Lake Superior Steamer Sinks; 11 Are Missing Ore-Laden Ship Pierced By Rock In Morning Fog

21 CREWMEN SAVED

Windsor, Ont., June 4.—(AP)—Eleven crew members were reported drowned and three others were missing early today after the heavily ore-laden steamer, Emperor, struck a rock and sank in fog-shrouded Lake Superior off lonely Isle Royale.

Twenty-one survivors were taken to Ft. Williams, Ont., a Lake Superior port a short distance north of the Minnesota boundary.

The 7,000-ton freighter, operated by the Canada Steamship Lines, Ltd., struck a rock at 4:10 a. m. (EST), about five hours after she sailed from Port Arthur, Ont., for Ashtabula, O.

Capt. Norman Reoch of Montreal, operating manager of the line, listed Capt. Eldon Walkinshaw of Collingwood, Ont., among the victims. He said the first mate, second engineer, three cooks and five other crew members also drowned.

At Windsor, officials of the line said the Emperor carried a crew of 35 but no passengers.

The scene of the sinking was off Passage Island Light, where a wide but rock-studded channel connects upper Lake Superior with Thunder Bay.

The area is near Isle Royale, a beautiful but remote national park 48 miles off in Lake Superior from Michigan's northernmost tip.

The ship carried three women cooks and the Coast Guard said the body of one of them was recovered.

The Emperor went down in about 64 feet of water. Details of the sinking were meager.

A Coast Guard picket boat from Eagle Harbor, Mich., and a plane from Traverse City, Mich., set out in search of the missing crew members.

The Coast Guard cutter Kimball, which brought survivors ashore, was also scheduled to return to the scene.

Kentucky Today

Covington — Employees, other than those who work on an hourly basis, were voted an annual salary increase of \$200 by the Board of Education here. The boost becomes effective for non-instructional employees July 1 and for teachers Sept. 1.

Paducah — Trial of a \$10,000 damage suit, filed by Cora Wilson, negro, against McCracken County Jailor Charles I. Owings has been continued to the November civil session of circuit court here. The woman charged Owings' negligence in permitting a trusty prisoner to be at liberty resulted in her being raped by the prisoner.

Lexington — The National Polled Shorthorn Congress will open here Friday, continuing through Saturday, with plans for an exhibition and sale of 30 bulls and 75 cows and heifers. Cattle will come from Kentucky, Ohio, Illinois, Iowa and Nebraska.

Louisville — The Kentucky Farm Bureau Federation is asking Farm Bureaus of the state to telegraph Kentucky Senators and Congressmen, asking restoration of the cut in agricultural appropriations voted last week by the House. Tobacco acreage control is threatened, according to J. E. Stanford, executive secretary of the federation.

Middletown — Almost the entire population of this small town is working on a benefit minstrel show to be given tomorrow and Friday night. Proceeds are designated to pay for an operation to restore the sight of 5-year-old Joyce Seaward, whose father, Andrew, was one of six men killed in a truck explosion here last February.

Louisville — The Kent School of Social Work at the University of Louisville is to receive \$14,000 from the U. S. Public Health Service to train psychiatric social workers. The University also plans to add courses leading to the degree of master in education, Dean J. J. Oppenheimer announced.

Obion Primary Slate Complete

Democrats File For Tax Post, Sheriff, Trustee

Union City.—A complete slate for the Democratic primary election in Obion county has been announced by Emerson B. Tanner, secretary of the county executive committee and member of the primary board. Names to appear on the ballot are:

Trustee—Frank Ray, J. T. Witherspoon, Samuel Marshall and George Blakemore. Sheriff—Robert Harrison and Robert Brinkley. Tax assessor—Harry Judson. All known Democrats eligible to participate in the next general election will be eligible to vote in the primary and no poll tax receipt will be required.

U. K. Adopts Record Budget

Will Spend \$6½ Millions In Year Starting July 1; New Buildings Planned

Lexington, Ky., June 4.—(AP)—Trustees of the University of Kentucky have approved an all-time high budget of \$6,576,197.49 for its next fiscal year, beginning July 1.

The figure was approximately \$600,000 above the budget of \$5,963,068.93 allotted for the current year.

In another vote here yesterday the board approved contracts for a fine arts building to cost \$1,386,306 and recommended that contracts be let for a dairy center, animal pathology building and rewiring of the agricultural experiment station, the three projects to total \$361,554.

The trustees approved a policy of university control and ownership of patent rights resulting from research involving the school's staff, equipment, materials and facilities.

The board accepted gifts for the university totaling \$7,300. It also approved the appointment of Dr. Jonah W. D. Skiles of Natchitoches, La., as head of the department of ancient languages. He is a native of Kentucky and formerly taught at Louisville Male high school.

Presbyterians Say Church Guardian Of All Civil Liberty

Montreat, N. C., June 4.—(AP)—The Presbyterian Church in the United States, winding up its 87th general assembly, urged its local churches to protect civil liberties of "all kinds and classes of Americans."

Ending six days of deliberations here last night, the assembly adopted a report that in addition struck out "all organizations and individuals whose aim and purpose is to hinder any American minorities in the exercise of their civil rights."

Also in the report approved in the concluding four-hour session were provisions opposing governmental aid to private and church supported institutions and condemning "drinking scenes" in motion pictures.

IC, GM & O Plan New Storage Track In Wickliffe Yard

The Illinois Central and the Gulf, Mobile and Ohio railroads plan to build a long storage track between their two main lines in Wickliffe and to eliminate the old yard tracks, it was reported in the Ballard Yeoman, Wickliffe, last week.

Work still is in progress on the fill along the GM & O about a mile north of Wickliffe, where the Mississippi River has been eating into the dump. The company has been putting in more than 10,000 tons of large limestone rock each month to stop the erosion. Railroad men speculate that if this attempt to stop the river from cutting into the tracks fails, both lines may eventually move their tracks east and north from Wickliffe and head the lines straight to the Ohio River bridge at East Cairo.

Two Diesel-drawn Monon freight trains crashed head-on in Battle Ground, Ind., June 3, resulting in the death of one trainman while another was reported missing. This airview shows pickup of engines and cars. Note flat car and tractor.

Mrs. Reams Services Held

Ruthville Lady Died At Her Home Last Week; Rites Conducted June 1

Mrs. Nora Reams passed away May 30 at her home near Ruthville, Tenn., after a brief illness of two weeks.

She was the daughter of the late Henry and Pattie Vaughan, of the Hattler's Camp Ground community. She was born Nov. 25, 1872.

On April 25, 1894, the former Miss Nora Vaughan was united in marriage with Tom Reams, who preceded her in death on May 16, 1934. To this union were born six children, two of whom died in infancy. Surviving are Coveta, Cletus, Roberta and Paul; also one brother, Herbert Vaughan, of Fulton; one sister, Mrs. Maud Vowell, of Latham, Tenn.; six grandchildren, many nieces and nephews, a son-in-law, two daughters-in-law, and many friends.

Mrs. Reams, together with her husband, united with the Methodist Baptist church at Ruthville July 25, 1906. She remained faithful to the church and its activities as long as her health permitted. Her home was the home of her pastor, his family, his friends and visiting assistants.

Funeral services were conducted by the Rev. T. A. Duncan, pastor of the Ruthville Baptist church, Sunday afternoon at 2:30. Special requests were sung by the Latham Quartette. The body was interred by that of her husband in the New Hope cemetery.

Active pall bearers were Carl Levister, Willie Sheridan, Jim Burke, Everett Terrell, Clifford Westbrook and Dennis Allen. Honorary pall bearers were John Baker, Will Reed, T. U. Rawls, Doug Gibbs, Nonnie Wilson and Lewis Burke.

Cumberland Falls Site of Kentucky Press Convention

Corbin, Ky., June 4.—(AP)—Nearby Cumberland Falls State Park will be the scene, beginning tomorrow, of the three-day 78th annual meeting of the Kentucky Press Association. The association claims a membership representing every one of the state's 150 weekly newspapers, 27 dailies and two farm magazines. Tyler Munford of the Morganfield Advocate is president.

Kentucky members of the Associated Press will hold a business meeting at 2 p. m. Friday.

U. S. Must Show World Democracy, Barkley Tells UDC

Washington, June 4.—(AP)—Senator Barkley (D-Ky.) told the United Daughters of the Confederacy yesterday that this country, as a united nation, has a responsibility to show the rest of the world a Democratic way of life.

Barkley spoke at the Virginia end of a bridge across the Potomac on U. S. Route 1, where the U. D. C. dedicated a marker for the eastern terminus of the Jefferson Davis highway. Barkley said: "As we dedicate this marker, we cannot forget our responsibilities now as a united nation. I'm proud to feel that our nation today, from every section, has given of her blood, toil and resources so that the rest of the world can know democracy and freedom."

U. C. Mail Service Will Be Curtailed By Lack Of Funds

Union City.—Announcement was made yesterday that due to a reduction in funds provided by the post office department for the Union City post office, a curtailment of postal service has been made necessary.

In residential districts there will be only one delivery instead of the former two daily deliveries. Service in the business section will not be affected.

Normal service will be resumed if additional funds are provided, the assistant postmaster said.

Lewis, UMW Walk Out of Contract Negotiations After Southern Operators Make Offers Public

Washington, June 4.—(AP)—Contract negotiations between John L. Lewis' United Mine Workers and Southern coal operators broke down today.

Ten minutes before the talks were scheduled to resume, the UMW representatives notified operators they would not attend because the mine owners yesterday had made public their wage proposals. These included an offer of an 85 cents daily pay increase in return for abandonment of portal-to-portal pay time for underground travel in the mines.

Laurence E. Tierney Jr., chairman of the negotiating conference told reporters that the union representatives had warned the operators they "were not coming back" into the wage meetings if the owners issued a press release.

Formal collapse of the negotiations was delayed, however, be-

Weather Still Is Unfavorable For Most Farms Past Week Cooler Than Usual, Soil Too Wet To Work

PESTS, WEEDS THRIVE

The U. S. weather bureau report for the week ending June 3 showed average temperatures at 14 U. S. stations, except at Los Angeles, were from 4 to 6 degrees below normal and the soil was too wet for extensive cultivation.

Wheat and corn, pest and rapid growth of weeds made it difficult to get more than a few acres of dry, warm weather. It needed to be done field work and summer crops were from two to four weeks behind the seasonal average.

Small crops are mostly fair to good condition throughout the state. Wheat and corn are heading, and barley and rye are headed and ripening has started in the southern counties. Pastures and forage crops are mostly good to excellent, and the first cutting of alfalfa has begun.

Gardens range from fair to poor, but are improving. Potatoes are fairly good. In southern and western counties, peaches and apples are excellent in some localities. Strawberries are fair to good, but many are rotting in the field.

The planting of corn is progressing slowly, averaging about 50 per cent planted in the south and probably 20 per cent or less in northern counties.

Foy Takes Post In Ballard Co.

Fulton County Man Is Assistant County Agent; To Live In Wickliffe

Richard Foy, a native of Fulton county, began his duties as assistant county agent of Ballard county on June 1. He and his wife will make their home in Wickliffe.

Mr. Foy has been teaching in the Fulgham school since his discharge from the Navy after the end of the war. Before entering service, he was graduated from the University of Kentucky. This is his first assignment in extension work.

The new official will not be employed permanently in Ballard county, but will serve as assistant this year to County Agent S. C. Bohannon before being assigned to duties elsewhere.

Johnny Henson Wins First Place In Cairo Golf Meet

Tierney said the Southern contract meetings were recessed yesterday until 9 a. m. (EST) today under the rules of the conference. The means, he said, that he, Secretary Joseph J. Ardigo and Sergeant-at-Arms H. S. Homan would continue to keep the negotiations being present daily at that hour to open the conference if the miners appear.

The Southern producers were preparing a statement on the situation and the union was expected to follow with a similar statement later.

After talks recessed yesterday, the Southern producers an-

Clinton Man Files For School Chief

Robert R. Mills, Clinton business man, announced last night that he had filed for the Democratic nomination for state superintendent of public instruction.

He has taught in high schools and colleges for several years.

Strange Rites Held Today

Mrs. Edna Strange Died In Covington, Tenn., At Home of Cousin Tuesday

Mrs. Edna Strange, wife of the late T. J. Strange, age 62, passed away Tuesday at 2:40 p. m. at the home of her cousin, Mr. and Mrs. W. M. Delashmit, Covington, Tenn., after a lingering illness.

The body lay in state at the home of Mr. and Mrs. Delashmit until funeral time, which was at 2 p. m. this afternoon at Hollow Grove church, a few miles from Covington, with burial in the Dyersburg cemetery. A short service was conducted at the grave side.

Mrs. Strange is well known in Fulton, having made her home with her only son, Howard Strange, who was a loyal member of the First Methodist church, a lovable character, a good neighbor, and endeared by all.

The only survivors are the son, Howard Strange, and Mrs. Strange, three grandchildren, Tommy, Joe, and Anne Strange, all of Fulton. She also leaves several cousins in Covington and Memphis and a large number of friends.

Howard Expected To Quit As Revenue Commissioner

Frankfort, Ky., June 4.—(AP)—Orville M. Howard, Harlan, a candidate for nomination as lieutenant governor on the Republican ticket, was expected to resign as state revenue commissioner today.

His successor in the \$5,000-a-year post has not been made known. Governor Willis may appoint him today after receiving Howard's resignation.

Truman Won't Act On Tax Bill Before Trip To Kansas City Friday, Secretary Ross Says

Senate's Measure Would Start Cuts July 1 This Year

LABOR BILL IN HOUSE

Washington, June 4.—(AP)—President Truman will not act on the \$4,000,000,000 income tax cut bill before he leaves for Kansas City Friday morning, Secretary Charles G. Ross said today.

Ross told reporters he did not know whether Mr. Truman would act before he leaves for Kansas Monday after his return from the mid-west. In Kansas City, he will address the meeting of the 35th Division with which he served in the first World War.

The tax bill, he added, has not yet reached the President's desk although Congress completed work on it yesterday. Mr. Truman and Congressional leaders of both parties conferred at the White House today but Ross said the tax legislation was not discussed.

The chief executive has 10 days, not counting Sundays, to approve or veto it, but the time element pressed in from another direction.

The bill on which the Senate completed Congressional action yesterday is designed to take effect July 1. That means hundreds of thousands of revised withholding tax instructions and forms will have to go out to employers all over the country in the next three weeks if the bill becomes law. Most withholdings would be cut 20 or 30 percent the first of next month.

The schedule of cuts: On net income, after exemptions and deductions, of \$1,000 or less, 15 percent in 1947, 30 percent in 1948 and subsequent years.

From \$1,000 to \$1,400—graduated cuts of 10 to 15 percent this year, 20 to 30 percent thereafter.

From \$1,400 to \$136,720—10 percent off this year, 20 percent thereafter.

From \$136,720 to \$302,400—7.5 percent off this year, 15 percent thereafter.

All taxable income above \$302,400—5.25 percent off this year, 10.5 percent thereafter.

Supporters of the compromise union-restricting bill laid advance claims to a three-to-one victory margin today as they called the measure up in the House for certain passage.

One more step—Senate approval—takes the bill to an uncertain fate at the White House. The Senate expects to vote tomorrow.

President Truman then will have to make a decision that could affect the direction the big organized labor vote swings in next year's election. The Democratic party has leaned heavily on union support in the past.

Word got around the capital that Mr. Truman is getting conflicting advice from key administration officials on whether to veto or sign the bill, or let it become law without signing. Congressional opinion is split as to the smartest course politically.

Green River Dam Called A Menace To Mammoth Cave

Louisville, Ky., June 4.—(AP)—"Irreparable damage" to Mammoth Cave from proposed construction of the Mining City dam on Green River was predicted here by Tom Wallace, President of the Isaak Walton League of America and editor of the Louisville Times.

The dam is part of a flood control program for the Ohio River basin. A public hearing is to be held later to determine views of residents of the area.

Wallace said the dam will back up water into Mammoth Cave at heights which damage natural formations in the cavern and cut off passages now used by tourists. "Kentucky will lose at Mammoth Cave National Park millions of dollars," Wallace said.

Of Man River Jr.

Harris Fork Creek, like Ol' Man River, jest keeps on rollin' along.

But the days when he can flood the city at will probably are numbered. The flood control project is moving along slowly but surely. A few more days in court to settle condemnation suits, a few more signatures on a contract, and the fellows who will make the dirty fly can offer their bids for consideration.

Taming of Harris Fork Creek is a long-time project with many more complications and ramifications than are immediately apparent. The city now is considerably nearer getting something done about the troublesome little stream than it has ever been before. The Spring showers should be about over, and perhaps by the next rainy season the creek will have been widened and straightened so the water can go right on through town—via the creek bed instead of the stores.

The Perfect Candidate

We hadn't quite made up our mind how to vote in the next Presidential election when we received a letter from a Charleston, Mo., physician who is the answer to an undecided voter's prayer—he says.

"You are hereby notified that I require of you to do all you can to elect Dr. A. Herbert Marshall, M. D., President of these United States," the candidate declares. "I know how to solve all political problems, and if given the authority that Roosevelt had I will be able to do so and will do so. I am a political prophet. I come to stir the dreaming, stagnant nation and to hold back its feet from irretractable descent."

As an afterthought, the next President says, "I know whereof I speak."
 Here is self-confidence rivalled only by that of Hollering Henry Wallace. What running mates these two saviors of mankind would make! They probably couldn't agree on which should be vice-president, however, since each has decided that he is two or three times smarter than anyone else who ever came down the road.

At this early date, we still take Mr. Truman if he wants the job.

Campaign Opens Soon

Kentucky's next governor, Harry Lee Waterfield, will open his campaign officially in Murray, Calloway county, the place of his birth, on June 14. His opening address will be made at the county court house following a barbecue luncheon at the Murray city park at noon.

In laying the groundwork for his campaign, Mr. Waterfield has traveled through the length and breadth of the state, and has been unable to spend as much time in his home District as he desired. Everyone understands, we believe, the reasons for his absence. It was expected, and fitting, that he return to the Gibraltar District to launch his campaign.

It has been suggested that a Fulton county cavalcade of his personal and political friends attend the Murray rally. If possible, the cars should assemble at some point in Fulton, most westerly city in the county, and proceed to Murray in a body. Further announcement concerning the proposed cavalcade probably will be made in the next few days.

The Extra 100,000

The Kentucky Association of Student Veterans, county organizations such as the Fulton County Democratic Committee, and other partisan and non-partisan groups have carried out an aggressive campaign urging that every eligible voter in Kentucky be registered so he or she can vote in the August 2 primary election.

The campaign was highly successful. An estimated 100,000 additional Kentucky voters were registered by June 3. This should mean that 100,000 additional ballots will be cast.

It is unfortunate that voters should need to be reminded to register, and to go to the polls and vote after registering. However, people are prone to neglect the opportunity and obligation to vote for their governing officials. It is encouraging to see public-minded citizens sponsor registration campaigns.

The extra 100,000 voters might well decide the outcome of any of the various races, if they vote in a bloc. Regardless of how the ballots are marked, it is of primary importance that each voter remember to make his voice heard on election day.

Quiz Busy

New York.—(AP)—For two days Patrolman Andrew Stelfwater watched a 17-year-old boy repeatedly enter and leave an office building. His suspicions aroused, he demanded explanation.

The boy had been visiting radio studios and still held tickets for 25 programs, mostly quiz shows.

Red Intentions Tested

By Edward K. Bomar
 AP Foreign Affairs Analyst

Negotiations on opposite sides of the world, at Vienna and Seoul, bear watching for a sign whether Moscow wants improved relations with the United States and the other western powers just now.

Thus far no such sign has come from Vienna, where for three weeks negotiations of a Big Four committee of experts have been deadlocked on the Austrian peace settlement.

Some top American officials are about ready to write off the latest attempt and toss the Austrian problem back into the laps of the Big Four foreign ministers at their November meeting.

Prospects appear more hopeful, however, for the attempt of the Soviet-American joint commission meeting at Seoul to agree on the basis for a temporary trusteeship regime for all Korea. This would wipe out the existing separate occupation zones.

It is not impossible that Russia and the United States might agree on Korea's future while remaining at odds on almost every other major postwar issue.

In the Austrian capital the Soviet tactics thus far have followed the familiar pattern of frustrating delay which Gen. Mark Clark, U. S. occupation commander, has termed "obstructionism."

Clark and some others who took part in the Moscow and London efforts to frame a peace treaty for Austria are convinced that for the present Moscow has no intention of concurring in any settlement except on terms which would make Austria a Soviet puppet.

The experts' committee thus far has been unable to agree even on procedure in tackling the unsolved Austrian problems. Knottiest of these involves property seized by the Red army occupation forces as Nazi-owned. The seizures include the Zisterdorf fields and almost all Austria's principal industries. Unless the Russians are willing to accept a formula for Nazi Germany's external assets which would mean disgorging some of the property, no solution is in sight.

The immediate stumbling block is a Soviet demand that the experts consider the oil issue before anything else.

Some Washington officials were inclined to write off the Seoul negotiations as well as the Vienna conference until the Russian conferees gave in the past weekend to American insistence that all Korean political elements be consulted in setting up a temporary regime.

The Russian delegates had held out for two weeks for a formula which would give the dominating voice to pro-Communist groups. Foreign Minister Molotov's willingness to set up the committee on Austria was something of a surprise to the American delegation at Moscow.

Why he did so is a question posed by the manner in which the Vienna negotiations have bogged down so quickly. The most convincing answer is that in the Kremlin view it is sounder tactics to keep some sort of discussions going than to allow a complete break.

Collie Hitchhikes Home

Kansas City.—(AP)—A collie dog belonging to Mr. and Mrs. R. B. Hoskins was back home today after hitch-hiking from the Missouri-Iowa state line.

Mr. and Mrs. R. K. Bartness were returning from Ft. Dodge, Ia. The dog ran in front of their car, then jumped in when Bartness stopped the vehicle. When they arrived in Kansas City the dog, missing for six months, left the Bartness car and dashed to the Hoskins home across the street.

Mr. and Mrs. Bartness said they had never seen the dog before, having lived in the neighborhood only three months.

Anxious Passengers

Tokyo.—(AP)—The Railway Bureau moved today to stop the smashing of train windows that has resulted in thousands being replaced with boards or left open.

The bureau announced those who break the panes may have to pay 500 yen (\$10) per window.

Approximately 100 windows a day have been broken as passengers leap into crowded electric trains, rather than wait to get through the doors and risk being left behind.

Patience And Fortitude

Boston.—(AP)—Patrolman John McMorro is a man of understanding—even for a dog that bit him.

He accepted the young master's plea that the pet once was kicked by a man in uniform.

Sudden Change

Cleveland.—(AP)—The weather bureau missed one prediction yesterday—that there would be showers inside its office at Cleveland airport.

But the employees were prepared for the emergency. They worked in raincoats until a leaky roof was repaired.

Secretary of State George C. Marshall (right) talks with Rep. W. G. Andrews (R.-NY), chairman of the House Armed Services Committee, June 3, before testifying that unless the U. S. sends military training missions to foreign nations wanting them some other country will.

Louisville — Delegates to District Grand Lodge No. 2 of B'nai B'rith laid a wreath on the tomb of the late Associate Justice Louis D. Brandeis of the U. S. Supreme Court, here, paying tribute to him as one who "helped to perpetuate the American way of life."

Horse Cave — Funeral services will be held here tomorrow for Edward Poynter, 19, who died yesterday in Samson Hospital, Glasgow, of injuries suffered in an automobile accident Monday night.

Louisville — Simple ceremonies at the graves of 350 Confederate veterans here yesterday marked Confederate Memorial Day, with events in charge of the Albert Sidney Johnston Chapter, United Daughters of the Confederacy.

The Hancock County Farm Bureau distributed about 600 bushels of hybrid seed corn to its members in April.

Soil Improvement Proves Profitable On Hickman Farm

Twenty years ago, Ode Mullins of Hickman county paid \$20 an acre for a part of his farm. This year, it is predicted that 30 acres of that tract will net approximately \$3,000 for a crop of fescue grass seed and pasture.

Mullins has used good farming practices to improve his soil, said Farm Agent Warren Thompson, draining it with home-owned equipment and adding lime and phosphate. Last September, he sowed certified Ky. 31 fescue grass seed, using the fertilizer attachment on his wheat drill to distribute evenly the mixture of five pounds of seed with 200 pounds of mixed fertilizer per acre. In addition to the 200 to 250 pounds of seed per acre it is anticipated he will harvest, he will have a pasture of fescue, ladino white clover, redtop and timothy, the last two being volunteer crops.

Chicks Blank Union City 9-0; Play Owensboro Oilers Tonight

A good time was had by all at Fulton, that is at Fairfield Park last night as the Chickadees blanked the Union City Greyhounds 9-0 in partial revenge for two defeats at the hands of the Tennessee team here this week.

Whitley Lynch pitched shut-out ball for Fulton, giving up eight hits. Beck, Union City pitcher who went the route, was tagged for 11 hits. The Chicks got their first score in the third and followed with four more in both the sixth and seventh innings to humiliate the Oilers.

Fulton's team has gone to Owensboro today to open a three-game series with the Oilers, always a tough team to beat.

Propst were caught in a double play.

In Fulton's big sixth inning Gray, Propst and Peterson hit safely and scored and Manager Johnny Gill, who went to first on a walk, also came in to put the Chicks in front 5-0. A wild pitch by Beck and an error by John Union City catcher, helped bring in the Fulton runs.

Scoring for the Chicks in the seventh were Propst, who made it to first on a shortstop's error; Gill, who hit his only safe blow of the night; Seawright, who got on base through the third baseman's bungle; and Peterson, who made his third single in four trips to the plate.

Tommy Buck and Pete Peterson led in runs batted in with two apiece.

Johnson Is Happy, Or Else Unhappy As Pro Cage Coach

Morehead, Ky., June 4.—(P)—Ellis Johnson is expected to arrive at Morehead State Teachers College today and clarify his coaching position with the school.

Dr. William Baird, president of Morehead, said yesterday that Johnson would request his release from the Louisville Professional basketball club he had signed to coach and would return to the campus.

Johnson was quoted by Dr. Baird as saying "he was very unhappy" in his new connections.

In Chicago, Willis Wyatt, president of the professional club, said he had talked with Johnson in Detroit Monday and that the coach was "very happy and satisfied with his coaching job with us."

The Fine Art of the Apothecary has not been lost

● The old apothecary of other years was a mysterious and romantic figure. Under his magic influence roots, herbs, and minerals were turned into pills, extracts, and plasters. The doctor's prescriptions were filled, the patient's health and comfort restored. Although much of the mystery with which he was surrounded has vanished, the fine art of the apothecary has not been lost. A visit to our prescription department will convince the most skeptical that his function is an important adjunct to modern medical practice. When you find it necessary to consult a physician, bring your prescriptions to us to be filled. Your doctor's orders will be followed to the letter.

tion will come in the sectional playoffs June 20-21 in the South they're so eager that Alabama, Auburn, Clemson and Virginia will play an elimination series next week for the district 3 bid... would it be impolite to say "I told ya so?"

Identity Confirmed
At a ball game between Austin and Wichita Falls in the Texas Big State League Sunday the Wichita Falls Spudders called upon a pinch hitter—a big red headed kid stepped up and told Umpire Berry: "I'm Albert R. McCarty of Jonesboro, Ark. my uniform number is 16 and I'm coming in to hit for third baseman Eddie Storenski. I'll go into the lineup at third base, but first I'm liable to knock the ball out of the park." The ump wanted to repeat it all to the crowd just for the laugh, but a routine cut in first... so Berry still was chuckling to himself when McCarty slammed a home run over the right field wall.

door record which Greg Rice set in 1939... a pair of Louisiana State U. footballers, Don Sandifer and Joe Leach plan to spend their Summer vacation on a raft, floating 400 miles down the Red and Mississippi Rivers from Shreveport, La., to New Orleans wonder if that's what the purity boys mean when they say Southeastern Conference athletes get a free ride?

Wall Street Report

New York, June 4.—(AP)—Leading stocks, with centered exceptions, again operated on the recovery side of today's market. While dealings tapered after a fairly active opening, advances of fractions to a point or so were distributed near midday.

Ahead most of the time were Republic Steel, Youngstown Sheet, Woolworth, Consolidated Edison, North American, Public Service of N. J., Westinghouse, du Pont, Allied Chemical, Union Carbide, J. C. Penney, Philip Morris, Southern Pacific, Southern Railway and Northern Pacific. Occasional losers included Bethlehem, Goodyear, Glenn Martin, American Telephone, Standard Oil (NJ) and N. Y. Central.

Bonds and cotton futures were steady. Utility share analysts directed their attention to the continued high level of electric power production. For the country as a whole, the Edison Electric Institute estimated output during the week concluded May 31 at 4,429,109,000 kilowatt hours. This was an increase of 18.4 percent over the like 1946 period.
