The administration's program for Congress includes the enactment of Nicaragua canal legislation, the passage of the army and navy bills, appropriation of \$30,000,000 to indemnify Spain, and the ratification of the peace treaty.

**BYRON THEIR CHOICE.**  
Candidates made by the New York Herald of State Committee and leading Democratic politicians throughout the country show Byron to be almost their unanimous choice for the position in 1909.

**INTENSELY PRACTICAL.**  
Mr. Waterson proposes a presidential ticket for the Democrats composed of a Vermont Republican and a Virginia golding on no platform at all. For intensely practical advice to the Democrats Mr. Waterson will soon rival Dick Knott.—Owensboro Messenger.

**FORCES AGAINST MILLER.**  
Figures obtained from the War Department show that Gen. Miller has lost 1,000 men of the Fifty-first Infantry, 1,000 men of the Fifth Artillery, total, 2,000. The Philippines have lost 1,000, at Negroes 17,000, and killed several thousands; total, 30,000.

**WHAT OF 1909.**  
What was expected of the year 1909, which is already history? Will it be the long deferred realization of promises? Will it bring reforms that were promised in 1908 and which have not appeared? Will it bring reckless imperialism or wholesome conservatism? Will the fulfills of property be before the youthful year, do so ambitious and joyous, gives way to the younger and brighter 1900, which in its turn, will specially die with the century? Will it even in its brevity, mark the beginning of the decadence of the Republic? Or will it be the beginning of a new era of development and substantiality?—Owensboro Enquirer.

**THE LIVING AGE.**

Several features of striking interest will be found in the opening numbers of The Living Age for the new year. The number for January contains, among other things, a pungent and wholesome lecture on Art and Morality, by M. Ferdinand Brunetiere, which is translated for the magazine and copyrighted by it; the first installment of The Birmingham Letters, which are attracting wide notice in The Cornhill by their cleverness; and the beginning of a short serial. The number for January 16, gives the full text of Lord Rosebery's recent address on Literary Stammer, which has been the subject of general comment; an article from Blackwood on The Ethics of Conquest, which relates to the Philippines; and a bright paper on The Madness of Mr. Kipling.

**DEAFNESS CANNOT BE CURED.**  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running round the ear, imperfect hearing, and when it catches cold a deafness is the result, and unless inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of time are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

**CHANGE IN AGENTS.**

Mr. L. P. Nash, Illinois Central agent at Princeton, Ky., has resigned his position, and was yesterday succeeded by T. A. Banks. Mr. Nash has severed his connection with the road. Other new agents appointed were: J. L. Telf, Nortonville; McHenry Biron, Morganfield; J. M. Tichenor, Beaver Dam; R. E. Lee, Central City. All of the appointments are promotions with the exception of the one at Princeton.

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pigeon's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

**LATE RULING.**

The Commissioner of Internal Revenue, N. B. Scott, has issued a new ruling relative to the cancellation of proprietary and documentary stamps. The ruling was dated December 28, but went into effect January 1. The ruling requires that upon each stamp the name and number of the owner be written in ink.
