## Boy Scouts To Make Trip To Pakentuck

June 29 - July 6  
Camping Days  
For This District

### CAMP OPENS JUNE 8

Boy Scouts of the Dry Lake District, including Fulton and vicinity, have begun looking forward to a summer trip to Camp Pakentuck, "The Boys' Paradise," near Clark, Ill.

Camp Pakentuck, with its many traditions, rugged scenery and outdoor attractions, will open its camping season Sunday, June 8. Dry Lake District Scouts plan to be there June 29 to July 6.

A new lake will furnish fresh water for the falls and swimming pool. The pool has been enlarged this year, and many improvements have been made in the mess hall and kitchen.

Arrangements have been made with Brooks Bus Lines and Southern Trailways to provide special buses for the Scouts of this area without an additional charge.

Gene Hogwood returns as camp director this year, in addition to a number of veteran Scouts and Scouters including Bill Pogue of Murray State college and Jimmy List of the University of Kentucky.

Religious services will be held each Sunday morning during the camping season. Catholic Scouts will be provided transportation to the nearest church.

A special program will be held each day of the time the Dry Lake Scouts are at Pakentuck. These include a carnival, hike, water carnival, field meet and camporee.

Every Scout can pass his second and first class tests, and may advance in the merit badge program, the camp's informational bulletin says.

Georgetown—Funeral services will be held today for Brice Martin Goldsborough, 79, long-time vice president of the Anti-Saloon League and prohibition worker for 30 years. He died yesterday in a Lexington sanitarium.

Lexington—Thieves broke into a safe in the office of Nic-Nac Foods Company here and escaped with between \$4,000 and \$5,000 in cash and checks.

Louisville—Jefferson County Judge Horace Baker late yesterday ordered County Road Engineer W. B. Roberts to appear before him June 17 on charges of failure to account for money belonging to the county, failure to carry out orders of the fiscal court and charges of improper conduct. Roberts denied all charges.

Franklin—Coroner Harry Booker said Larry Wayne Vaughn, 5-year-old son of Mr. and Mrs. Aubrey Vaughn, was found dead at his farm home here with a 22 caliber rifle bullet in his chest. With him was his brother, Buddy, 7, who was overcome with grief and unable to give a coherent account of the tragedy, Booker said. The parents had gone to Franklin to shop.

Versailles—Raymond P. Bell, 22, Lexington, was killed almost instantly when the automobile he was driving collided with the rear of a coal truck on the Lexington Pike, two miles from Versailles. The truck driver, Fred Dempsey 33, Frankfort, suffered head injuries.

Louisville—Bids have been opened here on the last of 600 pieces of real estate listed among the assets of the National Bank of Kentucky when it failed 17 years ago.

Pineville—Bell County Judge J. Nathan Elliott, who had re-divided the precincts in the city of Middlesboro so that the U. S. District Court of the Eastern District of Kentucky would have jurisdiction, has been named referee in bankruptcy of the U. S. District Court of the Eastern District of Kentucky.

## Senate is Ready to Send Labor Bill to President; Sen. Taft Sure It Could Pass Congress Over Veto

Washington, June 5—(AP)—Approved in the House by a lopsided vote, a compromise labor bill comes up in the Senate today for final Congressional action before being sent to the White House for President Truman to accept or reject.

There is no question that the Senate will approve the GOP-backed bill which provides curbs on labor union activities.

The House accepted the bill late yesterday 320 to 79—a far greater margin than the two-thirds majority necessary to override a Presidential veto.

Senator Taft (R-Ohio), Senate Labor Committee chairman, struck to a prediction that the bill will become law even in event of a veto, meaning he thinks the measure can muster a two-thirds majority in Senate and House to overcome a Presidential rejection.

However Senator Pepper (D-Fla.) said that a vote to override a veto would be "very close" since Democrats would switch over to support the Presidential rejection.

The bill is a compromise of versions which the House and Senate passed earlier.

Senator Bridges (R-NH) conceded that the Senate, when it gets around to voting today, will ratify the Italian treaty he opposes along with those for Romania, Hungary and Bulgaria.

Bridges, who criticized the Italian treaty yesterday as "an invitation to war," told reporters that the fight to block ratification was lost.

House Democrats were optimistic over prospects of restoring to the Army appropriation bill a \$40,000,000 fund for airplane purchases. They expected some Republican support in view of arguments sounded by both Democrats and Republicans yesterday for a strong air force.

The \$40,000,000 was trimmed from the 1948 Army appropriation bill by the House Appropriation Committee which slashed the President's War Department budget recommendations more than 8 percent to a total of \$3,240,982,423.

Clinton Randle Hickman, a candidate for the doctor of philosophy degree.

This year's class includes representatives of 95 Kentucky counties, 22 other states, one United States possession, and two foreign countries. The previous high was 466 degrees, presented in June, 1939.

Students who completed requirements for graduation in December and March, as well as Spring-quarter graduates, were included in the year-end list of graduates released by the university.

Barry Bingham, president of the Courier-Journal, the Louisville Times and radio station WHAS, will deliver the commencement address.

Among the out-of-town friends who attended funeral services for Joseph Carlos Clapp yesterday afternoon at the First Baptist church were the following honorary pall bearers:

P. H. Croft, Chicago; C. I. Van Arsdale, R. P. Jones, L. H. White, L. H. Griffith, H. F. Fisher, L. E. Webb, C. A. Hagen, F. I. Lingle, J. H. Meigs, Carbondale, Ill.; D. T. Quitt, J. H. Wilson, C. E. Hagan, Blufford, Ill.; L. E. Webb, Reesville; D. T. Crocker, I. D. Holmes, Dyersburg, Tenn.

Honorary pall bearers from Fulton included J. S. Mills, C. C. Croft, W. E. Snodgrass, H. Perigson, and members of the Masonic Order.

Paducah Lad, 8, Drowns In Lake Near Benton, Ky.

Paducah—Eight-year-old James Edward Moss Jr., 2017 Clark, was drowned in Kentucky Lake early Wednesday afternoon.

It was reported that the boy was wading along the bank of the lake near the Girl Scout camp eight miles east of Benton, and apparently stepped into deep water or a pit hole which caused him to go under.

Playmates and workmen at the camp saw the boy disappear beneath the water, but were unable to rescue him.

Two Arabs Killed By Jew Bombs, British Report

Jerusalem, June 5—(AP)—Two Arabs were slain today in new outbreaks of Holy Land violence during which bombings, said by British authorities to be the work of Jewish extremists, wrecked the Athlit railway station and cut the Iraq Petroleum Company's oil pipeline Southeast of Haifa.

## Gas Association Names Paul Boyd As New Director

Chicago, Ill., June 5—Paul G. Boyd, of the Airline Gas Company, Fulton, has been elected a member of the board of directors of the Liquefied Petroleum Gas Association, it was announced at the annual meeting held here.

Mr. Boyd will represent on the board the Kentucky firms which produce and market butane and propane, the L.P. gases, and sell the domestic appliances and equipment used with the gases.

Resignation of Orville M. Howard, Harlan, as state revenue commissioner began to have repercussions today.

Alfred S. Portwood, Versailles, director of the Excise Tax Division in the revenue Department, said he has handed in his resignation. Asked why, he replied, "no comment."

Portwood, a Democrat, has worked for the department 11 1-2 years.

Appointment of Azro Hadley, Columbia, former Adair circuit clerk, as Howard's successor as

head of the department is expected shortly.

In addition to Portwood, another official in the department, a Republican, was said to be ready to quit if Hadley is named commissioner. This official declared he would have nothing to say until Hadley's appointment is announced by the Governor.

Howard resigned before filing his declaration papers as a candidate for Republican nomination as lieutenant governor. He will be the running mate of John Fred Williams, the Governor's choice for nomination as Governor.

Commissioner Willis said his resignation was prompted by the replacement of "my personal friend," Charles F. Brown, Jr., of Louisville, as alcoholic beverage commissioner.

Interviewed in Louisville last night, the Governor declared the industrial relations commissioner was advancing "fictitious" reasons for his resignation and that in reality he was quitting to run for office. L. C. Willis has been suggested as a possible C. O. P. nominee for state treasurer and is reported being considered for the position of city controller of Louisville.

Under attack from Attorney General Eldon S. Dummit were the appointments made by the Governor yesterday of John E. Shepard, Covington, as alcoholic beverage commissioner, succeeding Brown, and of Beverly B. Waddill, Madisonville, as state liquor administrator, replacing Rollie E. Krown, Morgantown, who resigned yesterday.

Dummit said Shepard and Waddill lack experience for their jobs required by statute, and warned Finance Commissioner Clarence Miller and State Treasurer Tom Vinson to hold up any pay for the two men.

Mrs. Lucy Smith Drops Her Race To Assist Him

Frankfort, Ky., June 5—(AP)—Congressman Earle C. Clements of Morganfield topped the list of new filings of candidates for office late yesterday. He will seek the Democratic nomination for governor.

Clements had been an avowed candidate for some time. His formal petition for a place on the primary ballot next Aug. 2 was brought into the Secretary of State's office here by William B. Martin, Lexington attorney and former U. S. Commissioner.

Joseph W. Schneider, Covington, former state securities director, and Charles Richardson, Mt. Sterling, both filed for the Democratic nomination for state treasurer.

In Louisville, Mrs. Lucy L. Smith of Entenree was named as state women's campaign manager for Clements. The Clements campaign headquarters said Mrs. Smith had withdrawn as a candidate for state superintendent of public instruction to accept the post.

Mine Shutdown Looming July 7; Negotiations Fail

Washington, June 5—(AP)—Every sign points today to a new case of coal strike jitters before the threat of another mine shutdown July 7 is settled by John L. Lewis and the operators.

Both the United Mine Workers' chief and the soft coal mine owners prepared to put each other's patience to the test as the last of their contract negotiations broke down yesterday.

The government must return the mines to private ownership July 1, when its authority to continue running the seized pits runs out.

However, on June 27 the miners begin a 10-day vacation called for officially under their government contract.

### Republicans In Double Over Resignations, New Choices

Frankfort, Ky., June 5—(AP)—Governor Willis appointed Charles R. Peebles, Ashland, today as acting commissioner of Industrial relations, succeeding L. C. Willis who resigned angrily yesterday.

Peebles has been secretary of the State Workmen's Compensation Board, a division of the Industrial Relations Department.

Resignation of Orville M. Howard, Harlan, as state revenue commissioner began to have repercussions today.

### State Department Is Investigating Russian Strategy

Washington, June 5—(AP)—President Truman today denounced the Communist coup in Hungary as an outrage and asserted that the United States does not intend to stand idly by in that situation.

He told a news conference that the State Department right now is looking into the whole Hungarian affair.

A reporter said that it has been suggested that the United States is sometimes in the position of shaking its fist at Hungary and sometimes just snaking its finger. He inquired whether the United States intended to do something in the present situation and Mr. Truman replied that it does not intend to stand idly by.

In response to another inquiry he said that the Hungarian situation is terrible and reiterated that the State Department is making a full investigation.

Diplomatic authorities are speculating whether the Hungarian coup may be followed by steps to set up a Balkan federation of Soviet-dominated states in Eastern and Southern Europe.

Until last week, "Hungary's non-Communist government was the sole break in an otherwise solid lineup of Moscow-controlled nations extending from the Baltic to the Adriatic seas."

Marshal Tito of Yugoslavia has been an outspoken advocate of a formal Balkan federation, and such a development now is being viewed here as a definite possibility.

Like the Hungarian overturn, it would be regarded as (1) a curt Moscow rejoinder to the American program of aid to Greece and Turkey and (2) a move to solidify the Soviet bloc before final ratification of the satellite peace treaties forces withdrawal of Red army occupation forces.

Diplomats also consider as a possible next Russian step in eastern Europe some action to perpetuate the Communist domination of Czechoslovakia.

A leftist bloc which included Communists won last year's elections there, but a more recent rightist trend has suggested that the Communists might slip back to second or third place in the next national balloting.

Meanwhile, a formal United States protest and further economic slaps remained under consideration at the State Department to express this government's concern over the Communist seizure of control in Hungary.

That country's minister to Washington, Aladar Szegedy-Maszak, used un diplomatic terms to denounce "the Soviets and their agents" in announcing yesterday that he and most of his staff will not "recognize" the new Budapest regime.

Both the minister and 23 year old Francis Nagy, Jr., legation attache and son of the ousted prime minister, defied an order to return to Budapest for "consultation."

Szegedy-Maszak said in a statement that the Communists, with Russian backing, were applying the charge of conspiracy for the "practical eradication of every one who stood in their way."

Cambridge, Mass., June 5—(AP)—Secretary of State Marshall called upon the countries of Europe today to work out together a great new program of reconstruction.

He promised American economic assistance and support "so far as it may be practical."

And at the same time he pledged the United States to oppose "any government which maneuvers to block the recovery of other countries."

Without naming any foreign country or party, Marshall declared in the outline of an address prepared for a meeting of the Harvard Alumni Association: "Governments, political parties or groups which seek to perpetuate human misery in order to profit therefrom politically or otherwise will encounter the opposition of the United States."

### State and Federal Officers Capture Trauth In Whitley

London, Ky., June 5—(AP)—Robert Trauth, 22, wanted by state and federal authorities in connection with a series of hold-ups and thefts in Cincinnati, Covington and elsewhere, was lodged in jail here after his arrest late yesterday at Carpenters, Whitley county.

Trauth, who had eluded a dozen attempts to capture him and had boasted he never would be taken alive, surrendered without a struggle.

State Highway Patrolmen and an F. B. I. agent arrested Trauth in an automobile with Hazel Knight, 18, whom he said he had known only a week.

## The Language Grows

Linguists say English is the most difficult language to learn unless it is one's mother tongue. Ours is a combination of many ancient and modern languages—drawing heavily from the Latin and Anglo-Saxon, with a generous sprinkling of Greek, German, Romance and other languages. It's interesting to note some of the new additions to our vocabulary, many of them outgrowths of the recent war.

The Encyclopaedia Britannica 1947 Book of the year lists the following words and phrases which have become generally accepted:

Banana money; Japanese currency, so named because it bears the design of a banana.

Boom-and-bust: A cycle of economic inflation and deflation.

Bungalow biddy: A huge machine, made by R. G. LeTourneau, Inc., which can "lay" a 24 ft. x 30 ft. 4-room concrete house in 24 hours.

Buyer's strike: A movement by consumers to force prices down by declining to buy.

Caretaker: Pertaining to something temporary; stop-gap; as, a caretaker government.

Drone: A plane handled by remote control from a control or mother ship.

Echo: A radar wave which has been reflected from an object.

Fact finder: One engaged, as in a labor dispute, to ascertain the facts of a case.

Gray market: A modified black market.

Hot: Pertaining to objects which have been made radioactive.

Huckster: A radio advertising man.

Huks: Shortening of "Hukbalanaps," a Tagalog word meaning "armed peasants," "people's army."

Mad Operator: Navy nickname for the magnetic air-borne detector which enables aeroplanes to locate submerged submarines.

Mothered: Controlled by a mother plane.

Pleasantropolis: An "almost man," some of whose skeletal remains were found by Dr. Robert Broom not far from Johannesburg, South Africa.

Ribbon city: A city about a mile wide built along a highway.

Sitter: Short for baby sitter; one, usually a teen-age girl, who sits with a baby while the grown-ups are out.

Snake: Nickname of a device used during an advance to destroy wires and detonate mines.

Velvet curtain: Term used by the U. S. S. R. to describe British secrecy in British-occupied Europe and the Middle East.

## Joey—Tell Us

A news dispatch from Washington says that Josef Stalin is having servant trouble, just like Mrs. Joe Doakes, U. S. A. The Soviet chief-tain lacks a cook and has to take his meals with Foreign Minister Vyacheslav V. Molotov and his family. The point of the dispatch is that when Stalin sits down at the table, the Molotovs' maid asks "Joe, what will you have?" That's amusing, if true, but what interests us more is why Joe Stalin doesn't have a cook. Did the previous one just up and quit? Did some predatory neighbor entice him or her away with promise of two nights out and more pay? Or can one quit a job in "democratic" Russia? (Park City News, Bowling Green).

## POOR LANDS GROWS FESCUE

On land so poor that little vegetation would grow a year ago, Clarence Oldfield of Clark county expects to harvest at least 200 bushels of meadow fescue seed this year, according to Charles D. Shouse, county agent. On this 30-acre field, Mr. Oldfield used 200 pounds of mixed fertilizer at the time of sowing, and top-dressed it this spring with 100 pounds of ammonium nitrate. On May 1, the grass was six to eight inches

high.

and family the past week. Mr. and Mrs. Bill Bone, Helen McCollum and Roy House, of St. Louis, were weekend guests of the former's parents, Mr. and Mrs. Ruby T. Bone, and family.

Mrs. Walter Combs, of East Prairie, Mo., was a Friday guest of her aunt, Mrs. Emma Mosby, Arlington and vicinity was subjected to a hard wind, electrical and rain storm Sunday night.

The rains will again delay the farmers in getting their corn and other crops planted.

## Honk! There's A Cop

Watertown, Mass.—(AP)—It's going to be easy to call a cop in this town. Signal boxes have been equipped with horns to summon an officer in daytime and with flashing lights for night alarms.

Vincent D. Kojak of Cicero, Ill., 34-year-old paraplegic patient at Vaughan Hospital at nearby Hines, Ill., lies on a stretcher and lets go with a would-be strike as he participates in a bowling tournament for paralyzed veterans at the hospital.

### Sports Roundup

By Hugh Fullerton, Jr.

New York, June 5.—(AP)—Interesting if true item: a story from the South is that the "angel" of one of the big football colleges disagreed with the coach and switched his backing to little Mississippi Southern. We'll see if any high-powered athletes turn up there.

Marinus Freiberger, the six-foot, nine-inch schoolboy basketball player from Greenville, Tex., who was sought by almost everyone, finally settled on Southern Methodist U. and its new coach, Doc Hayes. Freiberger isn't just tall; he can move and he scored 46 points in one game.

Notre Dame football fans are mourning the disappearance of their Irish terrier mascot, Clashmore Mike II. Wonder if anyone has looked at the U. of San Francisco.

**MONOTONOUS, EH?**

In Bristol, N. H., 15-year-old Billie Marston pitches for the high school baseball team. His twin brother, Charlie, does the catching. . . in his first

five games this season. Billie turned in a four-hit game. A two-hitter, two one-hitters and finally a no-hit feat. He lost the no-hitter by a 1-0 score, then pitched three shutouts within eight days.

### ONE-MINUTE SPORTS PAGE

George (Doc) Jacobs, who coached baseball at Villanova from 1932 to 1943 and turned out such players as Mickey Vernon, Len Merullo, Nick Etten, Ben Geraghty and Frank Skaff, is due to be named athletic director at a New England college this month.

Corp. Wally Teninga, who'll return to football at Michigan next fall, has become a boxing writer because he plays baseball. . . when the sports editor of the Camp Lee, Va., paper found most of his staff was due for discharge, he consented to cover baseball only if the squad would provide a sports writer for other assignments.

Second Baseman Teninga took the job. . . Notre Dame's Frank Leahy, who'll coach the College All-Stars for the Chicago game this year, and Clark Shaughnessy have promised to "tell all" about the "T" formation at a Pasadena, Calif., clinic in July. They should devote plenty of time to the "cloth block."

**NEAR MISS**

When the Durham Bulls staged a 17-run inning against Leaksville in a recent Carolina League baseball game, first baseman Turkey Tyson of Durham came close to establishing

a record. . . Tyson fanned on his first two trips to the plate when everybody else was hitting, but he finally got on base the third time to escape setting a futile mark.

### CLEANING THE CUFF

Bobby Locks will take the British Open golf cup back to England, if Sam Snead isn't returning to defend it, and chances are that Bobby will lug it away again, too.

The Sodona Mission Inn in California will entertain five pro football teams next Fall. Maybe the manager can let two seats on the 50-year line from one of them, judging by the wreckage they left in Detroit yesterday, the Yankees' motto in their drive for the American League lead must be "shoot to kill."

### First Region Nines Reach Semi-Finals

Baruch, Ky., June 5.—(AP)—Beaton high school will meet Heath and Lone Oak will play Ballard County high school of La Center this afternoon in the semi-finals of the First Region high school baseball tournament here.

Beaton defeated St. Mary's 5-3 and Lone Oak won over Blandville 4-0 here yesterday. Finals are scheduled for tomorrow.

The Republic of Hawaii was established in 1894 and continued until the islands became an organized territory of the United States in 1900.

### British are Coming After Ryder Cup

Philadelphia, June 5.—(AP)—It may take until November but the British are coming in an attempt to atone for their Walker Cup defeat and the humiliation of an All-American final in the British Amateur gold championship.

Big Ed Dudley, president of the Professional Golf Association, says the Ryder Cup golf matches between the United States and Britain will be renewed this year if at all possible despite reports to the contrary.

The British, Dudley declared, have advised him they won't be able to make it for Ryder Cup competition before late November because of a heavy schedule.

The U. S. won the cup, donated by Samuel Ryder, British sportsman, by defeating the British team at Southport, England, in 1937. Competition for the prize was scheduled in 1939 in Florida but war interrupted the play.

### In Kentucky

Madisonville—Hopkins county's first all-woman jury, after 15 minutes' deliberation, here yesterday, acquitted Vernon Harris, charged with storing and possessing intoxicating liquor for sale in local option territory.

Lexington—A group of 83 Central Kentucky business and professional men left yesterday on

a tour of the principal cities of Virginia.

Mt. Sterling—Thomas B. Jones, 54, city councilman and retired merchant, was killed when his horse threw him while he was

riding on his farm on the Winchester Road.

About 800 acres of barley were seeded in Bourbon county from certified seed produced within the county.

## UN Information

Question: Is the commission of inquiry on Palestine planning to visit the displaced persons camps in Europe?

Answer: It was authorized by the General Assembly session which set up the commission, to go anywhere it wishes in order to get a complete picture of the Palestine situation. The Arab League feels that visiting the DP camps has no bearing on the situation.

Question: Is ICAO an official affiliate of UN?

Answer: The International Civil Aviation Organization, which has just concluded its

first session in Montreal, approved the draft agreement for its formal affiliation with UN.

Question: Is not Dr. Eelco Van Kieffens, new Dutch Ambassador to the U. S., a UN delegate as well?

Answer: No. Dr. Van Kieffens served as Netherlands representative to the session of the UN Economic and Social Council which concluded recently, and also as his country's delegate to

the Security Council for a time. He returned to Holland several weeks ago and now will assume his new post in Washington.

# Put yourself on EASY Street

SKIP styling for a moment—it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance—with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road.

What else has the trim Buick got that others can't quite come up to?

You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a ride—a smooth, level, easy stride that makes you think of a canoe drifting in quiet waters.

One reason: It was Buick that first introduced the American public to soft, gentle coil springing on all four wheels.

It was Buick that first made it

possible for each wheel to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed.

Buick's coil springs keep their

gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

The net of it all is that you put yourself on Easy Street when you seat yourself in a Buick. You make every road a better road—every ride an adventure in smooth and buoyant comfort.

Why not drop in and learn more? Whether you have a car to trade or want to talk on a "clean deal" basis, you'll always find a warm welcome here.

### Male High Track Team Wins State Meet Fifth Time

Lexington, Ky. June 5—(AP)—Male high school of Louisville was state track champion again for the fifth time in six years after a state high school track and field meet here yesterday which saw six records shattered.

Male registered 34 7-10 points, although it won only one event, the shotput. Louisville's St. Xavier placed second with 31 points. Paducah Tilghman was third with 21 1-2. St. Xavier, an operation. She is reported doing nicely.

with five firsts, and Tilghman with two, were the only schools to win more than one event.

Bill Stoops of St. X set a record 21.7 seconds for the 220-yard relay team broke the previous state record for that event with a time of one minute and 32.1 seconds. The same school broke the mile relay mark with three minutes and 33.4 seconds.
