# THE MURRAY LEDGER.

VOL. 28, NO. 26.

MURRAY, KENTUCKY, THURSDAY, SEPTEMBER 21, 1926

\$3.00 PER YEAR

## SERGEANT LUTER PROVES A HERO

The Bowling Green, Ky., Messenger of last Wednesday contained the following item:

Sergeant C. E. Luter, of Murray, Ky., who is here assisting Lieutenant Allen Jenkins in securing new recruits, and who is lying at St. Joseph's Hospital in a serious condition, deserves a Carnegie medal for saving the lives of two young ladies.

Sergeant Luter was accompanying Miss Clara Mae Roemer, eldest daughter of Councilman Emile F. Roemer, of this city, and Mrs. J. L. Manire, of Memphis, through Mammoth Cave on Monday evening at 5:00 o'clock. They were going through "Fat Man's Misery," when a large rock fell from above. He tilted the rock and shoved the ladies forward, preventing them from being killed. If Sergeant Luter had not tried to save the lives of these young ladies he would not have been injured.

Mr. Luter is recovering from his injuries at St. Joseph's Hospital.

(Mr. Luter is a son of C. H. Luter, who lives just south of the city, and has many friends in the county. He is a member of Co. L, Ky. N. G., and has been assigned to recruit duty since the company was ordered to the Mexican border.)

### Lax Items.

The stork flew through and left a big boy at Henry Willoughby's Monday.

The women are about through canning their fruit. There was only a small amount of fruit to can this year.

They have finished a new tobacco barn at this place and it is likely that tobacco will be a good price as it has already begun to move off at 14 and 15c and the people all say that they are going to hold for the price this time. All tobacco is very good around here.

A series of meetings will begin at New Concord, also at Hickory Grove, on next Sunday night.

The New Concord and Hymon mail route has been changed. It will begin at Lax instead of Hymon.—Blue Eyes.

### First District Educational Association.

The First District Educational Association will meet at the court house in Mayfield on December 1st and 2nd. Below we present the interesting program which is to be rendered on that occasion:

Friday, December 1, at 10:00 a. m.—Welcome address, Judge

W. V. Gregory. Response, Superintendent Homer C. Nichols. "A Scale of Motives"—Dr. Jonathan Rigdon.

1:15 p. m.—"The Youth of the Twentieth Century"—Dr. Herbert L. Willett. An address.—Dr. W. A. Ganfield. "Expression"—Dr. Jonathan Rigdon.

Friday, December 1, 8:00 p. m.—"New Continents"—Dr. Herbert Willett.

Saturday, December 2, 8:30 a. m.—"The Bible and the Nation."—Dr. Herbert L. Willett. "Making a Man"—Dr. A. J. Kinnaman. "Education as an Achievement"—Dr. Jonathan Rigdon. "Course of Study in Elementary Schools"—Dr. Charles McMurry.

Saturday, December 2, 1:15 p. m.—"New Education"—Dr. J. T. C. Noe. "The Attitude of the Learner"—Dr. Jonathan Rigdon.

Music and other features will be added to make a complete program, which will be printed later.

J. W. Jones, president, Murray; G. E. Everitt, vice president, Benton; J. E. Coleman, secretary, Mayfield; W. L. Best, enrolling clerk.

### Injuries Received in Runaway Fatal.

Cadiz, Ky., Sept. 15.—Mrs. Rose Haden Bogard, wife of Mr. Joe Bogard, a prominent farmer living on Cumberland river three miles from Golden Pond, died Tuesday morning at 6:00 o'clock as a result of injuries sustained in a runaway accident just two weeks before.

It will be remembered, that Mrs. Bogard was seriously hurt just two weeks before when she and her sister, Miss Lois Haden, were thrown from a buggy near the Bogard home. In the runaway her ankle was crushed and the bone shot through the skin and went into the ground. This never healed and on last Thursday it was noticed that her condition became worse. Tetanus resulted and nothing could be done to relieve her suffering.

Mrs. Bogard was a daughter of the late Z. T. Haden, for many years a prominent merchant and farmer of Golden Pond, and was born on the 28th day of May, 1881. About fifteen years ago she and Mr. Bogard were united in marriage. They had no children and the husband, mother, three sisters and three brothers survive, Mrs. G. W. Ryan, of this city, being a sister.

Mrs. Bogard was a most popular lady and a host of loving friends are made to grieve because of the tragedy that resulted in her untimely death. Burial took place yesterday morning at 11:00 o'clock in the cemetery at Golden Pond. The burial services were in charge of the Eastern Star, of which the deceased was a member. A large crowd of friends attended the last sad rites.

## Calloway Teachers Convened Monday in Annual Institute.

The annual meeting of the Calloway County Teachers Institute was convened here at the school building last Monday morning. The attendance is good, the enrollment being about 150. Mrs. Cora Wilson Stewart, of Morehead, Ky., is the instructor. Mrs. Stewart is widely known in educational circles throughout the state, being the originator of the moonlight schools.

The program of the present meeting is a splendid one and the teachers in attendance have been entertained and instructed

by a number of educators of prominence.

As a matter of information the Ledger has compiled a table showing the enrollment of every district in the county together with the names of the teachers, their salaries, credit allowances, etc. This table is compiled from the report for the year 1915, and the Ledger believes will be a welcome source of information to the teachers of the county. Also herewith is shown the amount of state funds paid into the county and the distribution of the fund:

## WILSON'S SISTER BURIED MONDAY

MRS. ANNIE E. HOWE PASSES  
AWAY—SATURDAY—BURIAL  
AT COLUMBIA MONDAY.

### PRESIDENT AT THE FUNERAL

All Political Conferences Are Held In  
Absence Until After Funeral of  
Sister of the President—Her  
Death Was Expected.

Long Branch, N. J.—In a special train the body of Mrs. Annie E. Howe, sister of President Woodrow Wilson, who died Saturday after a lingering illness, was taken to Columbia, S. C., the former Wilson home, and laid away in the beautiful Wilson sepulcher.

In addition to the president and Mrs. Wilson, those in the party accompanying the body were Miss Margaret Wilson, Joseph R. Wilson of Baltimore, a brother of Mrs. Howe; John A. Wilson of Franklin, Pa., a cousin; Mrs. Anne Cothran of Philadelphia, Mrs. Howe's daughter; Josephine Cothran, a granddaughter; George and Wilson Howe, sons, and Dr. C. T. Grayson, the White House physician. Prof. Stockton Axson, a brother-in-law of the president, came as far as Washington.

All arrangements for political conferences here are being held in abeyance during the president's absence in South Carolina. It is expected, however, that as soon as he returns he will assume active direction of his campaign and will see many callers at Shadow Lawn, his summer home.

### BLED MANY POLITICIANS.

Alleged Gang of Blackmailers Captured in Chicago By Federal Authorities.

Chicago—Eight members of an alleged blackmail gang charged with using the beauty of their women members and the fascinating powers of their male confederates to mulct the wealthy men and women out of more than \$250,000, are in custody of federal authorities, and will be taken to Philadelphia for trial. It is charged that the chief offenses occurred in that city.

The band, including five men and three women, were arrested by department of justice officials in a fashionable south side apartment hotel.

They are accused of fleecing men and women of social prominence in Chicago, Baltimore, New York and Philadelphia through organized efforts. Their scheme, according to Hinson G. Claiborne of the department of justice, was to compromise their victims and then blackmail them. Impersonation of department of justice officials is another charge against the men.

### 600 VILLISTAS KILLED.

Gen. Obregon Says Many Were Captured at Chihuahua.

Mexico City.—Gen. Obregon, minister of war, announces that a thousand followers of Francisco Villa, who attacked the town of Chihuahua Friday night were routed with a loss of 600 men killed and many captured. After the battle Gen. Trevino's troops were able to take part in the regular Independence Day parade at 11 o'clock Saturday morning. During the fighting Gen. Trevino was slightly wounded in the shoulder.

### DID NOT PLEASE ENTENTE.

Dimitracopoulos Will Not Form Cabinet for Greece.

Athens (Via London).—The entente powers are not satisfied with the program outlined by M. Dimitracopoulos, whose acceptance of the premiership was based on full power to control the national policy. M. Dimitracopoulos has therefore abandoned his effort to form a cabinet.

### New Stations Assigned.

San Antonio.—In pursuance of an announcement by the war department that national guard troops recently ordered to the border are to relieve troops now stationed there, in order that the entire guard may have field training, Gen. Funston announced new stations for the Tennessee troops.

The First Tennessee Infantry goes to Eagle Pass, relieving the First Vermont, ordered home. The Third Tennessee goes to McAllen, relieving the Second New York. The Tennessee cavalry troop, ambulance company and field hospital was ordered to El Paso to relieve the Rhode Island ambulance company and the Massachusetts First Field Hospital.

### Woman Is Beheaded.

Berlin.—(Via London).—The headman's ax was used here in the execution of Johanna Ulman, one of two participants in a shocking murder last March. Her female accomplice in the crime, in which a girl friend of the two was choked, robbed and cut up, is awaiting beheading.

### Chicago Bank Closes.

Chicago.—The State Bank of Schiff & Co. reported to have deposits of more than \$2,500,000, was forced to close after a run starting Saturday

## MOUNTED POLICE ON BORDER

Commission Considers Plan For Mounted Border Patrol—Danger In Dual Authority.

New London.—A suggestion that the Mexican government create a constabulary for border duty similar to the rurales of the Diaz regime was made during a brief session of the American joint commission, concluding the second week of its deliberations. Apparently the plan for a joint police force previously discussed was abandoned as impracticable after the commission conferred with Maj. Gen. Bliss, the joint chief of staff of the United States army.

Gen. Bliss, it was learned, made a dispassionate statement of the situation he believed would follow Gen. Pershing's withdrawal from Mexico before a properly constituted constabulary is created to relieve his troops. It is understood he pointed out the difficulty of creating a border police under dual authority.

The withdrawal of Pershing's troops and their relief was discussed. No definite assurances were given by the Mexicans that the places of the Americans would be taken by Mexican troops, but it is known that they regard it as beyond question that a sufficient number of Mexican police would be placed in the district now covered by the meriones.

The police could check up the comings and goings of every man in a suspected community. Moving swiftly and unhampered by women camp followers, who form the commissary of a Mexican military force, the rurales, it is believed, could do much toward putting a permanent check on brigandage.

### SOUTH AFTER ARMOR PLANT

Naval Appropriation Bill Allows \$11,000,000 To Build Mammoth Plant.

Washington.—Sites in 110 cities, including 34 in the south, have been offered to the government for the \$11,000,000 armor plant authorized in the naval appropriation bill. Secretary Daniels is hearing arguments from representatives of the different sites and will make selection soon. More than 300 men compose the delegations which attended the hearings.

Southern cities in the field for the armor plant include the following: Alabama—Tuscaloosa, Mobile, Birmingham, Gadsden. Georgia—Savannah. Kentucky—Fort Thomas, Mt. Vernon, Wickliffe, Dover, Louisville, Annapolis, Barclay.

North Carolina—Fayetteville. Oklahoma—Tulsa. Tennessee—Elizabethton, Bristol. Texas—Beaumont, Orange, Port Arthur, Atlanta. Virginia—Richmond, Newport News. Tye River, Portsmouth, Buena Vista, Bristol, Basic, West Point, Norfolk, Petersburg, Hopewell, Alexandria.

### ITALIAN ARMY TO FRANCE

250,000 Italian Troops To Be Sent To Mountainous French Front—Near Vosges.

Paris.—Before winter sets in it is expected there will be 250,000 Italian troops fighting on the French front. Already two contingents comprising 25,000 men each have arrived in France and soon are expected to take up their positions in the Vosges. All of the Italians will be sent to that region, the mountainous country comprising the extreme end of the fortified line in Alsace.

### CLOSING IN ON VILLA AGAIN.

Sickness in Ranks of Mexican Bandit Is Reported.

Chihuahua City.—Villa and his men are subsisting on fresh meat, which, together with lack of salt, has caused sickness and otherwise reduced the stamina of his force, according to reports received here from scouts who have interviewed ranchmen in the bandit's neighborhood.

Meantime the Constitutionalists are closing in on Villa from all sides, Gen. Trevino states.

### CATHOLICS GATHER.

Conference on Charities Is Being Held at Washington.

Washington.—The fourth biennial session of the National Conference of Catholic Charities is being held at Catholic University, with an attendance of nearly 1,000 delegates, representing Catholic charity organizations in 28 states.

### Indictments Stand.

Duluth, Minn.—Judge Foster in district court here rejected the motion to quash the indictments against the industrial workers of the world held for the murder of Deputy Sheriff James W. Myron of Hibald.

### Troop Train in Ditch.

Nevada, Mo.—A special train on the Missouri Pacific carrying the supply companies of the First and Third Missouri Infantry, en route here from Laredo, Texas, went into a ditch Sunday near Houndville, Mo., 10 miles south of here.

### Camp at Eagle Pass.

San Antonio, Texas.—The two Tennessee regiments ordered to the border will be placed at Eagle Pass instead of Fort Clark, as was first announced by Gen. Funston.

## N. Y. WORKERS VOTE TO AID STRIKERS

MANY CRAFTS VOTE TO GO OUT  
IN SYMPATHY WITH NEW  
YORK CARMEN.

### MORGAN INTERESTS HIT HARD

Violence Breaking Out Since Hope of Strike Settlement Is Abandoned.

Embarrassing Morgan Interests—People Injured.

New York.—Eighty thousand workers in crafts closely affiliated with the operation of New York's traction lines are expected to go on strike Monday. It was announced at the close of the meeting of a Central Federated Union. Representatives of 400,000 unionized employees were at the meeting, it was said, and passed a resolution calling on each trade to ascertain the sentiment of members regarding a general strike in sympathy with the car men here, who quit their places September 8.

A referendum has been in progress among many of the crafts for several days, and if the sympathetic strike is authorized, union leaders predict, it will be the most effective blow that could be dealt in the carmen's strike in progress since Sept. 6 on the elevated, subway and surface transportation lines.

The trades in which the referendum has been in progress, it is said, include longshoremen, teamsters, power house employees, stationary engineers and firemen and machinists. Figures are available only from the machinists, and it is said their vote shows about 70 per cent in favor of a sympathetic strike.

Unions to leaders attach much importance to action of the machinists, most of whom are employed in plants manufacturing munitions of war for the entente allies, and say a strike in that trade would be a direct blow at the Morgan interests.

### NO HOPE OF SETTLING STRIKE

Operation of Motor Buses Planned in New York—Surface Traffic Virtually Stops.

New York.—The failure of Mayor Mitchell and the public service commission to induce the street railway officials to arbitrate differences with their employees leaves this city still in the grip of the transit strike. Suspension of traffic on all surface car lines in Manhattan and the Bronx at night and infrequent cars during the day has packed subway and elevated lines.

Mayor Mitchell said that something would have to be done immediately, and that he hoped to devise some means by which all cars could run again. The mayor's plan to have the board grant a franchise to the New York Motor Bus Company, permitting omnibus traffic throughout the city, did not give much hope, as it takes 30 days for the franchise to be granted and to put buses in operation.

Wm. B. Fitzgerald, organizer of the carmen's union, accuses the transit company of feigning defeat by its refusal to arbitrate the strike. He declared arbitration would be the "surest way to prevent both misunderstanding and public deception."

### TAMES HEADS REVOLT.

He Is Leading Independent Faction Against Chihuahua.

El Paso, Texas.—Colonel Mariano Tames, who with several members of the Carranza garrison in Juarez, revolted some weeks ago and is at Alamos, about 35 miles northeast of Chihuahua City, with about 300 followers, according to private dispatches received here. Tames, it is said, is operating independently of other Mexican factions.

Another band of about 300 outlaws recently reported in the vicinity of Ojinaga is said to be making its way in the direction of Chihuahua City, but it is declared no fears of an attack upon the town is entertained.

### Will Regulate Rates.

Washington.—The interstate commerce commission directed the Arkansas Harbor Terminal Railway Co. and others to show cause by Oct. 7 why a specific order should not be issued regulating rates on various commodities between Shreveport and Texas railroad stations.

### Five Die in Explosion.

Newark, N. J.—Five men, including Samuel Botkin, president of the Interstate Milk & Cream Co., were killed in an explosion of an ammonia tank at the company's plant, which was to open next Monday. Three others were injured.

### Unions Reject Compromise.

London.—Another effort is being made to avert the threatened strike of railroad employees, who are demanding a 10 shilling increase in wages, which the managers refuse to grant.

## ALLIES WINNING ON SOMME

German Counter-Attacks Ineffective, Ceaseless Shell Fire Rages.

London.—Powerful counter-attacks were launched by the Germans Sunday against the newly acquired British positions on the Somme front. The British artillery fire, says the official statement from general headquarters, caught the attacking forces and dispersed them with heavy losses.

At the British Front (via London).—With ceaseless shell fire from unprecedented concentrations of guns, while the British making good their advances, while the Germans were rushing up reserves from other parts of the western front, the battle raged furiously throughout Sunday.

The demoralization of their infantry by the use of the new British armored motor cars called "tanks" was freely confessed by German prisoners. "There was no standing against that sort of thing," said one German officer. "Of course, we surrendered, those of us who were alive. We fired at a tank with our rifles. Our machine guns were turned loose on it, but the bullets were only blue sparks on the armor. We thought the British slow and stupid, despite their courage and stubbornness, and they gave us a surprise like this."

London.—Three hundred thousand Teutons will be dispatched at once from other theaters of war to the Balkan front. Germany will furnish 200,000, Austria-Hungary 100,000 men. This army, combined with the Germans, Bulgars and Turks now fighting in the near east, is to accomplish the dual aim which the central powers and their allies regard as absolutely vital for the continuance of the war—the crushing of Roumania and the expulsion of the allies from Macedonia, so as to safeguard the communications between the Teutonic empires and their eastern allies—the Orient Railway.

This, according to a wireless dispatch from Rome, based on reliable authority, is the decision reached by the general council of the central powers at the Kaiser's headquarters in the east.

"Offensive in the Balkans, defensive everywhere else," is the slogan created by the recent developments in the near east as the result of Roumania's intervention. Evidence of a gradual shortening of the German western front are accumulating. Indication that Verdun will be abandoned is contained in late Paris war office statements. Whole divisions have been sent from that front to the Somme, and far behind the Picardy lines the Teutons are feverishly constructing new defense systems.

### NOTED LANDING ABANDONED

Historic Arkansas City Landing To Be Abandoned By River Packets In the Future.

Memphis.—For the first time in nearly half a century the wharfe of the river packet will cease to be heard at the landing at Arkansas City after next Monday.

Arkansas City at one time was the premier river landing between Memphis and New Orleans, and the famous boats of the big transportation lines all stopped at the wharf there. The city was doubly important owing to the fact the Memphis-Little Rock boat brought business to Arkansas City and much reshipment was done at Arkansas City.

That town has perhaps as much historical and interesting atmosphere about it as any place below Memphis and the announcement of its abandonment will cause retrospection among rivermen up and down the length of the river.

### CARRANZA SHIP BURNED.

Two Hundred Lives Lost in an Incendiary Fire.

Douglas, Ariz.—News has just been received here of the destruction by fire of the steamer carrying Carranza troops from Mazatlan to Guaymas. Two hundred lives were lost. Jose Diega, brother of Gen. M. M. Diega, who was on the steamer on a special mission from Carranza to the Sonora officials, escaped, swimming ashore naked. The fire is believed to have been of incendiary origin, legalists being suspected.

### FRISCO REORGANIZATION.

Application To Issue \$1,000,000 of Bonds For Purpose.

Topeka, Kan.—An application of the Frisco Railway Company to issue \$1,000,000 of stocks and bonds for carrying out a reorganization of the company's affairs was placed in evidence before the state public utilities commission.

### Elephant Hanged.

Erwin, Tenn.—"Mary," the big elephant which killed her trainer at Kingsport, Tenn., after a circus performance, was hanged here in the presence of more than 1,500 people. A railroad derrick car was used in the execution.

### Straus Writes New Opera.

Berlin (Via Sayville).—Richard Straus, the composer, has completed the score of his new opera, entitled "The Woman Without a Shadow."

## TO DISGUISE MILK

MANY WAYS OF PREPARING IT FOR CHILDREN.

Not All Youngsters Like This Most Valuable of All Foods, and Here Are Some Methods of Introducing It into Diet.

How to introduce the necessary quantity of milk into the diet of a child who dislikes it is a problem which confronts many mothers at this time of year. Milk is such a perfect food for children that it is always a pity when it is not taken readily and enjoyed, but with a little ingenuity, the trouble usually may be overcome. The best authorities on children's diet consider a quart of milk a day the proper allowance for a child past the third year, this quantity to include milk used in preparing food and that served with cereals, as well as milk taken as a beverage.

Where a child shows a disinclination to drink milk, fancy colored glasses with figures sketched on the outside will often change the aspect of things and distract the child's attention. Sucking the milk through a straw is another innocent trick by means of which the desired quantity is absorbed. Cocoa, either hot or cold, is another valuable means of introducing milk into a child's diet, as only enough cocoa need be added to change the appearance and flavor.

An excellent way of introducing milk into a child's diet is with vermicelli, which in many families is considered the nursery form of macaroni. Instead of the familiar white sauce served to adults the final cooking of the vermicelli should be in milk and slightly thickened. Milk should also be used on finely chopped potato and on any other vegetables where a cream sauce would ordinarily be served.

Cereals cooked in milk instead of in water are practically the same in appearance, though much more nutritious because of the milk absorbed in the slow cooking. Half milk and half water may also be used, or the preliminary cooking can be done in water and milk added to the cereal when partly done. Cereal puddings, either hot or cold, also offer a wide range for the attractive use of milk. The simplest of creamy rice puddings can be completely changed in appearance by the addition of cocoa stirred in while the ingredients are being mixed.

An egg poached in milk and served with a spoonful of thickened milk poured over it on a slice of toast will often be enjoyed by a child who refuses milk as a beverage. Another excellent way of combining egg and milk is to beat an egg until light and foamy, adding a scant half cupful of milk and a few grains of salt. Pour into a buttered ramekin and set in a pan of boiling water either on the stove or in the oven. Do not stir but let it cook until thick and creamy. Let the child eat it from the ramekin.

### "Hodge Podge Pickle" Recipe.

One dozen cucumbers, sliced thinly; one gallon shredded cabbage, four onions, three teaspoonfuls salt, two cupfuls white sugar, four red peppers, one-half pound dry mustard, one ounce celery seed, one ounce white and black mustard seed. Add enough vinegar to mix thoroughly, and let come to boiling point. Stir in mustard, which has been mixed with cold vinegar. Boil 20 minutes; seal in jars while hot. Excellent to serve with meats.

### Stuffed Egg Aureole.

These are made by removing the yolks from hard-boiled eggs, and mixing them with a tablespoonful of fresh cream, the same amount of fresh butter, English mustard, and a teaspoonful of minced tarragon leaves. The mixture should be put through a fine wire sieve, then into a pastry bag and forced through a rose tube into the halved whites of the eggs; each is decorated with a star-shaped piece of pimento and garnished with watercress.—Vogue.

### Beef Relish.

Mix well together one quart of finely chopped cabbage, one quart of chopped boiled beef, two cupfuls of sugar, one cupful of chopped onion, one cupful of grated horseradish, one tablespoonful of salt and a small amount of cayenne. Cover with cold vinegar and keep well corked. This is a change from the familiar kinds of pickles kept on hand by the careful housewife.

### Tomato Savory.

Take one-half pound of tomatoes, skin them, cut them in slices, put one ounce of butter into a saucepan, add the tomatoes, pepper and salt, and cook them slowly about ten minutes, then add the yolks of two fresh eggs. Stir till the mixture is quite a thick paste and serve it on little croutons of fried bread.

### Ingenious Tray Stand.

There is always more or less trouble with an invalid's tray unless one happens to be the possessor of a bedside table. One woman pushed a drophead sewing machine close to the bed, turned the cover back over the bed, and found that she had an excellent stand for the tray.

### Have Salt and Pepper Mixed.

It is a good idea to have a good sized kitchen salt shaker filled with a mixture of salt and pepper. This saves time in seasoning.

## Ask for and Get SKINNER'S THE HIGHEST QUALITY MACARONI

Soothed and Healed by Cuticura Soap and Ointment. Trial Free.  
"Smear the affected skin with Cuticura Ointment on end of finger. Let it remain five to ten minutes. Then wash off with plenty of Cuticura Soap and hot water. Dry without irritation. Nothing like Cuticura for all skin troubles from infancy to age."  
Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.—Adv.

Of Military Age.  
The number of men of military age in America—including citizens and men who have declared their intention of becoming citizens—is said to be not far from 21,000,000. This estimate is based on the assumption that there has been an increase of approximately 10 per cent in the population of the country since 1910. When that census was taken the total number of male citizens and prospective citizens eighteen years of age and over, but under forty-six, was 19,183,000. Of this number 14,224,000 were native whites, 2,857,000 were foreign-born citizens who had become naturalized or had declared their intention of doing so, 2,052,000 were negroes and 50,000 were Indians. Men of military age in Tennessee, at the last census numbered 434,641.

An Easy Job.  
"Yes, this is sure an easy job. Biggest cinch I ever had."  
The speaker was a well-known character of the New York East side. His well-barbered aspect and immaculate evening attire did not altogether disguise him, and therefore an astonished friend—a newspaper man—was asking him questions. The encounter occurred in a very "refined" and high-priced dancing-resort at Brighton Beach, on the border of Coney Island.

"They had a couple of fuses down here early in the season," continued the East Sider, "and den dey hired me, see. I gotto wear dis make-up so's to look right. It's all right when y' git used to it. Dey pay all right, too. Twenty a week an' eats. What do I do? Why, when I sees anybody I knows I puts 'em out. Dat's all."

These are made by removing the yolks from hard-boiled eggs, and mixing them with a tablespoonful of fresh cream, the same amount of fresh butter, English mustard, and a teaspoonful of minced tarragon leaves. The mixture should be put through a fine wire sieve, then into a pastry bag and forced through a rose tube into the halved whites of the eggs; each is decorated with a star-shaped piece of pimento and garnished with watercress.—Vogue.

# THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, SEPTEMBER 21, 1918

Will someone please cut the Outpepper string of the Cadiz Record.

Place this bug in your ear. If you live in the city of Murray you must register Tuesday, October 3, before you will be entitled to cast a vote in the November election.

Last week Thos. A. Edison, the great inventor, made known his intention to vote for and support President Wilson for re-election. This week Henry Ford, the great manufacturer of automobiles, made a similar declaration. Now, the only thing left to make it unanimous for Wilson is to grant a franchise to every little lizzie that they too might vote for Wilson.

The fiscal court was in session Monday for the purpose of determining the question of the employment of a county farm agent and a home demonstrator. After a considerable discussion the matter was passed until the next regular meeting. It is the opinion of the Ledger that the court has about concluded not to make the necessary appropriation for the employment of these agents, and this decision we regret very much. However, we are still hoping that some means can be found whereby the court will be justified in taking the advanced step, as we are convinced that it would prove of greater benefit to Calloway than any other action that might be possible for the court to take at this time.

## About School Elections.

State Superintendent V. O. Gilbert says that on account of confusion in the state as to the election of sub district trustees this year he hands to us the opinion of Attorney General M. M. Logan.

"The act of 1916 does not legislate trustees out of office. Those who would have been elected in August, 1916, will hold over and their successors will be elected in October, 1916, but will not take office until March, 1917. Those trustees whose terms expire in August, 1917, will also hold over. Their successors will be elected in October, 1917, and will take office in March, 1918."

O. J. Jennings, Jr., arrived home Monday from Barborton, Ohio, where he spent his vacation making war munitions with which the English hope to destroy the Germans. He will leave Tuesday for Sewanee, Tenn., where he will again be a student in the University of the South.

## RECORD OF THE PAST.

No Stronger Evidence Can be Had in Murray.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Any kidney sufferer should find comforting words in the following statement:

Mrs. I. L. Jones, N. Thirteenth St., Mayfield, Ky., says: "I was troubled a great deal by kidney complaint. The kidney secretions were unnatural and I felt miserable. Doan's Kidney Pills soon regulated the kidney action and restored my kidneys to a normal condition."

OVER EIGHT YEARS LATER Mrs. Jones said: "We still use Doan's Kidney Pills occasionally and find them an excellent kidney medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones has twice publicly recommended. Foster-Ringling Bros. Coming This Way.

Announcement is made that on Thursday, September 28, Ringling Bros. circus will give afternoon and night performances at Paducah.

The famous showmen are this season presenting an all new and wonderful program. The tremendous fairland spectacle, "Cinderella," will appeal to both young and old. More than 1,000 persons take part in it. It is easily the biggest spectacle Ringling Bros. have ever staged and its glorious "Ballet of the Fairies," with 300 dancing girls, is in itself worth going many miles to see. Following "Cinderella" 400 "arenic" artists appear in the main tent program. Because of the great European war the Ringlings have secured scores of circus performers never before seen in America. An entire trained animal show has been made a part of the main tent program this season. The menagerie show now numbers 1,009 wild animals. The elephants, including "Big Bingo," the earth's largest pachyderm, have been increased to 41 and almost 800 horses are carried. There will be 60 clowns and a big three mile street parade show day morning.

Lost. Bunch of keys containing W. O. W. emblem and also a metal stamped with Dale, Stubblefield & Co. Return to Tom Williams and be rewarded.

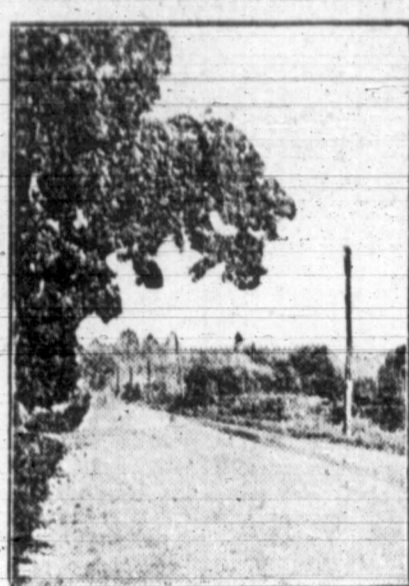

## GOOD ROADS

IMPROVING THE POST-ROADS

Four Hundred and Sixty-Five Miles of Experimental Highways Are Now Under Construction.

Four hundred and sixty-five miles of experimental post-roads of different types, benefiting 28 different counties, are now under construction in 13 states, which are co-operating with the federal government. These roads, which are being built under the supervision of the department, are authorized by the act of congress of August 24, 1912, which appropriated for the post-road department \$500,000, to be expended in an experiment to test out the value of improved rural-carrier routes. The federal government pays one-third and the state or county benefited must defray two-thirds of the cost. The entire sum of \$500,000 of federal funds and \$1,000,000 of local funds will be expended under the supervision and checking of federal highway engineers.

Ohio State Highway, Brick.

The following work on post-road improvement has been undertaken, according to a bulletin dealing with the construction and maintenance of roads and bridges, issued by the department:

Lauderdale county, Alabama, 50 miles of earth road.  
Boone and Story counties, Iowa, 51 miles of earth road.  
Dubuque county, Iowa, 20 miles of gravel road.  
Bath and Montgomery counties, Kentucky, 11 miles of macadam road.  
Montgomery county, Maryland, 5.4 miles of macadam road.  
Cumberland county, Maine, 21 miles of bituminous macadam road.  
Leflore county, Mississippi, 24 miles of gravel road.  
McDowell county, North Carolina, 16 miles of earth road.  
Davie, Forsyth and Iredell counties, North Carolina, 45 miles of sand-clay and top-soil road.  
Licking and Muskingum counties, Ohio, 24 miles of concrete road.  
Jackson county, Oregon, 51.4 miles of earth road.  
Aliken county, South Carolina, 27.3 miles of sand-clay and top-soil road.  
Loudon county, Tennessee, 6.4 miles of macadam road.  
Montgomery county, Tennessee, 7.6 miles of macadam road.  
Bexar, Comal, Aravis, Hays and Guadalupe counties, Texas, 71.6 miles of gravel road.  
Fairfax county, Virginia, 12.3 miles of gravel road.  
Spotsylvania, Caroline and Hanover counties, Virginia, 38.2 miles of sand-clay and top-soil road.  
As rapidly as these roads are constructed the department is endeavoring to interest the local authorities in inaugurating systematic maintenance to keep them in condition. The county engineer has undertaken the maintenance of the Virginia post-road in Spotsylvania county, and another will supervise the upkeep of the completed part of the Ohio post-road. It is believed that this local maintenance system will be extended to the post-roads to be built in Maine, Tennessee, Texas and Alabama.

Bulletin on Roads. The United States department of Agriculture bulletin, No. 229, is upon the subject of roads, and it is well worth reading. It tells of Roman roads, French roads, and treats not only of road surfacing, but of road grading and foundations for roads. Send for it it's free.

Keep Roadsides Clean. Roadsides and fence rows free of weeds, rank grass and rubbish, are not only pleasing in appearance, but injurious crop pests cannot start housekeeping in such places. Neither is there a chance for noxious weeds to mature or dangerous plant diseases to start on clean roadsides.

Greatest Single Factor. The greatest single factor in national economics is transportation, and the greatest single factor in economical transportation is good roads.

## SAM T. FRUIT IS OUT FOR JUDGE.

Hopkinsville, Ky., Sept. 18.—The republican district committee of the Third judicial district met in this city Thursday and nominated Sam T. Fruit for circuit judge.

Those present were Me J. Davis, committeeman for Christian; J. F. Ramey, committeeman for Lyon; Burnett, for Trigg; and W. C. Osburn, committeeman for Calloway county.

Capt. Me J. Davis was made chairman and John Eiland, secretary of the committee.

There was but one candidate and the nomination was put through without a hitch. The nomination came as a complete surprise as Mr. Fruit's name had not been mentioned in connection with the office. Judge Jas. Breathitt recently declined to be a candidate and it was not known that the republicans were contemplating the nomination of a candidate against Judge C. H. Bush.

Mr. Fruit appeared before the committee and accepted.

He is a native of this county, a son of the late Capt. S. T. Fruit, a federal soldier. He began life as a school teacher but was admitted to the local bar nine years ago. He is 39 years old and is married.

Mr. Fruit says it is not his purpose to make speeches over the district.

The district last year went republican, but it is hardly possible that Mr. Fruit has been nominated with any hopes of success.

Woman loves a clear, rosy complexion. Burdock Blood Bitters is splendid for purifying the blood, clearing the skin, restoring sound digestion. All druggists sell it. Price \$1.00.

## Card of Thanks.

I take this method of extending my sincere thanks to Jordan & Palwell, agents for the Home Insurance Co., of New York, for their prompt and satisfactory settlement rendered me by tendering to me my draft through State Agent H. Lee Upton, on September 5, for my loss which occurred by fire on September 2, and desire to say that the agents and company have rendered every effort possible to meet their obligation.—Joe M. Irvin.

Judge C. H. Bush, of Hopkinsville, spent two days in the city this week in the interest of his candidacy for circuit judge.

Mrs. J. D. Rowlett and son were the guests of her relatives in Paducah this week.

## "Goodnight Corns!" We Use "GETS-IT!"

3 Drops in 2 Seconds. That's All "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got to walk sideways and wrinkle up their faces. Or they use salves that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make the toes bleed. Funny, isn't it? 'GETS-IT' is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else."

"GETS-IT" is sold and recommended by druggists everywhere. See a bottle, or send on receipt of price, by B. Lawrence & Co., Chicago, Ill.

Sold in Murray and recommended as the world's best corn remedy by H. T. Wear and Dale, Stubblefield & Company.

BOURBON HOG CHOLERA REMEDY  
Prevents and Cures.  
CHOLERA, WORMS, COUGH, THUMPS.  
It destroys disease germs, regulates the bowels, aids digestion and causes hogs to fatten quickly. Use it in the feed and drink and your hogs will never have cholera. Costs only 5c a month for each hog. Don't wait until they get sick. Begin giving your hogs this medicine now and keep them free from worms and disease. At All Druggists.  
BOURBON REMEDY COMPANY, Lexington, Ky.  
Sold in Murray by H. D. THORNTON.

C. D. Paschall is building a large tobacco prize house on the west side of the railroad. It is a large building of concrete, being 100x100 feet and has four double doors, two in the back and two in front, also two single front doors and ten windows. The roof will be metal with a row of half sash windows under the eaves to insure plenty of light. The building faces the north and will be fire proof and will be large enough for eight prizeing screws. The cost of this prizeing house will be near \$3,000. A large well with concrete curb-

ing almost drives you mad. For this building will be for rent. This is quite an addition to our town and should be quite an asset to business this winter.—Hazel News.

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. 50c at all stores.

Miss Zula Crutch, of Lynn Grove, has been the guest of Miss Eva Key, of this city, during the week.

## FARM LOANS

Ballard, Carlisle, Hickman, Fulton, McCracken, Graves, Marshall and Calloway.

I am prepared to make loans on improved farm lands at a low rate of interest in either of the counties mentioned above in the sums of \$2,000.00 or more on five, ten, fifteen or twenty years' time. About half the value will be loaned on desirable property. All or any part of a loan may be paid on any interest paying day, interest being stopped on partial payments made. If you are in need of a farm loan call to see me, or write me a letter and I will call to see you.

O. SPRADLIN

Attorney at Law  
UNION CITY, TENNESSEE

## Silver of Quality and Beauty

Unquestioned durability and exquisite design—the highest ideals in plated ware—are assured in spoons, forks and fancy serving pieces bearing the renowned trade mark.

## 1847 ROGERS BROS.

There are various makes of silver-plated tableware which are claimed to be "just as good," but, like all imitations, they lack the beauty and wearing quality identified with the original and genuine 1847 ROGERS BROS. ware, popularly known as "Silver Plate that Wears."

Sold by leading dealers everywhere. Send for catalogue "CL" showing all designs.

International Silver Co., MERIDEN BRITANNIA CO., Meriden, Conn.

Paducah, Ky.

## Out-of-Town Patrons

We always like to have Out-of-Towners come in. We know them because they seem so surprised to see a city store at their very door, as it were.  
We always go out of our way to please visitors, and the pleasure is always ours. There is one favor we want to ask of you—when in Paducah, come to BRIGHT'S first, for you will appreciate the courteous service which we render.

## Newest Fall Styles

Of Rare Beauty and Elegance.

It is a recognized fact that we show what is unquestionably the cleverest and smartest ideas in women's and misses' clothes, to be found in Western Kentucky.

Our stock is now overflowing with extremely good looking Fall Suits, Coats, Dresses, Millinery, Blouses and Skirts, which will tend to make shopping easy at this busy store.

## New Style Features as Shown

### Suits

Fur and Velvet Trimmed—Jackets have large sailor collars, and are nipped in at the waist. The skirts of the jackets are full and are inclined to ripple. Pockets are prominent features.

The Skirts are still quite full, and a mere trifle longer with simple lines.

Materials are velours, gabardines, broadcloths and poplins.

### Dresses

Show a marked tendency to the high waisted lines, bodices of the old fashioned tight variety are very popular in many dresses.

Dancing Frocks are prettier than ever, many of them have snug fitting waists and very large and ample skirts. Rich metallic embroideries are effectively employed.

### Coats

Are remarkable for their variety—the one ever present feature being the full ripple effects. Large sailor and high collars, with pockets on many of them.

Materials, Lustrous, plushes, wool velours, eskolyn, velvets, duvetyne, mixtures and cloths.

### Millinery

Tams, high in front effects, Turbans, "Jockey" Pokes, and large Dress Hats lead. Small, large or medium Hats are popular according to their becomingness.

Colors—Black, Brown, Burgundy, Purple and many combination effects. Over one thousand Hats from which to choose.

—Attend the McCracken County Fair, October 3, 4, 5 and 6—

For Sale.—60 acre farm 1 mile west of Almo on rural route; 40 acres fresh land; good house of 3 rooms; good stables, good frame barn; good water; 45 acres in cultivation, balance in timber. Will sell this place at a bargain as I own another farm. Call on or write W. M. Thomason, Almo, Rt. 2, for price and terms. \$1012

See the Murray Furniture & Undertaking Co. for coffins, caskets or robes.

### A Vivid Contrast—

Exists between the old, clumsy, drenching method and the new, easy Farris way of putting the medicine on the back of the horse's tongue by means of a medicine dropper which comes packed with the remedy. Farris' Colic Remedy is not an experiment. It cures colic. We are behind it and will refund your money if you do not get results. Sexton Bros.

### Moderator 92 Years Old.

The Long Run Baptist Association, to which all Baptist churches in Louisville and contiguous territory belong, about 40 in number, will meet at the East Baptist church, 414 East Chestnut street, Louisville, September 21 and 22. The moderator, Rev. Dr. W. Powers, of Long Run, is 92 years old, and has been at the head of the association 30 years.

### For Sale.

Wheat and grass fertilizer. I will have a car of Mt. Pleasant fertilizer at Hazel, Ky., on the fourth Saturday in September, to sell at a bargain. 16 per cent average phosphate, \$1 per 100 pounds; 14 per cent average phosphate, 90c per 100 pounds; 12 per cent average phosphate, 85c per 100 pounds. Come early and take advantage of these prices. Terms: Cash at car.—Barney Paschall. 9142

We are strong on red clover, crimson clover, Gold Medal red top, timothy, winter turf oats and rye seed. See our line before you buy.—Sexton Bros. 973

See the finest line of caskets in Western Kentucky at the Murray Furniture & Undertaking Co. You will find sorghum mills, pans and furnaces at Sexton Bros. 973

### A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength. Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Bowne, Bloomfield, N. J.

### For Sale.

One small bottom farm near Martins Chapel church, southwest of Murray. Price right, terms easy.—See W. H. Finney.

A fine casket can be bought at the Murray Furniture & Undertaking Co. for little money. See them.

Empire wheat drills and Ox Brand fertilizer for wheat and grass.—Sexton Bros. 973

## Commissioners Sale

Calloway Circuit Court, Kentucky

John W. Stubblefield, etc., Plaintiffs

Vs. Judgment.

By virtue of a Judgment and Order

of Sale of the Calloway Circuit

Court rendered at the August term

thereof, 1916, in the above cause for

the purpose of division.

I shall proceed to offer for sale at

the court house door in Murray,

Kentucky, to the highest bidder at

public auction on the 25th day of Sep-

tember, 1916, between the hours of

1:00 o'clock p. m. and 3:00 o'clock

p. m., being county court day, upon a

credit of six months, the following

described property, or as much thereof

as may be necessary to satisfy the

above named judgment, to-wit:

All of the southeast quarter of sec-

tion 35, township 3, range 5 east, ex-

cept that part sold and allotted to E.

P. Chandler by the commissioner of

the Calloway county court, and also

except 100 acres off of the north end

of the land remaining after the allot-

ment to E. P. Chandler, which 100

acres was allotted to Susan Wells as

her dower in the land of John G.

Wells, deceased.

Also, a 39-acre tract of land sup-

posed to be 40 acres out of the south-

east corner of the northwest quarter

of section 35, township 3, range 5 east,

known as lot No. 7 in the division of

the lands of W. B. Barnett, deceased,

and from his estate heired by El-

izabeth Snayley, same being heired by

Nanny E. Ivey in a division of land

of Calloway Barnett, deceased, and

bounded as follows: Beginning at 4

post oaks about the center of said

quarter section, thence south with

the east line of the 38 1-8 acre tract

of land, heired by Calloway Barnett

lot No. 6 in the divisions of W. B.

Barnett, deceased, to 3 black oaks on

the quarter section line, thence east

to 3 black oaks and a hickory tree

at the southeast corner of quarter, thence

north to a stake the southeast corner

ORVIS C. WELLS, Optometrist

Office Allen Building

containing 95 1/2 acres, more or less,

and being the land on which said T.

P. Turner resides, said deed is re-

corded in commissioner's Deed Book

3, page 110. Calloway county clerk's

office; except the following describ-

ed land sold to T. J. Hensley out of

the northwest corner of the south-

east quarter of section 26, township

3, range 6 east, in Calloway county,

Kentucky, bounded as follows: Com-

mencing at a hickory, thence west

about 300 yards to a blackjack,

thence north 300 yards to red oak

corner, thence same corner being in

the northwest corner of F. P. Turner's

land, thence about 300 yards to a

hickory corner, same being the F. P.

Turner corner, thence south to a

hickory about 100 yards to the com-

mencing, containing 12 acres, more

or less, and recorded in Deed Book

80, page 498, calloway county clerk's

office.

For the purchase price purchaser

with approved surety or securities

must execute bond, bearing legal in-

terest from the day of sale until

paid, and having the force and ef-

fect of a judgment. Bidders will be

prepared to comply promptly with

these terms.

J. A. Edwards, Commissioner.

## Commissioners Sale

Calloway Circuit Court, Kentucky.

Susan Wells, et al., Plaintiffs

Vs. Judgment.

By virtue of a Judgment and Order

of Sale of the Calloway Circuit

Court rendered at the August term

thereof, 1916, in the above cause for

the purpose of division.

I shall proceed to offer for sale at

the court house door in Murray,

Kentucky, to the highest bidder at

public auction on the 25th day of Sep-

tember, 1916, between the hours of

1:00 o'clock p. m. and 3:00 o'clock

p. m., being county court day, upon a

credit of six months, the following

described property, or as much there-

of as may be necessary to satisfy the

above named judgment, to-wit:

All of the southeast quarter of sec-

tion 35, township 3, range 5 east, ex-

cept that part sold and allotted to E.

P. Chandler by the commissioner of

the Calloway county court, and also

except 100 acres off of the north end

of the land remaining after the allot-

ment to E. P. Chandler, which 100

acres was allotted to Susan Wells as

her dower in the land of John G.

Wells, deceased.

Also, a 39-acre tract of land sup-

posed to be 40 acres out of the south-

east corner of the northwest quarter

of section 35, township 3, range 5 east,

known as lot No. 7 in the division of

the lands of W. B. Barnett, deceased,

of lot No. 4 originally heired by Jas.

L. Barnett, thence west to 4 post oaks

to the beginning corner. All the said

tract save and except 10 acres, heired

by N. B. Barnett in a division of the

lands of Calloway Barnett, deceased,

said 10 acres is cut off of the west side

and adjacent to lot No. 6 now owned

by Clem Roberts, and the north south

line, (that is, running north and

south) are parallel, leaving in the

lands herein conveyed about 30 acres,

the same more or less.

A'so, the northeast 40 acres of land

out of the northwest quarter, section

35, township 3, range 5 east, known

as a part of the Calloway Barnett

land and bounded as follows: Begin-

ning at 2 black oaks the northeast

corner of said quarter, thence west

70 poles to 3 black oaks, thence south

8 1/2 poles to 4 post oaks, thence east

70 poles to a stake, thence north 8 1/2

poles to the beginning, containing

40 1/4 acres, be the same more or less.

Also, the north half of the south-

west quarter of section 7, township 2

range 6 east, containing 80 acres more

or less.

For the purchase price, purchaser

with approved surety or securities,

must execute bond, bearing legal in-

terest from the day of sale until

paid, and having the force and effect

of a judgment. Bidders will be pre-

pared to comply promptly with these

terms.

1916, between the hours of 10

o'clock a. m., and 4 o'clock p. m.,

at the court house door in Mur-

ray, Calloway county, Ky., ex-

pose to public sale, to the high-

est bidder, the following prop-

erty (or so much thereof as

## LOCAL and PERSONAL

Biscoe Robinson went to Detroit, made a tin lizzy, and is now back on the job at the post office.

For croup or sore throat, use Dr. Thomas' Electric Oil. Two sizes, 25c and 50c, at all drug stores.

P. P. Underwood and wife attended the Tennessee state fair in Nashville this week. They made the trip in his car.

Mrs. W. W. McElrath and children are spending the week in Paducah the guests of her brother, Clarence Brown, and other relatives.

Mrs. Crouch Phillips, of Station, Tenn., arrived here this week to spend some time the guest of her parents, C. M. Hood and wife.

Fred Burton has purchased the barber shop in Hazel and together with his family moved there the first of the week to make their home.

W. W. Stubblefield left the latter part of the past week for Victoria, Texas, near where he has extensive farming interests. He will be absent several weeks.

Mrs. J. B. Lippencott, who has been residing in Lebanon, Mo., the past two years, arrived here last week to spend some several weeks with her daughter, Mrs. Wiley Utterback, and other relatives. Mr. Lippencott recently sold his property in Missouri and is in Kansas at present looking for a location.

Wanted.—Two or three rooms for light housekeeping.—Raleigh Melon.

If it's a coffin, casket or robe, see our immense stock.—Murray Furniture & Undertaking Co.

John Mc Clayton left Monday morning for Appellton City, Mo., near where he has considerable real estate interests. He expects to be absent for several weeks.

Richard Smith and Miss Myrtle Morris, well known young people of the northeast part of the county, were united in marriage at the court house here last week. They have many friends in their section of the county to wish them much happiness.

W. A. Taylor and Mrs. Mavis Owen were united in marriage in this city at the home of Walter Stiles the past week. The bride is a daughter of Mose Thornton, of the east side, and formerly resided in this city. Both parties are well known and have many friends.

The West Kentucky Real Estate Exchange takes about two-thirds of a page of space of this issue to make announcement of some special real estate bargains for "quick action." Look over this list and call on this company when you want to buy or sell. Read their entire advertisement with care.

Mrs. J. M. Winchester and Mrs. Pattie Winchester, of Clayton, N. M., arrived in the county the past week to be the guests of relatives on the east side for sometime. They started from their far western home with John Winchester in an automobile but upon their arrival at Kansas City, Mo., were compelled to abandon the auto trip and Mr. Winchester returned home while the ladies continued the journey by rail.

Mrs. Paul Patterson, of Paducah, spent last Monday afternoon in the city the guest of her parents, W. T. Sledd and wife. Mr. Patterson and Miss Sledd were united in marriage about ten days ago, eloping to Tennessee where Rev. Diggs said the ceremony linking their lives. Mr. Patterson is the youngest son of former county judge, T. W. Patterson, and for the past several years has been connected with the local office of the N. C. & St. L. railway. He is a young man of genuine integrity and numbers his friends by the score. Miss Sledd is the eldest daughter of W. T. Sledd and is a talented and charming young lady who has a host of friends to wish her a long and happy life. She returned to Paducah Monday night. Mr. and Mrs. Patterson will reside in Paducah where he is employed.

Felix G. Ewing will speak here fourth Monday in the interest of the tobacco association.

Rev. W. R. Walker and family, of Trenton, Tenn., spent the past week in the city the guests of Mrs. Walker's mother, Mrs. Stubblefield, and other relatives.

Mrs. W. J. Hills, of Paducah, was in the city the past week meeting a committee of the federated women's clubs completing arrangements for the district meeting of the clubs to be held in this place in October.

In police court Monday morning a Mr. Alexander was fined \$150 and costs for selling whiskey in the town of Hardin. Also a Mr. McBride was fined \$75 for a similar offense.—Hardin Enterprise.

Hon. Rainey T. Wells, of Murray, who delivered a democratic speech in Cadiz last Monday, drove over Monday morning in his car and was accompanied by Mrs. Wells, Mrs. Clyde Downs, Messrs. Isaac Keys and H. G. Wadlington. They returned to Murray in the afternoon.—Cadiz Record.

Elder I. T. Green, for the past two years pastor of the First Christian church of this city, delivered his farewell sermon last Sunday night to a large congregation. He returned from Hart county about ten days ago where he had been engaged in a series of meetings. Elder Green has moved to Lexington, Ky., where he will enter Transylvania college.

In the account of a wedding of young people of the Locust Grove section of the county the Ledger last week stated that Mr. Jas. Hart was married to Miss Lucile Wilcox, when it should have reported his marriage to Miss Lucile Nix. Our informant evidently got the names confused and we gladly make the correction. Miss Nix is a daughter of Don Nix and a very popular young lady.

W. W. McElrath, the grocer, has traded his business and residence in this city to J. W. Wade, of near Almo, for his farm. The trade was made some several days ago but the transfer will not be made until about the middle of October. This deal was made through the West Kentucky Real Estate Exchange, and was one of the several transfers of importance made by this firm during the past week.

The Calloway County Singing Convention will meet at Kirksey on Friday and Saturday, September 29 and 30, in annual meeting. The Von Tham and Gaines quartettes, of Texas, are expected to attend and many singers of Calloway and adjoining counties will be present. The meeting promises to be one of the best ever held and all singers from every section of the county are invited to attend.

Miss Iris Rudd, daughter of Rev. J. C. Rudd and wife, of this city, and Mr. Keys Futrell, son of Albert Futrell and wife, of near Almo, were united in marriage last Monday afternoon at the home of the bride's parents on West Price street. Rev. Thompson, pastor of the Methodist church, of Bells, Tenn., a friend of the family, said the ceremony in the presence of members of the family. Immediately after the ceremony the couple left for an extended trip to northern points of interest, including Chicago, Milwaukee and St. Paul. Upon their return they will be at home just east of Almo where Mr. Futrell recently completed a handsome new home on his farm. Miss Rudd is one of the most splendid young ladies ever in this city, accomplished and widely acquainted throughout the county and has many friends to extend her best wishes. Mr. Futrell is the only son of Albert Futrell and wife, a splendid young man and one of the most popular citizens of the county. The Ledger extends happiest wishes for a long and happy life.

## ANNOUNCEMENT

WE wish to announce to our friends and patrons and the public in general that we will on the first day of September put our business on a strictly cash basis.

It is not necessary to go into the merits and demerits of the case of "Cash vs. Credit." It is plainly apparent that the cash business is the most satisfactory way of doing business to all concerned.

It is our earnest wish and desire to serve you to the very best of our ability at all times and we know that we can give you better prices, better merchandise, and better service by selling for cash only.

We wish to thank you for your patronage in the past and ask a continuation of the same and to assure you that your wants will always be taken care of to the best of our ability.

**Graham, Miller & Owen**  
Murray, Kentucky

### Jessie McElrath Brooks.

According to word received here yesterday morning by relatives, Jessie McElrath Brooks, the 19 months old daughter of Mr. and Mrs. John Brooks, 1625 Jefferson street, died at 8:30 o'clock yesterday morning at the Presbyterian Hospital in Chicago after an illness of colitis. The child had been ill for sometime and the mother and father took her to Chicago last week.

The body will arrive here this morning at 9 o'clock from Chicago and the burial will take place at this city, but no funeral arrangements will be made until the arrival this morning.—Paducah News-Democrat.

(Mrs. Brooks is a daughter of Mrs. Jessie Coleman, of Paducah, and a grand daughter of Mrs. Fannie McElrath, of this city.)

### McDaniel—Fitzgerald.

In the parlors of the Bowlin hotel yesterday evening at 7:00 o'clock, Elder N. S. Castleberry spoke the words that made J. A. McDaniel and Mrs. Sallie Fitzgerald man and wife. The family, relatives and a few close friends were the only witnesses to the happy event. The groom is too well known to need any introduction by us. The bride hails from Calvert City where she is well and favorably known for her many lady-like qualities. Both have many friends who join this office in most hearty congratulations, wishing for them peace, happiness, prosperity and long life.—Benton Tribune-Democrat.

### School Fair.

As a forerunner of the county school fair there will be a district school fair held at Palestine school house Saturday, October 7, 1916. All teachers, pupils and patrons are cordially invited to attend. All school children are invited to bring samples of their handiwork and exhibit them.

There will be small premiums offered for best farm products, manual art work, needlework, canned fruits, cookery, etc. A complete list will be printed later. Addresses by prominent speakers will be one of the pleasant features of the day.

All are invited to come and enjoy a get-together day in the interest of education.—Beatrice Crisp, Teacher.

For Sale.—52 acre farm, 1 1/2 miles southeast of Farmington near Henry church, 40 acres in cultivation; modern seven-room house, 1 barn, good stables, orchard; good cisterns and ponds. Well located and in good community; convenient to church and school. For further information and terms, apply or write to J. D. Tinsly, Farmington, R. F. D. No. 1. 9213\*

Mrs. Jas. Lukan and son, Harry, of Bartlesville, Okla., arrived here the latter part of the past week to spend several weeks the guests of relatives. Harry was called home Sunday by a telegram from his father.

Mrs. C. F. Dale and daughters left the first of the week for Tucson, Ariz., where they will spend the winter.

Show and Sale.—If you want to buy a good jack, registered stallion, brood mares or good mule colts attend the I. T. Crawford colt show and sale to be held Saturday, September 30, at 2 o'clock, Alvis and Graves Littleton, of Puryear, and Walter Kelly, of Hazel, will have some fine young jacks offered for sale at the same time and place. These jacks are half brothers of the jack sold at my last sale for \$810.—I. T. Crawford.

R. T. Cathey has the contract for erection of a bungalow residence for R. H. Falwell, to be erected just west of the Dr. Irvan residence, also to rebuild the Joe Irvan residence recently destroyed by fire in north Murray.

## YOU! YOU!!

We have you as a man who believes in the full purchasing power of his dollar when it comes to buying Lumber and Building Material. Are we right?

Then you will be interested in knowing that we carry the most complete and best assorted stock of building material in the county, and if you get our prices we get your business. Buy from the yard that carries the stock, that gives the values, that does the business; that yard is at the J. B. Hay Lumber Company's old stand.

WE CARRY CEMENT AND BRICK

**Hughes & Irvan Lumber Co.**

## TRAINING TODAY'S BOYS AND GIRLS

Professor Asks for a Scientific Method of Punishment.

EFFICIENCY EXPERT REPLIES

But His Plan of Correcting the Child by the "Automatic, Reflex Method of Nature" Won't Always Work.

By SIDONIE M. GRUENBERG.

A professor in a southern city, who is evidently not a specialist on children, writes to an "efficiency expert" for information on the "scientific method of punishing a child for misdemeanors, such as theft, falsehood and disobedience." He asks rather pathetically, "Is there no sane middle course between the old-fashioned whipping and the new-fangled, spineless idea of nonpunishment that makes the typical American child either a molasses-die or a bully, according to temperament?"

The expert replies by laying down a principle: "The right way to correct a child is by the automatic, reflex method of nature. Every violation of natural law carries with it a natural penalty, which, through pain, disgust or deprivation, teaches the wrongdoer not to repeat his mistake. . . . Each parental rule should be based on some natural law, and the natural penalty for transgression should be discovered and applied."

Now there is just enough truth in this reply to make it sound right; and there is just enough error in it to make it misleading or dangerous. It is true that the child learns from his mistakes, that every unpleasant experience teaches the lesson, "Don't do that again." This is a "natural law," and the application consists in establishing unpleasant associations between the actions we disapprove and certain consequences. This is the obverse of the principle of "rewards," namely, establishing pleasant associations with the approved acts.

But the fallacy in the alleged principle is brought out by the expert's own illustration of how he would apply it. He asks us to suppose that a boy, having been told not to eat between meals, disobeys the parental injunction and is seized with an attack of cramps. The way to enforce obedience, says the expert, is "not by administering pain killer inside and a switch outside—the usual inefficient method," but by allowing the transgressor to suffer the "natural consequences" of his misdeed, with frequent reminders that he is getting what he deserves for his disobedience. He recommends also a harmless bitter "medicine" to add to the child's disgust, in order to "intensify nature's method of discipline." "No coddling, no chastising, but the immediate linking of cause and effect in the mind of the child, and the natural revulsion from a deed that produces physical or mental pain; this describes in brief the efficiency plan of juvenile correction."

To every experienced mother two thoughts will instantly occur. Suppose the lad disobeys and gets away without any cramp—having fortunately a tough digestive system? And suppose, as sometimes happens, that a

A Harmless Bitter "Medicine" to Add to the Child's Disgust.

child of the angelic, obedient kind gets a violent cramp? One is tempted to ask whether the expert knows any children, and whether he has tried out the methods he recommends. It would take a child of an unusually docile and pliant mind to accept the doctrine that the pain was the consequence of disobedience, and a child as soft as that is really no problem at all.

If we are concerned in the supposed case, with teaching the child to refrain from food between meals, we should see that he has plenty of wholesome food for each meal, and that the meals come with sufficient frequency. We should see to it that he is spared the temptation to eat when he should not eat, and we should cultivate in him an effective faith in our judgment as to the best time for eating. But if we are concerned with making the child obey the proposed method will be equally ineffective—as "inefficient," if you like. For the only lesson that a normal boy can get from the association between disobedience and "punishment" is the lesson to avoid getting caught.

If we extend the principle of natural penalties a little further we may see its futility or even its viciousness. The child that disobeys the order not to cross the crowded street alone meets the "natural" consequences of a direct

physical altercation with an automobile. Undoubtedly the lesson is well learned, but it is much more expensive than it need have been. The boys who swim out beyond their depth have a variety of opportunities to "learn." If one of them uses his head and drowns he has but reaped the natural reward of disobedience. If another loses his head, but is saved by a strong companion, he is thoroughly scared, and also learns a valuable lesson. If the third, in the face of danger, musters all his moral forces and calmly floats until rescued, he has learned the best lesson of all. Does it follow therefore that we should give our orders and let the children obey or not, trusting to the "natural consequences" to teach them wisdom?

The efficiency man is right when he says that we should concern ourselves more with correction and discipline than with punishment, and we must be sure that the distinction we make is more than verbal. There is a sane course that avoids the brutal and indiscriminating whip, as well as the other extreme of letting "nature take her course," and that sane course is certainly not to depend upon "natural" penalties.

The fact is that there can be no fixed rules for the discipline of children. Every offense is a new situation; every child presents a peculiar combination of problems. Our method of correcting will be influenced by our attitude toward the child—whether we seek to impose our own more or less arbitrary scheme of retributive justice. But if we are sure that we

Consider the Motive and the Temptation Rather Than the Consequences.

are seeking the child's own good in our discipline, and not merely giving relief to our feelings, these few suggestions ought to prove helpful: Never punish a child in anger.

Consider the motive and the temptations rather than the consequence of a deed.

Condemn the misdeed, but not the child.

Make sure that the child understands exactly the offense with which he is charged.

Make sure that the child sees the connection between the offense and the penalty that is imposed.

Never administer excessive or unusual punishment.

Never exaggerate the magnitude of a child's offense.

PARROT GIVES FIRE ALARM

Cry of "Fire" Brings Help and Saves the Building From Destruction.

The parrot owned by J. H. Webster bears out the claim of its owner that it is "some bird." It undoubtedly prevented the building owned by Freeman Rogers, and used to store yacht supplies, from entire destruction by fire.

Seeing the blaze coming from the windows of the loft, the bird, which had for a few days been on the houseboat of Mr. Webster in the vicinity of the shop, called vehemently for help. Cries of "fire" being heard by workmen nearby, they looked about to see what had so excited Polly.

The fire was discovered, and with some trouble extinguished. Mr. Rogers has the bird to thank that his place of business was not wiped out completely.—Nonak (Conn.) Dispatch New York Herald.

Up to Them.

Little James, aged six, had been taught to pray each night for all his relatives and friends, and consequently the list had grown quite large. So one night, when it came time for the customary prayers, he refused to say them.

"Well, well, James," said his mother, "why don't you say them? All good little boys say their prayers."

"Yes, but I'm too tired."

"Oh, my, that's no excuse. Come now; that's a good boy."

"Well," replied James, "I guess I'll have to. But, anyhow, I'm not going to pray for everybody. I'm going to cut a lot of 'em out. Some of 'em will have to save themselves."—Tombridge, Clarion.

Curious Basque Language.

It is said that though the Basque language, which is spoken in the Pyrenees, is one of the most difficult of all languages to acquire, the youngest child conscious of his own thought, can express himself perfectly in it. It is asserted that, in vigor and word-painting, this is the richest of all languages. This may be partly due to the fact that nouns, pronouns and adjectives change into verbs at will, and verbs may be transformed into nouns and adjectives. Every part of speech, and even the letters of the alphabet, can be declined like nouns, and adjectives are conjugated like verbs.

## CLAIMS SETTLED "OUT OF COURT"

WORKMEN'S COMPENSATION ACT WORKS WELL IN SHORT TIME OF OPERATION.

MONEY IS SAVED IN FEES

Only One Out of 1,656 Cases Awaits Adjudication—More Than 2,500 Employers Accept.

(Special Frankfort Correspondence.)

Frankfort.—Out of 1,656 industrial injuries reported to the Workmen's Compensation Board only one claim for adjudication has been submitted. All the others have been or are being settled "out of court," which means that either the employers and employees are agreeing upon a settlement or are submitting the state of facts to the board or one of the members and adopting without contest the compensation recommended.

The law has been in operation only since August 1, and the number of injuries reported under the law in that time indicates what an immense volume of business comes through the department, and the fact that in all but one so far there has been no disagreement shows that employers, employees and insurance companies are disposed to be reasonable and well satisfied with the provisions. Each accident is reported, and, if terms of settlement are agreed upon, they also are filed with the board, and when compensation ceases a final settlement must be filed. Naturally it is expected that in time many contested claims will be submitted for adjudication, and eventually a claim clerk must be employed to look after the docketing and other work connected with such claims. Like the clerk of a court, as the department employees now are working day and night with the mass of routine.

Over 2,500 employers, all the big ones in the state, have accepted the terms of the act, and thirty-one insurance companies are writing compensation insurance in Kentucky. During the first month the revenues of the department have been sufficient to meet its expenses.

State Fish Car.

The new Kentucky fish transportation car is entirely of steel, including all interior bulkheads, partitions, doors, berths, lockers and water tanks, and is thoroughly insulated by the latest improved method to insure against heat and cold. It has a length of 60 feet, 2 1/2 inch over ends of body plates, and a standard width of 10 feet.

The weight of the car with equipment is 15,000 pounds and is designed to carry a load of 35,000 pounds, including water, fuel, ice and other supplies, making its total weight when loaded 185,000 pounds. Five men, including a cook, constitute the crew of the car. The car is specially designed for carrying live fish long distances. In the center, running lengthwise on each side, are insulated tanks with a total capacity of 130 ten-gallon cans in which the fish are held. During transportation the fish will be furnished with oxygen and fresh water by means of a six-horse-power steam boiler. The boiler will also furnish heat to the car, but in addition to this independent heating system the usual train attachment for heating the car from the locomotive is provided for.

Awaits Judge's Decision.

Until Judge Stout passes upon the petition of M. J. Meagher for an injunction restraining the Democratic Committee of the Twentieth Senatorial District, composed of the chairmen of Franklin, Anderson and Mercer, from meeting and nominating a candidate for State Senator, the committee will not attempt to meet. Mr. Meagher was nominated by the committee before S. W. Howell, Jr., succeeded Guy H. Briggs as Franklin county chairman for the senatorial nomination contest that as State Banking Commissioner Spear had not at that time resigned as senator. Meagher's supporters contend that the office of Senator was vacated when Mr. Spear became Banking Commissioner.

Kentuckians Are Pensioned.

According to a report here, President Wilson has signed special bills granting pensions to Kentuckians as follows: Benjamin F. Eddins, Pleasureville, \$36; Mrs. Mariam, Pleasureville, \$20; Sarah E. Toon, North Pleasureville, \$20; Mrs. Mary E. Martin, Millersburg, \$12; William Taylor, Campbellsville, \$40; Pleasant D. Broadus, Millers Creek, \$36; Mrs. Elizabeth Cole, Beattyville, \$20; Joseph David, Lexington, \$40.

No Change in Assessment.

The physical property of the railroads in Kentucky remain at the same assessment per mile as last year. The State Railroad Commission just voted two to one to continue the same assessment. Commissioners Garrett and Douthitt voting for it and Chairman Laurence Finn, who stands for an increased assessment, opposing it. Owing to extensions and betterments, principally in the Louisville & Nashville system, the total railroad assessment probably will foot up close to \$500,000 higher than last year.

Kehoe May Leave.

Rumors of prospective changes in the staff of the Institute for the Feeble-Minded here, that may also bring about a shifting among employees in the executive department, could not be authenticated, but are generally accepted as true. Dr. C. H. Kehoe, superintendent of the institute, it is said, will leave next month, and R. J. McMichael of Lexington, steward at the institute, is to go at the same time, though neither of them would corroborate the report. The members of the Board of Control, who have the appointive power, will not meet until the first of the month. Dr. S. L. Helm, first assistant at the Eastern State hospital, who recently was reappointed, has been mentioned for superintendent. If Mr. McMichael leaves, friends of Buford Williams, executive marshal at the capitol, say he may be appointed steward. Since Clark Overton, aide to the governor, has resigned to become parole agent, S. F. Davis, court reporter for Todd county, has been appointed stenographer in the governor's office, the law permitting the governor to appoint either an aide or stenographer. Mr. Davis has assumed his duties. Col. T. M. Phyllis, before his appointment as warden at the Reformatory, and Mr. Overton, who succeeded him as aide, had charge of the outer office in the executive department. Miss Minnie Mahler's confidential duties as secretary to the governor keeping her engaged in looking after the whole establishment. Consequently, with the substitution of a stenographer for aide, it is probable that the executive marshal will resume charge of the outer office, as he formerly did.

Varieties of Wheat.

The number of distinctly different varieties of wheat grown extensively in Kentucky is small. As a matter of fact probably 90 per cent of the wheat grown is of three varieties, although each variety is known by a number of different names. In the eastern part of the state, which includes all the Blue Grass region, a very large percentage of wheat is Fultz, a very old variety having a smooth, rather short head and white chaff. It has been the most popular wheat for many years in this part of Kentucky and still retains its popularity. It matures early, a very important characteristic for Kentucky; has a fairly stiff straw, and gives a good average yield of wheat of good quality. There are a number of so-called strains of Fultz, such as Kentucky Fultz, Pennsylvania Fultz, Missouri Fultz, Indiana Fultz, Jersey Fultz, etc. These strains are all alike in appearance and in most cases are of equal value.

Favor Another Conference.

State agents of several fire insurance companies held a conference with the State Insurance Rating Board and invited the board to hold another conference in Chicago with the company managers in an effort to adjust the differences between the companies and the board over the application of the act of 1916. Present at the conference were Chairman N. O. Gray, Insurance Commissioner C. F. Thomas, C. C. Colver, of the board; T. M. Goodie, secretary for the board, and D. Caldwell, J. E. Chittenden and Charles Gorham, of Louisville, and George R. Snyder of Mt. Sterling.

New Bank Organized.

The Farmers' and Merchants' Bank of Catlettsburg, the organization of which has been approved by State Banking Commissioner George G. Spear, filed its articles of incorporation in the office of Secretary of State James P. Lewis. The capital stock is \$50,000. The incorporators are Ernest Meek and L. T. Everett, of Catlettsburg, and Charles Russell, John Rusell and John F. Hager, of Ashland.

Resigns as Aide.

Clarke Overton, of Fleming county, resigned as aide to Gov. Stanley. He will be appointed parole agent to succeed Ernest Thompson, of Lexington, who failed to qualify for the position. Gov. Stanley appointed Stephen Davis, of Todd county, court stenographer, to succeed Overton. Davis will serve the governor as aide and stenographer.

In State Treasury.

The condition of the state treasury at the close of business August 31 follows: Sinking fund, \$337,255.34; general expenditures fund, \$524,502.62; sinking fund (deficit), \$2,397.51; State University (1/4 cent fund), \$3,667.72, making a balance in treasury of \$862,428.81. Outstanding interest bearing warrants, \$4,116,911.56.

Gets Death Sentence.

Harry Garrison, the negro who assaulted Mrs. Luella Crowder at her home near Oneonta, Campbell county, in July, 1915, must die in the electric chair at Eddyville, Friday, November 17. He was convicted and sentenced to death on Friday, November 13, 1916. Gov. Stanley has already signed the death warrant.

Two Additional Colonels.

Charles J. Howes, assistant secretary of the Workmen's Compensation Board, and Samuel Lykins, custodian of the capitol, have been added to Gov. Stanley's staff of aides, with the rank of colonel.

Lucas' Trial Set.

The trial of Virgil Lucas, indicted on a charge of killing William Riley on the Georgetown pike last July, has been set for September 25 by Judge Stout in the Franklin Circuit Court.

## ENROLLMENT IS LARGEST EVER

AT WESTERN STATE NORMAL AT BOWLING GREEN—WILL EXCEED 2,000.

MANY HIGH SCHOOL GRADUATES

President Cherry Insists on Optimism, Which Means Much to the Success of the Student.

Western Union Newspaper News Service.

Bowling Green, Ky.—The 1916-17 session of the Western Kentucky State Normal school opened with 30 per cent more students than any other term. The indications seem to forecast that the enrollment of the present year will reach materially over 2,000. For 1915-16 it was 1,820. A notable feature of the present enrollment is that it includes a large number of high school graduates. This is intensely gratifying to the educational forces of the state, since it bears directly upon the progress of education in Kentucky.

President H. H. Cherry in his opening address insisted that the pupils enter upon their work in an optimistic attitude of mind. He stated that those who do not enter into the life and spirit of the school and who do not immediately arrange for their proper classification are those who contribute largely to the failures of the institution.

KY. CONFEDERATE VETERANS

Hold Annual Reunion at State Fair Grounds and Elect Gen. Stone.

Louisville, Ky.—The annual reunion of the Kentucky Division, United Confederate Veterans, was held in the State Fair Grounds, several hundred survivors attending. Gen. W. J. Stone, state commissioner of pensions and commander of the Kentucky Division, U. C. V., was nominated for the post of major general by Gen. Bennett H. Young, past commander in chief of the U. C. V. The honor was conferred by acclamation vote.

Three brigade commanders also were elected as follows: Thomas D. Osborne, of Louisville, Third Brigade; William Robb, of Mason county, First Brigade; and N. B. Deatheridge, of Richmond, Fourth Brigade. A resolution offered by Gen. Stone to make Gen. Young honorary commander of the Kentucky Division, U. C. V., for life was unanimously adopted.

ARE TOO BUSY TO TAKE TRIP.

Farmers Can Not Listen to Experts on Trip That Was Planned.

Lexington, Ky.—The prosperity of the south in general is proven by the cancellation of a special train, which was to have left New Orleans on a trip through Lexington to Cincinnati. Arrangements had been made for a train of twelve or more cars, with government and railroad experts in charge, but the farmers could not be secured to make the trip. All had the same excuse: "Too busy with our cotton and other crops this summer and fall to learn what the government has to teach us."

BIG DAMAGE SUIT IS ENTERED.

Paducah, Ky.—Z. C. Graham, Sr., and Nellie McClure, as administrators, filed suits in circuit court here against the Illinois Central railroad for \$54,000 and \$31,000 damages, respectively, for the deaths of Z. C. Graham, Jr., and Queenie McClure, on August 9, last. While riding in an automobile near Mayfield, Ky., they were killed by an Illinois Central train at a crossing. They resided in Paducah, Graham being a member of a prominent family.

GO WITHOUT MILITARY TRAINING

Lexington, Ky.—The students of Transylvania College will not be subjected to military discipline this year. The question of introducing military training into the curriculum was left to the executive committee of the board of curators at their last meeting, several months ago, and as the committee will not hold another meeting until next month, the matter will be passed for the present term.

PRESIDENT SMITH IS EIGHTY.

Louisville, Ky.—Milton H. Smith, president of the Louisville and Nashville Railroad, just celebrated his 80th birthday at Wequetonsing, Mich., where members of his family had gathered in honor of the event. Mr. Smith was born September 12, 1836. Many of Mr. Smith's associates at Louisville and Nashville headquarters and other business acquaintances wired their congratulations.

DIXIE ROUTE INSPECTION DAY.

Hopkinsville, Ky.—Mayor Benjamin Bosse, of Evansville, the president of the Dixie Bee Line Association, has set October 3 as the time for another official inspection of the Dixie Bee Line from Evansville to Springfield, Tenn., for the purpose of seeing just what progress has been made in the way of improving the highway according to the plans made for it. A number of automobiles, bearing officials and those interested in the Dixie Bee Line proposition, will make the trip.

## ON STATE SUNDAY-SCHOOL CONVENTION PROGRAMME

Dr. R. H. Crossfield.

Dr. Crossfield is an educator of national reputation and an enthusiastic Sunday-school worker. He has had varied experience in this work, and at one time was president of a Bible college for the training of ministers. He holds a prominent place on the program of the Kentucky Sunday-school Association, which assemblies in Somerset, October 5th to 8th.

"UNCLE JOHN" 101 YEARS OLD.

Mt. Sterling, Ky.—"Uncle John" Helton of this county celebrated the one hundred and first anniversary of his birth. "Uncle Johnny" makes his home with his nephew, Matt Ford, near Sideview, and enjoys perfect health. He was born in Virginia in 1815 and came to Kentucky at the close of the civil war. Mr. Helton every year raises a small crop of tobacco and corn, which he works himself, cutting and housing his tobacco and smoking his corn. He says he never took medicine in his life, and attributes his long life to regular habits. He is an inveterate user of tobacco. He is probably the oldest white man in the state.

McCRACKEN GIRLS WIN RIBBON.

Paducah Merchant Purchases Goods Canned By Girls.

Paducah, Ky.—Members of the McCracken county girls' canning club are jubilant over winning the blue ribbon at the State Fair at Louisville for having the best display of canned jelly, fruits and vegetables. They won over twenty-five other counties. The entire exhibit has been purchased by Henry Rudy, a local merchant.

BANQUET AT JAIL FOR PRISONER.

Louisville, Ky.—In farewell to Alonzo Brendel, sentenced to the Indiana State penitentiary for the killing of John Case, March 4, a banquet was served in the yard of the Clark county jail, at Jeffersonville, and a family reunion was held. The prisoner's aged mother, his wife and others, including several women relatives employed as seamstresses at the United States army depot, were present. The prisoner was under the surveillance of guards.

KENTUCKY BREVITIES

Gallaway, Ky.—A dog belonging to Mrs. Green, which was being observed, because it was suspected of being afflicted with rabies, has escaped from confinement and is now at large. It is feared that many animals have been bitten.

Mt. Sterling, Ky.—Reports from all over this section, especially in the mountain counties, indicate the largest corn crop grown in many years, with many fields that will yield twenty barrels to the acre. Morgan county is said to have the largest corn crop in her history.

Russellville, Ky.—The sixty-third session of Bethel College began with a splendid enrollment. The opening address was made by Dr. R. G. Bowers, of Paducah. The faculty remains the same with the addition of Prof. George S. Wann, formerly of Bethel Woman's College, Hopkinsville.

Lexington, Ky.—Following a meeting of the board of managers and members of the Public Health Nursing Association it was decided to make a public appeal for funds as the organization is in dire financial straits and unless something is done at once the open-air school at Lincoln Institution, which has proved such a great success, will have to be discontinued.

Mayville, Ky.—The Christian Endeavor district, composed of Mason, Lewis, Bracken, Fleming, Robertson and Nicholas counties held a two-days' institute here with a number of prominent state workers present.

Murray, Ky.—Mrs. O. J. Jennings, a prominent clubwoman here, in a speech before the fiscal court set forth the benefits of a canning club in Callaway county and asked that an appropriation of \$150 be made by this court for this enterprise. The petition will most likely be granted.

## UGH! CALOMEL MAKES YOU SICK! CLEAN LIVER AND BOWELS MY WAY

Just Once! Try "Dodson's Liver Tone" When Bilious, Constipated, Headachy—Don't Lose a Day's Work.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crumbles into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-

back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and cannot salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

## W. L. DOUGLAS

"THE SHOE THAT HOLDS ITS SHAPE"

\$3.00 \$3.50 \$4.00 \$4.50 & \$5.00 FOR MEN AND WOMEN

Save Money by Wearing W. L. Douglas shoes. For sale by over 9000 shoe dealers. The Best Known Shoes in the World.

W. L. Douglas name and the retail price is stamped on the bottom of all shoes at the factory. The value is guaranteed and the wearer protected against high prices for inferior shoes. The retail prices are the same everywhere. They cost no more in San Francisco than they do in New York. They are always worth the price paid for them.

The quality of W. L. Douglas shoes is guaranteed by more than 40 years experience in making fine shoes. The smart styles are the leaders in the Fashion Centres of America. They are made in a well-equipped factory at Brockton, Mass., by the highest paid, skilled shoemakers, under the direction and supervision of experienced men, all working with an honest determination to make the best shoes for the price that money can buy.

Ask your shoe dealer for W. L. Douglas shoes. If he cannot supply you with the kind you want, take no other shoe. Write for interesting booklet explaining how to get shoes of the highest standard of quality for the price, by return mail, postage free.

LOOK FOR W. L. Douglas name and the retail price stamped on the bottom.

Depends. The Cynic—Women never get a good grasp of anything. The Husband—Well, that may be if you get your hair cut short enough.

Consolation. "I am sorry to hear of the loss of your husband, Mrs. Maggs." "Oh, 'twas no loss, ma'am. He was insured for one thousand dollars."

## NOT GAINING VOTES

Hughes' Campaign So Far a Dis-tinct Failure.

Republican Candidate Seems Incapable of Dealing With Issues That Are Really Important—Nothing but Piffle and Evasion.

Mr. Charles Evans Hughes is showing a positive genius in the discovery and exploitation of unimportant issues and the evasion of all-important ones.

Half the world is on fire, and the sparks are falling on or near our own soil almost daily. An administration which, whether one likes it or not, has done more constructive work than all previous administrations since the Civil war is on trial. Yet with these topics before him, Mr. Hughes spends time walling because some Democrat has a job in the census bureau, or some Republican has been retired from the diplomatic service; or complains because President Wilson, with a thousand more important matters pressing on his mind, has not abolished the time-disordered institution of the pork barrel, shared in by Republicans and Democrats alike!

It is a campaign of piffle—when it is not a campaign of evasion. Mr. Hughes has not given a clear, definite, detailed statement of his position on a single important issue. He has not said what he would have done or will do in Mexico, he has not told whether or not he agrees with Roosevelt that this country should have gone to war over Belgium—or, at the latest, over the Lusitania. But he has poured forth floods of oratory on commonplaces and truisms which never yet were an issue in a national campaign, and he has indulged in rancorous fault-finding without offering a single suggestion of advice.

The American people have made many weird blunders, but never yet, in time of crisis, have they chosen a leader who did not dare say how he meant to lead. To adapt a well-known health resort plesantry, Mr. Hughes is getting no nearer the White House very fast.

Hughes' Discreet Silence.

At Washington, Mr. Secretary Daniels put the issue squarely when he said: "Nobody today dares to promise to restore the Aldrich schedules. Not even the most standpat reactionary worshippers of the high priest of tariff extortion suggest any return to the old schedules." Eight years ago, in his campaign for the presidency, Mr. Taft, at Bath, Me., promised in the name of the Republican party a fair revision downward of the tariff, and after the Payne-Aldrich tariff was adopted he hesitated momentarily about signing the bill, and later denounced as "indecentifiable" schedule K—the citadel of protection, as Senator Aldrich described it. The Payne-Aldrich tariff split the Republican party wide open and started the Republican insurgents and Progressives on the warpath. Mr. Hughes today, in his high-tariff speeches, dares not say a word in defense of the Payne-Aldrich schedules. He dares only in soothing generalities.

Mere Campaign Generalities.

We know the Governor Hughes is a protectionist and will favor a protective tariff so framed as to do justice to all American interests and confer special favors on none, but do not know what particular duties he would favor for any particular industry, because he has not had the evidence in any case before him.—San Francisco Chronicle during Mr. Hughes visit to California.

In the case of any Republican tariff, Senator Boies Penrose and Representative Fordney would be the judges of "the evidence" and would fix "the particular duties." Mr. Hughes' campaign generalities do not in any way touch the real issue.

Considering how little of a Republican campaign there is, the amount of squabbling over the management is enormous.

"Prosperity and Peace."

Attorney General Gregory, speaking at Bangor, Me., attributed the prosperity of the nation is now enjoying to the president's success in maintaining peace, defended his policy of resorting to "words and not deeds" in controversies with foreign countries, and denounced Charles Evans Hughes, Republican candidate for the presidency, for his attacks on the Wilson administration.

Defending the president's diplomatic course in the controversy with Germany over the sinking of the Lusitania and the torpedoing of the Sussex, Mr. Gregory said:

"What would Mr. Hughes have done under the circumstances? Would he have declared war on Germany? Mr. Hughes has never yet dared answer this question, though it has been asked a thousand times."

Keep Cultivators Going. Keep the cultivators going in the corn until tasseling time. Shallow toward the last—not more than two inches. Horses will work better if muzzled.

Keep Weeds Down. Do not allow weeds to grow; they consume as much moisture as the cultivated crop.

Strong Combination. Alfalfa and hogs make a strong combination.

Hasten Tomatoes. The bearing season of the tomato vines may be hastened by pruning the vines rather sharply and causing the strength of the vines to go to fruit rather than to more vines.

Sow Rape in Corn. Sow rape in the corn at last cultivation if you would have good late hog pasture.

Daily Cash Income. Eggs and cream provide a daily cash income.

## PUTS ONUS ON REPUBLICANS

Statement by General Board of the Navy Explains How Country Lost Second Place.

The industry of those who are after the scalp of Secretary Daniels has led some people to suppose that the United States navy under the Wilson administration has fallen from a high estate to a position of alarming inferiority. The fact is that whatever fall there was began long before the president was inaugurated in 1913, and since that time there has been a sharp turn upward. Secretary Daniels, in a letter to Representative Williams of Illinois, in which he quotes from a report by the general board of the navy, makes this clear.

The general board, reporting to him, states that, measured by displacement, the strength of the United States navy in ships built was second in 1907, but by 1911, measured by the same standard, we were third. Again, considering ships built or building, this country rose from third to second in 1909, but dropped back to third place the same year. Measuring the strength of the navy by personnel, the general board finds that we rose to second place in 1908, dropped to third in 1911 and to fourth in 1913. The falling tendency in this last year was a Democratic inheritance from the Taft administration, which has since been counteracted by a rise in enlistments and re-enlistments and a strong falling off in desertions.

This is no partisan review. It is a matter of cold figures as reported by the general board, and it reveals the hypocrisy of the Republican claim that that party is the one which should be entrusted with the building of a strong navy. The fact is that, back in Roosevelt's term, when the general board was recommending a building program which should include two battleships a year, Secretary Bonaparte recommended one battleship and President Roosevelt approved that recommendation. Secretary Daniels declares that had the recommendations of the board been followed this nation would not have lost the place which we are now struggling to regain.

## DEMOCRATS HAVE DONE WELL

Record of Wise Legislation Entitled Party in Power to the Support of the Voters.

For a long time the Republican party arrogated to itself the sobriquet of the business man's party. Many Republicans admitted that the Democratic policy might be all right in theory, but that it was not competent to make laws for the conduct of business in this commercial and wealth-accumulating age.

But the opportunity came to the Democratic party in 1912, and it has more than fulfilled the highest expectations. During the last three years the Democratic party has adopted more important acts—acts of far-reaching benefit—than the Republican party has done in thirty years. If the Wilson administration had done nothing more than given the country a sound and elastic currency system it would have been entitled to high honor; but its many remedial and constructive measures enacted into law have made it essentially a business man's party, while in no sense weakening its hold upon the masses.

If thousands of business men in New York voted the Democratic presidential ticket in other years, tens of thousands will vote that ticket in November. If a great legislative record counts for anything the Democrats should score a decisive victory.

## Still the Party of Spoils.

Senator Gallinger's apotheosis of the dead Aldrich, along with his praise of the living Cannon, was a tactless dragging out of the skeleton in the Republican closet. Mr. Gallinger is secure in his seat, but has he no regard for his colleagues who are seeking re-election on the plea that the Republican party is chastened and reformed? The New Hampshire senator has done his best to confirm the fear that the "coming back" of his party would be a coming back in its worst guise, unrepentant. Many will hesitate to vote for Hughes if they see Gallinger and Penrose standing behind him, eager to become the chief beneficiaries of Republican success. And the sort of prehistoric high-tariff stuff which Mr. Hughes has been talking in the West will not relieve the apprehensions on this score.

## Record to Be Proud Of.

Never in the history of the country has congress accomplished so much for the tiller of the soil as it has done in the short space of a little less than three years since Wilson's inauguration.

Whether the Democrats or the Republicans are victorious in the November election the remarkably record will stand as a monument to Democratic statesmanship and a great party's honesty of purpose.

## To Fortify the System Against Summer Heat

Many users of Grove's Tasteless Chill Tonic make it a practice to take this old standard remedy regularly to fortify the system against the depressing effect of summer heat, as those who are strong withstand the heat of summer better than those who are weak. Price 50c.

## Literary Diet.

"They say Gladys feeds her mind with constant reading." "Maybe so. Last night she was devouring a novel, and this morning I found her eating a cereal."

Nature paints things red in the fall—and many a man is able to trace his fall back to the time when he painted things red.

## Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever. Genuine Castoria always bears the signature of Chas. H. Fletcher.

## TO SEEK MISSING EXPLORERS

Russians Who Went to Arctic in 1912 May Yet Be Living.

Apparently hope has not been abandoned, entirely of rescuing the members, or some of them, of the Russian polar expeditions which sailed in 1912 in the steam schooner Saint Anna, under command of Lieutenant Brudloff of the Russian navy, and the motor vessel Hercules, which was in charge of the geologist, M. Bonsafon. Traces may be discovered in the northern Arctic, in the vicinity of Greenland, and of the North American archipelago.

Through the consul general for Russia appeals are made to all commercial enterprises, navigators, and scientific expeditions cruising in the polar seas and engaged in research work in these regions, and also to the inhabitants along the coastline, to devote efforts to the discovery of traces of the missing explorers.

## OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited by those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## Dangerous Place.

"That's a peculiar looking bruise you have on the back of your neck," observed the doctor.

"Yes," said his patient. "I'm susceptible to those. You see, I'm a clarinet player in an orchestra."

"I don't see how that can produce bruises on the back of your neck."

"It doesn't produce them exactly, but it places me in a position where I am very liable to get them."

"How is that?"

"I sit directly in front of the man who plays the slide trombone."

## NO MALARIA—NO CHILLS.

"Plantation" Chill Tonic is guaranteed to drive away Chills and Fever or your money refunded. Price 50c.—Adv.

A good deal of shark meat is eaten in the eastern United States by people who think they are eating something else.

Don't forget to laugh when your boss tells a joke with whiskers on it.

## WINTERSMITH'S CHILL TONIC

Sold for 47 years. For Malaria, Chills and Fever. Also a Fine General Strengthening Tonic. 50c and \$1.00 at all Drug Stores.

## Thousands of Suffering Women Have Found Relief by Using . . .

## Stella-Vitæ

This medicine is guaranteed to do for YOU what it has done for others. It corrects the irregularities peculiar to women; tones, strengthens and vitalizes the womanly functions; restores the appetite, clears the complexion, and builds up the wasted organism. Your money back if you are not benefited. Get it today, \$1 at your druggist. Your druggist will enable you to examine it.

THACHER MEDICINE CO., CHATTANOOGA, TENN.

Too Slow. "Does Billy get much pleasure out of his new motor car?" "I don't see how he can. He's had it six months and hasn't been arrested for speeding once."

DON'T GAMBLE that your heart's all right. Make sure. Take "Renovine"—a heart and nerve tonic. Price 50c and \$1.00.—Adv.

Baboons possess a remarkable instinct for finding water and have been used for that purpose in South Africa.

Bites, Granulated Erythema, Sore and Inflamed Eyes treated promptly by the use of RUSSIAN EYE BALSAM.—Adv.

Make a companion of vice and you will become its slave.

### Judge Bush's Nomination:

Eddyville, Ky., Aug. 29, 1916. Pursuant to the call of the chairman, L. J. Harris, of Christian county, the democratic executive committee of the Third judicial district of Kentucky met at the court house in Eddyville, Ky., on August 29, 1916, at 10:00 o'clock a. m., to take such steps as might be deemed necessary to name a democratic candidate for the office of circuit judge of the above named district to be voted for at the regular election to be held November 7, 1916, to fill the vacancy caused by the death of Judge J. T. Hanbery. All mem-

bers of said district committee were present, viz: L. J. Harris, Christian county; J. Frank Ladd, Trigg county; W. A. Sexton, Lyon county, and Joe Lancaster, Calloway county. The chairman, L. J. Harris, called the committee to order and read the official call. Upon motion of Committeeman Ladd, seconded by Committeeman Sexton, Joe Lancaster was unanimously elected secretary of said committee. Chairman Harris then announced that the committee was ready to hear expressions from prospective candidates for the nomination for circuit judge. Whereupon Hon. Rainey T. Wells, of Calloway county, in an able and

eloquent speech, stated that he had contemplated making the race for the nomination for circuit judge, but after mature deliberation he thought it best that there be no friction in the democratic party at this time, and in the interest of harmony he had decided not to enter the race. He said Judge C. H. Bush, who had been appointed by Governor Stanley, was a great lawyer, an upright conscientious man and would make the district a judge of whom all would be proud. Judge C. H. Bush, of Hopkinsville, Ky., then responded, and feelingly expressed his gratitude to the Hon. Rainey T. Wells, on behalf of the party and him-

self, for declining to become a candidate for the nomination at this time, thereby eliminating a contest within the party and enabling him to give all his time to the courts of the district, whose dockets had become greatly congested on account of the continued illness of the lamented Judge J. T. Hanbery. Judge Bush promised, if nominated and elected, he would administer the mandates of the law conscientiously and impartially, irrespective of politics, color or creed. Upon motion, duly seconded, the committee then went into executive session. Judge Bush being the only candidate for the democratic nomination, it was unani-

mously agreed that he be declared the nominee of the democratic party for circuit judge of the Third judicial district of Kentucky, which was unanimously done, and a certificate of nomination was given to the said C. H. Bush. Said certificate was signed by all members of the committee.

Given under our hands this the 29th day of August, 1916.

L. H. Harris, chairman democratic executive committee of the Third judicial district of Kentucky.

Joe Lancaster, secretary democratic executive committee of the Third judicial district of Kentucky.

The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regulets have satisfied thousands. 25c at all drug stores.

Can't look well, eat well, or feel well with impure blood. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean, and good health is pretty sure to follow. \$1.00 a bottle.

For Sale.—Big Bane Po and China registered pigs, 4 months old, at \$5 each. Can furnish them in pairs not akin. Farm 1 mile north of Shiloh.—T. M. Ross, Dexter, Ky., Rt. 1.
