THE MURRAY LEDGER.

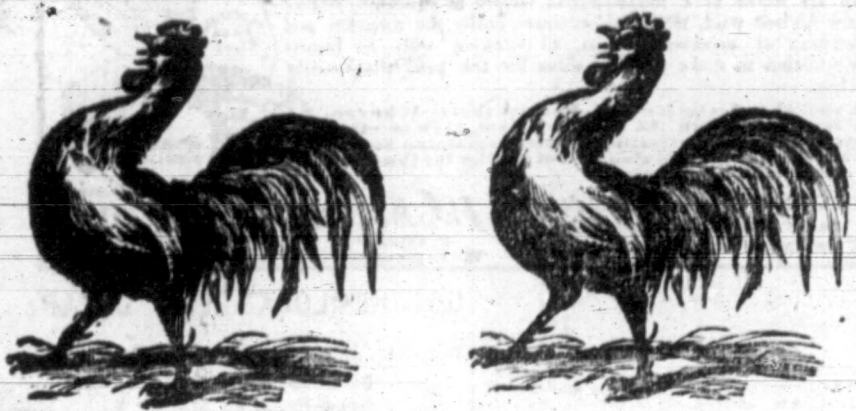

VOL. 38, NO. 38.

MURRAY, KENTUCKY, THURSDAY, NOVEMBER 9, 1916

\$1.00 PER YEAR

WILSON WINNER—HAS SAFE MAJORITY OF 21

**Sweeps Solid South and Carries Most
All Northwestern and Western
States—East is For Hughes**

After one of the bitterest contests in the history of the nation, and the closest result since the memorable Hays-Tilden contest more than thirty years ago, Woodrow Wilson has been re-elected president of the United States, defeating Hon. Charles E. Hughes, of New York. All precedents were smashed, and Wilson was returned to the White House without the votes of either New York, Illinois or Indiana, each of these states being found this year in the republican column.

The result hung in the balance until Thursday night of this week, being caused from the fact that the vote of a number of states could not be obtained at an earlier hour. Hundreds of Calloway citizens came to Murray Tuesday night to hear the returns, and by 12 o'clock every democrat was sick and sore, believing that Hughes had been elected. Wednesday morning brought a brighter outlook, and Wednesday night the streets were filled with hundreds of yelling, rejoicing democrats, and when positive information was received Thursday night that Wilson was the winner bedlam broke loose. The fire whistle, the church and school bells made merry, the air was perforated with gun shots, men, women and children yelled and screamed and wrang each others hands, scores of them weeping for joy.

New York, Nov. 9.—"President Wilson has carried California and has been re-elected," is the newest statement of the National Democratic Committee, which claimed for President Wilson a popular plurality of 200,000 to 300,000. "To say there will be a contest," declared this statement, "is to insult the intelligence of the American people."

It will probably be another day before full results are known from any of the four states left in the doubtful column—certainly not until there has been an official count in New Hampshire

and possibly Minnesota.

As Mr. Hughes is leading in Minnesota and West Virginia, a change in these states could in nowise effect the result and there may be no demand for extraordinary haste to bring about the recount demanded. Virtually all the states where the result is close are carried in the Hughes column, and for that reason the democrats profess to be not apprehensive that any overturning could come from recounts.

With New Mexico where Wilson is leading, left in the doubtful column, the electoral college shows Wilson 269; Hughes 235.

The states remaining in the

doubtful column—Minnesota, 12; New Hampshire, 4; New Mexico, 3; West Virginia, 8; total 27.

In doubt.
Total number electoral votes, 531. Necessary for election, 266.

Democrats Control Both Houses.

With thirty congressional districts to be heard from at 10:45 p. m. Wednesday, 202 republicans, 199 democrats, two progressives, an independent and a socialist have been elected to the house of representatives for the sixty-fifth congress. Of the thirty districts yet to be heard from seventeen are represented in the present congress by democrats and thirteen by republicans. Should these be unchanged, the next house will be composed of 216 democrats; 215 republicans and four others. The senate will remain under democratic control by a reduced majority of ten or twelve.

Twenty-five States Are Now Dry.

Chicago, Nov. 8.—More than half of the 48 states of the Union have been put into the dry column. Those which are added to the list by the election Tuesday, making the total of dry states 25, are Michigan, Nebraska, South Dakota, Montana, Utah and Florida. The territory of Alaska has also been added to the dry possessions of the United States.

The states which voted on the liquor question in which the dry forces seem to have been defeated, although the returns are not

all in, are California and Missouri.

Estimate Socialist Vote.

Chicago, Nov. 8.—Carl D. Thompson, national manager of the socialist party, in a statement made today said:

"In 1912 the socialist party polled 900,000 votes. This election the returns show that we have polled about 1,200,000. While this gain of the total vote cast by our party is not as great as we had hoped for, we are satisfied with the general result."

"We believe we have elected about thirty-five members of the legislatures in twenty-one states. In Minneapolis we elected our candidate for mayor, Thos. H. Van Lear. In Milwaukee we appear to have elected the district attorney and perhaps the sheriff."

"In California we elected two members of the state legislature. In Wisconsin two socialist candidates for state senator and five or seven members of the legislature were successful."

"In Vermont we elected one member of the legislature. This is the first time a socialist has been elected to a state office in that state."

"We expected to elect seven or eight congressmen, but unhappily we have elected none."

Dr. C. E. Clayton, who underwent an operation at the Murray Surgical Hospital the past week for appendicitis, is improving rapidly and will be able to return to his home in Dexter at an early date.

BAPTISTS MEET IN LOUISVILLE

Louisville, Ky., Nov. 8.—The homes have been provided for one thousand messengers. The railroads grant a rate of one fare plus twenty-five cents.

The organization will be effected on Tuesday, November 13, at 4:00 o'clock, in Walnut street church. Dr. W. D. Powell, corresponding secretary, will present the report of the state board at the afternoon meeting. The gifts for the year amount to more than \$200,000. There is some debt on the budget because the churches have failed to pay the full apportionment to the Kentucky Baptist Children's Home at Glendale and the cause of Christian Education.

The annual sermon will be preached Tuesday night.

On Wednesday at noon a buffet luncheon will be served by the Louisville Convention and Publicity League, Mr. Denny B. Goode, presiding. Wednesday night the budget plan will be discussed.

Thursday at noon there will be a men's banquet addressed by Dr. Frederick A. Agar, of New York, the method secretary of the Northern Baptist Convention. He is one of the most entertaining speakers in America.

Thursday afternoon the messengers will be taken in automobiles on a sight-seeing trip to the points of interest in Louisville.

Thursday night Dr. J. W. Porter will present the report on state missions. He will speak followed by Dr. Agar and then there will be brief addresses by a large number of mountain preachers. This will be one of the most interesting hours of the entire association.

Rev. Wilson Dead.

Rev. G. W. Wilson, who served as presiding elder of the Paris district many years ago, died at Nashville last Wednesday afternoon undergoing an operation for

CALLOWAY ROLLED UP LARGEST DEMOCRATIC VOTE EVER POLLED

The result of the election insofar as the vote cast in Calloway is concerned is most gratifying. The result of the two days rally is very evident and all democrats are rejoicing. Last Friday and Saturday were strenuous days, with between 75 and 80 automobiles, filled with enthusiastic rooters the entire schedule was filled without a hitch. Thousands of Calloway citizens greeted the "Wilson Special" and were entertained with music and good speaking.

When the returns began to come in Tuesday night party workers realized that their efforts to get the vote to the polls had not been in vain. The official returns will show the vote in Calloway to be as follows:

Wilson, 3,334; Hughes, 1,026; prohibition, 17; socialist, 135; socialist labor, 3. For congress—Barkley, 3,300; Thomas, 1,006; McDowell, 13; Ford, 118. For circuit judge—Bush, 3,295; Fruit, 1,030. The vote in the presidential

race is based upon the vote cast for the first elector on each ticket.

Kentucky's Majority Also Largest.

Kentucky went democratic Tuesday by the largest majority ever given a presidential candi-

date and equaled only in recent years by the record majority of Gov. J. B. McCreary in 1912. Figures received 3:00 o'clock Wednesday show that President Wilson carried the state by 27,015 majority over Charles E. Hughes, with a few scattering precincts still out which cannot change the result by 500 votes. The total number of votes cast for Wilson was 189,348, while 162,333 were cast for Hughes.

Every Kentucky congressman was returned to office, nine democratic and two republican.

Judge Bush an Easy Winner.

Judge C. H. Bush defeated Sam T. Fruit for judge in the third district by an overwhelming majority. The counties gave the following majorities:

	Bush	Fruit
Calloway	2,265	
Lyon	442	
Trigg	210	
Christian	827	

Bush's majority, 2,090

Barkley Wallops Thomas.

The largest majority ever given a congressman in the district was given Congressman Albert W. Barkley, who won over Gen. Prentice Thomas, republican, by almost 15,000 votes.

GRAND JURY RE- FUSES TO INDICT

Paducah, Ky., Nov. 3.—Without returning any indictments, the special grand jury which had been investigating the lynching, shooting and burning of two negroes, Brack Kinley and Luther Durrett, on October 16, made a sealed report to Circuit Judge William M. Reed this afternoon and was discharged.

What the report contained was not made public, but a member of the grand jury stated that nobody was indicted because none of the witnesses admitted knowing any of the members of the mob. Between 100 and 150 witnesses were examined and every one swore he did not know any of the mob. As one of the jurymen remarked, it was singular that out of such a large number of witnesses not one knew at least one of the lynchers. The investigation began last Friday. The sealed report made to the court is believed to contain a simple statement of the work performed by the jury.

Crawford Wynn Killed His Father-in- Law in Henry County Last Thursday

Paris, Tenn., Nov. 5.—T. Y. Robins, aged 40, substantial 23rd District farmer and well known in every section of Henry and Benton counties, was shot and instantly killed by his son-in-law, Crawford Wynn, about 6 o'clock last Thursday morning. Wynn is under arrest.

Details of the shooting are meagre, but from what can be learned it seems that the trouble had been brewing for the past two or three years, and that it is the outcome of a family feud.

From what could be learned it seems that Robins had been indicted in the circuit court at Paris by Wynn, and that Robins had made threats on Wynn's life for so doing. Robins was placed under bond to keep the peace, but it is said that he made the statement that he would

shoot Wynn on sight, and that he had armed himself for the meeting. It is understood that Robins had been out of the county for several weeks and had only returned the night before the tragedy.

The killing occurred within a quarter of a mile of Robins' home in the public road. It is supposed that the two men met and with few words the shooting started.

Robins was shot three times, a double-barrel shotgun being used by Wynn.

Elder E. B. Motley, the new pastor of the First Christian church, will fill the pulpit here next Sunday morning and evening. Every member of the congregation is urged to attend both services, and visitors are always welcome.

District Educational Association to Meet at Mayfield on December 1-2

Mayfield, Ky., Nov. 6.—On December 1 and 2 Mayfield will be host for the First District Educational Association of Kentucky. This will be the largest convention coming to Mayfield this year, as over 700 teachers from Western Kentucky and many distinguished visitors from other sections of the country will be in attendance.

The meetings are to be held in the auditorium of the First Christian church, where a program of unusual merit will be given. Among the speakers are Dr. Herbert L. Willett, of the University of Chicago; Dr. Chas. McMurray, of George Peabody College, Nashville; Dr. Jonathan Rigdon, of Winona Lake, Ind.; Dr. W. A. Ganfield, president of Center College, Danville; Dr. Noe, of the State University,

and Dr. Kinnaman, of the State Normal.

The music for the entire session will be under the direction of Mrs. Chas. T. Canon. This feature alone should make the occasion notable. A reception, which promises to be one of the handsome social functions of the season, will be given the visitors and people of Mayfield by the Woman's Club.

A number of organizations, among them the commercial club, have pledged cordial support. Every effort will be made to give entertainment befitting Mayfield hospitality. As the hotel accommodations are inadequate, it is hoped that at least 500 private homes will be opened to the visitors. A committee from the public school teachers' association will call on the school patrons and make this request personally.

PRISONERS TAKEN BY THE ITALIANS

AUSTRIANS LOSE LARGE QUANTITIES OF AMMUNITION, GUNS AND MANY MEN.

FRENCH AND BRITISH GAIN

Perceptible Advances Made Against Central Powers By Allies in War Zones All Along the Fighting Fronts.

Rome (via London).—In the zone from Gorizia to the Adriatic sea the Italians have captured additional points of vantage from the Austrians and taken 3,948 more prisoners and guns, machine guns and quantities of arms and ammunition, according to the official communication.

The communication says: "From Gorizia to the sea fighting, which resulted in further successes along the northern brow of the Carnio Plateau, continued yesterday. Here the troops of the Eleventh Army Corps, who repulsed the violent counterattacks during the night, took strong defenses on difficult ground east of Valtellina and Mount Peckina. "After taking several trenches and clearing the enemy out of woods and caves, the fourth and forty-fifth divisions, in spite of an intense artillery fire and counterattacks, held the line running from Mount Fante over the heights of Point 319 to Point 229 on the Oppachella-Castagnavizza road, 7000 meters west of the latter."

BERLIN ADMITS REVERSES.

Portions of Salliy-Sallisel Recaptured By French.

Berlin (via Sayville).—Portions of Salliy-Sallisel, on the Somme front, which were taken by the Germans, were again lost to the French, admits the war office.

Attempts of the allies to advance east of Guendecourt and against the northern part of St. Pierre-Vaast wood resulted in failure.

The statement reads: "The fighting activity was generally within moderate limits. Isolated sections in the Somme district were under strong artillery fire.

"Houses in Salliy that had been taken by us were later lost in hand-to-hand fighting."

GERMAN TRENCHES TAKEN.

British War Office Claims Success On the Somme Front.

London.—British troops captured a German trench east of Guendecourt on the Somme front and raided German trenches near Arras, says the British war office announcement.

The statement reads as follows: "By a surprise attack we captured an enemy trench east of Guendecourt and secured our position during the night. We carried out a successful raid against enemy trenches near Arras."

DEUTSCHLAND HERE AGAIN

German Submarine Makes Another Trip To United States—Arrives at New London.

New London, Conn.—The German submarine Deutschland arrived in the harbor here Wednesday morning.

Capt. Koenig said the Deutschland left Bremen on Oct. 10, and made the trip here without special incident. The crew comprises 25 men. The Deutschland appeared in the outer harbor shortly after midnight and proceeded to the dock of the Eastern Forwarding Company.

The Deutschland is said to have a large cargo.

ANTHONY JANNUS MEETS DEATH.

Noted American Aviator in Russian Service—Killed.

Baltimore.—Anthony Jannus of Baltimore, an American aviator, was killed in the Russian aero service Oct. 12 last, according to a dispatch received here. No details were given.

Lived in St. Louis.

St. Louis.—Anthony Jannus, the American aviator reported killed in Russia, made St. Louis his headquarters in 1912-1913. In 1912 he made a flight in a hydroaeroplane from Omaha to New Orleans along the Missouri and Mississippi rivers.

Friends here said he was in Russia as representative of an American aeroplane factory, supervising the delivery of aircraft along the eastern war front.

TEUTONS ARE REPULSED.

They Lose in Rumania and Cannot Win in Balkans.

London.—The Austro-German forces have retired from the region of Campulung, in Northern Rumania, pursued by the Rumanians, who have passed over the frontier in the movement, according to a dispatch from Bucharest, says a wireless message from Rome. Four hostile battalions were annihilated by the Rumanians, according to this report.

PASSENGER TRAIN LOOTED

Passenger Train Looted and Carranza Military Guard Shot—Clothing of Women Passengers Taken

El Paso, Texas.—A message received by Americans here from Chihuahua City report that Carranza troops, Gen. George Bell, Jr., commander of the El Paso district, states that he has received no information of the capture of Carranza. This town was given as Villa's objective when the bandit moved south from Santa Ysabel.

At the general offices of the Alvarado Mining and Milling Company here it was stated that no information had been received in reference to the report that Carranza troops had captured the town. The Alvarado company officials are making efforts to obtain information from their representatives there by way of Chihuahua City and also by way of Eagle Pass, Texas, Torreon and Jimenez.

Gen. Gonzales, commander of the Carranza forces of the north, states that he has received no information from Chihuahua City regarding the reported capture, but admitted that such information might have reached the border in private messages.

Chihuahua City, Mexico.—(Via El Paso Junction).—After shooting the 29 Carranza military guards of the south-bound passenger train, which left Juarez Monday, Villa bandits looted the train, robbed the passengers and even took the clothing from the women passengers.

Dr. Haffner, a German passenger, who was mistaken for an American, was struck over the head with a gun. The bandits, who were in command of Murga brothers and Silvestre Quevedo, then abandoned the train, carrying the loot away in mule-drawn wagons.

MOTHER OF FAIRBANKS DIES

Republican Vice-Presidential Candidate Immediately Suspends Campaign.

Indianapolis.—Mrs. Mary Fairbanks, aged 87, mother of Charles W. Fairbanks, died suddenly here Tuesday night. Mr. Fairbanks, who was campaigning in Illinois, hurried to his mother's bedside, but did not arrive until after she had passed away.

Mrs. Fairbanks had a home at San Diego, Cal., but divided her time with her son here. She is survived by four sons and a daughter, Charles W. Fairbanks of this city, W. D. Fairbanks and Luther M. Fairbanks of Louisville, Newton Fairbanks and Mrs. M. L. Milligan of Springfield, O.

MANY MERCHANT SHIPS SUNK.

Nearly 2,000 Sent Down During 27 Months of War.

New York.—One thousand eight hundred and twenty merchant ships, with an aggregate gross tonnage of approximately 3,328,584, have been sunk by belligerent nations during 27 months of war ending Nov. 1, according to figures compiled from cable dispatches and mail advices.

The losses during October were larger than for any one of the preceding five months, according to the statistics, amounting to 127 vessels of a total of 227,116 tons gross. The October rate of destruction was considerably in excess of the monthly average throughout the war period and British shipping sustained losses nearly equal to those of August and September combined. Norway lost the largest number of ships, 56, according to the statistics. But their gross tonnage was only 57,333, as compared with Great Britain's total loss of 115,546 gross tonnage of 38 vessels destroyed.

UNSECURED RUSSIAN LOAN.

Negotiations With U. S. Bankers for \$50,000,000 Concluded.

New York.—A syndicate of bankers has concluded negotiations for an unsecured loan of \$50,000,000 to the Russian government. This is the first unsecured loan to be placed in the United States by the Russian government. Proceeds from the loan are expected to be expended in the United States for supplies to the Russian government.

River Pilots Suspended.

Memphis, Tenn.—Suspension of their licenses for the period of 30 days each, was the portion meted out to Harry Fitzgerald, pilot of the Idlewild, and Capt. Isadore Johnson, pilot of the Grand, by Capt. C. T. Greenwood and J. B. Wyckoff, the federal board of steamboat inspectors, as the result of the inquiry into the collision between the two boats about three weeks ago several miles below Memphis.

It was the decision of the inspectors that both men were to blame for the accident, and accordingly it was shared and share alike for them, though each maintained the other was at fault.

ROMANIANS RETIRE.

Petrograd Admits Two Villages Occupied by the Teutons.

Petrograd.—Austro-German forces have occupied the Rumanian villages of Racovitz and Tietchi, about 11 miles south of Rother thum Pass, on the Transylvania frontier, according to Russian official statement, the Rumanians "retiring, a little to the south."

In Dobruja, on the whole of the front, our scouts are making bold reconnaissances.

ANOTHER BAD PEST DUE FROM MEXICO

DEPARTMENT OF AGRICULTURE DISCOVERS COTTON PEST ON MEXICAN BORDER.

PINK BOLL WORM IS COMING

Strenuous Efforts Being Made To Prevent Pink Boll Weevil From Invading United States—Great Menace Known.

Washington.—The pink boll worm, most destructive cotton pest known, has appeared for the first time in North America. The department of agriculture announces that worms have been discovered in Northern Mexico, where their presence, the department says in an official announcement, "constitutes one of the greatest menaces which has come to the American industry in its history."

Importation from Mexico of cotton seed, cottonseed hulls and seed cotton is prohibited. Officials of the department were unable to explain how the pink boll worm happened to be imported to North America. It is presumed, however, that the pest came in seed imported to Mexico from abroad.

Discovery of the worm was announced in the following statement:

"The pink boll worm, the most destructive of known pests of cotton, has been discovered in the Laguna district, Coahuila, Mexico, within 200 miles of the Texas border.

"Amendments to quarantine orders and regulations, effective immediately, have been promulgated by the secretary of agriculture, prohibiting the importation into the United States of cotton seed, cottonseed hulls and seed cotton from the territory in Mexico from which such shipments heretofore have been permitted, and requiring that Mexican lint cotton destined for the United States be imported through certain northern ports remote from American cotton fields.

"The pink boll worm has not been known to exist on the North American continent heretofore. The pest is prevalent in practically all other cotton producing regions of the world, and in all sections where it has been established has caused widespread destruction. Its establishment in Northern Mexico constitutes one of the greatest menaces which has come to the American cotton growing industry in its history.

"Every possible precaution will be taken to prevent the worms from getting across the border. All cotton interests are warned of the danger which threatens the industry and are urged to give the utmost assistance to the federal authorities in preventing any movement in violation of these amendments of cotton seed, cottonseed hulls, seed cotton or cotton lint from Mexico into the United States."

MINE DISASTER TAKES TOLL

Thirty Miners Lose Lives in Bessie Mine Disaster—Rescue Parties Recover Bodies.

Birmingham, Ala.—Thirty miners perished in the Bessie Mine disaster Saturday. Rescuers were checked by the prevalence of black damp in the four most remote entries, and several miners killed by the deadly gas are still entombed in the mine.

The revised list of the victims of the disaster shows that eight white men and 22 negro miners lost their lives.

The cause of the explosion has not been determined, but it is presumably due to accumulation of gas.

Advance rescue crews gave up the hope that more miners than eight, who miraculously escaped death, would be saved early Sunday morning, when a considerable quantity of damp was found in the four most remote entries.

AUTO DIVED OFF BRIDGE.

Three Young Ladies of Senatobia Are Badly Shaken Up.

Senatobia, Miss.—Miss Laura Kizer, Miss Shirley Scott and Miss Lillie Scott were painfully hurt when Miss Kizer lost control of the automobile she was driving, and dived off the bridge across Town Branch in front of McCormick's depository.

The car turned upside down and pinned the young ladies in the bottom of the ditch. Miss Kizer was painfully bruised, but it is not thought that she was dangerously hurt. The other young ladies were not seriously injured.

Increase Demurrage Charge.

Memphis, Tenn.—Increases in demurrage charges from the present rate of \$1 a car a day to \$2 for the first day after the expiration of the forty-eight hours allowed for unloading without demurrage penalties, \$3 for the second day, \$4 for the third day and \$5 for the fourth and each succeeding day the car is detained, are provided in a tariff issued by the General Managers' Association, copies of which have been received here. The new scale becomes effective Dec. 1, and is intended to apply to all the railroads in the U. S.

CIVIL WAR STARTS IN GREECE

King Constantine Forces Withdraw to Larissa For Re-enforcements. King's Army Reduced.

London.—Civil war has broken out in Greece. The conflict between Venizelos and King Constantine, brewing ever since Bulgaria joined the Teutonic allies, has become an armed struggle.

The forces of the two factions have already clashed. An insurgent contingent of 600 troops moving along the coast skirting the Gulf of Macedonia and armed with machine guns, forced a royalist garrison of 150 to evacuate Katerina. The loyal troops withdrew toward Larissa to receive re-enforcements. Many Greek troops are still stationed at Larissa, 40 miles southeast of Katerina, and situated on the railroad running to Athens, and when these move northward the first pitched battle between the Greek factions is expected to ensue.

SHORTAGE OF COAL IS A MYTH

Advances in Prices of Coal Not Justified, Says President of Big Coal Company.

New York.—Advanced prices for coal asked by dealers in New York and vicinity are not justified by the actual condition of the coal market, according to William H. Truesdale, president of the Delaware, Lackawanna & Western Railway, who terms the present situation as "panic."

Mr. Truesdale denied reports alleging shortage of coal for the New York market and further asserted that anthracite has not been advanced by producers during the past year beyond the average increase of 25 cents a ton placed, he said, to cover increased cost of production growing out of higher wages, the labor compensation act, etc.

Supporting his assertion that shipments of coal from the mines have not decreased, Mr. Truesdale said that his records indicate that for nine months of this year ending with September, the shipments were approximately 2,000,000 tons more than they were for the same period of the previous year.

LYNCHERS GO FREE.

Witnesses Before Paducah Grand Jury Deny Knowing Perpetrators.

Paducah, Ky.—Without returning any indictments, the special grand jury which had been investigating the lynching, shooting and burning of two negroes, Brock Kinley and Luther Durrett, on Oct. 16, made a sealed report to Circuit Judge William M. Reed and was discharged.

What the report contained was not made public, but a member of the grand jury stated that nobody was indicted because none of the witnesses admitted knowing any of the members of the mob. Between 100 and 150 witnesses were examined and every one swore he did not know any of the mob. As one of the jurymen remarked, it was singular that out of such a large number of witnesses not one knew at least one of the lynchers. The investigation began last Friday. The sealed report made to the court is believed to contain a simple statement of the work performed by the jury.

SAW GERMAN SUBMARINE.

Captain of Norwegian Ship Sighted Vessel Off Cape Henry.

Baltimore.—Capt. H. Hirsch of the Norwegian freighter Osterdal, which arrived here from Cardiff, Wales, reports having sighted a large submarine which he believed to be a German of the U-53 type about 400 miles east of Cape Henry.

Capt. Hirsch said he first saw the submarine about 11 o'clock at night and that it was not more than 600 feet away. It circled the Osterdal, he said but did not give any signal.

Repudiates Confession.

Shafter, Texas.—After voluntarily confessing that he pushed his fiancée, Miss Frances Bloom, a Chicago telephone operator, into a Chicago park lake on July 4, 1914, drowning her, George Arndt, a private in Company H, Fourth Texas Infantry, a military prisoner here, repudiates his confession and declared his innocence.

Passport Refused.

Washington.—The application of Theodore Marburg, Jr., son of the former minister to Belgium, for a passport to return to England to rejoin the British aviation corps has been refused by the bureau of citizenship and referred to higher officials of the state department.

Italians Buy Steamers.

San Francisco.—The steamer California, 7,577 tons, is the property of the Marquis Lucilio Riccaboni of Rome, representing Italian interests, having been purchased, it is announced, for \$1,350,000, cash from a local shipping firm.

The vessel is to be changed to Italian registry with the same name. It is said, and is to be of a fleet to be operated in two cargo lines, one between Genoa and New York, the other between Genoa and San Francisco.

Colds Coughs Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

PERUNA CONQUERS

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days. Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system. The experience of thousands is a safe guide to what it may be expected to do for you.

Liquid or tablets—both tested by the public and approved.

Easy to Understand.

Daughter.—Mamma, what is a stepmother?

Mother.—Suppose I died and your father married another woman that woman would be your stepmother.

The child paused for a moment, and then exclaimed:

"Oh, I see, mamma! You step out and she steps in!"

Umbrella Feet.

Several negro waiters were standing at a railroad station in a southern town discussing the merits of one of their fellow craftsmen.

"Dat nigger Henry sure an' a hustler, but when he moves his feet dey look laik pancakes," said one.

"Pancakes!" shouted another. "W'y, man, w'en dat nigger gits good an' goin' dem feet o' his'n resemble no pancakes—dey's jes laik embrallier, all spread out."

Sure Proof.

"How did you know the play would be a howling success?"

"Because we tried it on the dog."

More men are willing to lend an ear than a hand.

Hawaii is making bricks of lava.

A Growing Custom!

The custom of placing Grape-Nuts on the table at all meals is growing in American homes.

Both children and grown-ups help themselves to this delicious food as often as they like. It contains the entire nutriment of wheat and barley, digests quickly, and is wonderfully energizing.

Every table should have its daily ration of

Grape-Nuts

"There's a Reason"

THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, NOVEMBER 9, 1917

Yes, This is Woodrow.

Certain brands of whisky and gasoline, when mixed, make a rather dangerous compound. The attempt to blend the two liquids has been made times without number but with the never failing disastrous result.—Uniontown Telegram.

What'n thunder do you mean? Dangerous to use internally or in a flivver? We know of several brands that would be wonderfully improved if mixed with gasoline or aqua fortis either.

The Best of the Bargain.

You get a bargain when you get the Youth's Companion for 1917 for \$2.00—52 issues crowded from cover to cover with the reading you most enjoy. But you get the best of the bargain if you subscribe the minute you read this, for then you will get free every number of The Companion issued between the time you subscribe and New Year's. If you send your \$2.00 at once that means a lot of reading for which you won't have to pay a cent. And then the long, glorious 52 weeks of Companion reading to come after! Let us send you the forecast for 1917, which tells all about what is in store for Companion readers in 1917.

By special arrangement new subscribers for the Youth's Companion can have also McCall's Magazine for 1917—both publications for \$2.10.

Our two-at-one-price offer includes:

1. The Youth's Companion—52 issues of 1917.
 2. All the remaining issues of 1916.
 3. The Companion Home Calendar for 1917.
 4. McCall's Magazine—12 fashion numbers of 1917.
 5. One 15-cent McCall dress pattern—your choice from your first number of the magazine.
- If you send a 2-cent stamp with your selection.—The Youth's Companion, St. Paul St., Boston, Mass. New subscriptions received at this office.

FEWER PEOPLE GROWING OLDER

The Public Health Service reports that more people live to the age of forty years to-day, but from forty to sixty years mortality is increasing from degenerative diseases.

Thousands of well-informed men and women to-day are learning the true value of

SCOTT'S EMULSION

OF NORWEGIAN COD LIVER OIL

as a powerful blood-enricher and strength-builder to ward off the headaches and backaches that mean weakness. SCOTT'S helps fortify the body against grippe, pneumonia and weakening colds, through its force of medicinal nourishment.

Refuse Alcoholic Extracts That Do Not Contain Cod Liver Oil.

Scott & Bowne, Bloomfield, N. J.

HEREFORD SALE ON NOVEMBER 25

Paducah, Ky., Nov. 6.—Plans are practically complete for the biggest sale of cattle and swine ever held in Western Kentucky, on Saturday, November 25. F. D. Hengst, of Louisville, who is to have charge of the sale, arrived here last night. He will return to Louisville tonight and will return to Paducah after a series of sales in Ohio and Indiana.

The sale will be held under the auspices of the West Kentucky Hereford Breeders' Association and in addition to 50 head of Herefords there will be offered for sale about 40 head of Duroc and Poland China hogs. The sale of swine will be held in the morning, while the cattle will be knocked down to the highest bidder in the afternoon. The sale will be held at the Broadway Loose Leaf Warehouse at Tenth and Broadway. The Hereford headquarters will be at the Palmer House.

The auctioneers engaged for the sales are Col. Fred Reppert, of Decatur, Ind., and H. L. Iggleheart, of Elizabethtown, Ky. The Hereford cattle will be made up of the best blood lines of the breed, such as Anxiety IV, Britisher and Britisher, Jr., Beau Donald, Prime Lad IX, Rupert VII, Dale, Columbus, etc. All west Kentucky farmers are expected to attend the sale in addition to those from other points in this and other states. Catalogs may be obtained from Mr. Hengst, 915 Cherokee road, Louisville, or Ben T. Frank, of Paducah, secretary of the Hereford Breeders' Association.

Kirksey.

The democratic band wagon and automobiles passed through our little village Friday morning with their banners and flags flying in the breeze and cheering for Wilson. They were joined later by the teachers and school of this place in a hearty song, "Dixie," followed by the band. The speech by Alben W. Barkley was given close attention by his hearers. They went from this place to Stella.

John and Hallet Dunn are each preparing to build new residences.

Rev. Nall preached his farewell sermon at Kirksey last Sunday at 11:00 a.m.

Eunice Boyd is able to be up again after three weeks' illness.

Abe Rogers, of the Penny section, is building a fine stock barn.

John Marine has sold his place and will move to Rev. L. R. Riley's place near Kirksey.

Montie McCuiston and Alex Wilson, of near Backsburg exchanged places last Friday and

will move the first of next month.

Lexie Beach happened to a serious accident last week by getting his hand smashed while working at a saw mill.

Raleigh Wilson is preparing to build a nice house.

Road working is moving along nicely in this section, some graveling being done.

Alben Lee Boyd, little son of B. Mc and Onnie E. Boyd, died the 7th of October after five days' illness of flux. His remains were laid to rest in the Mt. Carmel graveyard after memorial services by Rev. Monroe Edwards.

Autry Ross and family, of Hico, visited relatives and friends in this section Sunday.

Charlie Pierce sold his place to Artie Beach, the consideration being \$1500. Charlie then bought out his father, William Pierce, who will move to Montgomery county, Tenn., near Clarksville, in the near future.

Neighbors and friends are having quite interesting cottage prayer meeting in this section every Friday night. Everybody is invited.—T. B.

MIXTURE FOR PASTURE

Variety of Seeds for Securing Hay Crop of Good Quality.

Plan Outlined for Permanent Sod That, If Properly Cared For, Will Improve With Age—Much Affords Protection.

Instead of seeding timothy alone, the following mixture is suggested, per acre: Timothy, ten pounds; red clover, eight pounds; alsike, two pounds; orchard grass, four pounds; Italian ryegrass, five pounds; English ryegrass, four pounds; fescue, four pounds. Such a mixture will give a heavier hay crop and hay of better quality than timothy alone, and when left as pasture will afford a much greater quantity of forage throughout the growing season besides being earlier. Kentucky bluegrass will usually come into the pasture of its own accord but can be hastened by seeding about five pounds with the mixture mentioned above. If the grasses mentioned above are not available, then a mixture of twelve pounds of timothy, eight pounds of common red clover, four pounds of mammoth clover and four pounds of alsike may be seeded.

The grasses should be seeded in the fall with the winter grain and the clovers in the early spring when the frost goes out, or both may be seeded together with the spring grain. If a grazed attachment to the grain drill is not available, the seed may be mixed in the proper proportions with the grain in the grain box and allowed to run down the grain tube with the grain.

The timothy and clover will be available for hay the first year after the grain is cut. By the third year a good permanent sod will be secured that, if properly cared for, will improve with age. Such pastures will not produce much feed during periods of intensive drought, but if they have been properly cared for will begin to grow again as soon as rains come. To avoid as much as possible the injury from drought it is essential that pastures be not grazed too closely. There should be a good green cover or "grass mulch" in order to protect the roots from the hot sun. Such a pasture will remain green longer during dry weather and will begin to grow as soon as the drought is broken, thus shortening the period of bare pastures.

GOOD SEED CORN IS DEFINED

Should Be Well Adapted to Seasonal and Soil Conditions—Make Selection From Stalks.

Many consider seed corn good simply because it will grow. To be first class it must be—

Well adapted to your seasonal and soil conditions.

Grown on productive plants of a productive variety.

Well matured and be preserved from ripening time to planting time in a way to retain its full vigor.

Varieties that produce most in some states are the poorest in others.

Seed ears taken from high-yielding rows have repeatedly produced more corn than ears taken from poor-yielding rows.

Well-preserved seed corn will give a 15 per cent higher yield than poorly kept seed, on poor soil, and 37 per cent higher on fertile soil.

Much the best way to select seed corn is from stalks standing where they grow, as soon as ripe and before the first freeze.

Poultis Dislike Handling. Poultis will not bear handling at all. Like chickens, they must be where they can have liberty as much as possible, in a position to get down off roost early and out long before you are up and out.

We are sole agents for the McHenry-Millhouse Manufacturing Company's

Never-Leak Asphalt Roofing

One, two and three ply. Guaranteed for five, eight and twelve years. Cheaper than metal or shingles. Cheap rate of insurance.

LET US SHOW YOU

Hughes & Irvan Lumber Co.

GO NO FARTHER

The Evidence is at Your Door.

Murray proof is what you want and the statement of this highly respected resident will banish all doubt:

J. T. Wells, clothing dealer, Murray, Ky., says: "I have used Doan's Kidney Pills when I have had kidney trouble and they have always done me good. Another of my family also took them. Although the patient's condition was much worse than mine, Doan's Kidney Pills, procured at Dale, Stubblefield & Co.'s drug store, did more good than anything else ever tried."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wells had. Foster-Milburn Co., Props., Buffalo, N. Y.

Notice.

To whom it may concern:

Notice is hereby given that I will on the next county court day of the Calloway County Court petition the said court to establish a public road in Calloway county, described as follows:

Beginning at a point on J. C. Dunn's land on the providence and New Concord road, thence north about 80 rods on the line between the lands of B. F. Lax, J. T. Grogan, T. R. Grogan and J. C. Dunn, thence east about 30 rods on the line between the lands of T. R. Grogan and John Miller, thence north about 80 rods on the line between the lands of T. R. Grogan, E. J. Cook, Bob Grogan and John Miller, thence in a southwesterly direction about 80 rods over the land of Bob Grogan to the New Concord and Boydsville road at a point where Bob Grogan's mail box is now situated. Said road is to be approximately one mile long and thirty feet wide. Same to be taken equally; namely, fifteen feet off of each party's land when same is running on the line between the lands of the parties herein—J. D. Grogan

Settlement Notice.

All person holding claims against the estate of Mrs. Sarah A. Wells, deceased, are hereby notified to present same to me, properly proven, on or before December 1, 1916, or be forever barred from collecting same. All persons knowing themselves indebted to said estate are notified to come forward on or before said date and make settlement or be proceeded against as the law directs.—F. A. Miller. 1123

Milk in Winter.

Why do your cows give less milk in winter than they do in summer? Just because nature does not supply them grasses and green food. But we have come to the assistance of Dame Nature with B. A. Thomas' Stock Remedy which contains the very ingredients that the green feed supplies in season, only, of course, in a more highly concentrated form. We guarantee that this remedy will make your cows give more milk, and better milk, with the same feed.—Sexton Bros.

FARM LOANS

Ballard, Carlisle, Hickman, Fulton, McCracken, Graves, Marshall and Calloway.

I am prepared to make loans on improved farm lands at a low rate of interest in either of the counties mentioned above in the sums of \$3,000.00 or more on five, ten, fifteen or twenty years' time. About half the value will be loaned on desirable property. All or any part of a loan may be paid on any interest paying day, interest being stopped on partial payments made. If you are in need of a farm loan call to see me, or write me a letter and I will call to see you.

Come in and let us show you how much we can save you. Get our free help and plans. It costs nothing to obtain the benefit of our service—the service that really serves.

E. L. Jones Lumber Co.

ALMO, KY.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

ROYAL BAKING POWDER CO.
New York

LOCAL and PERSONAL

A fine casket can be bought at the Murray Furniture & Undertaking Co. for little money. See them.

Robt. Rowland and family and Lem Rowland were down in the Arlington, Ky., section the past week visiting relatives.

Rev. Wells Lassiter, of Dyer, Tenn., was in the city the past week the guest of his parents, R. R. Lassiter and wife.

Miss Bettie Thornton returned home this week from Denver and Boulder, Col., where she spent the past several months.

Mrs. Jas. Lippencott left Monday for Topeka, Kas., where she was called on account of the serious illness of her husband.

Mrs. Jim Ligon, M. M. Scott and H. M. Workman left Thursday morning for Wewakee, Ok. Mrs. Ligon goes to join her husband who has been located there for some time. Scott and Workman will look over the country and expect to be absent for some time.

On Sunday afternoon at 2:30 o'clock at the home of Esq. Jas. Atkins, near Lebanon church, Miss Eva Wilson and Coil Dunn were united in marriage, Esq. Atkins officiating. They were accompanied by Miss Iva Dunn, the groom's sister, and Elisha Thompson.—Hazel News.

Mr. and Mrs. J. K. P. Wells celebrated their golden wedding anniversary at their home just south of the city limits Wednesday of this week. A magnificent dinner was served to a large gathering of children, grandchildren and other relatives. This splendid couple were married at the home of her father, P. D. Thornton, who then lived a few miles southeast of Murray, fifty years ago, and have since resided in this county. Friends extend happiest congratulations and wishes for them many more years of peace and joy together.

Remarks by the County Superintendent.

Everybody is cordially invited and will be warmly welcomed by the people of this community.—Committee.

A quiet wedding was consummated at the residence of Rev. Mack Pool Sunday afternoon at 6 o'clock between Mr. J. W. Robertson and Miss Lela Ezell. After the ceremony they returned to the home of the groom where an elegant supper was served. Miss Ethel Ward, cousin of the groom, acted as hostess. The bride was attired in a green coat suit trimmed in fur, while the groom wore a neat suit of blue serge. The bride is an estimable young lady, the daughter of John Ezell, and the groom is an upright citizen of our town, coming here about two years ago from Nashville, Tenn., and is connected with the firm of E. S. Diuguid & Son. We wish for them much happiness.

The Mayfield fair grounds and buildings were sold to the highest bidder Saturday and they will be torn down this week and there will probably not be another fair unless a new grandstand, stables, floral halls, etc., are built. The lease has expired and the owners of the land will manage it in the future.

Those high grade Sepia portraits like you see at Myers' Studio are just what you want for Christmas presents. Have them made early.

Elder T. B. Thompson, of the Water Street Church of Christ, will preach at Goshen school house Sunday, November 12, at 3:00 p. m.

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like It For Corns and Calluses.

Wear Shoes That Fit. Use "Gets-It" Tonight.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

REXALL STRAW VOTE PROVES TO BE CORRECT

Dale & Stubblefield Names Wilson Before the Election

8,000 Druggists Polled
951,396 Votes

Returns Covered All States—Local Vote a Big Factor

President Wilson's victory at the polls Tuesday is a striking verification of the prediction made by this newspaper long before election day.

Three weeks ago the 8,000 members of the Rexall Druggists' Association of which Dale & Stubblefield are a member began to take a straw vote of their customers. The members of the association being scattered all over the United States, were able to reach 951,396 voters drawn from all walks of life. It was the biggest straw vote ever taken and was made possible only by the national character of the organization.

Realizing this fact the Ledger made arrangements with Dale & Stubblefield, a member of the Rexall Druggists' Association in Murray, to publish returns from the straw vote.

The druggists throughout the country mailed or telegraphed the results of the votes cast by their customers to the national headquarters of their organization in Boston. There the votes were tabulated and the results from the balloting from all the states were announced by daily bulletins mailed from Boston and which were posted in the 8,000 Rexall stores and published simultaneously in the leading newspapers of the country.

The first straw vote bulletin, sent out October 26th, showed Wilson in the lead. The second bulletin, issued October 27th, showed Hughes in the lead by one electoral vote. From that date each and every bulletin recorded steady gains for Wilson, both in the popular and in the electoral vote.

The final straw vote, dated November 6th, gave Wilson 554,500 popular votes against 396,896 for Hughes. On electoral vote Wilson received 299 and Hughes 232 of the 266 necessary to elect.

The nation-wide straw vote derived its value from its strictly non-partisan character. The Rexall druggist, without regard to personal preferences, furnished to the national headquarters of their association, the United Drug Company, accurate figures for each day's balloting in their stores. At the headquarters in Boston the ballots were tabulated without fear or favor, the sole object being to call the turn in politics before the election.

Negro Killed by Train.

Another Murray negro has gone to kingdom-come. Quetty Boatwright, or the larger part of his fragments, were found on the N. C. & St. L. railway track near Almo last Sunday afternoon. He left here on the noon train and had been drinking. The supposition is that he got off or fell off the train and laid down on the track to sleep away his extra tankage and the passing train did the rest.

Light Bond Issue Carried.

An interest that almost overshadowed the national election was the proposition of the city issuing bonds in the sum of \$20,000 for the purpose of installing a light plant. Supporters of the bond issue worked valiantly throughout the day and as a result of their efforts a safe majority was given. The total vote was 376 to 119.

Mrs. Garland Russell, of Bowling Green, Ky., has been in the city for the past week the guest of her mother, Mrs. S. J. Ferguson.

This Month Ushers in the Fall Styles in Men's Clothing

This Store is a Real Service Organization for Men and Boys Who Want Good Clothes

You don't make your own clothes—you make the money for them. Somebody must serve you in the matter. Who?

Service means more than selling something politely and delivering it promptly. It means looking out for your interests when WE buy; long before YOU buy. It means having ready the kind of clothes you ought to have—the quality, the style, the workmanship that will represent full value for your money. And that means, from our experience,

Hart, Schaffner & Mark, and Frat Clothing for Men and Perfection Clothes for Boys.

You can be sure of value in these clothes; you can be sure of satisfaction—we guarantee it as a part of the service.

When it Comes to Shoes

we are awfully strong. The market is still advancing but we are yet selling shoes at old prices. The sooner you buy the more money you will save. We have a full line of Hats, Underwear and all kinds of Men's Furnishings.

GRAHAM, MILLER & OWEN

Money in Eggs.

Eggs are not bankable but the money from their sale is. This money is yours for the effort. How do you treat the hen that lays the Golden Eggs? B. A. Thomas' Poultry Remedy will keep the poultry in good condition and increase the yield in eggs. We guarantee this and refund your money if not satisfied.—Sexton Bros.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood-Bitters as a cleansing blood tonic, is well recommended. \$1.00 at all stores.

See the Murray Furniture & Undertaking Co. for coffin caskets or robes.

Itching piles provoke profanity but profanity won't remove them. Doan's Ointment is recommended for itching, bleeding or protruding piles. 50c at any drug store.

\$100 Reward. \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

F. J. CHENEY & CO., Toledo, O. Sold by all druggists. 75c.

Take Hall's Family Pills for constipation. For Sale.—Thirty (30) Duroc pigs, about 2 1/2 months old at \$2 and \$2.50 each, also some sows and pigs. Call at Vancleave, Kentucky. 10194

When You Feel Bad

Stomach and Bowels out of order, appetite poor and general disinclination for work,

HERBINE

Is the Remedy You Need

It creates energy by cleansing the system of bilious impurities and restoring activity in the torpid liver. Take a dose when you go to bed. You will feel bright and vigorous next morning. It's a fine purifying and regulating medicine. Price 50 cents.

JAS. F. BALLARD, Proprietor. ST. LOUIS, MO.

SOLD BY H. P. WEAR

MIDLAND TRAIL IS GIVEN BOOST

AT MEETING HELD IN ASHLAND WHERE MANY DELEGATES GATHERED.

FROM LOUISVILLE INTO VA.

Enthusiastic Addresses By Commercial Heads—New Branch Society Is Formed.

Western Newspaper Union News Service. Ashland, Ky.—At a meeting held here in the interest of the Midland Trail, which will extend from Louisville to the mouth of the Big Sandy and into Virginia, addresses were made by George B. Kendrick, president of the Louisville Automobile Club; H. L. Burch, secretary of the Lexington Board of Commerce; C. F. Dunn, secretary of the Frankfort Chamber of Commerce; Eugene Stewart, secretary of the Louisville Auto Club; W. C. Matthews, secretary of the Huntington Board of Trade; H. R. Dissard, secretary of the Ashland Board of Trade, and Colonel C. F. Weaver, Ashland. Delegates were present from Louisville, Frankfort, Lexington, Mt. Sterling, Huntington and Ashland. Following the meeting a Boyd county branch of the society was organized, with Col. C. F. Weaver, president; M. E. Martin, secretary, and Thos. Boggess, treasurer.

JUDGE TO ADJUST DIFFERENCES.

Louisville, Ky.—Judge William L. Chambers, of the Federal Board of Mediation and Conciliation, is in Louisville to give his aid in adjusting threatened differences between the Louisville & Nashville Railroad Co. and its strikers. Officials of the road declared they had no official statement of the coming of Judge Chambers, and denied that trouble between the company and its employees existed. It is believed the trouble, if any, is the outcome of the threatened nationwide strike of September 4, at which time it was charged the L. & N. was discharging men who voted in favor of a strike.

LEXINGTON PASTOR INSTALLED.

Lexington, Ky.—The Rev. Benjamin Jay Bush was installed as pastor of the Second Presbyterian church with appropriate ceremonies. A number of prominent clergymen, including the Rev. M. V. P. Yeaman, moderator of the presbytery; the Very Rev. Robert K. Massie, dean of Christ Church Cathedral; Dr. Henry Decker, of the Louisville Theological Seminary; the Rev. J. C. Polgrin, pastor of the Presbyterian Church, Frankfort, and Dr. John M. Vander Meulen, Second Presbyterian Church, Louisville, took part.

BECOMES MISSIONARY IN CHINA.

Maysville, Ky.—The Rev. H. Kerr Taylor, who came to the pastorate of the Central Presbyterian church here last May, surprised his congregation by handing in his resignation to take effect in December. A wealthy man of Norfolk, Va., some time ago offered to pay the expenses of a missionary in China could one be found who would be willing to go, and the Foreign Mission Board of the Southern Presbyterian Church at Nashville, Tenn., offered it to Mr. Taylor, who finally accepted it.

GIANT ENLISTS AT PADUCAH.

Paducah, Ky.—Victor Tucker, of Chautau, Ill., 18 years old, is the tallest recruit ever accepted for the United States army by Sergt. C. A. Blake, who is in charge of the Paducah recruiting station. Tucker is 6 feet 3 1/2 inches tall and weighs 190 pounds. Sergt. Blake said he was a fine specimen of manhood and should make a great soldier. He was sent to Jefferson Barracks, at St. Louis, where he will be assigned to the infantry.

NEW RACE TRACK AT ROSEDALE.

Covington, Ky.—Harry Hake, architect and builder of the Cincinnati Baseball Club's grand stand and the Cincinnati Speedway, has been commissioned to build the new race-track at Rosedale. Hake has left for Detroit to look over the Windsor, Kenton and Devonshire tracks.

KENTUCKY TEAM IS ANNOUNCED.

Lexington, Ky.—Prof. E. S. Good, of the University of Kentucky, announced that Curtis Park, John Campbell, W. D. Sutton, R. B. Rankin, T. C. McCown, and C. L. Morgan will represent the College of Agriculture at the International Livestock Exposition, to be held at Chicago, December 29.

JURY ACQUITS ORA NEWLAND.

Versailles, Ky.—The jury in the trial of Ora Newland, who was charged with false swearing in a case growing out of the investigation by the State Fire Marshal of the burning of two tobacco barns of Mrs. David A. Watts, returned a verdict of not guilty. Another indictment against Newland, charging him with burning the buildings and an indictment against Rufus Boston, a farmer, charging him with having procured Newland to burn the buildings, were continued.

ARE TO REMAIN ON BORDER

Thinks Major Short When Overcoats and Stoves Are Issued to Troops.

Lexington, Ky.—The Kentucky Brigade, which embraces three Lexington companies, will spend the winter on the Mexican border. This is the view of Major Thompson B. Short, who is in Lexington awaiting orders for the detachment assembled at Fort Thomas to entrain for El Paso. Major Short bases the opinion on the order issuing stoves and overcoats to the Kentucky troops. He, together with the other twenty officers who will go with the eighty recruits, have provided themselves with overcoats and winter clothing. With the termination of recruiting for the national guard service in Kentucky, Major Short and junior officers engaged in the work were ordered to Fort Thomas to await transportation to El Paso.

OIL RATE HEARING IS BEGUN.

Louisville, Ky.—A hearing on the petition of the Standard Oil Co. to recover from various railroads the difference on shipments of oil between Wood River, Ill.; North Baton Rouge, La. and Columbus, Miss., as a result of a decrease in rates by the railroads from these points, was begun here by Examiner Fleming, of the Interstate Commerce Commission.

KENTUCKY BREVITIES

Flemingsburg, Ky.—The jury failed to agree in the case of R. N. Reeves, who was indicted on the charge of perjury, and was dismissed.

Hickman, Ky.—Duck hunting on the river is proving a popular sport. Ducks seem to be plentiful, large droves of them settling down often right across the river from here.

Louisville, Ky.—Found guilty of having prescribed morphine and cocaine unlawfully, Dr. John Karagozian was fined \$250, the maximum under the law, by a jury in Criminal Court. His conviction marked the second within a year for a similar offense.

Trenton, Ky.—Before an audience that filled every seat in the auditorium of the First Methodist church here, Evangelist Bascom Waters declared that within 90 days the United States will be in actual war with Mexico, and within a year engaged in a general war.

Lagrange, Ky.—Fire destroyed the lumber yard of Woodford Button. The fire was discovered by some railroad men working in the railroad yards. At that time the fire had gained such headway that it was useless to attempt to put it out. The estimated loss is \$2,000, with insurance of \$1,000.

Louisville, Ky.—Officers of the Kentucky Milk Producers' Co-operative Association have completed arrangements for the "milk strike" which has been called. The association decided to cut off the milk supply to local distributors until they agree to pay the price demanded by the producers.

Richmond, Ky.—A discovery that created no little excitement has just been made on the farm of Charles M. Embry, about seven miles from Richmond. While the workmen were getting out rock in the quarry they unearthed a perfect skeleton of what looked like a young man about 20 years old.

Carlisle, Ky.—The Carlisle Electric Light & Power Co., which was compelled to close down on account of the coal famine, secured a sufficient quantity of coal from local dealers to resume operation of the plant. However, only night current is being furnished, the day current being cut out until more coal is obtainable.

Lexington, Ky.—John M. Kelly, wealthy merchandise broker and member of the Lexington Board of Education, stated he has authorized his attorney to bring suit against the Hotel Gibson, Cincinnati, for the recovery of valuables to the amount of \$100, of which he declares he recently was robbed when a guest in that house.

Winchester, Ky.—While preparing to move 300 quarts of nitroglycerin from Sweetlick to the Furnace lease in the Estill county oil fields, J. E. Clouse and James Edwards, oil well shooters, were blown to atoms. They lived at Monticello and had been at work in Wayne county, having been in the Estill field only about five days.

Lexington, Ky.—Gas has been struck on the farm of R. K. Byrns, four and a half miles from Lexington, on the Georgetown pike. The extent of the pocket is not known. Lexington men familiar with oil and gas conditions visited the well and were of the opinion that it will supply sufficient gas for the lighting and heating of Mr. Byrns' farmhouses and buildings.

Bowling Green, Ky.—The jury in the case of Acll Madison and others against Mrs. Allie Hays, in the Warren Circuit Court, rendered a verdict in favor of permitting the will of R. J. Hays, husband of the contestee, to remain as probated.

Shelbyville, Ky.—Charles Howerton's farm of 131 acres, on the Simpsonville and Antioch pike, four miles northeast of Simpsonville, was sold by Wade Lyons to H. G. Hsieh, of Clark county, for \$14,000. Possession will be given March 1.

GREAT ADVANCES THROUGH STATE

EFFORTS TO ERADICATE ILLITERACY RECEIVE RESPONSES IN ALL SECTIONS.

ALL FIX TIME TO WIPE IT OUT

Attendance of Day Pupils Increases in the Counties Where Moonlight Work Is Pushed.

(Special Frankfort Correspondence.) Frankfort.—Mrs. Cora Wilson Stewart, chairman of the Kentucky Illiteracy Commission, who reported on her campaign for moonlight schools, said she is immensely pleased with the progress being made, considering the lack of funds. One of the indications that please her is the number of invitations from counties to visit their moonlight schools and see what they are doing, which Mrs. Stewart takes as a sign that these counties are performing notable work and are commendably proud of it. A dozen of them have been urging her to take a look at their schools, while Cumberland, Clay and Leslie have held moonlight school fairs, attended by hundreds of their graduates.

Southern Kentucky is swinging into line with the eastern and western sections in the contest among counties to be the first to entirely eradicate illiteracy from their boundaries. Former Representative G. T. Hawkins, of Pike, says they have over 200 enrolled and expect to have 500. The school is growing so large it will have to be divided or organized in other school houses. The school has promoted the good roads movement and the pupils have constructed a half mile of first-class road.

From Owensley Superintendent Fry reports that they have taught 200 to read and write this term, and he expects New Years, 1918, to witness Owensley county free from illiteracy. Leslie county, which recently celebrated the emancipation of 1,000 illiterates and taught 600 this year, also expects to be free from it by the end of 1917. Cumberland county, which had 2,000 graduates of the moonlight schools at its school fair, has fixed Christmas of this year as the time when every adult in the county will be able to read and write. The moonlight school at Richardson, Hardin county, is taking hold in the county and the home department is doing excellent work.

Suit for Receiver Holds.

The receivership of the Central Life Insurance Co., of Lexington, ordered by the Franklin Circuit Court in a suit brought by Insurance Commissioner J. M. C. Clay before his retirement, remains unchanged, as the Court of Appeals in an opinion by Judge Hurt, affirmed the Fayette Circuit Court, which dismissed the petition of Charles M. Grimes and other stockholders for a receiver in Lexington. The whole court sat in the case and Judge Turner dissented. The court held that under the statute ample means is provided for the appointment of a receiver in a suit filed by the Insurance Commissioner. The contention was made by the petitioners in Lexington that the old common law right of a stockholder to institute proceedings to place a concern in the hands of a receiver was not abrogated by the statute providing means whereby, upon application of persons peculiarly interested, the Insurance Commissioner may institute proceedings. The court said the legislature intended otherwise. Wildcat companies have been organized to fleece purchasers of stock or to afford salaried positions for persons on the inside. Again new concerns, economically administered, might be attacked in a suit for receiver by some one, who desired to get control and exploit it for selfish purposes. The legislature evidently intended that such supervision should be exercised by a state authority in order that abuses might be corrected and the property of investors and the interest of insurers protected.

Stop Auto, If Horse Scares.

An automobile approaching a traveler driving a horse on the public highway, which frightens the horse, must be stopped by the driver of the automobile. The court of appeals, Chief Justice Miller writing, decided this point of law in reversing the Carroll circuit court in the case of Hubert Allen Searcy against F. M. Golden. This question arose in the instructions given to the lower court in this case, and the court of appeals holds that at all times where the driver of an automobile sees that a horse on the public highway is frightened he must stop the car until the horse passes, or else subject the owner of the car to damages.

Warrants Total \$4,536,000.

The outstanding warrants for Kentucky November 1 total \$4,536,000, an increase of \$200,000 over the month of October. The balances in the various funds follow: Sinking fund, \$223,231; school fund, \$122,276.63; general expense fund, \$642,369.17; balance in treasury, \$783,506.24.

Returned to Reformatory.

Frank Burton, a Madison county prisoner, who escaped from the road crew in Bell county, was returned to the Reformatory.

Men Dropping Out.

Regular army men who obtained commissions in the National Guard when it was called to the border, are beginning to resign, presumably to go back into the regular service. Many sergeant inspector-instructors detailed with the guard and quartermaster sergeants were allowed to resign and accept positions with the guard, some as battalion quartermaster commissaries and others as company officers. It was considered of advantage for the militiamen to associate with trained soldiers, the pick of the regular army, and the Kentucky troops, like most others, contain quite a sprinkling of former "noncoms" of the regular establishment. Two of them resigned last week and it is understood they are to re-enlist in the regulars and probably get back their old rank. One of them is Titus Sturgeon, lieutenant, and adjutant of the Second Battalion, Second Regiment, under Major C. W. Longmire. He is succeeded by Lieutenant R. J. H. Spurr, of C Company, Second Regiment. The resignation of Captain H. Zautner, as commander of K Company, Third Regiment, provided for the promotions one grade of First Lieutenant Ben M. King, Second Lieutenant W. O. Shert and Sergeant W. T. Grady. Captain Zautner was a quartermaster sergeant at Fort Thomas.

Judgment Is Reversed.

Judgment for damages aggregating \$10,000 awarded to the Farmer's Tobacco Warehouse Co., of Richmond, in the Madison Circuit Court, against J. L. Leach, J. S. Thomas and other tobacco buyers and tobacco manufacturing companies, alleged by it to have conspired to ruin its business, was reversed by the Court of Appeals in an opinion by Judge Carroll, the court holding that a motion of the defendants to direct a verdict in their favor should have been sustained. The Farmers' Company alleged that the buyers would bid ridiculously low at its sales or refrain from bidding for the purpose of driving business to its competitors. Upon retrial of the case, if the same evidence is introduced, the court said a verdict should be directed in favor of all the defendants, excepting Thomas, and the case may be given to the jury as to him.

Slump in Militia Funds.

Kentucky militia funds have suffered a big slump this year. The presence of the National Guard of Kentucky on the Mexican border is responsible for a denial of the money usually appropriated to the brigade by the War Department for the expense of providing arms, ammunition, stores, equipment and other equipment for the organization as well as for rifle practice. Because of a paragraph in the army reorganization act authorizing the apportionment of such sums for national guard equipment, the national guard of Kentucky is figured now as having no enlisted men. On the basis of this figuring the Militia Bureau has issued Circular 14, which announces that the total allotment for the Kentucky National Guard will be \$300 for printing. Last year Kentucky was allotted \$69,810.96.

Cincinnati Bank Wins Suit.

The Market National Bank of Cincinnati won its suit in the Federal Court here against the Georgetown Water, Gas, Power and Light Co. and will collect from the company the \$12,500 in litigation. This note was executed to the bank by Ross Holzman, of Cincinnati, secretary and treasurer of the company. The company contended that Holzman did not have authority to execute the note. At the conclusion of the testimony the court peremptorily instructed the jury to find for the bank.

Reformatory Promotions.

Two appointments were announced by the State Board of Prison Commissioners. Gus Rogers, of Paducah, who has been assistant deputy warden at the Reformatory for several years, is promoted to deputy warden, a position which has been vacant since the retirement of George Kason, two months ago. Robert George, of Carlisle, at one time tipped for deputy warden, was appointed superintendent of construction camps and will have charge of the convicts working the roads.

In Class By Themselves.

The Legislature of Kentucky has put violators of the liquor laws in a class by themselves, said the Court of Appeals in affirming the \$70 fine and the 10 days' sentence in jail imposed on Fred Lemon, of Webster county, who was convicted of having intoxicating liquors in his possession in local-option territory for sale. The court says it requires only circumstantial evidence to convict in this kind of cases.

Must Serve Jail Sentence.

Fred Lemon, merchant of Providence, Webster county, must serve ten days in jail and pay a fine of \$70 for having forty-three cases of beer in his possession. The Court of Appeals, in an opinion by Judge Carroll, affirmed the sentence of the Webster Circuit Court.

Inspector Turns In \$271.

Reports on the inspection of offices in Metcalfe and Caldwell counties were filed by State Inspector and Examiner Nat B. Sewell, who covered into the state treasury \$62.06 collected in Metcalfe from county officers and \$209.61 collected in Caldwell.

Governor Issues Requisition.

Gov. Stanley issued a requisition on the governor of West Virginia for the extradition from Richmond of J. W. Callif, wanted in Bath county on a charge of converting money to his own use.

HIGH COST OF LIVING

This is a serious matter with housekeepers as food prices are constantly going up. To overcome this, cut out the high priced meat dishes and serve your family more Skinner's Macaroni and Spaghetti, the cheapest, most delicious and most nutritious of all foods. Write the Skinner Mfg. Co., Omaha, Neb., for beautiful cook book, telling how to prepare it in a hundred different ways. It's free to every woman.—Adv.

Odd Viewpoint.

One woman in the audience had her own ideas about Julian Ellinger, the famous impersonator of feminine types. "Wouldn't it be great fun to be married to a man like that?" she said to her husband. "You mean because he is good looking?" "No, you are good looking enough to suit me." "Then what do you mean?" "Think what a novelty it would be to be able to dress in the Paris gowns your own husband wears to work."—Youngstown Telegram.

Nature's Great Hoodoo Temple.

In the hoodoo-land of western Wyoming are curious formations which resemble Punch and Judy heads, grim savages, snoring old mads, monkeys, rabbits, birds and animals in every grotesque and exaggerated shape imaginable, and in every possible position. There are 50 different shapes of heads; over 40 different animal and human faces have been counted. The rock out of which the hoodoos have been carved by Dame Nature is what is known as volcanic breccia.—Popular Science Monthly.

Spartan Women Suffered Untold Tortures but who wants to be a Spartan? Take "Femmina" for all female disorders. Price 50c and \$1.00.—Adv.

Unusual Precedence.

"There's nothing higher than a king in a monarchy."

"What? Not even an ace?"

Wright's Indian Vegetable Pills have stood the test of time. Test them yourself now. Send for sample to 323 Pearl street, N. Y.—Adv.

It often happens that a man is absent-minded when his wife is away.

Bald heads don't always generate bare facts.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Cranston, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and he would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYNE ASBACH, North Cranston, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Haver St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSOON, 1 Haynes Park, Roxbury, Mass.

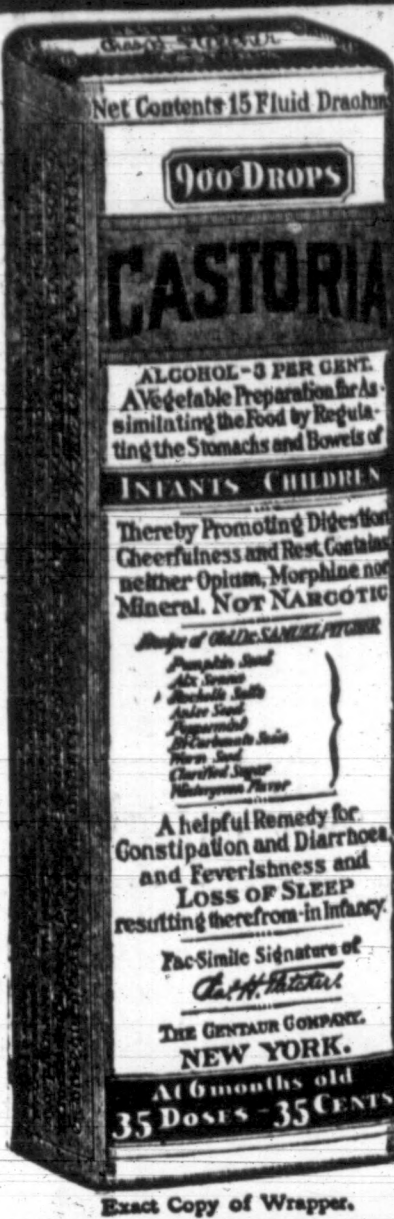

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CROUP OR COLD

Rub baby's chest and throat with MENTH-ALBA. It's healing oils, vapored by the heat of the body, will penetrate to the inflamed tissue and instantly relieve the congestion and choking.

For colds apply a little up the nostrils. It quickly vaporizes and the vapor penetrates to the inflamed mucous, opening up the head and healing the irritation that has been causing the cold.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Nature warns you when the track of health is not clear. Kidney and bladder troubles cause many annoying symptoms and great inconvenience both day and night. Unhealthy kidneys may cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion, as time passes you may have a low complexion, puffiness or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh. If such conditions are permitted to continue, serious results may be expected; Kidney Trouble in its very worst form may steal upon you.

Prevalence of Kidney Disease.
Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney diseases are among the most common diseases that prevail, they are almost the last recognized by patients, who usually content themselves with doctoring the effects, while the original disease may constantly undermine the system. If you feel that your kidneys are the cause of your sickness or run down condition, try taking Dr. Kilmer's Swamp-Root, the famous kidney, liver and bladder remedy, because as soon as your kidneys improve, they will help the other organs to health. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

SPECIAL NOTE—You may obtain a sample size bottle of Swamp-Root by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y. This gives you the opportunity to prove the remarkable merit of this medicine. They will also send you a book of valuable information, containing many of the thousands of grateful letters received from men and women who say they found Swamp-Root to be just the remedy needed in kidney, liver and bladder troubles. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample size bottle. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention this paper.

Vivid Past.
Husband (telling of accident)—And as I thought I was drowning my past life came before me in one vivid flash. Wife—William, you never told me before that you had that kind of a past.
Up-to-Date Diagnosis.
"What did the doctor say?" "He felt of Jones' pulse and said there was no hope."—Dallas News.

FAVOR FARM BANKS

Leading Financiers Indorse Democratic Legislation.

"Tremendous Saving to the Farmer Through the Elimination of the Middle Man in Lending Money" Is One of the Tributes.

When congress passed the federal farm loan act to relieve the farmer it was expected that the bankers would oppose it because it naturally would cut into their business of loaning money to the farmers. Such has not proved to be the case. When the board met at Topeka, Kan., with William McAdoo, secretary of the treasury, in the chair, a number of prominent bankers gave their views of what the new farm banks would accomplish, and without exception the bankers spoke only in their praise.

R. T. Forbes, president of the First National bank at St. Joseph, Mo., said: "I believe the federal loan act is a magnificent piece of economic legislation. I believe it will in a very short time work a tremendous saving to the farmer through the elimination of the middle man in lending money. It will save the payment of commissions and the expense of frequent extension and examination of abstracts, which are large items." These items, Mr. Forbes said, sometimes make the farmer almost double his interest.

P. W. Gobel of Kansas City, president of the American Bankers' association, said that prior to the passage of the rural credits law no man living could tell what the rate of interest on a farm loan would be when it matured. The new law has changed all that. He cited the panic of 1907 and the European war as evidence of how the farmer suffered from conditions over which he had no control. "Since then," said Mr. Gobel, "our enormous trade balances have arisen, and I think the operation of the federal reserve bank may have had something to do with it. Interest rates have receded, and I think perhaps they are now as low as they have been in the history of the West."

Wilson Administration Changed This.
Under Republican tariff protection American consumers were taxed \$2,500,000,000 a year in extra prices over and above the prices at which the tariff beneficiaries sold their goods in foreign markets. And the average American family spending \$1,000 a year for living expenses paid \$100 as tribute to tariff beneficiaries. Machine tools cost \$6.00 for American mechanics and were quoted at \$5 for export. A baby carriage cost an American mother \$12.75 and sold abroad for \$9.50, and so on down through the Republican tariff protected list.

A remarkable change has been brought about by the Wilson administration. There is not now a single product of American mills and factories that is not sold abroad at prices from 10 to 50 per cent above the price level in the United States. Under Republican rule there was scarcely a product of American manufacture on which the tariff beneficiaries did not charge consumers in the United States from 10 to 50 per cent more than they sold the same goods for in foreign countries.

Shipping Under "the New Slavery."
The department of commerce has been giving out a lot of disgusting shipbuilding figures which evidence nothing so much as parasitic malice. It appears that the private American ship yards now have under construction or contract 417 steel merchant ships of 1,454,270 gross tons.

This is nearly equal to the steel merchant tonnage under actual construction in British shipyards on July 1 last. It is nearly ten times the average annual domestic construction in half a dozen years prior to the outbreak of the great war. It is more than the total American steam tonnage engaged in the foreign trade before the war, as the bright, consumptive flower of half a century of Republican tariff and trade policies. As one item in what Mr. Hughes calls "the New Slavery" which is strangling American industry, he has mentioned the government shipping law. What a strange hold that law has on private ship construction is here placed in evidence.

Democratic Legislation.
The Democratic principle of legislation in the business field is this: It first asks what the public needs in the way of service from the particular business or industry. It next inquires what kind of law will best enable the given business or industry to supply the public need. It has no "pet groups." But it is helping groups in the most effective way because it is regarding just one thing—their ability to serve the public. It is this spirit which has written the federal reserve act, the new agricultural laws, and the acts for the promotion of foreign trade.

Country's Business Needs.
What are the business needs of the coming day? Not protection, but, first, the development of American branch banks in the debtor countries, that wait our capital, and our manufactures. For this the Democratic party, through the federal reserve act, has opened the way, and the development goes forward apace. With this must go the rebuilding of our merchant marine, on which the administration has made a constructive start through the creation of a shipping board, and the provision of a fund for ship purchase.

CALOMEL SICKENS! IT'S MERCURY! DANGER

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Make You Sick—Don't Lose a Day's Work—Wonderful Discovery Destroying Sale of Calomel Here.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoon-

ful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless, and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

CAPTAIN GOT NEW TROUSERS

Incident That Has More Than a Touch of Comedy Occurred on the Isonzo Front.

How near tragedy and comedy are in the happenings along the battle line is shown by this incident of the fighting on the Isonzo front.

A Caproni fighting aeroplane that had gone from the Italian side was hit by the anti-aircraft guns and fell within the Austrian lines. The pilot was killed, the observer was somewhat scratched, but otherwise unhurt. His trousers, however, were ripped "from A to Z."

Captain Ameghiano, the captured flyer, was inconsolable, and to an Austrian officer who sympathized with him he said: "My poor comrade will be buried and I cannot even pay him my last respects—not in this gear."

"If that is all," remarked the Austrian, "we'll soon mend that." And, after obtaining permission, he went up to his Fokker machine and threw a letter into the Italian line, acquainting them with the fact, and requesting "a pair of new trousers for Captain Ameghiano."

Sure enough, an hour or so later there was an Italian machine high in the air, and a package dropped that contained a laurel wreath for the dead and a pair of trousers for the living.

CUTICURA COMFORTS BABY

Suffering From Itching, Burning Rashes, Eczema, etc. Trial Free.

Give baby a bath with hot water and Cuticura Soap, using plenty of Soap. Dry lightly and apply Cuticura Ointment gently to all affected parts. Instant relief follows and baby falls into a refreshing sleep, the first perhaps in weeks. Nothing more effective.

Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.—Adv.

Credit.
A rich nabob, ambitious to be known as a good fellow, gave a feast which cost a thousand sequins a plate.

"What wicked, wanton waste!" exclaimed the world.

Another nabob, thirsting for glory, went to war.

"The brutal, bloody butcher," the world protested.

A third nabob, desiring only to do what was right, bestowed his riches in alms.

"He makes paupers!" sniffed the world.

The recording angel hesitated, but after some thought he dipped his pen and wrote, to the credit of each of the nabobs:

"He kept his money in circulation."

His Efficacious Way.
Jurd Sprawl of Pee-wee was telling of the style prevailing at his cousin's house in Kansas City. "Why, dad-burn it, they eat dinner at six o'clock at night," said he. "And at every plate there were six forks and—"

"Six?" chuckled his younger brother. "How'd you know which one to use?"

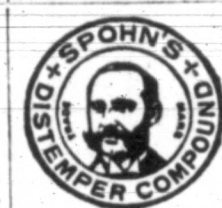

"Ho! That didn't bother me none. I just grabbed my knife and snatched right in."—Kansas City Star.

AVOID A DOCTOR'S BILL
on the first of the month by taking now a bottle of Mansfield Cough Balm for that hacking, hollow cough. Price 25c and 50c.—Adv.

Waits Too Long.
The good cure may be all right in its way, but a man seldom feels the need of the cure until his gold is gone.

Dr. Peery's "DEAD SHOT" is an effective medicine for Worms or Tapeworm in adults or children. One dose is sufficient and no supplemental purge necessary.—Adv.

New York receives weekly from 125 to 175 carloads of chickens, averaging 20,000 pounds to the car.

TOLD HER STORY IN FULL

Impossible to Stop Colored Woman Once She Had Begun to Relate Tale of Trouble.

Adequate proof of the traditional volubility of women was given in a justice of the peace court the other day. A colored woman was on trial on a charge of provoking assault. After listening impatiently to the testimony of another witness, she took the stand and, turning to Justice Kiefer, drew out:

"Now, looky here, judge, let me tell you all the way this here thing happened."

Then began an actual flow of speech. Nothing could stop her. Justice Kiefer pounded and the deputies shouted, but to no avail. On and on she talked—about everything—pausing only to emphasize her remarks in a more forcible manner. At the end of 15 minutes she ceased. Her breath was exhausted. In the doorway was an astonished group of onlookers from surrounding offices.

"We thought you had installed a phonograph, squire," one of them said.—Indianapolis News.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Conscientious.
"Do you always keep the promises you make before election?"

"Well," replied Senator Sorghum, "I do my best. If I can't keep them I am willing to make them over again as often as may be desired."

DON'T GAMBLE
that your heart's all right. Make sure. Take "Renovine"—a heart and nerve tonic. Price 50c and \$1.00.—Adv.

A Pair of Pities.
Edith—Isn't it a pity that poor men don't know enough to remain single?

Marie—Yes, and that rich ones do?

THIS IS THE AGE OF YOUTH.
You will look ten years younger if you darken your ugly, grizzly, gray hairs by using "La Creole" Hair Dressing.—Adv.

If a man lives as he should the world will not be very much better by his getting out of it.

True love doesn't thrive well in a public garden.

If you bet \$13 and lose it's unlucky.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Drink plenty of water."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store. This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HORSE SALE DISTEMPER

You know that when you sell or buy through the sales you have about one chance in fifty to escape SALE DISTEMPER. "SPOHN'S" is your true protection, your only safeguard, for as sure as you treat all your horses with it, you will soon be rid of the disease. It acts as a sure preventive, no matter how they are "exposed." 50 cents and \$1 a bottle. 16 and 110 dozen bottles, at all good druggists, horse goods houses, or delivered by the manufacturers.

SPOHN MEDICAL CO., Chemists, Goshen, Ind., U. S. A.

Well Known.
They sat looking at her engagement ring.

"Did your friends admire it?" he tenderly inquired.

"They did more than that," she returned. "Three of them recognized it."

Lace was known in Venice at an early period, and was not unknown to the Greeks and Romans.

Patience isn't necessarily a virtue; more often it's a necessity.

TENNESSEE FOLKS
Mitchellville, Tenn.—"We have used all or nearly all of Dr. Pierce's medicines. Commenced using them myself and in my family over 30 years ago. The 'Favorite Prescription' saved the life of my wife and daughter 25 years ago and I have scarcely ever been without them in my home since. Recently I had occasion to use Anuric, that Godsent remedy for kidney and bladder troubles, and I can truthfully say that it has done me more good than any remedy I ever used, and their name is legion. No one will make a mistake in using any preparation sent out by Dr. Pierce. I have had many years' experience with his institution and know whereof I speak."—MR. E. W. BAGSHAW.—Adv.

Obituary.

Little Alben Lee, son of Mc and Onie Boyd, was born August 25, 1912, and died October 7, 1916. He was four years, one month and thirteen days old. His spirit cut loose from its moorings and sped away through the mystic valley to a city not made with hands. Little Alben was a sweet tempered, obedient little boy; we can't say too much of his goodness for he was an angel on earth. Our father always blesses this world with something great and noble, and when he gave to the parents this precious little darling he placed in this world always to be remembered by all who knew him. Father, mother and sisters, grieve not, for he is sleeping to awaken beyond life's troubled sea; but oh, for the touch of

a vanished hand, the sound of a voice that is still. Grieve not, dear one's, for his course is run, his warfare o'er; we'll join him on a brighter shore, and oh, just think of after awhile, when we behold his heavenly smile; sleep on, no thoughts disturb thee now, peace reigns upon his little brow; a little while, it won't be long, we'll meet thee when life's toils are done.—Written by his aunt, Mary Fulton.

Farmers' Meeting at Lone Oak.

The Ledger is asked to announce that there will be a meeting of the farmers of that section of the county at Lone Oak school house Saturday afternoon for the purpose of coming to some agreement regarding the present crop of tobacco. Every tobacco grower is urged to attend the meeting.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment.

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, headache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and \$1.00.

Sloan's Liniment
KILLS PAIN

Memorial to be 351 Feet High.

After a visit to Jefferson Davis Memorial Park at Fairview, Gen. Bennett H. Young, of Louisville, at Hopkinsville last week told members of the fiscal court of Christian county, Confederate Veterans, Daughters of the Confederacy and others gathered at the court house in Hopkinsville to greet him, that it was planned to build at the birthplace of the president of the

Confederacy a memorial obelisk 351 feet high, which would make it the second highest monument in the world. "The man who in part laid out Yellowstone park for the government," said Gen. Young, "today finished the survey and location of this lovely park at Fairview, and he says there is nothing more picturesque in this country." Gen. Young said the Jefferson Davis Home Association, of which he is president, is free of debt, has 8,000 in hand and has expended \$20,000 on the grounds. It is expected that subscriptions will be made in all parts of the south, and there are assurances of very liberal donations from Gens. G. W. Littlefield, of Texas, and Julian Carr, of North Carolina.

School Attendance in Kentucky Low

Washington, Nov. 5.—The United States Bureau of Education says that school attendance in the state of Kentucky is low.

A bulletin just issued by the bureau gives the record for school attendance in the various states classified, according to high, medium, low and very low. The school attendance in percentages of children six to fourteen years of age is set forth as follows:

High, 90 and over: Connecticut, Iowa, Massachusetts, Michigan, Nebraska, New Hampshire, New York and Vermont.

Medium, 80 to 90: Indiana, Colorado, Washington, Oregon, Ohio, Utah, Montana, California, Delaware, Idaho, Illinois, Kansas, Maine, Maryland, Minnesota, Missouri, Nevada, New Jersey, North Dakota, Oklahoma, Pennsylvania, Rhode Island, South Dakota, West Virginia, Wisconsin and Wyoming.

Low, 70 to 80: Kentucky, Mississippi, New Mexico, North Carolina and Texas.

Very low, below 70: Alabama, Arizona, Florida, Georgia, Louis-

iana, South Carolina and Virginia. "No law can be effectively enforced unless public sentiment is back of it," says the bureau.

"How to make compulsory school attendance effective is one of the most perplexing problems confronting law-makers and administrative school officers. Prior to 1890 only twenty-seven states and the District of Columbia had compulsory school laws, and many of these were optional, and therefore imperative. Now all the states except Mississippi have either mandatory or optional compulsory school attendance laws."

South Side Land Deals.

C. C. Orr has traded his farm near Crossland of 25 acres to Henry Jones, receiving 32 acres of land lying near Hazel, known as the Bob Hill farm. Mr. Orr's brother, J. C. Orr, also traded his farm of 40 acres which lies near Lebanon church to Mr. Jones for 60 acres of this tract.

Last week Hancy Nance sold

It's Different
Most farm wagons are pretty much alike, except
THE MILBURN

It's different—and it's better, a whole lot better. It's made by men who know how, and whose aim has been to produce the best and they have done it. It wouldn't be business for you to take our word for it, but it is business for you to investigate, to check up what we say and decide for yourself whether we're right or wrong. Before you drop in and look these wagons over, make up your mind what the weak parts of ordinary wagons are and then you can see—here the Milburn is different and better. Naturally it costs a little more at first, but not nearly so much at the end of a few years. We want you to be sure and see these wagons any way. You know the place. Come in and look and talk to us.

E. L. Jones Lumber Co., Almo, Ky.
