THE MURRAY LEDGER.

VOL. 87. NO. 11.

MURRAY, KENTUCKY, THURSDAY, JUNE 3, 1915

\$1.00 PER YEAR.

HEAVY LOSS BY STORM IN TRIGG

Cadiz, Ky., May 27.—A large area of Trigg county was visited last Friday afternoon by the worst hail storm in its history, together with severe wind and rain. Thousands of dollars of wheat is absolutely destroyed, gardens and other crops ruined, plant beds demolished, and much damage done to many dwellings and outbuildings. Orchards in many places were completely stripped of what promised to be a fine fruit crop, the young fruit beat off the trees and the trees stripped of all leaves. Thousands of young chickens and other fowls were killed by the hail stones and drowned by the water, and thousands of dollars would not repay the loss sustained by the destruction of some of the country's finest timber.

The storm came from the west and while there was some hail and considerable wind in Cadiz, no serious damage was done here.

Coming across Tennessee river near Ironton in a narrow streak, great damage was done, and between the rivers Levi Higgins, Dave Bannister, Will Barnes, Bob Taylor, Jim Dunagan and Jim Lane are some of those who sustained heavy losses. The entire wheat crop of Mr. Higgins was ruined and his loss will amount to several hundred dollars. Crossing Cumberland river above Rock Castle the storm came on by Trigg Furnace and on to Little river, up Muddy Fork and on toward Christian county line.

In the Rock Castle and Trigg Furnace country, besides the total destruction of the wheat crop in the wake of the storm, and the very great damage to corn, tobacco plants and gardens, a stable and barn were blown down for Dr. S. E. Standrod, Esq. J. C. Cooper lost a frame barn, W. E. Hall's residence and outbuildings were damaged, roof of John W. Cunningham's crib was blown off, and dwellings of Wat Lancaster, "Frate" Peal and Hady Davis unroofed, and household furniture most ruined by the water. Every tree in Will Burman's yard at Trigg Furnace was blown down, and heavy damage done to the large grove around the Hillman house. Farther east D. Leneave, T. Oakley, J. R. Cannon, King Alexander, Garland and Finus Cherry, Fetus Cain, Edward F. Alexander, Milton and Walter Morris, George and Jim Allen, Travis Stone, Boone Alexander, Bob Hendrick, James I. Bush, Will Jackson, Ed Litchfield, Ed Mize and Will and Ben Gray suffered heavy losses. Besides the complete destruction of crops, which included fine wheat crops for Ed Mize and the Gray brothers, the Cherry brothers lost a barn, Lefe Lester two barns, and a yearling calf of Killus Faughn was killed by a tree falling on it. Clyde Hawkins, who lives on the Will Jones farm, suffered the loss of his orchard and growing crops, and one hundred and eleven English sparrows were found dead in his yard after the storm was over, they having been killed by the hail. A barn of King Alexander was blown off its foundation, and holes knocked in the roofs of the homes of Viv Henderson, Jim Bush and many others. Esq. W. Minton, north of town, suffered heavily, his wheat crop being destroyed, together with other crops, and roof to dwell- ing heavily damaged. Lucien Miller, further out the Cerulean

road, was also a heavy loser, his wheat crop being destroyed and practically every window light being broken out of his dwelling. Joe Forte, J. A. Forte, Wat Larkins, Jim Mitchell, Enos Lester, Clarence McAtee, Tom Watkins, Eli Banister and Tom Stone also lost heavily in the destruction of wheat and other crops, and the top was blown off of J. A. Forte's barn and Alex Forte, Jr., got his tobacco damaged as a result. The horse of Elsie Light, who lives with Clarence McAtee, was blown across a field, Nep Ladd lost a barn, and the fine young orchard of Geo. Hall practically ruined.

Man Horribly Killed.

Glasgow, Ky., May 28.—As the Southern train No. 5 was approaching Horse Cave Wednesday about noon, and as it was about two miles north of town, a white man was struck and instantly killed. The engineer, as quickly as possible, backed to the scene of the disaster, and the passengers and train crew, much excited, unloaded as speedily as possible to detect what had happened.

The body was completely mutilated and torn to pieces, being disemboweled, and the head was almost severed and crushed to a pulp. So horribly dissected was it that identification, other than it was a white man, was impossible. Evidently, he had started fishing, as pole and tackle lay by his body. The man was going in the same direction as the train and just as the train approached him, he stepped on the track just in front of the engine and received the full force of the oncoming train, which caused his awful and dreadful death.

When the train reached Horse Cave, it was ascertained that the man was Dummy Nuckols, a deaf mute of that place, and a respectable, hard-working man who had been accustomed to frequently travel up and down the railroad track. An extra force was sent back to collect the fragments of the body, to which proper burial was given.

Constipation Cured Overnight.

A small dose of Po-Do-Lax tonight and you will enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is podophyllin (May apple), without the gripe. Po-Do-Lax corrects the cause of constipation by arousing the liver, increasing the flow of bile. Bile is Nature's antiseptic in the bowels. With a proper amount of bile, digestion in the bowels is perfect. No gas, no fermentation, no constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your druggist now and cure your constipation overnight.

Notice Farmers

To the Farmers of Calloway County: Mr. N. J. Dilday, state manager for the Kentucky Rural Credit Association, will be in Murray Saturday, June 5, at the office of A. Downs. All farmers desiring 5 per cent. money for 10 to 49 years, with the privilege of paying at any time after 60 days, will do well to see Mr. Dilday. A. Downs, Representative for Calloway County.

Kills All Germs.

Farris' Healing Remedy kills any and all germs. And a whole pint will cost you but 60c. 50c for a small bottle of Farris' Healing remedy and 10c for a pint of linsed oil or hog lard or vaseline. Mix together and you have an ideal healing oil or salve—16 ounces for not over 60c, where other crops, and roof to dwell- ing heavily damaged. Lucien Miller, further out the Cerulean

A LETTER FROM JAS. R. WRATHER

Amarillo, Tex., May 21.
The Murray Ledger,
Murray, Ky.

Gentlemen:—I am sending you a check for the dear old Ledger, which is like a message from home every week. It is a great pleasure to me to read and note the progress of the grand old county of Calloway. I wish that I was back there long enough to vote on the road question. It is a step forward. I have many near and dear friends and kinsmen in old Calloway and ever will I cherish a bright spot in my memory for same.

I left that county twenty-two years ago. I was a young doctor, just starting out to fight the battles of life. I shall never forget my first year's experience in the practice of medicine in that county. I met such encouragement—a great deal more than I deserved, perhaps. There have been many changes back there. There have been a great many of my dear friends who have passed away to their final reward. Some of them were the grandest men and women the sun ever shone upon. Noble, Christian characters, some of whose lives I have tried to emulate. I often think that had I not had some of this influence and early association perhaps it might have been different with me.

A few days ago I had the pleasure of taking two of your very best citizens in my home. Friends of my early boyhood days, Mrs. Wylie Rogers and Mrs. Clint Jones. Then, just a few days before I had them; Dr. E. T. Dunaway, of Portales, N. M., formerly of your city, spent a day and night with me. He is a splendid character, a noble gentleman, and I must say here, he is enjoying the best of health and prosperity in this western country.

We have several Kentucky people in our little city, which is typically southern. It has many Kentuckians, Tennesseans, Mississippians and Alabamians, and you know there was no better blood ever coursed through human veins than this old Anglo-Saxon stock. We have a splendid city, right in the heart of the plains. Here, just a few years ago, was the native home of the buffalo and the Indian. I believe it is the richest country in the United States. The soil is from two to seven feet deep, altitude 3,800 feet. The most healthful country I ever saw. This is a great mecca for tubercular subjects. We have from one to two thousand to come here every year to get a whiff of fresh ozone, and I want to say right here, that if there are any of your friends who are suffering from incipient tuberculosis, there is no better place to go than here in this high, dry altitude.

We have a fine crop this year, the finest I have ever seen since I have been in the state. Land is advancing very rapidly since I came here, from \$5 to \$25 per acre, and yet this land will double on its present value within the next five years. In many respects this is a wonderful country. I want to specially brag on it from a health standpoint. Absolutely, malaria is not known. There are eight drug stores in this city, and I don't believe there are eight ounces of quinine in all eight of them.

Nine years I have practiced medicine here and I have never had occasion to treat a case of malaria, unless it was a new-

comer. I am very much in love with the great west. We have some of the very best schools, churches and public buildings as there are in the state.

I expect I had better close. I started out just to send you a check and tell you to keep on sending me the Ledger, but I got up steam and I fear that I have imposed upon your good nature. I will close by saying I hope some time to come and take in your fair and see a number of my old friends once more. This would certainly afford me a pleasure beyond expression.

Yours respectfully,
James R. Wrather.

Quarterly Meetings—Third Round.

West Murray circuit, Cole's Camp Ground, June 5-8.

Kirksey circuit Mt. Carmel, June 6-7.

Hazel and Pleasant Grove, Hazel, June 12-13.

Hazel circuit, Story's chapel, June 13-14.

Atwood circuit, Pleasant Grove, June 19-20.

McKenzie station, McKenzie, June 20-21.

Dresden station, Dresden, June 26-27.

West Paris circuit, Henry, June 27-28.

McKenzie circuit, El Bethel, July 3-4.

Gleason circuit, Liberty, July 4-5.

East-Murray circuit, Sulphur, July 10-11.

Murray station, Murray, July 11-12.

Olive circuit, July 17-18.

Almo Mission, July 18-19.

Manlyville circuit, July 24-25.

The district conference will convene at Dresden, Tenn., July 28. The opening sermon will be preached by Rev. J. A. Hassell on Tuesday night, July 6, at 8 o'clock.

The conference will open promptly at 8:30 Wednesday morning. Let all the pastors and delegates take notice. The pastors will see that their quarterly conference journals are on hand.—L. D. Hamilton, P. E.

Loafing Hens.

Watch closely and you will discover that the hen that loaf or mopes never lays. Why do they loaf? because during the moulting season they get bilious. Look at their tongues, or what we call tongues, and you will find a pale, whitish color instead of a healthy pink. Start the liver with B. A. Thomas' Poultry Powder and you will see them perk up. They begin to sing and scratch—soon they begin to lay. We guarantee B. A. Thomas' Poultry Powder.—Sexton Bros.

Henry Pflueger Dead.

Henry Pflueger died at the home of his daughter Mrs. Wright, in the point Pleasant neighborhood, Tuesday, of cancer. Mr. Pflueger was a prominent merchant of that vicinity and by his honesty in all business dealings, made many friends. He was 64 years of age and a much respected man. He is survived by one daughter, Mrs. Wright.

The funeral services were conducted by Rev. D. T. Spaulding at Point Pleasant church Wednesday at 3 p. m., after which the remains were interred at the Point Pleasant graveyard.—Parish Post-Intelligencer.

Gruesome Suggestion.

Chicago, May 29.—Albert Oppenheim, of Marietta, Ohio, a member of the Western Nitroglycerine Manufacturers' Association, in session here, discussing means for increasing the production of glycerine, an essential element in all high explo-

sives, has suggested using the bodies of the horses and men killed on the European battlefields to obtain the necessary animal sinews.

It was declared that the war was necessitating the use of so much glycerine that the entire supply in the United States would be exhausted within the next ninety days.

If the glycerine is entirely used up, speakers said, it will have not only an important effect on the war, but much work, such as the development of oil wells, will be stopped.

Members discussed a plan for pooling their interests. "No explosive aside from nitroglycerine has the shattering effect for shooting oil wells," said Mr. Oppenheim.

"In normal times the United States imported from Europe \$10,000,000 worth of crude glycerine annually. This supply has been entirely cut off.

Thirty-six for Twenty-five Cents.

Dr. King's New Life Pills are now supplied in well-corked glass bottles, containing 36 sugar-coated white pills for 25c. One pill with a glass of water before retiring is an average dose. Easy and pleasant to take. Effective and positive in results. Cheap and economical to use. Get a bottle today, take a dose tonight—your constipation will be relieved in the morning. 36 for 25c. At all druggists.

Prominent Paducah Man Dead.

Paducah, Ky., June 1.—Col. William H. Patterson, aged 74, better known as Col. "Billy" Patterson, a Confederate veteran and former city clerk of this city, died Monday morning at 8:45 o'clock at his home 514 Jefferson street, following a long illness of a complication of diseases.

Col. Patterson was born August 1, 1840, in Princeton, Ky., and was the son of Robert and Elvira Patterson, who lived in Paducah for some years ere their death.

During the civil war Mr. Patterson fought with the Confederate army, serving in Company B, of the Kentucky Volunteers, under General Morgan. He also served in Cobb's battery under General Adam Johnson.

Benton Woman Attempts Suicide.

Benton, Ky., May 29.—Mrs. George Howard Hiett, who resides near Benton, is recovering slowly from injuries sustained when she attempted suicide by jumping into a well at the home of her brother, Leigh Hiett. The well contained ten feet of water, but neighbors who feared for her safety when she disappeared from their sight, rushed to the well and dragged her from it. She was badly bruised.

Mrs. Hiett has been an inmate of the asylum at Hopkinsville, but was discharged some time ago.

Work of Rebuilding Will Soon Begin.

Hazel, Ky., May 27.—The work of cleaning away the rubbish left by the fire a few weeks ago, which was begun last week is progressing nicely. The entire row of bricks on the west side will be rebuilt and occupied before fall.

On last Thursday W. F. White & Son and Mayer Bros. put quite a number of hands at work tearing down walls and cleaning off brick and removing the other remains preparatory to putting in a nice, up-to-date section of buildings. The Tom Lamb building will also be rebuilt. Mr. Lamb, who now resides in Roswell, N. M., will be here in a few days to oversee its construction.

\$200,000 BOND ISSUE DEFEATED

The special election held last Saturday for the purpose of issuing bonds to the amount of \$200,000 to improve the roads of Calloway county, resulted in the defeat of the bond issue by a majority of 434. A very light vote was polled in most of the precincts. The total vote being 2,298. The vote by precincts is as follows:

Northwest Murray, yes, 144, no, 59.
Northeast Murray, yes, 116, no, 52.
Southwest Murray, yes, 120, no, 68.
Southeast Murray, yes, 87, no, 25.
South Concord, yes, 36, no, 82.
North Concord, yes, 17, no, 77.
South Liberty, yes, 21, no, 124.
North Liberty, yes, 10, no, 119.
Almo, yes, 96, no, 104.
Jackson, yes, 32, no, 47.
North Brinkley, yes, 42, no, 52.
South Brinkley, yes, 41, no, 59.
North Swann, yes, 74, no, 92.
South Swann, yes, 38, no, 119.
Fair, yes, 34, no, 54.
Hazel, yes, 24, no, 233.
Total yes, 932, no, 1,366.

Lon Bynum Attempts Suicide.

The Paducah News-Democrat of Wednesday says:

"Lonnie Bynum, aged 28, is lying at his home, 714 South Eleventh street, in a critically serious condition, as the result of an attempt to commit suicide last night at eight o'clock, when he swallowed one ounce of hydrochloric acid. He is being attended by Dr. B. A. Washburn, and has only a fighting chance to live.

"Bynum was at home with his family, Mrs. Gertie Bynum and two children, when he took the acid. With the discovery a few moments after that he had committed the act Dr. Washburn was summoned, arriving about 15 minutes following the taking of the poison. Every aid possible was administered, but his condition is still regarded as extremely serious.

"No reason whatsoever can be assigned for Bynum's rash act. He was a sober, industrious employee of the Beasley Marble Works, where he has been working for two years as a marble cutter. He has a good character and is not known to have any serious troubles. His family is at an equal loss to explain the act.

"Bynum did not work Monday afternoon, complaining of 'feeling badly.' He did not work at all yesterday, but his illness was not thought to be serious."

Lon Bynum is a son of Will Bynum, of this place, and up until two years ago resided in Murray. The reports from Mr. Bynum are that although he is in a critical condition, he has a chance to live.

Mrs. Gus Farmer died Wednesday at her home in Fulton of tuberculosis. Mrs. Farmer was born and reared near Gosheon, and is a sister of Mrs. Ewing Farmer, Melvin, Tom and Brooks Brinn. She was about 50 years of age and leaves three children and a husband to mourn her loss. Mrs. Farmer was a citizen of Murray for years and was a good neighbor, tender mother and loving wife. The interment was at the Martins Chapel cemetery Thursday morning.

GREAT STRUGGLE AROUND PRZEMYSL

AUSTRIA WILL CRUSH RUSSIA
AND FREE ARMIES TO MEET
ITALIAN ATTACK.

BATTLE STILL UNDECIDED

Heavy Reinforcements Moved Up by
Russians to Succor the Be-
leaguered City—Tentative
Advance Checked.

London.—Around the great fortress of Przemyśl a mighty battle is still raging. The Austro-German armies are making a supreme effort to cut off the stronghold and free these armies for operations against Italy, and the allies in the west.

Although great human sacrifices are being made, progress lately has been extremely slow as the Russians have had time to bring up large reinforcements.

North of Przemyśl the Russians appear to be more than holding their own, but to the southeast the Austrians and Germans claim further headway and now command with their artillery the railway between Przemyśl and Grodek, which runs just south of the main line between Przemyśl and Lemberg. From Lemberg the Russians draw a large portion of their reinforcements and supplies.

The battle is still undecided and hopes run high in the allied camps that the Russians can hold their lines until the advance of the Italians and the strengthening of the Anglo-French armies compel the Germans to withdraw part of their armies from Galicia.

In the west there has been considerable fighting along the Yser canal, where the French report the occupation of German trenches, and in the vicinity of Neuville St. Vaast, where the French advanced about a quarter of a mile.

The German official statement says that after a ten-hour artillery attack east of the Yser canal the allies were repulsed.

The steamer Tullochmoor has been sunk by a German submarine, while considerable alarm has been caused by a report that the White Star liner Megantic, bound from Liverpool for Montreal with many passengers aboard, was being chased. The liner, however, escaped.

ANOTHER WARSHIP STRUCK

England Loses Fifth War Vessel in
Dardanelles When Majestic Is
Torpedoed.

London.—The torpedoing and sinking of the British battleship Majestic is announced by the admiralty in the following statement:

"An enemy submarine torpedoed and sank H. M. S. Majestic, Capt. H. F. G. Talbot, May 27, while it was supporting the army on the Gallipoli Peninsula.

"Nearly all the officers and men were saved."

The battleship Majestic was a vessel of 14,900 tons and of 10,000 horsepower. Her officers and crew on a peace footing aggregated 757.

The Majestic, which was built in 1895, carried four 12-inch, 12 six-inch and 16 three-inch guns and 12 three-pounder guns. In addition she was armed with five 18-inch torpedo tubes.

The sinking of the Majestic makes the fifth British battleship lost in the Dardanelles campaign, and the second by a hostile submarine, the Triumph having been sent to the bottom in the Gulf of Saros. The French also have lost one battleship in the Turkish campaign, the Bouvet.

ADMITS GULFLIGHT ATTACK

Berlin Reports That Submarine Commander Thought U. S. Steamship Was Carrying Contraband.

Berlin.—The torpedoing of the U. S. S. Gulflight is now established as due to a German submarine, the report of the commander of the submarine in question having been received by the admiralty. The commander stated that when he first saw the Gulflight she was being convoyed by two patrol boats and he concluded that she must be a British vessel or was carrying contraband. The presence of the patrol boats, the commander reported, made closer investigation dangerous.

Italy's King Assumes Command.
Rome.—King Emmanuel has assumed supreme command of all forces and has left incognito for the Italian headquarters.

Italians Wing Austrian Aero.
At the Italian Front, Eastern Front.

At the Italian Front, Eastern Front, Italian gunners on May 26 brought down an Austrian aeroplane in the first contest of the Italian campaign between flying machines and anti-aircraft gun. The aeroplane rose from behind the Austrian lines, and started over the rocky ground in front of the Italian positions. A field battery fired. The first shot missed. The second struck fairly, causing flames to burst from the motor. The aeroplane plunged downward and was splattered on the rocks.

AIR FLEET MAKES A RAID

Eighteen French Planes Bombard a
German Powder Factory on
the Rhine.

Paris.—A French aerial squadron, composed of 18 aeroplanes, each carrying 110 pounds of projectiles, on May 27, bombarded a chemical factory at Ludwigshafen, on the Rhine, opposite Mannheim.

Fire broke out in several of the factory buildings as a result of this bombardment.

This factory is one of the most important manufacturers of explosives in all Germany. The French aviators were in the air for six hours and covered more than 400 kilometers (240 miles).

This expedition against an important German military establishment was the French reply to the attempts of German aviators on the city of Paris. This information was contained in the French official statement given out by the war office.

The statement reads:
"One of our aerial squadrons, composed of 18 aeroplanes, each carrying 50 kilos of projectiles, on the Rhine, the factory of the Baden-Aniline Chemical Products establishment, one of the most important manufacturers of explosives in Germany. The results reported are proof of the efficacy of the bombardment. Several of the factory buildings were struck by the projectiles of our men and a number of fires broke out. The aviators were in the air for almost six hours, and they covered more than 400 kilometers."

"This expedition against an important establishment in the French answer to the attempts of German aviators on Paris."

NEW CABINET IS FORMED

Kitchener Retains His Place as Secretary of War in Britain's New
Governing Body.

London.—Lord Kitchener retains the post of secretary of war in the new coalition cabinet which has received the approval of King George. The new first lord of the admiralty, Arthur J. Balfour, Winston Spencer Churchill, former head of the admiralty, is given the portfolio of chancellor of the duchy of Lancaster.

Herbert H. Asquith retains the premiership and Sir Edward Grey the minister of foreign affairs. David Lloyd George, chancellor of the exchequer in the old cabinet, will be minister of munitions in the new one.

The constitution of the new cabinet follows:

Prime minister and first lord of the treasury, Mr. Asquith; minister without portfolio, Lord Lansdowne; lord high chancellor, Sir Stanley O. Buckmaster; lord privy seal, Lord Curzon; lord of the admiralty, Arthur J. Balfour; lord of the admiralty, Winston Spencer Churchill; chief secretary for Ireland, Augustus Birrell; secretary for Scotland, Thomas McKinnon Wood; president of the board of agriculture, Lord Seibourne; first commissioner of works, Lewis Harcourt; president of the board of education, Arthur Henderson; attorney-general, Sir Edward Carson.

The cabinet comprises 12 Liberals, 8 Conservatives, and 1 non-partisan, Earl Kitchener. Thirteen members of the old cabinet remain in office.

HOLLAND HOLDS KEY TO BIG WAR

EXPERTS SAY HER ENTRANCE ON
SIDE OF ALLIES WOULD
TURN THE TIDE.

BRITISH DIPLOMATS ACTIVE

Men of High Position in Washington
Say Kingdom Greatly Angered at
Destruction of Property by
Germans.

Washington.—In the opinion of the highest practical experts of the war department, an early and decisive end to the European conflict can be brought about only in one way. This is by the entrance into the struggle of Holland, which country they regard as the key of the whole situation.

According to reports received here continually through official channels, the entrance of Holland on the side of the allies is not an unlikely contingency. Holland is described in these reports as being in "angry mood" toward Germany on account of the loss of vessels and other property which she has experienced. It is understood every effort is being made by English diplomacy to bring her over to the side of the allies.

The American military view is that if Holland enters the war, her army of 400,000 men will occupy the attention of the German forces on her borders. In the meantime, Lord Kitchener will land on Holland's shores the army of nearly 1,000,000 men which he has in England.

This army would invade Germany with all possible speed, to cut off the other lines of communication with the great German army now in the trenches in Belgium and France. The effect would be to deprive the German army of food supplies.

The main German army would then be caught between two great armies, and, in the language of the military experts of the war department, it would be "squeezed."

The war department experts describe the present fighting in France and Belgium not a series of battles, but a prolonged siege. The front extends from the sea to the Vosges mountains, a distance of about 250 miles, and flanking operations are out of the question.

In their opinion, the best the allies could hope to do, unless Holland entered the war and gave them a gate through which to strike, would be to force the German line slowly backward by sheer weight of numbers.

For these reasons the better expressed is that the invasion of Germany through Holland is a trick Lord Kitchener "has up his sleeves" and will play when the right time comes.

The invasion of Germany through Holland is a trick Lord Kitchener "has up his sleeves" and will play when the right time comes.

VETERANS HOLD REUNION

Followers of the Confederacy Meet in
Richmond for Twenty-fifth An-
nual Reunion.

Richmond, Va.—The twenty-fifth annual reunion of the United Confederate Veterans began here June 1 and will continue three days. The convention was called to order by Gen. George P. Harrison of Opelika, Ala., appointed to preside in the enforced absence of Gen. Bennett H. Young, commander-in-chief, who is in a hospital.

Exercise preliminary to the convention were held the first day, with the annual Hollywood memorial parade and sessions of the Confederate Southern Memorial association and the Sons of Confederate Veterans.

The veterans were welcomed by Gov. Henry C. Stuart and Mayor Alsie and by Judge D. Gardner Tyler, son of the late President Tyler, who addressed the visitors on behalf of the Virginia camp. Gen. Harrison responded for the visitors.

For the first time in the history of Confederate reunions a Northern military organization took part in the military pageant. The governor's foot guard of Connecticut acted as the personal escort of Gov. Marcus H. Holcomb, who was the guest of Gov. Stuart.

Capt. John Lamb, chairman of the general reunion committee, estimates that 60,000 visitors visited the city.

All the state military commands were ordered here for the parade and the war department designated the marine band at Fort Monroe to accompany the cadets from the Virginia Military Institute.

Among other features of the convention was the unveiling of a tablet in Hollywood cemetery to the women of the South and memorial exercises for veterans who died within the past year.

MANY KINDS OF FLOUR

PREPARED CEREALS THAT
SHOULD BE BETTER KNOWN.

Rice, Cornmeal and Those Made From
Dried Beans All Contain a High
Amount of Nutrient—
Split Pea Leaf.

The only prepared cereal with which many women are acquainted is a well-known brand of prepared barley flour which they have used in infant feeding.

But it may be interesting to know that there are a number of other excellent prepared flours on the market which are almost unknown in many of our homes. There is just as good a prepared oatmeal flour which can be used for children's gruels, for thickening soups and for invalid cooking. The usual practice now is to boil rolled oats and have all the unpleasantness of straining them, etc.; but this can all be avoided by using the prepared oatmeal flour for the purposes above stated.

Similarly, there is a rice flour, a lentil flour, a cornmeal flour, and even flours from dried beans and other legumes. These are all very excellent, because they contain a high amount of nutrient, and because in this prepared form they are far easier to use than the ordinary whole grain. Any one who has ever eaten the Scotch "pease brose" will never forget the deliciousness that the true yellow split pea soup can give. There are also dishes possible from split peas and lentils which can be much more easily made with the prepared flours I am discussing. I was interested to learn only the other day from a well-known doctor also that there is now a prepared flour of the Chinese soy bean, which is also high in nutrients, and used extensively among the Chinese and Japanese. This makes a sweet flour, and is especially attractive made into muffins and small cakes.

Then there is also the banana flour, far too little known, which has a most delicious flavor, and which, combined with wheat flour, can be made into most attractive small cakes, muffins, biscuits, etc.

Familiar are many of the Scotch dishes, chief of which are those using yellow peas in some form. These yellow peas are known here in America, and cost about eight cents a pound. They have a large meaty value, or "protein." They can be made into a delicious soup by soaking them over night, boiling until tender, straining through a fine sieve and thickening with a fine slice and butter. If desired, a tomato sauce can be poured over the pulp until very thick, pressing it through a sieve and combining it with bread crumbs sufficient to hold it together. Onions, tomatoes, ham or other tasty meat can be added to the peas while boiling. The crumbs and pea soup should be well mixed, molded into a roll and laid on a buttered pan and baked in an oven for about forty minutes, basting with butter. If desired, a tomato sauce can be poured over the pulp until very thick, pressing it through a sieve and combining it with bread crumbs sufficient to hold it together. Onions, tomatoes, ham or other tasty meat can be added to the peas while boiling. The crumbs and pea soup should be well mixed, molded into a roll and laid on a buttered pan and baked in an oven for about forty minutes, basting with butter.

WELL PLEASED WITH DIXIE ROUTE

FRANKFORT GRATIFIED OVER THEIR SUCCESS AT CHATTANOOGA MEETING.

CITY WILL BENEFIT GREATLY

Mountain Counties Are Spending Hundreds of Thousands of Dollars on Good Roads.

(Special Frankfort Correspondence.)

Frankfort.—The Frankfort delegates to the Dixie Highway association meeting returned well satisfied with the outcome, although they did not get what they primarily sought—the route through Frankfort from Louisville to Lexington. This was manifestly impossible when Louisville stood pat on the Nashville route, and they threw their strength with Cincinnati and gratified by the decision of the directors to have two entrances into Kentucky, one at Louisville and the other at Covington.

Unquestionably, in their opinion, the Blue Grass and mountain route, from Lexington to Cumberland Gap and Knoxville to Chattanooga will be more attractive to tourists by reason of its scenic variety and historic renown. Those who go that way will find themselves close to the Kentucky capital, with a good pike all the way and a short cut to the Boone Way, over the Lawrenceburg pike. Thence to the mountains will be a good road, and the mountain counties are spending hundreds of thousands in road building. From Louisville an excellent pike already exists leading through Frankfort to the Blue Grass mountain route at Lexington. Frankfort's delegates believe the majority will prefer to come this way from Louisville instead of striking straight through a country of little interest.

Ordered Bond Paid.

The appellate court affirmed the decision of the National Surety Co. against the City of Louisville, the whole court sitting. The surety company went the bond of Samuel M. Wilhite, comptroller of the city, for \$20,000. Wilhite defaulted and is now serving a sentence. The company declined to pay the bond on the grounds that the statute did not give Wilhite authority to take possession of the securities of the city which he held. The court held otherwise and ordered the bond paid.

Speers' Hospital Exempt.

Affirming the Campbell circuit court in the case of the City of Dayton against the Trustees of Speers' Hospital, the appellate court decided that the hospital is conducted purely for public charity and is exempt from taxation. Suit was brought by the city against the trustees to sell the property to collect unpaid taxes amounting to \$1,100.50, alleged to be due for 1910 and 1911. J. O. Jenkins, John L. Pythian and W. E. Senour are the trustees.

Newman Calls Meeting.

Commissioner of Agriculture Newman has called a meeting of the State Board of Agriculture to meet in Louisville. The Live Stock Sanitary Board will meet in Louisville to consider the removal of the dairy stock confined in the Chicago stock yards. The cattle, which are valued at \$75,000, were quarantined in the stock yards when the foot and mouth disease broke out and it has been impossible to return them to this state.

Study Forestry in Kentucky.

The senior class of the Pennsylvania State College of Forestry, Breckinridge county, and has returned to the college for commencement. C. N. Anderson, who was in charge of the camp, called on State Forester J. E. Barton here, and said the class of 1916 will camp at the same place, studying the trees of the Southern Appalachians and making plans for the care of timber in a tract in the vicinity of Quicksand.

State Road No. 4.

State aid road No. 4 will constitute one of the finest engineering feats in the state. It is from Middlesboro to Wadesboro bridge, a short distance from Pineville, constituting part of the Boone Way. It is heavy construction work. T. B. Smith, engineer in charge of the state aid work in Greenup county, has submitted his profile to State Commissioner of Roads R. C. Terrell, and has the Boyd county plans well under way.

Motion Overruled.

Motion of the contestants of the local option election, by which Scott county voted "dry," last September, for a rehearing was overruled by the court of appeals and they sued out a writ of error to the United States supreme court. This prevents the mandate being issued by the court of appeals, that should have closed the appeals in Georgetown. The contest suit was filed on the ground that the county judge had denied the city of Georgetown its constitutional rights by refusing a separate vote on the question.

Appeal to Federal Court.

On the eve of the day, May 26, when the mandate of the Court of Appeals putting into execution its decision upholding the local option elections by which Shelby, Montgomery, Bourbon and Scott counties voted "dry," would be issued, the contestants of the Scott county election filed a motion for a rehearing and when that was overruled, sued out a writ of error to the United States Supreme Court, which will delay the mandate until the case is disposed of by the Federal court. Scott county voted "dry" by a majority of 311; but a petition filed with the county judge for a special election for Georgetown on the same day was rejected by him, and the contestants allege that the constitutional rights of the citizens of Georgetown to settle the question for themselves with the city as the unit were violated. The Court of Appeals repeatedly held that, where a county votes as a unit, all smaller units within its boundaries are bound by its action as an entirety.

Tax League Issues Magazine.

The State Tax League, which now comprises several thousand members in all parts of Kentucky, has just gotten out the first number of a monthly magazine in the interest of taxpayers and to explain the operation of the tax laws in Kentucky and other states. There are articles on the Constitution, tax amendment and state tax league, with short essays on the taxing of tools, money and merchandise, classified taxes and several illustrative sketches showing up the inequalities of the present law. For so dry a subject as taxation is to the average reader, the editors have shown considerable ingenuity in selecting a variety of catchy topics, enlivened by poetic effusions and apt quotations from experts on taxation. The magazine is neatly printed and embellished with pictures of the state capitol, Henry Clay and Thomas Jefferson. Copies may be had free by addressing the State Tax League at Frankfort, Lexington, Crab Orchard or Louisville.

Governor Pleased.

The general satisfaction with which the result of the Dixie Highway Association has been received, found echo in the heart of Gov. McCreary, who led the fight at the first Chattanooga meeting to have the route selected by directors appointed by the governors of the states through which the highway will pass, instead of by seven self-constituted directors from New Jersey, Philadelphia and Chattanooga. "I am delighted," the governor said, "and I hope the other governors who appointed directors are as well pleased. According to the location of the Dixie Highway Kentucky is the only state which sets two routes east through the west route running from Chicago by way of Indianapolis, Louisville and Nashville."

Passes on Interesting Point.

In the case of the Commonwealth against Shelby Lawson, the Lee Circuit Court was reversed in an opinion by Chief Justice Miller, of the Court of Appeals. Shelby and William Lawson were jointly indicted on a charge of shooting and wounding Walker Barrett, April 10, 1914. It is alleged that each shot him, and a demurrer to the indictment was sustained on the ground that each shooting constitutes a separate offense, and the two could not be jointly indicted.

Governor Is Asked to Offer Reward.

Jake Noble, indicted in Breathitt county on a charge of assassinating County Jailor Wesley Turner on the streets of Jackson, November 10, 1910, is still at large and his whereabouts are not known, according to the statement of county officials, who have asked Gov. McCreary to offer a reward to stimulate interest in his capture. The governor offered a reward of \$150 for his arrest and conviction.

Society Will Celebrate.

"Boone trail" and the "Dixie Highway" will be important features in the program of Boone day to be celebrated according to annual custom by the Kentucky State Historical Society June 7. Senator G. G. Speer, one of Frankfort's delegates to the Dixie Highway meeting in Chattanooga, will discuss the historical aspects of these two subjects.

Governor Names Delegates.

Governor McCreary selected Adjutant General James Tandy Ellis, Colonel J. Stone Walker and James H. Polsgrove to represent this state at the meeting of the National Security League to be held in New York June 14. The governor was invited to attend the meeting, but on account of official duties had to decline the invitation.

Farm Lands Raised.

The State Board of Equalization raised the assessments of farm lands and town lots in Owen county 8 per cent, and assessments of farm land in Scott county 4 per cent.

Estill County Liable.

Estill county must redeem with interest \$50,000 in bonds voted in 1888 to aid the construction of the Richmond, Nicholasville, Irvine & Beattyville railroad, now the Louisville & Nashville branch of the Louisville & Nashville, projected at that time from Keene, in Jessamine county, through the cities whose names it bears. Suit was brought by J. D. Wina and other taxpayers to enjoin the levy of a special tax to meet the interest and principal on the ground that the railroad had not complied with its agreement.

UP TO THE CRITICS

What of the Naval Record of the Administration?

Figures Show That Praiseworthy Work Has Been Accomplished By Secretary Daniels—Aimless Faultfinding Silly Matter.

The American people—not the professional politicians or the extreme partisans, but the substantial, level-headed folk that really settle things—are waiting with considerable interest to hear what the Gardner and other bitter critics of the naval policy of the administration have to say further. Secretary Daniels has answered the rhetorical abuse of these gentlemen, their jeremiads, their forebodings of disaster, with a plain statement of the present condition of the fleet, finished and in course of construction, and a comparison of present with former activities. He shows that 36 vessels more are in commission than were under the flag two years ago; that 77 are authorized or under construction today, as compared with 54 on March 1, 1913; that the number of mines has increased 244 per cent and the number of torpedoes 90 per cent, and that the number of men, now up to the legal limit, is 5,824 greater than it was two years ago.

The secretary shows that two and one-half times as much money has been appropriated for battleships in the first two years of the Wilson administration as was appropriated in the last two years of the administration of President Taft, and that five ships have been authorized as against two in the former period. In submarines, the record is 26 against 12. The development of the new 14-inch gun—the most powerful weapon afloat—is another achievement of the past two years. The revival of the grades of admiral and vice-admiral is an achievement which especially appeals to naval officers, while the opening of the way to a commission for the worthy enlisted man removes the reproach of caste from the navy. Any American may well be proud of this record of achievement; but we are not pausing upon that aspect of the case just now. Our present concern is with the men who have been railing at the navy, the secretary and the president.

We demand that they formulate a policy. Here, gentlemen, is the record of the labors of the men who have worked while you found fault: The battleship program has been multiplied by two and one-half. The number of submarines building has doubled. Various economies have been achieved. Torpedoes have almost doubled in number, while mines have multiplied as have battleships under construction. The personnel is in the pink of condition, and the fleet has every man it is entitled to under the law. The hour for mere aimless faultfinding has passed. Here is a record of achievement. Speak to that. What would you have? New York World.

Unconsciously Depicted Himself.

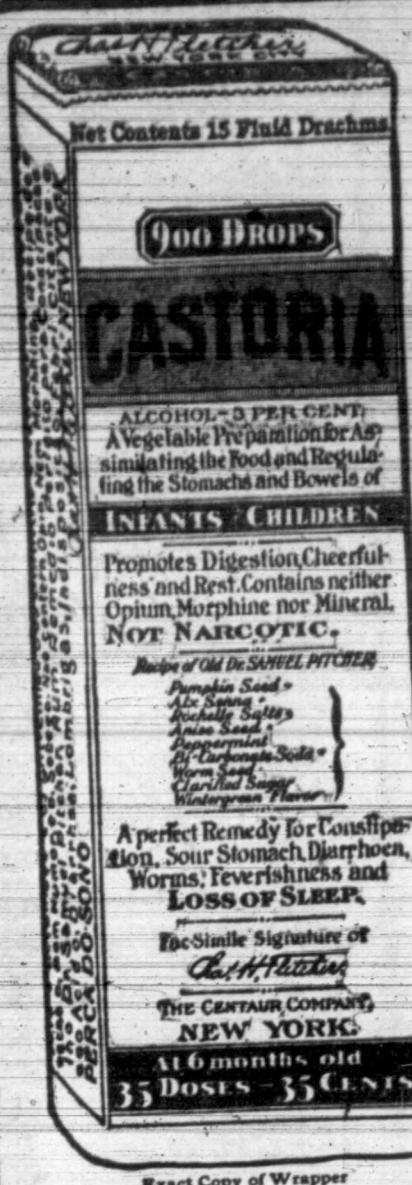

President Wilson made an admirable speech to the members of the Associated Press in New York, and yet when he was very serious he was humorous, unconsciously, without a doubt. Said he: "I do not want to walk around trouble. If any man wants a scrap that is an interesting scrap and worth while, I am his man. I warn him that he is not going to draw me into the scrap for his advertisement, but if he is looking for trouble that is the trouble of men in general and I can help a little, why then I am in for it." And in almost his next sentence the president added: "Don't you admire and don't you fear if you have to contest with him, the self-mastered man who watches you with calm eye and comes in only when you have carried the thing so far that you must respect. That is the man you must respect. That is the man you know has at the bottom much more fundamental and terrible courage than the irritable, fighting man." Of course President Wilson had no intention of handing that lurid bouquet to himself, but he did it, just the same.

Critics of the President.

The president shows excellent taste in refusing to make any reply to the criticisms of his administration by his two predecessors. Of these, of course, Mr. Taft's remarks are in a very different tone from that to which Mr. Roosevelt has too much familiarized us. But the people of the United States would be very glad of a restoration of the usage Mr. Roosevelt trampled under foot, according to which a man who has held the highest office in the gift of his countrymen regards himself as out of politics and is careful not to discuss the conduct of his successor.—Philadelphia Record.

All Americans.

The president of the United States found in New York, as he would find everywhere else in the country, that he is also the president of a united people. In a difficult and anxious time party politics have "ceased at the water's edge." Not Democrats, not Republicans, not of any other name or shade of partisanship, just Americans, the American people hold up the hands of their president. There is but one party, the party of the Union of all America for the American cause.

Children Cry For

Fletcher's CASTORIA

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

UNLIKE THE WARS OF OLD

Modern Battlefields, Present No Pictures at All Comparable to Those of the Past.

Every now and then one hears from a man fresh from the front some little incident that makes one realize the horrors of this war more vividly than does a long article written expressly for that purpose, says the London Mail.

A young clerk in the employ of a well-known London business man who enlisted six or seven months ago got to the front recently. Within three weeks he was back in London, badly wounded in the leg. He was able to leave the hospital a couple of days ago and called to see his employer, who naturally asked him to tell him what he thought of the war. "Well, sir," said the young fellow, "I only saw about forty yards of it, and that only for part of a day. The first and only job I had was to go to a trench with a party of men. We took with us a hand donkey engine and ropes. When we got to the trench I saw what the donkey engine was for. The soldiers in that trench were in thick, gluey mud that reached up to their ribs. They were crying like children and asked us to shoot them. The side of the trench in front of them was quite smooth owing to their

attempts to scramble out with their hands, but the mud held them and they were dying of cold, hunger and horror. It was only by means of the donkey engine that we could pull them out.

"If the Germans in the trench opposite them had known of the state they were in they could have walked across and killed them with walking sticks, for I saw no sign of a rifle among them. The rifles had sunk in the mud. It was while doing that job I got hit in the leg, and that's all I have seen of the war."

Things Had Changed.

"Squabbling and fighting—there's another very frequent cause of divorce," said Prof. L. Waita Ingersoll, in an address before the Cleveland Anti-Divorce League.

"A man had been hailed before a Cleveland magistrate for non-support or some such fault. 'But, let me see,' the justice said, 'aren't you the man who was married in a cage of wild man-eating tigers and leopards?'

"Yes, your honor, I'm the man." "Exciting, wasn't it?" said the justice.

"Well, your honor," said the man, "it seemed so then. It wouldn't now."

A man has enemies in proportion to his importance and influence in the community in which he lives.

Good Excuse. Being a thoughtful wife, she is naturally concerned for her husband's health, and when she sees him eating heartily of pie she reminds him:

"Now, my dear, you know very well that if you eat so much pie you will have another attack of indigestion. I cannot see why you insist upon eating it when you know it keeps you constantly suffering."

"I would not eat it, my angel," he answers, helping himself to more, "were it not that the last time I did so I dreamed of you."

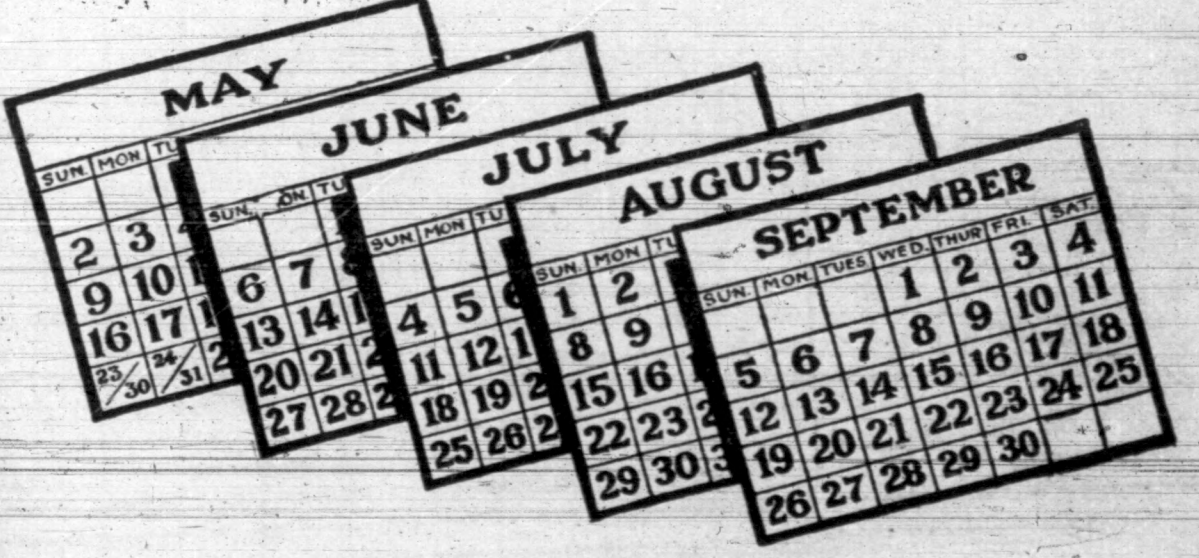

Scolding that she is witnessing one of those sublime evidences of true affection of which we sometimes read, she smiles happily upon him and is silent.

Rubber. "You like to look after the passing girls so," grumbled his wife, "that it's a pity nature didn't give you eyes in the back of your head."

"Oh, I don't know," responded the hardened wretch. "A flexible neck answers all purposes."—Louisville Courier-Journal.

Cause of the Delay. Conductor—I've just married. I intended to marry several weeks ago, but a hundred dollars stood in my way.

Friend—How did you get around it? Conductor—I didn't try to. I knocked it down.—Judge.

With Summer's Coming

Lighter, wholesome food should replace the more hearty, heat-producing winter diet. A summer food should be tasty, nourishing and easy to serve.

Post Toasties

are the inner meats of choice white Indian corn—cooked, seasoned, rolled thin and skillfully toasted to a delicate golden-brown crispness.

FRESH-SEALED in the big, yellow, wax-wrapped cartons, Post Toasties come to your table as crisp and delicious as when they leave the ovens.

There's no fuss or bother over a hot stove with Toasties. Ready to eat from the package with good milk, cream or fresh berries—a happy solution of the never-ending problem, what to serve.

Post Toasties—the Superior Corn Flakes

Sold by Grocers everywhere.

THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, JUNE 3, 1915

A TWICE TOLD TALE

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Murray man is confirmed after three years:

J. A. Ellison, Murray, says: "I suffered for a long time from a lame back and often was hardly able to stoop. The trouble was worse when I got up in the morning. In fact, I was hardly able to get out of bed. I took a great many medicines, but had no benefit until I began using Doan's Kidney Pills. Before I had finished two boxes, I was feeling like a different man, all symptoms of the trouble had gone." (Statement given in Feb., 1908.) Over three years later Mr. Ellison said: "I have had no occasion to use any kidney medicine since Doan's Kidney Pills cured me."

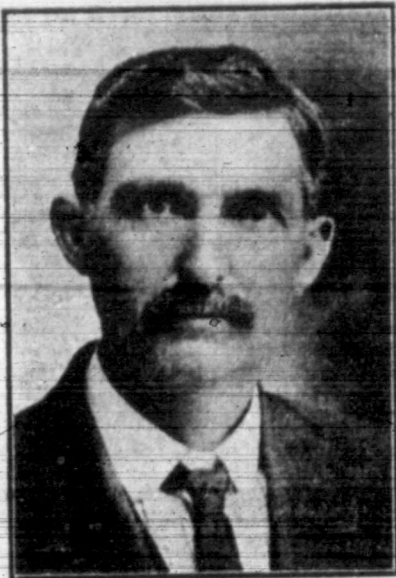

Price 50c at all dealers. I don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ellison had. Foster-Milburn Co., Props., Buffalo, N.Y.

Walking For Wages.

In competition with Edward Payson Weston, the veteran walker, and to win a \$1,500 prize offered by the Panama-Pacific Exposition, Mr. and Mrs. Tom Jackley are walking across the country, with the requirement that they make the capital of each of the forty-eight states within three years. They left San Francisco September 12, 1912, and feel sure of winning as they are now in the east and have four months to reach Augusta, Me. They are forbidden to ride any way and may obtain money only by selling photographs of themselves.

A Doctor's Prescription for Cough and Effective Cough Cure.

One-fourth to one teaspoonful of Dr. King's New Discovery, taken as needed, will soothe and check coughs colds and the more dangerous bronchial and lung ailments. You can't afford to take the risk of serious illness when so cheap and simple a remedy as Dr. King's New Discovery is obtainable. Go to your druggist today, get a bottle of Dr. King's New Discovery, start the treatment at once. You will be gratified for the treatment and cure obtained.

My Fellow Citizens:

I am a candidate for the Democratic nomination for circuit court clerk in the primary to be held Saturday, August 7, 1915.

I earnestly invite you to a thorough and impartial investigation of my qualification and fitness for the duties of the office to which I am now aspiring, and if after you have inquired concerning me of my neighbors and acquaintances, you feel disposed to lend a helping hand in the way of your vote and influence in this my first race for county office, I assure you that no one could appreciate the favor more than myself.

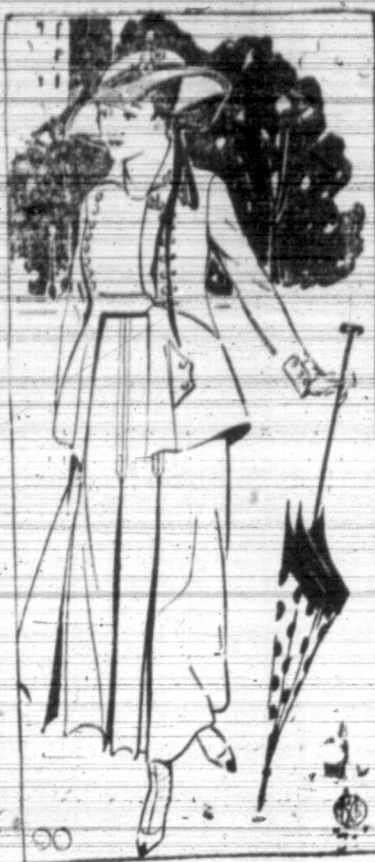

I was born and reared on a farm in North Liberty, Calloway county, Kentucky, have always voted in my native district and have been actively engaged in agricultural pursuits, with the exception of a few years prior to 1900, when I was engaged in the public schools of the state.

I feel that I am fully qualified to discharge the duties of the office, and if elected I will endeavor to serve you in such a way that I hope that you will never have cause to regret that you assisted me with your vote and influence. I am now fully in the field and hope to make a thorough canvass, presenting my claims personally to each and every voter.

Thanking you in advance for any and all favors, I beg to remain, Respectfully yours, O. P. (TOBE) ROBERTS.

Wintering Cows.

Can you imagine a cow living on dry food—full of worms, dust and parasites—all winter long without showing badly in the spring? Get rid of these germs and parasites and the cow will look much better and give more milk. B. A. Thomas' Stock Remedy is straight medicine and if it doesn't free your cow of intestinal parasites, it costs you nothing. It is just as good for sheep and horses. —Sexton Bros.

CHEER UP

That Tired, Grouchy Feeling Means a Lazy Liver.

LIV-VER-LAX will clear you out and make you feel fine and dandy again. It is just as effective as calomel, but has none of its well known disagreeable after effects.

LIV-VER-LAX eliminates poisons, cleanses the system and relieves constipation in a thorough, but pleasant manner. A little taken regularly means consistent health and no doctor bills.

GUARANTEE. Every bottle bearing the likeness of L. K. Grigsby, is guaranteed to give satisfaction or your money will be returned. For sale here in 50c and \$1 size bottles, at H. D. Thornton & Co.

Mexican Quail.

The State Game and Fish Commission at a meeting last week arranged for the importation of 5,000 quail from Mexico and 3,000 ring-neck pheasants from England. The shipment will be placed in the hands of people who volunteer to keep them in coops, a cock and five hens to the coop. The plan of Agent Ward is to have five coops in each county. The keepers are to free five birds received in their counties and the Game and Fish commission will take an option on the rest of the progeny, leaving the original birds in

possession of the keepers. A hundred applications are on file now in the office of the commission. A consignment of 8,000-000 pike perch have arrived at Frankfort from the government hatcheries and will be distributed in streams in which this species of fish formerly lived.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is a result, and unless the inflammation can be taken out and this tube restored to the normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's catarrh cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

New Concord.

As I have not seen anything from this town in some time, I will drop you a few lines.

Health is very good and people are busy setting tobacco. Some have plants enough to get out their crop and some have none. A large crowd attended Children's day services at Sulphur

Springs Sunday. All had a nice time.

We have some new merchants at Concord, Messrs. Garrison and Bell.

A singing school is in session at Grindstone. Mr. Lou's Fielder is the teacher.

Girls, you had better look out! Roy has a new rubber tired buggy and is driving at the rate of fifty miles an hour.

I think there will be a wedding pretty soon if Wayne keeps going out the road.

Come on, River Rat, we have not heard from you in some time.

Jim Stubblefield can be heard singing "Rock a-bye Baby" most any time of day or night. —Guess Who.

For Sale or Exchange.

We have a nice, small, farm in Murray school district, well improved and especially suited to parties desiring to patronize the Murray High School. Will sell at a reasonable price or trade for large bottom farm further from town. See Finney & Ryan.

Well Digging.

I am now in the county and am prepared to do all kinds of well and water works. My rates are \$1 per foot, everything furnished complete. For further particulars write R. L. Conner, Sedalia, Ky.

Mrs. Bush Davis is visiting in Paris.

The teachers and trustees of Division No. 1 will meet at Jackson schoolhouse next Saturday afternoon, June 5, at 2 o'clock, for the purpose of electing teachers. Written applications requested. —A. P. R. Adams, Chairman Division No. 1.

Swish! Corns Gone! We Use "GETS-IT!"

2 Seconds, 2 Drops — Corns Vanish! For everybody with corns, there is in every drug store in the land one of the real wonders of the world, and that's "GETS-IT!" for corns! It's the first and only corn-cure ever known that removes

"Some Fogy Trot, M'amselle, What? Corns Gone? Yes, I Used 'GETS-IT!'"

any and every corn or callus without fail, without fussing with thick bandages, toe harnesses, corn-swalling salves, irritating ointments. It's applied in 2 seconds — bing, bing — 2 drops, the work is done, the corn shrivels up, your corn agony ends and the corn leaves forever! All the limping, the pains that dart to your heart's core, the excruciation of having to wear shoes over screaming corns, the danger of blood poison from making them bleed by using knives, razors and scissors — are gone at last! "GETS-IT!" is the new way, the sure, simple, painless way. Try it for corns, calluses, warts and bunions. "GETS-IT!" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Murray and recommended as the world's best corn cure by H. P. Wear.

THERE WILL BE NO CHAUTAUQUA ON SUNDAY

CHAUTAUQUA WEEK HERE JUNE 10 TO 17

Season Tickets For Our Forthcoming Redpath Chautauqua

In arranging to inaugurate this Chautauqua this year the local committee bought 1,000 \$3.00 season tickets, which will be sold, while they last, by them for \$2.50 each.

When these tickets are exhausted no season tickets thereafter can be had for less than \$3.00. Also, the price of season tickets will not be reduced from the first day to the close of the Chautauqua.

For the single admissions to the respective entertainments see program. Season tickets are non-transferable except within the owner's family.

All season tickets are good for seven week days. There will be no Chautauqua on Sunday.

CHILDREN'S TICKETS Admit children aged six to fourteen years inclusive. All children are admitted to the children's work free.

CHAUTAUQUA WEEK IN MURRAY JUNE 10 TO 17

LOCAL and PERSONAL

Liggett's and Guth's chocolates, ice-cream, at the Rexall store.

The Arts and Crafts will meet with Mrs. Randolph Wednesday, June 9.

If you want a bargain in a buggy, come on. I have it for you. J. W. Denham, Hazel, Ky.

F. P. Stum, of Madisonville, was in the city the first part of the week on business.

Buy your season Chautauqua tickets from Dale & Stubblefield. Price \$2.50.

Everts Irvan, of Tulsa, Okla., arrived in the city last Saturday to visit relatives and friends.

Symphony Lawn inlaid stationery at popular prices, at the Rexall store.

Stanley Houston, who this year graduated from school at Spring Hill, Tenn., returned home Wednesday evening.

Ask to be shown the beautiful line of new stationery at the Rexall store.

Nat Ryan, Jr., who has been attending the Randolph-Macon Academy, of Bedford City, Va., came in Tuesday at noon.

Miss Jennie Lee Covington, of Paducah, visited the families of Messrs. Barber and John McElrath this week.

John Rowlett and Tom McElrath, who have been attending Castle Heights, at Lebanon, Tenn., are now at home.

Next Saturday you can buy a pound of fruit-filled chocolates for 39c at the Rexall store.

Rev. W. J. Beale has arrived home from Frankfort, where he attended a meeting of the state board of equalization.

Will pasture your stock—160 acres in pasture. 75c to \$1 per month.—Robert L. Hart, New Providence, Ky.

The Rural Mail Carriers Association, of which J. F. Boyd, of this city, is chairman, met in Paducah last Monday. Several carriers from this county attended.

We have a small farm three miles from Murray that we are going to sell. This place has on it a new residence, stable and barn. If you want a bargain see us.—Finney & Ryan.

Mrs. H. C. Pogue and little son, of Birmingham, Ala., are visiting the former's parents, W. L. Whitnell and wife.

For a mild, easy action of the bowels, try Doan's Regulets, a modern laxative. 25c at all stores.

Miss Ruth Houston, who has been teaching school near Nashville, returned home Wednesday evening.

Miss Ruth Parker, who has been attending Tennessee College at Murfreesboro, arrived home the first of the week.

Only eight tickets to the Confederate reunion at Richmond were sold from Murray last Sunday.

Liggett's and Guth's candies always cold and fresh at the Rexall store.

Mr. and Mrs. C. C. Hughes and son, Nat Ryan, are expected to arrive Sunday for a visit to Mrs. Hughes' parents, Mr. and Mrs. Nat Ryan.

Hon. Seldon R. Glenn, of Edinville, candidate for state senator, was in the city this week in the interest of his candidacy.

Rev. David Thompson will preach at Union Grove, Sunday, June 6, at 3 p. m. Subject: "Time and Eternity." Everybody is invited.

The third quarterly conference of West Murray circuit will meet at Cole's Camp Ground on Saturday and Sunday, June 5-6, with dinner on the ground Saturday.

Mr. and Mrs. T. R. Grogan and Billie Lawson, of the east side of the county, returned Tuesday of this week from Obolton, Ill., where they visited the family of Bob Lawson.

For baby's croup, Willie's daily cuts and bruises, Mamma's sore throat, Grandma's lameness—Dr. Thomas' Electric Oil—the household remedy. 25c and 50c.

Charles B. Fulton, cashier of the Farmers and Merchants Bank, of this city, attended the bankers' convention at Paducah Monday.

For any itching skin trouble, piles, eczema, salt rheum, hives, itch, scaldhead, herpes, scabies, Doan's ointment is highly recommended. 50c a box at all stores.

J. L. Singleton, of Wickliffe, is putting the Woodruff opera house in shape for a moving picture show, to be known as the Princess. He expects to start the latter part of this week.

Mr. and Mrs. J. T. Crawford and Miss May Crawford, of Lynn Grove; Miss Ila Rudd, of Murray, and Mr. and Mrs. M. Lassiter, of Hazel, left for Richmond, Va., and other eastern points Sunday morning.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale and sickly. For pure blood, sound digestion, use Burdock Blood Bitters. \$1 at all stores.

There will be Children's day services at the Christian church next Sunday evening at 7:45 o'clock. A very interesting program is being prepared and everybody is invited to attend.

"The Maxim" is the name of an attractive weekly paper just started at Mayfield. "The Maxim" is edited by Hon. J. C. Speight, and is issued every Wednesday.

The local base ball team went to Paducah last Sunday and was defeated by a score of 7 to 9 in a fast game with the DeMert team.

The Murray ball team won two out of three of a series of games played here with the Milan, Tenn., team last Thursday, Friday and Saturday.

Mrs. Oran T. Keys, of Brookport, Ill., arrived in the city Tuesday afternoon to be the guest of relatives and friends for several days.

Miss Kathrine Cook returned to her home in Hopkinsville Monday after a visit to her grandmother, Mrs. E. B. Long, who is spending some time in Cadiz.—Cadiz Record.

Gibson Hale and Judson Pitman, members of the Murray band that has been playing for a carnival company in Tennessee, Kentucky and Ohio for some time, returned home Wednesday of this week.

Mr. Felix D. Cunningham, of Redden, Calloway county, and Messrs. Homer Leneave and Vester Cunningham, of Hardin, were in the city Monday and Tuesday as witnesses in circuit court.—Cadiz Record.

The Waverly, Tenn., base ball team arrived in Murray Wednesday for a series of three games with the local team, and the first game of the series was played Wednesday afternoon, which resulted in a score of 16 to 6 in favor of Waverly.

Teachers and trustees of Division No. 4 will meet at South Howard schoolhouse, Saturday, June 5, at 2 p. m., for the purpose of electing teachers. Please be on time with written applications. K. C. Jones, Chairman Division No. 4.

C. C. Ray, son of W. A. Ray, and Mary Farmer, daughter of E. H. Farmer, both well known young people of the county, were united in marriage last Saturday by Rev. Rudd at his home in Murray. The Ledger joins the many friends of the couple in congratulations.

The teachers and trustees of Division No. 3 will meet at the usual meeting place, Wells schoolhouse Saturday afternoon, June 5, at 2 o'clock, for the purpose of electing teachers. Written applications requested.—Ernest Furchess, Chairman Division No. 3.

Ignited by lightning during the severe rain and electrical storm Friday night, a stock and feed barn belonging to W. B. Douglas, was burned, containing hay, corn and farming implements. The loss is partially covered by insurance.—Hazel News.

The teachers and trustees of Division No. 2 will meet at the usual meeting place next Saturday afternoon, June 5, for the purpose of electing teachers. Please be on time—pot later than 2 o'clock—with written application.—E. D. Hart, Chairman Division No. 2.

The seven-year-old son of Carey Tarry, stepped on a rake in the stable lot one day last week. Tetanus developed later, antitoxin was used and a trained nurse from Nashville was procured, but despite the care of the nurse and the best physicians, the child died Sunday, and was buried in the city cemetery here Tuesday. Great sympathy is felt for the parents.

The teachers and trustees of Division No. 7 will meet at Elm Grove Saturday, June 5, at 2 p. m., for the purpose of electing teachers. Please be on time with written applications.—Wallis Futrel, Chairman Division No. 7.

Take Notice.—You will find your note at Farmers and Merchants Bank that is past due and must be paid on or before July 1, 1915. If not paid before this date you will find them in collector's hands with cost of collecting added. Notes and accounts past due must be paid.—W. M. West, 5272

SAFETY FIRST

What Makes a Safe Bank?

FIRST: Loans that are well secured. 65 per cent of our loans are secured by real estate.

SECOND: Responsibility of the board of directors. Each of our directors were reared on the farm, earned their money by honest toil, not speculation, and are worth more than our liabilities.

That is why your money deposited with the **Farmers & Merchants Bank, Murray, Kentucky,** is perfectly safe.

Knows Schools of State Thoroughly.

"If there is one man in Kentucky who knows more about its schools and colleges than Prof. V. O. Gilbert," said a popular educator recently, "I have yet to hear of him." Prof. Gilbert has visited every public school in the state and knows the need, value and utility of each one of them. He knows the teachers, the trustees, the strong and the weak points in our educational system, and has worked hard to remedy defects and improve the tone of our schools in every way. He has contended for larger and better equipped buildings, for reliable trustees and teachers, for the administration of affairs according to strict business methods, and made every dollar count that is devoted by the state to educational purposes.

Many teachers of Calloway county, who were under the instruction of Prof. Gilbert while in the State Normal School at Bowling Green, and also the friends he made while in Murray, are watching his campaign with interest and all have the utmost confidence in his candidacy. Prof. Gilbert is a gentleman who deserves the success that has attended his labors, and it is predicted by all who have watched the race for the office of Superintendent of Public Instruction that he cannot be beaten because he is running on a record that is unimpeachable. Prof. Gilbert is interested very strongly also in fraternalism, and has always shown a lively interest in fraternal work in this state. His friends say his success is richly merited, and Kentucky will have a superintendent of whom she can well be proud.—Louisville Evening Post, May 7, 1915.

Adv't.

See Our Line of 5, 10 and 25c Goods.

Are you getting your full share of the additional prosperity that should come to you by placing your nickels, dimes and quarters where they count most? If you are not put on your hat and walk over to our store and see the many, many nice things we have in store for you.

Look through our notion department, then to our lace and hamburger counter, back to our hosiery department, then to our enamelware and tinware section, then back to our nice line of glassware and tableware of all kinds. Stop here, there is one thing we have just received today that is fine, silk and Persian ribbon Nos. 40, 50, 60, 80 and 100 at 10c per yard, but don't spend all your money here, for you must take some of our nice fresh candy home to the baby.

Come, make our store your store.

JOHNSON & BROACH
5, 10 and 25c Variety Store.

THE MORNING HOUR LECTURES

Chautauqua Week

Don't make the mistake because these lectures are in the morning that they are dry or unimportant. The men selected for this work by the Redpath Educational Department are experts and authorities on their respective subjects.

If you miss the morning hour lectures you will miss one of the best features of the Chautauqua.

CHAUTAUQUA WEEK HERE JUNE 10-17

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking
Lydia E. Pinkham's Veg-
etable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the greatest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womanhood a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, and in some cases that it has saved them from surgical operations.

FOR THOSE FOND OF ORANGES

Recipes That Will Appeal Particularly to Lovers of Healthful and Appetizing Fruit.

Oranges are so healthful they should be introduced as often as possible; try these recipes: Orange Delight—Soak half a box of gelatin, in one gill of cold water fifteen minutes, now add lemon juice, three gills of sugar, dissolved; put into it half a pint of granulated sugar, three gills of orange juice and the strained juice of one lemon, stand in cool place; harden in the refrigerator.

Place a couple of rounds of almond orange in each individual dish, cover with the jelly; then a layer of soft custard or whipped cream as a mask. Serve ice cold with lady-fingers.

Orange Icing—Put one running-over tablespoonful of strained orange juice in a bowl, one teaspoonful of sherry wine or brandy, with the grated yellow rind of one small sour orange; let it stand for 20 minutes, then stir in half a teaspoonful of confectioner's sugar, then the slightly beaten yolk of one egg; stir, now add sufficient confectioner's sugar to make it the consistency to spread easily over the cake; it should not run; spread evenly, then put in a cool, dry place to stiffen.

This icing will be rich and creamy, never becoming "rocky," like so many people make. If cake is rubbed on this edge with sugar the icing seldom runs off the sides.

HINTS FOR THE ECONOMICAL

How Dressmakers' Bills May Be Saved and Garments Kept at Their Proper Freshness.

A cake of magnesia and a clothes brush are a frugal woman's best friends. After brushing a dusty gown rub both sides of any soiled spots with the magnesia, which comes in cakes for that purpose, hang it away for a day or two and then brush again. The spots will be found to have disappeared. Care taken of dressing will do the secret of dressing well on limited means. The late Mrs. Modjeska had a wonderful collection of dresses which were worn instead of being kept for show alone. They were cleaned with magnesia, liberally sprinkled through the meshes of the whole wrapped in tissue paper to remain until the chalk absorbed all the dirt.

Do you cover your own buttons? It means a saving and gives variety to a costume. It can be done by crocheted stitches or by needlework as well as by bits of fancy silk, too insignificant for any other use. I have heard objections on the score that the result was not as satisfactory as professional work, but the answer to that is the injunction to do all work neat. Slipshod methods are to be condemned everywhere, although I grant that time is wasted in the inside finish of frocks. Even expensive dressmakers have taken a hint from Paris and concentrated on externals.

In Muffins. This recipe was introduced to a certain household by a servant from Hungary. In Hungary, she explained, she used salt pork, but she found bacon better than pork.

She sifts a cupful and a half of flour with a teaspoonful and a half of baking powder, a teaspoonful of sugar and a half teaspoonful of salt. Then she adds a beaten egg, a teaspoonful of melted butter and half a cupful of sweet milk. After beating smooth she adds half a cupful of bacon. The bacon is first fried or broiled until crisp and then chopped and measured. The muffins are baked in hot muffin pans until done and they are eaten without butter. The bits of bacon throughout the muffins give sufficient flavor of the sort butter would supply.

Auburn Molasses Cookies. To one cupful of lard and two cupfuls of molasses, melt and allow to cool. Dissolve first in two tablespoonfuls of boiling water. Then beaten into the molasses until it foams two eggs, a pinch of salt, a tablespoonful of ginger and a teaspoonful of cinnamon. Add flour to mix very soft and let the dough stand for an hour before rolling out. Cut into cookies a quarter of an inch thick and bake in a rather hot oven until a rich brown.

Pigeon Fricassee. Cut eight pigeons into small pieces and put in a stewpan, with one pint of water and the same of claret. Season with salt, pepper, mace and onion; a bunch of herbs, a piece of butter in flour; cover close and let stew until it is just enough for sauce; then take out the onion and herbs, beat up the yolks of three eggs, push the meat to one side and stir them into the gravy. Keep stirring until sauce is thick, then put the meat in a dish and pour over it.

Baked Oysters. Put a round of toasted bread into a small baking cup or dish. Spread with butter and fill the cup with oysters. Season with salt, pepper and butter. Fill as many cups as required, place them in baking pan in the oven, cover with a pan and bake about ten minutes.

A Tea Hint. If a lump of sugar is put in the teapot when making tea it will prevent its spilling the table cover if spilled.

UGH! CALOMEL MAKES YOU SICK! CLEAN LIVER AND BOWELS MY WAY

Just Once! Try "Dodson's Liver Tone" When Bilious, Constipated, Headachy—Don't Lose a Day's Work.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones, Calomel craters into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick. Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. Dodson's Liver Tone is entirely vegetable, therefore harmless, and cannot sicken. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

MEANS MUCH TO NAVAL MEN JUST WHAT IS BAD AIR?

Ability to Communicate Through Water One of Most Recent Important Discoveries.

Several American battleships and submarines are now equipped with H. A. Fessenden's submarine wireless apparatus. This sends messages more than thirty miles under water, and the inventor expects that with experience it will be possible to improve the apparatus so to make it send and receive for several hundreds of miles.

The apparatus starts a metal plate vibrating so rapidly that it sends waves of sound through the water. Sound travels through air four times as rapidly as through air.

In an article in the American Magazine, Cleveland Moffett quotes Professor Fessenden as saying: "You see the importance of these oscillators in naval warfare, for a battleship equipped with such instruments can talk to its own submarines while they are miles away and submerged and can actually direct their movements against an enemy's vessels."

DON'T VISIT THE CALIFORNIA EXPOSITION Without a supply of Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes. It is the Standard Remedy for the feet for 25 years. It gives instant relief to tired, aching feet and prevents sweating and blisters. "I enjoyed every minute of my stay at the Exposition, thanks to Allen's Foot-Ease in my shoes." Get it TODAY. Adv. Foot-Ease in my shoes.

Genuine Heroism. The characteristic of genuine heroism is its persistency. All men have wandering impulses, fits and starts of generosity. But when you have resolved to be great, abide by yourself, and do not weakly try to reconcile yourself with the world. The heroic cannot be the common, nor the common the heroic. If you would serve your brother, because it is fit for you to serve him, do not take back your words when you find that he is not your own act, and congratulate yourself if you have done something strange and extraordinary, and broken the monotony of a decorous age. It was a high counsel that I once heard given to a young person: "Always do what you are afraid to do."—Emerson.

Whenver You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.—Adv.

Developments Due. "Well! Well!" said the skeptical person. "You say this candidate was elected to office without having made a single promise to his campaign workers?" "None publicly," replied the practical politician, "but we have yet to hear from the dictagraph records."

Emotional Vegetation. "Here is a scientist who says that vegetables have emotions." "If that's the case, those garden seeds I planted last year ought to have been ashamed of themselves."

RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if resinol ointment is doing you good. You KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Why don't YOU try this easy resinol way to heal eczema or similar skin eruption? Resinol clears away pimples, too, and is a valuable household remedy for sunburn, poison-ivy, cuts, sores, burns, chafings, etc. It has been prescribed by doctors for 20 years and contains nothing that could irritate or injure the tenderest skin. Sold by all druggists.—Adv.

Conversational Bridge. Patience—Can she play bridge? Patricia—She can play bridge in three languages.

Once it begins to fade, the beauty of a woman goes as quickly as the brilliant colorings of an autumn leaf.

Cured by a Bullet.

Private Redmond of the First Colorado volunteers, once on duty at Manila, was the star stutterer of the English army corps. Nothing in the way of treatment did him any good, and he realized sadly that he could never be even a noncommissioned officer, because he could not give the simplest words of command without stuttering. He was a brave and efficient soldier, and always first in the firing line.

At the battle of Marquis Redmond was shot in the mouth. The Mauser bullet passed downward and came out at the nape of the neck.

He was taken to the hospital, where he recovered rapidly, and all that could be seen of the wound was a little scar about his upper lip where the bullet entered. But the remarkable thing about the affair was when he left the hospital he was cured of his habit of stuttering. How it happened neither he nor the doctors can explain, but he was so joyous over the fact that he blessed the bullet that brought him relief.

A man knows less than a woman, but a part of what he knows is true.

Soft-Hearted Parent.

"I don't spank my children. I consider that cruel and inhuman." "How do you manage them?" "When they disobey me I shut them up in a dark room for a day or two and feed them on bread and water."

DON'T MIND PIMPLES

Cuticura Soap and Ointment Will Banish Them. Trial Free.

These fragrant supercreamy emollients do so much to cleanse, purify and beautify the skin, scalp, hair and hands that you cannot afford to be without them. Besides they meet every want in toilet preparations and are most economical.

Sample each free by mail with Booklet. Address postcard, Cuticura, Dept. XV, Boston. Sold everywhere.—Adv.

Men who think themselves aggressive are usually classed as knockers by others.

Examine the average man's sore toes and you will find that he stubbed them the year he was defeated for office.

"I know what Father likes best"

EVEN the children know that Arbuckle's Coffee gets the biggest welcome at the breakfast table.

It is the popular favorite everywhere. More of it is used than any other packaged coffee. Think what this means.

In America we drink more coffee than does any other nation. Last year 900,000,000 lbs. of coffee were brought here. Think of all the different kinds of coffee—the different varieties of flavor this represents.

For their favorite coffee, the people of this country have chosen Arbuckle's. For nearly fifty years they have shown their preference for this coffee. In one state last year four times as many pounds of Arbuckle's were used during the year as there

were men, women and children in the state. And the demand is constantly increasing.

Have you tried it lately? Before you serve another breakfast, go to your grocer's and get a package of Arbuckle's Coffee. Taste its rich, satisfying flavor and know why more of it is used than any other packaged coffee.

Make your coffee earn lovely gifts.

Save the signature on every Arbuckle wrapper. Get beautiful, useful gifts—articles you have always wanted. Arbuckle's premiums are almost as famous as Arbuckle's Coffee. In one year we gave away over a million of one-gram silver pens for our big Premium Catalogue. Write today to Arbuckle Bros., 71-Y-3 Water St., N.Y.

Better than ever.

Considerate. Parson (making a pastoral call)—Why doesn't your husband come to church, Mrs. Gooding? "Oh, he talks so in his sleep."—Browning's Magazine.

Are Your Kidneys Weak?

Do you know that deaths from kidney troubles are 100,000 a year in the U. S. alone? That deaths have increased 75% in 20 years? If you are run down, lose weight, nervous, "blue" and rheumatic, if you have backache, dizzy spells and urinary disorders, act quickly. Use Doan's Kidney Pills. No other medicine is so widely used, none so highly recommended.

A Mississippi Case

Fred O. Hale, Holly Springs, N.C., says: "I got so weak and run down with kidney trouble I couldn't get around. I suffered from sharp pains in my hips and back. I stood without moving. The kidneys secreted terribly in passages and had to get up several times at night to void them. The doctor said my system was filled with uric acid. Doan's Kidney Pills cured me and restored me to the best of health."

Get Doan's at Any Store, Etc. a Box. DOAN'S KIDNEY PILLS. FOSTER-MILBURN CO., BUFFALO, N.Y.

HORSES FOR EUROPE

Europe is buying thousands of horses from the United States for the war. The army agents refuse all horses that are not in good condition and free from contagious and infectious diseases. When in buyers come you must be ready to supply them with horses in suitable condition, prevent and cure Distemper, Pink Eye, Spotted Fever, Cattle Plague and Shipping Fever by using the largest selling veterinary remedy.

SPORN'S DISTEMPER COMPOUND. Absolutely safe for all ages. One bottle cures a case. 50 cents and \$1.00 bottles. Write for free booklet, "Distemper, Coughs and Croup." SPORN MEDICAL COMPANY, Chemists and Bacteriologists, 608 E. 10th Ave., DENVER, CO.

FOR HALF A CENTURY

WOOD'S FEVER PILLS have stood the test as the best remedy for Chills and Fever and all Bilious and Malarial Diseases. Once tried always say it is "Wood's." Sold by your druggist. DR. WM. WOOD & SONS, CHICAGO, ILL.

Death Lurks In A Weak Heart

If Yours Is fluttering or weak, use RENOVINE. Made by Van Vleet-Manfield Drug Co., Memphis, Tenn. Price \$1.00.

Good Advertising vs. Poor Advertising

It is said good advertising pulls, poor advertising jerks, even if it is noticed at all, and we are always pleased when we write an ad that both pulls and jerks.

Such was the result of the small ad that we placed in this paper last week, which stated that our buyer had just visited the St. Louis market in search of the new things and bargains, all of which we found, and are still receiving shipments of. The occasion was the most gigantic sales ever put on by the big St. Louis jobbing houses, and we were most fortunate to be in position to take advantage of these offerings to add some very desirable items to our regular lines of merchandise, and many of the most desirable bargains that we have been able to offer to our trade for some time.

Part of this purchase was received and put on sale by us last week. The second shipment is being received by us this week, and will be placed on sale immediately. This is no SALE, in the sense of a general cut on all merchandise, but we do claim that on these occasions we demonstrate our ability to serve you better, and to save you money, by our way—the CASH way of doing business. Here are a few of the items that we offer from this bargain purchase; there are many more than we have time to mention in this advertisement.

- | | |
|--|----------------|
| 1 lot Mens' Dress Shirts—drummers' samples, colored and plain white, both plaited and plain bosoms, worth \$1.00 and \$1.50, for | 55c and 69c |

There are many other items in this list that we do not include in this ad which are on sale from this date, and will be as long as they last. FOR BEST SELECTIONS COME EARLY.

O. T. HALE & CO., - Murray, Ky.

MR. GUS THOMAS NOT CANDID WITH THE PEOPLE.

If Mr. Gus Thomas wishes to interest the voters in his candidacy for the Court of Appeals, he should have him deal frankly with the people.

Mr. Thomas has circulated that part of the district west of the Tennessee River with a statement that during the 123 years of Kentucky's statehood the Appellate Judgeship has been west of the Tennessee River only 14 years, when, in fact, it has been there 22 years and 3 months. Mr. Thomas evidently includes the 6-year term of Judge White from Carlisle, but he leaves out of his calculation either the 8-year term of Judge Lindsey, of Hickman, or the 8-year term of Judge William, from Graves, and Judge Quigley, an appointee from Paducah, who held the office three months. One would infer from Mr. Thomas' statement that the Judgeship had been in the east of the Tennessee River 109 years. Neither is this true. The following are the Judges from that part of the district: Judge Grace, from Trigg, one year and a few months; Judge Landes, from Christian, a Republican appointee, less than a year; Judge T. J. Nunn, from Hopkins, 11 years; Judge C. S. Nunn, from Crittenden, one year, making in all 14 years. Judge Bennett was elected from Livingston County, between the Cumberland and Tennessee Rivers. Either side ought to be proud to claim him. He held the office 7 years and 8 months. If Mr. Thomas rejects him, then charge his tenure to the eastern part, and it makes 21 years and 9 months against 22 years and 3 months for the western part.

The error of Mr. Thomas doubtless comes from overlooking several things which a lawyer should know: Until the third Constitution was adopted in 1850, all Judges were appointed by the Governor, and none of them were from any county of present district. From that time until the adoption of the present Constitution, in 1891, the court was composed of four Judges, and the districts were, of course, much larger than any of the seven into which the state is now divided. We have already named the only Judges from the district, as now constituted.

Geography is not a very commendable issue, anyhow, and Mr. Thomas should suggest some other qualifications. —News-Democrat, Sturgis.

Western Kentucky School of Methods.

A Western Kentucky School of Methods for ministers and Bible-school workers will be held at Earlington, Ky., June 21-25, 1915, under the auspices of the Kentucky Christian Bible-school Association. An able faculty, composed of State Superintendent Walcer E. Frazee, W. C. Bower, of College of the Bible, Lexington, Miss. Hazel A. Lewis, National Elementary Superintendent, Miss Cynthia Pearl Maus, National Secondary Superintendent and President R. H. Crossfield, of Transylvania University, who will give the commencement address, will conduct the school.

Our aim is: "One or more representatives from every Christian Bible-school in Western Kentucky." This ought to be realized because the expenses are low. A registration fee of \$1 will be paid by all who matriculate. Lodging and breakfast will be furnished free to all who will send their names in advance to Mrs. John L. Long, Earlington, Ky. Dinner will be served each day at 35 cents, supper at 50 cents. Total expenses for the entire period, including matriculation fee, lodging and meals, \$4, plus railroad fare. Vote next Sunday to send a representative from your school. Encourage others, who can, to go on their own accord. Your attention is called to the recreational features. While the School of Methods is a school where hard work will be done, yet it won't be a grind, because to do the best work there must be a time for study, rest and recreation. Each afternoon will be devoted to recreation. Such special features as automobile trips, a "bacon fry," boating and fishing on Loch Mary, a personally conducted trip to the mines, have been planned for

the recreation periods. Could you think of a more pleasant or more helpful way to spend your summer vacation?

In June, 1913, a School of Methods was held at Hopkinsville for Western Kentucky and last December a very successful school was conducted at Murray for the Purchase district. It is earnestly desired that the Earlington school will surpass all of our previous efforts in this section of the state. This is a great opportunity to train our Western Kentucky leaders. Make your plans now to be there. For further information address Walter E. Frazee, 705 Realty building, Louisville, Ky. Roy K. Roadruck, Western Kentucky Field Worker.

Neuralgia Pains Stopped.

You don't need to suffer those agonizing nerve pains in the face, head, arms, neck, shoulders, chest and back. Just apply a few drops of soothing Sloan's Liniment; lie quietly a few minutes. You will get such relief and comfort! Life and the world will look brighter. Get a bottle today. 3 ounces for 25c, at all druggists. Penetrates without rubbing.

Owensboro Buying Flies and Rat Tails.

The Owensboro Messenger says: "Mayor Hickman has increased the price of flies from eight to ten cents a pint. The business of buying flies and rat tails by the city was begun last year as an experiment, but it has had such good results that the offer is made still more attractive. 'The city has purchased since January 1, 950 rat tails, and that the traffic is increasing is shown by the fact that one small boy brought in an order showing he had delivered forty-four rat tails to police headquarters.'

POPULAR FARMER DECLARES LIFE IS VERY AGREEABLE

MR. M. POTTER, OF LONE OAK, IS IMPROVING FAST SINCE TAKING TANLAC, WHICH GIVES HIM NEW ENERGY.

Paducah, Ky., June 2, 1915.—There are few people residing in Paducah or McCracken county that don't know M. Potter, of the Lone Oak neighborhood to be a man of unquestioned veracity and the soul of honor. This exemplary citizen, who is one of the most successful farmers and fruit growers in Western Kentucky, has become an earnest champion of Tanlac, the medicine that benefited him and hundreds of other people living in this part of the state, said yesterday.

"For years I suffered from heart affection and a bad stomach, which caused me great pain and annoyance. At times I was so run down I could hardly stir without suffering.

I felt weak all the time and was constantly bothered from constipation. Kidney affection annoyed me so much that I could not sleep comfortably because of the fact that I was compelled to get up three or four times every night. In the morning I would get up completely fagged out and as tired as if I had been following a plow.

My digestion was no account and food didn't have a natural taste to it or agree with me. As every other kind of medicine I tried failed to help me, I concluded I would try Tanlac, the medicine that nearly everybody I knew was talking about. After using it for a short while I felt like I had been made into another man.

My strength soon came back to me, and I was soon able to sleep as peacefully as I did when I was a boy. Now I eat anything that appeals to me which stays on my stomach and doesn't cause me the least bit of pain. I feel better in every way. All of my old ailments have been relieved. I can conscientiously say Tanlac is fine. It's the greatest medicine I ever used. It can't be beat for building up to go near the water. In a lit-

run-down systems, heart and stomach troubles and nervousness."

Tanlac can be bought in Murray at Dale & Stubblefield's drugstore.

Surprise Birthday Dinner.

The relatives and friends of Mr. Weldon Gipson greatly surprised him last Sunday when about 9 o'clock they came pouring in from all directions with boxes and baskets.

It was his fifty-eighth birthday. We had a general hand-shaking, singing and talked to our hearts' content. Then at 12 o'clock we were invited out in the shade where a long table was spread with everything good to eat.

Mr. Gipson made a little talk, thanking the people for the honor bestowed upon him, calling upon Mr. Orlando Curd to give thanks. Then we partook of the bountiful supply of food. About 2:30 o'clock most of the crowd dispersed, wishing their host many happy returns of the 16th of May.

His children consisted of Mrs. Linn Ervan, Mrs. Calhoun, of Paducah; Mesdames Copeland and Riley, of Mayfield; Mrs. Wilson Ferguson, Misses Ida, Eddie and Katie Gipson; Messrs. Bryan and Leo Gipson of Dexter. Among the other guests were Mr. Hendrix and wife, of Backsburg; Mrs. Cooper, of Hazel; Mr. Jack Ferguson and wife, Mr. Orlando Curd and family, Jesse Mathis and family, Joe Threat and family, Mrs. Celia Jones, F. G. Moss and family, West Ferguson and wife, Misses Tyline and Novella Cochran, Mary Daugherty, Stella Shoemaker, Mrs. Leon Coursey, Mack Jones, Cordie Cochran.

One Among Them.

Young Man Drowned.

Cadiz, Ky., May 27.—George Cherry, a young man who has lived for many years at the home of Mrs. Jane Cain, several miles northwest of Cadiz, lost his life by drowning in Little river on Wednesday afternoon of last week. Kit Caine was plowing in the bottom near the river and the young man came out to cut some bushes. He was an epileptic and Mr. Cain told him not to go near the water. In a lit-

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

While he missed the young man, and upon investigation found signs of scuffling on the river bank and the young man's hat. He called to some neighbors at work nearby, and investigation showed Cherry had fallen into the river, and after dragging the river with a plank, the body was soon recovered. The young man was an orphan and had lived at the Cain home since a little boy.

A Texas Wonder.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for Kentucky testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Sold by druggists.

Announcement.

Mr. and Mrs. Clenth Brooks announce the engagement and approaching marriage of their daughter, Elizabeth, to Mr. Leslie Nugent, the wedding to take place June 8, at the home of the bride's parents in Mayfield.

J. D. Rowlett, special deputy banking commissioner, liquidating the Citizens Bank, of this place, which closed its doors last fall, made a first distribution to the depositors this week of 25 per cent.

Miss Helen Venn, of Cleveland, Ohio, is visiting her friend, Miss Betty Thornton.

Collie F. Holland, son of John G. Holland, died of tuberculosis last week. He made his home near Shiloh and was about 42 years old. He leaves a wife and children.

I will be in Murray every 4th Monday through the wool season receiving wool for carding and delivering wool rolls. Yours respectfully, J. E. Eastwood. 564
