# WEEKLY KENTUCKY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY, SEPTEMBER 2, 1898.

VOLUME XXIX, NO. 7.

## WILL AND TESTAMENT

Of the Late Chiles Barker

## PROBATED TO-DAY.

The Wealthiest Citizen In Christian County.

## INTERESTING PAPER.

The will of the late Chiles T. Barker was probated in the office of the county clerk Saturday.

The instrument is in the hand-writing of the deceased and is dated Dec. 1st, 1886. It has been many years since an instrument was probated in the Christian county court which disposed of so valuable an estate.

Mrs. Mary L. Barker, wife of the deceased, is made executrix without bond and is not to be required to file an inventory of the estate. She is given full power to sell any or all the property remaining at her discretion. He requests that all his just debts be paid as speedily as possible after his death.

Overland, the ancestral home, he leaves in trust to Peter M. Barker, for the life of his oldest son.

A farm in Todd county is left to Wm. Cloud, in trust for the children of his daughter, Mrs. Cloud.

To John W. Barker he leaves all of the lands and lots at and near Trice's Landing, in Montgomery county, Tenn. To his daughter, Sallie M. Logan, he bequeaths several tracts of land and near the property known as Brown's Mill.

The family graveyard at Cloverland he reserves, defining its perpetuation as a burying ground for the family.

After the balance of his property, real and personal, including his life insurance, he bequeaths to his wife for her life. She is empowered to make such advances as she may deem best to any of the children to the extent of a full share in the estate, and at her death the remainder is to be divided in such manner as will equalize the distribution among the heirs.

To prevent confusion, and for the guidance of his executrix he sets out in the will the proportionate value of lands and other property given each child as follows:

T. M. Barker, \$25,000; John W. Barker, \$24,000; Chas. E. Barker, \$25,000; Peter M. Barker, \$25,000; Mrs. Cloud, \$25,000; Mrs. Logan, \$25,000; Mrs. Jepp, \$25,000; Mrs. Moore, \$24,000; Mrs. Andrews, \$22,000.

To his daughter Mrs. Susie Hall and the child of her twin sister, Mrs. Fanny Clark, deceased, he gives each one half interest in the St. Louis real estate, which, with amount heretofore given, he estimates to be worth \$20,000 each.

J. L. Hall and Morris K. Clark are made trustees of these bequests.

The final division of the estate is to be based upon the values set forth above and the distribution to be in accordance therewith.

In the event of his wife's death his four sons are to become the executors without bond and carry out the provisions of the will.

In conclusion he again emphasizes his devotion to Overland, "his native health," and expresses the desire that it remain with the Barker family perpetually.

## Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are today worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated disease.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my body, and I was unable to move from November to March. I suffered agony. I tried many patent medicines, but none relieved me. Then I read of a friend I had known for years, who had been cured of Rheumatism by Swift's Specific. I purchased a bottle, and I continued the remedy. The cure was permanent. I have never since had a touch of Rheumatism, and I have been able to do my usual work and enjoy life.

**S.S.S. For the Blood** cures perfectly and permanently. It is guaranteed purely vegetable, and contains no poison, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

## MIRACULOUS

Was George Gossett's Escape From Death.

INTO THE WIRES

He Plunged From a Swinging Scaffold Fifty Feet Above the Street.

George Gossett, a painter in the employ of Chas. Higgin & Son, had a miraculous escape from a most horrible death at 11 o'clock Monday morning.

The Messrs. Higgin have been awarded the contract for painting the front of the three story block from Metz's store up to the corner of Seventh and Main streets.

Monday they began adjusting their ladders and scaffolds preparatory to beginning the work. A long swinging scaffold had been elevated to the cornice of the building occupied by Mr. Gossett.

Mr. Gossett was standing on a six-foot step ladder in the center of this scaffold when the scaffold began to crack and give way under him.

The step ladder was overturned and Mr. Gossett was thrown from it while the scaffold was fifty feet in the air.

The cracking of the beams of the scaffold attracted the attention of scores of people on Main street. Instantly every eye was upturned and people gazed in horror at what they felt would be an awful fate.

They saw Mr. Gossett as he was precipitated from the overturned ladder saw him descending and held their breath expecting to see him dashed to death upon the curb.

Then they saw such an exhibition of nerve and presence of mind which is often found upon the pages of dime novels but seldom seen in real life.

Mr. Gossett, as he fell, by a wonderful fling of his body far from the scaffold and the next moment fell in the net work of telephone wires to which he clung tenaciously. Quickly a rope was thrown to him and adjusting it over the wires he lowered himself to the ground, free from the slightest injury.

The terrible suspense of the spectators ended at a burst of cheering and scores of men crowded around to shake hands with Mr. Gossett.

Then everybody was in a good humor. The inevitable small boy galloped around and sat down with considerable force in two gallons of overturned paint, the larger part of which was splattered upon the new trousers of two New Era men who were standing near.

The Eagle, King of All Birds, is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, stry, and all other kind of eye ailments. Sold by all dealers at 25 cents.

**A GREAT SUCCESS.** The reunion of the Blue and Gray at Dawson Springs came to an end Saturday and the meeting was one of the largest gatherings ever assembled at Dawson. The attendance at the big barbecue was estimated at from 8,000 to 10,000 people.

Princeton was selected as the next place of the annual meeting.

Mr. Wilson was fifty years old and was liked by all who knew him. The funeral and burial took place Monday morning.

**Touches the Spot.** Does Johnson's Belladonna Plaster—every spot where there is weakness, pain or aching. **Office of S. Cherry.** Savannah, Ga. Messrs. Lippman Bros., Savannah, Ga. Dear Sirs—I would like to add my testimony to the almost miraculous effect of P. P. P. in the case of Mary Ingraham, a woman living on my place. She had a constant cough, sore throat, inability to eat, and was emaciated to a degree that she was unable to get out of bed unaided, being given up by physicians. She had taken the runicous so-called blood medicines without the least effect until being put under the P. P. P. She immediately began to improve and is now in as good health as ever in her life. You can refer to me at any time as to the effect of P. P. P. in the foregoing case. Yours truly, Samuel Cherry.

**PERSONAL POINTS.** NELSON—Sergeant Major Gordon Nelson, who has been quite sick for some time, has resumed his camp duties at Lexington.

**BARKER**—Chiles T. Barker, who died on his plantation of 4,000 acres in this county at the good old age of 52 years, was one of the substantial citizens of the State, being not only a successful business man, but of strict integrity and spotless character, but a gentleman of much mental culture and the dispenser of a hospitality as genuine as it was generous. The death of such a man is a distinctive loss, not only to his immediate family and community but to his country and to humanity.—Louisville Times.

**LOOK! A SITCH IN TIME.** Saves nine. Saver's Tonic never improves. Pleasant, taken in early Spring and Fall prevents Chills, Dengue and Malarial Fevers. Acts on the liver, tones up the system, and builds up the blood. Guaranteed, try it. At druggists, 50c and \$1.00 bottles.

**STRAYED.** One roan mare male, about 10½ years old, about 17 years old, on left hind still point. Also one brown filly colt, 3 years old, with a few white hairs down front of face. Return to address A. D. Jones and get reward. Hopkinsville, Ky. aug. 25/98.

**CRIMES WANTS DIVORCE.** James Crimes vs. Blanche Crimes is the title of an action for divorce pending in the Circuit Court this morning. The plaintiff says they were married in this county in December 1896 and lived together until 1897, when he discovered that his wife was guilty of such conduct as proved her unchaste and untrue to the marriage vows.

**TO CLEANSE THE SYSTEM.** Effectually yet gently, when constive or bilious, to permanently overcome habitual constipation, to weaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fever, use Syrup of Figs, made by the California Fig Syrup Co.

**Concord Cullings.** Crops are needing rain in this section of the county.

The school house at this place will soon be completed and ready for use. Mr. A. A. Buckley, the contractor, is having a good building put up. Mr. Willie Wilkins, who is a first-class workman, is assisting Mr. Buckley in the building of the house.

There will be an ice cream supper at this place the third Saturday night in September, which will be third day of the month. The proceeds of the supper will be used to purchase an organ for the Concord Church. Everybody is invited to attend. Those who have any thing to give for this purpose can pay it to James B. Hollock, treasurer of the church, and it will be thankfully received.

## SEPTEMBER WEATHER.

The Month Will Be Warm

SO SAYS PROF. HICKS

We May Also Expect Many Storm Periods.

PROPHET'S FORECAST.

The earth having already entered the period of autumnal equinox, the moon being full and on the celestial equator the last day of August, the center of Mercury's equinoctial perturbation falling on the 2d, within a regular storm period, it will be natural to expect marked storm conditions from the 1st to 4th, according to Rev. H. Hicks.

The perlo will begin with low barometric readings in Western sections, high temperature and winds Easterly and Southerly. While the storm area is advancing from Western sections, fair warm weather will prevail in central and Eastern sections, but the storm centers will progress Eastward, and by the 5th all sections will have had more or less storminess, or will have felt the changes of barometer and temperature consequent upon the passage of general storms. Marked equinoctial disturbances will most likely appear along the Southern coasts at this point, in which event a rapid and general high barometer will follow disturbances inland from the North, causing cool, northerly winds over most of the country until the Southern disturbances pass to the North Atlantic. From about the 5th to the 10th, a general reaction of the elements to storm conditions will be the order.

The next regular storm period is central on the 13th, extending for the 13th to the 16th. Watch reports of barometer and thermometer closely at this time, and see if warmth does not fall in Western sections early in this period. We predict that the heat will not break down generally, that the barometer will not rise decidedly, and that the worst disturbances of this period will not transpire until about Thursday the 15th. From the 15th to 22nd, falls a period of reactionary storm conditions, exactly coincident with the earth's equator passing centrally through the sun. A general low barometer, developing in extreme West and moving Eastward, attended by great heat and breaking into active storms of thunder, rain and hail, will be the order of the weather. From the 23rd to the end of September, many equinoctial disturbances will be natural. Look for

Mrs. John Everett of Fairview Dies of Typhoid Fever.—A Son Ill.

The fire spread to the main building and all hope of saving the structure was futile. Efforts were directed to remove the effects of the guests and the household furniture, which was partially saved.

## DEWEY PLEASED.

The following reply has just been received from Admiral Dewey:

"Flagship Olympia, Cavite, Philippine Islands, July 28, 1898.—Lieut. A. F. Smith and others, Clarksville, Tenn.—Dear Sir: I have the honor to acknowledge the receipt of your letter and resolutions of May 28, 1898, and I can assure you that though I have had letters, resolutions, telegrams, etc., from all parts of the United States, none has given me more pleasure than this communication from you.

## OFFICER IS DEFENDANT IN A DAMAGE SUIT.

WANTS \$5,000.

Alleges False and Malicious Arrest.—Mrs. Mattie Johnson Sues For Divorce.

Mattie Lou Johnson has entered suit for divorce from her husband, Joseph N. Johnson, the petition having been filed yesterday morning.

She says that they were married in Montgomery county, Tennessee, on June 24, 1888. They resided together in this county until 1896, when the defendant's conduct was such that she was compelled to leave him.

He was cruel and inhuman in his treatment of her, attempting to make her go into the field and work under the heat of a burning sun. She was at last compelled to go to her father's home for protection. The defendant, furthermore, failed to provide for her maintenance and support.

J. F. Barker yesterday filed suit in the Circuit Court against Constable Frank Rives, his deputy, L. E. Davidson, and the bondsmen of Rives.

He claims that Davidson, without cause or authority, arrested him at Herndon and led him handcuffed through the streets of that village and along the public highway, to his shame and disgrace and humiliation; that he was kept a prisoner five hours before being released; he asserts that the same officer again arrested him at Herndon and again went through with the same humiliating process, without cause or authority of law, and again detained him a prisoner ten hours although he offered to execute a solvent bond. Davidson, he states, demanded \$50 in cash from him, but subsequently accepted \$70, which the plaintiff paid to him under protest in order to secure his release. He sues for \$5,000 damages.
