PLUNGED INTO WELL.

Sad Suicide Near Bennetts town.

MRS HATTIE KRANTZ.

Ended Her Own Life in a Frightful Manner Yesterday.

RECENTLY DISCHARGED FROM ASYLUM.

A sad case of self destruction is reported from the vicinity of Bennetts town. Mrs. Hattie Boyd Krantz, daughter of Squire Andrew Boyd, one of the most prominent citizens in South Christian, is the victim.

Mrs. Krantz was recently an inmate of the asylum here but was discharged two weeks ago and was thought to be cured. She returned to the home of her father and husband, and had shown no symptoms of insanity and no tendency to suicide since her release.

TRANSCRIPT OF RECORDS.

Three Cases From Christian for the Court of Appeals.

Circuit Clerk Matt Sharling and his deputies were busy last week making transcripts of the records in three cases that will go for the Christian Circuit Court to the Court of Appeals.

The first is the case of W. T. Cavanaugh against J. T. Johnson. This was brought by Cavanaugh to gain possession of the office of Christian County Work-house keeper, his fees and emoluments, having been duly elected to the place.

Johnson refused to surrender. The judgment was in favor of Cavanaugh, from which decision Johnson appeals.

Mary G. Robinson's Executors against the North British Mercantile Insurance Company. The plaintiffs were owners of a house on which the defendant insured a fire policy of \$500. The plaintiff sold the dwelling to Mr. Adcock, but the policy was not transferred.

The house burned and the company refused payment on the policy. Plaintiffs sued and went on to demand, hence the appeal.

In the matter of the probate of an unauthenticated copy of the will of David McCabe, dec'd., an interesting point will come up at final adjudication.

Certain heirs of McCabe named R. F. Johnson for the possession of a tract of land in North Christian. In proof of their title they sent to Claiborne county Miss. for an attested copy of the will of McCabe and offered it for probate which was refused by the county court. They appealed to the circuit court which reversed court below and ordered the instrument admitted to probate. Johnson appeals from the circuit court.

TO VOTE ON LOCAL OPTION.

Lafayette Citizens Petition the County Judge For An Election.

Twenty per cent. of the legal voters of the Lafayette precinct having filed with the County Judge a petition for an election to take the sense of the people on the question of the sale of intoxicating liquors in that village, an order was entered Monday fixing Monday, October 12, as the day for holding the election.

The sentiment in favor of local option is said to be very strong in that vicinity. There are many citizens on the other

TALMAGE'S SERMON.

The Injustice of Condemning in Woman Sins Overlooked in Man.

HYPOCRISY STRONGLY DENOUNCED.

WASHINGTON, July 31.—In this discourse Dr. Talmage gives heroic treatment of a delicate subject, and applies to modern society the lesson taught by Christ on a memorable occasion. John, viii, 12, "I am the light of the world. Who that follows me shall not walk in darkness, but shall have the light of life." You must take your shoes off and put on the special slippers provided at the door if you would enter the Mohammedan mosque which stands now where once stood Herod's temple, that had its roof of gold and its walls of marble, and that had been consecrated to the service of God.

Now we take our places in a temple that Herod built, because he was afraid of the Jews, and he was afraid of the Romans. He was afraid of the Jews, and he was afraid of the Romans. He was afraid of the Jews, and he was afraid of the Romans.

RESOLUTIONS BY TEACHERS.

Institute Expresses Genuine Sentiments Before Adjourning.

Prior to adjournment Friday afternoon, the County Teachers' Institute adopted the following resolutions:

Resolved, That the teachers of this county endorse the citizens of Hopkinsville in their efforts to secure the Normal School and Business College.

Resolved, That we cannot acquiesce in the State Superintendent Davidson, by which he prevented the city of Louisville from using money that rightly belongs to the State at large, and thereby increasing the per capita.

Resolved, That we respectfully ask the County Superintendent to hold the Institute for the year 1899 in September or October.

Resolved, That in order to increase our enthusiasm and to create more interest in the work, we obligate ourselves to attend the meetings of the County Association during the present school year.

Resolved, That since, in attending the County Association teachers must incur some expense, otherwise no one would go, we earnestly ask the County Superintendent to have the Association held on Friday instead of Saturday.

Resolved, That we endorse the administration of our County Superintendent, Miss Katie McDaniel, and that we hereby express our confidence in her ability and purpose to administer affairs to the best interest of the schools of the county.

Resolved, That we extend our thanks to the people of Hopkinsville for the kindness shown the teachers during the week; and especially and especially to the Methodist and Christian Churches for the use of their buildings, and to all who in any way contributed to the success of the Institute.

Resolved, That we cannot express too emphatically our appreciation of the excellent work done by Prof. J. C. Willis in instructing the Institute; and we have found in him, not only a very able instructor, but also a sympathetic friend of the humblest and most inexperienced teacher. His presence with us has been an inspiration and an uplifting force in every school in Christian county.

LOCAL TOBACCO MARKET.

Fine Prospects in Some Localities, But Poor in Others.

Local tobacco receipts last week were 245 bbls; offerings 613; sales (private and public) 421. The quality of the offerings was again very common and many packages in bad condition.

Very few really good tobaccos appeared. The market continues active for regio and Bremen are strong demand as former crops of prices. Good heavy legs and low leaf suitable for snuff were more in demand and prices very strong. Common and nondescript leaf and legs were very irregular and a little easier.

Old tobacco was sparingly offered and but little trading going on. The weather has been very wet and wheat where not threshed is considerably damaged. Tobacco is very irregular. Some localities have splendid prospects and others poor. Damage has been done in these latter localities by too much rain and some hail, together with the irregularity of the plowing. No complaint so far of any worms. Some farmers report they will have to commence cutting by the middle of August, which is very early.

WENT BY SHOTGUN WAY

Black Soul Speeds Into the Beyond.

HIS BOLD VILLIANY.

Tried to Enter Young Ladies' Bedroom.

SLAIN BY THE FATHER.

(By Telephone to the New Era)
Cadiz, Ky., Aug. 3.—Mr. Edward Sumner, a prominent Trigg county farmer, who lives just outside the town limits, shot and killed Major Baker, colored, aged about eighteen, last night. The negro had attempted to enter the sleeping apartment of Mr. Sumner's daughters, two pretty girls just emerging into womanhood.

During the past six weeks eleven of them had been made to break into the room of the young ladies, and for this reason they kept the windows closed and barred as securely as possible, notwithstanding the hot weather.

Between half past nine and ten o'clock, last night, Major Baker tried to enter the room of the young ladies, and was discovered by the father.

He was shot and killed by Mr. Sumner, who was in the room at the time. The father was aroused by the noise, and seeing the negro's face pressed against the window, he fired.

He returned a few minutes later and by cutting his full strength succeeded in breaking the inside lock and partly pushing up the sash.

The frightened screams of the young ladies attracted their father to the room, but before he reached there the negro had disappeared.

Informing his daughters of what had occurred, Mr. Sumner seized a double barreled shot gun and hastened to make a search of the premises.

He found Baker skulking in the horse lot. The negro sprang towards Mr. Sumner. The latter quickly raised his gun and fired. With a scream of pain, Baker turned and ran in the direction of the barn, which was in front of the farm house.

Mr. Sumner fired again, but this time the discharge did not strike the black man.

Baker ran one hundred and fifty yards, and, throwing up his hands, fell dead, face downward, in the road. The contents of the first barrel of the weapon had taken effect in his breast, neck and head.

Mr. Sumner went at once to the farm near his place, on which Baker's father lived, and told the old negro of his son's death.

Later in the road until day broke, when the coroner's inquest was held. The verdict was in accordance with the facts given above.

This morning, Mr. Sumner came to Cadiz and surrendered himself to the proper authorities. His examining trial was held at nine o'clock this morning. He was exonerated of any blame in the killing of Baker.

MONTHLY STATEMENT

Of the Hopkinsville Tobacco Market.

PRICES SUSTAINED.

The Finer Grades Continue in Active Demand.

INSPECTOR'S REPORT.

Reports received from the inspectors and warehousemen of this city show that all the finer grades of tobacco have been in active demand upon the Hopkinsville market during the month of July, and that prices have been fully sustained, though there was some decrease in the volume of business done upon the boards of the market. The warehouse breaks show a lower average of quality than usual and will continue so throughout the remainder of the season. Everything suitable for the foreign market sells as rapidly as it is offered, as it is understood that very little of the crop left, but what there is continues in active demand, and brings the very highest figures, whether offered on the breaks or privately. The demand for Italian and Austrian styles is good, and the local brokers report that it is with difficulty they fill all the orders received.

The monthly report of Inspector Smith shows the receipts for July to be 1,040 hogsheads, as compared with 2,280 hogsheads for the same time last year; receipts for the year, 8,965 hogsheads, as compared with 15,870 hogsheads last year. Sales for the past month, 1,378 hogsheads, as compared with 2,176 hogsheads last year. Sales for the year, 7,444 hogsheads, as compared with 12,710 hogsheads last year. Shipments for the past month, 1,476 hogsheads, as compared with 2,648 hogsheads last year. Shipments for the year, 6,190 hogsheads, as compared with 9,900 hogsheads last year. Stock on hand, 3,374 hogsheads, as compared with 4,448 hogsheads last year. Stock sold, 3,027 hogsheads, as compared with 3,913 hogsheads last year; stock on hand, 5,901 hogsheads, as compared with 7,360 hogsheads last year. Quotations are:

'According to a celebrated anatomist there are upwards of 5,000,000 little glands in the human stomach. The glands pour out the digestive juices which dissolve or digest the food. Indigestion is watery juice, weakness of glands, need of help to reduce the health of these organs. The best and most natural health is that given by Nature's Digestive Cordial. Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach, until they are able to do their work alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therefore the secret of its wonderful and unvaried success.

WASHINGTON, D. C., Aug. 4.—(Special)—The White House today held a conference with the army and navy officials to discuss the possibility of a yellow fever epidemic in the United States. An epidemic of yellow fever is dreaded, as the men are weakened by malaria.

They would die by hundreds if yellow fever became epidemic.
Secretary Long and Alger have made a visit to the White House in this connection and Col. Hecker, in charge of the transportation, was sent for.
It was decided to bring from Santiago seven thousand of Shafter's troops immediately. Enough transports are there now to bring that number.

ARROYO, Porto Rico, Aug. 3.—(Special)—The Third landing of American soldiers occurred here today from St. Louis and St. Paul, taking the place from the navy, which hoisted "Old Glory" yesterday.

The natives brought word that guerrillas were concealed in a cornfield west of town.

The Gloucester and St. Louis fired several shots, but failed to draw the enemy's fire.

Disembarkation proceeded without incident.
Just before sunset the concealed enemy fired on our outposts but the fire was not returned as it was deemed inadvisable to take the woods with rifle fire after dark. It is not known if any one was hurt.

A message was sent to Guayama yesterday demanding the surrender of the city but the wires were destroyed by Spanish shells and the message was stopped.

No Spanish flag can be seen at Guayama from here, and it is possible that the town is ready to surrender, but Americans have not yet reached there from Ponce and Arroyo.

WAREHOUSEMEN'S TAX.

The question has been asked whether warehousemen whose interests in tobacco extend no further than their commission on sales made, are liable for special tax and if so, which class of goods.

Under section 4 of the new law, the special tax imposed on dealers of leaf tobacco is graduated on, and is determined by the actual sales for the preceding fiscal year, says the Weed.

The warehouseman or commission merchant dealing in leaf tobacco is liable for special tax under that section.

In addition to this he is required under section 3,660 of the revised statutes, as amended by act of March 1, 1879, to keep a book, form 59, and to enter therein daily the number of hogheads, cases and pounds of leaf tobacco purchased or received by him on assignment, consignment, transfer, or by any other method; he must also keep a record of which same were purchased or received, and the number of hogheads, cases or pounds sold by him; with the name and residence, in each instance, of the person to whom sold, and if shipped, to what district.

Any person required to keep such an account of his transactions is liable to special tax as a dealer in leaf tobacco. It has also been asked upon what the special tax can be collected from a person engaging in the business of a dealer in leaf tobacco during the present year who either was not a dealer or was a member of a partnership of dealers last year. The reply is that he must pay a special tax of six dollars when he first engages in business, and when his aggregate monthly sales exceed \$50,000 he will be required to pay special tax from the time his sales exceeded that amount. If his sales exceed at any time \$50,000, he will be required to pay the additional special tax.
