DEMOCRATS CONFIDENT

That They Control Next House.

NINTH VERY CLOSE.

Seitz, Though Badly Beaten, Will Contest.

THREE MILLIONS WON.

[SPECIAL TO NEW ERA]
WASHINGTON, Nov. 10.—Both sides are still claiming the next House. As the Democratic headquarters perfect confidence is expressed that there will be a Democratic majority. A number of districts will require the official count to definitely decide the result.

Secretary Kerr states: "We have elected 1st members of the next House, the Republicans 16, and eleven districts are in doubt. In New York we will have twenty-one members; in Pennsylvania nine, and perhaps ten; in Nebraska, four; in North Carolina, nine, and in California, two or three. "Information is slow coming in, because the count in so many of the districts is very close. Our figures are based upon definite returns, and I am satisfied that they are entirely accurate."

OFFICIAL COUNT NECESSARY.

Pugh and William Both Claiming The Ninth.

[SPECIAL TO NEW ERA]
FRANKFORD, Ky., Nov. 10.—Both Pugh and Williams continue to claim the Ninth district.

NINETEEN HUNDRED MAJORITY.

But Seitz Says He Will Contest Any Way.

[SPECIAL TO NEW ERA]
PRESTONBURG, Ky., Nov. 10.—Complete returns from every county in the Ninth district give Fitzpatrick a majority of nineteen hundred votes.

Seitz still says he will contest the election.

TOTTERING TO AN AWFUL

Fall Is Sagasta's Government in Spain.

INSPIRES ALARM.

Anarchy, Civil War, and Military Dictatorship

ARE CANDIDATES.

[SPECIAL TO NEW ERA]
PARIS, France, Nov. 10.—There is much anxiety in government circles here as to the Spanish situation. This is not because there is any fear that Spain will not be reunited, for it is held that the Commissioners of the United States are bound to agree to the terms, though it is now said that Spain requires a solution of \$100,000,000 for the Philippines, while the United States considers \$50,000,000 ample.

It is the Spanish domestic situation that inspires alarm. Señor Sagasta's Government is tottering.

Anarchy, civil war and military dictatorship are candidates for the succession to Parliament in Government. "Information is slow coming in, because the count in so many of the districts is very close. Our figures are based upon definite returns, and I am satisfied that they are entirely accurate."

France views the situation with apprehension and even alarm.

His attorney got out writ of habeas corpus and Judge Leavelle decided in accordance with the statutes that he could not be committed to the work-house to work out costs. Hayes was released in time to cast a Democratic ballot.

[SPECIAL TO NEW ERA]
CLARKSVILLE, TENN., Nov. 10.—Mrs. Callie Olinier, a widow, living at 214 N. Main, near the Dickson county line, in Hickman county, looked her children, aged three and five, in her house west of a neighbor's to borrow provisions.

Will Henry For Love.

It is said that the young Queen of Holland is to realize her dream to marry for love. But her union with the Prince of Wales has its practical side also. The house of Windsor is little importance now and its worldly possessions but mere things. But the Dutch above all things do not desire the Queen to wed a member of a reigning family of Europe lest the day might come when the rich little kingdom of Holland pass into the hands of another foreign ruler. So this young Prince of Wales is a wise choice, for he will be to Holland what Prince Albert was to England. Foreign marriages were responsible for the Dutch war for independence in the sixteenth century, and indirectly for the dividing of Belgium and Holland in 1830. The Winds were at one time ruling princes, but were deprived of their rulership during the days of Napoleon's power in Germany. When the French evacuated Germany it was thought best not to restore the minor prince to their thrones, and the former possessions of the Winds were given to Prussia in 1815, and since

RULINGS

Just Received By Collector Franks

OF LOCAL INTEREST.

Leaf Tobacco Dealers—Chewing Gum Cases May Be Used Again—Other Rulings.

Collector Franks, of this district, has received some new rulings from the Treasury Department and those of local interest are as follows:

Glass cases, when emptied, may be used again for packing chewing gum, the stamp first affixed to the package to be destroyed before the case is used again.

Dealers in leaf tobacco are not permitted to sell the same in quantities less than a bushel, cases or bale.

A qualified manufacturer is permitted to purchase leaf tobacco from other manufacturers of tobacco or cigars in quantities less than the original package for use in his own factory exclusively.

The sale by one manufacturer to another manufacturer is required to be made under a special permit, to be issued under the direction of the commissioner of internal revenue.

Although the public is not charged for admission to the parlor, hall or place of exhibition, yet as the photographs are kept there for the purpose of making money, they are to be regarded as shows for money within the meaning of the law, and special tax must be paid for such exhibition parlor or hall.

The business of negotiating loans, the borrowers paying a commission to the persons securing the loans, drawing papers, examining titles, etc. is not the business of a broker as defined by paragraph 3 of section 2 of the act of June 13.

Loading money on the personal notes of the borrowers, without collateral security, is not the business of banking contemplated by the statute.

Telephone companies may include in their monthly returns, filed in the collection district in which they are located, messages transmitted over their lines in other districts.

Upon the death of any person possessing at the time of death personal property exceeding in actual value the sum of \$10,000, the personal value will be regarded as having passed to the administrators, executors, or trustees, and these officers will proceed to ascertain, as soon as possible, the whole amount of the decedent's personal property. This amount is held to be the whole amount which these officers find to be distributable to any persons or persons, or to any body or bodies, public or corporate, in trust or otherwise. In determining the whole amount of personal property, the administrators, executors or trustees are warranted in deducting from the appraised value of the personal estate, the funeral expenses, the administrative expenses, and the amount of legal debts, unless such expenses and debts are otherwise provided for in the will.

Parties are not required to pay a special tax as a broker for indorsing notes.

Where a fair association hires a man at a salary to furnish a special attraction, the special tax should be paid by the association and not by the man hired.

The merely occasional playing of a band in a city park, although the band is paid by a railroad company, is not regarded as subjecting the band or the company to special tax.

ADJUDGED INSANE.

Henrietta Puckett, colored, was this morning tried in the Circuit Court on a writ of lunatic inquisition, and adjudged of unsound mind. She lived on Burnett street, and recently conceived the idea that she was being pursued. At intervals she would run out in the street, and would have to be seized to prevent her from injuring herself or somebody else.

Sheriff Rogers was appointed to take her to the Hopkinsville asylum, and leaves this afternoon at 4 o'clock with her—Paducah Sun.

THIRTY DAYS AGAIN.

Wallace Kay the notorious little thirteen-year-old colored thief was sent to the work house again for thirty days this morning.

TOBACCO BUSINESS AT NEBO.

A correspondent writing from Nebo to the Madisonville Hustler says:

The buyers for the Thomas Hodge factory here have been buying tobacco the past two weeks, and have up to this time purchased between 300,000 and 400,000 pounds. The other three firms have been buying the past week and are paying very good prices, ranging from 7 1/2, 7 3/4 and 1, down to 6, 4 and 1, and some short tobacco at 5, 3 and 1.

We have heard of several selling at round prices some crops at 6 1/2, 6 3/4, 6 1/2 and 5 1/2. We suppose that all of the firms together have bought some 600,000 or 800,000 pounds. About half the crop in this neighborhood was sold.

[SPECIAL TO NEW ERA]
THE LOUISVILLE MARKET.

The following report is furnished exclusively to the New Era by Glover & Durrett, Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 867 hhds. with receipts for the same period 897 hhds.

Sales on our market since January 1st amount to 30,812 hhds. Sales of the crop of 1897 on our market to this date amount to 18,538 hhds.

Up to this date 875 hhds of new dark leaf tobacco have been sold on our market, and of this number 401 hhds. sold at prices ranging from \$6.00 to \$8.40 per hundred. At the corresponding date last year to new dark tobacco had been sold on our market.

Our market for new dark tobacco was about like last week, with bidding a little more spirited for the long leaf suitable for the rehanding trade. Nearly all of our stock for old dark tobacco consists of common lugs. For these there is a very little demand even at the extremely low prices that have prevailed for the past few months.

[SPECIAL TO NEW ERA]
WILMINGTON, N. C., Nov. 10.—THE WHITE PEOPLE AND NEGROES CLASHED AT NOON ON THE WHARF HERE.

Eight Killed.

THERE WAS A DESPERATE FIGHT AND FOUR PERSONS WERE KILLED ON EACH SIDE, AND TWELVE OR MORE WERE INJURED.

RE-ENFORCEMENTS FOR THE WHITES ARE COMING IN FROM NEIGHBORING TOWNS.

Situation Ominous.

BOTH SIDES ARE ARMING. THE SITUATION IS OMINOUS.

[SPECIAL TO NEW ERA]
WILMINGTON, N. C., Nov. 10.—The negroes and objectionable characters have refused to heed the warning given them by the white people to leave town and bloody times are feared.

Office Fired.

A thousand white men this morning set fire to the newspaper office of Alexander Manley, the negro editor who published an article slandering the white women of the South.

Burned to the Ground.

The building, together with all its contents, was burned to the ground. Manley yesterday was notified that he must leave the county within twenty-four hours and carry with him every bit of his newspaper outfit.

Warned In Time.

The notification was in the form of a resolution passed by a mass meeting of white citizens, and twenty-five well-known men were detailed to see that he left. Manley very indignantly declined to accept the warning given him, and, as a result, his property is now a smoking mass of ruins.

Other Resolutions.

At the same meeting resolutions were also adopted condemning the present Republican-Populist city administration, and suggesting in a significant

way that the Mayor and Chief of Police at once vacate their offices.

Trouble is certain to follow, but the white men say they are determined to govern at any cost.

Guards are now patrolling the streets.

Clash To-Night.

It is commonly believed that the negroes will attempt to wreak vengeance to-night.

SEVEN HALF-BREEDS MURDERED.

An Up-Rising of the Creeks in Indian Territory.

[SPECIAL TO NEW ERA]
WASHINGTON, D. C., Nov. 10.—News was received here this morning of an outbreak among the Creek Indians in Indian Territory.

They attacked a number of half-breeds, who had favored the treaty which carried Tuesday, and killed seven of them.

Roosevelt's Car Fare.

Here is a breezy little narrative that Col. Roosevelt told the voters of New York:

"One day last spring when it fell to my lot to help get the navy ready for

war, I and my naval aid, Lieut. Sharpe, went out buying auxiliary cruisers.

On this particular day we had spent about \$7,000,000. It began to rain. 'Sharpe,' said I, 'I have only 4 cents in my pocket. Lead me a cent or 2 cents, will you, so that I can ride home?' Sharpe answered: 'I haven't a single cent, and I answered him: 'Never mind, Sharpe, that's why we will beat the Spaniards. It isn't every country where two public servants could spend \$7,000,000 and not have a cent in their pockets after they are through.'"
