THE MURRAY LEDGER.

VOL. 88. NO. 12.

MURRAY, KENTUCKY, THURSDAY, JUNE 15, 1916

\$1.00 PER YEAR.

WILSON, MARSH- ALL AND VICTORY

St. Louis, June 14.—With the keynote of "Americanism and Peace, Preparedness and Prosperity," the democratic national convention began its first session shortly after noon today with not a single element in sight to disturb the harmonious renomination of President Wilson and Vice President Marshall.

Just before the convention was called to order the band struck up "Columbia, the Gem of the Ocean," and the delegates rose, joining in the chorus and waving American flags.

"Dixie" brought a roar, interrupted with the rebel yell.

William J. Bryan was given an ovation as he took his seat in the press section. The applause for him started in the galleries and then spread to the delegates. Mr. Bryan smiled his appreciation and got out his pencil and prepared for his reportorial duties. Ollie James was loudly cheered.

Boost Murray's Company.

Mrs. Culp, a Canadian mother, who is a visitor to the St. Louis convention, made the following statement.

"As a mother, I believe in this training of the young to the possibilities of the future," Mrs. Culp said. "I know it is a good thing to bring boys up with a knowledge of the principles of warfare, so that if the time should ever come in their lives when they shall have to face determination with determination, as their fathers are doing today, they will be able to face their foes skillfully and intelligently, and not in a half-armed, half-equipped, half-trained manner that Canada has had to face her enemies at present."

Large Receipts at Hopkinsville.

Hopkinsville, Ky., June 10.—Another season-end rush of tobacco this week ran the loose floor receipts up to more than 400,000 pounds and prices were almost up to last week, the average being only 13 cents less.

There was no weakness in the market, the difference being due to the quantity of the offerings. The loose floor sales are now double those of last year at this time. Much of the tobacco now coming in is from a distance and there is complaint in some quarters that low contract sales are being jumped and the tobacco sold for the higher prices prevailing. The schedule of the prices for the week was as follows:

Trash \$5 to \$6; common lugs \$6 to \$7; medium lugs \$7 to \$7.50; good lugs \$7.50 to \$8; fine lugs \$8 to \$9; low leaf \$7 to \$8; common leaf \$8 to \$9; medium leaf \$9 to \$10; good leaf \$10 to \$11.50; fine leaf \$11.50 to \$13.

Sales at the Loose Leaf Floor.

Thursday of last week J. W. Winchester & Co. sold about 50,000 pounds of tobacco on their loose leaf floor here. Prices for leaf ranged from \$7.50 to \$13.50 and lugs brought from \$6.00 to \$9.50.

This week the same firm has about 100,000 pounds on their floor and another sale is being held today. Leaf is bringing from \$7.00 to \$12.30 and lugs from \$4.50 to \$8.85.

Another sale will be held next Thursday and in fact every week until this season's crop is all sold.

Gov. Stanley in Wreck.

Owensboro, Ky., June 13.—Passenger train No. 145 on the Louisville, Henderson & St. Louis Railroad was wrecked three blocks from the Owensboro Station early today. Three sleepers left the rails, one being destroyed by fire, but it is not known as yet how many, if any, persons were injured.

The Kentucky delegation to the Democratic convention at St. Louis, Gov. A. O. Stanley and former Gov. McCreary, were on the wrecked train.

Hardin Boy Badly Injured.

Hardin, Ky., June 13.—Tommy Starks, aged 13, son of W. B. Starks, was seriously injured Sunday when he fell from a bicycle while going at full speed. His tongue and upper lip were split open and he is thought to be injured internally. His injuries may prove fatal.

Lecture For the Opening Night of Our Chautauqua

Photo by Moffett, Chicago.

WILLIAM RAINEY BENNETT.

WILLIAM RAINEY BENNETT, who is to lecture here the opening day of Chautauqua week, is known in the Lyceum and Chautauqua world as "The Man Who Can." He has a lecture on this subject, the theme of which is that "he can who thinks he can," that in every brain there is a sleeping genius and that it can be awakened. The lecture which he gives helps young men and women to find themselves. It gives them health, poise and power. It is absolutely different from the ordinary lecture of this type. Every laugh comes in naturally. Nothing is forced. Other lectures which he gives are entitled "The Master Thought" and "Machines and Millions."

William Rainey Bennett was raised on a farm and, like so many successful men of the present day, has many a time warmed his bare feet on frosty mornings where the cows have lain. He worked his way through college. Starting in with \$10, he graduated with money in his pocket, having paid his way by singing. Since then he has done postgraduate work in two universities. His sermon lectures have been published in full as features of some of the metropolitan newspapers.

Cutting Affray at Puryear.

Walter Underwood, a young man of Puryear, was desperately wounded near that place Sunday afternoon when slashed about the face and body with a knife in the hands of Atkins Humphreys, another young man. Underwood and Humphreys had been fast friends for a long time and the difficulty came as a surprise to their friends and acquaintances.

The encounter took place in the grove near the West end of Main street, Puryear, to which a number of persons were attracted by Underwood's cries for help. Those who first arrived at the scene of the affray found Underwood badly injured and bleeding in several places and Humphreys upon him. The difficulty was stopped when Humphreys was pulled off his adversary. A physician was then called and about three hours were required to fasten the wounds with adhesive plaster.

Underwood's clothes were cut to pieces and covered with his own blood.

Details of the trouble between the young men could not be learned, but it is said that it originated near Buchanan Sunday when a discussion developed into an argument and later a quarrel. One of them followed the other to Puryear and the difficulty took place. —Paris Parisian.

Ban Placed on Camp Meetings.

A resolution aimed at putting a ban on any Methodist preacher engaging himself to assist in any "camp-meeting, or other meetings, where there will be buying and selling of soft drinks, ice cream or other unnecessary luxuries on the Sabbath day," was passed by the Hopkinsville district of the M. E. Church, South, in session at Grand Riv-

ers last week. The resolution protested vigorously against any Methodist preacher being engaged in any such meeting.

It is understood that the resolution was in fact a rebuke to the method in which the camp-meeting at Kuttawa Springs is said to have been conducted in past years. —Cadiz Record.

Who is to Blame?

When the new school census was taken it was found that there were 129 boys between the ages of thirteen and twenty who were not attending school here. Six of these boys are in school elsewhere and sixty-five are out of school. Upon investigation by the census taker it was found that a possible dozen had acceptable excuses, that of physical disability or self support or

necessity to help the family by their work. Where are the other forty-three? Why are they not taking advantage of this splendid school equipment? Is it your boy? If so, do you think he is better fitting himself for his duties as a future citizen and law-maker by the thing he is doing than by getting an education? Which is more worth while?

Popular Couple of Hardin Marry.

Reggie Anderson and Miss Genoa Daugherty, of near town, ran away Sunday night and were married just over the Tennessee line Monday near Hazel by Rev. Davis, of the Methodist church, of Hazel. Both are popular young people, and have many friends who will be glad to hear of the happy event. Mr. Anderson is a brother of Trout Anderson, of Route 2, while Miss Daugherty is the daughter of W. M. Daugherty, of Route 2. The Enterprise extends congratulations and best wishes. —Hardin Enterprise.

Barksdale Hamlett Found Insane.

Elizabethtown, Ky., June 12.—A jury in the Hardin Circuit Court this morning adjudged Barksdale Hamlett, former State Superintendent of Public Instruction, of unsound mind. He will be sent to Lakeland Asylum.

Mr. Hamlett will leave tonight for Lakeland. He was present in court when the case was tried and appeared nervous. He is physically debilitated as well and in bad health. Relatives of Mrs. Hamlett asked County Attorney R. A. Buckles to file affidavit against Mr. Hamlett. His wife's divorce suit is still pending in Circuit Court here.

Millinery Goods at Reduced Prices.

We are still showing a nice line of millinery goods that is up-to-date, but in order to make a clean sweep of our spring line, we will sell you hats way down cheap. Come in and see. —Una Broach, over the 5, 10 and 25c Variety Store.

Judge Hanberry Better.

Col. Ike Hart was in Evansville Sunday and went to see Judge Hanberry, who is under hospital treatment there. The colonel brings back a report that is most gratifying to the host of friends of the Hopkinsville jurist. —Hopkinsville New Era.

CHAUTAUQUA OP- ENS SATURDAY

The third time is the charm and indeed it looks as if Murray's third chautauqua will be the best yet, judging by the program. Two top notches the first day and each day sounds better. If the White Hussars are not received with enthusiasm it will be the first "frost" they have had, as they take well. We cannot call especial attention to the good things without giving each number especial mention, so will just tell you of the first day and assure you after each day that "The best is yet to come."

Murray's chautauqua will be opened by the Killarney Girls and William Rainey Bennett.

The Killarney Girls, headed by Miss Rita Rick, who is widely known as a reader, entertainer and impersonator, will appear in Irish costumes, singing Irish songs that range from the simple folklore to the Irish classics. The Killarney Girls are all real artists and nobody can listen to these Irish ballads sung by these girls with "The spirit of wealth" in their hearts without having a greater love and more sympathy for old Ireland.

William Rainey Bennett will be the speaker on the opening night on "The Man Who Can." Dr. Bennett is one of the most powerful speakers the Redpath has had on their circuit. A man who has the courage to express his ideas regardless of whether they please his listeners or not. Mr. Bennett's lecture is full of wit and humor, yet contains an abundance of food for good thought.

THE FIRST NATIONAL BANK

ROOSEVELT NAMED BY PROGRESSIVES

COLONEL DECLINES TO ACCEPT BULL MOOSE NOMINATION "AT THIS TIME."

AWAITS HUGHES STATEMENT

Suggests That Republican Presidential Nominee Pledges Must Satisfy Third Party—Parker for Vice President.

Chicago.—The Progressive national convention, after four days' tumult with but one purpose in view, on June 10 nominated Col. Theodore Roosevelt for president, and a few hours later listened without protest to a message from Oyster Bay that he would not "accept at this time."

Col. Roosevelt's declination was conditional and it was placed in the hands of the Progressive national committee to be held until such time as statements to be made by Justice Hughes, the nominee of the Republican party, "shall satisfy the committee that it is for the interest of the country that he be elected."

In the event the committee shall be satisfied that aid should be given to the Republican party in its fight against the party now in power, Col. Roosevelt's refusal to make a campaign is to be considered final. It will then be authorized for the representatives of the Progressive party to say whether to endorse the position taken by Mr. Roosevelt or whether they will name another man to fight for their party principles.

Capt. John M. Parker of Louisiana was nominated for vice president, the selection being by acclamation.

Col. Roosevelt's running mate of four years ago, Gov. Hiram Johnson of California, refused to let his name be placed before the convention because of the information he had concerning the intention of Col. Roosevelt toward his nomination. Several other names and notably that of Raymond Robins, who was both temporary and permanent chairman of the convention, were offered, but not seconded.

Prior to reading the message from Oyster Bay some minutes were consumed in drawing from delegates and party supporters the usual snivels of war in the form of voluntary financial contributions.

All efforts of the Progressives to unite with the Republicans failed when the Republicans failed to consider Col. Roosevelt's suggestion that Senator Lodge be nominated. Conference of the two parties held before the colonel's telegram was received failed to make any headway.

The conference report was made to the Progressives by Mr. Perkins. He recited to the Progressives meeting with the Republican conferees, stating that the Progressives were again asked for their second choice candidate for president.

He said the Progressives had presented a candidate and that the Republicans had not, and that the same arguments for Col. Roosevelt were advanced. He said the Republicans asked that the Progressive convention join in a statement for Justice Hughes. Mr. Perkins said the Progressives laid the situation before Roosevelt. The colonel then replied, asking that Senator Lodge be named.

ROOSEVELT WIRES REFUSAL.

Declines Nomination Conditioned On Nominee Hughes' Statements.

Chicago.—Col. Roosevelt's answer to the Progressive convention follows:

"The Progressive Convention: I am very grateful for the honor you confer upon me by nominating me as president. I cannot accept it at this time. I do not know the attitude of the candidate of the Republican party toward the vital questions of the day. Therefore, if you desire an immediate decision, I must decline the nomination. But if you prefer I suggest that my conditional refusal to run be placed in the hands of the Progressive national committee. If Mr. Hughes' statements, when he makes them, shall justify the committee that it is for the interest of the country that he be elected, they can act accordingly and treat my refusal as definitely accepted. If they are not satisfied they can so notify the Progressive party and at the same time they can confer with me and then determine on whatever action we may severally deem appropriate to meet the needs of the country."

THEO. ROOSEVELT.

Negroes Fight Officers.
Bluefields, W. Va.—Four were killed and two seriously wounded at Beckley, W. Va., when a negro mob attempted to take three negroes from deputy sheriffs. Two deputies and two negroes were killed and two deputies wounded.

Greeks Will Debilitate.
Athens.—The Greek cabinet has decided to publish immediately a demobilization decree, disbanding the twelve senior military classes.

DEMOCRATS TO ST. LOUIS

Party Leaders Say Republican Action Does Not Affect Their Plan To Name Wilson.

St. Louis.—Out of the echoes of the Chicago conventions there comes the sound of the advancing hosts of Democracy that are to meet here this week to name the standard bearers of their party for the presidential campaign. The advance guard of delegates came in scattered groups from Michigan and Illinois.

Chairman McCormack agreed the naming of former Justice Hughes by the Republicans would not in the slightest affect the plan of the Democrats to renominate President Wilson and Vice-President Marshall.

The renominating of Wilson and Marshall after the 1,082 delegates have adopted a platform which in the main has been sketched by President Wilson is expected to be carried through without a hitch late Friday night of June 10 or early Saturday morning. The names of one or possibly two or three other candidates besides that of Mr. Marshall may be presented in convention for vice-president, but are expected to be withdrawn before the first roll call is concluded.

23 German Ships Sunk.

London.—According to a Reuters dispatch from Mulden, Holland, the crew of a trawler which was taken by the Germans to Cuxhaven, but later was released, declared they learned at Cuxhaven that of the German vessels participating in the Skagerrak battle six great war vessels and 17 destroyers did not return. Among the names of the vessels reported lost, the sailors say they heard the *Outremer*, a battleship of 22,440 tons, mentioned.

Mine Sunk Kitchener Ship.

London.—The British cruiser *Kitchener*, on which Field Marshal Earl Kitchener and members of his staff were lost, was sunk by a mine. It was officially announced. All hope has been abandoned for all save the 12 men from the Hampshire who were washed ashore on a raft.

U. S. CONSULATE IS STONED

Mexican Mob Driven Away By Detachment of Troops at Chihuahua.

Threat Against U. S.

Chihuahua City, Mexico.—A mob of several thousand persons attacked the American consulate here, tore down the official consulate shield over the door and shattered all the windows. Gen. Lopez rushed a detachment of troops to the consulate and drove the infuriated mob away from the building.

The crowd then swarmed toward the Foreign Club. All sorts of missiles were hurled through the windows. The doors were broken down and unsuccessful attempts were made to burn down the building.

A score of foreigners, including several Americans, who had taken refuge in the Foreign Club, escaped by making their way over the roofs. They were pursued by the mobs and their homes stoned.

The city has been placed under martial law by Gen. Trevino. The mob outbreaks followed a patriotic manifestation that was held at the opera house. Gen. Trevino told the gathering in the opera house that unless the American government withdrew its soldiers from Mexico, the de facto government would call all Mexicans to arms.

FORT VAUX CAPTURED.

Germans Take Demolished Works After Hard Struggle.

Paris.—An official communication issued by the war office June 8 reads: "After seven days of ferocious fighting against assaulting forces whose numbers were constantly renewed, the French garrison at Fort Vaux reached the limit of its strength and was not able to prevent the enemy from occupying this position, which had been completely ruined by a ferocious bombardment lasting seven days. We hold the immediate surroundings of the fort, as well as the trenches to the right and to the left of it. In front of these every attack delivered by the enemy has been broken by our fire."

AMERICAN CONSULATE BURNED.

Mexicans Drag Old Glory Through Streets and Apply Torch.

El Paso.—The American consulate at Durango City, Durango, was destroyed by fire during anti-American demonstrations, according to information received here by army officers. The rioters applied a torch to the building after dragging the flag through the streets.

Will Execute Seven Mexicans.

Santa Fe, N. M.—Seven Mexicans, arrested after the raid on Columbus, N. M., and recently sentenced to death, have been taken from the penitentiary here to Deming, N. M., for execution.

333 Naval Officers Killed.

London.—A total of 333 officers were killed in the Jutland battle, according to the admiralty. This list shows that practically all the officers of the cruisers *Queen Mary*, *Invincible*, *Indefatigable*, *Defence* and *Black Prince* and of the destroyers *Tipperary*, *Turblant*, *Fortune*, *Ardent*, *Nomad*, *Nestor* and *Shark* perished. All the officers except one on the *Warrior* were saved and all the officers from the *Sparrowhawk*. On the other ships 27 officers were killed and 23 wounded.

Suffrage Cause Defeated.

Baton Rouge, La.—The Louisiana house defeated the measure which would provide for submitting to the voters a constitutional amendment granting the ballot to Louisiana women. The vote was 60 to 49 against the bill.

Kitchener Ship Survivors.

London.—One warrant officer and 11 men, survivors of the cruiser *Kitchener*, which went down with Earl Kitchener and his staff aboard, have been washed ashore on a raft.

HUGHES CHOSEN TO LEAD REPUBLICANS

SUPREME COURT JUSTICE NAMED ON THIRD BALLOT—RECEIVED 949½ VOTES.

FAIRBANKS IN SECOND PLACE

Effort of Roosevelt To Name Lodge For First Place Fails—Conferees Fail To Unite With the Progressives.

Chicago.—Charles Evans Hughes, former governor of New York and associate justice of the supreme court, was nominated on June 10 for the presidency by the Republican national convention.

Charles Warren Fairbanks of Indiana, elected vice president with Theodore Roosevelt in 1904, again was chosen for second place on the Republican ticket.

Both nominations by overwhelming majorities on the first ballot of the day—the third ballot of the convention for the presidency—were by acclamation made unanimous.

Senator Lodge of Massachusetts presented by Col. Roosevelt as a compromise candidate received seven votes. Col. Roosevelt himself received 18½ scattered over 12 states.

The nominating ballot showed this count:

Hughes 949½, Roosevelt 18½, Lodge 7, DuPont 3, Weeks 3, LaFollette 3, absent 1. Total 987.

Although Frank H. Hitchcock, leader of the Hughes supporters, let it be known that the Hughes men wanted Burton for second place, Ohio withdrew Burton's name, leaving the field to Mr. Fairbanks and former Senator Burkett of Nebraska.

The nomination of Mr. Hughes was made possible so soon by an overnight breakup of the allied favorite sons combination, which early on the morning of June 10 released its delegates, practically all of whom were known to favor Mr. Hughes when freed from their instructions.

When the convention began business the withdrawal of the favorite sons was announced from the platform, one after another, and the votes began flopping into the Hughes column in solid blocks so rapidly that the nomination plainly was assured before the roll call had gone five gates.

When it got to Colorado the drift was so apparent that a proposal to make it unanimous or nominate him by acclamation was made, but Chairman Harding ruled that the balloting should take its regular course.

Each addition to the Hughes column was greeted by yells of exultation from the rapidly accumulating Hughes delegates and steadily, state by state, the votes piled up until New Jersey carried it past 494, and the remainder was only a formality.

Although the convention had no word that Mr. Hughes would accept and no statement of his position, one came along soon afterward, but not until the convention had adjourned. The former justice had kept to his determination to utter no word in his own behalf, to make no new announcement of his position on issues and to say nothing which might be construed as becoming a candidate while he wore the robe of a justice in the world's greatest court.

Before the nominating ballot was taken Senator Smoot announced the report of the latest meeting of the Republican conferees with the conferees of the Progressive convention, disclosing that the Republicans had presented the name of Mr. Hughes for their consideration as a candidate on whom both conventions could unite. He also read the reply of the Progressive conferees, which merely was an acknowledgment of receipt of the proposal. Then he read Col. Roosevelt's telegram to the Progressive convention, which had been brought to the Coliseum by John McGrath, the colonel's secretary, suggesting Senator Lodge.

Before he had finished the reading word came and was announced in the Coliseum that the Progressive convention itself had not only tabled the Republican proposal of Mr. Hughes, but had tabled Col. Roosevelt's own proposal of Senator Lodge as well. No one in the Republican convention really expected Col. Roosevelt's compromise to be accepted, neither did they feel the Progressives would accept Mr. Hughes.

There was a gallery demonstration, not so prolonged a one as the day before, at the announcement of Col. Roosevelt's proposal.

Hoboken Wharves Bombarded.

London.—An allied air squadron has successfully bombarded the wharves at Hoboken, near Antwerp, according to a dispatch from Maastricht. The Germans are said to have been building destroyers at Hoboken. The squadron was fired on by German batteries, but returned to its base safely.

Texas Has First Bale.

Lyford, Tex.—All records for a first bale of cotton were broken by seven days here when the first bale of the 1916 crop was ginned and forwarded to Houston by express. The bale weighed 518 pounds.

Dutch Army Is Ready.

London.—A dispatch from Amsterdam says that a statement has been issued from the Dutch army general headquarters, stating that the army is thoroughly prepared and equipped for any possible war.

HUGHES SENDS ACCEPTANCE

Supreme Justice Resigns Bench and Utters First Word On Policies. Resignation Accepted.

Washington.—Charles Evans Hughes on June 10 resigned from the supreme bench and accepted the Republican nomination for president. In a telegram denouncing the administration's foreign policies and declaring for a "dominant, thoroughgoing Americanism," he gave his decision to Chairman Harding of the Republican national convention and broke the long silence which had kept the leaders of his party in the dark as to his attitude on what they termed the great issues of the day.

"I have not desired the nomination," the telegram said. "I have wished to remain on the bench. But in this critical period of our national history I recognize that it is your right to summon and that it is my paramount duty to respond."

Within an hour after Chairman Harding had notified him of his nomination Mr. Hughes had accepted the call. His resignation, a scant two-line letter without a superfluous word, was on its way to the White House from the Hughes home before the message of acceptance and called the waiting newspaper men into his study to tell them of his decision. President Wilson accepted the resignation in a reply almost as brief. Apparently Mr. Hughes' letter was framed so that the president might be saved the embarrassment of expressing regret or making more than a formal reply.

"I hereby resign the office of associate justice of the supreme court of the United States," he wrote, to which the president replied: "I am in receipt of your letter of resignation and feel constrained to yield to your desire. I, therefore, accept your resignation as justice of the supreme court of the United States, to take effect at once."

RUSSIANS CAPTURE LUSK

Czar's Advancing Lines Take Series of Strong Positions from Austrians—Many Prisoners Captured.

Petrograd.—The capture of Lutsk, in Volhynia, and also of a series of powerful organized Austrian positions, is announced in an official communication are given out here.

In addition to the Austrians previously captured in the offensive movement recently inaugurated, the statement says there were captured in the fighting at Lutsk 58 officers and 11,000 men. A large amount of war material also was taken.

It is stated that the Austrian lines have been broken in Volhynia and that they have been withdrawn nearly 20 miles throughout the Lutsk sector.

Likewise in Galicia there has been no let-up in the Russian attacks against the soldiers of the dual monarchy, from whom they have captured along the lower reaches of the tripartite river heavily fortified positions. In the fighting the Russians have materially added to their prisoners and their stores of captured guns, machine guns and war material.

Considerable activity was shown by the Germans against the Russians on the northern sections of the Russian front, where the Germans' guns have heavily bombarded the line along the Dvina to the lake region south of Dvinsk, and thrown infantry attacks against the Russian positions south of Smorgon. In this latter region the Germans report the capture of the village of Kunawa, but Petrograd asserts that all their attacks were repulsed.

ADMITS GREATER LOSSES

Germany Says Full News of Great Naval Battle Was Withheld For Military Reasons.

Berlin.—An official statement gives the total loss of the German high sea forces during the battle off Jutland and up to the present time as one battle cruiser, one ship of the line of old construction, four small cruisers and five torpedo boats. The statement says:

"Of these losses the battleship *Pommern* was launched in 1905. The loss of the cruisers *Wiesbaden*, *Elbing*, *Frankenlob* and five torpedo boats has already been reported in official statements. For military reasons we refrained until now from making public the loss of the battle cruiser *Lutzow* and the cruiser *Rostock*."

Hoboken Wharves Bombarded.

London.—An allied air squadron has successfully bombarded the wharves at Hoboken, near Antwerp, according to a dispatch from Maastricht. The Germans are said to have been building destroyers at Hoboken. The squadron was fired on by German batteries, but returned to its base safely.

BEREA COLLEGE GRADUATES 126

FIVE SOUTHERN MOUNTAIN STATES ARE REPRESENTED IN ANNUAL EVENT.

DR. GOSS DELIVERS ADDRESS

College Alumni Banquets—Many Prominent Persons From All Parts of Country View Exhibits.

Western Newspaper Union News Service. Berea, Ky.—One hundred and twenty-six students, representing five southern mountain states, were graduated from Berea college at the annual commencement. Twenty-two of these were graduates from the college department, twenty from the normal school, thirty-seven from the vocational schools—agriculture, home science and others. Dr. Charles F. Goss, of Cincinnati, delivered the commencement address, which was followed by dinner for the college alumni and other guests.

Twenty-four years ago William G. Frost resigned the professorship of Greek in Oberlin college and came to Kentucky to accept the presidency of Berea college. It was at that time a struggling school of some 350 students and a dozen teachers. To-day's commencement exercises marked the close of twenty-four years of President Frost's administration, during which the institution has grown to large proportions with an enrollment of nearly 1,500 and a faculty of nearly 100 commissioned workers.

During the morning the graduates of the vocational schools, the normal school and the college presented their programs of demonstrations and speeches and received their certificates, diplomas and degrees. Every graduate of all departments received a Bible as a present.

COLSON HEADS VETERANS

Officers Elected By Spanish War Veterans of Kentucky.

Lexington, Ky.—The twelfth annual encampment of the United Spanish War Veterans of Kentucky, which convened here, completed its sessions with the election of the following officers: Department commander, W. M. Colson, Louisville; senior vice commander, Samuel E. Gipe, Owensboro; junior vice commander, T. T. Creed, Lexington; marshal, J. P. Frederick, Lexington; historian, J. R. Sams, Lexington; chaplain, R. B. Rankin, Louisville; adjutant, R. M. Martin, Louisville; inspector, Morris Solomon, Newport. Delegates to the National convention at Chicago: J. P. Frederick, J. C. McComb, Esten Hieatt and J. R. Sams. A legislative committee composed of J. Embury Allen, A. P. Gilmore, Samuel E. Gipe and J. R. Sams was appointed. Owensboro was chosen as the place for next year's State encampment. Proposals for the establishment of a Woman's Auxiliary in Lexington and Owensboro were discussed.

MILITARY TRAINING URGED

For Students By Curators of Transylvania College.

Lexington, Ky.—Military training for the students of Transylvania College was advocated at the meeting of the board of curators by J. S. Hocker, of Stanford, a member of the board. Mr. Hocker declared that this would be in line with the spirit of preparedness that now pervades the nation, and develop the student physically as well as in mental poise. The matter is referred to the executive committee for decision. The curators decided to inaugurate this summer a campaign for increasing the number of students which is expected eventually to bring it up to at least 500, and a chancellor, whose chief duties will be to interest the people of the state in the college and help advertise the institution, will be appointed and his name announced at commencement exercises. Tentative plans for constructing a girls' dormitory were discussed, and a decision will be reached at a later meeting as to whether a building for this purpose shall be purchased or constructed.

LARGE CLASS OF GRADUATES.

Henderson, Ky.—Before a crowd that filled the Grand Opera House to overflowing, Dr. E. L. Powell, of Louisville, made the commencement address. A class of 35 high school graduates, the class, composed of 21 young women and 14 young men, is one of the largest to graduate from the Barret Manual Training High School.

TRANSYLVANIA COMMENCEMENT.

Lexington, Ky.—The one hundred and eighteenth annual commencement exercises of Transylvania college were held, with Col. Miles Menander Dawson, of New York, delivering the graduation address. The class address for the college of the Bible was delivered by Earl Wellington Cash, of California, and the class address for Transylvania by Edwin Marx, of Mt. Carmel. The Doctor of Laws degree, honorary, was awarded to Dr. Thomas H. Kincaid.

KENTUCKY BREVITIES

Jackson, Ky.—The \$90,000 postoffice and court house building being erected at Jackson, Ky., is nearing completion.

Franklin, Ky.—The farmers of the county met at the courthouse here and organized a creamery company. Prof. W. H. Nicholls, of the Kentucky University, addressed the meeting.

Winchester, Ky.—The annual outing for young men of this city was held at the clubhouse on Kentucky river. The day had been set apart as "Fathers' day" on suggestion of Lewis Hampton.

Henderson, Ky.—H. A. Babb, instructor in the Barret Manual high school for a number of years, has resigned to accept the position of principal of the Ludlow, Ky., high school. Mr. Babb is a graduate of Kentucky University.

Georgetown, Ky.—Bids for the reconstruction of the inter-county seat roads with the proceeds of the \$100,000 bond issue are being advertised for by County Clerk William H. Gatewood. There will be fifty-six miles of roads reconstructed.

Owensboro, Ky.—According to the opinion of the fiscal authorities of Daviess county the Owensboro banks have not bid high enough in their offer of 2½ per cent interest on the \$600,000 that is soon to be realized from the recent sale of the county's road bonds.

Carlisle, Ky.—The city council of Carlisle has enacted an ordinance prohibiting the operation of motor vehicles with the cutout open or leaving the engine running without an attendant or to make unnecessary noises by racing the engine or with horns or signals.

Paducah, Ky.—The body of A. F. Morris, 71 years old, of Massac county, Illinois, was found floating in the Ohio River near his homeboat at Ogden's Landing, Ky. He was a veteran of the Civil War, and is survived by five brothers, two sisters and one daughter.

COLSON HEADS VETERANS

Officers Elected By Spanish War Veterans of Kentucky.

Lexington, Ky.—The twelfth annual encampment of the United Spanish War Veterans of Kentucky, which convened here, completed its sessions with the election of the following officers: Department commander, W. M. Colson, Louisville; senior vice commander, Samuel E. Gipe, Owensboro; junior vice commander, T. T. Creed, Lexington; marshal, J. P. Frederick, Lexington; historian, J. R. Sams, Lexington; chaplain, R. B. Rankin, Louisville; adjutant, R. M. Martin, Louisville; inspector, Morris Solomon, Newport. Delegates to the National convention at Chicago: J. P. Frederick, J. C. McComb, Esten Hieatt and J. R. Sams. A legislative committee composed of J. Embury Allen, A. P. Gilmore, Samuel E. Gipe and J. R. Sams was appointed. Owensboro was chosen as the place for next year's State encampment. Proposals for the establishment of a Woman's Auxiliary in Lexington and Owensboro were discussed.

Carlisle, Ky.—The model road, which has been under construction from Carlisle to the Bourbon county line at Millersburg, has been completed by Brent Haggard, of Winchester, the contractor. This road was begun last summer and was constructed by Nicholas county with state aid.

Winchester, Ky.—Fireman O. L. Stevens was perhaps fatally injured when an engine, pulling Freight Train No. 85 on the L. & E., jumped the track at Mistletree Station, about four miles from this city, and turned over. Stevens was pinned under the wreck, and it was several hours before he could be released.

Barbourville, Ky.—T. J. Vermillion & Son, railroad contractors of this city, have started work on the six-mile Cumberland river extension of Knox county's new highway system. Sam Jackson, of Flat Lick, has also started work on the three-mile link between Flat Rock and the Bell county border, this being a portion of the Dixie highway.

Franklin, Ky.—Mike Holleran, an Indianapolis oil developer, has secured leases on several thousand acres of land near Franklin and will begin drilling in a few days for oil. Fourteen years ago Holleran drilled a well 1,550 feet deep in the same locality. Gas has struck and he is of the opinion that oil exists in paying quantities in the eastern portion of the county.

Henderson, Ky.—In an effort to retain the government busch station here a lengthy petition signed by hundreds of business men and farmers has been forwarded to Dr. A. D. Melvin, chief of the United States Bureau of Animal Industry at Washington. Many telegrams have been sent to Senators James and Beckham and Congressman Kinghouse to use their efforts to retain the station.

Midway, Ky.—Henry Cooper, of Midway, is possibly the youngest man in the country to have ventured so many times on the uncertain sea of matrimony. He is only 30 years of age and has been married four times. He is a fine specimen of Kentucky manhood, and, while he possesses every indication of living many years to come, yet it is said that the last Mrs. Cooper proposes to give him a fair chase to the end of the road in this recent venture of his.

Georgetown, Ky.—The Rev. Elmer Lucas has accepted the principalship of the high school at Erlanger. Mr. Lucas graduated in Georgetown College in 1915, and has since had charge of several small churches in Central Kentucky.

Owensboro, Ky.—Owensboro's "Moonlight School," which is being financed by members of the Woman's Club, opened with an enrollment of eight pupils. All of the members of the class are adults and none of them ever had been in school before.

SUPPORT PRESIDENT PARAMOUNT ISSUE

Democratic Keynote Sounded by
Temporary Chairman Glynn.

DEFENDS NEUTRALITY POLICY

Advocates Defense Preparedness and
Flouts Militarism Bugaboo—Dis-
cusses Domestic Policies and
Eulogizes Mr. Wilson.

St. Louis, Mo., June 14.—Following is a condensed version of the address delivered at the opening of the Democratic national convention today by Temporary Chairman Martin H. Glynn, former governor of New York. Glynn, in his address, declared that the Democratic party, in this convention assembled, meets to perform a duty, not to itself but to the nation.

We have entered this hall as Democrats; we shall deliberate and act here as Americans.

If in this great crisis that now confronts the nation, the American people falter, their apostasy will be visited upon the descendants of their children's children.

Disregarding the divisions that make one man a Tory and another a Whig, one man a Republican and another a Democrat, Americans will cast aside the tinsel of party emblems.

From the great, pulsing heart of the nation will come a patriot command to crush partisanship and rebuke whatever is mean or blind.

And when, a century from now, America's children come to read our history, we pray God that the history we are about to make may prove an inspiration to their loyalty.

In the attainment of this hope, the utterance of this prayer we who gather here today have a responsibility that sobers our emotions as it strengthens our resolutions.

For two years the world has been afire. That fire still burns, but thus far the United States has held the flame at bay.

Must Support Principles.

What the people of the United States must determine through their suffrage is whether the principles that have been asserted as our national policy shall be indorsed or withdrawn.

This is the paramount issue. For 200 years neutrality was a theory; America made it a fact. To win this priceless right of neutrality this nation had to undergo a long and painful struggle.

Where is the American hardy enough to challenge a policy so firmly fixed in the nation's traditions?

The president of the United States stands today where stood the men who made America and who saved America and made American neutrality a national creed.

If Washington was right, if Jefferson was right, if Hamilton was right, if Lincoln was right, then the president of the United States is right today; if the Republican leaders are right then Lincoln was wrong and Jefferson was wrong and Hamilton was wrong.

In all the history of the world there is no other national policy that has justified itself so completely and entirely as the American policy of neutrality and isolation from the quarrels of European powers.

Neutral Rights Asserted.

No American who knows the facts can honestly oppose or criticize the policy of neutrality which the present Democratic administration has pursued.

America's doctrine of neutrality never meant that this nation must rush headlong into war at the first invasion of its neutral rights. This does not mean that America will not resort to war when all other means of protecting its neutral rights have failed, but it does mean that America will exhaust every peaceful means of protecting those rights before it takes the step from which there is no appeal.

The issue, raised by our opponents, of the vigor with which our neutrality has been enforced is a comparative issue which can be decided only by comparative results.

When Grant was president, during the war between Spain and the Spanish West Indies, a Spanish gunboat seized the vessel *Virginius* flying the American flag and a Spanish commandant in cold blood shot the captain of the *Virginius*, 36 of the crew and 16 of the passengers.

But we didn't go to war. Grant settled our troubles by negotiation. When Benjamin Harrison was president the people of Chili conceived a violent dislike to the United States. One junior officer from the United States warship *Baltimore* was killed outright in the streets of Valparaiso and 16 of our sailors were injured.

But we didn't go to war. Harrison settled our troubles by negotiation. More Historical Facts.

When Lincoln was president this country's rights were violated on every side. England, Russia, France and Spain were guilty of flagrant violations.

But we didn't go to war. Lincoln settled our troubles by negotiation. When Pierce was president the British minister in this country and three of his consuls violated our neutrality during the Crimean war. We gave these representatives of Great

Britain their passports and sent them home.

But we didn't go to war. Pierce settled our troubles by negotiation. When Van Buren was president a detachment of Canadian militia, during the internal troubles in Canada, boarded the U. S. ship *Carolina* in the American waters of Niagara river, killed an American member of the crew, fired the ship and sent her adrift over Niagara Falls.

But we didn't go to war. Van Buren settled our troubles by negotiation. When Jefferson was president England seized hundreds of our ships and Napoleon hundreds more.

But we didn't go to war. Jefferson settled our troubles by negotiation. When Adams was president France preyed upon our commerce until she had piled up in our state department charges of over 2,300 violations of neutrality's law.

But we didn't go to war. Adams settled our troubles by negotiation. When Washington was president and, "neutrality" first declared, war convulsed Europe. England and France seized 400 of our ships and confiscated millions of dollars' worth of our property.

But we didn't go to war. Washington settled our troubles by negotiation. In his policy of peaceful negotiations today the president of the United States follows the example set him by the greatest presidents the Democratic party and the greatest presidents the Republican party ever gave this nation.

Policy of Negotiation.

"To maintain our national honor by peace if we can, by war if we must," is the motto of the president of the United States.

But before submitting to the chance and misery of war, true statesmen that he is, he proposes to put the reason and justice of negotiation to the test.

But, say our critics, this policy satisfies no one.

They mean it does not satisfy those who would map out a new and untried course for this nation to pursue.

The first of these is the federal reserve act which freed the business man and the farmer from the financial domination of the money changers and lifted the menace of panic from our industrial life.

In the same spirit and with the same motive that inspired the federal reserve act this administration has devoted itself to the stimulation of American industry, agriculture and trade through all the agencies of government.

New Meaning to Laws.

It has given a new meaning and a new force to the laws restraining big business from stifling competition.

It has created a trade commission to afford to business generally a more direct and prompt administration of the laws relating to business.

It has established government representatives throughout the world, whose sole duty is to foster the expansion of American trade.

It has created a closer union of economic, commercial and financial interests between the United States and the nations of South America.

It has declared in language that no court and no employer can compel his men to work for him against their will.

It has freed the farmer from the chains of a financial system which was devised for business and not for farming.

I cannot close this review of what the present administration has accomplished without advertising to its courageous and statesmanlike solution of the national tariff problem.

Of all the tariffs we ever enacted this is the fairest and the best.

By the Underwood law this administration has taken the tariff out of politics; by the new tariff commission it proposes to take politics out of the tariff.

Under the present administration the United States has enjoyed a wonderful era of good business and good times.

Floodtide of Prosperity.

The floodtide of our prosperity has risen to such an unprecedented height that the only limit to trade is our ability to make and transport the commodities demanded at home and abroad.

The purchasing power of our people is greater than that of any other people on the globe. Never was there as much money in our vaults as today.

Nowhere else on earth is there a more equitable distribution of what the energy of labor hammers into existence out of the material which capital places in its hand.

Measured by every possible standard—by the volume of exports and imports, by the condition of labor, by the rate of wages, by the size of bank deposits and clearinghouse returns, by the balance of trade or by the amount of gold in the country, by any and all of these standards, this country today is enjoying prosperity such as no other country has ever enjoyed before.

Wilson the Man.

Americanism and peace, preparedness and prosperity—these are the issues upon which the Democratic party stands, and the heart of Democracy swells with pride that is more than a pride of party, as it hails the man, who has asserted this Americanism, assured this peace, advocated this preparedness and produced this prosperity.

The man who is president of the United States today has measured up to the best traditions of a great office.

And when the history of these days comes to be written, and the children of tomorrow read their nation's story, when time shall have dispelled all misconception, and the years shall have rendered their impartial verdict, one name will shine in golden splendor upon the page that is blackened with the tale of Europe's war, one name will represent the triumph of American principles over the hosts of darkness and of death.

That name will be the name of Woodrow Wilson, president and president to be.

maintain its neutral rights against every belligerent.

This convention must make it plain that all divisions among the American people stop at the ocean's edge. Over and above every other reason that the nation may have for upholding its president, is the necessity of proving to the world that we are a united people.

So long as the other nations of the earth realize that the millions under America's flag think as one, believe as one and act as one in the face of foreign war, we shall be free from foreign intrigue, and all that it entails.

High above every other issue that this convention offers to the American people we must therefore write a vindication of American loyalty.

Our Domestic Policies.

Four years ago the people of this country entrusted their government to a man and to a party who promised that they would liberate the nation from the chains of industrial tyranny, who pledged themselves to break down the barriers behind which special privilege sat entrenched; who engaged themselves to emancipate business, to throw wide the gate of lawful enterprise, to restore to the men and women of America the paths of progress which had been choked and blocked by long years of invisible government.

That promise has been kept; that pledge has been redeemed. We must content ourselves here with a brief consideration of the great landmarks which chart the change from government for the fortunate few to an even-handed government in the interest of all.

The first of these is the federal reserve act which freed the business man and the farmer from the financial domination of the money changers and lifted the menace of panic from our industrial life.

In the same spirit and with the same motive that inspired the federal reserve act this administration has devoted itself to the stimulation of American industry, agriculture and trade through all the agencies of government.

KENTUCKY HAS 1920 EMPLOYEES

REPORT OF EXAMINER NEWELL
SHOWS THE AVERAGE PAY
TO BE \$703.67.

LEGISLATURE ORDERS REPORT

Payroll is Figured at \$1,350,053—Includes the Governor and All State Officials.

(Special Frankfort Correspondence.)

Frankfort.—Kentucky's 1920 employees draw an average salary of \$703.67. This includes the pay of the governor, secretary of state, auditor, attorney general, state superintendent, clerk of the court of appeals, commissioner of agriculture, appellate judges and the office forces, heads of the State University and normal schools and faculties, members of the state board of control, prison commissioners, state hospital officers and attendants, prison officers and guards, game, forestry, geological survey, state board of health, tuberculosis, banking, insurance, insurance rating board, agriculture, state fair, automobile, capital custodian, historical, hotel, library, railroad, public road, racing, mining, inspector and examiner, fire marshals, pension, printing departments, military department, home for the blind, home for the deaf, the Confederate Home, Children's Home Societies, home for incurables, Kentucky Normal and Industrial Institute, the state experiment station and the state board of equalization.

The payroll of the state, according to the report ordered by the General Assembly and compiled by State Inspector and Examiner Nat B. Sewell, is \$1,351,053.03, aside from certain part-time employees in some of the departments engaged by the day. Some of these departments pay their own way. Added to the payroll besides these are the 35 circuit judges and 35 commonwealth's attorneys, who bring the number of employees up to 1,970, and the payroll to \$1,536,553.03.

Mileage Charges Cleared.

Charges that witness claims allowed in the Clark circuit court for the terms of 1914 were excessive were cleared by a report of State Inspector and Examiner Nat B. Sewell, who made an inspection and reported that not only were the unusually large amount of fees allowed fully explained, but that Judge Benton had exercised unusual care and discrimination.

He allowed mileage only one time where a witness was called in more than one case and refused to allow claims of character witnesses. He disallowed mileage in thirty-five claims in one case. This was especially important, because seventeen murder cases were transferred from Breathitt to Clark and twenty-four false swearing cases grew out of the trials. All the witnesses came from Breathitt. That same year they tried four murder cases transferred to Clark from Powell county. Inspector and Examiner Sewell collected in Clark county \$52.44 from former County Clerk J. A. Boone; \$73.52 from County Clerk H. C. Skinner and \$15.60 from former County Judge J. M. Stevenson.

Considering New Machinery.

The Kentucky Game and Fish Commission held a meeting here, for which one of the principal purposes was the completion of plans for the bass hatchery at the Forks of Elkhorn, to be constructed by the sportsmen of the state. An old mill race is being utilized and several ponds will be constructed. Federal departmental officials have declared it to be the best natural location for hatchery they ever have seen.

Chairman J. G. Sachs, of Louisville; R. R. Burnam, of Richmond; J. E. Grider, Jr., of Fredonia, and Executive Agent J. Q. Ward were present at the session.

Harris is Pardoned.

The Kentucky Prison Commission paroled Beach Harris, whose trial and conviction a number of years ago at Jackson, Breathitt county, for the murder of his father, James Harris, attracted wide attention. It was brought out at the trial that young Harris shot his father in the course of a quarrel. He was sentenced to life imprisonment.

Life Certificates Issued.

The State Board of Education has granted life certificates to Miss Emma Claybourne, of Lexington; Miss Laura T. Robinson, of Lyndon; Andrew J. Wells, of Hardin; Robert Martin, of Ivan; Miss Besse Cokendolther, of Springfield; Mrs. J. E. Logsdon, of Louisville; Miss Fannie Wilson, of Palmouth, and Joseph Pikerston, of Brodhead.

Chicken Farms Encouraged.

Community poultry breeding, experimented with by twenty-five farmers of Science Hill, Pulaski county, is another demonstration work the department is watching. With the same breed of chickens and standardized eggs they are seeking to build up a market on a co-operative handling basis. The inspection of nursery stock occasioned by a threatened quarantine against Kentucky and conducted by State Entomologist Garman, showed that for the first year foreign nursery stock arrived in bad condition.

Capitol Ice Plant Proposed.

An ice plant may be constructed at the Capitol power plant. John V. McDermott, chief engineer, submitted a proposition to the Capitol Commission, which directed him to get estimates on the cost. The ice plant would be installed in place of the present refrigerating plant, now gone into disuse. A contract for relaying, ranitold sidewalks about the Capitol and Mansion grounds was let to W. S. Polagrove for 10 1/2 cents the square foot. A contract for awnings for the Mansion was let to the Louisville Tent & Awning Company for \$294. A contract for pointing up loose marble in the Capitol corridors and removing stains from the stairways was let to H. B. Crumbaugh for \$213.

Forest Fires Decrease.

Less than half as many forest fires, burning over less than a third of the acreage and doing little more than a third as much damage as last spring, were reported to State Forester J. E. Barton by local forest wardens this spring. Most of the fires were caused by brush burning, but the fact that there were only fifty-six this spring as compared to 142 up to June 1, 1915, shows that the educational campaign conducted by Forester Barton, as well as the surveillance of his wardens, has resulted successfully. The acreage burned over this spring was 10,532. Last year it was 37,126. The damage done this year was estimated at \$33,041, and last year \$88,958.

Money For Negro Schools.

The general education board notified State Superintendent Gilbert that it has complied with his request for more money for upbuilding negro schools, and will appropriate \$2,956 this year, \$2,000 for salaries of negro county supervisors and \$956 for the benefit of county teachers' training schools. Bourbon will get \$350, one third the cost of a teachers' cottage where they can reside during the term; Nicholas will get \$300 for the same purpose and the remaining \$300 go to another.

Coal Contracts Awarded.

The State Board of Control of Charitable Institutions let contracts for coal for the different institutions under its control. The contracts follow: Feeble-Minded Institute, Frankfort, 3,500 tons, at \$2.40 a ton, Hoge Coal and Feed Co.; Lexington State Hospital, 7,500 tons, at \$2.40 a ton, Cabin Creek Coal Co.; Lakeland State Hospital, 10,400 tons, at \$2.45 a ton, Tway Coal Co.; Western State Hospital, 7,500 tons, at \$5 cents a ton, Gordon Coal Company.

Harkness Judgment Filed.

The compromise agreement between Sheriff Bradley, of Fayette county, and the estate of L. V. Harkness in the sheriff's suit for taxes against the estate, was filed in the office of State Auditor Greene. The state receives \$103,750, of which \$81,000 goes to the school fund; the road department receives \$3,937.50; Fayette county receives \$109,000; Fayette schools \$36,250; Sheriff Bradley, \$45,000, and County Attorney Hogan Yancy \$56,000.

Hines and Carr Appointed.

Gov. Stanley has announced the appointment of Henry Hines, of Bowling Green, and Herbert Carr, of Fulton, as members of the Prison Board, succeeding Daniel E. O'Sullivan, of Louisville, and M. F. Conley, of Louisa, whose terms have just expired. The appointment of Thomas Hatcher to succeed Henry Lawrence, of Cadiz, was made in January.

State Treasurer's Report.

The balance in the state treasury at the close of business, May 31, was \$1,086,914.21, distributed as follows: Sinking fund, \$43,689.31; school fund, \$188,617.60; State University fund, \$1,090.38; general expenditures fund, \$853,516.92; outstanding state warrants, \$3,913,244.19; outstanding April 30, \$3,694,967.38.

Reduces Sand Rate.

Louisville & Nashville Railroad Co. has agreed to reduce its freight rate on sand from Lexington to this city from 75 cents to 60 cents. The Olaton Roller Mills Co., Olaton, filed a petition with the State Railroad Commission asking for depot facilities at Olaton, a station on the Illinois Central railroad.

Secretary Not Elected.

The State Tuberculosis Commission failed to name a secretary to succeed Col. L. Maus, and he will serve until his successor is elected. It is generally believed that Dr. Milton Board, of Louisville, formerly a member of the State Board of Control, will be Col. Maus' successor.

To Test Militiamen.

Sergeant Gordon H. Barnes and Private Earl C. McDougle, of M. Company, First Regiment, K. N. G., Richmond, represented Kentucky at the examination held at Columbus Barracks, Ohio, for entrance to West Point.

Against Hog Cholera.

The campaign of the Federal Government and the Kentucky Live Stock Sanitary board to wipe hog cholera out of the state, begins in earnest next week. Dr. A. J. Payne, of the Federal Bureau of Animal Husbandry, will have charge of the work.

Bowling Green Case Set.

The State Railroad Commission set the hearing of the Bowling Green station case for June 29 at Bowling Green. Citizens are petitioning for a new station.

By Compulsion. "Do you think you will go away for the summer?" "Yes," replied the meek-looking man. "I expect to be perfectly miserable and spend a great deal more money than I can afford to spend, but I happen to have two marriageable daughters and a strong-minded wife, so I think I will go away for the summer."

Civic Rivalry. "I hear you had a cyclone out this way last week." "It was nothing to speak of," answered the Kansas man. "Just blew away a few henoops."

"But I heard that the county courthouse at Galesburg was blown away." "Well, sir, we citizens of the enterprising city of Galesburg, the logical place in the county for that courthouse, always refer to Galesville's makeshift affair as a hencoop."

He Had the Price. Bill McCabe's Peughkeepsie team was playing the Kingston team one day years ago, in the Atlantic league, and a guy named Fogarty was umpire. In the ninth inning, with the score tied, two of McCabe's men played out, and as Bill had only one man extra, he had to rush the bleacher seats to find a man to fill in. He drew a big hick, who said he couldn't play, but for the fun could fill in. There were two out at the time and the fans were excited.

Our hero, the hick, came to bat. He drew three balls and the next one across he picked over the left field fence for a homer. Instead of running, the fathead stood there while the crowd howled itself mad. McCabe ran out to him and yelled, "Run, you boob, run!"

The hick turned and faced Bill and in a slow voice drawled: "No, sir, I won't run. I'm no coward. I'll admit I lost your ball, but I got the money right here in my pocket to pay for it."

A Man's Worth

depends upon his power to produce what the world recognizes as of value.

And when you skirmish around you'll find that this power—which is just power of mind and body—depends to a remarkable degree on the food one eats.

For highest accomplishment one must have the best values in food—food which builds well-balanced bodies and brains.

Grape-Nuts

Nix-Eadie.

Saturday, evening June 3rd, a wedding of more than usual interest to local society, due to the popularity of both bride and groom, was solemnized at the First Presbyterian church, at 8:30 o'clock, in the marriage of Miss Grace Halloway Eadie, 3rd daughter of Mr. Arthur E. Eadie, of 1408 North street, to Mr. Barger Garman Nix, son of Don Nix, of near Murray, Ky. The Rev. Dr. Malcom N. McKay officiated.

The bride, who is an exceedingly attractive blond, was a picture of girlish loveliness in a toilette of white silk net and tulle.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dizziness, sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and each blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Scott & Bowne, Bloomfield, N. J.

ffeta, the short skirt ruffled and very full, with wired hem and pink rosebuds hidden among the folds, designed by her sister, Mrs. Charles Duke Murta. She wore high white boots, a pink bonnet hat and her flowers white roses and lilly of the valley.

There were no attendants, other than the immediate family, at the ceremony.

This wedding has been rumored for some time, so that, although no formal announcement had been made, it will not come as a surprise to the many friends of the bride and groom, who are great favorites among the younger set.

The bride is a young woman of great charm of manner and a talented musician.

Mr. Nix, who is a Kentuckian, has made many friends in the two years he has been in Ft. Smith. He is connected with the Calvert-McBride Printing company.

Mr. and Mrs. Nix will be at home after the 15th of June, in a handsome new bungalow which the groom has furnished for his bride.

The well wishes of a host of

friends will be showered upon these young people.—Ft. Smith (Texas) News.

ANOTHER LINK WITH MAYFIELD.

Mayfield Citizens Add Their Praise.

Another link with our neighboring town of Mayfield is provided in the following grateful and generous statement of a well known resident there:

Mr. John Baker, N. Sixth St., says: "My back was so sore at times that I could hardly stoop or straighten and at night I couldn't lie on it. The kidney secretions were too frequent and painful in passage. If left standing they contained sediment. One box of Doan's Kidney Pills cured me."

Over eight years later, Mr. Baker said: I have had no occasion to use Doan's Kidney Pills since they cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Baker has twice publicly recommended. Foster-Milburn Co. Props., Buffalo.

With corn above 50c hogs eat their heads off very quickly. The hog that takes two or three months to get on full feed never brings you a profit.

When you are ready to put your shoats on feed, begin with the B. A. Thomas Hog Medicine. Use regularly and watch your shoats round out into fat hogs in nine months—hogs going well over 200 pounds and as high as 240 pounds. Figure the average feeding and you why the B. A. Thomas medicine is a good investment. Try feeding out your hogs on this plan and if you are not more than pleased, we will refund the cost of the medicine.—Sexton Bros.

Chautauqua Season Tickets

In arranging to inaugurate this Chautauqua this year, the local committee bought 1,000 \$3.00 season tickets. After the opening day no season tickets can be had for less than \$3.00. For the single admissions to the respective entertainments, see the official programs.

Season tickets are non-transferable except within the owner's family. The name of some member of the family must be written in ink upon every season ticket. This provision is made primarily as a protection to the owner in case the ticket should be lost.

Children's tickets admit children aged six to fourteen years inclusive. All children are admitted to the children's work free.

These tickets will be sold while they last at \$2.50 each.

Luther Jackson and Will Huie have bought the soda fountain and fixtures of the Fulton Jewelry Company. They will shortly move it to the building occupied by the Jeffreys barber shop and also engage in the restaurant business. Mr. Jeffreys will move to the Fulton building. These gentlemen know the restaurant business and will get a good patronage, which they deserve.

The Civic League, and city council are to be congratulated on the removal of the old building known as the Betty Coleman house. It is hoped that this is only a beginning and other houses which serve no purpose and are a menace in increasing the fire risk and spreading disease germs will be torn down. A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill.—"While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. Sheldon, 5687 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

IN THE LIMELIGHT

SCOTT IS RESOURCEFUL

Congressman Frank D. Scott of Michigan is a man of resourcefulness and capabilities. He was resourceful even back in the days when he was a mere college student. There was a certain course of study Scott was pursuing under the direction of a professor whom we may call Hicks. Examination season approached and it occurred to Scott that he knew only in a very general and sketchy way the things he might be called upon by Hicks to write down on paper. Moreover, he had a feeling that he was not personally popular with Hicks.

The situation seemed extremely grave to Scott, and he cast about for some way in which to ingratiate himself on Hicks. After a careful inquiry in Hicks' habits he found that the professor passed the collection plate in a small church. Scott began to attend that church. For three consecutive Sundays—the three prior to the examination—he occupied a seat in that part of the church which comprised Hicks' collection territory. When Hicks came to his seat, Scott rather ostentatiously dropped a large silver dollar into the plate with a loud noise. Each Sunday, mind you, for three weeks he borrowed a dollar and did that. Then he went to his examination and slipped through by a narrow but safe margin. And he never found out whether he got through owing to his store of information on the subject or his vulgar display of wealth and generosity.

TOO MUCH FOR UNTERMYER

Samuel Untermyer, Bethlehem steel prince, Wall street attorney and steel-trust and money-devil hunter, was once counsel for the Pujos money-trust committee of the house.

There were a lot of witnesses before that committee, and many of them were intensely hostile to Mr. Untermyer. One of these was President Hine of the First National bank of New York. He was just as good a dodger as Mr. Untermyer was a questioner. Mr. Untermyer asked a question about a mile long and Mr. Hine made a reply that would have reached from New York to Oshkosh. Then Mr. Untermyer asked another question, endeavoring to get Mr. Hine down to a simple answer. Mr. Hine delivered another long answer, which looked the same upside down, right side up, backward or forward.

About half an hour was consumed in this banter and Untermyer grew peevish. "I would like the witness to be made to answer 'yes' or 'no,'" Mr. Untermyer demanded, "and I would like the committee to explain its rights."

Chairman Pujos then delivered an oration, in which he said in substance that the witness must make a definite answer or decline to answer at all.

"All right," said Hine. "I'll try to answer your question. What was it?" Mr. Untermyer tried to ask it all over. He stumbled on the second sentence and then said:

"Let the stenographer read the question."

At that point the stenographer arose and said: "The other fellow took that part of the testimony and has just left the building to go downtown and transcribe it. I just came in."

Mr. Untermyer knitted his brows together in deep thought. Then he said: "The witness is excused."

FINANCIER OF YUCATAN

Dr. Victor L. Rendon of Yucatan, statesman and financier, probably will be selected by General Carranza as head of a special financial commission invested with authority to conduct preliminary negotiations for a foreign loan for Mexico, according to reports from Mexico City.

Dr. Rendon successfully negotiated recently a \$10,000,000 loan with American bankers for the Yucatan farmers' sisal marketing system. He is a native of Yucatan and a graduate of the universities of Mexico and Paris, and won an enviable reputation among his competitors by the ease and success with which he handled the sisal loan.

Dr. Rendon was one of the pioneers in the fight for the establishment of a democratic government in Mexico. He conducted an active propaganda against the Porfirio Diaz government and gave his support to the Madero revolution.

For a time he was secretary of state in Yucatan. Because of his knowledge of American ideals and customs and an extended residence in the United States he has been enabled on several occasions to render valuable service to the Carranza government.

JOHN C. EVERSMAN

John C. Eversman will have a large part in the work of directing the publicity propaganda of the Republicans during the coming presidential campaign. Mr. Eversman has had long experience in politics and in what might be called political publicity. For a long time he has been the confidential associate of Representative William B. McKinley of Illinois.

During the various periods of time that Mr. McKinley was connected with the Republican congressional campaign committee in one or another of official capacity, Mr. Eversman worked with him side by side. Between campaigns their association continued. In fact, Mr. McKinley and Mr. Eversman have been bound together by ties of labor and friendship for a great many years.

Four years ago William B. McKinley took charge of William H. Taft's campaign for the nomination for the presidency. At that time Mr. Eversman was with him as he had been with him before and has been with him since. It is understood that the Republicans intend to do much along publicity lines between now and next November. Mr. Eversman will have much work to do, but he will be equal to it. He is a member of the National Press club in Washington and is a great favorite with newspaper men through the country. He has spent most of his time in the city of Washington in the last ten or fifteen years.

MAKE THIS EXPERIMENT; TRY DARKENING YOUR GRAY HAIR WITHOUT DYES—HARMLESS.

If your hair is gray, faded, streaked or prematurely gray you may have beautiful, soft, fluffy, evenly dark hair by shampooing your scalp and hair a few times with Q-Ban Hair Color Restorer. This is a simple, harmless, ready-to-use liquid (no dye) that acts on the roots of the hair, making hair and scalp healthy, so all your gray hair and every strand of hair becomes so naturally and evenly dark that no one could tell you had applied Q-Ban. Try it yourself; a big bottle sent prepaid for 50c by Q-Ban Laboratories, Memphis, Tenn., or any druggist can get it for you.—Adv.

GALL STONES ELIMINATED

Nine years ago while under treatment of my physician, he advised me that it would be necessary to perform an operation for Gall Stones, or I would never get well. I procured Dr. Kilmer's Swamp-Root and after taking eight bottles was entirely cured. Am glad to say that I have never had a return of this trouble and would gladly recommend Swamp-Root to anyone so troubled.

Yours truly,

CALOMEL IS MERCURY, IT SICKENS! STOP USING SALIVATING DRUG

Don't Lose a Day's Work! If Your Liver Is Sluggish or Bowels Constipated Take "Dodson's Liver Tonic."—It's Fine!

You're bilious! Your liver is sluggish! You feel lazy, drowsy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tonic. Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tonic under my personal money-back guarantee that each spoonful will clean your

sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and cannot salivate. Give it to your children! Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

ASSOCIATIONS ARE A HABIT

We Even Form Clubs Over Question of Teething Rings Vs. Thumb.

Our passion for getting up associations is a bad symptom of intellectual foolishness. Every trade and profession among us, every interest and prejudice, every aspiration, hypothesis or question about a question has a gang of club members at its back.

The fashionable mothers get up societies to determine what plays their children shall see during the holidays. I know of one woman who was not able to decide whether she should give a rubber ring or a coral to her teething child or should leave him to nature and the thumb. She accordingly formed a society. It is called the Ring and Coral association and meets twice a month. It has recently split into two organizations through the secession of the antirubber and coralites.

By means of these two societies any mother may today escape the mental anguish of making a decision for herself upon this teething matter.—John J. Chapman, in Atlantic Monthly.

LUNG-VITA CURED HER

SAYS MRS. CLARK

Mrs. Rubie Clark, 315 Oriol St., Nashville, Tenn., writes as follows: "I was confined to my bed for some time, when your agent called on me and asked me to try Lung-Vita. I did so after having three doctors tell me I had tuberculosis, and I can gladly say that Lung-Vita cured me."

Lung-Vita has helped hundreds in cases of consumption and asthma—why not you? Let us send you a thirty-day treatment at \$1.75 or other testimonials showing what it has done in these diseases. Order a bottle today. Nashville Medicine Co., No. 6 Steger Building, Nashville, Tenn.—Adv.

An Oversight.

"And what have you done to bring you here?" asked the prison visitor of the man behind the bars.

"I ain't so much what I done," replied the prisoner, "as what I left undone."

"Ah, that is indeed sad."

"It sure is. If I'd only had sense enough to fix up a good strong alibi they'd never got the goods on me."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

HUGHES AND FAIRBANKS CHOSEN.

Chicago, June 10 — Charles Evans Hughes, former governor of New York, and until today associate justice of the supreme court of the United States, was nominated today for the presidency by the republican national convention.

Charles Warren Fairbanks, of Indiana, elected vice president with Theodore Roosevelt in 1904, again was chosen for second place on the republican ticket.

Both nominations were made by overwhelming majorities on the first ballot of the day, the third ballot of the convention, and by acclamation made unanimous.

Senator Lodge, of Massachusetts, presented by Col. Roosevelt as a compromise candidate, received seven votes. Col. Roosevelt himself received eighteen and a half votes, scattered over twelve states.

The nominating ballot showed this count: Hughes, 949; Roosevelt, 18; Lodge, 7; DuPont, 5; Weeks, 3; absent, 1; total, 987.

Washington, June 10. — Justice Hughes' letter of resignation sent to the White House by messenger contained one brief sentence. It read:

"June 10, 1916.
"To the President:
"I hereby resign the office of associate justice of the supreme court of the United States.

"I am, sir,
"Respectfully yours,
"Charles E. Hughes."

The president sent this reply to Justice Hughes' letter:

"Dear Mr. Justice Hughes:
"I am in receipt of your letter of resignation and I feel constrained to yield to your desire.

I, therefore, accept your resignation as justice of the supreme court of the United States to take effect at once.

"Sincerely yours,
"Woodrow Wilson."

Indianapolis, June 10 — Charles Warren Fairbanks, in a statement given out here tonight, accepted the republican nomination for vice president though he said: "I was not a candidate and requested the chairman of the Indiana delegation to withdraw my name if presented."

Chicago, June 10. — Col. Theodore Roosevelt was nominated today by the progressive national convention after four days of uproar and tumult, in which the delegates never wavered in their allegiance or cast a passing glance upon another man.

Three minutes before the convention adjourned until another time, Chairman Raymond Robins read to the delegates a brief message from Oyster Bay, in which Col. Roosevelt declined to accept the nomination at this time.

Few of the thousands in the vast auditorium realized when Mr. Robins rapped the gavel at 4:58 o'clock and declared the convention adjourned sine die that in a few hours or in a few weeks they might be a party without the one leader to whom they had come to Chicago to give a pledge of loyalty and faith.

Teachers examination will be held Friday and Saturday of this week. We are told that out of the sixty-five taking the last examination only twelve or fifteen received a first-class certificate. Pending the day when the state makes the requirement, the patrons should demand that any teacher of the common school branches have a high school diploma and at least nine months normal and that every high school teacher hold a degree. We would not think of employing a teacher who has just completed the third grade to teach the second, and yet we practically do it when we employ teachers to teach a common school running to the eighth grade who has had only a few months more schooling than the larger scholars. Demand the best for your children.

It's an Interesting Fact

That the two most successful Chautauques of the entire 120 towns and cities visited by the Redpath Chautauques last season were

**Jacksonville, Fla.,
and Chicago**

That the large cities are now AWAKE TO THE VALUE OF A REDPATH CHAUTAUQUA.

In turn, but emphasizes the Chautauqua's importance to the smaller city.

All institutions must eventually stand or fall on their merit. For the Chautauqua to find a permanent place in cities like Jacksonville and Chicago at once speaks for itself.

Season tickets for the forthcoming Chautauqua in this city are now on sale with the local auspices at \$2.50 each. After the opening day the price advances to \$3.00.
