Kentucky Today

Covington—Fred Barnett, Covington Democrat, announced his candidacy for the 24th district State Senate seat vacated by the death last Sunday of Alex Howard, who was president pro tem of the Kentucky Senate. Howard's death was listed as a suicide by Coroner Tressa Riffe.

Louisville—William R. Kinsolving, 55, of Louisville, was injured fatally when struck by a bus on a downtown street. He was a brother of H. B. Kinsolving, Commonwealth's Attorney at Shelbyville, Ky.

South Portsmouth—Grade and high schools here will remain closed this week because of a cold epidemic, R. J. Brooker, school superintendent, announced.

Lexington—Hettie Pope, who celebrated her 103rd birthday last Friday, gives this simple "life formula": "All you have to do is serve the Lord and He'll take care of you." She was born in slavery in Lincoln county, Kentucky.

Lexington—James F. York, Berea College, will represent Kentucky in an inter-state oratorical contest at Evanston, Ill., in April. He won the state collegiate oratorical contest here.

Louisville—A stab in the heart with an ice pick fatally wounded Mrs. Alice Brown, 37, mother of four children, Police Chief Carl Heustis reported. Heustis said a murder charge was filed against the woman's husband, John Brown, 46.

Lexington—Kentucky farmers should sow Columbia oats if they plan to seed a spring crop, according to the Kentucky College of Agriculture. The college said this variety is resistant to helminthosporium, a new disease that has become widespread in the past two years. However, other varieties of oats may be grown successfully if the seed is treated, the college added.

Mt. Sterling—Mayor John T. Williamson announced the city has contracted with a Chicago firm to install 300 parking meters here.

A LONG YEAR AGO

Four-year-old Dickie Landry plays on his tricycle, one year after a train cut off both his legs. Townspeople of Lynn, Mass., raised a fund of \$24,000 to provide Dickie with artificial legs at regular intervals until manhood. He has outgrown two sets already.

Mrs. Barkley Dies Today

Heart Ailment Fatal To Kentucky Senator's Wife At Home In Washington

Washington, March 10.—(AP)—Mrs. Alben W. Barkley, wife of the Kentucky Senator, died at 8 a.m. today after a long illness. She was 64.

Death was attributed to a heart ailment. Mrs. Barkley, the former Miss Dorothy Brower, was born Nov. 14, 1882, at Paducah, Ky., the daughter of Charles R. Brower and Laura Matilda Thomas Brower.

She received her education in Mayfield and Paducah, Ky. She and Senator Barkley were married June 23, 1903.

Mrs. Barkley was a member of the Christian church and of the Daughters of the American Revolution.

She had three children, Mrs. Douglas MacArthur, of Paris, whose husband, a nephew of General Douglas MacArthur, is with the American embassy; Mrs. Max A. Truitt, of Washington, and David M. Barkley, of Paducah.

Mrs. Barkley helped her husband conduct his first campaign for office, that of McCracken county attorney, and had been interested in each of his succeeding campaigns.

She suffered a heart attack in 1942 and had been seriously ill for three years. She had been unable because of the illness to visit the Barkley home for more than two years.

Funeral services will be in Paducah at 2:30 p.m. Wednesday.

Concert At MSC March 30

West Ky. Symphony Society Will Present Chorus, Orchestra of 300

Murray, Ky.—A combined chorus and orchestra of 300 persons will be featured in the third semi-annual concert presented by the West Kentucky Symphony Society at Murray State College on Palm Sunday, March 30, according to the director, Prof. Price Doyle.

Among the features of the program will be a violin solo by Mr. Joseph Darnell, a graduate of Murray and supervisor of music at Mayfield. The combined chorus will sing with the orchestra, "A Mighty Fortress Is Our God." Among other selections to be presented by the orchestra will be "Russian Easter" by Rimsky Korsakov; "Good Friday Spell" by Wagner, and others.

The West Kentucky Symphony Society was organized in 1946 by Prof. Price Doyle, the late Prof. Merle Keeler, C. W. Coons, Bill Dickinson, former director of the Mayfield band and orchestra, and Mrs. Floyd Hurt.

School Attendance Still Unaffected By Flu Epidemic

School attendance in Fulton continues well above that in neighboring cities and counties during the current influenza and cold epidemic, being about 89 percent for the past week. Last Thursday's attendance at the high school was 90 percent, at Carr 88 percent, and at Terry Norman 94 percent.

Only one city school student has had a serious case of flu, and this student did not take immunization shots school officials said.

County school students and Fulton elementary students received shots free of charge from the health department last fall. When the health department's supply of serum was exhausted, two local doctors gave shots to the high school students, using a one-shot type vaccine recently released by the army for civilian use.

Evidence of the effectiveness of the immunization program is the high attendance at Fulton schools.

Court of Honor To Be March 28

A court of honor for the entire Dry Lake District, Boy Scouts of America, will be held at the First Methodist church Friday night, March 28, at 7:30 o'clock.

Scouts will be reviewed, and a list of badges and ranks required will be in the hands of the Scout executive by March 25.

Red Cross Board To Meet

The executive board of the Fulton Red Cross chapter will meet at 7:30 this evening at the Woman's Club Home.

Quiz Youth

State's Attorney Charles G. Seidel (center) and Sheriff Byron R. Scott quiz 13-year-old Robert Sims (left) at Geneva, Ill., about an attempt to derail the Chicago and Northwestern Railroad's City of Peoria passenger train. Authorities of Kane county said the boy admitted the attempted derailment by placing 50 pounds of iron on the rails "just to see a train wreck."

Sinbad Joins The Legion

Sinbad, the beer drinking dog, a veteran of many campaigns and famous mascot aboard the U. S. C. G. Cutter Campbell, was initiated into the American Legion St. Louis county Memorial Post 111, in St. Louis, Mo. He is the second war dog honored. Here, Sinbad, dog first class, dressed in his Legion regalia is given a lecture on "good conduct" by Post Commander Bernard F. Flitkin during the initiation.

Lewis, UMW Oppose Immediate Mandate From Supreme Court

Washington, March 10.—(AP)—John L. Lewis and his United Mine Workers today opposed a government request that the Supreme Court issue immediately an order carrying out its decision of last Thursday in the coal strike case.

The court upheld contempt convictions of Lewis and the U. M. W. for disregarding a U. S. district court order against last Fall's coal strike.

It sustained a \$10,000 fine against Lewis and reduced from \$3,500,000 to \$700,000 one against the union.

The high tribunal directed that the original amount of the fine against the union should be reimposed unless Lewis withdrew a notice to the government that the union was terminating its contract to mine coal. Lewis was ordered to withdraw the termination order within five days after the high court's mandate was returned to the district court. Ordinarily, it requires about 25 days for the mandate (court decision) to reach the lower court.

Since the miners are under instructions from Lewis to work only until March 31, Attorney General Clark filed with the court last week a motion to make the mandate effective immediately.

Clark said he feared that unless this were done there might be a strike March 31.

Opposing the motion, counsel for Lewis and the union filed with the Supreme Court a petition saying "the public interest will not in any manner be adversely affected by allowing the normal and reasonable time for consideration and preparation of a petition for rehearing."

The petition said that the Supreme Court's opinions last Thursday "presented many diverse and intricate problems of law."

"Justice requires that a reasonable time be allowed for consideration and analysis of these decisions," the union attorneys added.

They asserted that refusal to allow the union additional time to consider the opinions and plan their next move would be "prejudicial to the rights" of Lewis and the union.

Clark and union counsel are to present their requests orally before the court this afternoon. There was no indication whether the court would act immediately. Some court watchers said the justices might take the motions under consideration and announce their ruling later.

Group To Oppose Increase In Rents

Washington, March 10.—(AP)—Fiorella H. La Guardia announced today the formation of an organization to oppose a general rent increase and asked the Senate Banking Committee to open hearings on proposed rent control legislation.

The former New York mayor and UNRRA chief said the new group—the National Fair Rent Committee—was formed to combat what he called "the real estate lobby's drive to break rent ceilings."

He wired Senator Tobey, chairman of the Committee, asking the hearings be reopened so that new suggestions presented since hearings were closed, "may be discussed by those who will be affected by rent increases."

Truman Wants Aid For Greece

President Will Address House, Senate March 12 On Proposed Greek Loan

Washington, March 10.—(AP)—President Truman will speak to a joint session of Congress at noon, Wednesday, in behalf of a loan to Greece.

Leaving an hour and 20 minute conference with the President at the White House, Senator Vandenberg (R-Mich.) told reporters:

"The President has discussed with us in great candor the situation involved in connection with the proposed Greek loan."

"He will come to Congress at noon Wednesday to a joint session of the House and Senate to discuss the whole situation."

A figure of \$250,000,000 has been discussed as the amount Greece needs from the United States in view of Britain's decision that it cannot go through with commitments it has made to King George's government at Athens.

Vandenberg, one of 13 members of a bi-partisan Congressional group who talked with Mr. Truman, declined to elaborate on this brief oral statement.

Senator Connally of Texas, ranking Democratic member of the Senate Foreign Relations Committee, said that the session was a harmonious one.

Women's Suffrage Leader, Mrs. Catt, Dies In New York

New Rochelle, N. Y., March 10.—(AP)—Mrs. Carrie Chapman Catt, 88, who entered the fight for world peace after her unflinching crusade for women's suffrage had succeeded, died yesterday of heart disease at her home here.

Only two days before, she had told her biographer, Mary Gray Peck, that she hoped to live to see the United Nations become a "going concern."

"With the passing of Mrs. Carrie Chapman Catt, an era in our national life comes to a close," President Truman said in a telegram delivered yesterday to the Catt home. "X X X she will be widely mourned and long remembered."

A follower of Susan B. Anthony in the fight for women's rights, Mrs. Catt saw her long campaign succeed in 1920 with adoption of the nineteenth amendment to the Federal Constitution.

Spare Stamp No. 11 Good April 1 For 10 Pounds of Sugar

Washington, March 10.—(AP)—The Office of Temporary Controls announced today that Spare Stamp No. 11 in OPA family ration books will become good April 1 for 10 pounds of sugar. Validation of the 10-pound stamp will mark OPA's change-over from the 5-pound ration procedure for household users. The current stamp, No. 53 good for five pounds, will expire March 31.

Stamp No. 11 will be good through September 30 but OPA said a second stamp good for 10 pounds will be validated July 1 providing sugar imports meet expectations.

Four Power Alliance Against Germany Is Marshall's Goal; Assured Of Bevin's Support

Lilienthal Gets Committee Nod

Wins by 8 To 1 Vote; Will Go To Senate Floor Soon For Final Decision

Washington, March 10.—(AP)—The Senate Atomic Energy Committee today voted 8 to 1 for confirmation of David E. Lilienthal as chairman of the Atomic Energy Commission.

The Committee also approved the nominations of W. W. Waymack, L. I. Strauss, Dr. Robert A. Serber and Sumner T. Pike as members of the Commission, and Carroll Wilson as general manager.

Senator Bricker (R-Ohio) cast the only vote against Lilienthal. His Ohio colleague, Senator Taft, chairman of the Republican Policy Committee, already had declared against the former chairman of the Tennessee Valley Authority.

Senator Connally (D-Tex.) and Vandenberg (R-Mich.), who were attending a White House conference, voted by proxy.

All the names now go to the Senate floor for consideration. Connally was recorded only on the Lilienthal nomination. Chairman Hickenlooper (R-Iowa) said the Texas Senator explained he did not know enough about the other nominees to cast a vote on them.

U. S. May Win Atomic Fight

Seems Certain Today of Referring Report Back To UN Atomic Group

Lake Success, N. Y., March 10.—(AP)—Despite expected Russian opposition, the United States appeared certain today of winning its fight to refer the controversial atomic report back to the United Nations Atomic Energy Commission.

Renewal of the atomic debate at 2 p. m. (CST) highlighted a heavy week ahead for the Security Council as U. N. delegates faced these possible developments:

1. Great Britain was expected to file formally with the United Nations the explosive Palestine problem as a result of an American request for clarification of the Holy Land issue.

2. The Security Council was expected to accept the U. S. plan to place the Japanese-mandated islands in the Pacific under a U. N. strategic area trusteeship which would give America control of the Marshalls, Marianas and Carolines.

3. A three-nation council subcommittee prepared to report its findings on Great Britain's mine-laying complaint against Albania.

4. Before U. N. delegates was a petition from the native leaders of Western Samoa for complete self-government, with the protection of New Zealand, which now administers the territory under a trust agreement.

Backs Byrnes Plan

Marshall told correspondents he was going to press for the German disarmament and demilitarization treaty originally proposed by James F. Byrnes, his predecessor. Bevin is known to favor the Byrnes plan strongly.

Marshall disclosed that he had stressed the importance of the pact in his stopover at Paris, but French sources said France would be able to agree to the proposal only on the conditions mentioned.

The Secretary of State declined to speculate on the length of the Moscow meeting. Authorities informed said, however, that Marshall was prepared to stay here as long as necessary to make real progress—assuming the first two or three weeks prove fruitful is possible.

The ministers drove over snow-covered streets to the meeting place, the house of the Soviet aviation industry, two miles from the Kremlin. A handful of curious Russians saw them.

First To Arrive

Secretary of State Marshall was the first to arrive, reaching the building about 15 minutes before the session was scheduled to open at 5 p. m. (8 a.m. central standard time). Ambassador Walter Bedell Smith accompanied Marshall.

The next in was Georges Bidault of France.

The grinding of movie cameras attracted various Russians, including workers who were cleaning the streets with snow removal equipment.

Russians Applaud

Soviet Foreign Minister V. M. Molotov and his deputy, A. Y. Vishinsky, arrived together. They apparently were the only ones of the four-power group recognized by the spectators, who broke into a wave of handclapping. Molotov nodded curtly.

The last to arrive was Britain's Ernest Bevin, who passed almost unnoticed between a few policemen on hand to keep back the crowds who were not there.

Our Opportunity To Help

The 1947 Red Cross Drive opens in Fulton tomorrow morning.

Names of business and residential workers are given on Page 1 of today's Leader. You probably will be asked for a contribution by one of them. If not, you may give your donation to J. E. Fall, Jr., drive chairman, or Leon Browder, chapter chairman.

All of us know what the Red Cross is and what the Red Cross does. It would be futile to try to list the myriad activities, the varied services of this great humanitarian organization.

The Red Cross depends upon you, upon all of us, for its financial support. When disaster strikes, the Red Cross is there. Red Cross workers do not check their lists of contributors to see if those who need help have aided in underwriting the national and local Red Cross programs. Their ministrations are given when and where needed.

The local Red Cross quota is relatively small—only \$1,100. Red Cross officials hope to reach and exceed this amount within one week from tomorrow. Let's give, and give generously, to put the drive over the top!

The Sensible Approach

A picture of an industrial magnate appearing in a large newspaper on a recent date caught our eye. The man was wearing a hearing aid, plainly visible. He was chatting away with his friends, obviously not in the least self-conscious about the device. He had made no effort to turn his head or body so that the relatively inconspicuous aid would not be seen in the picture.

What made the photo more interesting, however, was the memory of a recent conversation with an elderly, hard of hearing gentleman who said he knew he needed a hearing aid, but would be embarrassed to wear one.

Unfortunately, too many people have this mistaken approach to the question of hearing better through artificial help, and we would like to do our bit to dispel such an idea. The fact that one cannot hear well certainly is no disgrace, for should the wearing of a hearing aid be embarrassing to anyone. How many of us could do our work, or enjoy good books and movies, without glasses to aid our faulty vision? Yet almost no one notices the presence of glasses, least of all the wearer.

We have yet to meet a perfect specimen of homo sapiens, physically or mentally, or anyone who claimed to be perfect. It is the wise person who overcomes his natural defects as best he can with the means at hand, and thereby makes himself a more useful and a better citizen.

Late Delivery

San Francisco. (AP)—Thirty-nine tenants of an apartment house received typewritten notices under their doors saying the rent was going up 10 to 15 per cent.

Within a few minutes the switchboard operator at the office of Temporary Controls had a busy time. OTC agreed with each caller—rents were still frozen.

The surprised owner investigated and came up with the answer. Several months ago when legal rent boosts seemed likely, the management had preparedness notes written.

Yesterday the janitor found and delivered them.

ARE YOU PLANNING?

TO BUILD? Wiring is the network of nerves that can make your new home a dream home. Adequate wiring will enable you to enjoy the benefits and convenience of our electrical future. No more groping for switches in the dark room, no more blown fuses from overloaded circuits, and no more planning a room to conform to too few outlets. You will be able to arrange floor and table lamps as you wish, with a receptacle always handy.

When you build, wire ahead. Let us help you lay out your wiring so that no matter what new electrical servants science designs for your home of tomorrow, you'll always be ready for them. And don't forget, adequate wiring will keep your home modern, will enable you to sell and rent it more easily, and for more money.

TO REDECORATE? The beauty and charm of your home can be multiplied by a few changes in the home's lighting. But new lamps, new furniture, and new ideas can be spoiled by an unsightly, unsafe tangle of extension cords. More convenience outlets and added circuits are the answer. Perhaps you'd like one switch to control all your floor and table lamps, while another operates your overhead lights.

TO MODERNIZE? Whether your remodeling plans include only a new all-electric kitchen, a streamlined laundry, or a new addition to the house, remember it will cost only a trifle more to modernize the home's entire wiring system, adding new circuits, outlets, and switches as needed. Kitchens and laundries need their own wiring circuits, to give full power and speed to your new appliances, and to eliminate crackling radios and blinking lights when motor appliances start. Adequate wiring is the key to modern electric living.

Sports Roundup

By Hugh Fullerton, Jr.

State College, Pa., March 10 (AP)—Bob Higgins, Penn State's veteran football coach, can't figure out one brand of reasoning in his business—A coach who has a couple of bad seasons is liable to be fired, Bob points out, no matter how many good ones he's had before that. But when it comes to getting a replacement, the school doesn't necessarily go after a guy with a winning record—Couple of examples are Biggie Munn and Wes Fesler, who didn't set the world afire by winning games at Syracuse and Pitt but came up with a pair of choice mid-western coaching plums.

NOT COLOR BLIND

Higgins' decision to start spring drills on St. Patrick's Day, "Just because I'm a little sentimental," reminded Roy Simmons, whose boxing team won the Eastern Intercollegiate title here last week-end, of another Irishman who was a bit sentimental about March 17—This boy Joe Moran was fighting in the tournament final for me on St. Patrick's Day," Simmons related. "All the rest of our boxers were dressed up in their bright orange jerseys, orange-trimmed trunks and blue

and orange bathrobes when I noticed Moran wasn't there—I couldn't locate him anywhere until just as his bout was called. Then he rushed down the aisle, with his overcoat thrown over him instead of a robe. He was wearing a plain white slinky shirt and he had taken the orange ribbon off his trunks, got some green somewhere and fashioned a shamrock for decoration. He won the fight."

MONDAY MATINEE

Bob Polidor, who made a 100-yard touchdown run for Villanova last fall, is an outfield candidate on the baseball squad this spring. He's plenty fast but won't have to run so far there—Pitcher Billy Ross, coming up with the Newark Bears, won 16 games in a row for Ford Du Lac of the Wisconsin State League last summer. That should prove he isn't the night club Billy Rose—Word from Denver is that the American Basketball League (AAL) tournament ran referees plumb out of breath tooting their whistles for 223 personals in the first five games. They tossed out 15 players on personals, too.

In thunderstorm clouds, there may be violent vertical air currents moving sometimes more than 200 miles per hour.

Regional Cage Drawings Held Over Weekend

Mayfield Host To 1st Region Teams March 12

STATE MEET MAR. 20

Louisville, Ky., March 10 (AP)—High school cages on 124 Kentucky teams prepared today for regional basketball tournaments which get under way Wednesday and continue through Saturday night. Pairings for the 16 regional tournaments were made yesterday.

The 16 regional winners will play in the state high school cage finals here March 20-22. Breckinridge Training High of Morehead, the 1946 state champion, is entered in the 16th regional tournament at Ashland.

The 124 teams include 13 that took part in the 1946 state tournament.

Inez and Brewster highs, which have been at the top of weekly polls this season, will participate in the 15th regional at Prestonsburg and the first at Murray, respectively.

Western Cops SIAA Tourney

Diddle's Hilltoppers Trounced Miami 55-46 In Finals Saturday Nite

Bowling Green, Ky., March 10 (AP)—Western Kentucky Teachers College held its seventh consecutive Southern Intercollegiate Athletic Association basketball championship today but the team knew it had met some plucky opposition.

Western Kentucky beat Miami (Fla.) University 55-46 in the final of the Southern Intercollegiate Athletic Association tournament here Saturday night. It was the first SIAA meet held since 1942, the annual affair having been discontinued during the war.

Western's semi-final win over Delta State of Cleveland, Miss., was close for the first half, the host club being ahead then, 31-30. The second half was another story and the final result was 62 for Western and 47 for Delta. The Mississippians took the consolation from Tennessee Tech of Cookeville, 55-44.

College Tourney Selections Nearly Completed Today

New York, March 10 (AP)—The cards for college basketball's blue ribbon events, the NCAA and National Invitation Tourney, virtually were completed today with selection of North Carolina State and Bradley to the N. I. T.

The only vacant berths, two in the NIT and two in the NCAA, probably will be filled in a day or two. The N. I. T. bids are expected to be given to New York quintets—St. John's of Brooklyn and either Long Island U. or City College. Syracuse, Connecticut and Santa Clara still have a chance.

Five teams definitely have been named to the NCAA. The champion St. Louis Billikins of the Missouri Valley conference and Oklahoma, Big Six winners, will meet in a playoff game March 17 for the right to represent District Five. Columbia, Eastern Intercollegiate champion, appeared to have the inside track in District Two. The Fourth District, only other section without a representative, was slated to select its team today. Six schools were under consideration with Wisconsin, Big Nine winner, given the best chance.

Wall Street Report

New York, March 10—(AP)—Individual stocks did fairly well on the recovery side in today's market, although many leaders continued to seek lower territory.

Decline slackened after a moderately active opening and irregular tendencies persisted near midday.

Some bidding by professionals was credited to the idea that four straight declining weeks called for at least an intermediate technical rebound.

Leaf Sales At A Trickle

Burley Market Nearly Finished; Sales of Other Types Tobacco Dwindle

Louisville, Ky., March 10—(AP)—The Lexington, Ky., market scheduled auctions today and Thursday as sales of burley tobacco dwindled to a trickle.

The Lexington and Hopkinsville, Ky., markets last week sold 712,514 pounds of burley for \$232,129.42, an average price of \$32.58. The average was \$1.38 from the previous week's low of the 12-week-old marketing season.

The State Agriculture Department said Hopkinsville sold 463,226 pounds at \$31.64 average while Lexington auctioned 249,288 pounds at a \$34.32 average.

The State Agriculture Department reported these dark tobacco sales last week and for the season:

One-sucker—Franklin 345,315 pounds sold last week at \$21.34 average; Russellville 433,315 pounds at \$22.73 average, making region's seasonal sales 21,974,028 pounds at \$20.73 average.

Green River—Henderson 7,776 pounds last week at \$20.05 average, making region's seasonal sales 16,558,913 at \$22.64 average.

Western fire-cured—Murray 1,029,315 pounds at \$23.20 average; Mayfield 923,217 pounds at \$21.40 average, making two markets' seasonal sales 18,226,376 pounds at \$22.46 average.

2 Fires in Memphis Cause \$50,000 Loss

Memphis, Tenn., March 10—(AP)—Fires, sweeping through two industrial plants here yesterday, caused damages estimated at close to \$50,000.

The large blaze, attributed to spontaneous combustion, was fed by three carloads of charcoal and burned out a grinding plant of the Forest Products Chemical Co., a company official, withholding his name, estimated loss at \$30,000.

Martin J. Bradley, manager, said the other fire consumed some \$15,000 worth of furniture and other finished products at the Perfection Wood Products Co. E. G. Butler, owner of the building, said it was damaged by about \$5,000. Bradley blamed the fire on a gas heater.

Greendale Inmate, Guard Are Shot In Attempted Escape

Lexington, Ky., March 10—(AP)—Supt. A. G. Hamilton reported a 17-year-old inmate of the Kentucky Houses of Reform at nearby Greendale and a 69-year-old guard were shot in an attempted escape yesterday.

Hamilton identified the inmate as Kenneth McCray, 17, Lexington whose condition was termed serious. The guard was George Shephard, 69, of Greendale.

The reform school superintendent said McCray admitted that an organized break had been planned but added that three inmates McCray named as participants in the plan did not escape.

U. S. Recalls German Scrip

Move Taken To Combat Wave of Counterfeiting; Germans Are Panicky

Frankfurt, Germany, March 10—(AP)—The sudden recall today of all U. S. occupation zone military scrip created consternation among some Germans.

The scrip was recalled with the announced purpose of blocking counterfeiting which has been flourishing in France and Germany for several months.

In Nuernberg, civilians not authorized to possess the scrip approached soldiers on the streets and offered them as much as \$50 to \$75 in scrip for a carton of cigarettes, chocolate, soap or coffee.

Scores of Germans employed within the Palace of Justice, where Nazi leaders are on trial,

moaned that they had scrip in various quantities and did not know what to do with it.

American guards said they knew of some Germans in ordinary jobs around the courthouse who possessed as much as \$500 in the military currency, now worthless.

"This is the surest way of forestalling successful counterfeiting operations," said Gen. Joseph T. McNarney, whose announcement was seen as a blow to black marketing as well as counterfeiting.

The commander warned that army authorities "will take due notice of excessive amounts" turned in by individuals and that investigation of their sources of income will follow.

If a "good neighbor" is one who's always ready to help when you're in trouble...

If a "good neighbor" lends you a hand cheerfully, unstintingly—without first asking your politics or your race or your creed...

Then your family has 2,000,000 good neighbors—the devoted, volunteer workers of the American Red Cross, backed up by its paid staff.

These men and women are enrolled in Nurse's Aide Corps, Motor Corps, Canteen Corps, Hospital and Recreation Corps, Home Service Corps, —and many another efficient Red Cross service unit.

They are ready to help when needed—should disaster strike your community—should flood or fire, earthquake or hurricane occur—should personal or financial problems overwhelm the serviceman or veteran.

Those are the kind of good neighbors these Red Cross workers are. Once a year they call on you for help. You'll give to the Red Cross, won't you? Give now. Give all you can.

GIVE—so your **RED CROSS** can carry on!
