HAS GONE BACK HOME. WORK NEARLY ENDED. B. BADGER'S RASH ACT

Young Claude Wadlington Granted Bail. HIS BOND IS \$5,000.00

The Motion Was Argued Yesterday Before Circuit Judge Cook. SEVERAL WITNESSES WERE EXAMINED.

Claude Wadlington, the youthful slayer of W. Parks Wilson, was released on bail Friday afternoon. He left at once for his home in Trigg county.

Consensus of the Jury. The motion for bail was argued before Judge Cook in the Circuit Court Friday, the case consuming the entire day. The following lawyers appeared for the defense: James B. Garrett, James Brantley, Robert Burnett, Charles B. Bush. The prosecution was represented by W. R. Howell, the Commonwealth's Attorney, John P. Ladd, Jr., and Otto H. Anderson. Young Wadlington, his face white with prison pallor, sat surrounded by his father and mother, grandfather and grandmother and numerous relatives. The court room was crowded all day. Probably two hundred people from Trigg county and the neighborhood of the killing were present. A score or more ladies were in court.

The defense first introduced W. T. Wadlington. At the conclusion of his testimony, they announced that they would offer no further evidence in support of their request for bail. Prosecuting Attorney Howell moved that the motion for bail be denied on account of insufficiency of evidence and the motion was overruled by the court and the prosecution took an exception to the ruling.

The prosecution introduced several witnesses to prove that badger should be granted. Among them were: Patrick Macnamer, B. J. Wall, O. P. Irving, and Misses Fannie Wash and Ethel Hopkin. It was proved by the prosecution's witnesses, in cross examination, that before the fatal shot was fired, Wadlington had been struck in the mouth by Wilson.

Judge Cook decided to admit the prisoner to bail in the sum of \$5,000, which was promptly given by the following Trigg county men as bondsmen: W. P. Wadlington, Thomas Wadlington, W. M. Wadlington, T. F. Ladd, E. Wash, J. R. Golladay, O. Elton Jones, Robert W. Booth and J. J. Rouse. Postponement Probable. The case is set for trial on the 24th day of the present term of court. It is not likely that either side will be ready by that time, and the case will probably be postponed.

IN WOEFUL PLIGHT. THE WEED LAST WEEK

Desolation Everywhere In the Island of Cuba. Offerings Almost Entirely of the New Crop.

Col. Parker, Who Was There With Senator Proctor, Tells What He Saw. SUFFERING IS SIMPLY BEYOND BELIEF.

[SPECIAL TO NEW ERA] Washington, March 14.—Senator Proctor, of Vermont, and his companion, Col. Myron Parker, who have been spending some time in Cuba, returned to Washington to-night.

Senator Proctor said that he did not desire to discuss his trip at present and that further to command the good work Miss Clara Barton was doing in Cuba, he had said nothing in the way of an interview. Col. Parker said to an Associated Press reporter: "We went to Sagua la Grande, Mantua, Cienfuegos and Artemisa, the provinces of Pinar del Rio. The extent of the suffering in the island of Cuba has not been exaggerated. It is infinitely worse of every portion of the island. The reconcentrados are gathered into the villages, where they can be seen in all their pitiable aspect. The suffering is, perhaps, greater in Matanzas than elsewhere."

"What impressed me most, and would doubtless impress any visitor to Cuba, is the utter desolation of the island. Miss Barton is doing great work among the reconcentrados and is to be praised for her heroic efforts in that direction. We were well treated by the Spaniards."

In answer to the question as to what in his mind should be done to put an end to the awful suffering, Col. Parker said that he had no doubt that the Government would take the best course. He commended most highly the action pursued by General Lee, who he said, was a man fitted to this place in every respect from what he and seen of his administration of affairs there. "The matter of his recall reached there just a little before the contradiction was not credited. It was decided that his return to this country was wanted," he said.

In regard to the question as to whether the impression made in Havana that the Maine was destroyed by external influence Col. Parker spoke guardedly. He said, however, that the same impression prevailed there said here. There was little or no war talk and the De Lome incident was not mentioned there during his visit.

WAR CLOUDS THICK. UNDER BLACK WINGS

Trouble Brewing In Central America. THE CRISIS IS NEAR.

Whether There's to Be Peace or War Is Soon to Be Known. PANAMA AND SALVADOR TO TAKE SIDES

[SPECIAL TO NEW ERA] Panama, March 12.—Advises received from Central America state that war clouds are still hovering over the turbulent countries. The situation between Costa Rica and Nicaragua is very serious. It is reported that troops have already gone to the field.

Honduras will fight Nicaragua in war against Costa Rica, and Salvador will support Costa Rica in the struggle. Guatemala's representatives have left Managua for Costa Rica, carrying documents which will decide whether the United American countries will plunge into war or not.

Glady's Bill. Dr. Glady yesterday introduced a bill for the relief of Lewis Tynes, of Alabama, ordering that he be paid \$14,000 for services rendered to the United States Government during the war.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of J. A. Slocom, M. D., of 181 Pearl street, New York City. Constant that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make it great merits known, he will send, free, three bottles of medicine, to any reader of the New Era, who is suffering from chest, bronchial, throat and lung troubles or consumption.

About this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases. The doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure. "Offered freely," is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt. There will be no mistake in sending the medicine. It will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured, in all parts of the world.

Don't delay until it is too late. Address T. A. Slocom, M. D., 93 Pine St., New York, and when writing the Doctor, please give express and post-office address and mention reading this article in the New Era. wad-12p-15

How to Raise Grapes.
In setting the vines, the rows should be eight feet apart and vines from six to eight feet apart in the row. Dig a hole two feet long, one foot wide and one foot deep. Put a little surface soil in the bottom and mix in some bone dust or commercial manure and then place in a one inch layer of surface soil. Trim the ends of roots and spread out in hole, covering the surface soil. Cut the vine back to two buds and draw in the earth so as to cover the roots and stem up to top bud. Train the vine to a stake for the first two years, and afterwards train on trellis.

Bear this in mind, old wood never bears the second time. The cane of this year bears the fruit the next. Nine-tenths of the wood should be cut away each season to get larger and the best grapes.

RECKLESSNESS ON HIGH GROUND.
The fruit buds of the blackberry, after they have swollen or are opened, are very tender, because the plants should be placed on high ground, away from the cold frosty air which settles in the valleys in the spring. A north slope is preferred on the South from hot winds is desired, together with some place in which to shelter the vines from the cold winds. Irrigation, at the time of the making of the fruit and ripening of it, would produce wonderful effects in quality and amount of production of fruit.

Very Much Worse.
Mr. "B" Badger is reported to-day to be very much worse. He is suffering more than at any time since he was shot, and it is now feared that his wound may prove fatal.

All the new spring shades of kid gloves just in at Sam Franklin's, 62 West Third.

The Hartford Herald says: "Mr. A. J. K. made, who was sent to the asylum some weeks since, mention of which was made in the Era at the time of his admission at the Hopkville asylum last Monday night. His remains were brought home and interred at the Bethel burying grounds yesterday in the presence of a large circle of friends and relatives."

The Only Way.
Call it not vain, that he did not err. Who say that he alone is wise, Who in his business will prefer In newspapers to advertise.

Spring is Here.
Many persons consider this the earliest spring in several years. The trees are budding, and the peach trees will be in bloom in a few days.

The Commissioners appointed by Gov. Bradley to arrange for the launching decided to go to Newport News to the launching on a special train, which will leave Louisville March 22, at 1 p. m. The Governor and his staff will go in full uniform.

A Regrettable Incident.

At the cemetery yesterday afternoon a very unfortunate and regrettable incident occurred. By an oversight no arrangement had been made to have the graves excavated in Dr. Gish's family lot. Mr. W. T. Tandy, who arrived there before the procession, asked the sexton about the matter and was informed that the order had been given that money be paid in advance for the digging of all graves. Mr. Tandy at once offered to pay the amount necessary. Sexton Roark still refused to do the work until an order was given from the family to prepare the grave. By this time, about five o'clock, the funeral procession had arrived, and the order was finally given, whereupon the work was done and the grave closed.

At the Cemetery. Yesterday afternoon a very unfortunate and regrettable incident occurred. By an oversight no arrangement had been made to have the graves excavated in Dr. Gish's family lot. Mr. W. T. Tandy, who arrived there before the procession, asked the sexton about the matter and was informed that the order had been given that money be paid in advance for the digging of all graves. Mr. Tandy at once offered to pay the amount necessary. Sexton Roark still refused to do the work until an order was given from the family to prepare the grave. By this time, about five o'clock, the funeral procession had arrived, and the order was finally given, whereupon the work was done and the grave closed.

BODY WILL BE TAKEN TO MISSISSIPPI.

[SPECIAL TO NEW ERA]

Washington, D. C., March 17.—Ex-Senator R. K. Bruce, the most distinguished negro in the South, died this morning in this city. He had been ill only a short time, and his death was unexpected.

His body will be taken to his late home in Mississippi for burial. Bruce, at the time of his death, was Recorder of Deeds of the District of Columbia.

He was born of slave parents in Prince Edward county, Virginia, 1841. When a boy he went to Mississippi to live, but subsequently removed to Missouri. His education was limited, but making the most of his opportunities, he acquired considerable book knowledge.

While following the occupation of a planter he held the position of Sergeant-at-Arms in the State Senate for two years. He was Sheriff and Tax Collector of Bolivar county for four years, and for three years was Lewis Commissioner.

He was elected a Senator in Congress for the term commencing 1875, and ending in 1881. In May, 1881, he was appointed Register of the United States.
