FRED E. ATKINS KILLED IN AUTO CRASH FRIDAY

Had Returned Here From Michigan to Get His Mother

Fred Eugene Atkins, 19, was fatally injured Friday night about 11 o'clock when the auto he was driving struck the abutment of a concrete bridge two miles south of Murray on the Hazel highway.

Mr. Atkins had driven here from Highland Park, Mich., the same day, and had been up all the night before. The indications were that, being tired, he went to sleep at the wheel, according to State Highway Patrolman Charlie Adams who investigated the accident. The car ran off the road, and struck the abutment of the bridge. The abutment was badly damaged, the car almost a total wreck, and Mr. Atkins was thrown clear of the wrecked car.

Three college boys came along very shortly after the accident, and took Mr. Atkins to the Mason Memorial hospital where he died on the X-ray table. He never regained consciousness.

Mr. Atkins had come here to get his mother to take back to Highland Park with him Sunday. His father and brother and he were already at work there, and she was planning to go there to be with them. He was returning from Puryear where he had taken his girl friend home when the accident occurred.

His parents, Mr. and Mrs. Tommie D. Atkins, have been living a few miles south of Murray on the old Hazel highway near Gibbs' store.

Funeral services were held Sunday afternoon at 2:30 at Sinking Spring church with the Rev. T. G. Shelton and the Rev. C. W. Lawrence officiating. Burial was in the Elm Grove cemetery.

Pallbearers included Randolph Story, Mancil Vinson, John Nanny, Paul D. Bailey, John B. Cavitt, Joe Brooker Adams, Buren Richerson, Marvin Harris, W. H. Brooks and Richard Armstrong.

Surviving are his parents; his brother Billy Ray; and his sister Jesse May.

College 'Breds Out to Beat Tenn. Tech

Their losing streak halted by a 6-6 tie with Eastern Kentucky State here Saturday afternoon, the Murray Thoroughbreds hope to get back on victory road next Saturday night, October 24, at Henderson, Ky., where they will clash with Tennessee Tech of Cookeville. Coach Stewart's Racehorses will be making their first appearance in Henderson and they will be anxious to retrieve their scoring reputation dimmed by the 13-0 and 39-0 setbacks administered them by Morehead and Union University.

Murray clearly outclassed Coach Rankin's Maroons from Richmond here Saturday in everything but touchdowns. "Fumble-itis" and clipping kept the 'Breds from scoring at least two more—possibly three—touchdowns.

Tommy Walker, freshman tailback from Brownsville, Tenn., likewise performed capably for Murray before 2000 Homecomers. He, too, had not completely ironed out injury kinks, but he showed plenty of speed and coolness.

From another viewpoint, Murray didn't look too good. In four games this fall, the Thoroughbreds have failed to kick an extra point. Of course they have scored only five touchdowns, but zero for five is not a winning ratio in counting the extra markers. John Hicks' kick against Eastern was possibly good, but it was blocked by Robert Goosen, Maroon tackle.

Costly fumbles within the 10-yard stripe kept Murray from scoring at least two more touchdowns. As a result, Eastern gained a tie score on a single offensive thrust—a pass and an easy gallop to the payoff line that caught the 'Breds flat. It was the only time that Rankin's boys even looked dangerous, but it was enough, and if their try for extra point had been good, Murray might have lost a heart-breaker.

W. Z. Carter Elected Grand Master of Masons; Thompson, Grand Chaplain

William Zelna Carter was installed this morning as grand master of Masons in Kentucky at the 142nd annual convocation of the Grand Lodge at Louisville.

He was elected to that position yesterday morning. The three-day meeting of the Grand Lodge ends today.

The Rev. C. C. Thompson, pastor of the First Christian church of Murray, was named Chaplain of the Kentucky Grand Masonic Lodge.

Mr. Carter, past master of Murray Lodge No. 105, has been deputy grand master during the past year. He has been active in Masonry for many years. He is chairman of the Calloway county Red Cross; chairman of the War Bond Committee in this county; is a member of the Woodmen of the World and of the Lions Club; and has been very active in civic and club work here. He is an employee of the Murray postoffice. He is an active worker in the First Christian church here, and has served as superintendent of the Sunday School.

Among the Calloway Masons who are attending the Grand Lodge meeting at Louisville are Mr. Carter, Rev. Thompson, Boody Russell (master of Murray Lodge), A. O. Woods, Glen Ashcraft, Melton Marshall, W. E. Clark, O. B. Boone, Harold Van Winkle and Ronald Churchill.

W. Z. CARTER

Other officers named were Emile Beatty, Beattyville, deputy grand master; Joe L. Tigue, Paducah, grand senior warden; Charles S. Johnson, grand junior warden; S. Albert Phillips, Louisville, re-elected grand treasurer, and Alpheus Orton, Louisville, re-elected grand secretary.

385,000 Pounds Scrap Iron From Calloway Already Hauled to Junk Yards; Million Pound Mark In Sight

Calloway county has already sent 385,000 pounds of scrap iron to the junk yards since the current campaign started.

With what is piled up in school yards all over the county and in other places, it is estimated that a million pounds can be rounded up and sent off before October 31, which is the date marking the end of the present newspaper contest.

But Calloway's quota is almost two million pounds. The government wants it all in before snow flies; and much work will have to be done yet if this quota is made.

The WPA truck hauled 126,135 pounds up to Tuesday night. It also gathered up 1,510 pounds of scrap rubber at the same time. Among the largest contributors recently are Utterback school, 16,134 lbs.; Concord school, 16,930 lbs.; Dexter school, 4,937 lbs.; and Arthur Clendenon, 6,320. These amounts are only what has been hauled by the WPA truck; not what these schools have rounded up.

Aunt Rhoda Brandon Dies At Age of 94

Mrs. Rhoda Caroline ("Aunt Rhoda") Brandon died Tuesday at 3:45 P.M. at the home of her daughter, Mrs. Noma Outland, near Pottertown.

She was 94 years of age. The cause of her death was given as senility.

Funeral services and burial were held at the Barnett cemetery at 3:30 yesterday afternoon with the Rev. J. H. Thurman and the Rev. Lloyd Wilson officiating.

Surviving are two daughters, Mrs. Outland, mentioned above, and Mrs. Lela Taylor of Murray; two sons, Tony Brandon and Colie Mac Brandon, both of this county; eight grandchildren and four great-grandchildren.

New County Jail To Be Ready Soon

The new county jail will be ready within two weeks, according to present plans.

It will consist of five cells, on the third floor of the courthouse, in a former jury room.

At present the county is using the city jail. But there was only one prisoner yesterday—a woman.

Marriage Licenses

Wm. H. Grotheer, Clovis, N. M., and Dorothea C. Miller, Hazel, on October 16. The couple were married at Hazel the next day.

Rupert J. Phillips and Mrs. Opal Witty, both of Murray Route 3, on October 20.

ONLY $4,000 IS NEEDED YET FOR WAR BOND QUOTA

All indications are that Calloway county will easily make its war bond quota again this month. Sales up to Monday amounted to $31,419.75. This lacks only about $4,000 of the quota, which is $35,600, the same as it was in September.

Calloway has made every quota yet assigned to it and during the past 12 months has invested more than a quarter of a million dollars in war bonds.

Miss Durkee New Teacher at College

Miss Charlotte Durkee, from Elgin, Ill., is the new teacher in the fine arts department at Murray State College to replace Prof. Robert W. House, who has left for the army. Miss Durkee received her BM degree and MM degree from the American Conservatory of Music in Chicago.

For the past two years she has taught in Olivet College, Olivet, Mich. Also Miss Durkee has been an assistant teacher in the American Conservatory of Music, Chicago.

At Murray, she teaches bass, cello, sophomore theory, and counterpoint.

Orville J. Kuhn Missing in Action

Mr. and Mrs. Peter Kuhn of Murray received a telegram from the Navy Department Friday morning of last week announcing that their son, Orville Joseph Kuhn, first-class seaman, U. S. Navy, was missing in action.

"Details are lacking," stated the telegram, but as soon as they were available Mr. and Mrs. Kuhn would be notified.

The picture of Seaman Kuhn (above) was taken in Portuguese East Africa last March. He joined the service on September 18, 1941. The last letter his parents received from him was dated September 6 and was simply marked, "Somewhere in Port."

Mr. Kuhn, the missing boy's father, is a postal carrier in Murray and is a veteran of World War I, having served overseas with the U.S. Army in Europe.

Seaman Kuhn is the second Calloway boy reported this year by the Navy to be missing. The first was Lewis Chester Dodds, son of Mr. and Mrs. Moss Dodds. He was reported missing March 14.

John Wesley Dodds, another son of Mr. and Mrs. Dodds, left Wednesday of last week for service with the U.S. Navy.

James P. Glasgow Made Captain in U.S. Air Forces

James Prentice Glasgow, son of Mrs. J. G. Glasgow and the late J. G. Glasgow of Murray, was commissioned captain in the U. S. Army Air Forces Saturday following a six-weeks' officers training course at Miami, Fla. He will be stationed at Southern Pines, S. C., in the administrative department.

Before taking OCS training, Capt. Glasgow was doing personnel work for the state government at Frankfort, Ky.

Mr. and Mrs. C. B. Crawford of Bardwell, formerly of Murray, have received a letter from their son, Thomas P. Crawford, stating that he has been promoted from ensign to lieutenant, j. g. Thomas is a pilot at the Naval Air Station, Pearl Harbor, T. H.

FARM TRUCK REGISTRATION BEGINS TODAY

Farmers to Sign Up Oct. 22-24 for War Necessity Certficates

"Certificates of War Necessity" must be carried on all operating commercial vehicles including farm trucks after November 15, announced Q. D. Wilson, chairman of the Calloway County USDA War Board.

"Without a certificate," Mr. Wilson stated, "a truck cannot be operated lawfully and no gasoline or repair parts may be obtained."

The Certificates of War Necessity aim to confine truck operations to those which are necessary to the war effort or to the essential domestic economy, and to make the most use possible out of each vehicle. To this end, the certificates will set the maximum mileage and the minimum loads for each truck or vehicle for which a certificate is issued.

Farmers who own trucks, including "pick-ups", and truckers who haul farm products from-the-farm and supplies to-the-farm are asked to go to the Calloway County Farm Transportation Committee, October 22, 23, or 24 for assistance in filling out the applications of War Necessity Certificates.

The place for registration in the county will be the County Court House.

TYSON SOLDIER KILLED, 7 HURT IN 2 ACCIDENTS

The Paris-Murray highway was the scene of two automobile accidents early Sunday morning, in which one Camp Tyson soldier was killed outright and seven others injured, three seriously.

The first accident occurred at about 4:30 a.m., near Hazel, in which Pfc. Norman E. MacLeod, of Buffalo, N. Y., was killed and three others injured when the automobile they occupied crashed into the side of a concrete bridge.

The injured were listed as Pvt. Lee G. Lehecka, John A. Pendergast, Technician Fifth Class, and Pvt. First Class Harold Walker. The three were first carried to a hospital at Murray, and later to Camp Tyson hospital. Their injuries were believed to be serious.

Shortly after the 4:30 accident, another car occupied by four Camp Tyson soldiers crashed into a bridge near where the first accident occurred. In this car were: Pvts. H. L. Sloane, William I. Strong, Leonard F. Fitzgerald and George W. McMorrow. It was reported that their injuries were not serious. Both cars were said to have been returning to Camp Tyson from Murray when the accident occurred.

Reports that two of the injured soldiers have died is not confirmed by Camp Tyson officials. One of the injured, however, is in a critical condition they state.

W. M. Tomme, 79, Funeral Sunday

Funeral services from W. M. Tomme, 79, were held Sunday afternoon at 2 o'clock at the J. H. Churchill Funeral Home, with the Rev. S. P. Martin officiating. Burial was in the city cemetery.

Mr. Tomme died at the home of his son, J. W. Tomme, on the Hazel highway near the city limits. He had lived there during the past ten years. He had been sick about seven weeks.

Surviving are two daughters, Mrs. Carl Poole and Mrs. Arthur Green, both of Madisonville, Ky.; three sons, Wm. A., and J. W., both of Murray, and L. G., of Jamestown, Ky.; a brother, Al Tomme of Dimebox, Tex.; two sisters, Mrs. Jennie Harrison of Ft. Worth, Tex., and Mrs. John Mack of Giddins, Tex.; and eight, grandchildren.

Pallbearers at the funeral were Leon Hale, P. N. Blalock, John Grogan, R. H. Starks, Hewst Ray and W. M. Caudill.

Peoples Bank Building Badly Damaged; Many Offices Destroyed; Brown Martin Injured Fighting Fire

The loss by fire in Murray Tuesday night is estimated at $85,000.

This figure includes damage to the Peoples Savings Bank building and loss of property by fire and water.

About half of the property damaged and destroyed was covered with insurance.

Some of the offices and business houses damaged by the fire were fairly well insured; others carried little insurance, it is understood.

The only building damaged by fire was the Peoples Savings Bank Building. The entire second story of this building was completely destroyed.

The only damage done to the Peoples Savings Bank was by water. No important records were lost, the vault was not harmed in the least, and T. H. Stokes, president, stated yesterday that the bank would open for business this afternoon or tomorrow morning.

Undetermined Origin

The fire started about 7:30 Tuesday evening on the second floor of the Peoples Savings Bank building. It is thought that it started in the Red Cross sewing room.

The fire was discovered by Mrs. Dennis Futrell, who operated the La Vanite beauty shop on that floor. She was still in the shop at that hour, and upon discovering the fire ran to Dr. Berry's office, knowing that he was still at work there. Dr. Berry put in the alarm. But the fire was so far advanced that Mrs. Futrell was unable to get any of her equipment out. How the fire started no one knows.

Scene of Activity

With the alarm out, that part of Murray became one of the busiest places one ever saw, with firemen fighting fire and merchants and business men carrying out goods and equipment from the burning building and nearby buildings.

Many people who came to see the fire got busy either helping the firemen or carrying things out of buildings. A number of stores and buildings nearby were used as temporary storage places. Heavier articles were carried across the street and left on the sidewalk.

In Dr. Butterworth's office was Miss Cornelia Fox, who had undergone a tonsil operation that day. The nurse staying with her and she fled to the Keys-Houston clinic-hospital soon after the alarm sounded. Over in the clinic-hospital a daughter was born to Mr. and Mrs. Joe Wallace while the fire was burning.

Help Called

With the fire having made so much headway, a call was sent to Mayfield for help and another call to Paris, Tenn. Both fire departments responded promptly, the Mayfield force reaching Murray first. The fire engine from Paris was not used, but both fire forces helped the Murray force. Chief Hughes of Murray praised the Murray men and the men from both Mayfield and Paris for their excellent work. "There has never been better fire fighting in Murray," he said. Many people commented on the way the two visiting fire forces came to Murray so promptly and helped so much.

The fire was rather well under control by 11 P.M., but most of the firemen had to work all night.

Fireman Hurt

Brown Martin, 20, of Murray, was the only person hurt in the fire. He was a volunteer fireman, and was hit on the right side of the head by a fire hose. He is now at the Mason Memorial hospital. The extent of his injuries have not been determined. He is conscious, however.

Offices that were on the second floor of the Peoples Savings Bank building and were destroyed by the fire included R. H. Falwell, insurance; J. H. Shackelford, accountant; Dr. B. F. Berry, dentist; Wade Crawford, attorney; R. Hall Hood, attorney; Dr. Hugh McElrath, dentist; George E. Overby, attorney; J. N. Ryan; Joe Lancaster, attorney; four TVA training division offices; La Vanite beauty shop; and the Red Cross sewing room.

The people in these offices, especially near the front of the building, were able to save a few articles, such as typewriters, books, records, etc. Most of their property was lost, however.

64 Accepted in September Call to Army Given Send-Off

Pictured above are the 64 young men from Calloway county who were accepted by the Army from those included in the September call. Sixty of them left Murray October 14 for induction at Ft. Benjamin Harrison, Ind. Three more left Monday; the 64th (Prentice L. Lassiter, our county school supt.) left Tuesday. The 60 who left at noon October 14 were given a big send-off in Murray—the band was out, coffee and sandwiches were served, they all posed for the picture above.

● CHILDREN DO FINE JOB

The educational agencies of the city and county have every reason to be proud of the accomplishments of school children on Columbus Day in collecting scrap iron, steel, rubber, brass and other war materials.

Adults, of course, did a fine job, too, but they, admittedly, have to take their hats off to the kids.

It is estimated that Calloway county has passed the half-way mark in meeting our 100 pounds per person quota for iron and steel, but we are behind on getting it weighed and getting credit for it.

Be that as it may, we can rest assured that our people are doing their full part in collecting scrap and will continue their efforts as long as there is available any scrap that can be used.

The shortage of scrap steel and iron is regarded as the No. 1 military problem and those who "get in the scrap" are performing a patriotic service to the nation.

● NAVY DAY

Mayor George Hart has proclaimed next Tuesday, October 27, as Navy Day in Murray and has called upon all citizens of the community to pay due respect to this branch of our military establishment on the date set apart by the government for the purpose.

Our Navy, its air force and co-ordinated sea forces, the United States Marines, Coast Artillery and Merchant Marine has always been an important branch of the military service, but it bears an unusual responsibility in the days of global and total war.

Citizens of Murray and Calloway county will honor themselves by honoring our Navy, because it is made up of men from this county and every county in the nation.

When we read of battles in far-off places we may be inclined to be indifferent until we learn that our neighbor's boy was one of the participants, or that the son of one of our best friends has made the supreme sacrifice in line of duty.

In years gone by "Navy Day" was just another day set aside by the government, of interest only to friends and relatives of lads in the service. This year it is a combination Memorial Day and Thanksgiving, an occasion when we should pay sincere tribute to the boys in the Navy who have given their lives for us and a time when we should thank God for boys with fighting hearts who are grappling with the enemy on the Seven Seas, and the islands and continents of the world.

U. S. shipyards turned out 68 new cargo ships during August, 71 in July. U. S. war expenditures during August totaled $4,882,500,000. If the American people are asked to buy a billion dollars worth of bonds a month, they are still furnishing only about one-fifth of the money needed to operate the war.

Last year the railroads of this country moved 475,000,000,000 ton-miles of freight. That was one of the greatest annual loads in their history. This year there has been a steady demand for rail service, and every expert forecasts far greater increases in the future.

Large commercial advertisers are quitting billboard advertising in droves. The reason is that people are now traveling highways less and less. Newspapers are still by far the best place for advertisements.

Proclamation

Whereas, the United States Navy is fighting the battle for freedom in the waters of the aggressors, and

Whereas, the United States Navy, conjoined with its famed co-ordinated arm, the United States Marine Corps, has established a foothold upon soil held by the enemy, and is battling heroically to extend that advantage, and

Whereas, by national tradition the debt the people of the United States owe their Navy is usually emphasized through the setting aside of one day to acclaim that branch of the armed forces;

Therefore, I, George Hart, Mayor of the City of Murray, do hereby proclaim Tuesday, October Twenty-seventh, nineteen hundred and forty-two as "NAVY DAY" and call upon all citizens of Murray to take part in observance of this day through the many channels open to them and to join in a salute to the United States Navy and its co-ordinated sea power—the Marine Corps, Coast Guard, Naval Aviation, and the Merchant Marine.

Whereunto, I have set my hand this 22nd day of October, nineteen hundred and forty-two.

GEORGE HART, Mayor, City of Murray.

Complete, Official Story of Gasoline Rationing Is Told by Government; Registration to Begin November 9

—Attached is a complete story on the gasoline rationing program which goes into effect on November 22. It is an official OPA news release from Washington and all statements therein have been checked and double-checked for accuracy.

Under the mileage rationing program, gasoline rationing will become the means used to conserve the rubber in our stockpile and now on running wheels. Application forms for basic rations will be available throughout the country about October 27, exact dates to be announced here by the Calloway County War Price and Rationing Board.

Registration for "A" coupon books will take place in the Calloway County school houses beginning November 9 and the plan will go into effect November 22.

"While the plan in general is similar to the plan now in effect in 17 eastern states, it is meshed at every point with tire conservation, so that gasoline rationing in effect becomes mileage rationing," Mr. Henderson declared.

Keep 'Em Rolling

"Gasoline rationing now becomes an integral part of the machinery for keeping our essential rubber-borne transportation facilities running for the duration. It is a vital part of the machinery, because it will control the rate at which we are going to wear out tires.

"The plan, accordingly, is designed to reduce the national average of passenger car mileage to 5,000 miles per year, as recommended by the Baruch Committee Report. In order to achieve this average, we must remember that only essential driving can be permitted, and that the vast majority of cars will receive less than the average mileage.

Three Innovations

In adapting the gasoline rationing plan to the tire conservation program OPA has made these innovations in the plan now operating in the East:

1. Periodic tire inspections as a requirement for any renewal of rations, as well as for any application for tires or recaps.

2. Certification that the applicant for a gasoline ration owns no more than five tires per passenger vehicle.

3 Revoking of rations held by speeders.

How completely gasoline rationing has been integrated with tire conservation will become apparent to car owners as soon as they get their application forms. These will consist of a mileage ration application blank and a tire inspection report sheet.

While the mileage ration form will be similar to the one filled out recently by "A" book applicants in the eastern area, it will require a list of the serial numbers of all tires which the applicant owns.

If he lists more than five for each car he will be denied an "A" book until he can show that he has disposed of the excess tires.

The government has made arrangements with the Railway Express Agency, which has offices in nearly every city and town in the United States, to buy these surplus tires. Ceiling prices for used tire will be paid.

The tire inspection report sheet which also will carry his tire serial numbers, will be returned to the applicant for keeping a record of his periodic tire inspections. Details on the periodic tire inspection program also will be announced within a few days.

"A" BOOKS FOR ALL

All car owners when registering will receive "A" books, containing coupons for mileage at the rate of 2,880 per year. Gasoline and tire rationing regulations, OPA officials announced, will provide penalties for drivers who exceed the 35-mile-an-hour speed limit. Local boards will be authorized to reduce or revoke rations held by speeders reported to them by local and state enforcement officers.

In issuing the gasoline rations and the tire inspection sheets, this procedure will be followed—

The Calloway County War Price and Rationing Board will make copies of the application form available in such conveniently located places as service stations and garages. Autoists may pick up copies from these places on or about October 27, or as soon as the forms are available locally. In filling it out completely, an applicant's principal job will be to get the serial numbers of his tires. These numbers are imprinted in the sidewall of each tire, OPA officials warned, and are not to be confused with any raised numbers appearing on the tire.

In addition to the numbers on all tires mounted on the vehicle for which a ration is sought, all unmounted tires in the possession of the car owner are to be listed.

Register at Schools

Registration places will be set up, beginning November 9, in school houses to receive the applications, and registrars, after checking to see that the blanks are properly filled out will issue "A" ration books. Registrars at the same time will detach the tire inspection report from the application form and return it to the applicant. The registration may extend over a period of a few days, or a week, depending on local conditions.

If the applicant feels that the "A" book ration will not meet his driving needs he may obtain from the registrar an application for a supplemental ration.

Applications for supplemental rations, which may be filed anytime after the basic "A" rations are received, will get most careful scrutiny before they are issued. Rationing Boards, wherever possible, will have the counsel of transportation experts. Facilities of the local rationing boards will be supplemented by transportation committees in practically all establishments employing more than 100 persons. Car sharing, except where proved impossible, will be one of the requirements for a ration in addition to the "A" book.

An employe of an industrial establishment hiring 100 workers or more will be expected to submit his application first to a transportation committee in that shop. The committee will study the application in detail to see that the applicant has stated his mileage requirements correctly, and that he has formed a proper car sharing club to carry three or more persons to and from work in addition to the driver.

If this committee approves the application it will then go to a local rationing board. It may disallow the application or request changes before approving it. The applicant, if dissatisfied with the transportation committee's action may, of course, appeal to the rationing board.

All other applicants for supplemental rations will mail their applications, or present them in person to the local board. The board will have the assistance of a panel of transportation experts.

Car Sharing Clubs

To qualify for a supplemental ration, the applicant must show that he needs more than the 150 miles per month of occupational driving afforded by the basic "A" book. Then he must have formed a car sharing club for carrying three, of more, persons, in addition to himself, to and from work regularly. If he has not formed such a club he must prove that alternative means of transportation are inadequate, and that it is impossible for him to carry others.

In large cities where rapid transit facilities are available the applicant must establish that they are inadequate for his purpose, even though he has also formed a car club. Applications approved by the panel will be submitted to the rationing board for decision. The board will notify the applicant of its actions, asking him to call in person for his book.

Supplemental rations will be issued in the form of either a "B" or a "C" coupon book. As in the East Coast plan, an applicant can get rations for up to 470 miles a month for ordinary occupational driving through an "A" book plus a "B" book. To receive rations for more than 470 miles a month, the applicant must belong to the preferred mileage class, which includes only a few groups of drivers performing duties held essential to the war effort and the public welfare.

"Family Driving"

The "A" book alone provides gasoline for 2,880 miles a year at the rate of 15 miles to the gallon of gasoline. The holder must regard 1,800 miles of his ration as available for occupational driving. The remaining mileage, which amounts to 90 miles a month, may be reserved for necessary family driving.

Commercial vehicles, including trucks and busses, will be eligible for transport rations, which on November 22 will replace all outstanding service rations. Transport rations will be issued only to vehicles with a Certificate of War Necessity, issued by the Office of Defense Transportation, and the rations will provide gasoline only for the mileage allowed on the certificate.

OPA will furnish a short form of application for transport rations. It will simply identify the vehicle, the Certificate of War Necessity, and the gallonage authorized by the Certificate of War Necessity.

Applications for the renewal of transport rations shall be presented local rationing boards every three months and must be accompanied by the Certificate of War Necessity and the tire inspection report.

Every vehicle will get a car sticker corresponding to the type of ration issued. They will be similar to the stickers now displayed by all rationed vehicles in the East. However, the "S" stickers, now issued with service rations will be substituted by "T" stickers, representing the transport rations to be issued commercial vehicles.

So far as your sins go, your wife has them tabulated and classified in her mental diary for ready reference and instant availability.

Kidneys Must Work Well-
For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

Why not try *Doan's Pills*? You will be using a medicine recommended the country over. *Doan's* stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get *Doan's* today. Use with confidence. At all drug stores.

CHIEF OF POLICE GAINS STRENGTH ON RETONGA

He Felt So Bad He Could Hardly Stay On The Job, Says Chief Stratton. Eats Anything Now; Feels Stronger Than In A Long Time.

T. M. STRATTON

Among the thousands of grateful men and women happily praising Retonga are scores of widely known public officials. For instance, no man in Pike County, Ky., enjoys more respect and confidence than Mr. T. M. (Marvin) Stratton, Chief of Police at Pikeville, who declares:

"For several months it seemed to me that everything I ate would ferment in my stomach and give me such a full stuffy feeling from gas that I hardly felt like going at all. Everything I ate seemed to have the same effect. I felt so bad most of the time that it was an effort for me to stay on the job.

"My druggist said they have more favorable comment on Retonga than any other medicine in the store, and the first bottle I took gave me lots of relief. I have taken two bottles now and I feel fine. I eat what I want, and I feel better and stronger and more energetic than I have in a long time. I am glad to pass this good word on to others."

Chief Stratton's word is his bond with all who know him. Retonga is a purely herbal gastric tonic compounded from extracts of nature's own roots, herbs, and barks and combined with liberal amounts of Vitamin B-1. Accept no substitute. Retonga may be obtained at Wallis Drug—Adv.

Improved Uniform International **SUNDAY SCHOOL LESSON**

STEPS TOWARD SOLUTION OF THE ALCOHOL PROBLEM

LESSON TEXT—Ecclesiastes 10:17; Amos 5:21-24; Romans 14:19-21; II Corinthians 6:17; I Peter 4:1-5.

GOLDEN TEXT—Let judgment run down as waters, and righteousness as a mighty stream.—Amos 5:24.

Let's do something about it! That is the right word regarding the liquor problem now. The time is past for theorizing or deploring—we need action. The liquor interests have redoubled their efforts of late because they f. r the aroused public opinion of decent Americans. Why do not America's 65,000,000 church members say the word now, and curb this awful thing which is threatening to destroy us?

I. Right-Minded Rulers (Eccles. 10:17).

National leaders should set the example for the people—an example of sobriety, of clear-headed thought and full devotion to the cause of our country. Are they doing it? We quote: "Washington is the wettest spot in the nation. The per capita consumption of alcohol in the District of Columbia is almost twice that of the wettest state in the Union. In 1940, 4.26 gallons were consumed for every man, woman and child. Nevada, the wettest of all our states, consumed 2.65 gallons per person. There at Washington where they need the clearest heads, the steadiest nerves, and the highest morals, they are drinking the most booze" (Dr. I. M. Hargett). What about 1942? Those who have been able to observe, indicate that conditions are probably worse now!

The secretary of war and the secretary of the navy have insisted on the desirability of the sale of beer in service canteens. No wonder the **Brewers' Digest** of May, 1941, gloated: "One of the finest things that could have happened was the insistence by high ranking officers to make beer available in army camps . . . Here is a chance for the brewers to cultivate a taste for beer in millions of young men."

America had better wake up!

II. Right-Spirited People (Amos 5:21-24).

God has no pleasure in the religious observances and the pious words of a people who profess to worship, but who come with unrepentant hearts and unclean hands.

Can God bless the man (or his money) who profits either directly or indirectly from the sale of intoxicants? Amos has the answer. Let us heed his plea that righteousness should run through our national, as well as our personal lives, "as a mighty stream."

III. Right-Living Christians (Rom. 14:19-21; II Cor. 6:17; I Pet. 4:1-5).

We have already suggested that there are 65,000,000 church members in America. If they were all right-living Christians there can be little question that they would long since have eliminated the liqu business, for it is certainly most unchristian. Apparently they are either not real Christians, or they are asleep to their responsibility. Our Scriptures in this section tell us that in a true Christian life there is

1. No offense (Rom. 14:19-21). The question here is that of eating meat offered to idols, which does not concern us; but the great Christian principle here stated is of the highest importance and bears directly on our daily life.

None of us lives to himself (Rom. 14:7). Everything we do counts either for or against Christ. Such an ordinary (we regret) thing as staying away from church service speaks to the world and especially to our neighbors of our loss of interest and respect for the worship of God. Apply that principle to the use of any alcoholic beverage, and every Christian must be a total abstainer.

2. No Compromise (II. Cor. 6:17). We have come to the unscriptural and deeply dangerous viewpoint that if a Christian wants to compromise a bit with the world, the flesh and the devil, that's his "business." God does not think so. He says: "Come out from among them, and be ye separate." The weakness of the church on this matter of liquor is that too many of the 65,000,000 are guilty of the sin (and that's what it is!) of compromise.

3. No Worldliness (I Pet. 4:1-5). Here again the assumption of many is that there are two groups in the church—worldly Christians and spiritually minded ones, and that each is as good as the other. Both classes are there, no doubt about that, but God never has and never will countenance worldliness on the part of His people.

Essentially, there are just two opposing principles in this world—self-will and God's will. We are either controlled by the flesh of by the Spirit of God. Peter makes it clear that the one who claims to belong to Christ should no longer be controlled by self-will, but by God's will. Are we ready, fellow Christians, to yield to Him?

We Must Guarantee Religious Liberty!

Obituary

Ulysses Payne Webb was born February 26, 1879, and passed away to his reward at the home of his son in Orlando, Fla., on October 11, 1942; age 63 years seven months and 11 days.

He was married to Nola Orr in October, 1903. To this union were born five children, three sons and two daughters. All survive him.

He professed faith in Christ in young manhood and joined the Missionary Baptist Church at Oak Grove.

Children weep not for him as for those who have no hope, for you will have the privilege to join him through Christ for we read in God's holy word in John 3:16. That he so loved the world that he gave his only begotten son (which is Jesus Christ) that whosoever believeth on him should not perish, but have everlasting life.

He has just crossed over the tide, to join his beloved companion and your precious mother, whose spirit took its flight back to God who gave it, three years last June, there to enjoy the place that Jesus went back to Heaven to prepare. A house of many mansions, where all is peace, happiness and joy forever and forever.

He leaves to mourn his departure his five children, Mrs. Ross Williams, Louisville, Ky., Mrs. Elton Hutson, Rachel and Brent Webb, Orlando, Fla.; Sam Webb, Buchanan, Tenn.; 11 grandchildren, two brothers, Asa Webb, National City, Calif.; Huston Webb, Paris, Tenn.; several nephews and nieces, and scores of other relatives and friends who will miss him greatly.

May the Lord help you to be able to say "The Lord giveth and the Lord taketh away and blessed be the name of the Lord." Pd

Card of Thanks

Words can't express the appreciation to our friends for the many acts of kindness and sympathy shown us during the illness and death of our darling baby Wanda Joyce Farris. We thank each one for the beautiful flowers, and the doctors and nurses of the Clinic-Hospital also Dr. Jones, Bro. Hardeman and Bro. Wilson for their consoling words and the J. H. J. M. Thomas Has Sugar Cane Crop

J. M. Thomas of Hazel stopped in at the Ledger & Times office last week with a real stalk of sugar cane (not sorghum cane) which he grew on his farm. He also brought with him a jug of molasses which he made from the sugar cane he grew this year.

He has been experimenting in growing sugar cane for three years and had out one-tenth of an acre this year with fair success. He took two bundles of the stalks recently to the evaporator being operated by Fred Enoch at Midway and from those two bundles got five gallons of syrup.

He got a start from seed obtained from Pelham, Georgia, and is this year saving quite a bit of seed to plant next year. He says that so far as he knows, his is the first sugar cane ever to be raised in this county.

YOUR GUIDE FOR OVERSEAS MAIL--- REMEMBER THAT DEADLINE: NOV. 1

MISS SANTA — She chooses her soldier's gift with utility, weight in mind.

SHE LETS IT BE GAY—Bright wrappings add to the charm of gift.

LAST STEP — Properly wrapped and addressed, it'll arrive on time.

Here are the Post Office Department's recommendations for Christmas mail to service men outside the United States:

1. Parcels, letters and cards should be mailed between Oct. 1 and Nov. 1—the sooner the better, regardless of where you live or where the article is going. Delivery cannot be guaranteed if it is postmarked after Nov. 1.

2. Gift packages should be marked "Christmas Parcel."

3. Parcels should not exceed 11 pounds in weight or 18 inches in length or 42 inches in length and girth combined. If possible, hold them to six pounds and the size of a shoebox.

4. Don't send food (except hard candies) or clothing. Service men have plenty of both. Don't send anything inflammable like matches or lighter fluid. Don't send intoxicants.

5. Wrap packages substantially but fix them so they may be easily opened for censorship inspection. Be sure that smaller packages, inside the big package, are tightly packed.

6. Postage must be fully prepaid. Consult your post office for Parcel Post rates. Better insure packages.

7. Such messages as "Merry Christmas," "Do Not Open Until Christmas," etc, are permitted if they do not interfere with the address.

8. Don't send cash gifts. Use money orders. Some countries have a law against importing foreign money, but money orders may be cashed anywhere.

TVA Has Miflions of Trees for Farmers

The Forestry Department of the TVA has announced that it will have approximately eight million forest tree seedlings available for erosion control planting in the Tennessee Valley this fall and winter. This is considerably less than the production of previous years, but curtailment is made necessary by the loss of CCC camps and the greater emphasis being placed on activities which are more directly concerned with winning the war.

As in the past, applications for TVA trees will be made through the County Agricultural Agent. He has a supply of application forms and will be glad to discuss tree planting with anyone who is interested. Foresters will be available to examine the planting site and demonstrate the proper planting methods.

No direct charge is made for the young trees; however, the farmer is expected to prepare the soil, plant the trees carefully and protect them from fire and grazing.

Keys To Victory

"Keys to Victory" is the slogan adopted by the wholesale paper industry in the drive for every old useless key.

They are called "keys to victory" because some keys, the flat Yale type, are made almost exclusively of nickle silver, a metal so badly needed by the government that army officers shoulder bars are now made of sterling silver to save this priceless metal for other purposes.

The Ledger and Times is the local repository for old, discarded keys. Won't you please look through your dresser or desk drawers and gather up all your old useless keys and bring them to our office.

The wholesale paper houses sell all old keys and donate 100% of the proceeds to U.S.O.

People Here Urged to Save Their Tin Cans

John T. Cochran, county salvage chairman, this week received a communication from J. J. Rice, executive salvage chairman for Kentucky, urging all people in Calloway county to save their empty tin cans for Victory. He stated:

"Our war effort needs every used tin can in this country—from now until the war is over. Not one can should be thrown away."

Collections will not start at once, but every housewife should begin saving empty cans for the collector when he does call.

The method for saving the cans is as follows: Wash the cans thoroughly, remove labels, cut out both ends, push the ends into the cans, and then step on the can to flatten it. The ends should not be cut off entirely, but should be left hanging. Of course, no harm is done if they are cut off entirely.

Rusty cans cannot be used, nor can dirty ones. The empty cans should be kept in a dry place and be kept clean. Cans that are not properly prepared will not be accepted.

"Every family should have a large box or barrel full of properly prepared tin cans by the time collection starts," said Mr. Rice.

One-Sixth of All Teachers in South Have Left Their Jobs

One-sixth of all the teachers in schools of the Southern States have left teaching entirely during the past year. The loss of many of the South's best teachers is a direct result of the impact of the war effort on the schools. The fact that teachers' salaries in most States have increased only slightly while the cost of living and wages in industries and work connected with the war effort have risen sharply has caused a far larger percentage of teachers than normal to seek other means of serving, their country and earning a livelihood. These conclusions are the result of a study made by a committee representing the Southern States Work-Conference on School Administrative Problems and are incorporated in the bulletin entitled: **Implications of the War Effort for the Schools,** which has just been published.

Miss Dorothea Miller Is Wed To William H. Grotheer of Clovis, N. Mex.

The wedding of Miss Dorothea Miller, daughter of Mrs. Will C. Miller, and Mr. William H. Grotheer of Clovis, N. Mex., son of Mrs. Nora E. Grotheer, Murray, was beautifully solemnized in a candle-light ceremony October 17, at 7:30 p.m. in the home of the bride's mother at Hazel.

Presiding Elder C. V. Anderson, Nashville, Tenn., of the Kentucky-Tennessee Conference of Seventh Day Adventists, officiated at the impressive marriage ceremony.

The improvised altar of white was banked with ferns and baskets of white chrysanthemums and on either side burned altar candles.

The bride lovely in a dusty two piece model of timber brown crepe sorella, trimmed in cascading white and gold lace was given in marriage by her brother E. Dallas Miller. She carried a small ivory Bible and wore a corsage of Talisman roses and bouvardia.

Mrs. Paul Hendrix, matron of honor and sister of the bride was attired in sheer wool faille. Her corsage was of sunburst roses and baby's breath.

Mr. Paul Hendrix served as best man.

The bride, a talented musician, attended college at Murray and Union College, Lincoln, Nebr.

Mr. Grotheer formerly of Boone, Iowa, received his degree of Bachelor of Theology at Union College and is now an interne minister in the Texico Conference with headquarters at Clovis, New Mex.

Immediately following the ceremony the young couple left for a few days honeymoon. At present they will make their home in Big Springs, Texas.

Miss Johnson and Mr. Douglas Are Wed

An announcement of interest to a wide circle of friends is that of the marriage of Miss Georgia Johnson, daughter of Mr. and Mrs. Dudley Johnson, and Harry Douglas, son of Mr. and Mrs. E. L. Douglas of Lynn Grove. The simple ring ceremony was solemnized on Thursday evening, October 15, at six o'clock at the home of the officiating minister, the Rev. T. H. Mullins, Jr.

The bride wore a frock of blue cashmere wool with tobacco brown accessories and a corsage of white carnations and baby breath. She was attended by her sister, Miss Mary Frances Johnson, as maid of honor. Miss Johnson was attired in a black velveteen frock and wore a corsage of white carnations.

Herbert Lax attended the groom as best man. Other attendants at the wedding were Mr. and Mrs. Norman Walford, Miss Martha Nell Lassiter and Kenneth Keane.

Mrs. Douglas is a graduate of Murray High School and attended Murray State College. Mr. Douglas was also a student at Murray State before going to Newark, N. J. where he is employed in a defense plant.

Mr. and Mrs. Douglas left immediately after the ceremony for Newark where they will make their home.

Miss Lyda Virginia Claybrook, daughter of Rev. and Mrs. Lyn Claybrook of Dresden, Tenn., will be married in First Baptist Church of Dresden on Friday, October 23, at 8 o'clock in the evening to Mr. Daniel Harrison of Union City and Knoxville, Tenn. Miss Claybrook is a granddaughter of Dr. J. E. Skinner, former pastor of First Baptist Church, Murray, who will perform the ceremony.

Woman's Club To Conduct War Bond Essay Contest

With the goal, "Every member a regular purchaser of War Stamps and Bonds", the Murray Woman's Club has announced a savings idea contest to its members.

This contest is to be in the form of a theme, title of which is "The Best Savings Idea of the Month." The idea, to be written in 200 words or less, must be a true one in which the amount of "money saved was used to buy stamps or bonds. The contest started at the regular October business meeting and will close at midnight, November 12, the day of the November business meeting.

An impartial judge not connected with the Woman's Club will select five ideas from the entries. To each of these five contestants will be awarded $1.00 in War Savings Stamps and their themes will be used for further publicity.

All entries are to be mailed (with writer's name on a separate sheet of paper) to Mrs. L. J. Hortin, chairman of the War Bond Drive of the Murray Woman's Club.

Music Club Hears Program By Paris Artists

The Music Club met Tuesday evening at the club house and had as guests members of other departments of the Woman's Club. Mrs. Gingles Wallis, chairman of the Music Club, presided and extended welcome.

Guest artists from Paris, Tenn. presented a beautiful program which consisted of two piano numbers, vocal duets and solos. Those taking part on the program were Mrs. F. M. Allen and Miss Elizabeth Porter, pianists, Miss Margaret Porter, soprano, and Franklin Goldston, baritone. They were generous with their encores, and were enthusiastically received by an appreciative audience.

Following the program tea was served from a beautifully appointed table. The centerpiece was a crystal cornucopia from which radiated American Beauty roses and white tapers burning in crystal holders. Mrs. George Holt presided at the punch bowl.

Murray Students Have Roles in 'Lady Be Good'

The 3-act comedy, "Lady Be Good," which will be given Thursday, November 5 in College Auditorium, includes four Murray students.

The story centers around Patience, the girl who has so much temper. She is constantly giving a portion of it to every one who comes near her. This part is played by Anne Berry from Henderson. Her father, who has no right to scold (as it is easy to see where she gets her temper) is always in hot water with all of his business associates because of her. This role is played by Donald Stroud from Greenfield, Tenn. Even the boy friend, George, played by Curtis Hughes, Mayfield, and the entire household composed of Robert Shanklin, Elkton, Jane Corbin, Jane Jones and Hilda Farley all from Murray, are made to suffer from the scenes thrown by this "firecracker."

However, when she takes it upon herself to hire a new butler and then marry him, her troubles start.

Jean Ryan, Murray, plays the victim. From here on the comedy becomes a riot, and mixed in the riot are her poor Aunt Flavia, Betty de Potts, Friendship, Tenn.; her friend Dawn, Virginia Swyers, Pittsburgh, Pa., and the telephone man, James Fletcher, Gideon, Mo.

"Lady Be Good" is funny from the curtain at 8:14 to the final scene two hours later.

Mary Lou Hutchens Dies in Detroit

The body of Mary Lou, 9-year-old daughter of Johnnie Hutchens, who died in Detroit, Mich., Friday night, was brought to Hazel Sunday for burial, in the city cemetery.

Funeral services were held at the Hazel Methodist church with Bro. A. C. Moore in charge.

She is survived by her father, Johnnie Hutchens, her mother, Mrs. Bessie Cantrell of St. Louis and an aunt, Mrs. Clayce Hutchens with whom she made her home.

Mrs. Shoemaker Claimed by Death

Mrs. Callie Shoemaker, aged 76, died last night (Wednesday) at 9 o'clock at her home near New Concord after an illness of two weeks.

Survivors include three daughters, Mrs. Alice Sledd and Mrs. Katie Miller of the county; Mrs. Hoyt Miller, Dover, Tenn.; two stepdaughters, Mrs. Blanch Kingins and Mrs. Effie Kingins, both of the county; 5 sons, Finis, Edwin, George, Ellis and Douglas, and two stepsons, Scott and Willie; 31 grandchildren, and 28 great-grandchildren.

She was a member of the New Providence Methodist church.

Funeral arrangements have not yet been made.

Lynn Grove P-TA Horse Show Is Success

The Horse Show sponsored by the Parent-Teacher Association at Lynn Grove recently was a splendid success. The proceeds will be used for the cafeteria.

A First Aid course was arranged by the organization. Twenty-four ladies of the community have completed it. Mrs. George Baker very ably instructed the course.

The last P-TA meeting was held October 9 with Mrs. Carl Lockhart in charge. A short business session ensued.

Plans were made for the members to spend a portion of each meeting in sewing for the Red Cross, omitting refreshments. The next session will be November 12.

Home Department Meets At Club House

The Home Department of the Murray Woman's Club met at the club house Thursday afternoon, October 15. Hostesses were Mrs. Wm. Purdom, Mrs. Ed Farmer, Mrs. G. B. Scott, Mrs. J. D. Sexton and Mrs. Autrey Farmer.

Mrs. A. C. LaFollette, chairman, presided over the short business session. Mrs. George Hart, president of the Woman's Club, was a guest and stressed the importance of buying war savings bonds, and urged the members to enter the contest for the best savings idea which would enable them to buy bonds.

The Rev. T. H. Mullins, Jr. was guest speaker, and gave a most interesting discussion on "Religion and Democracy." Miss Marian Fletcher, accompanied by Miss Jean Nall at the piano, entertained with vocal solos. Mrs. Max Carman gave the "Consumer's Guide." Group singing at the beginning and the close of the program was led by Mrs. Roy Farmer and Mrs. G. C. Ashcraft.

During the social hour a pretty party plate was served. Miniature corsages were presented the guests as favors.

Guns ... Planes ... Tanks ...

Quick!

Only with more guns, more ships, more planes, more tanks can Victory be ours.

The Solomon Islands will remain in American hands during the crucial battle now going on there if our boys have enough in guns and planes and ships and other equipment.

That puts it squarely up to us back here on the home front. Are WE going to put up the money to buy what they must have for Victory?

Every one of our boys in uniform need equipment — every soldier, sailor and marine. What they have to say, any one of them, is aptly expressed below:

"Listen, Bud—glad to see you getting along. Sure, I know you've had to tighten your belt—for a long time you took it on the chin, and now you're getting good pay.

"That's O.K. with us soldiers. You've got your part to play, just as we have ours. You've gat to make the stuff—and we've got to deliver it.

"But just a second . . . maybe it's none of our business, but, say, are you throwing your money around?

"Here's something straight from the shoulder. You see, we soldiers want to feel that we're not fighting alone—that you're behind us — every one of you — man, woman and youngster.

"How? Listen . . .

"How many WAR BONDS are you buying? Are you in on the Payroll Saving Plan? If you're not, you'll get in—won't you? This is your war—isn't it? We're fighting for you, aren't we?

"So look . . .

"When they come around to you, at your job, and ask you to put aside TEN PERCENT of your earnings every payday —a dime from every dollar—you'll do it, won't you—for us?

"You'll get a WAR BOND every time you've saved $18.75—and that Bond will build up, year by year, to $25 in 10 years.

"So you're helping us and protecting yourself at the same time by your savings. Can't beat that, can you?

"We've got to have guns and planes, and tanks, and ships and bullets — and you've got to pay for them—from your own, voluntary WAR BOND savings.

"Invest a dime from every dollar in us — and keep it up, week after week, month after month. Then count on us to blast hell out of the Japs, the Huns, and their whole bloodthirsty gang.

"O.K., Bud—now let's go!"

FORT BENJAMIN HARRISON, Ind.—Pvt. C. R. Holland, husband of Mrs. Mildred Holland of Murray, has been transferred to Fairfield, O., for basic training.

Scott McNabb, son of Mr. and Mrs. Leland McNabb of Hazel has completed his four and a half months training as an airplane mechanic in the Air Corps Training Detachment, Roosevelt Field, Mineola Long Island, N. Y.

He received his diploma October 9 and is now stationed at Camp Sedalia, Warrensburg, Mo., as an airplane mechanic.

It is hoped Mr. McNabb will be home within the next few weeks on his first furlough.

Mr. and Mrs. John Hunter of Murray Route 1 have received a card announcing the safe arrival of their son Pvt. Garland W. Hunter at "a new destination."

Pvt. Hunter enlisted in the army March 2, 1942, at Ft. Logan, Colo. He received basic training at Camp Haan, Calif., then was transferred to Ft. Lewis, Wash., where he was mentioned as an outstanding man in his company.

Miss Opal McMillen received a letter last week from Pvt. Fonzo Farmer stating that he was in Australia. He sailed in February and this is the first time that he has been able to tell where located. He is the son of Mr. and Mrs. Herbert Farmer of this city.

Joe Paschall at Maxwell Field

MAXWELL FIELD, Ala., Oct. 13—Joe D. Paschall, son of Mr. and Mrs. C. D. Paschall of Hazel, Ky., is now enrolled as an aviation Cadet in the huge Army Air Forces Pre-Flight School for Pilots at Maxwell Field, located on the outskirts of Montgomery, capital of Alabama.

At Maxwell Field Cadet Paschall will receive nine weeks of intensive military, physical and academic training preparatory to beginning his actual flight instruction at one of the many primary flying schools located in the Southeast Army Air Forces Center.

Cadet Paschall is a graduate of Hazel High School and received his BS degree at Murray State College in 1942. He completed a course in civilian pilot training and had private pilot's license when he was accepted as an Aviation Cadet in the Army Air Forces, at Lexington, Ky. Cadet Paschall began his pre-flight course at Maxwell Field on September 20.

Stamp No. 9 Becomes Valid on November 1

Sugar rationing stamp No. 9, which will be valid on November 1 will cover a six-week period and allow three pounds per consumer, John T. Gray, State Office of Price Administration Director, announced this week.

The new stamp, which expires on December 15, makes no change in the basic allowance per person, continuing the one half pound per week basis, Mr. Gray pointed out.

The new allotment for industrial users has been set at 70 per cent of 1941 consumption, the director said, while institutional users will have an allotment of 60 per cent of 1941 consumption.

Farm Bureau Drive Progressing Nicely

The Calloway Farm Bureau's annual campaign for new members is progressing nicely, it was stated yesterday. The goal is at least 125 members before the end of November.

Notice!

As a step toward cooperation in our national War Effort, and in cooperation with President Roosevelt and Governor Keen Johnson, both of whom have declared a motor car speed in excess of 35 miles per hour to be inimical to the national welfare, I wish to notify the general public that stern endeavor will be made by the Murray Police Department to enforce the speed laws of the City, which are 25 miles per hour in the residential section and 15 miles per hour in the business section.

Practically all our citizens have cut down their speeds voluntarily, but a few persist in burning up the streets. This is fair warning that these offenders will be drastically dealt with.

CHIEF OF POLICE,
CITY OF MURRAY

FIRE LOSS

(Continued from Page 1)

garments, consisting chiefly of woolen bathrobes, had luckily been shipped last Saturday by Mrs. Foreman Graham, sewing chairman, from the Red Cross sewing room.

Red Cross losses were estimated, however, at approximately $1000, and included 3 sewing machines, cutting tables, 500 yards of material for operating gowns, several bolts of material for ladies gowns and Nurses Aide uniforms, a dozen boy's bathrobes, and some baby quilts, layettes, children's dresses, wristlets, and baby rompers.

Much of the stock in the next building on Fifth street in the Peoples Grocery, was damaged by water. The stock has been moved to the U-Tote-Em grocery on Main street, and Lawton Alexander and Grant Stiles and the other people who worked in the Peoples Grocery are at the U-Tote-Em where they will work until the building housing the Peoples Grocery can be put back into shape. Then the stock will be moved back and the grocery again opened.

No damage was done to Dr. A. D. Butterworth's office nor to the office of Dr. O. C. Wells. About $2,000 worth of merchandise of Purdom Hardware was damaged by water. It was stored in the basement under buildings near the fire. Wells Purdom has roughly estimated his loss as being between $1,000 and $1400.

Much of the equipment in Louise Turner's beauty shop on Main was damaged. All the stock of goods in the Murray Garment Co. store was lost. The personnel, land acquisition and medical division offices of the TVA below Murray Garment Co. were badly damaged. These offices were housed in the red brick building adjoining the Peoples Savings Bank building and is considered a part of the Peoples Savings Bank building. This building was also badly damaged.

The medical division, TVA, moved yesterday into the basement of the clinic-hospital temporarily. Salvaged equipment of all offices damaged or destroyed by the fire were being stored yesterday, while plans were made for finding new locations.

J. N. Ryan moved his office (he saved only a few small tables from his office, and lost all his records and other equipment) into the offices above Graham & Jackson in the rooms that formerly housed the Mid-South Chain Stores Council, and began carrying on his business as before. Yesterday, the day following the fire, he shipped out 70 dogs.

The Peoples Savings Bank building, although in excellent condition before the fire, is one of Murray's oldest and best known buildings. It was erected in 1889, according to reliable reports, and was first used as a hotel. It has, of course, been modernized and improved in the years since it was built.

Not long after the fire broke out Tuesday evening, most people who saw it feared that it would make a clean sweep of the entire block. One favorable factor in controlling the fire was that there was no strong wind blowing. The fire was not very spectacular, it burned under the roof for the most part and thus did not shoot skyward.
