White Picked For Medical Scholarship

Farm Bureau To Invest Fund In His Education

TO ENTER U. OF L.

David T. White, son of Dr. and Mrs. John White, of Hickman, was named unanimously by the board of the Fulton Farm Bureau to be the medical student to receive the benefits from the Farm Bureau Medical Scholarship Fund.

This scholarship fund was sponsored by the Farm Bureau last February, and was subscribed in less than 12 hours after the drive was begun.

Mr. White completed his pre-med work at Union University, Jackson, Tenn., with a B. S. degree and a double major in chemistry and biology. For the past year he has been working with the Tennessee State Health Department in Madison, Tipton and Lauderdale counties, with headquarters at Covington.

In September, he will enter the medical school at the University of Louisville.

He has expressed his desire to enter into an agreement in which he can help both himself and the good rural people of this county, when his study has been completed and he has obtained his degree. The Farm Bureau extends to him its full cooperation and expression of confidence in his undertaking.

Hiway Police Get 18 New Cars

Mayfield—Eighteen new patrol cars will be put into use by the state Highway Patrol next week, Capt. Paul Mullins, of the local patrol office, announces. These cars will be the latest model Fords, and will be fully equipped for patrol duty.

Two of them will be assigned to the Mayfield office for use in the first district.

Kentucky Today

Louisville—A group of 80 men who install equipment for the Western Electric Company is scheduled to return to work today. The men, whose strike was settled yesterday in a national conference at Washington, had been out since April 7.

Frankfort—Approximately 40 field managers of the state Unemployment Compensation Commission will attend an orientation conference here May 30-31 on new rules and regulations governing veterans' claims for jobless pay.

Paducah—A campaign for registration of voters prior to the August primary will be sponsored cooperatively by the Paducah Junior Chamber of Commerce and the city and county schools.

Lexington—Eight bulls and 67 cows have been consigned for the tenth annual show and sale of the Kentucky Aberdeen-Angus Breeders' Association, which opens at the Tattersalls Sales Paddock here today.

Lexington—Drill demonstrations and presentation of trophies will feature the 25th annual military field day of the University of Kentucky ROTC cadet corps today.

Louisville—High income families in Louisville's six public housing projects face eviction, it has been announced by M. F. Dumeyer, chief housing manager. Dumeyer said evictions will be done as fairly as possible.

Morgantown—Sheriff Fred Tuck yesterday reported Howard Cardwell, 14, was being held in Butler county jail charged with assault in connection with the death of the boy's grandfather, 56-year-old John Wesley Johnson. The sheriff said Johnson died of a heart attack following an altercation with the boy. He said Cardwell was being held to the June grand jury of Butler circuit court.

Louisville—Plans were mapped here yesterday by Jack Kroil, national director of the CIO-Political Action Committee, and CIO union leaders in Kentucky to make the CIO a force in state politics.

Cheerful News: State Rural Roads Will Be Improved

Frankfort, Ky., May 21—(AP)—"Kentucky's rural county roads are in line for considerable improvement," Highway Commissioner J. Stephen Watkins said yesterday as he received a report that more than 11,000 miles of county roads will be subject to state-aid under the \$5,000,000 rural highway appropriation during 1947.

The report was made by George H. Halley, state director of rural roads, who said all of the 120 county agreements have been completed for work during this fiscal year.

Scouts To Aid On Poppy Day

Girls Will Help Legion Auxiliary Sell Flowers Here Saturday, May 24

Volunteer Girl Scouts will assist the American Legion Auxiliary in distributing memorial poppies on Poppy Day, May 24, Mrs. J. E. McNatt, Poppy chairman states.

Workers from this group will serve side by side with the Auxiliary members distributing the memorial flowers on the streets throughout the day and receiving contributions for the welfare of disabled veterans, their families and families of the dead. All will serve as unpaid volunteers and contributions made to them will go entirely into the rehabilitation and child welfare funds of the Legion and Auxiliary.

"We are very grateful for the help of these girls," said Mrs. McNatt. "Their unselfish service will do much to help make the observance of Poppy Day a success in Fulton. I hope everyone they meet on Poppy Day will recognize the patriotic spirit in which they have volunteered and respond in the same spirit when offered a poppy."

"The poppies will be worn in tribute to the memory of the dead of both world wars and to aid those still suffering as a result of war service," Mrs. McNatt explained.

U. T. Jr. College Gets Dormitory

The University of Tennessee Junior College, Martin, announces that it has received possession of a new 128-room temporary dormitory constructed on the campus by the Federal Public Housing Administration.

School Housing Supervisor Russell Duncan said the building would be ready for occupancy when the summer term opens June 9. Veterans will be given preference, he said.

Truman Says His Mother "Is Holding Her Own"

Grandview, Mo., May 21—(AP)—President Truman told reporters today that his mother, gravely ill at her home here, was holding her own "this morning."

Seven Lives Lost, 13 Injured, 23 Missing In Plane Crackups

Champaign, Ill., May 21—(AP)—Seven soldiers were killed last night in the crash of an Army B-25 on a farm field during a violent electrical storm, state police reported today.

The wreckage of the plane, strewn over a wide area about 16 miles north of Champaign, was found early today. State police said the craft was en route from Cheyenne, Wyo., to the air base at Chanute Field near Champaign.

It was last heard from at 10:47 p. m. eastern standard time by radio contact as it passed Burlington, Iowa, police said.

Ekke Flesner, in whose freshly planted cornfield the ship crashed, related "an awful thump" rattled him last night. It sounded like a bolt of lightning, he said, but he went to a window and peered out. Seeing nothing in the drenching rain, he went back to sleep.

This morning, Flesner said, his brother-in-law called him and asked "what's that in your field?" Flesner went out and found the pieces of the big airplane and counted seven bodies.

Crash In Texas

Ablene, Texas, May 21—(AP)—Twenty Army airmen parachuted

DAR Hopes To Purge All "Unamerican" Books

Washington, May 21—(AP)—The Daughters of the American Revolution today voted to "dedicate itself to the responsibility of keeping classrooms and public libraries free from false and insidious doctrines and interpretations."

The resolution on "teaching young America" was adopted unanimously by the DAR convention. It says that "one of the most subtle and dangerous methods of implanting false and un-American ideas in the minds of children and youths is either by loose and careless interpretation or by deliberate misrepresentation" of the "true facts of history."

In other resolutions, the convention recommended President Truman "for his endeavor to cleanse our public offices from alien and subversive influences and to require of all public servants unquestioned loyalty to the principles of our republican form of government."

Commented the House Committee on Un-American Activities and the Federal Bureau of Investigation. Individual DAR members, chapters and state societies were urged to petition

Congress for adequate appropriations for them. Suggested that local chapters urge their state legislatures and boards of education to assure teachers just and adequate compensation.

But the DAR reaffirmed its opposition to federal aid for education on the ground that it would remove control of education from the States.

Voted to call upon Congress to retain and enforce the 1924 immigration laws and further to continue registration of all aliens whether visiting or in temporary residence here.

The company said its Rouge and Lincoln plants were first affected. There was no immediate report on the Highland Park unit. All are in the Detroit area.

Initial reports indicated the strike affected only Detroit plants.

There was no immediate comment from the company after the Foreman's Association of America, (Ind.) ordered its members off the job. A later statement was promised.

Robert H. Keys, president of the union, said the strike received unanimous approval of the Ford chapter of the FAA Tuesday night.

A spokesman for the union predicted that the walkout would halt auto production at Ford "within 10 days."

The FAA filed its strike notice April 17 and the 30-day waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

A contract between the company and the independent union was terminated almost simultaneously by both sides early in April. Ford later offered a one-year renewal of the pact.

Keys outlined the chief issues at dispute as raiding of ranks of the unionized foremen at Ford, failure to equalize the wage structure, recognition, shift differentials and overtime pay, and what he labeled "arbitrary actions of the company."

Keys said picket lines would be established "for supervisory employees only" and that CIO United Auto Workers in the three Ford plants here would not be asked to respect them.

The A. C. Butts and Sons Grocery, East State Line, are moving their complete stock of groceries and fixtures to their new location on the Kentucky side of East State Line, directly across from the Swift Company building.

The new building, recently re-decorated and remodeled, will afford a larger space for the Butts grocery business. The firm had occupied its former building for nearly two decades.

The new store will be closed each Wednesday afternoon during the summer months, together with many other businesses here.

UC Shoe Company Will Have Branch At Dresden, Tenn.

The Bay-Bee Shoe Co., organized in Union City Jan. 1, 1945, has announced that it has entered into a contract with the city of Dresden for erection of a brick building with 15,000 square feet of floor space, expected to cost about \$70,000.

The company has signed a long-term lease at a rental of \$2,250 a year. The building probably will be ready for occupancy in about six months.

The company expects to employ about 100 at Dresden. A. L. Drerup is president of the firm.

No Mid-Week Service

The mid-week service will not be conducted by the Church of Christ tonight.

Dummit Tosses Hat Into Ring On GOP Ticket

Frankfort, Ky., May 21—(AP)—Attorney General Eldon S. Dummit yesterday became the third Republican candidate to file his papers for the nomination for Governor. Previously Jesse W. Knox, Frankfort, and Roscoe Conklin Douglas, Williamsburg, had filed.

After filing, Dummit made a bid for administration support in a statement praising accomplishments of the present Republican administration under Gov. Simeon S. Willis.

Junior Hi Commencement At Carr Institute Tonight

Graduation exercises for the Fulton Junior high school will be held at 8 o'clock this evening in Carr Institute.

The high school commencement is tomorrow night at 8 at Carr.

3,800 Foremen Walk Off Jobs At Ford Plants

Production Halt In 10 Days Seen By Union Leaders

UAW NOT AFFECTED

Detroit, May 21—(AP)—An estimated 3,800 foremen began a strike at the Ford Motor Co. at 9 a. m. today.

The company said its Rouge and Lincoln plants were first affected. There was no immediate report on the Highland Park unit. All are in the Detroit area.

Initial reports indicated the strike affected only Detroit plants.

There was no immediate comment from the company after the Foreman's Association of America, (Ind.) ordered its members off the job. A later statement was promised.

Robert H. Keys, president of the union, said the strike received unanimous approval of the Ford chapter of the FAA Tuesday night.

A spokesman for the union predicted that the walkout would halt auto production at Ford "within 10 days."

The FAA filed its strike notice April 17 and the 30-day waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

A contract between the company and the independent union was terminated almost simultaneously by both sides early in April. Ford later offered a one-year renewal of the pact.

Keys outlined the chief issues at dispute as raiding of ranks of the unionized foremen at Ford, failure to equalize the wage structure, recognition, shift differentials and overtime pay, and what he labeled "arbitrary actions of the company."

Keys said picket lines would be established "for supervisory employees only" and that CIO United Auto Workers in the three Ford plants here would not be asked to respect them.

May Denies Using Checks

Says Garsson's Money Went To Pay Expenses Of Their Lumber Firm

Washington, May 21—(AP)—Former Rep. Andrew J. May testified today that checks received from the munition-making Garsson brothers and deposited to his personal bank account were used to pay expenses of a Kentucky lumber company.

The former House Military Committee chairman is on trial on charges of taking \$55,000 in bribes from his co-defendants, Murray and Henry Garsson, in return for official favors to the \$78,000,000 Garsson shell-making combine.

The prosecution contends that May received a substantial part of the alleged bribes through Garsson financing of the Cumberland Lumber Company. May has denied getting any profits from the firm and has insisted he only acted as the Garssons' agent.

May submitted to the jury a statement that the Garssons still owe him \$509.31 on operations of the lumber firm.

Going Underground To Escape Atomic Bombs Offers Slight Protection Against Poisoned Air

Washington, May 21—(AP)—The deadly potentialities of a "radioactive cloud" weapon are complicating plans for hiding men and machines underground in event of atomic age warfare.

But the problem of sealing off a subterranean site against poisoned air is under study, according to an article in the current unofficial service publication, Armored Cavalry Journal.

The article was written by Glenn L. Martin's plane maker Glenn L. Martin's disclosure last week of experiments by the Army and Navy to create radio-active clouds. These clouds, covering a mile-square area, could be formed by a burst of radioactive matter released from an airplane.

Martin's disclosure was made before a Congressional committee, and he declined to go into detail on the method.

It was recalled, however, that several possible methods for spreading a radioactive death have been suggested unofficially, including the release of dust or oil spray impregnated with radioactivity.

The advantage of this method over ordinary contamination of objects, where the poison is transferred to the human by skin contact, is that inhalation of poisoned air presumably produces a much faster and more complete poisoning. And, because it is airborne, it seeps through the cracks of ordinary armor set up to protect against mere blast and heat.

Defense Attorney Thomas W. Ford (above) delivered the defense plea at Greenville, S. C., for 28 white men accused of lynching a South Carolina negro. Circuit Judge J. Robert Martin, Jr., issued directed verdicts of acquittal on three of the original 31 defendants.

Lynch Jury Deliberates

Judge's Charge Given; Final Argument Tuesday For 28 Accused Killers

Greenville, S. C., May 21—(AP)—A South Carolina jury was summoned today by Circuit Judge J. Robert Martin, Jr., to give an ultimate verdict in the unprecedented mass-trial of 28 Southern white men who are accused of lynching a negro.

Judge Martin expected to begin his charge to the jury about noon.

Final arguments in the lengthy case were concluded yesterday on a note of sectional prejudice.

Public prosecutors Samuel Watt and Robert Ashmore demanded conviction—but not the death penalty—for 21 who are charged with murder, and for seven others who are accused of conspiracy and of being accessories before the fact. Although the state did not ask for the death penalty, a verdict by the jury of murder without recommendation of mercy would make a death sentence mandatory.

The state told the jury of eight textile workers, two salesmen, a mechanic and a farmer that they represented the public conscience of South Carolina in dealing with "a most damnable and heinous" case.

All 28 defendants—a majority of them taxi-drivers—are accused of participating in mob action against Willie Earle, who was taken from Pickens county jail last Feb. 17 and lynched in reprisal for the alleged stabbing of a white taxi-driver.

The defense, which rested its case without offering witnesses or testimony, argued the state had failed to establish its contentions beyond "reasonable doubt," and assailed "Northern interference" in Southern affairs.

It's Another Daughter For Betty And Harry James

Hollywood, May 21—(AP)—Betty Grable and her musician husband, Harry James, today are the proud parents of a second daughter, named Jessica and weighing six pound 14 ounces, born to the actress by caesarean section.

Both Miss Grable and the baby were reported to be doing well.

Leader Congratulates

Mr. and Mrs. J. H. Williams of Fulton Route 3 on the birth of a 7 pound 4 ounce girl last night at 11:25 at the Haws Memorial Hospital. The baby has been named Patricia Kay.

Mr. and Mrs. E. J. Sills of Fulton on the birth of a 5 pound 12 ounce girl at the Fulton Hospital.

Mr. and Mrs. William Taylor of Fulton on the birth of a 8 pound 10 ounce boy yesterday morning at 8:10 at Jones Clinic.

Eastern Renews Contract Of President O'Donnell

Richmond, Ky., May 21—(AP)—Eastern State Teachers College board of regents yesterday voted a four-year renewal of the contract of President W. F. O'Donnell.

O'Donnell's present contract expires June 30.

Senate Ponders Income Tax Cut Of 10 to 30 Pct.

Bill Opponents Hope To Postpone Debate To June 10

AT & T ASKS RELIEF

Washington, May 21—(AP)—The Senate today heads into the question of what to do about an income tax cut this year.

As it opened debate on tax reduction legislation Senator Millikin (R-Colo.), Finance Committee chairman, predicted opponents of the bill would be as quick to move to postpone its consideration until June 10.

The bill under consideration provides tax cuts ranging from 10.5 percent for those with high incomes to 30 percent for those getting \$1,000 or less yearly. Reductions would be effective July 1. As passed earlier by the House, the bill would make the cuts effective as of last Jan. 1.

Millikin said the bill's opponents would reach their "high mark" on the Democrat-sponsored proposal to delay consideration.

The proposal is by Senator George D. Aiken (R-Vt.), who contends Congress should wait until it has passed the major appropriation bills for the 1948 fiscal year and knows "the pattern of spending."

Protests S. S. Freeze

Meanwhile in the House Rep. Knutson (D-Minn.), Ways and Means Committee chairman, predicted a two-year freeze of social security taxes at the present rate of one percent. If there is no freeze legislation rates automatically increase Jan. 1 to 2-1/2 percent on wages and payrolls.

In another tax development, the telephone industry today asked Congress to wipe out excise levies on communications.

The American Telephone and Telegraph Company, in a statement to the House Ways and Means Committee, suggested the repeal be made a part of the 1948 general tax revision.

Such a move would save \$400,000,000 annually to users of telephone, telegraph and other communications services.

Relief Debated

The House tackled a compromise version of the administration's \$550,000,000 foreign relief program.

As it passed the House earlier the legislation authorized spending of \$200,000,000 for relief in Italy, Austria, Hungary, Greece, Poland and China. The Senate voted the full \$550,000,000. A conference committee agreed upon the Senate figure.

Before going to the President, the compromise version requires approval of both branches of Congress.

"Voice" Fate In Balance

The House Foreign Affairs Committee met behind closed doors to consider legislation authorizing the administration's foreign information program, including the "Voice of America" broadcasts.

As approved yesterday by a subcommittee the measure sets up an office of information and education exchange in the State Department. The office would operate under a "good behavior" clause—a provision permitting Congress to terminate it abruptly if it so desired.

Rep. Mundt (R-SD) presented the bill after the house loped off all funds for the program on the ground it lacked congressional authorization.

Mr. and Mrs. J. H. Williams of Fulton Route 3 on the birth of a 7 pound 4 ounce girl last night at 11:25 at the Haws Memorial Hospital. The baby has been named Patricia Kay.

Mr. and Mrs. E. J. Sills of Fulton on the birth of a 5 pound 12 ounce girl at the Fulton Hospital.

Mr. and Mrs. William Taylor of Fulton on the birth of a 8 pound 10 ounce boy yesterday morning at 8:10 at Jones Clinic.

Mr. and Mrs. E. J. Sills of Fulton on the birth of a 5 pound 12 ounce girl at the Fulton Hospital.

Mr. and Mrs. William Taylor of Fulton on the birth of a 8 pound 10 ounce boy yesterday morning at 8:10 at Jones Clinic.

Mr. and Mrs. E. J. Sills of Fulton on the birth of a 5 pound 12 ounce girl at the Fulton Hospital.

Mr. and Mrs. William Taylor of Fulton on the birth of a 8 pound 10 ounce boy yesterday morning at 8:10 at Jones Clinic.

A Venerable Custom

An ancient and honored custom was observed at South Fulton school last week and will be observed at Fulton high this week—the custom of awarding certificates or diplomas to members of the graduating classes.

There were only nine graduates at the first American graduation program at Harvard in 1642. Governor Winthrop, magistrates and gentlemen of the Massachusetts Bay Colony attended.

Another graduation of note occurred when America's second oldest college—William and Mary in Virginia—held its first exercises in 1700. This caused such excitement that people came all the way from New York to watch, and even the Indians came out of the forests to attend it.

Vassar College in 1867, however, did not dare to give its first four female graduates "bachelor" degrees. They were afraid of the uproar the word "bachelor" applied to women would cause, so they awarded the girls "temporary certificates."

Schools and education have come a long way since those early days. But it is fitting that a special program be held to mark the completion of the scholastic course.

We share with parents, relatives and friends their pride at the presentation of diplomas to these young men and women. We realize the sense of achievement, the deep satisfaction, that rightly comes to the seniors on graduation day. They have applied themselves diligently to reach their goal, and they have meantime formed friendships and stored up happy memories of school days that will linger throughout their lives. We congratulate each one of the graduates, and wish all of them every success.

Valuable Education

Iowa University's school for wives of G. I. students, teaching them how to budget kitchen expense in a household whose head has \$80 a month, will offer extremely valuable education.

It is commonly said that a French housewife could feed a family on what a United States housewife throws into the garbage pail. That is not, and is not intended to be, criticism of the French housewife. It is, and is intended to be, a high compliment.

Many American husbands and wives believe household expense necessarily related to cost of tenderloin steak in a degree in which it is not related in France, where food is famously good. (Louisville Times).

Postal Find

Hanford, Calif.—(AP)—J. H. Murphy found three \$100 bills in his mail box yesterday—part of \$380 stolen from his home.

Murphy's wallet also was returned, but a watch taken at the same time is still missing. Police said they believed the burglar returned the three bills because the denomination would attract attention if he tried to use them.

Twins Win

Kent, O.—(AP)—Teachers at nearby Rootstown high school say they never could tell Wilma and Lillian Thomas apart.

When the teachers averaged the four year marks of the 17 year old identical twins, Wilma, the valedictorian, had 3.417. Lillian had 3.41.

The teachers, however, decided to have both girls speak at commencement.

Tearjerker

Haverford, Pa.—(AP)—A nurse at the home of J. Stanley Reeve was groping in the dark for a flashlight.

She found an object of about the right shape and size and pushed a button—then bang! It was an old tear gas bomb.

Cayce News

Mr. and Mrs. James Dugan, Chicago, returned to their home Monday after several days visit with her mother, Mrs. Mai Hampton.

Mr. and Mrs. Kenneth Oliver and son, Kenny Lee, returned to their home in Tupelo, Miss., after a visit with Mrs. Daisie Bonduant.

The Society of Christian Services of the Cayce Methodist church met in an all-day service Wednesday with Mrs. James McMurry. A nice lunch was served at noon, after which Mrs. Mattie Brown, a returned missionary from China, gave a very interesting talk on her life in China.

Rev. and Mrs. E. T. Shauf and son, David Cecil, McKenzie, Tenn., spent Saturday night with Mrs. Daisie Bonduant and family.

Rev. and Mrs. Clegg had for their visitor his sister, Miss Vivian Clegg, of Enterprise, Miss.

The Union Bible School, which will be in progress this week, will be in charge of Rev.

Britain at the Crossroads

By Dewitt MacKenzie,
AP Foreign Affairs Analyst

Out of London come two items of news which, if taken in juxtaposition, demand a pause for serious consideration:

1. Informed British sources say England is preparing to hand over to the United States the responsibility for defense of the Mediterranean and the Middle East, including the Suez Canal.

This doesn't mean Britain's abandonment of her economic and political interest in the Middle East. It merely means that the U. S. defends them.

2. The Sunday Empire News (London) stated that the British Cabinet was considering a Russian offer to trade grain and industrial raw materials for British-made jet planes and technical scientific processes. The newspaper said "the foundation for the gigantic barter was laid by Foreign Secretary Bevin at the Moscow conference." We had heard of this Soviet grain offer before.

Another newspaper, the People, said: "Inside tip of diplomatic experts is that Mr. Bevin will pull off a surprise deal with Russia in the next six months. And it may be one that will cause consternation in America."

As already indicated, taken at face value and studied together, these two stories don't look so good. One gets a picture of Uncle Sam holding the sack.

Of course we long have known that Britain was abandoning its chief Mediterranean defenses and was establishing its main base in East Africa. We have known, too, that the United States was to assume defensive responsibilities in the Eastern Mediterranean.

However, it's news to the general American public that the U. S. is expected to take over the entire defense of the great Mediterranean which Britain dominated for so many decades with her mighty navy. Still, if that's the arrangement which Washington and London think best, there wouldn't be so much cause for concern if it weren't for that second item of news about the possibility of Britain casting her lot with Russia in a big deal which may "cause consternation in America."

Naturally it remains to be seen whether Mr. Bevin will carry out such a transaction and thereby purchase a place in the Red camp. One can only say at this juncture that it would be most extraordinary if our ally thus should play both ends against the middle. For this reason I think we must decline to accept such a thing as a likelihood, pending developments.

Unhappily there are people in England who don't trust America. We had a reminder of this Sunday when the News of the World (London) urged the British government to examine every possible alternative before considering application for another American loan to follow last year's "calamitous agreement." The paper continued:

"A request for another loan—a further step on the road to economic bondage—can be justified as an inescapable necessity only if every alternative is examined and found to be impractical or impossible."

So there appear to be some Britons who, in order to escape "economic bondage" at the hands of a grasping United States would prefer to throw England's weight on the side of Russia at a moment when an epochal politico-economic conflict is raging between the totalitarian Soviets and Western Democracies, of which Britain is one.

There are many observers who will hold that England would be playing a desperate game if she tried to maintain the balance of power between Russia and America in the coming critical years of political conflict. Her only logical course is to pick her partner and then stick through thick and thin. Right now she seems to stand at the crossroads.

Arlington News

Dallie Coon, Cairo, former resident was here Friday.

Paul Neville, Pontiac, Mich., is spending this week with his family.

Mr. and Mrs. Jerry Featherstone, Detroit, arrived Friday for a visit with his father, Lee Featherstone, and family. They will visit his brothers, John and Jim.

Mr. and Mrs. Jack Featherstone left for their home in Detroit Saturday after visiting relatives. They were accompanied home by his sister, Miss Jeannette Featherstone.

Mrs. J. G. Mitchell is confined to her home by illness.

Richard Peebles, Memphis, spent Thursday here with Mrs. J. G. Mitchell and her brother, H. C. Hooker.

Mrs. Sam Beckham, Clinton, spent Thursday here with her mother, Mrs. J. G. Mitchell.

Mrs. John Kesseling and Mrs. Williams, Louisville, were guests of Mrs. Elyse B. Jennings Wednesday night.

The Arlington Homemakers club met in the home of Mrs. J. Boyd Haynes, Route 2 Thursday for an all-day meeting, with Mrs. Haynes and Mrs. Ida Jones Lamkin as hosts. There were 14 members present.

Ministers To Testify On Gambling In Kenton

Covington, Ky., May 20.—(AP)—A grand jury charged to look "into the gambling situation" in Kenton county was to resume sessions today.

The jury, convened by Circuit Judge Joseph P. Goodenough, called as witnesses yesterday the Rev. Daniel E. Weeks and the Rev. James H. Talley.

Police Chief Harry J. Krieg, of Waterloo, Iowa, announced the arrest of Flo Avis Lehane, 41, shown above with a police officer, who said she was wanted in Toledo, Ohio, on a first degree murder indictment in connection with the fatal beating of two children.

Social Happenings

DOUBLE WEDDING PERFORMED AT CORINTH

Mr. and Mrs. E. L. Merryman of Fulton, Route 4, announce the marriage of their daughter, Mary Lou, to J. B. Fulcher, son of Mr. and Mrs. Luke Fulcher, of Fulton, Route 4. The couple was united in marriage in a double ceremony with Gerline Tuck of Martin, Tenn., and Ben C. Taylor, son of Mrs. Josie Taylor, of Fulton, Route 4, on May 18 at 9:10 p. m. in Corinth, Miss., by Justice of the Peace Johnny Hobe.

Mrs. Taylor wore a light blue dress with white accessories and Mrs. Fulcher wore a white flannel dress with black accessories.

Mrs. Taylor is a graduate of Martin high school and was employed by the Western Union when married. Mrs. Fulcher is a student at Fulton high school.

Mr. Taylor and Mr. Fulcher are employed by the Brown Shoe Co., in Union City.

Both couples plan to make their home in Fulton.

PERSONALS

Mrs. S. M. DeMyer and daughter Andy are in St. Louis, Mo., today on business.

Mrs. Lum Fly of Eaton, Tenn., is visiting her son Hugh Fly.

Mrs. Elsie Beggs and daughters Elaine and Clea are leaving today for Jackson, Miss., to spend a few days with Mr. Beggs who is an umpire in the South-eastern League.

Mr. and Mrs. Edgar Grissom spent the week-end at Springfield, Ky., with Mr. and Mrs. W. M. Weatherford and sons, Wallace and James.

Mr. and Mrs. Vance Hicks and children spent Sunday in Clinton with their son and his wife, Mr. and Mrs. Charles Hicks.

Mrs. Herbert Grissom and daughter, Hazel, of Dukedom, spent a while Sunday evening with Mr. and Mrs. Edgar Grissom.

Mr. and Mrs. Jack Carter and son spent last week-end in Nashville with Mr. Carter's parents.

MARY NORMA WEATHER-SPHOON TO WED JAMES PACE

Miss Mary Norma Weather-spoon has chosen Sunday, May 25, as the date for her wedding to James L. Pace. The vows will be said at 4:30 p. m. at the First Baptist church.

Attendants for the informal ceremony will be Mrs. O. L. Williams, Lexington, matron of honor; Jane Hawks, Fulton, cousin of the bride; Junior bridesmaid; Lyle Brandenburg, Lexington, best man; David Ward Phelps and Harry Reams, both of Fulton, and Billy Wade, Union City, ushers.

Miss Betty Jean Austin and John Austin, cousins of the bride, will present a program of vocal and organ music. The public is invited to the wedding.

EAST FULTON WSCS MEETS IN McDADE HOME

The East Fulton group of the Women's Society of Christian Service met May 19 in the home of Mrs. Will McDade. Mrs. Walter Joyner was co-hostess.

Mrs. Irene Boaz, the chairman, presided. An interesting Bible lesson was given by Mrs. T. W. Dimmit. Topics were given by Mrs. Joe Pope and Mrs. Ernest Bell from "The World Outlook" and "The Methodist Woman."

Fifteen members and one visitor, Mrs. Ova Coffman, were present. A social hour and refreshments were enjoyed by all.

Marshall Sees No New Aid Requests

Washington, May 20.—(AP)—Secretary Marshall said today he does not foresee any further appropriations for such purposes as the \$400,000,000 Greek-Turkish and the \$350,000,000 foreign relief programs.

The Secretary told a news conference, however, that he is not prepared to say what may be required in the future.

Marshall added that while the State Department does not plan any further requests for foreign funds, the War Department soon will ask more money for expenses in the overseas zones, including \$78,000,000 for Korea.

Mr. and Mrs. James Thomas have returned to their home in Little Rock, Ark., after a visit with Mr. and Mrs. Esco Choate. Miss Helen Maddox, of Nashville, is visiting her mother, Mrs. E. G. Maddox, on Cedar street.

Mrs. Moore Joyner spent Monday and Tuesday in Memphis shopping.

Eddie Moore is ill at his home in Highlands with the mumps. Mr. and Mrs. Ruphas Wain-scott, of Chicago, are visiting her sisters, Mrs. John Dawes and Mrs. S. A. Waggner, and father, G. A. Atkins of Fulton.

Mrs. James McGregor, Port Huron, Mich., is spending the week with Mrs. E. O. Deweese. Mac Pewitt, H. A. 1-c, has returned to the Naval Hospital in Jacksonville, Fla., after spending a 15-day leave with his parents, Mr. and Mrs. H. M. Pewitt.

TOMORROW'S SCHEDULE

American League — Detroit at New York; Chicago at Philadelphia; Cleveland at Boston; only games scheduled.
National League — Pittsburgh at St. Louis (night); only game scheduled.

Sports Roundup

By Hugh Fullerton, Jr.

New York, May 21 — (AP) — Magician John Searne ruined that scheduled "hex" contest with fight manager Jimmy Grippio the other day by playing it straight... while bushy-haired Jimmy was explaining that he made Mello Bettina a better fighter by "post hypnotic suggestion" and scared his opponents more or less the same way, Searne merely told the fight writers he had explained the psychology of hypnotism to Gus Lesnevich so Gus won't be worried about anything but Mello's fists when they clash Friday night... incidentally, it has taken Bettina and Lesnevich long enough to get around to fighting each other. They were matched in 1944 but Coast Guard officials wouldn't give Gus time off to train and tussle.

Short And Shells

Writing home from St. Andrews, where he played in the Walker Cup golf matches, Bud Ward tells Spokane friends: "It's colder than heck. We have to sleep with water bottles every night." Detroit's Pat Mullin, setting a hot pace for American League hitters, credits his improvement this year to coaching from Harry Heilmann, now a radio broadcaster. "I had too short a stride and carried my bat wrong," Pat explains. Last year they used to say he couldn't carry Hank Greenberg's bat... Joe Burk, now an assistant crew coach at Yale, plans to take up competitive sculling again if he can find any professional opposition. The field is very limited... Red Rolfe, a Yankee coach last year, is sitting out the baseball season in Hamden, Conn., making plans for the next pro basketball campaign. He turned down at least one offer to return to college coaching.

End Of The Line

Jersey Jones, now beating the drums for heavyweight Pat Comiskey, says manager Bill Daley wants to send Pat against a "name" fighter at Newark, N. J., this summer to prove that Comiskey, besides having settled down, is a first-rate puncher... Virginia's Tech's new track and swimming coach is Lou Onesty. Guess what policy V. P. I. will follow in those sports... and one of Penn's orasmen is Ben-

Chicks Take 7-Inning 7 To 5 Win Over Clarksville Colts

The Chicks took their eighth win in 14 starts here last night in an abbreviated contest with the Clarksville Colts, the first meeting of the two nines this season. The game was called in the first of the eighth with one Clarksville runner on base when a heavy downpour of rain fell on the already soaked diamond. The field had been burned off with gasoline yesterday afternoon to allow the teams to play last night.

A double header was scheduled this afternoon and tonight to round out the three-game series. Fulton plays at Hopkinsville May 22, 23 and 24, and at Clarksville May 25 and 26.

Ed Engel pitched the Chicks to victory last night, allowing 10 hits and giving up no bases on balls. He fanned two in the first inning, one in the third and one in the fifth. Stender, Colt pitcher, was also touched for 10 safeties, fanned only two and walked five.

Fulton's scoring started in the first, when Buck, Gray and Propst came in, hitting singles. Rhodes also singled in the first.

Only 10 Clarksville batters faced Engel in the first three innings, and the Colts couldn't score until the fifth, when they brought in three runs on three hits and two Fulton errors.

Seawright followed with four runs in their part of the fifth, made by Gill, Peterson, Rhodes and Lls. Lls provided the only extra-base blow, a double, for the Chicks in the fifth.

Clarksville's Pruett and Stender came home in the seventh to end the scoring. The Colt right fielder, Kern, singled in the eighth and was forced out at second on a fielder's choice when the rains came.

Murray Nine Wins Over Tenn. Tech

Cookeville, Tenn., May 21 — (AP) — The Murray College Thoroughbreds staged a three-run, ninth-inning rally to tie their baseball game with Tennessee Tech here yesterday, and then went on to win by a 6-4 score in the 10th frame.

The Tennesseans were ahead 4-1 when Buchanan slammed out a triple with the bases loaded in the ninth. The visitors scored two more runs in their half of the 10th. Hammons of Murray led the batting with four hits in six trips to the plate.

Western Baseballers Win From Vanderbilt 4 To 2

Bowling Green, Ky., May 21 — (AP) — Chet Redmon allowed only five hits yesterday as Western State Teachers College baseball team defeated Vanderbilt University 4-2. It was Redmon's fourth victory of the season.

Jamin Franklin, a direct descendant of Philadelphia's celebrated printer and proverb coin-er of the same name.

Atomic Monopoly Only Temporary, Gromyko Believes

New York, May 20 — (AP) — Andrei A. Gromyko, USSR delegate to the United Nations Security Council, said last night that an atomic weapons monopoly by any one country can be only "a temporary character" and "in reality, such monopoly is an illusion."

"Who knows?" Gromyko asked. "The time may come when the country at present occupying a more favorable position in this respect than other nations, will find itself in the same, or maybe even in a less favorable position in comparison with other states in the field of the development and perfection of certain dangerous kinds of weapons if such weapons are not prohibited."

The deputy Soviet foreign minister discussed the United States' apparent atomic "monopoly" and Russia's objection to American proposals for international inspection and control of atomic energy development at the annual dinner of the American Russian Institute.

H. J. French Leads Insurance Agents In Life Policies

H. J. French, local agent for Farm Bureau insurance, which includes automobile insurance, Blue Cross hospitalization and life insurance in the new Southern Farm Bureau Life Insurance Co., led agents in five states by over \$100,000 in life insurance sales. The states which comprise the new company are Kentucky, Mississippi, Alabama, Texas, and Arkansas. Mr. French wrote over \$400,000 in charter policies in Fulton county.

For this accomplishment he was presented a gold pen and pencil set by D. C. Meher, executive vice-president of the company, at a Kentucky agents' meeting in Louisville last week.

Underwood Sure Clements Can Win In Fall Election

Louisville, Ky., May 20 — (AP) — U. S. Rep. Earle C. Clements, candidate for Democratic nomination for Governor, "is qualified by experience and accomplishment," his campaign manager, Tom R. Underwood, declared here last night.

Underwood, editor of the Lexington Herald, spoke over radio station WHAS. He forecast Clements' election in November, if nominated at the Aug. 2 primary, "by the biggest majority that any Democratic nominee ever received in the history of the state."

Why are Prescriptions often Written in Latin?

Perhaps you have noticed that the prescriptions which your physician writes are usually written in Latin. No doubt you have wondered why. Prescriptions are written in Latin because Latin is a dead and never-changing language, universally employed in medical practice. A Latin prescription written in America or England can be filled in Puerto Rico, Russia, or France, even though the pharmacist may not know a word of English. On the other hand, no matter where your prescriptions may be written, we can fill them promptly and accurately. That is our specialty.

Planned Kitchen Saves Time, Steps

The attractive green and white kitchen of Mrs. Charlie Simmons Hardin county is an example of what can be done by using things on hand, plus inventiveness and work, according to Mrs. Lorene Blankship, home demonstration agent. Having learned in the Big Spring Home-makers Club how time, steps and labor can be saved when kitchen equipment is correctly placed, Mrs. Simmons set about

to re-arrange her room and make it convenient without a large outlay of money.

Across one side of the kitchen are storage cabinets made by removing the top half from an old-time food "safe," each section flanking a storage cabinet and sink. Rounding the corner is more shelf space, then the refrigerator. All table surfaces are topped with linoleum applied to extend up the wall 12 inches. Across the room is the woodbox on castors beside the range, the cabinet for baking being nearby.

Old . . . or New . . . Fram Helps Your Car RUN LONGER WITHOUT REPAIRS

find out— "How's Your Oil Filter?"

If you hate to throw money away—here's a SURE way to save it! Whether your car is old or new—you should check the oil filter regularly! It's easy—just drive in at your Fram dealer and ask for a free Dipstick Test.

Then, if oil shows dirty, have him install a Genuine Fram Replacement Cartridge to get the most out of your present filter, remove grit, carbon and sludge, keep oil physically, visually clean and prevent unnecessary motor wear! (Remember, there's a Fram cartridge made to fit almost every type of filter.)

Or, if your car is not already filter-equipped, have your Fram dealer install a complete Fram oil filter. Takes just a few minutes—the cost is small—and the savings in longer, trouble-free engine life are big! So play safe . . . see your Fram dealer today! Fram Corporation, Providence 16, R. I.

*Certain heavy-duty oils, due to the detergent additive used, turn dark in color almost as soon as put into the motor. Where such oils are used, cartridges should be changed on the advice of your service station or dealer.

slightly higher on steers and good butcher yearlings in early trade; good steers went around 23.00-24.50; a few medium kinds 20.00-22.50; good to choice heifers and mixed yearlings 22.00-24.50; odd lots 25.50; medium to low good 18.00-21.00; good cows around 17.50-18.50; common and medium beef cows 14.50-17.00; canners and cutters 10.00-14.00; medium and good sausage bulls 16.00-75; odd head good beef bulls above 17.00; choice vealers 50 cents lower at 26.00; good and choice largely 21.00-26.00; medium to low good 15.00-21.00.
Sheep 1,500; market slow; few good and choice native spring lambs to city butchers steady at 23.00-24.00; others not established.

Wall Street Report

New York, May 21—(AP)—The stock market displayed little buoyancy today although a few issues reached for further recovery. Leaders generally held close to previous price levels in fairly active opening. Dealings slowed thereafter, while a few favorites responded to special situations. Near midday the list had a well-mixed appearance.

Commission houses reported customers derived small encouragement from the sluggish pace that accompanied comeback moves while additional restraint was imposed by uncertainties of tax and labor legislation and foreign difficulties.

Pere Marquette issues spurred after the Interstate Commerce Commission set June 4 as the effective date of its order permitting merger with Chesapeake & Ohio. The Pere Marquette common jumped 3 1/2, the preferred 9 1/2 and prior preferred 3 points in initial transactions. Improved at times were National Sugar Refining, American Woolen, International Paper, Atlantic Coast Line, Goodrich, Caterpillar Tractor, Allied Chemical and Standard Oil (N. J.). Retreating were Schenley, U. S. Steel, Bethlehem, Chrysler, Goodyear, Pepsi-Cola, Kennecott, Hercules Powder, Union Pacific and American Export Lines.

Southern Railway Strike In Effect

Alexandria, La., May 21—(AP)—Southern Railway's buses were grinding to a stop today as the effects of a nine-state strike against that company and the Southern Bus Company became increasingly evident. The strike began last midnight. Buses scheduled to leave points of origin after that time stood idle and empty. Those on the road at the deadline continued toward their destinations where, strikers said, they would remain idle.

Otto Debate, president of the union which called the strike, said it would affect 1100 employees of the two companies in nine states—Louisiana, Mississippi, Alabama, Arkansas and Tennessee and in parts of Texas, Illinois, Kentucky and Missouri.

Tests conducted by the federal government revealed that a house completely insulated with mineral wool reduced the fuel bill by 45 percent.

Tons Of Wheat, Too Few Boxcars Is Rail Dilemma

Chicago, May 20—(AP)—Railroads which soon will start to move the first billion bushel winter wheat crop in the nation's history reported today that their boxcar supply situation was improved over last year. However, they agreed that transporting such an enormous amount of grain will present a "tough problem."

Within the next 10 days harvesting of this fabulous crop—believed to be the largest any nation ever produced—will start in Texas.

Harvesting will progress northward through Oklahoma, Kansas and Nebraska, and when it is over around mid-July a whopping store of wheat will have been added to the food supply of a world desperately in need of bread.

House Members See Inverchapel On Leaf Exports

Washington, May 21—(AP)—Five House members who represent tobacco growing districts yesterday called on Lord Inverchapel, British ambassador to the United States, to talk over the tobacco problem relative to Britain's recent boost in tobacco taxes.

The callers asked the ambassador to report to authorities in England the "distress" of American tobacco growers over the tax increase. He was told by the group that the British white paper authorizing the tax boost was "a blow to tobacco farmers of America."

Quotas for the 1947 American tobacco crop already have been set, the group told the ambassador, and can not be decreased.

Lord Inverchapel told the delegation the action was necessary "in all respects" so that British people would lessen their tobacco use and first purchase necessities of life.

Wants U. S. Judge Taken off Bench; "He Is Prejudiced"

Louisville, Ky., May 21—(AP)—In a petition filed here today Mrs. Patricia O'Brien Smith asked that district Federal Judge Roy Shelbourne be disqualified to hear a suit in which she is plaintiff.

The petition accused the judge of "personal bias and prejudice."

Mrs. Smith has sued the Louisville Trust Company and the Citizens Fidelity Bank and Trust Company as administrators of the estate of her former husband, the late John A. O'Brien, for \$822,035.

Her affidavit said Judge Shelbourne and the law firm with which he was associated at Paducah are closely connected with counsel for the banks.

Black Widow Bite Sends Clarksville Boy To Hospital

Nashville, Tenn., May 21—(AP)—Mac Robinson, 18-year-old Clarksville high school football star who is suffering from the effects of a black widow spider's bite, was a patient at Vanderbilt hospital here today, but his physician said his condition was

"good" and he was "doing fine."

Robinson's disappearance from his Clarksville home Sunday, after apparently suffering a setback from the illness induced May 6 by the spider's bite, brought to light a Southeastern Conference row over where he will attend school next fall.

That opinion was given by the attorney general's office today to H. W. Sloan of Albany. He

said some residents there lack—they should not be exempt from ed water mains and asked if city taxes.

City Conveniences Don't Govern Tax

Frankfort, Ky., May 21—(AP)—A city can collect its property taxes from all residents, even if it does not furnish all of them with water and other conveniences.
