## VOTE FOR

## ER L. PRINCE

MARSHALL COUNTY MAN

ON NOVEMBER 8<sup>th</sup> 1949

He is for JUSTICE TO ALL - rich and poor alike.

He was born and raised in Marshall county and lived in Marshall county all his life.

He is for prompt, courteous and considerate cooperation with the school authorities for the betterment of the school system throughout the county.

He is Honest.

He is Qualified.

Friends:

Tuesday, November 8, is the final date for you to vote for your County officers for 4 years. The Democrats will list of candidates that were nominated by the voters on August 1, and I urge every voter to go to the polls and again cast your vote for these men. I want to remind you of two promises I made you in the past, and that is: That I will do everything in my power to keep the roadhouses and honky-tonks out of Marshall County and do everything I can to help make Marshall County a law-abiding and moral county in which to live.

It is my duty to equalize road funds giving each community its just and due share of road money. As your county judge, I expect to get out and look over the roads of the county and see for myself the condition of our rural roads. In years past I have had enough construction jobs that I believe will be of value to our county and do everything I can to help make Marshall County a law-abiding and moral county in which to live.

I am 42 years of age - young enough to get out and about our needs and at the same time old enough to have the judgment as to our county needs.

In the past 24 years Marshall County has not had a County Judge and we have had some mighty needs of our county government. My education and experience is equal to or better than any of the County Judges that have served during the past 24 years, and I am qualified for the place or would not ask for it.

I continue to work with our Democratic road and officials in Frankfort and help build a better county with all of these officials and with our Magistrates to live. I shall do everything in my power to continue to live.

FAIR and HONEST ADMINISTRATION.

## Palma School News

(By Poe and McGregor)

The Palma boy's softball team ended a successful season with five wins against no losses.

The boys have also started on basketball practice and are now ready to schedule games with other schools of the county.

A delightful Halloween party was enjoyed by the primary room Monday afternoon. Games were played and refreshments served.

Mrs. Beulah Wilkins and Mrs. Nola Thompson, of the Sharpe faculty spent Monday afternoon observing the method of instruction used by the Palma teachers in teaching different classes.

A PTA membership drive was started. Those desiring to become members of the Palma PTA should see Mrs. McClard at once.

Lee Henson, of Route 5, was in town Monday on business.

## REVERLY JO BEASLEY IS HONORED WITH PARTY AT HOME HERE SATURDAY

A birthday party was given at the home of Mr. and Mrs. Joe Beasley here Saturday afternoon in honor of the third birthday of their daughter, Beverly Jo Beasley.

The little Miss was the recipient of a number of nice gifts from her little friends. Present were: Billy Clark Rudolph, Johnny Chambers, Ed. die Ray and Jimmy Defew, Ron nie and Larry English, Virginia Rose Riley, Sherry Johnston, and Erica Dwin Thompson.

**CARD OF THANKS**  
I take this method of thanking members of the Lions club, the carpenters and all others that may have been instrumental in securing for me the building and the rights for its erection in the main part of town. I hope to conduct the business in such a way to really further show my sincere and heartfelt appreciation unto all of you.

**Briensburg School.**

We have finished 11 weeks of school and we are all having a good time.  
 The primary room pupils have made a table to be used as a discovery table. They place their discoveries on it. On the wall above the table the teacher has made a chart about the discoveries. The children made a mural showing the adventures they have had in science.  
 The fourth and fifth grades have been studying animals of different countries and have mounted animals cut from magazines on a bulletin board.  
 The sixth grade has made a large mural illustrating Chinese life. It was painted with colored chalk. They also made paper mache dolls and dresses in the tunces and ogas of the Romans.  
 The seventh grade made a mural of Westward expansion. It shows the covered wagons

The eighth grade made a mural of Pilgrims going to church, which they painted with tempera paint. Below the mural they have a table with paper mache dolls dressed in Pilgrim costumes.  
 We had a Halloween party Monday night. We had a cake walk, a house of horrors, a fortune teller and a parade.  
 Mr. and Mrs. Weldon Draffen won the prize for the best dressed couple. Mrs. Orb Grace won on the best costume for an adult and Jonda Kay Greenfield won the prize for the best children's costume.  
 The mothers sold popcorn and punch. Mrs. Greenfield and Mrs. Wyatt gave the 4-H club a party. We had games and refreshments.  
 Officers for the 4-H club are: Peggy Bryan, president; Jonda Greenfield, vice-president; and Mary Vickers, secretary.

**CITY STREETS:**

With the cooperation of the citizens and property owners, the council and people of Benton have been able to pave approximately five miles of streets which we are told gives it the largest percentage of paved streets of any town in Kentucky. Cost of this project was approximately \$60,000.00 and all paid for. Less than \$2,000.00 is owed the city by property owners for these improvements.

The City also purchased a tar kettle and other equipment necessary to repair and maintain the streets at a cost of approximately \$500.00. Proper maintenance with this equipment will keep these streets in good condition for many years, and save taxpayers many hundreds of dollars over a period of years. This equipment is paid for.

**THE WATER SYSTEM:**

A chlorinator and lime feeder has been purchased and our water is treated before use, assuring us a pure water supply at all times. As you have seen, the lime has taken the "red" out of the water. Cost of this equipment was some less than \$2,000.00 and is all paid for.

It was necessary to dig a new well at a cost of \$4,000.00 and purchase two new water pumps as well as repair another one at a cost of \$3,800.00. This equipment is paid for.

The water tank has been completely overhauled -- all seams welded inside and a complete repainting and repair job done on it. It is guaranteed for a 10 year period by the largest company in the U. S. doing this type of work. Cost of this was approximately \$3,500.00 and is all paid for.

We have extended the water lines to all points in the city wanting them, laying approximately 4,000 feet of extension. This was done by our street and water employees and the exact cost is unknown but all paid for.

**SEWERS:**

We have laid approximately 2 miles of sanitary sewer main, thus making sewers available to ALL citizens of Benton. Cost of this project was about \$60,000 and was paid for by bond issue, which is being retired by sewer tax.

3500 feet of storm sewer has been laid. \$3,000 of this cost has been paid out of general funds and the rest of the cost is included in the above bond issue.

**FIRE DEPARTMENT:**

A new fire station has been built at a cost of \$5500.00 which is all paid for.

A regular pay scale for city firemen has been set up for the fire chief and volunteer firemen.

This department is being adequately supported by a tax on insurance companies and is in excellent condition.

**CITY PARK:**

With cooperation of various civic groups and individuals the city has been able to build and maintain a better park, with four paved tennis courts and flood lights, baseball diamond and grandstand, swings and slides for smaller children and other conveniences. Total improvements cost about \$4,000.00 with the city furnishing about one half the money and various civic groups and individuals of the town donating the balance.

**POLICE DEPARTMENT:**

Through the diligent work of the city clerk and city police, a more efficient system of tax collection has resulted in considerable more revenue for the city at no increase in the tax structure. This has been done by seeing to it that taxes and fees that were SUPPOSED to be paid and frequently weren't in previous years were actually collected.

**MRS. JOE ELY HONORS**

**MISS JANE RILEY AT**  
**TEA-SHOWER SATURDAY**

Mrs. Joe Ely honored Miss Jane Riley with a tea-shower at her home here Saturday evening from 7:00 until 9:00.

Miss Riley's engagement to Boyce Clayton has been announced for this month.

Miss Barbara Bohannon presided at the punch bowl and the guests were served punch and wafers.

Mrs. Bob Simmons assisted Mrs. Ely in receiving the guests. The many gifts were opened for display at the shower.

Over 200 persons participated in the shower.

The Community club meets at the school each fourth Friday afternoon. We are planning a community supper just before Thanksgiving.

Each room has varnished the desks, painted the cabinets and added new drapes and couch covers.

**PERSONALS**

Rollie Dexter, of Gilbertville, was in Benton Wednesday attending the funeral services for Harold Shields.

Claud Lamb and Hollie Cole, of Route 3, were visitors in the city Wednesday.

Mrs. Ora Locker, of Paducah, was a Benton visitor Wednesday.

Mrs. Audra Peck, of Route 6, was a visitor in Benton Wednesday.

Mrs. Jess Tucker and Mrs. Jess Balze, of Route 6 were visitors in Benton Monday.

Mrs. Randle Anderson, of the county, was a Wednesday visitor in town.

Mr. and Mrs. Rollie Kelley, of Murray, were guests Sunday of her father, A. Barnes and his mother, Mrs. Rosa Kelley.

# Here's What's Been Done For Benton! By The Mayor And City Councilmen **THE PAST 4 YEARS**

(A Statement to the Voters Of Benton on Behalf of the Council members up for re-election)

In view of the coming city election in which there will be chosen a Mayor and six councilmen, your present city administration wishes to call your attention to its activities in behalf of the city and some of its plans for the future so that you may better be able to decide whether or not you wish the present administration to continue to have control of the functions of your city government.

Following is a complete report of the amounts collected for the past four years:

Police Court Collections	Auto Stickers
1946 \$1194.00	1946 \$846.00
1947 \$2292.00	1947 \$1042.00
1948 \$2378.00	1948 \$1145.00
1949 to date \$1,111.00	1949 to date \$1214.00
Occupational Licenses	Real and Personal Tax
1946 \$6396.00	1946 \$7457.81
1947 \$9580.00	1947 \$8595.06
1948 \$10570.00	1948 \$9344.30
1949 to date \$11,316.00	1949 to date \$10,458.95

The above figures regarding collections of taxes due the city tell the story as to why the city has been able to operate on a cash basis through the past years with no increase in tax rates.

**CITY DUMP:**

Four acres of ground have been purchased south of Cole's addition on the old Mayfield road for a city dump at a cost of 400.00. The City has a bulldozer clear this ground once or twice a year so that it will continue usable. Drive out and take a look at it and use it instead of the road sides.

**ELECTRIC SYSTEM:**

With the cooperation of the TVA, the administration and the Electric Light Plant Board were instrumental in getting a new substation built 3 miles East of Benton at no cost to the city.

The administration, through the light plant board re-built the city's electric system at a cost of approximately \$85,000.00 -- a move essential to good service. It is now in A-1 shape and is second to none. Paid for by \$90,000 bond issue to be retired over a period of 16 years WITH NO INCREASE IN RATES TO CONSUMERS.

**INDEBTEDNESS:**

The city is on a cash basis, other than bonded indebtedness, and all accounts are current. There is owing about \$3,000 to a local bank on demand note, which money was used in purchase of well pumps. This can be paid by the first of the year and still leave the city sufficient cash balances for operation through the coming year taking into consideration of course revenues that will be received from January to March 1st, 1950.

Bonded indebtedness consists of approximately 100,000.00 on the electric system; 47,000 on the sewer system; and 30,000 on the water system. Also a 1930 bond issue of 17,000 for street improvements. The 17,000 bond issue will be retired in 1950 with cash now on hand for that purpose. The other are being amortized over a period of 15 to 20 years, and all payments are being made as they fall due.

**PARKING METERS:**

After a thorough study made of other similar communities, and the parking situation here, it was decided that meters would best serve the community. They have been installed and tried for a period of 6 months. If at that time it is seen that they are undesirable, they can be removed. No cost for installation of meters or removing them. One half of collections goes to company until meters are paid for and then all collections come to the city. Meters cost about \$65.00 each.

Your present administration has acted in what they believed was the best interests of the city without fear or favor. Many times they have opposed their own best interests in what they thought the best interests of the whole. If you like this type of government and approve the accomplishments we ask your endorsement by voting for the following slate of officers in the city election of November 8th.

Objects To Increase In Salary Limit

Marshall Courier:

When the flood gate in our salaries that now limits them to \$5,000 per year you will see an inundation of higher taxes all down the line.

These "professionalists" can get a good living at \$5,000 a year and save some for hard times, they better get some economy of living and not "fly too high."

A big salary is all that interests one to public work, then the public would be better off without them. If a person who works for pay and not for the love of the work, he is a failure. He is heart to make a success.

As a person preaches for the love of the work, he is a success. Paul's letters and the love of the truth, in his heart as his motive for work.

There are lots of candidates for office at much less than \$5,000 per year top salary and a big amount of money for the offices and what was

good enough for our fathers is good enough for me. There should be no get-rich-quick pan in public service, nor any other work. Vote NO On Tuesday, November 8th. Yours truly, XYZ

### Church Grove School News

(By Patsy Thweatt)  
We are still happy in school. Our second month started with Mr. Rose and Mr. Ross and the

state inspector, Mr. Whalen visiting us.  
Mr. Miller came out and reorganized the 4-H club. Officers are, Elaine Myers, president; Keith Norsworthy, vice-president; Norman English, secretary and treasurer, and Mrs. Novale Johnston, girls leader.

### CASE MASTERFRAME Pushes Costs Down

Parallel lift of the front-mounted shovels means correct working angle and uniform penetration at any depth you set them. Close to the front wheels, they respond instantly to Case Quick-Dodge steering. Rear shovels plow out wheel tracks, need no watching. Same Masterframe sections serve also for mounted plow, planter, etc.—save you real money on a complete outfit. Case Masterframe implements take less strength to handle, less room to store. Come in; see the extra advantages you can enjoy at LESS cost.

## A Plan For The Future Or A Plan for the Present

THE BOLTON has a plan which includes an unusual number of closets. It also calls for a great deal of free circulation because a wardrobe in every bedroom; a linen closet; a coat closet; a broom closet and a conveniently large storage closet in the hall. There is also a handy coat closet provided for the rear entry.

All of The Bolton's rooms open into the hall. There is easy access to the front door from the kitchen. The modern work room has corner windows over the sink. It also has L-shaped cabinets. And there is a storage cabinet on the inside wall as well as ample space in The Bolton's efficient kitchen.

Construction of The Bolton is frame with wide siding. The walls and ceiling are insulated. The roof is covered with asphalt shingles.

The Bolton's dimensions are 36 feet wide and 26 feet deep. It contains a full basement. There is an area of 1,001 square feet in The Bolton.

We hope we can be of service to you on plans for a New Home. We Invite you to discuss your plans with us.

We are working hard to make our school attractive and home-like. We feel that the health of boys and girls means success and happiness.

Mr. Miller brought pictures of farms made in Marshall county. The house was crowded and we hope that all the people of the community profited by seeing the pictures.

The Community club and the school gave a pie supper. We had lots of fun. Richard Can-  
up sold the pies and cake and he did a swell job of it. We took in about \$53.05. Kathleen Darnell won the beauty contest.

Our visitors for the month included, Cora May Smith, Dennis L. Smith, Ina English, Nina J. English, Mrs. Bessie Myers, Mr. and Mrs. Clint English, Mrs. De-na Arant, Mrs. Leslie Henson, Bro. Syers and Bro. Childers, Mr. Ross, Mr. Rider, Mr. Whalen and Mr. Ross.

We have Phillip and Louella Shepherd back in school from Detroit, also Glad to Tapp from Paducah. Glad to have them as this makes our enrollment 20. Our attendance was 100 per cent.

There is a called meeting for Friday night, November 4, for our Community Club and every parent in our district is asked to be present. Prof. Alton Ross will be the speaker.

Remember, the boys and girls of today will be the leaders of tomorrow, so let's give them the best opportunities possible.

### Births

Mr. and Mrs. Joe Ben Holland of St. Louis, are the parents of a daughter born Monday October 10. They have named her Carol Elizabeth. Mr. Holland is the son of Mr. and Mrs. Will Ben Holland, of Benton Route 4.

Mr. and Mrs. Howard Wilkins, of Route 3, are the parents of a son, born Tuesday, October 4th.

Mr. and Mrs. Charles Bowman, of Calvert City, are the parents of a son, born Monday, October 10.

### THE REV. RAINES SPEAKS TO MEMBERS OF BREWS PTA AT MONDAY MEETING

An address by the Rev. Raines pastor of the Brewers Methodist church was one of the highlights of the meeting of the Brews PTA Monday night, October 17.

Mrs. O. T. Faughn, president, presided. The subject of the Rev. Raines' address was "Responsibility of Parents for the Teaching of Moral and Spiritual Values to the Child."

A girls quartette composed of Vera Jane Houser, Dora Parker, June and Frances Gresson, presented two selections.

Mrs. Faughn reviewed the objectives of the PTA. Plans were made for a membership drive. After the meeting refreshments were served to the group.

### GEORGE H. DODD LOCATES MACHINE BUSINESS IN HURLEY SPORTS CENTER

George H. Dodd has located his sewing machine sales and service shop in the Hurley Sports Center store.

He invites patrons and his friends see him there.

### Why VICKS Is Best Known Colds' COUGHING DISTRESS

Only Vicks VapoRub gives you this special Penetrating-Stimulating action when you rub it on throat, chest and back at bedtime. It penetrates to upper bronchial tubes with special medicinal vapors. It stimulates chest and back surfaces like a warming poultice. And it keeps working for hours—even while you sleep!

# ON ONE POINT THEY ALL AGREE

The men listed below represent different parties, different factions, different points of view. They come from different walks of life, different sections of Kentucky. Republicans and Democrats are to be found among them, professional men and business men and farmers and spokesmen for labor, educators and politicians and critics of politics, office-holders and former office-holders and people who never expect or want to hold public office. These men are known to Kentuckians more for their strong differences of opinion than for agreements on public policy. But now they say:

## "PASS CONSTITUTIONAL AMENDMENT No. 2"

The amendment will liberalize the constitutional salary limit and so improve public service in Kentucky.

Here's the statement to which they all subscribe:

"We think the salary provision in the Kentucky Constitution must be liberalized if Kentuckians are to receive adequate public service. The limitation, imposed in 1891, makes satisfactory administration impossible in these changed days of 1949. Therefore we urge all Kentuckians, for their own sakes, to vote 'Yes' on Constitutional Amendment No. 2 at the November election."

And here, united in sentiment, are the men who never agreed before:

JONES WIL

Jim Kinney Elected

Salary Amendment Is

County Almost 3 to 1 Sch

Leonard Jones, 42 years of age, and who came to this

county from Eastern Kentucky several years ago and

married a Marshall county girl, will be Marshall county

County Judge. Jones won handily over his opponent,

Republican Walter L. Prince, Benton attorney.

In a hot race in August, Jones

was the nomination by defeat-

ing his nearest opponent by 37

votes. All other candidates were

expelled in the election, with

the exception of one race in

the First Magisterial district of

the county.

Reports had been circulated

that there would be a consider-

able amount of "scratching"

in the county Judge's race.

But the county Judge's race

was so hotly contested that the

total of 250 ballots, how-

ever, showed that

the voters believed that

the difference was caused by

the voters who were re-

turned as Democrats return-

ing to a Republican vote

Amendment Defeated

Amendment No. 2, which

was carried in this county

by a vote of 1,121 to 719, but

which would have raised the

salary for certain

officials and known as

Amendment No. 2, went down

in this county almost

unanimously. The total vote on this

amendment was 453 for and

1,121 against.

The state of Kentucky

has a question was fairing

very well with a slight

margin. The salary question had

been put into a 15,000 lead at

the beginning of counting but

the voters came in the

and gradually but surely

won. With the results of

Kentucky's 4,104 pre-

ferred to the state of the

amendment might be de-

clined in spite of the good

news.

Mrs. Haak discussed the

nutritive value of meat, the cuts

of meat and cooking.

Two leaders from each club

in the county attended. They

will give the lesson to members

of their respective clubs.

Those attending were:

Mrs. Duke, Mrs. Anna

Griffith, Hal Perry, Paul

Creason, Wayne Wyatt, Frank

Greenfield, Mary Franklin, W.
