Phone Union Asks Probe Of Bell 'Monopoly'

NFTW Chief Says Owners Deal On National Scale

SPECIAL BILL OK'd

Washington, April 2.—(AP)—The National Federation of Telephone Workers, which is threatening a nation-wide strike Monday, asked Congress today to investigate what it called "the monopolistic labor policy of the Bell system."

J. A. Beirne, President of the NFTW, proposed the inquiry in letters to House Republican leader Halleck (Ind.) and Senate GOP Leader White (Me.).

The letters went to Capitol Hill after the House Labor committee approved 16 to 3 a bill giving the government power to head off or stop the strike.

Beirne told Halleck and White that the Bell Telephone System has been following a "pattern" in negotiations with the union. He said there is evidence that the telephone industry is insisting on local bargaining but is "actually bargaining nationally."

The issue is renewal of contracts, Beirne said, and the proposals of the various Bell companies have been uniform. Rejection of union proposals and company advertising dealing with arbitration offers also have been uniform, he said.

With these discussions of wage scales and bargaining practices in progress in the nation's capital, the Southern Bell company today released the following statement regarding its wages here in Fulton to this newspaper:

"Good wages, for good workers and good service, are in the public interest, and the telephone company believes in paying good wages."

"It is believed that the wages paid its employees should compare favorably with those paid by other concerns in the community for work requiring similar skill and training. To make sure that this policy is carried out, Southern Bell is continuously comparing its wages with other wages."

"Telephone wage rates have increased 75 pct. since January, 1941, and last year and in 1945, the wage rate increases granted added approximately 26 million dollars to the annual pay of our employees."

"Here are wages paid in two typical job classifications in Fulton for the 40-hour work week:

Operator—Starting rate \$25 per week, top rate \$32 per week.

Installer-Repairman—Starting rate \$27 per week, top rate \$38 per week.

"In addition, non-supervisory employees, such as operators, men and installer-repairmen, are paid overtime for time worked over eight hours a day, or over 40 hours per week, and also received premium pay for

Obion Education Association To Discuss 12-Point Program

The Obion County Education Association's 12-point program for the county's schools will be discussed at a regular meeting of the group at 7:30 Thursday night at the Union City court house, according to Ed Eller, South Fulton principal and president of the Association.

The Rev. W. A. Boston, pastor of the First Baptist church, Union City, will speak, and officers for the coming year will be elected.

The Association's program is: 1. Sick leave pay for teachers. 2. Physical and health education instructors in all high schools of the county. 3. Formula whereby teacher load may be determined. 4. Full-time janitor paid by county. 5. Teacher contracts with salary stated and position defined.

6. Public school music and art teachers in all the larger schools of the county. 7. Greater cooperation among county agencies. 8. In-service training, jointly sponsored by the county board of education and the teachers. 9. Salary savings plan jointly sponsored by county board of Education and teachers. 10. Enough buses to haul all pupils at one trip, so that school day may be lengthened to include physical education, music, art, activities programs, other curricular offerings. 11. All teachers to arrive at schools in sufficient time, and remain long enough after school hours, to prepare for and conduct a proper school day. 12. Vocational agriculture or industrial arts in all county high schools.

Kennelly Is Chicago Mayor; Democrats Regain Old Strength

Chicago, April 2.—(AP)—Republican hopes of smashing the Democrats' 16 year old "Big City" political dynasty lay shattered today under a tide of Democratic votes that swept Martin H. Kennelly into office as Chicago's new mayor.

In the nation's first major 1947 test of political trends, the Democrats recovered from a stunning setback suffered in last November's Congressional and county elections to score their biggest victory in a mayoral contest in 12 years.

Both sides waged all-out campaigns to win with control of the city hall most likely to have an important bearing on how Illinois' 28 electoral votes go in the 1948 Presidential contest.

Carroll Reece, Republican national chairman, had termed the contest an "important preliminary engagement" to next year's Presidential battle.

Reece said in Washington today, however, that he saw "no special significance" in the Democratic triumph in the mayoralty election.

Complete returns showed Kennelly's majority was 273,354 votes over Russell W. Root, his Republican opponent. Kennelly's Democratic running mate, Ludwig D. Schreiber for city clerk and Joseph T. Baran for city treasurer, also scored easy victories. The total vote of 1,589,941 was the largest in the history of a mayoral ballot.

Returns from the city's 4,054 precincts gave Kennelly 519,593 to 646,239 for Root.

The Republicans, who won 14 of the 17 Cook (Chicago) county offices last November, scored their only gains in the Democratic-dominated city council.

MSC Enrolls 1432 Students

Figure Up 91 Per Cent Over Past Year's 749; Teachers To Enter Soon

Murray, Ky.—With 1432 students enrolled for the spring session, Murray State's enrollment is approximately 91 per cent higher than was recorded for a corresponding period one year ago, when 749 were on the roster.

President Woods announced today that the college would hold a mid-term enrollment, designed especially for teachers, beginning April 21. Double courses in the teaching of reading, the teaching of arithmetic, and certain freshman subject matter courses will be offered for persons enrolling on this date.

Announcements concerning the specific subject matter courses to be offered will be sent to superintendents and principals within a few days. During the first term of the summer school, methods and workshop courses, as well as subject matter courses, will be made available for teachers. All courses taught will apply on the requirements for elementary certificates.

Spring term enrollment was delayed one day because of the influenza epidemic. Officials report, however, that practically all students and faculty have recovered from their illness and attendance is normal.

The enrollment of 1432 represents a slight decrease of seven percent under the all-time high of 1539 recorded for the previous quarter here. This number, however, will be augmented by the registration at mid-term and it may reach the record list after April 21.

Easter Seal Gifts Now Total \$577.25; Drive Continues

Easter Seal sales reported to the Fulton Rotary Club, sponsors of the campaign, now total \$577.25. The drive began on March 17 and ends April 6. Kentucky's crippled children benefit from this annual fund-raising appeal.

This total does not include contributions from Hickman, and some gifts in Fulton have not been reported as yet.

Happy Hogan is chairman of the drive in Fulton and Rube McKnight is county chairman.

Mayfield Will Purchase Fire Truck For \$8,975

Mayfield—The city of Mayfield has authorized payment of \$8,975 for a new fire truck, delivery of which will be made this week. The old model truck the new vehicle replaces will be kept for emergency runs.

House May Ban 10 Pct. Increase In Rents Today

Sen. George Hits Idea of New U. N. Without Russians

GOP SEEKS 'ECONOMY'

Washington, April 2.—(AP)—One highly placed Republican leader looks for the House Banking Committee to do an about face on its position favoring a 10 percent hike in rent ceilings.

The committee, in a surprise action, vote yesterday to include an across-the-board rent hike proviso in legislation extending rent controls to next March 31. It votes, behind closed doors, was reported as 9 to 4.

The GOP leader, who asked that his name not be used, said a showdown is likely before nightfall and he told a reporter he believes the committee members will reconsider.

When the House group went on record for a rent ceiling hike, the Senate Banking Committee already had taken an opposite stand. It rejected a rent increase proposal in approving legislation to extend rent control and set up area advisory committees to recommend rent increases or removal of restrictions.

Would Include Russia

Senator George (D-Ga) came out today against a proposal the United Nations be reorganized without Russia. He said such a move would be futile and lead only to power blocs.

The suggestion was made by Senator Byrd (D-Va) in calling yesterday for a showdown "with Russia and her Communist satellites."

He proposed that the current Greek-Turkey problem be placed before the U. N. for immediate action and if Russia vetoes action, that take steps to remove the veto, an action he admitted might lead to retirement of Russia from the U. N.

Senator George said, however, "I don't think the reorganization of the United Nations with any of the great powers—especially Russia—out, would hold the slightest hope of an effective organization."

Appropriations—House GOP leaders sounded a new call for government "economy" after a setback yesterday. Referring to the House action yesterday in adding \$356,000,000 to a deficiency bill, Rep. Faber (R-N.Y.), Appropriations Committee chairman, declared "if they go on that way, there's no hope of balancing the budget."

Labor—Senator James Murray (D-Mont) said it is unlikely the Senate will vote to "seriously impair" present labor laws but that the House may go further and that therefore President Truman may veto whatever labor law the two branches agree on. If this happens, he told a reporter, "Congress might fail to override the veto."

Labor funds—Philip Murray, CIO president, wrote Senate leaders asking that the Senate restore funds which the House trimmed out of appropriations for the Labor Department and National Labor Relations Board. He declared the fund slashes were an effort to cripple agencies serving labor.

SFA Stands By In Coal Crisis

Solid Fuels Body Kept Available For Work If Mine Layoff Continues

Washington, April 2.—(AP)—The government tried to bolster its coal mine services today—amid threats of an extended shutdown of "unfair" mines.

The six-day memorial work stoppage called by John L. Lewis for the 111 victims of the Centralia, Ill., catastrophe, is due to end Easter Sunday night. But union officials in two Midwest districts declared the miners there will not work next week in pits they regard as too dangerous.

With this possibility in mind—plus the chance that still other miners might extend the memorial period on their own—the 500 employees of the Solid Fuels Administration were placed on a standby basis while that agency is being liquidated.

So far as its legal status is concerned, the SFA was wiped out with expiration of the second War Powers Act at midnight Sunday—coincidentally the time Lewis set for the start of the unprecedented nationwide mourning period.

That also was the date the United Mine Workers chief set for the expiration of his Winter strike truce—later revoked after the Supreme Court upheld his and the union's contempt convictions.

Hence Secretary of the Interior Krug held off until yesterday serving 30 day dismissal notices on the SFA employees—an action which will keep them available through April.

The agency's chief functions in previous mine shutdowns have been to set up allocation rules to spread the supply of coal among essential users.

That authority expired with the War Powers Act, however, and Congress would have to reinstate it if similar action were to be taken in the days or weeks ahead.

Former Residents Attend Funerals Of Mine Victims

Mr. and Mrs. M. E. Schmidt of Cairo, Ill., formerly of Fulton, returned to their home yesterday morning after going to Centralia, Ill., to attend the funeral of three of Mr. Schmidt's close relatives, who lost their lives in the tragic coal mine explosion there.

They were: a brother, Jacob Schmidt, 56, who had worked in the mine since he was 14 years old; and uncle, Thomas Bush, 63; and a cousin, Fred Laughlin, 43.

Mayor, Policemen Help Fight Fires

Fulton's firemen are not alone in making scores of runs to grass fires. Things got so hot in Mayfield Monday that policemen and the mayor were forced to grab up auxiliary tanks and brooms and rush to the scene of a grass fire.

The alarm was turned in when both fire trucks were out. The volunteer firemen, the Mayfield Messenger said, soon had the blaze under control.

Marshall Hints Reds Conceal Deeds In China

Says He Has No Information On Missing Japanese

MAY SEE STALIN

Moscow, April 2.—(AP)—U. S. Secretary of State Marshall has informed Soviet Foreign Minister V. M. Molotov that when the present withdrawals of U. S. troops from China are completed, only 6,180 military and naval personnel will remain, it was announced today.

The troops remaining in China will be there at the request of the Chinese government, the American Secretary told Molotov.

Marshall said that American forces had repatriated 3,000,000 Japanese to their homeland from China, and then added: "as for the disposition of the estimated 700,000 Japanese taken in Manchuria by the Soviets, I have no information."

Marshall was reported today to be hopeful that differences blocking progress on a German peace settlement might yet be composed, but French and British diplomats took a more dismal view.

Marshall's hopeful attitude was reported after a caucus of the American delegation to the foreign ministers conference just prior to today's session of the Big Four, who argued German economic problems for several hours last night without progress.

There were strong implications that Marshall might make an eleven-hour effort to break the stranglehold deadlock over reparations by requesting an interview with Prime Minister Stalin in the near future.

As of this afternoon, no arrangements had been made for such a conference, but officials reaffirmed that the U. S. Secretary definitely is planning to seek contact with Stalin at what he considers the proper moment in relation to the Big Four's problems.

Meanwhile, deputy foreign ministers assigned to work on German issues found themselves as badly snarled as their chiefs—and on reparations. The question involved making a report to the Council of Foreign Ministers on complaints of the Inter-Ally Reparations Agency against big power failures to meet reparations promises made to 18 smaller nations.

Soviet Deputy Foreign Minister Andrei Y. Vishinsky wanted to make a report which would have said that the reparations situation was highly unsatisfactory, but the Western power deputies said such a statement went far beyond their instructions.

They finally decided to say that the agency had been heard from and to let the agency's report speak for itself.

Hickman Students In Easter Program At State University

David Holland and Nancy C. Logan, both of Hickman, appeared in a traditional Easter season presentation of "The Requiem Mass" by Johannes Brahms given at the University of Kentucky.

The occasion marked the first time that Brahms' great masterpiece of religious choral music has been presented on the University campus, and the student members of the U. K. mixed chorus and symphony orchestra were highly complimented for their artistry by reviewers.

Brahms' mass, otherwise known as "ein deutsches requiem," was completed in 1866 at Baden-Baden, Germany. Like Bach and Handel in some of their works, Brahms selected the words for the "Requiem" from with a new meaning and a new content.

Bits Of Metal

A piece of type, to the layman, is a bit of metal, nothing more, nothing less. But those who employ these bits of metal daily in their work look upon them as valued friends, unchanged and unchangeable, and regard them with respect and admiration approaching reverence. They are in truth things of beauty and joys forever; the most exquisite expression of an ancient and honorable craft.

We were gratified to learn that several of our readers noticed and approved introduction of a new headline type in yesterday's edition of the Leader. This innovation was one of several improvements planned to give you, our readers, a better service by providing a more attractive newspaper.

This particular style of type is set by hand—it is used over and over again for many years, preserved in type cases when idle instead of being condemned to a fiery death in the hell-box once it has told a story.

We like to think that this type achieves a measure of individuality, a distinct identity, if you please, through years of appearance in a local newspaper.

Let the type be used for a decade, then imagine what it could tell us if it had the faculty of speech.

Perhaps it will have mourned with us as it told of great tragedies casting their shadows over the community; perhaps it will have shouted the glad tidings of continued growth and prosperity for our city; possibly it will have sung of the triumphal reign of peace after the pickering and anxieties of our first troubled postwar years are but unpleasant memories.

But no matter what the reminiscences of these bits of metal might be, they will have served only as a mirror held up to the face of Fulton, Kentucky, America, the world, reflecting in words the deeds of men and man in the search for security and happiness.

Each of us holds this type and all type in thrall. In our hands and hearts, and in the hands and hearts of individuals like us throughout the world, lie the beginnings of the stories that this type some day will repeat to us. It will tell a tale no better and no worse than the story we write each day.

A Waste Of Time

We find it a bit difficult to follow Senator Vandenberg's line of reasoning in proposing that the United Nations be given power to veto any American aid Congress may approve for Greece and Turkey.

President Truman, in a manner of speaking, went over the head of the United Nations in asking the Congress to approve this financial aid proposal. Mr. Truman insists that his action was not intended to bypass the United Nations, or to imply that it is incapable of performing the tasks for which it was formed.

But if we are to give the UN a final veto power over any aid program the Congress adopts, why not turn the whole thing over to the UN in the first place, and let Congress get on with solving our domestic problems, such as the housing shortage, to mention only one?

Who's Who In Zoo

Chicago. (AP)—Because nearly every visitor to the Lincoln Park Zoo asks questions of busy animal keepers, Director R. Marlin Perkins has established a 200 answer shop. Perkins said Fred Meyer, junior zoologist, the zoo's official answer man, is armed with a head full of facts, a card case full of answers for anticipated questions, and a zoological library for a quick check in case he gets stumped.

Perkins said the animal keepers were unable to contend with the questioning crowds.

With The Fourth Estate

He Was Disgruntled

Horace Beard, Greenville, district wildlife supervisor, is disgruntled. The Green River Republican, a weekly newspaper at Morgantown, carries a column each week entitled "Sixty Years Ago." A recent issue contained the following item:

"J. B. Phelps and Maury V. Ward bagged 63 squirrels on a one-day hunting trip last week."

The item was clipped from the paper, minus the heading, and sent to the Fish and Game commission office in Frankfort. Bagging 63 squirrels is unlawful nowadays, the limit being six in one day.

Beard went forth, it is said, and spent two days looking for Phelps and Ward, only to find that both have been dead 30 years.—(Madisonville Messenger.)

Feels Growing Pains

Pulling herself off the canvass after being floored by the right hand of indifference of her people, Greenfield is making a comeback that threatens the claim of neighboring towns as business centers. The almost positive fact that the Western Garment Company will locate here was the needed shot in the arm to provide the comeback.—(Greenfield, Tenn., Gazette.)

The King Is Dead

By Dewitt MacKenzie,
AP Foreign Affairs Analyst

The Greeks again have heard the fateful words which have come echoing down through the centuries: "The king is dead; long live the king; and should their new ruler have a modicum of understanding and guts (if one may be permitted this very unregal expression) he may give his liberty-loving people the leadership they need to escape totalitarian Communism.

The late King George was a colorless individual who lacked leadership—lacked guts. His whole vicissitudinous life was marked by this deficiency. What the new king, Paul, will produce remains to be seen but, as this column remarked yesterday, he scarcely can be less efficient than his brother.

This is, of course, a particularly critical moment for the Athens government. It might inspire the Red elements to redouble their efforts to overthrow the government, though paradoxically the saving grace in this instance could lie in the very weakness of the late king. He proved little guidance or personality to be missed by people or government. However, it's equally possible that the anti-Communists may find a way of strengthening their position as the result of the wholly unexpected death of King George.

Thus far there has been no indication that the position of Greece, as one of the key bastions of Democracy against aggressive Communism, has been changed. President Truman's proposal for help to this fiery little Balkan state still stands, and Congress continues its study of the proposition. The Greek government shows no signs of weakening in the face of the Red offensive.

Simultaneously with this sensational development, another throne came under the spot-light—that of Spain—and it's a peculiar coincidence that this country, like Greece, is so strategically situated that both Communism and western Democracy would give much to set it under their respective isms and within their respective zones of influence. For what happens in Spain will have a mighty effect on the political trend in France—where the Communist electoral vote has been running neck and neck with that of the opposition—and consequently upon the whole of Western Europe.

It's significant that world attention has been drawn to the Spanish crown by none less than Generalissimo Franco himself. He has asked his parliament to declare that Spain still is a monarchy and to designate the procedure for selecting the next ruler. Thus the dictator would seem to be paving the way for the return—sooner or later—of one of the royal princes to assume the crown which was abandoned by Alfonso XIII when the republic was established in 1931. Don Juan, the pretender to the throne, is the principal contender.

There are many who believe that Franco may have a fairly early retirement in mind. While his position isn't untenable, yet his continuation in power is having an adverse economic effect on his country because his regime has been condemned by most foreign governments, both western Democracies and Communist.

Another Quota Reached

Fulton has made another quota—that of the Boy Scouts of America—in a locally-led fund-raising campaign. Contributions of \$1,579 for the Scouts were reported yesterday by Robert Burrow and his corps of workers.

There are enough worthy causes which must be supported by popular subscription to make us think seriously about the advisability of lumping them into a community chest campaign to be conducted annually. However, while we still are having a separate drive for each cause, it is encouraging to note that Fulton does not fail to do its share, and more.

Fulton Students' Contest Verses Will Be Printed

Eight Fulton high school students entered a poetry writing contest sponsored by the State Federation of Women's Clubs. The contest was sponsored by Mrs. Hugh Pigue, who is superintendent of literature of the Fulton Woman's Club. Students submitting poems were Dorothy Toon, Emma Ruth Cavender, Joan Verhine, Frances Wiseman, Amelia Parrish, Mary Alice Worley, Katie Lowe, and Mac Nall.

Each of these poems will be printed, one daily. Following is "Personality" by Dorothy Toon:

There is one thing I just can't see:
What is this thing called personality?

Everyone has it, or so I'm told,
They say some are weak, and others are bold.

Some are fun-loving, and some are carefree,
I oftentimes wonder which is the real me.

Sometimes I am lonely, sometimes I am glad,
Sometimes I am good and other times bad.

I'm asking this question, for I'd like to be
The kind of person you want me to be.

Major League Training Camps

Tucson, Ariz.—Outfielder Pat Seery's booming bat continues to highlight the activities in the camp of the Cleveland Indians. The barrel-chested ballhawk, who belted one of the longest home runs in the Indians' last nine games and is counterbalancing the in-and-out performances of the Indian hurling crew which was tabbed in pre-training camp gossip as one of the finest in the circuit.

Seery cracked out 26 round-trippers in regular season play last year but also struck out 101 times and a result, the Cleveland management hired Rogers Hornsby, seven-time National League batting king, to show Seery and a number of other Tribe hitters the finer points of rapping out base hits.

Yesterday, he slammed his eighth homer of the year with two on and drove in six runs as the Indians overpowered the Chicago Cubs, 15-9.

Dallas, Tex.—The Boston Red Sox today optioned Outfielder Pete Layden and Pitcher Jim Wilson to Louisville of the American Association. The Sox also released Pitcher Otis Clark outright to Louisville.

Valdosta, Ga.—President Lou Perini flew in to rejoin his Boston Braves today and reported that President Branch Rickey of Brooklyn "had a bat boy he would trade for Johnny Sain, if he gets a nice bonus." So, no

trades in that direction.

Tucson, Ariz.—Pitcher Joe Haynes, who hasn't hurled all Spring, will try out his ailing arm for the Chicago White Sox against the Cleveland Indians tomorrow. Glowing reports by the New York Giants on the attendance at San Francisco had prompted General Manager Leslie O'Connor of the Sox to consider a week of exhibition games in the Bay district.

Valdosta, Ga.—The Detroit Tigers elash with the Boston Braves for the fourth time today. The Tigers, who behind the impressive hurling of fireballer Virgil Trucks blanked the Braves, 2-0 yesterday, will be seeking their third win over the Braves.

St. Petersburg, Fla.—The Cardinals and the New York Yankees close their exhibition series with one another today with the Red Birds holding a 4-3 edge. Yesterday, Rookie Right-hander Don Johnson blanked the Red Birds on two hits for seven innings as the Bronx Bombers scored a 7-2 triumph.

Phoenix, Ariz.—Rookie Right-hander Bill Ayers, up from Atlanta of the Southern Association, has entered a strong bid for a berth on Manager Mel Ott's mound staff following his six-hit 2-0 victory over the Chicago White Sox yesterday.

Havana, Cuba.—The Brooklyn

Dodgers, back on their winning ways following a halt of a seven-game winning streak, will be seeking their 23rd win in 30 games when they clash with their Montreal International League farmhands today.

Sports Roundup

Hugh Fullerton, Jr.—New York, April 2—(AP)—Fred Kammer, who claimed he was just a Sunday golfer last Summer, has laid out an hour-a-day practice program for himself to tune up for the Walker Cup matches. He's spending a lot of time on half shots with his irons, figuring they'll be important at St. Andrews and in the British Amateur at Carnoustie. Fred passed up a chance to play in the Masters tournament to stick to business and practice. Word from Florida is that Ted Williams no longer spends hours after a game just swinging a bat but that he gives a knife and fork a good workout.

SPORTS BEFORE YOUR EYES
Jake LaMotta, whose nickname is "The One-man Gang," has bought the parking lot opposite Yankee Stadium and plans to build an outdoor boxing arena there. Dick Walterhouse, former "automatic" place kicker at West Point, starred for the Barksdale Field, La., basketball team this winter. He says he'd like to play football for the Detroit Lions after he leaves the army because he'd be near home. The U. of San Francisco, where Ed McKeever is supposed to be building a terrific football team, is out with a fancy booklet ballyhooing its tennis squad, headed by Larry Likas and Harry Roche. Could it be a smoke screen?

RELATIVITY AGAIN
The U. of Mississippi will have a baseball battery of Ray Poole pitching and Cousin Phil Poole catching this Spring. And Columbia's Andy Cokley may start Frank Swicki on the mound and Brother Bill behind the plate against New York U. today.

CLEANING THE CUFF

Baseball Meeting Planned Tonight At City Hall, 7:30

There will be an important meeting of the Fulton Baseball Association at 7:30 tonight at the city hall.

This will be the final meeting before Spring training opens here on April 15, and a number of important matters are to be discussed.

Everyone interested in baseball is urged to be present.

2 Killed In Train Wreck

Missouri-Kansas-Texas Special, Freight Engine Sideswipe In Oklahoma

Armstrong, Okla., April 2—(AP)—The Missouri-Kansas-Texas (Katy) Texas special passenger train and a freight train engine sideswiped here today, killing two persons and injuring several others.

At Durant, one hospital reported several persons from the train wreck were still in the emergency ward and more were arriving.

The engineer and fireman on the passenger train were reported killed, the engineer on the freight injured, and several passengers on the Texas Special hurt.

First reports gave the following account:
The Texas special was heading south when a freight engine on a siding pulled onto the main track in front of the passenger train.

The engine of the passenger train and one passenger car were overturned and four other cars jumped the track. The engineer and fireman were crushed to death and acetylene torches are being used to extricate them.

2 Former Chicks Expected To Play In Memphis Apr. 4

Two former Fulton Chick players are expected to see action Friday, April 4, when the Boston Red Sox play the Memphis Chicks at Memphis.

George Metcovich, who played first base for Fulton a few seasons ago, now is with the Sox, and probably will be in their lineup Friday. Rapid Robert Schultz, Kitty League strikeout artist last year, is slated to pitch for the Memphis nine.

It was also learned here today that Frank Brucella, who held down the shortstop job for the Fulton team last year, has been sent to Greenville, Miss., a Class C team.

Schultz Aids Memphis Chix

Fireballer Is Bright Spot In Prothro Mound Staff; Helps Replace Those Lost

Memphis, Tenn., April 2—(AP)—There's nothing the matter with the 1947 Memphis Chicks, says Manager Doc Prothro, that three or four good pitchers wouldn't cure.

"We're in as good shape as we were a year ago, maybe better," the Chickasaw pilot advised. "But our pitching outlook is terrible."

The out field is back intact but solid. The catching "looks good." The pitching—there's the rub.

Gone are reliable Lester (Wimpy) Willis, 18-game winner who graduated to Cleveland, and Herman Drefs, 14-game winner who didn't report back from last year's camp.

Are Right-hander Freddie Biggs (6-3) and Left-hander Talmadge Abernathy (3-3), both nursing sore arms.

Larry Brunke, who won seven and lost six while lefthandling at Chattanooga last season, completes the seasoned staff. Rookies wrangle for the other jobs.

From the team that finished a surging second to Atlanta in 1946, the infield is mostly new. But there's one bright spot.

He is young Bob Schultz, fireballing lefthander who was strikeout king of the Kitty League and winner of 19 games for foot-toe Schultz shut out Tulsa on five hits in a recent start.

Walnut Log Seeks Improved Road

Residents of Walnut Log, Tenn., led by Grover McQueen, state game warden, and Barnie Thomason, guide and fish market operator, have started circulation of a petition asking that the gravel road from Walnut Log to Union City be hard-surfaced.

"We have as good bass and bream fishing at Walnut Log as there is on Reelfoot lake, but the fishermen are not coming here because of the bad condition of the road," McQueen said. "There are 100 to 125 persons living at Walnut Log, all of whom make their living from the lake, and we deserve consideration on this plea."

In Kentucky

Paducah — Attorney John Driskill has been named city alcoholic beverage control administrator here.

Lexington — The Southern branch of the American Institute of Electrical Engineers will open its convention here tomorrow. Students and instructors from 18 Southern colleges and universities are scheduled to attend.

Morganfield—Baldwin J. Clements, 61, brother of Congressman Earle C. Clements (D-Ky) died at his home here yesterday.

Covington—Seven men were charged yesterday with selling 3,000 pounds of sugar for 27 to 30 cents a pound, more than four times the average price, and without ration stamps. Criminal informations against the seven were filed in U. S. district court.

Louisville—A fall from the Louisville Bridge into the Ohio River yesterday was fatal to Mrs. Annie Singer, 43, Louisville. Deputy Coroner Joseph Beck returned a verdict of suicide.

Forger Decides To Seek Credit

St. Louis—(AP)—Donald V. Fraser, president of the Missouri-Kansas-Texas railroad was looking over credit reports on thousands of applications which poured into his office for travel credit cards.

He was pleased with the lot—except this one: "This man is presently an inmate of San Quentin prison, serving sentence on charges of forging and passing worthless checks."

Livestock Market

Cincinnati, April 2—(AP)—

USDA—Salable 1500; market generally 23 higher; good and choice barrows and gilts 160-250 lbs. 25.75; 250-275 lbs. down 25.25; 275-300 lbs. 25.00; 300-400 lbs. 24.75; over 400 lbs. 23.00 down; 140-160 lbs. 22.75-24.00; sows 19.75-20.75; smooth butcher type to 21.25; stags 17.00 down.

Cattle 300; calves 350; early offerings slaughter cattle limited demand spotted, slightly more aggressive; largely steady prices basis; instances stronger on cows; half dozen good 980 lb. steer yearlings 25.50; top medium to average good 700-800 lbs steers and heifers 18.00-22.00; medium 700 lb. heifers 17.50; odd beef cows to 16.50; mostly common to medium 13.00-14.50; canners and cutters 9.50-12.50; bulls early to 17.00; mostly common and medium 15.00-16.50; cutter lightweights 14.50 down; vealers weak to 1.00 lower; top 28.00 sparingly; good and choice 25.00-27.00; common to medium 13.50-24.00.

PHONE UNION

(Continued from Page One)

Sunday, holiday and evening and night work.

"Under latest union demands, wages for the 40-hour work week in this exchange would be as follows:

Operator—Starting rate \$39 per week, top rate \$49 per week.

Installer-Repairman—Starting rate \$42 per week, top rate \$79 per week.

"On a company-wide basis, the union's demands amount to an average weekly increase in basic wage rates of about \$18 per employee.

"In view of the facts, there seems to be no justification for such large wage demands on the part of the union. Consequently, the company has offered the union a year's renewal of the present contract, with the right to reopen the matter of wages at a time when changes in conditions justify.

"The Company's aim is to keep wages on a fair basis for both employees and telephone users. Wages that are too low are not fair to the employees who do the work. Wages that are too high are not fair to the public who pay for telephone service."

ble Guest was present too.

Clark-Gossom
