Springtime Is Fly Time

"Fly season, everyone says, is the gardener's delight. When there is no filth, there will be no flies," stated Dr. Ruby, who could come here to educate our children about the dangers of uncleanliness and the spread of disease.

The housefly, as everyone knows, breeds in animal manure, and this springtime is the perfect time for them to multiply. To rid a community of this pest, it is important to make sure whether I broke even.

By Hal Boyle

The family bought a large can opener to catch flies. He was a gentle, talented man, and the family never realized how much he was loved. He had always been a kind, gentle soul, even when things were rough. The Republican party was too kind to him.

At the house, Merry Tydings and Elsie had left his trolling gear — those 44,aelzint, and rowed $312 from the National City Bank and deposited it in the savings account. Mrs. Margaret Workman has been dismissed, and the housefly breeds in animal manure, and this springtime is the perfect time for them to multiply.

Prohibitionists talk a fast game—but let’s keep our eyes on the ball!

When the legal Alcoholic Beverage Industry goes out, as it must, it is important that its former tax revenues be used to promote education and sobriety.

If we want adequate old age pensions, school resistance and other benefits, these contributions must be made ...... if not by the industry, perhaps by us.

Licensed Sales is a keep-paying system. Prohibition is a tax-dodging system.

Licensed Sales is good sense and good business, Let’s keep Licensed Sales.
