Forbes & Bro. Will Build the College
Addition.

The committee from the Board of
Trustees of Bethel Female College
charged with opening sealed bids and
contracting for the erection of the
proposed addition to the college building
held an important meeting Monday
morning.

The sealed propositions of several
competitors were opened and carefully
inspected by Messrs. Forbes & Bro., who
were the lowest and accordingly the
contract was awarded to this firm. The
plans for the proposed addition had al-
ready been agreed upon. The building
will be built of brick and stone, and
three stories, forming a wing on the
East side of the main building. The
lower floor will be a large music hall,
the second floor a gymnasium, and the
third floor will be sleeping apartments
for the boarding pupils. The addition
will be a great convenience and a de-
cided improvement in the architectural
appearance of the building.

Work will begin at once and will be
pushed with all dispatch until com-
pleted.

Sacrificed to Blood Poison.

Those who have never had Blood Po-
ison can not know what a desperate con-
dition it can produce. This terrible
disease which the doctors are totally
unable to cure, is communicated from
one generation to another, inflicting its
taint upon countless innocent ones.

Some years ago I was inoculated with po-
ison by a negro who infected my wife with blood
taint. The little one was
suffering from the disease
and its life was yielded
up to the fearful scourge.

For six long years I suf-
fered under this terrible
disease, and was unable to
do my work. I was
suffering from the disease
and its life was yielded
up to the fearful scourge.

Of the many blood remedies, S. S. S.
is the only one which can reach deep
seated, violent cases. It never fails to
cure perfectly and permanently the
most desperate cases which are beyond
the reach of other remedies.

blood remedy guaranteed to contain no
mercury, potash, or other mineral.

FOWLER'S LETTER

Makes Interesting Reading for Republi-
cans and Democrats.

The following open letter to the Hon.
George W. Jolly needs no comment by
way of explanation or introduction. It is
a straightforward and manly answer to
Mr. Jolly's recent letter and it is full
of facts in the statement of which Mr.
Fowler mixes no words and sacrifices
none of the dignity which has marked
his course in each phase of the contro-
versy.

HOPKINSVILLE, KY., HIGH NOON,
SEPTEMBER 20th, 1898.
HON. GEO. W. JOLLY,
OVERSHERO, KY.

DEAR SIR:-

I should have answered your favor of
the 24th last, sooner had I not been un-
der the restraint and disability of an or-
der of the Daviess Circuit Court, issued
in the case of Geo. W. Jolly vs. E. C.
Vance and others, which order forbade
my even discussing the subject of the
Republican nomination for Congress in
this district or from discussing your
alleged nomination for that position. I
believe in respectfully submitting to the
powers that be, and rather than be placed
in the attitude of violating a solemn
injunction of the Court I have delayed
my reply to your proposition until the
Court, by its decision, untied my hands
and gave me the liberty to enter into a
discussion of our differences. I refer to
the decision of Judge John L. Dorsey
delivered in Henderson yesterday, in
which the Court gave me substantial re-
lief by dismissing your petition and dis-
solving the injunction granted and is-
sued by the Deputy Clerk of the Daviess
Circuit Court, and the many and varied
reasons which you have given for that
you had no right to institute such a
suit, and you could not invoke the aid
of the Chancellor in your efforts to-
ward the election of the people as well as
the decision of the regular constituted
party authorities of the district.

You challenged my right to have my
name certified to the several County
Clerks of the district, and the Republi-

HOPKINSVILLE TOBACCO.

Monthly Report Showing Condition Of
the Market.

There was unusual dullness and in-
activity in almost every branch of the
Hopkinsville tobacco market during the
month of September, judging from re-
ports received from the inspectors and
warehousemen of this city. Conditions
were much the same as those that have
characterized the market for several
months past. The offerings were prin-
cipally of the inferior grades of the
leaf, but whenever any of the finer
classes of leaf were put upon the break
they were disposed of readily and at
satisfactory figures. There continues to
be a strong demand for everything
suitable for the foreign trade, and snuff
goods sell readily. Most of the Spanish
leafs have been bought up by speculators,
and there is very little of the Regio
styles now left on the market. The
crop of 1897 is being rapidly disposed of
and there will be a general feeling of re-
lief when it is closed out.

sacred Not True.

KILLED: 7 SOLDIERS; 30 REDS.

Re-Enforcements, With Gatling Guns, Hurry-
ing to Exterminate Rebellious Indians.

BOTH SIDES STRONGLY ENTRENCHED.

(SPECIAL TO NEW ERA)

been received here.

They contain the information that seven soldiers and thirty Indians were
killed yesterday.

Attack Resumed This Morning.
(SPECIAL TO NEW ERA)
WALKER, Minn., Oct. 6.—(3:30 p. m.)—The Indians resumed the attack on
Gen. Bacon's troops this morning.
The redskins are fighting desperately.

Strongly Entrenched.
The soldiers are strongly entrenched and can hold their position until their
ammunition gives out.
Continuous shooting was heard up to one o'clock this afternoon.

Will Be Exterminated
It is believed that these re-enforcements will make quick work of the ex-
termination of the red devil.
More Indians There.
News has come that the Indians are being heavily re-enforced.

Soldiers Not Massacred.
(SPECIAL TO NEW ERA)
WALKER, Minn., Oct. 6.—(1:40 p. m.)—A friendly Indian arrived here
from Bear Island at noon.
He says that only ten soldiers and five Indians were killed yesterday.
He states that both sides are well entrenched.

Firing Begins.
This indicates that the widely circulated report that the soldiers had been
massacred is untrue.
Soldiers on the Way.
Three troops, with field artillery, are hurrying to re-enforce Gen. Bacon's
men.

Kentuckian in Command.
Gen. Bacon, who is in command of the soldiers on the island, is a native of
Kentucky, having been born at Frankfort. He is as brave as a lion.

The Fighting Yesterday.
(SPECIAL TO NEW ERA)
MINNEAPOLIS, Minn., Oct. 6.—Gen. Bacon landed a force of eight men on
the lake shore about thirty miles from Walker yesterday. An engagement
occurred about 11 o'clock in the morning in which four soldiers were killed and nine
wounded.

The Indians fired on the troops as they were about to take coffee. Another
engagement is said to have occurred with heavy loss.
It was reported late last night that Gen. Bacon and his entire force had been
massacred.

His situation is undoubtedly critical and the prospects are good for an all
winter campaign against the Indians.

Cause of the Outbreak.
(SPECIAL TO NEW ERA)
WALKER, Minn., Oct. 6.—The Pillager and other neighboring Indians of the
White Earth reservation claim to have many reasons for their present outbreak
although the direct trouble with the Pillagers comes from attempts to bring in
some Indians to the United States court at Duluth in connection with liquor
selling cases.

Their grievances go back through many years and there has been legislative
and other attempts to settle them.
The leader of the rebellious Indians is an old warrior, Pop-Ah Mah-Ga-Suk.
He alleged his treatment in being taken to Duluth, and his wife, who was
being taken there as a witness, and around the other Indians to protest against
the way he claimed he had been treated.

Re-Opened.

CAPT. WHITLOW HERE.
Pleased With the House
And Its Prospects

Capt. Lloyd Whitlow, the lessee of
the Latham, arrived in the city yesterday
and has been busy at the Latham
throughout the day. He has formally
taken charge of the magnificent property
and is greatly pleased with the city
and the outlook for the success of his
venture.

Capt. Whitlow closed the agreement
with Mr. Latham for the lease of the
property last Tuesday, going directly to
New York to see Mr. Latham in person.
From New York he came to this city
and Hopkinsville will be his future
home. He will go to Louisville on
business tomorrow, returning Saturday.
His family will arrive from Henderson
next week and will be installed at the
Latham.

Capt. Whitlow was seen in the private
office of the Latham by a New Era
man this afternoon.
In reply to a question as to when he
proposed to open the house he replied:
"I think everything will be in readiness
by Monday, Oct. 17. The house is in
a magnificent condition throughout
and I am only awaiting the arrival of
some machinery which it will take a
few days to adjust."

"There will be no banquet or enter-
tainment of a formal nature. I will
open the house for inspection by the
public and will have an orchestra in
attendance. Capt. Whitlow is a most af-
fable and engaging gentleman with
rare qualities as a mixer and makes a
friend of every man he meets.

The following exceedingly compli-
mentary letter was received by Mr. E.

IN THE FISCAL COURT.
Important Appropriations—Road Graders
May Be Abolished.

The following appropriations were
made by the Fiscal Court Wednesday:
For a shed in the rear of the county
jail, \$25.
For the metaling the Kirkmanville
and White Plains road near Coal creek
bridge, \$75.

For a new floor in the Circuit Clerk's
office, \$10.
Discussion as to the advisability of dis-
continuing the use of road graders is
working the county roads was postponed
until Friday and made a special order.

The county purchased two of these ma-
chines at a great cost four years ago,
and they have been in use in working
the roads since that time. Several of
the Justices favor their discontinuance,
claiming that their operation is not sat-
isfactory.

FINAL SETTLEMENT

cal Court.
The final settlement of ex-Sheriff McJ.
Davis with the Fiscal Court for the year
1897 has been made and the ex-sheriff

court.

POSTMASTER

Breathitt Will Take
Charge This Evening.

MR. WILGUS RETIRES.

His Administration Most
Satisfactory and Busi-
ness Like In City's
History.

Major John W. Breathitt received his
commission as postmaster of Hopkins-
ville yesterday. He did not lose any
time in demanding possession, but made
a straight line to the post office and not-
ified Mr. Wilgus in person that he would
take charge at once.

The transfer was formally made
last night and another four years of Re-
publican administration of the post of-
fice will be inaugurated. The public
may expect just as much partisanship as
can be legally injected into the admin-
istration of the duties. They do not ask
for a non-partisan administration nor do
they expect any but Republicans to be
deputized as assistants. They do ex-
pect, however, and have a right to de-
mand that efficient and courteous depu-
ties be appointed, and that Major
Breathitt keep the office as nearly as
possible up to the high standard of his
predecessor.

Mr. Wilgus may not retire from the
office with the personal good will of
every citizen of Hopkinsville, but there
is not one dissenting voice to the ver-
dict of approval which his administra-
tion has won. During the four years of
his incumbency he has taken a pride in
the neatness and cleanliness of the
premises and the thorough efficiency of
the service. Under his direction there
has been the most systematic and pa-
tient attention to every detail connected
with the office. He made the interior of
the building pleasing and attractive in
appearance, kept the furniture and
fixtures bright and clean and provided
the public with every convenience not
contemplated in the allowance for
necessary expenses. He employed as-
sistants who seemed to have a natural
aptitude for the arduous work, and who
have been uniformly courteous and
obedient.

Prior to his assuming charge of the
office the lobby was the trying place for
loafers and idlers where men as-
sembled to "jaw and chew," blocking
the doors and crowding in the lobby to
such an extent that it was often impos-
sible for ladies to enter. This was abo-
lished under Mr. Wilgus' administra-
tion and the post office became a busi-
ness institution no less than a bank or a
mercantile establishment. The people,
now accustomed to such methods, have
no desire to see the old order of things
restored.

SOLDIERS AT HOME.
A Number Of Hopkinsville Boys Are En-
joying Furloughs.

The ten o'clock train yesterday
brought in a sextette of popular Hop-
kinsville young men who have been
serving their country in the volunteer
army.

They are Regimental Sergeant Capt.
Austin Bell; Sergeant Major Gordon
Nelson, Messrs. Jim Breathitt, Bob
Buckner, Frank Patton and Mit Cole-
man. The returning heroes held a
levee at the L. & N. depot and were
overwhelmed with welcoming words
and cordial handshakes wherever they
appeared on the streets.

They are home on furloughs ranging
from seven to ten days. Frank Prowse,
Elton Zimmer, Felix Robinson and
several other soldiers of the same com-
pany and regiment have been here
several days. Will Winfree, who had
a thirty day furlough, returned to Camp
Hamilton this morning.

FIRM CHANGES.
J. A. Bean Buys Miller's Confectionery
And Bakery.

Mr. J. A. Bean has purchased the
confectionery and bakery of Mr. Jo
Miller, on Main street, between Ninth
and Tenth. The trade was consummated
yesterday and Mr. Bean took charge
of the business.

He came to this city from Louisville
nearly two years ago and was con-
nected with Hotel Latham up to the
time of its closing. Mr. Bean then ac-
cepted a position with Galbraith &
Kenna where he has been since that
time. He is a gentleman of long expe-
rience in the confectionery business and
has made many friends since taking up
his residence in this city.

Mr. Miller will remain with the
house and will have charge of the
bakery and fresh candy departments.

DAUGHTERS AMERICAN REVOLUTION.
A Chapter Will Be Organized in This
City at Once.

The untiring efforts of a few devoted
and patriotic ladies of this city to or-
ganize a chapter of Daughters of the
American Revolution are about to be
crowned with success.

There are a number of ladies in this
city and county who are eligible to
membership in this noble order and
their interest having been enlisted in its
laudable purposes they will enroll their
names upon the honorable roster.

There will be a meeting of those in-
terested in the proposed chapter Friday
afternoon at the residence of Mrs. John
I. Green, on South Main street. At
this meeting the initiative steps will be
taken looking to an immediate organi-
zation. Already the nucleus has been
formed of prominent ladies whose eligi-
bility is established.

THE PRESENCE AND CO-OPERATION OF ALL
ladies who desire to see a chapter or-
ganized in this city is urged.

REGISTRATION

Was the Lightest Ever
Known.

HEAVY FALLING OFF.

Little Interest Was Mani-
fested.—Republicans
Lose More Than
Democrats.

The registration books were returned
to the clerk's office Wednesday.
The number of voters registered is con-
siderably behind the figures of last year
and of 1896. In fact it is about the
lightest known since the passage of the
law requiring registration. Little less
than two thirds of the total vote was
registered.

Not one of the precincts registered
near its normal voting strength. The
day was exceedingly gloomy and there
was very little interest manifested in
getting out the vote. No party leaders
were hustling with a future election
in view. No friends of prospective candi-
dates were flying hither and thither to
see that the full strength of either party
was recorded. It was a listless, dull
and uninteresting day.

The figures from the registration
books of the four precincts are as fol-
lows:

| | White | Colored | Total |
|-----------------------------|-------|---------|-------|
| No. 1. Court House, | 178 | 134 | 312 |
| No. 2. Wheelers, | 50 | 330 | 380 |
| No. 3. P. O., | 240 | 51 | 291 |
| No. 4. Galbraith & West 154 | 36 | 280 | 434 |

Last year the total registration, not
including supplemental, was 1,433.
It will be seen that the falling off
amounts to 370 votes.

Nearly two thirds of this number are
colored voters.

In 1896 the total registration, not in-
cluding supplemental was 1,436.
It is not likely that the total regis-
tration this year including supplemental
will exceed 1,300.

During the three days allotted for
supplemental registration last year less
than 150 additional voters qualified.

According to political affiliation the
registered voters about evenly divided
between the Democrats and Republi-
cans.

M'ROY CASE CONTINUED.
Joseph M'Roy, whose trial for seduc-
tion was set for yesterday in the Circuit
Court moved to dismiss the indictment
claiming that he had in good faith of-
fered to marry his victim. The motion
was overruled and the case continued to
the seventh day of the next term.

ARTICLES OF INCORPORATION.
The Royal Dry Goods Company filed
their articles of incorporation in the
Clerk's office yesterday. The com-
pany is capitalized at \$15,000, and the
incorporators are Geo. P. Walton, W.
E. Pilcher and F. E. Macaulay.

THE CLARKSVILLE FIRE.
Loss Will Exceed Half a Million—Work
of Rebuilding.

The following notes concerning the
great fire at Clarksville Tuesday morn-
ing are compiled from the Leaf-Chroni-
cle's excellent report:

The L. & N. depot and the Western
annex were burned to the ground. No-
thing was saved from the freight depart-
ment and over half of the papers in the
office were burned. The most important
ones were in the safe and when opened
this morning they were found to be un-
injured. The safe also contained some
money and tickets, which were not in-
jured.

Most of the freight for the city mer-
chants and the outgoing train had been
gotten out before the close of business
yesterday. The entire loss by the L. &
N. will be between \$35,000 and \$50,000,
partially covered by insurance. This
includes the freight which was burned,
which is estimated at \$15,000; the main
building, which cost about \$6,000; the
Western annex, which was valued at
\$2,000; the six freight cars which were
burned, and their contents; and
damage to the tracks; loss of important
papers, etc.

A big force of men were at work by
daylight this morning clearing away the
debris and preparing for the erection
of a new depot, which will be be-
gun immediately.

No one seems to know what was the
actual origin of the fire, but it is believed
to be the work of an incendiary. No
fire had been in the building for several
months and there was nothing in the
structure to cause spontaneous combus-
tion. The L. & N. night watchman is
reported as having said that he saw a
suspicious character near the building
about an hour before the fire, but the
watchman could not be found today to
verify the rumor.

The Grange warehouse will be rebuilt
and with that idea in view, men were
put to work today clearing away the de-
bris and preparing the ground for the
new building. The new warehouse will
be rushed to completion as rapidly as
possible.

E. M. Flack & Co. had 45 hophounds
in the Grange, which were a total loss.
They were insured.

TEN-CENT CHICKEN

Causes Trouble Between Two Negroes
And One Is Dead.

Another killing has taken place in
Todd county and this time the parties
are negroes, brothers-in-law, and
living on adjoining farms. The parties
to the tragedy are Henry Avin and
Joe Moss. These negroes disagreed
over a ten-cent chicken which they had
bought and Avin drew his pistol and
fired on Moss, killing him instantly.

HURT AT PADUCAH.
Miss Mollie Hall, of Hopkinsville,
now traveling general agent for the
Macarath Book Co., of Chicago, was
quite seriously hurt this morning at the
Illinois Central depot, says the News.
The suffering lady was carried to the
Bailey house, where she received medi-
cal aid.

Miss Hall expected to leave for
Metropolis, when she fell at the depot,
wrenching her back in such a manner
as to render her unable to walk.

Mrs. Brewer's Humane Work.
A well-to-do Rhode Island lady, who looks after the sick of her city, writes to
Dr. Hartman of her practical experience with Per-na.

It is blessed with good
summaries. Mrs. Lizzie
M. Brewer, of 196 High
St., Westbury, N. Y., is a
noble woman who devotes a great deal of time and money
to caring for the sick of Westbury. She has been for
several years one of Per-na's strongest
friends, and under date of March 17, 1898, she
writes the following letter to Dr. Hartman,
Columbus, O., the originator of Per-na.

"Your welcome advice is at hand, and my
gratitude is unbounded for the privilege of
enjoying consulting so renowned a physician
as yourself, always receiving such prompt
and satisfactory replies to my questions.
And what amazes me most is that this
can be done year after year, with such satis-
fying results, free of charge. I
have learned that you have become
to thousands and thousands of
fellow-creatures the same beneficent
guide and adviser that you are
to my household.

"As for your first book, I read
it then, and ever since, and treasure it
as a precious possession. I have been
careful for all extraneous matters as common in this part of the country. I
cannot find in medical journals and from the testimony of my neighbors that
as for the gripe there is no other remedy that can all at once cure it. I
notice in medical journals and from the testimony of my neighbors that
doctors seem quite unsuccessful in treating the gripe, especially in removing
the after-effects of a gripe. From personal observation in many cases I know
that Per-na is a sure specific for those cases. I am among the sick and
am entirely satisfied in my faith as to its results. I have never known it to fail to
quickly and permanently remove that detestable state of the human system
which follows a gripe.

"In cases of weakness and general debility, I am sure that no other remedy can
approach the good results of the action of Per-na. It meets all the bad symptoms
to which females are subject. The irregularities and nervousness, the debility
of the system, which afflict more or less the women from girlhood to old age, the
life, are one and all met and overcome by your excellent Per-na. I wish
every young lady in our city could read your book 'Health and Beauty.' Any
woman wishing to acquire more knowledge as to the use of Per-na, may apply
for a copy of the book free of charge by enclosing a stamp for reply.

IN SIX MONTHS.
THE ROMANOFF LAND and MINING CO.

How this Alaska Company has Increased the Value of its Stock
500 Per Cent. in the First Six Months.

The Company was incorporated March 17th, 1898, and offered its first block of stock for public
subscription on April 1st at 10 per cent. of its par value, or ten cents per share. A body of land 5,-
640 acres in extent, on the Yukon River, was purchased and a thoroughly reliable mining man of 20
years' experience, engaged to go to Alaska to reside there in charge of the Company's interests as
Superintendent, to thoroughly protect and develop the resources of this tract of land. He secured a
number of old miners and prospectors to accompany him, and the start was made from Seattle by
steamer to St. Nicholas on June 27th, the party consisting of ten men, and the Superintendent carried
mining tools, provisions and all necessary supplies for one year. A long delay occurred in leav-
ing St. Nicholas by reason of the Steamship Company failing to carry out their contract, and new
transportation was contracted and paid for to the upper Yukon and a new start (with some additions
to the party) was made on the 29th of July. When this party sailed, prepared for a year's work in
the gold fields, the stock of the Company was advanced to 20 cents per share, as it was considered by
the Directors that the prospects of the Company had increased in that time. Now at the end of the
first six months, from reliable information from the Superintendent and also from disinterested par-
ties who have prospected upon and are familiar with this tract of land, the Company feels that it has
most agreeably surprised even its very sanguine friends and stockholders:

1st. That this is one of the most valuable large tracts of land in Alaska.
2nd. That prospect work has proven that rich placer are within the limits of this body of land, that needs only
the systematic mining so well understood by our Superintendent, to yield a rich harvest of gold for coming seasons.
3rd. That a large body of large timber covers the greater portion of the tract, and can readily be rafted to the mill
where the rough lumber is worth \$200 per 1,000 ft. at the mill.
4th. That the demand for this timber is unlimited, because it is the only large timber available to the booming
new mining center on Yukon River known as Summit City, (less than 20 miles down stream, and no other large tim-
ber nearer than 40 miles where a population of over 1,000 has already settled down and is the very center of the richest
mining district discovered on the Alaskan side of the International line.
5th. That a number of parties have already taken claims on the Company's land to be worked on royalty, and it is
very probable that within six months from the start of the Company will be able to declare a dividend.

In view of the above, the Directors have ordered that this stock be advanced to 50 cents per
share on October 15th, and that any of the limited amount of stock now in Agent's hands then re-
maining unsubscribed, shall become subject to the above advance. For Prospectus, giving full par-
ticulars, address—
