47 Road Maintenance Projects, Four Roads To Be Constructed In County This Year—Watkins

State Aid Totals \$30,506 For 1947, Department Says

ROADS ANNOUNCED

Frankfort, Kentucky, April 24—State aid agreements for county road work for 1947 between the Fulton fiscal court and the Kentucky Department of Highways have been completed and work orders are being issued, J. Stephen Watkins, commissioner, said today. Fulton's portion of the \$30,506 for 1947 will be divided \$25,366.74 for maintenance of existing county roads, while \$5,139.86 will be used on new construction.

"There are 47 maintenance projects and four roads are set up for construction," George H. Halley, director of the Division of Rural Highways, said. "Funds will be used as far as they will go. Roads have been selected by the fiscal court for state aid and the state has agreed to the list as submitted."

"Splendid cooperation has been extended by Fulton county officials in working out the 1947 program," Mr. Watkins said today. "We feel that our rural county road program is rapidly going forward and that the time is not far distant when all-weather roads can be built to reach the farms of our state. With cooperation and patience, the future will bring the roads we all want."

Roads included for aid in maintenance are:

Crutcher road, from KY-94 near Hickman, to the south bank of Bayou de Chien creek, 1.6 miles.

Mt. Carmel-Crutchfield road, from KY-94, 0.7 mile west of US-41, to a point 0.2 mile west of Crutchfield, 2.8 miles.

Veach road, from the Hampton road, to junction of a county road at Hickman county line, 1.3 miles.

Terry road, from Fulton, to the junction of US-45, 0.7 mile of Fulton, 0.8 mile.

Elbo school house road, from the No. 9 Lake road, to the Mississippi levee, 1.3 miles.

Lane road, from KY-313, (Continued on Page Four)

Kentucky Today

Ashland—The Kentucky Methodist Women's Society for Christian Service yesterday elected Mrs. John B. Dupuy, Pikeville, vice-president to succeed Mrs. Ralph Wood, Hazard, who resigned. It was voted by the society to undertake an internal reorganization, with separate officers in seven districts.

Lexington—Five Quonset huts will be transferred to the University of Kentucky before May 19 by the Federal Public Housing Authority, it was announced yesterday by Chief Engineer E. B. Harris.

Pineville—Names of four delegates to the convention of National Rivers and Harbors Congress at Washington May 2-3 were announced yesterday by the Pineville unit of the Upper Cumberland Flood Control Association.

Hopkinsville—Three Kentucky 31 fescue day demonstrations today in Christian county are expected to draw between 2,000 and 3,000 persons.

Lexington—The vocal-piano division of the Kentucky high school music festival is scheduled to open here today and continue through Saturday. At the same time, a festival will be held at Bowling Green for Western Kentucky students who cannot come to Lexington. Instrumental competition will be held here May 8-10.

Georgetown—Three temporary buildings obtained from the Civil Works Administration will be moved here this week from Bowman Field for use by Georgetown College. The buildings will be used to house a lecture hall, a classroom and two biology laboratories.

Versailles—Woodford County Coroner Dr. Olson Parrott yesterday reported James Killian was electrocuted near here while helping to build an extension to a rural electric line. Killian, 28, was a resident of Lexington.

S. Fulton Juniors To Present Play Tomorrow Night

The Junior class of South Fulton high school will present a three-act comedy at the South Fulton school auditorium tomorrow night at 8 o'clock.

The play is entitled "Let Me Grow Up" and features the following students: Betty Jo Hudson, Maxine Stoker, Arvin Taylor, Jean Cashion, Adell Henderson, Beasts Bizzle, Neva Jones, Raymond Wilson and Odie Blakemore.

The play is directed by Miss Allie Williams. Admission will be 30 cents and 20 cents at the door.

Big 4 To Hear Molotov Today

Soviet Minister Thought Prepared to Blame U. S. For Conference Failure

Moscow, April 24—(AP)—Boroged in disagreement, the foreign ministers council met today to hear a climatic speech by Soviet Foreign Minister V. M. Molotov in reply to Secretary of State George C. Marshall's accusations yesterday blaming Russia for failure of this Moscow conference.

Western diplomats generally predicted that Molotov would loose an attack on the United States and probably seek to fix the blame for conference failures on the policies of the United States.

All signs indicated that this would be the last day of the Big Four meeting, which began on March 10.

On the day's agenda were another discussion of Austrian problems, an American proposal to limit occupation forces in Europe and decision on the date and place of the next Big Four conference.

The deputy foreign ministers were scheduled to talk again about Austria, also but some officials said this was merely "time wasting."

Marshall was reported to be planning a formal radio report to the American people concerning the meeting as soon as he returns home. His speech, informants said, probably would review his policies here, assess the failures and the few accomplishments listed and outline the course for the future, particularly as it concerns U. S.-Soviet relations.

At last night's session, at which Marshall declared that if an Austrian peace treaty remains uncompleted in September the United States would favor tossing the question into the lap of the United Nations, the ministers finally disposed of many long-debated issues blocking agreement on a peace treaty for Germany.

Kentucky Third In Vet Placement

Kentucky ranked third in the nation in the latest national comparison of placements of disabled veterans with placements of all veterans, it was announced today by B. J. Madden, Veterans Employment representative for Kentucky.

Of all veterans placed on non-agricultural jobs through the facilities of the Kentucky State Employment Service in February 78.1 per cent were disabled veterans. In the January study Kentucky was in fifth place.

Total veteran placements constituted 59.1 per cent of all male non-agricultural placements in the state during the period, Mr. Madden stated. In the national comparison, Kentucky ranked fourteenth in percentage of veteran placements.

Taylor, a Lewisport businessman, was named state fair manager by the board April 14. Robertson, a member of the board at the time, voted against Taylor and resigned from the board after Taylor's election.

Presbyterians To Remove Service Flag Sunday

In a special service to be held Sunday evening, April 27, at 7 o'clock, at the Cumberland Presbyterian church, the service flag honoring the young men of the church who served in World War II will be removed.

The program for the occasion is planned to be brief and impressive, according to the Rev. W. R. Reid, pastor. The congregation will first join in prayer and the singing of hymns. Appropriate scripture, selected by Mrs. W. R. Reid, will voice the thanksgiving of the congregation, and a special number will be sung by the choir. Claude Williams, Sunday school superintendent, will give a short talk on the purpose of the flag, after which Mrs. Lawrence will remove the stars from the flag.

According to the records of the church, 25 young men of this community went forth from the church to serve in World War II. Of these, 24 have returned, or are still serving in the armed forces, only one having lost his life in the service of his country. The one gold star on the flag honors Wyvon Leon Myrick. The church wishes to pay special homage to his memory Sunday.

The others listed on the church records are: Melvin E. Mullins, Robert Glenn McNally, Charles Williams, Payne Matthews, Robert W. Snow, W. M. McAnally, Bobby King, Bruce Buchanan, Robert Bowen, Heywood Coleman, Virgil King, Jr., Morgan Wallace, Seldon King, Jack E. Snow, Robert Vancil, Charles Merville Mullins, Tommy Forehand, William Humphries, Felix Gossium, Jr., James Yates, Jerry Mullins, Nathan Yates, Billie Ayers and William R. Reid.

UMW Gets \$2,800,000 Refund On Contempt Of Court Fine; Lewis Gives NFW \$100,000

Washington, April 24—(AP)—John L. Lewis today got back \$2,800,000 of a \$3,500,000 contempt fine imposed against his United Mine Workers and promptly contributed \$100,000 to striking telephone workers.

Less than an hour after Federal District Judge T. Alan Goldsborough refunded the \$2,800,000 UMW officials arrived at telephone strike headquarters with a check for the \$100,000 to help support the 18-day old cross-country tieup.

"We are authorized by the president," Lewis told the telephone workers, upon unanimous authorization of the international executive board, this check," John T. Jones, a UMW board member, told C. W. Werkauf, strike director for the National Federation of Telephone Workers.

"With your help I know we will be able to carry the fight through to a successful conclusion," Werkauf said the money will be used to prosecute the strike and to pay for fuel, food, rent, and doctor bills for needy strikers.

In refunding the \$2,800,000 to the UMW, Goldsborough added a warning that a preliminary injunction prohibiting the miners from striking against the corporation's answer. The union originally demanded a boost of 23 1-2 cents in hour.

When the talks resumed today, the stumbling block was a disputed 3 1-2 cents in General Motors' offer, over which UAW President Walter Reuther said the principals were "hopelessly deadlocked."

The corporation has agreed to an 11 1-2 cent increase plus 1-2 cents in the form of paid holidays. The union insisted on the flat 15 cents "with no strings attached."

Steel Wage Pact Signed

The government today went after a new formula for settling the 18-day-old telephone strike and reports that long distance lines have been sabotaged in at least 11 states.

Striking National Federation

Leaders of management and labor signed their agreement calling for a \$1.00 a day wage raise for employees of U. S. Steel subsidiaries, in Pittsburgh. Left to right: Charles R. Cox, president of Carnegie-Illinois Steel Corp., and Philip Murray, CIO president. Standing is John A. Stephens, U. S. Steel vice-president.

INCREASES CORN YIELD
Eastman Policy of Russell county harvested 600 bushels of corn on six acres last year, or more than 15 acres yielded five years ago.

Fulton Soldier Serving in Japan With 11th Airborne

WITH THE 11TH AIRBORNE DIVISION IN JAPAN (Delayed)
Pfc. William M. Johnson is now serving with the occupational troops at Camp Schimmelpfennig, near Sendai, Japan. He has been assigned to Hq. & Hq. Co. 188th Pch. Inf. Regt., 11th Airborne Division, in capacity of a cook.

Enlisting in the Army at Camp Atterbury, Ind., he proceeded to Fort McClellan, Ala., where he underwent basic training. Upon the completion of basic he left the States for Japan, where he signed up for the 11th Airborne Division after his arrival at the 6th Repl. Dep. He took his jump school training at Yonote, Japan, where he qualified as a parachutist Nov. 14, 1946.

Pfc. Johnson is the son of Mr. and Mrs. Wyatt Johnson, of Fulton.

County Dairymen To Meet April 30 At Cayce School

A meeting of Fulton county dairymen will be held at the Cayce high school Wednesday night, April 30, at 7:30 to discuss the organization of an artificial insemination association at Clinton to serve Fulton county farmers within a 20 mile radius of Clinton.

All farmers who have dairy cows are urged to attend this meeting to listen to the discussion and to ask questions.

Wallace Flays Nation Again

Deplores Imperialism Of U. S. In Getting Oil Without Going thru U. N.

Paris, April 24—(AP)—Henry A. Wallace said today the United States should obtain Saudi Arabian oil through the United Nations, "so it would not seem so utterly damn imperialistic."

"There is no sense in being hypocritical about it," the former American vice president told the Anglo-American Press Association here. "We are in the Middle East to get the oil of Saudi Arabia."

"We are going to get that oil, and I am a good enough American to want to see the United States get the oil. But I would like to use the United Nations."

Wallace's tour of Europe is nearly finished. He scheduled a busy round of conferences today with political groups, and tonight was to make a major speech on France at the Sorbonne.

Wallace said the United States should observe Article IV of the U. N. charter, which provides that the world's natural resources should be available to all nations on a "fair and equitable basis."

"I don't like the United States being branded as the world's greatest grabber," Wallace told approximately 200 newsmen. "As the United States has the best oil men in the world, it is right that we should develop these resources in the Middle East. But it seems to me that the product of their work should be made available on a priority basis of need and usability."

Berea Business Manager Named By Southern Body

Gulport, Miss., April 24—(AP)—George R. Kavanaugh of Berea College, Ky., has been elected president of the Southern Association of College and University Business Officers at the annual meeting here.

Congress, White House Wonder How A Bill Can Be "Unvetoed"

Washington, April 24—(AP)—Congress and the White House had an odd little puzzle to untangle today—how to "unveto" a bill.

The unusual twist came about through President Truman's veto-labeled a "mistake" in some quarters of a bill designed to permit Burton K. Wheeler to serve as special counsel for the Senate War Investigating Committee and still continue his law practice here.

Congressional parliamentarians said the veto couldn't be recalled—that the only way to undo it would be for Congress to override the veto or pass new legislation.

Senator Brewster (R-ME) said the basis of the veto "was clearly an erroneous impression of Mr. Truman's legal adviser" and that after talking with the White House "I think the White House is in accord."

Wheeler, former Democratic senator from Montana and a friend of President Truman, told a reporter there must have been a "mixup" since Mr. Truman had signed identical legislation previously.

The President's veto message said the bill might be interpreted as giving Wheeler authority to initiate civil or criminal proceedings.

Fight Fund Slash
A floor fight shaped up in the House over the Appropriations Committee recommendation for a 47 percent slash in Interior Department funds.

Western Republicans are unhappy over a recommended \$83,234,600 slash in Reclamation Bureau funds and some talked of joining Democrats in an effort to override the GOP leadership and restore some of the money.

Chairman Taber (R-NY) of the committee indicated he would oppose all amendments. The committee recommended \$156,538,513 for the interior department. President Truman's budget suggested \$295,420,420.

For Tax Reduction
After two days of hearings devoted to criticism—by government officials—of the House-approved income tax cut bill, the Senate Finance Committee let advocates of tax reduction have their say today.

Among the witnesses is John W. Hanes, former Undersecretary of the Treasury, who startled capital tax experts April 9 by predicting a federal surplus of three to four billion dollars by June 30. In a letter to the committee at that time he urged approval of the House bill which would cut income taxes from 10 percent on high incomes to 30 percent on those in lower brackets.

The Senate will resume debate tomorrow on its labor committee bill, with indications the Senators are split into three groups—those wanting more teeth in the measure, those satisfied with the bill as it stands, and those who think it goes too far in restricting union activity. Three of the latter group, Senators Elbert Thomas (D-Utah), Pepper (D-Fla.) and Murray (D-Mont.) issued a minority committee report saying that while the bill is "mild" compared with the House-approved measure, it is "harsh" and would create "hazardous and conflict."

Army Engineers Make Tour Of Harris Fork Wednesday; Some See Chance Of U. S. Aid

HEADS KENTUCKIANS

HENRY C. ILER

The Kentucky Society of Washington closed its 32nd successful season at its final meeting at the Shoreham Hotel in Washington, D. C.

Henry C. Iler, of Owensboro, was elected president for the ensuing year. He is chairman of the Employees Compensation Appeals Board, Federal Security Agency.

South Trimble, Jr., chairman of the Inland Waterways Commission, was elected vice-president.

Prosecution Calls First Witnesses Against A. J. May

Washington, April 24—(AP)—The Justice department calls its first witnesses today in the case of Andrew J. May, wartime chairman of the House Military Committee, and three others accused of defrauding the government.

Sawyer Smith, principal attorney for the 71-year-old former Democratic Congressman from Kentucky, said he would complete his opening statement to the jury soon after reconvening of Federal Court.

This paved the way for the government to start presenting evidence in support of its charges that May, together with Murray and Henry Garson, wartime munitions manufacturers, and Joseph F. Freeman, Washington agent for the Garson brothers, conspired to use May's influence to obtain contracts and wangle army promotions.

James Warren, when asked about the status of the project as it pertains to the area within Fulton and South Fulton, likewise was enthusiastic.

He stated that all necessary right-of-way through the two cities had been secured with the exception of three pieces of property. Procurement of these three, he added, would be a matter of only a few days.

Warren also made known that the state of Tennessee last week made available to the Kentucky Department of Highways \$7,000 on call for Tennessee's part of the project expenses. The Kentucky Department of Highways has been designated by the parties involved to act as their agent in all matters pertaining to the advertising and letting of contracts for the work. Warren said that these contracts should be let within a short time.

He also emphasized that this project, as it has to do with the creek as it passes through Fulton and South Fulton, is separate and distinct from the control work which may be done by the Army engineers on the lower portions of Harris Fork.

Ex-Soldiers Now Offered Old Rank

Staff Sergeant Jeff Garrott, Mayfield army recruiting officer who was in Fulton yesterday, announces that men now may re-enter the army in their former enlisted grades. Those interested in a career in the peacetime army may contact him or Sgt. George Carden, also of the Mayfield recruiting office.

The two sergeants are in Fulton at the post office each Friday.

LaGrange Convict Back Behind Bars After Escape

Frankfort, Ky., April 24—(AP)—The State Highway Patrol reported today that Marvin Larson, 21, who escaped from LaGrange reformatory had been captured. He was serving a three years grand larceny sentence.

Mustn't See It!

We shed a crocodile tear for unfortunate Memphians who must travel outside their city if they see the new super-duper western, "Duel in the Sun," which cost David O. Selznick and his associates \$6,000,000.

The movie was removed from the supposedly sensitive sight of Memphis residents because it featured murders, which occur with clocklike regularity in these United States (sometimes, we hear, even in Tennessee); train wrecks, which are regrettable but very much in evidence; and love-making, of which offense the censors probably have been guilty at one time or another.

The principal effect of the ban will be to whet the curiosity of Memphians to razor sharpness. Many will go to another, less censored, city to see what all the excitement was about. And all because they had been told the movie was something they shouldn't, and couldn't, see.

If the picture is of as poor quality as the censors believe, it will suffer at the box office after the first theater-goers see it and tell their friends that it has no merit. Howard Hughes got thousands of dollars worth of free publicity for his widely-discussed turkey, "The Outlaw," which similarly offended the censors. Selznick, if his business acumen is all that it should be, won't fall to cash in on the censors' findings in the same manner.

Wise Choices

The Young Men's Business Club acted wisely Tuesday night in re-electing its president and secretary for an additional six-months tenure of office. Probably each would have been elected by acclamation if he had allowed the club to vote on such a motion.

These men, the officers and directors, and the entire membership have as one of their major goals the establishment of new industry in Fulton. An industrial survey was undertaken, and the results have been put out to interested entrepreneurs. The club objective will be reached, we feel sure, and we commend the club and its officers on its industrial program, and other civic betterment activities.

With The Fourth Estate

Held The Light

The Rowan County News, discussing reports that Earl Clements bolted the Democratic party in the Chandler election, concluded, "Clements' denial that he bolted reminded us of a recent trial in a local court when three men were charged with stealing chickens. One of the defendants told the court: 'I didn't touch a feather on one of those chickens—all I did was to hold the light.'"

The Carlisle County News at Bardwell said last week that it was in danger of losing one of its "charter" subscribers who had read the paper for 50 years, because his eyes had "gone back" on him. If some young widow would be so kind as to offer to read The News to Mr. Jennings (the subscriber) each week, the paper commented, we might be able to keep him on the list. You know he is very fond of young widows, and has been quite attentive to the fair sex. I believe there will be a deluge of applications for the position.

Successful Fisherman

Yakima, Wash.—(AP)—A. H. Settlemeyer says he caught a whale while fishing for perch.

Settlemeyer, finished in the Pacific ocean, said he threw a casting net at the whale to scare it away, but the net settled over the whale and the mammal swam into a rock and was stunned.

With assistance, he finally reached a seven foot 750 pounder.

Arlington News

Mr. and Mrs. Jimmy Carter and Roy Berry spent Sunday in Anna, Ill., with Mr. Berry's daughter, Mrs. Jimmy Turner, and Mr. Turner.

Mrs. James Jimmy Carter and Edwin Callender were shoppers in Paducah Saturday.

Ed Lambert, who is employed in St. Louis, spent the weekend here with his family.

Ed Gissel of Indiana, a former resident of Carlisle county, was here Saturday.

Little Miss Judy Wallace of La Center has been a guest of her grandparents, Mr. and Mrs. Buford Dodson, and great-grandparents, Mr. and Mrs. Charlie Dodson, the past week.

Mr. and Mrs. Fred Embury of Indianapolis, Ind., and his mother, Mrs. Julia Daily, and Mr. Daily, of Mayfield, were in town Saturday.

Mr. and Mrs. W. C. Allen of Bunker Hill, Ind., were visitors of his parents, Mr. and Mrs. W. C. Allen, Route 2.

Tom Dunn, of Carruthersville,

Mo., spent Saturday night and Sunday here with his grandmother, Mrs. Lizzie Owen, and brother, Jimmy Dunn.

Raymond Fatterson of Glen Carbon, Ill., spent the weekend here with relatives.

Mr. and Mrs. Sammie Davis, Jr., and Sammie, III, have returned from a visit in Alton, Ill.

Mr. and Mrs. Alvin P. Rose have returned home after a visit with their children, Mrs. Lucille Wilder, and Mr. Wilder, and Junior Rose and Mrs. Rose of Long Beach and Los Angeles, Calif.

Mr. and Mrs. Jimmy Carter have bought the Webb Tucker home. Mr. and Mrs. Tucker have bought a home in Paducah.

Frank Bogle has sold his home to Mr. and Mrs. Earlene Burgess.

Mr. and Mrs. Moss Page will move to their new home in West End, which they bought from Estelle King, now residing in Detroit.

Mrs. Mary Phipps has returned from Frankfort, where she spent the winter with her daughter.

Help Russia—Wallace

By Dewitt MacKenzie,
AP Foreign Affairs Analyst

Former Vice President Wallace has produced a heavy crop of question marks and exclamation points by his declaration in Paris that Soviet Russia should get ten to seven billion dollars worth of goods and services under a fifty billion dollar world construction program which should be financed mainly by the United States through the United Nations.

Any such program would be the height of incongruity to those who agree with the Washington administration's policy of aiding weak nations to stand off Communist aggression. If both plans were in operation simultaneously we should have the weird spectacle of America sinking billions to restore Russia's war potential and at the same time expending other vast sums to combat a Communistic offensive on the grounds that it might lead to another world war.

Of course, Wallace's proposal isn't incongruous from his standpoint, because he is campaigning against President Truman's plan for aiding Greece and Turkey to withstand the Red avalanche. The former vice president would give aid to Russia, and to other war stricken countries, including Greece.

As a matter of fact there wouldn't be any incongruity in this assisting Russia if she gave a satisfactory quid pro quo. The quid pro quo obviously would have to be that Moscow would halt such world-wide activities as have given rise to the Greco-Turkish situation.

It has been the western world's dislike of and fear of Communism which has so often dampened international relations since the Soviet government was established. It wasn't until 1933 that Washington recognized the Soviet Union, and then a promise was exacted from Moscow that it shouldn't inspire any further Communist activities in America. But things have changed mightily since then. As matters now stand, U. S. Assistant Secretary of State William Benton yesterday declared that Russia spends more for propaganda than the other big powers combined.

In advocating the huge aid for Russia, Mr. Wallace makes the provision that Moscow should be requested to forego her heavy reparations demands on Germany and to become a member of the International Bank. He adds:

"The world cannot afford to allow reparations claims to shift from devastated Russia to Germany the misery and deprivation that create in Europe a danger spot."

The former vice president and Secretary of Commerce also stated in Paris yesterday that the United States would face the gravest business depression in history unless it took the lead in world economic reconstruction. He predicted that "this will be one of the most serious depressions the United States ever has had, a most amazing phenomenon which will affect the whole world."

So far as concerns Russia's huge losses in life and resources during the World War, they have aroused the keenest sympathy throughout America. Uncle Sam has rendered aid to our ally, and done so gladly. And you can bet your last dollar that he would go all out in giving further assistance to Russia if she would announce that she finally had reached the end of her colossal program of expanding her zones of influence, and agree to remove her political pressure from other countries.

Parking Peril

Redondo Beach, Calif.—(AP)—Salesman Henry Lowe parked his car in its accustomed place and went off to work.

Returning, he found the city had installed parking meters and had placed one alongside his car. On his car was a ticket for failure to make a meter deposit.

Sacred Monkey Battles Equally Hallowed Cobra

Bombay, India.—(AP)—A crowd of Hindus, to whom both participants are sacred, witnessed a mortal combat recently between a monkey and a cobra at Ahmedabad.

The monkey dropped from a tree to a previously unnoticed cobra, seized the snake by the hood and ground its head into the soil. The snake wriggled free, struck the monkey with its fangs, and crawled away bleeding as the monkey died.

Accounts of the battle were published in several Indian papers.

Producers of certified Ky. 31 fescue grass seed in Simpson county have agreed to market it cooperatively this year.

through a glass darkly

By ERL SENSING

It begins to look as if at long last something is going to be done about taming our troublesome little creek. The latest word is that right of way through the town has been secured, with the exception of three pieces of property. At least two of these three are near the bridge on the highway leading out of town to Union City where Carr, Lake and State Line come together.

It should be a simple matter to obtain clearance under this bridge. While it has been necessary to resort to litigation in these three instances, an authoritative source named the suits as being "friendly." It's just a question of who should "give in." It may take the wisdom of a Solomon to decide the question.

In fact, old Solomon was once confronted with a somewhat similar case. Two women came before him, each claiming to be the mother of a certain child. No judge in the land had been able to determine the true mother. It was child's play for the ancient king. He merely ruled that since it was impossible to decide who was the mother, he would cut the child in two and give one half to each woman.

One woman readily agreed to this decision. The other would have no part of it, saying, "If that is your decision, I beg you to reconsider it. Do not cut the child in half. Take the half you would give me and give it to the other woman."

In this fashion the true mother of the child became evident. The king reconsidered his decision and gave the child to the woman who had begged him to keep it whole and give it to the other woman.

In the case at hand, the judge could quite easily decide the issue by ruling that since it is impossible to tell which party should give in, neither need do so. The three good citizens of Fulton would immediately announce that in such an event each would see his property available in order that the project could be finished.

It has been a long arduous task for those who have given their time. It has been an unpleasant task, with criticism on all hands. It has been a case, in most instances, of letting "George do it." And "George" not being a flood control expert, has had to stumble along the best he knew how.

It is such a thing, however, mundane as it may seem, that tries the mettle of men. There are those who have shunned their responsibilities. It is evident that the job has taken too long, and the blame for this can rest only upon the shoulders of those duly designated by the people of Fulton to look after their welfare.

However, there are those who have acquitted themselves with honor. I would especially like to point out Billy Blackstone by name. It was mainly through his efforts that two army engineers were in Fulton yesterday on a tour of inspection looking to eventual federal assistance in handling the flood waters of the creek after they have been carried through the cities of Fulton and South Fulton. To those who have made a study of such things, it is just as essential that the water be carried on to Obion river as it is to get it through town. Water is a bit peculiar in that it seeks its own level.

Why did Billy Blackstone take it upon himself to do what he has done? He does not own property that is flooded in time of high water; he is in no way financially concerned with any business that is effected by the high water. He is an employee of the Illinois Central railroad and looks to that company for his means of a livelihood. He merely lives in Fulton and makes it his home.

There is the answer. This is his home. He wants to see his home town grow and prosper—not to mention being a safe place in which to live. He is the kind of citizen we can well be proud of. Added to that, he is one who knows how to put his finger on the right thing at the right time. It was a simple matter. He just wrote a letter to an army engineer in Memphis. A three-cent stamp did the trick. That is nothing, come might say. Only, no one had thought of it before.

I think Billy Blackstone epitomizes the kind of good citizen we want in Fulton. He is due the gratitude and admiration of all of us who make Fulton our home.

Uses Billboard To Seek Apartment

Miss Kay Daly, business executive, surveys the thoroughfare, in San Francisco on which she placed the billboard (above) designed by her, displaying an advertisement for an apartment which she seeks. Miss Daly said she came to San Francisco from Chicago last October and has not yet found an apartment.

Social Happenings

JUNIOR MUSIC CLUB HAS PROGRAM WEDNESDAY

The Junior High Music Club met in the Woman's club home Wednesday afternoon at 3, with Margaret Lee Harrison, Miriam Watt and Beverly Burgess as hostesses.

The meeting was called to order by the president, Miss Ann Linton. After a brief business session, the following program was given:

Pomp and Pageantry, by Cobb, Larry Cavender.
Valse, by Lamont, Jean Hyland.
Minuet L'Antique, by Paderen, Ann Bowen.
Duet, America First, by Rolfe, Edward Parker and Jack Voegel.

Three new members were welcomed into the club: Miriam Watt, Marilyn Butler and Jackie Edwards.

Refreshments were served by the hostesses. The meeting was then adjourned until May.

ENGAGEMENT TOLD

Mr. and Mrs. W. Lee Jones of Fulton, Route 5, announce the engagement and approaching marriage of their daughter, Beaton "Boots" Noe, to Dr. Paul Howard of Memphis, Tenn. The wedding will be solemnized May 23 in Memphis.

PERSONALS

Mr. and Mrs. Mason Davidson and little daughter, Susan, of Louisville, are visiting Mr. and Mrs. Morgan Davidson and Mr. and Mrs. Warren Graham. Mason, who attended the Southern branch of the American Public Health Association convention at Memphis, Tenn., returned to Fulton Wednesday.

Mrs. Walter Davis, of Waterloo, Iowa, is the guest of Mr. and Mrs. N. T. Morse, 102 Washington.

Mr. W. Lee Jones, Fulton Route 5, has been dismissed from the Baptist Hospital in Memphis and is improving at his home.

Mrs. Ethel Murphy of Fulton spent Tuesday night and Wednesday with her son, Floss Murphy, and wife in Dyersburg, Tenn.

Mr. and Mrs. Jere Jones are

Johnson led the morning prayer. Roll call was answered by each member present telling about the loveliest thing she saw that day. That was easy to do, as there were so many beauties of Mother Nature they saw that morning on their way to the meeting.

The minutes and treasurer's report was given by Mrs. Wright. Then the members went to the kitchen to help prepare the meal, which was planned by the food leader, Mrs. Collison. The menu consisted of chicken loaf, buttered peas, finger salad, hot rolls, butter, tea, fruit juice and cookies. The noon hour was enjoyed by all.

Mrs. Collison gave the lesson on "Table Service." Improved practices suggested were: first, set the table correctly for each meal; second, have some simple decorations on the table during each meal, giving this responsibility to some member of the family; third, teach children to set the table correctly and to help with the serving; fourth, plan for the entire family to eat at least one meal a day together; fifth, practice good table manners; sixth, have table covering clean and neat, but simple; seventh, arrange food attractively on the table; eighth, practice different methods of table service.

The home agent, Miss Mason, discussed the "long-time program" for club work. The club voted to have for its major project next year home management, and minor projects landscape and extra lessons on community recreation and style trends.

The recreation program consisted of songs and a reading by Mrs. Brady.

There were 15 members present, and eight visitors, two of whom, Mrs. Vaughn and Mrs. Leonard Duke, were added to the roll. Other visitors were Mrs. Colley, Mrs. Felts, Mrs. Tucker, Mrs. Bard, Mrs. Stephens and Miss Milner.

The club is always glad to have visitors, and also glad to add new members. Four new members have been enrolled in the last few months. With the

help of the new agent, Miss Mason, the club feels that it can carry on its work much better.

The next meeting will be with Mrs. John Wright May 15, with an all-day meeting. Visitors are invited to attend.

Two U. S. Captives Of Chinese Reds Released Unhurt

Shanghai, April 24.—(AP)—Two U. S. army officers captured by Chinese communists in Manchuria March 1 were released to an American party near Changchun today.

There was no further information here immediately on the officers, Maj. Robert Riggs, Chicago, and Capt. John W. Collins, Evanston, Ill.

They were captured while observing a civil war battle near Changchun, capital of Manchuria.

Riggs and Collins were under embassy orders not to talk with any newsmen until they reach Nanking. The embassy gave no reason for its decision.

Speed up Work

with the vehicle that does more jobs

THE UNIVERSAL Jeep

USE IT AS A PICK-UP OR TOW TRUCK

The Universal "Jeep," with its 60-hp "Jeep" Engine and 2- or 4-wheel drive, is a versatile farm vehicle that spreads its cost over jobs the year 'round. It serves as a pick-up truck that hauls loads to 1,200 lbs. on or off the road. It tows trailed payloads to 5,000 lbs. at high speed, with reserve for grades. You speed up work with a vehicle that does almost any farm job!

... AS A TRACTOR

In 4-wheel drive, at speeds of 2 to 7 mph, the "Jeep" serves as a light tractor to pull plows, harrows, discs and other implements—pull-type or hydraulic. With power take-off it operates power mowers and sprays.

... FOR BELT WORK

Power take-off on the "Jeep" delivers to 30 hp to operate feed mills, saws, corn shellers and other equipment. No idle seasons for the "Jeep"—you use it every day, all year.

Sleuth Discovers He Was Quarry

Haverhill, Mass.—(P)—Did you ever go looking for yourself? Well, Patrolman Melvin G. Batchelder did. A night-watchman in a leather plant told him a suspicious man was trying to get into a nearby paint shop. Batchelder called headquarters. Three other officers quickly joined him. They found no one near the paint shop. Batchelder figured the "suspicious man" had been himself, trying doors.

WOMAN BANDIT IS OBJECT OF SEARCH IN BURMESE WILDS

Rangoon, Burma—(P)—Described as a "Virago on horseback" and paramour of all the dacoits in the Pymanna district of central Burma, Mal Khin Nyunt, a Burmese girl, is being hunted by army forces for her activity in robbery and lawlessness in Burma, according to an official report.

The report added that the dacoits were quarreling among themselves for their favors and murdered.

The woman bandit was last seen during a dawn attack by the Rajputana Rifles on a small town south of Pymanna, the report stated. The Rajputs, in a pitched battle with more than 200 dacoits, killed nine and captured 11. Rajput casualties were two killed and three wounded.

The report revealed that the

THIS BOOK CHEAP AT \$27.200, OR SO BUYERS THINK

London—(P)—William H. Robinson, dealer in rare books of London's famous Pall Mall, has added a new item to his "stock"—at a cost of \$27.200. This price was paid at Sotheby's auction room for a copy of the Apocalypse, printed in Germany in 1460, and containing color block illustrations of the life of St. John.

Consisting of 48 leaves arranged in three quires of eight sheets each, the text was engraved on scrolls carefully colored in the style of the period.

An official of Sotheby's said that so far as he knew this was the highest price ever paid for a book block.

Robinson told the Associated Press they had got the book "cheaply." "There is no comparable piece," they said.

Marine Romulus Is Natural Head Of Guard At Rome

Rome—(P)—The Marines who boast they are to be found anywhere from the Halls of Montezuma onwards, are on guard at the United States Embassy here.

The Embassy is in huge Palazzo Margherita, including three buildings behind a big wall which closes in an out-side block in the center of the Eternal City.

WRONG BUTTON CAUSED DUNKING

Great Falls, Mont.—(P)—Screams from the bottom of the elevator shaft in the Cascade county courthouse brought Janitor Adolph Dotsteth on the run to find the car stuck at the basement level and surrounded by spring floodwater.

He released the man and woman occupants and as they waded to safety the man remarked: "I must have pushed the wrong button."

Martin and Vincent Pinzon, commanders of the Pinta and the Nina in Columbus' expedition, put up the cash for their ships; Isabella of Spain furnished only a small part of the money needed.

\$1000.00 REWARD

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

INCORPORATED

We're Willing To Settle The Telephone Strike RIGHT NOW

Since the big disagreement with the Union is over wages, we have offered to submit the fairness of our wages to an impartial group of citizens in the South and abide by their decision.

Such a Board of Arbitration would decide, among other things, the extent to which recent wage settlements in other industries have a bearing, if any, on telephone wages in the communities served by Southern Bell. Some of these industries have stated that it will not be necessary for them to increase prices, but since the Telephone Company is a regulated public utility, telephone users must pay in rates for service what the company has to pay out in wages.

We think our offer to arbitrate is the best way to stop the strike and the fairest to employees and telephone customers alike.

BUT THE UNION HAS REFUSED THIS OFFER. WHY?

Apparently, the reason is that the Southern Federation of Telephone Workers, a Southern Union composed of Southern men and women, cannot move without the approval of the National Federation of Telephone Workers, with which it is affiliated. And it looks as if the National Federation

of Telephone Workers wants nationwide power for itself over an essential industry through nation-wide bargaining.

The Southern Federation is the Union with which our contracts have been signed. They have made a long list of demands upon the Company, but certain of these demands, they tell us, cannot be decided through negotiations between themselves and us alone. They must be settled on a national basis.

In effect, therefore, the Southern Federation is being operated by "remote control"—by persons remote from Southern interests, Southern responsibilities, and Southern conditions.

The Company believes that settling Southern wage matters in the South by Southern people—on the basis of conditions prevailing in the South—is the fair way to handle the wage question.

If the Union would agree, the strike could be ended immediately—employees could get back to work—and the public could get normal service.

ALL THIS COULD BE DONE IF THE SOUTHERN FEDERATION OF TELEPHONE WORKERS WOULD SIT DOWN WITH US, ENGAGE IN FREE AND UNRESTRAINED NEGOTIATIONS—AND ACT FOR THEMSELVES.

 Fulton Spur road, from KY-

UN Information

Question: When will the UN General Assembly on Palestine convene?
 Answer: The emergency session of the General Assembly to study the Palestine situation will convene on April 28 at Flushing Meadows, Long Island, the scene of the regular General Assembly sessions. The consent of 28 nations was required before the session could be authorized.

Question: Who will represent the U. S. at the special session of the General Assembly?
 Answer: Warren F. Austin, the permanent U. S. delegate to the UN, serving already on the Security Council, the Atomic Energy Commission, and the Commission on Conventional Armaments.

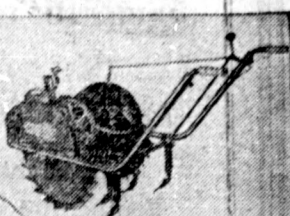

Question: Are there any UN meetings now in the old League of Nations capital of Geneva?
 Answer: At present there are three in progress at the UN branch office, the Greek Commission which has been investigating border disputes is preparing its report; the Interim Commission of the World Health Organization is meeting; and the preparatory committee of the UN Conference on Trade and Employment is in session to prepare a draft of the constitution of the ITO (International Trade Organization).

Question: How many displaced peoples are there in Europe today, and what help is the U. S. giving them?
 Answer: An estimated 850,000 are there waiting to be resettled. They either have no home or cannot return to their native countries. Many have been cared for and fed in the American zone in Germany by our Army. However, there will be a curtailment of aid from the Army, and when UNRRA goes out of existence in a couple of months, the DP's situation will be desperate. An effort is being made to allow 400,000 to come to the U. S. within four years, as an emergency temporary measure. Such a bill is before Congress now.

Dairy Herd Returns \$3.10 For Every Feed Dollar

Dairy herd improvement association records show that a 40-cow herd owned by Browning Gorrell of Logan county returned \$3.10 for every dollar spent for feed, according to County Agent John Watlington. The average production per cow was 8,064 pounds of milk and 372 pounds of butterfat. The feed cost of producing 100 pounds of milk was \$1.51.

Hot Day Led To His Winning Pistol Crown

Ex-Marine Joined Team To Obtain A Cool Drink

NOW A POLICEMAN

By James A. O. Crowe
 Detroit—Harry Reeves, the National all-around pistol and revolver champion, became the king because it was not aboard the USS Lexington one day in 1938.
 Patrolman Reeves of the Detroit police has held the title as undisputed king of small-arms competition since 1941.
 The champ declares his accomplishments boil down to the ability to keep calm.
 "It's not so much proficiency in shooting that counts," he says. "It's like golf—you have to be able to keep control of yourself when the pressure is on."

Displaying the steel-cold nerves which make him the terror of pistol ranges wherever he appears, Reeves showed complete superiority over the biggest and best field of rivals in the 40-year history of the National Rifle Association pistol and revolver matches at Camp Perry, O., last September, and in the National all-around championships at Tampa, Fla., this March.

Reeves also set a new world record at the eastern regional championship in Quantico, Va., last July when he hit the targets for 2,646 points out of a possible 2,700 in the all-around event.
 Reeves returned to his police duties a year ago after three years with the Marines. He was found to meet the requirements of the city.

pistol in competition since he joined the Corps in 1942.

"I joined the police force in 1937 after I finished my first hitch—six years in the Marines," he says, "and pummed a beat until 1941 when I was made firearms instructor."

Married and the father of two small children, Reeves is 36. He has a hair-trigger smile and a crisp, brown hair. Shorter than average, he possesses a chunky, vigorous frame.

Born and raised near Vincennes, Ind., he attended the University of Detroit for two years before enlisting in the Corps in 1931.

"It's kind of funny, the way I got into pistol competition," he says. "I was on duty aboard the old USS Lexington in the summer of 1938. She was anchored in Quantanamo Bay on the coast of Cuba, and it was hotter than all the hobs. The steel plates were roasting and there wasn't a cool drink aboard."

"A notice was posted that try-outs for a pistol team to compete in the all-Navy games would be held ashore."

"I knew there was a cold drink stand at the landing, and I needed something with ice in it so bad that I volunteered."

"I never had any instruction other than the annual three-week Marine qualifying session, but it turned out I made the team, our team won the title, and I won the all-Navy individual championship."

Ancient Egyptians, during the days of the building of the Pyramids, cultivated the watermelon.

Girl's Errant Hat Started The Mixup

Worcester, Mass.—(AP)—It happened at Main and Franklin Worcester's windiest corner.

A girl's hat blew off. A young man with a trumpet case grabbed for the headpiece. The car hit the sidewalk, out popped the trumpet followed by sheet after sheet of music. In 30 seconds most of the pedestrians were chasing sheets of music, including the young lady who lost her hat.

P. S. She got her hat.
 P. P. S. He retrieved most of his music.

Fire Extinguisher Is High-Cost Sap

West Fryeburg, Me.—With maple syrup scarce and high priced in Maine this season, two orchard owners used five gallons of sap—as a fire extinguisher. Willis Farrington does not regret the sacrifice of four gallons as the sweet extinguisher checked a blaze that threatened his farm home. And in nearby Otisfield Glenn Henry glad parted with the first gallon he had collected to put out a fire on the sap house roof.

DR. N. W. HUGHES, Osteopath
 Announces
 The Reopening of his Office
 at
 206 Commercial Avenue

We love 'em in December as we do in May

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly roared you over the hills—how those road-steady two tons of lively car answered sweetly every light touch of your hand on the wheel—how you glided along with foursquare Buick Coil spring smoothing every wrinkle in the road?

That's what your Buick was built to do. Years and years of that kind of driving are in it—especially when it gets the interested, informed car care this fine an automobile should have.

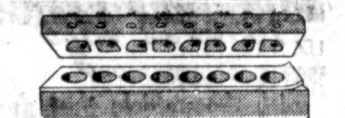

That doesn't mean just periodic

lubrication, a body wash, battery check or bolt-tighten. It means thorough attention by competent Buick men—attention that keeps a Buick always a Buick.

Buicks are our babies. Even the smallest details are handled the way they should be for a Buick. We have Buick tools that do jobs better and quicker. We have men who know Buicks best. We have Buick-engineered parts that are precisely right for your car.

Put that all together and it's Buick car care.

Pretty clear, isn't it, that here is where your Buick will receive the best attention? After all, we love 'em heart and soul.

"TOP" SECRET

One of the things that play a part in Fireball snap is Buick's water-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will ensure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.

Sports Roundup

Hugh Fullerton, Jr.
New York, April 24—(AP)—In enthusiasm for the N. C. A. A. "Ivy" group, the Ivy group's eligibility committee seems to be doing its best to tear down the college baseball rules. The committee has been trying to find out in the past couple of years a Harvard player has been declared ineligible for accepting money to play for his room and board while playing in the Northern League and a Yale player for an unexplained but apparently similar reason. It is obvious that you can't develop a good college ball player in a short Spring season in New England and the Northern League seems to be the best answer for the summer participation question. The boys get food and lodging and a chance to play, which they probably wouldn't get if they had to pay their own way.

A WOMAN'S WORLD

Pimlico's Dave Woods reports at four women trainers are conditioning their horses at the Maryland track. In addition, Mrs. Fisher walks her own horses and those of her father, non-fisher, Jr., and 18-year-old Joyce Goldschmidt gallops for D. G. Smith.

SPORTS BEFORE YOUR EYES

Red Sox Manager Joe Cronin figures on carrying Bill Gooden, the \$75,000 rookie outfielder, with the club at least until June. Goodman, a service returnee, can be listed as an "extra" after the player limit goes in effect—the Green Bay Packers are thinking of setting up a ticket office at the nearby Menominee Indian Reservation since they acquired Indian Jack Jacobs, former Oklahoma Star. Incidentally Jack, who was coaching in Oklahoma, climbed into a suit and began daily workouts as soon as he heard of his transfer from Washington to Green Bay. Apparently he's one redskin who doesn't care for the Redskins.

END OF THE LINE

Paul Morrison's Drake relays brochure gives his meet a 195-173 edge over the Penn relays in comparable events over 26 years—Don Carlson, Chester Carlisle and Jimmy Semmoff of the Chicago Stage Basketball Club all were stationed within a three-mile radius on Guam when they were marines. But they didn't get acquainted until they joined the pro team.

The Cape of Good Hope still retains an early title, given it by mariners: "Tavern of the Seas."

Lamanno Forced At Second

Chicago Cubs second baseman Don Johnson leaps into the air to avoid spikes of sliding Ray Lamanno, Cincinnati Reds catcher, as he gets off a throw to first base in futile try for double play after forcing Lamanno at second base in Chicago. Play occurred in second inning when Cubs shortstop Lenny Merullo grabbed Clyde Volmer's infield roller and snapped a throw to Johnson.

The Sports Mirror

By The Associated Press

Today, a year ago—St. Louis Catcher, Frankie Hayes' consecutive game streak ended at 312 when he was replaced by Rookie Sherman Lollar in Cleveland-Browns game.

Three years ago—Mel Ott, manager of New York Giants, accepted for service by army.

Five years ago—Oklahoma set new American record of 3:23 for Sprint Medley Relay at Drake Relays, Des Moines.

Ten years ago—Bob Feller, in season's debut for Cleveland, lost to St. Louis Browns, 4-3, yielding all opposing runs in first but fanning 11 in six innings.

Shrimp have a life span of about 12 to 18 months.

18-Year-Old Hurler Leads Colonels Over Cubs

Louisville, Ky., April 24—(AP)—

Maurice McDermott, 18-year-old southpaw, allowed Columbus only six hits, struck out eight and walked 10 as the Louisville Colonels defeated the Red Birds last night at Parkway Field 3-1. It was McDermott's first start for the Colonels, who won the American Association pennant last year.

U of L Nine Swamp Hanover College 24 to 10

Louisville, Ky., April 24—(AP)—

The University of Louisville baseball team yesterday defeated Hanover College 24-10, continuing its hard hitting spree started last week when it defeated Georgetown College 42-1. U. of L. scored in every inning but one, getting 19 hits.

Rain May Halt Tonite's Game

Chicks Were Scheduled To Go To Union City For Second Burlington Tilt

It was not known at press-time today whether the scheduled exhibition game between Burlington, Iowa, and the Fulton Chicks, originally set for tonight at Union City, would be played.

Heavy rains this morning probably made Turner Field too muddy for use tonight, however.

If tonight's game is canceled, Manager Johnny Gill said the Chicks will try to have a game Saturday afternoon. Further announcement about this will be made later this week.

The Chicks are scheduled to play the Martin Independent baseball team at Martin tomorrow afternoon at 2:30, weather permitting.

National League—Cincinnati at St. Louis, New York at Brooklyn, Boston at Philadelphia, Chicago at Pittsburgh.

Faultless Is Cinch To Win

Plain Ben Jones' Horse Away Ahead of Field In Blue Grass Stakes

By Sid Feher

Lexington, Ky., April 24—(AP)—They are running what amounts to a benefit at Keeneland today in the Blue Grass stakes for Faultless and Warren Wright and Plain Ben Jones, although at last reports the horse and the owner and the trainer were doing very well indeed, thank you.

Of course, Faultless is going to have to show up and run around the race track for a mile and an eighth. But only three others—all Kentucky Derby candidates—were brave enough to enter against him. Off their stepping up to now, it looks as if they'll be lucky to be close enough to the tote board to see what Plain Ben's filer pays before he hits the wire and heads back to his barn for dinner.

The tall galloper is the 3-1 Kentucky Derby winter book second choice, and the "benefit."

New Golf Club Is Six In One

Adjustable Shaft, Two Clubheads, for Golfers Who Have No Caddies

Los Angeles—There's a new golf club combining driver, mid-iron, mashie, niblick, chipper and putter.

Designed to ease the load on the backs of caddy-less golfers, the club is the equivalent of a matched set of six clubs, the manufacturer claims.

An adjustable shaft and two replaceable clubheads make up the Trija. The brain child of Dr. J. J. Jakosky, scientist, engineer and amateur golfer, the club comes in two models, one of which may be dismantled and carried in a traveling bag.

The length of the club may be changed automatically, longer for driver and mid-iron, medium for mashie and niblick, and short for chipper and putter.

One clubhead has two sockets. In one socket the club may be either a driver or a midiron, depending on how the locking device at the end of the shaft is inserted into the clubhead. In the other socket of the first head, the club is either a putter or chipper.

The second head is either a mashie or a niblick. The player does not have to adjust the heads, since the clubhead angle is fixed automatically.

Jesse Tunstall Signs At Madisonville High

Madisonville, Ky., April 24—

(AP)—Jesse Tunstall, former football star at Paducah Highman high school and at the University of Kentucky, has signed a contract to become a member of the Madisonville high school coaching staff.

Tunstall is due to be graduated from the University of Kentucky in June.

Wall Street Report

New York, April 24—(AP)—The stock market tried to further progress today but many leaders stumbled over light selling.

Wage-price situations, the campaign for lower goods costs, the cloudy outlook for tax relief and persistent talk of a coming business recession served to keep numerous customers in the do-nothing ranks.

Dealings reverted to sluggishness after a fairly active opening. Irregularity prevailed near midday with minus signs in the majority.

Occasional gainers included U. S. Steel, General Motors, U. S. Rubber, Goodrich, Caterpillar Tractor, North American, U. S. Gypsum, American Woolen, American Tobacco "B", Union Pacific and Southern Railway. Laggers were Chrysler, Republic Steel, Goodyear, Santa Fe, Great Northern Railway, Pennsylvania Railroad, Schenley, Anaconda, Kennecott, General Electric, American Can, Air Reduction, J. C. Penney, Standard Oil (NJ) and Texas Co.

Bonds were steady and cotton futures mixed.

Kroger Pledges Continued Effort To Lower Prices

Continuing efforts to resist inflation and to reduce food prices wherever possible was pledged today by Joseph B. Hall, president of the Kroger Company, following an announcement that the food company would continue to hold its present price of 25 cents for two 20 ounce loaves of bread despite rising flour prices which in recent weeks have reached the highest level in 27 years.

When Mr. Hall announced the company's policy on bread, he added that just this week Kroger had cut the price of apple sauce from 20 to 17 1/2 cents for a 20 ounce can and blended vegetable juice from 32 to 27 cents for a 46 ounce can. Previously the price of canned tomatoes was reduced from 21 to 15 cents.

As to meats, he said that the company was selling them today and has been ever since OPA ended last fall, at the lowest cents per pound profit in its history.

Repair Furniture Damaged in Blaze

Varnished furniture, turned white as a result of the water used in putting out a fire in the Cadiz Hotel some weeks ago, is being refinished by methods Trigg county home-makers have found satisfactory. Miss Eleanor Whittinghill, home agent, recommended alternate applications of ammonia with that of equal amounts of turpentine and linseed oil, the latter mixture being put on with fine steel wool. The treatment will give a satin-smooth finish, Miss Whittinghill said, and should be followed by light applications of wax.

Unwise Economy Can Ruin Schools, State P-TA Told

Cincinnati, April 23—(AP)—"Injudicious economy in our school's today is going to pay off a sorry harvest in 20 or 30 years," Bishop William R. Moody of the Episcopal Diocese of Lexington declared here last night. Bishop Moody spoke to delegates attending the 27th annual convention of the Kentucky Congress of Parents and Teachers. Convention session was held here because of greater facilities for a larger gathering.

The bishop declared "it is the duty of our church people to see that any pinch penny political policy that starves the schools is not permitted."

Germans To Run Own Trains Now

Frankfurt—(AP)—Operation of military trains in occupied Germany are being returned to German control.

American Army officers have been supervising military trains as fast as German civilians can be trained to fill their places, headquarters said.

However, American personnel will be removed from military trains as fast as German civilians can be trained to fill their places, headquarters said.

Although, for a while at least, an American officer will be assigned to each military train, he will have no authority except to report faults in German operation, the announcement said.

Dusseldorf Folk Faced By Critical Clothing Shortage

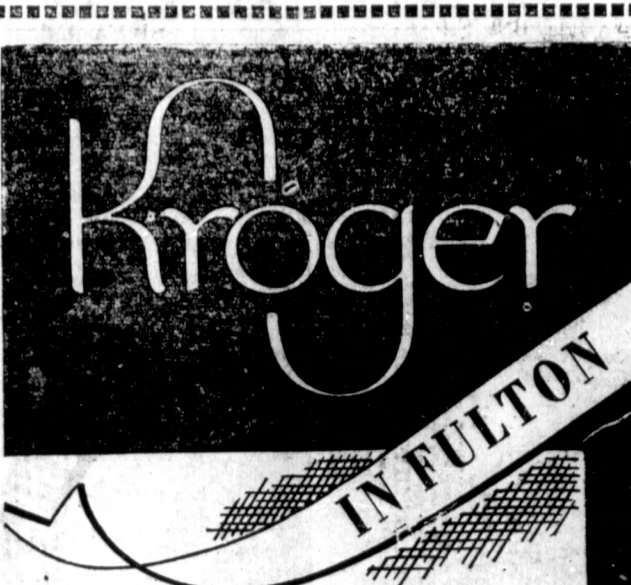

Hamburg—(AP)—The German newspaper Hamburger Allgemeine reported that the total clothing coupons available for the 430,000 population of Dusseldorf in one month would have bought two handkerchiefs, 28 men's suits, 15 boys' suits, 33 workmen's overalls, and three women's coats.

The rationing director of Dusseldorf commented that at that rate it would take a man in Dusseldorf 98 years to get a new suit, 18 years to get a shirt and 29 years to obtain underwear.

It would take 350 years to supply all the women of the city with coats.
