Colorful Kitchens

by BEATRICE WEST
Color-styling Consultant
Active window treat-
ment is just the right shade,
just the right shade of a well-
chosen shade. Watch for
new ideas in window
shades: fabrics
that admit
light but keep
out glare;
shades that
pull either
way, up from
the bottom or
down from the
top; and pleat-
ed shades. Then
you'll have shades
made from your favorite
fabric.

Appliance Corporation
Appliance, white, and
other popular choices
in shades. They're
made from your favorite
color schemes.

Kitchens are decorated
with as other living
rooms. So we're not
learning furniture
shades that look like

Gilbertsville Boys Camp To Be Named For Alben Barkley

The State boys camp at Gil-
bertsville, will be renamed in
honor of the late Alben W.
Barkley, former senator from
Kentucky and vice-president of
the United States, at a ceremony
Dec. 10, Kentucky Commissioner
of Child Welfare Richard J.
Cledenen has announced.

The camp, in operation since
1956, has never been officially
named, but residents of the area
had designated it as the "boys
camp," or "camp for boys."

It has been operated by the
Department of Child Welfare
since 1960 as an institution for
mildly delinquent boys.

Cledenen said, "We are quite
pleased that the Barkley family
allowed us to dedicate the camp
in the vice president's honor. We
feel the Barkley State Camp for
Boys will be a credit to the name
and will reflect the deep interest
Alben Barkley showed for the
youth of his state and his coun-
try."

Gov. Bert Combs and Lt. Gov.
Wilson Wyatt will be on hand
for the dedication, which begins
with a buffet luncheon in the
Kentucky Dam Village State
Park auditorium at 12:30 p.m.

The Governor will present Camp
Monhollen, superintendent of the
camp, with a dedicatory plaque.
David Barkley, son of the
former vice-president, will also
attend the ceremonies which are
being sponsored by the Benton
and Paducah Chambers

Uncle Ned ... From Dogtown

DEAR MISTER EDITOR:

I see by the papers where a
official of the Treasury Depart-
ment claims it would be good
for the country if we'd cut in
half the inheritance tax on all
estates worth \$10 million or
more. He allows as how it would
be a "incentive to free enter-
prise."

I'm strong in favor of it, Mister
Editor. I remember back in
1926 when Cal Coolidge came up
with a idea called the "flexible
tariff" for helping the little
feller. My memory gets a little
hazy after 35 years but seems
like I recall we got a little relief
on such items as goose feathers,
paint brushes, axe handles and
sheep dip. If I recollect right,
this is the last time us little fel-
lers has had any reductions.

Starting at \$10 million is a
little high up on the hog, but
it could be the beginning of a
trend. By the end of this cen-
tury the Congress might get down
to the one-gallus boys, git it so's
a farmer or rancher could put
his cemetery lot and front yard
in the Soil Bank and git his fer-
tilizer at cost through the United
Nations.

When I brung these glad tid-
ings to the fellers at the country
store Saturday night most of 'em
took a dim view of the situation.
Ed Doolittle, fer instant, claim-
ed everybody in Washington did
a heap of popping off when the
Congress was out of town. It
don't mean a thing, allowed Ed,
and he said he wouldn't be sur-
prised, afore them Congressmen
git back to Washington, to see
Bobby Kennedy issue a procla-
mation abolishing poverty. Zeke
Grubb said he was special doubt-
ful of anything that come out of
the Treasury Department. He
figgers that any Government
agency that has to have a barn-
yard full of high officials and a
pasture full of clerks to keep
track of them cheap dollars ain't

to be trusted on long-range fore-
casts at the \$10 million level.

Speaking of Washington, some
of the fellers was wondering if
them junketing Congressmen
and their wives and kinfolks
would git back home in time fer
Christmas. Bug Hookum said he
was mighty mad at Elizabeth
Taylor fer apologizing to some
of them Congressmen when they
visited her studio in Rome. She
claimed the reason she didn't
come out to greet 'em was be-
cause she didn't know they was
there. Liz, at least, was work-
ing, claimed Bug.

Well, I see where the U. S.
Safety Council says 1961 is go-
ing to be our best year yet fer
pedestrians, fewer of them per-
capita gitting killed than in any
other year. I'd have to see the
detailed figgers on this survey. It
could be, Mister Editor, that all
slow-jumping pedestrians has
been killed off afore 1961.

Yours truly,
Uncle Ned

Mr. and Mrs. T. E. Woodward,
r., of Gary, Ind., visited his
parents, Mr. and Mrs. T. E.
Woodward here Thanksgiving
day.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain
For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Files have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Fewer Farms, but Income Is Greater

The annual report of the extension agents shows some interesting facts about the growth of Marshall County during the last 20 years.

For instance, there are only 1,319 farms in the county now, compared with 2,182 in 1940. And the farms are getting a little bigger, on the average. The average size farm now is 85 acres, whereas in 1940 it was 79 acres.

Now there are only 360 so-called commercial farms, compared with 1,741 in 1940. On the whole, farming land is decreasing. In 1940, there were 173,000 acres of farm land in this county. Now there are only 112,000 acres.

In 1940, 30,079 acres were planted in corn. Now there are only 18,683 acres in corn. In 1940, there were 2,028 acres of tobacco, but that has dwindled

to 396 acres. Strawberry land has decreased from 1,822 acres to a mere 41 acres.

Livestock is gaining in popularity in the county. In 1940, there were 6,330 head of cattle. Now there are 10,151 head. In 1940, livestock sales amounted to \$331,483. That figure climbed to \$1,197,187 in 1959.

In 1940, Marshall County had one industrial plant. Now it has 14 such plants. In 1940 the county had one motel. Now it has 70 motels.

Only 70 homes were built each year in the county back in 1940. Now, 400 homes are constructed in the county each year.

Mrs. Christy M. Hall, of Calvert City, has been a recent patient at the Baptist Hospital in Paducah.

Christmas Is The Partiest Time

"Christmas" and "hospitality" are the two warmest words in the English language. They go together like punch and firelight to create a kindly glow enhanced with soft lights for an intimate atmosphere. Here's a modern hostess who uses Luxtrol light control to dim the lights and set the mood captured by a sixteenth century poet who sang, "At Christmas play and make good cheer, for Christmas comes but once a year."

The Dale Carnegie Alumni Group Here Gets Its Charter

The local Dale Carnegie Alumni Chapter received its charter at a dinner meeting held recently.

The charter was presented by Marie Sanford, of Robinson, Ill., division 19 governor. Charlie Kemp, of Benton made the acceptance speech.

Sue Hicks, international vice president, of Owensboro, was in charge of the installation of officers.

Darrell Cope is the president, Charlie Kemp, vice president, Martha Draffen, secretary, George Erickson, treasurer, and Bill Fields, it. governor.

Other activities included presentation of special award key pins to Martha Draffen and Darrell Cope for work they have accomplished.

Bill Fields was also installed as the district deputy governor.

HOTTEST NOVEMBER IN FORD HISTORY!

And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. ■ Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. ■ There are four magic reasons why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. ■ Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations... The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality... most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

PRODUCTS OF Ford MOTOR COMPANY

NOW THERE ARE FOUR CLASSES OF CARS...AND ONLY FORD HAS ALL FOUR!

COMPACT CLASS:

FORD FALCON

This class includes cars with 106- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced 4-door 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon.

FAIRLANE CLASS:

FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compacts and big cars... you get big car room, ride and performance... compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxie.

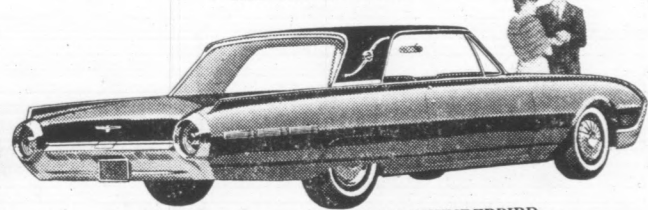

FULL-SIZE CLASS:

GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxie—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

LUXURY CLASS:

FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-size luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling set the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.
