GENERAL SHAFTER SCORED.

(SPECIAL TO NEW ERA)

WASHINGTON, D. C., Aug. 9.—Assistant Surgeon Edward L. Munson has made a detailed report of the hospital conditions during the Santiago campaign, his entire report placing the blame upon Maj. Gen. Shafter and the Quartermaster Department. Medical supplies were ample, but the ships containing them were anchored miles out at sea for a week, even after a battle had occurred. No tents were landed, and even after a boat was obtained to be used for landing them it was taken away by Gen. Shafter's orders. Nor were provisions made for conveying the hospital material to the proper place, even after it had been brought ashore. The conduct of the Red Cross is also criticized.

The answer may be delivered to-day. The armistice will probably include the surrender of Morro Castle, in Havana, and other important posts as evidence of good faith.

KEY WEST, Aug. 11.—(Special)—The Bancroft arrived here today. The vessel reports that she sighted a schooner ten miles from the Southern Cuban coast off the Isle of Pines. The Bancroft sent out a launch with a one-pounder aboard, and the schooner, seeing the launch, beached itself. Spanish soldiers on shore fired on the launch, which, with its one-pounder, made them flee. Stroker Nonouris was killed by a Spanish bullet, which passed through his arm and chest. The Spanish loss is thought to be heavy. The launch towed the schooner away.

COUNTRY'S LARGEST CROP.

(SPECIAL TO NEW ERA)

OHIOGRO, August 10.—According to reports received by railway companies and business men the largest wheat crop in the history of the United States will be harvested within a fortnight. The winter wheat yield, which averages from 372,000,000 to 400,000,000 bushels from the spring wheat region. The "bumper crop" of 1891 will be eclipsed this year by 10,000,000 bushels from present indications. Reports received from members of the National Association of Merchants and Travelers who are assembled here to-day to attend the fall meeting, afford positive proof, it is declared, that a new era of prosperity is at hand throughout the great West. Railroad officials who have just come in from extended trips through the spring wheat and corn growing States, make equally optimistic reports.

State crop reports received from Kansas and Michigan say: "A bumper crop is here." And the Pearson-Taft Land Credit Company, which holds \$5,000,000 worth of farm mortgages in the West but \$17,000 worth of property under foreclosure.

Hardships at Santiago.

(SPECIAL TO NEW ERA)

OHIOGRO, Aug. 11.—Charles J. Becker, of Grimes' Battery A of the Second Artillery passed through this city, leaving for his home in Saginaw, Mich., this morning. Becker was all through the Santiago campaign, being honorably discharged July 14, the day of the surrender. Whether the Secretary of War or the Commanding General realized it or not, he said, that every enlisted man in at least the regular army saw the danger from fever, and dreaded just such a pestilence as is now sweeping off the army.

"My time expired just as the campaign was finished," he said. "There was not any more need of me for fighting, and I saw I would die if I stayed there under those conditions, as would all the rest of the men, so I took advantage of my opportunity to come back home. I will re-enlist just as soon as the battery gets back into civilization."

"It was easy to see what was coming in the way of sickness," he said.

PROTEST FROM JUNTA

Say Aguinaldo Obeyed Orders

FROM GEN. MERRITT.

Kept Every Promise Since Leaving Hong Kong.

WANTS ANNEXATION.

Scripta-McRae League Service.

HONG KONG, Aug. 11.—(Special)—Members of the Philippine Junta have called publicly on Consul Wildman to protest against the reports that Aguinaldo declined to aid the Americans in the battle of the thirty-first.

They claim that Aguinaldo and his men retired from the trenches below Malate at Gen. Merritt's request, as they retired from Cavite at the request of Gen. Anderson.

The members of the Junta say they only want annexation.

EARLY MORNING FIRE.

Residence of Robt. Burrows on East Seventh Street Destroyed.

The residence of Mrs. Robt. Burrows, known as the Tom Brown place, on East Seventh street, was destroyed by fire on Tuesday night. The house, built of brick, was destroyed. The fire was caused by a gas leak. The house was insured for \$1,000 and the furniture for \$500.

Mr. and Mrs. Burrows' misfortune is deeply regretted by their many friends.

HOUSE IN TRANSIT.

Handsome Henderson Dwelling Is Now On Wheels.

The E. W. Henderson house on South Main street, recently purchased by Mr. John R. Kitchen is now undergoing the delicate process of being removed from Main to Virginia street, two squares. It is rather an odd and very interesting sight to see a large and handsome dwelling being removed intact from one lot to another.

Mr. Kitchen has sold the house and lot to Mr. Geo. Herndon, who will move into it as soon as it is in position.
