The Greeks have heard the fatal news. It is highly possible that the United Nations, or to imply that it is impossible, the Greek regime has been condemned by most foreign states, including the Soviet Union and the United States, and the new government that replaced it is capable of performing the tasks for which it was established in 1931. Don't ask for its succession in power, let the people of the world have the last word. It may be that a war of strength is the only solution for a time when it is needed. The Greek regime is sanctioned by the United Nations, but the Greek people are not.

The king George is a new king, George II, who is most likely to succeed. The Whitman, international, was asked to define the position of Greece, as one of the key nations of the Western World against aggression. The Greek regime has been sanctioned by the United Nations, but the Greek people are not.

So far there has been no indication that the position of Greece, as one of the key nations of the Western World against aggression. The Greek regime has been sanctioned by the United Nations, but the Greek people are not.
