator from Iowa would challenge the distinguished Senator from Indiana and by the time they got this settled, the crows would have done eat up the corn.

When the gala affair was over, Zeke said, a delicious barbecue chicken prepared with crows would be served. Then Congressmen, allowed Zeke, would never know the difference.

If you're in favor of this national corn shucking event, Mister Editor, we'd appreciate a little publicity.

Yours truly,
Uncle Ned.

Two running wheels instead of the usual four, together with a unique delta shape, mark the Gyron as a novel experiment in possible future automotive styling. Shown above in three views, the full-size dream car was developed by Ford Motor Company advanced stylists under the direction of George W. Walker, Ford vice president and director of styling. The stylists assume that the vehicle could be stabilized by means of a gyroscope mounted just behind the passenger compartment. Two small outrigger wheels at the rear would retract when the gyro was in operation. A steering dial between two contoured seats replaces the conventional steering wheel and makes it possible for the car to be steered from either seat.

TO THE VOTERS OF MARSHALL COUNTY:

Next Tuesday you will elect a County Judge to preside over the County Court and the Fiscal Court for four years, and I wish, at this time, to earnestly ask for your vote and your help in my behalf. I have tried to see every one that I could; and I am very grateful for the courtesy shown me by all of you.

I believe that my previous four years experience as County Judge of this County, and my seven years of experience in supervising road construction since I was County Judge, have qualified me to hold this office, and to render better and more economical service to the people of this County than can anyone who has not had such experience and training.

To those who feel that the County Judge should be a lawyer, I would remind you that the chief legal officer in the County is the County Attorney, who is required to advise all county officers as to all questions and matters of law.

If elected, I promise that I will strive to improve our road system in every way that I can, having due regard to the rights and best interest of our taxpayers; and I will support the road program of each magistrate in his district.

I promise to support with all my ability the Civil Defense Program and the recreation program in our County — the Little League Baseball Clubs, the FFA Program, and the 4-H Club Programs. We must help the young folks to combat juvenile delinquency.

I will appreciate your vote and help

LEONARD JONES.
