26 I. C. Men Finish Class In Psychology Diplomas Given By U. of K. Head, Personnel Chief

STUDIED 11 WEEKS

Twenty-six supervisors of the Illinois Central who were enrolled in a University of Kentucky psychology course here 11 weeks ago were graduated yesterday afternoon. They received 32 hours' instruction in the application of psychology to supervision of the railroad. Dr. Karl T. Compton, MIT president and chairman of President Truman's special commission on universal training, tells House Armed Services committee at hearing in Washington that Congress should speed action on universal training legislation because it "would not be safe to count upon international disarmament."

Certificates of completion were presented to the graduates here by Dr. H. L. Donovan, president of the University of Kentucky, on behalf of that institution, and by C. R. Young, director of personnel, for the railroad.

The course given at Fulton and Paducah is part of the Illinois Central's plan to make instructions in applied psychology available to some 1600 of their key supervisors at 20 points along its 6600 miles of line. Other enrollment points are Louisville, Ky.; Jackson, Vicksburg, and McComb, Miss.; Baton Rouge and New Orleans, La.; Birmingham, Ala.; Chicago, Freeport, Champaign, Clinton, East St. Louis, Centerville, and Carbondale, Ill.; Fort Dodge and Waterloo, Ia.

Outside Kentucky the following universities are conducting classes for the Illinois Central in their respective states: University of Tennessee, Mississippi State college, Louisiana State university, University of Alabama, University of Illinois and Iowa State college. All officers of the railroad of the rank of superintendent and above have already taken a condensed version of the course. The present classes include the upper levels of division supervisory employees, who are receiving the complete course. The railroad plans eventually to extend this course to all of its employees who supervise the work of others.

Those from Fulton who received certificates yesterday were E. R. McMahon and H. A. Rust, trainmasters; C. S. Nelms, traveling engineer; C. S. Selsor, fuel engineer; R. M. Lynch, general yardmaster; S. H. Steele, yardmaster; H. N. Strong, crew inspector, dining; F. A. Fitzpatrick, assistant trainmaster; V. J. Voegel, round house foreman; M. E. Daws, car foreman; L. H. Beardsley, assistant car foreman; W. C. Jacob, assistant division engineer; C. B. Johnson, special agent; F. Bryant, station master; G. M. Jones, lieutenant; J. A. Bowers, storekeeper; R. F. Kelley, commissary storekeeper; J. A. Paris, general foreman, maintenance of way; L. R. Williamson, district foreman, commissary; Ben Scherer, supervisor water works; J. S. Mills, D. T. Crocker and I. D. Holmes, track supervisors. Other graduates were A. H. Brown, supervising agent, Chicago; W. T. Sullivan, agent, Mayfield; and J. E. Milner, agent, Dyersburg, Tenn.

Kentucky Today

Bowling Green—Gaylon Reynolds, 37-year-old war veteran died in his home at Rockfield yesterday of self-inflicted gunshot wounds. Coroner Chester Basham reported here. The coroner said he was told Reynolds had been in poor health.

Louisville—Harry J. Gillison, Cincinnati, secretary of the National Funeral Directors Association, speaking at a meeting of Kentucky morticians here, urged a high grade of education for the craft, in order to raise it to the level of a profession.

Louisville—The federal government has purchased the Gibbs-Inman building on West Broadway, now occupied by the U. S. Engineers' offices. The building was purchased from the Citizens Fidelity Bank and Trust Company for \$350,000.

Louisville—Raymond L. Vincent, commonwealth's attorney at Williamstown, has been named assistant campaign manager for Harry Lee Waterfield, who seeks the Democratic nomination for Governor.

Dr. Karl T. Compton, MIT president and chairman of President Truman's special commission on universal training, tells House Armed Services committee at hearing in Washington that Congress should speed action on universal training legislation because it "would not be safe to count upon international disarmament."

Sugar Made Ration-Free Last Midnight

You Can Throw That Ration Book Away If You Like

PRICE CURBS REMAIN

Washington, June 12—(AP)—The last war-imposed coupon control over the American public vanished today, as sugar rationing for home, restaurant and hotel use ended at midnight. After five years in which ration stamps meant more than money—when it came to meat, canned goods, shoes, tires, gasoline and a host of other things—individual Americans are free of coupon worries for the first time since April 28, 1942.

The last ration book can be thrown away.

However, sugar price controls remain. So does rationing of industrial sugar. But these two curbs are scheduled to end Oct. 31.

Secretary of Agriculture Anderson ordered the sugar ration end late yesterday, thus beating the Republican-controlled Congress to the draw. The House had set for a vote today a bill calling for an immediate end to household sugar rationing.

A Republican spokesman indicated Congress would go ahead with the bill to make sure no return to controls could be ordered.

Sugar was the first food rationed and the last freed from coupon control.

Anderson gave three specific reasons for his action: 1. The International Emergency Food Council allotted the United States an extra 350,000 tons from the world sugar pool; 2. Cuba has a sugar surplus which is expected to ease demands from other parts of the world, and 3. Some 200,000 tons of Japanese sugar will be offered to world users immediately.

The only remaining major control affecting individuals is that holding down rents.

Congress probably will pass a bill this week continuing modified rent controls for at least another six months. However, the same measure is expected to ease all restrictions over construction and building materials.

Weatherman Was More Cooperative Last Week; Farmers Welcomed End of Rains, Heat Wave On

Farmers who had been hoping for some hot, dry weather during the week just closed say their wish came true as temperatures soared to an official high of 95 degrees at the Paris, Tenn., weather bureau station, serving this section of West Kentucky.

Average temperature during the week was 78 degrees, the low was 51, and no precipitation was recorded.

The weather was favorable for field work and the best for crop growth so far this season. Although the soil was very wet generally at the beginning of the week, drying weather re-

He'll Come Back -- For \$19,000 It's Back to Work for Truman after Canada

Cincinnati, June 12—(AP)—A brown overnight bag containing \$19,000 in bills found in the Greater Cincinnati airport restaurant Tuesday night belonged to Nat Weiner, 45, manager of a Miami, Fla., hotel, who had returned to the Queen City to claim the money—his life savings.

Contracted in Miami last night, Weiner said he brought the money to Cincinnati in anticipation of a business deal and left the bag in the restaurant as he and his wife rushed to board a Delta Airliner to take off for Atlanta.

The bag was found by a waitress, who gave it to restaurant manager W. Hess, who turned it over to the Federal Bureau of Investigation.

The FBI would not comment but Weiner furnished these details:

The couple missed the money just as the plane was taking off. On reaching Atlanta the first stop, he telephoned the air-

port located in nearby Boone County, Ky., and was told the money had not been found.

He did not leave the money had been found in the airport restaurant when his wife and he had left for Miami, Fla., to claim the money—his life savings.

Still later he was informed the FBI had the money and he would have to return to Cincinnati to get it back.

Weiner said he did not just bank, but carried his money with him for 10 or 15 years. "But I seldom had that much."

Jury Places Wreck Blame

Clinton Man Responsible For December 3 Crash, McCracken Court Rules

Paducah, Ky., June 12—(AP)—Blame for a three-car traffic crash last Dec. 3 was placed by a jury in McCracken Circuit Court here yesterday upon G. E. Ellis, Clinton, Ark. manufacturer, driver of one of the automobiles. Two men were killed in the collision.

At the same time the jury exonerated William T. Underwood, former Cassie county sheriff, who had been sued for damages by Ellis. The jury awarded Underwood's counterclaim against Ellis for \$1221.

Then the jury tried to award damages against Ellis to four other survivors of the accident but were instructed by Judge Joe L. Price that these others had not filed suits against Ellis and the awards therefore could not be made.

Underwood stood trial on charges of voluntary manslaughter and assault and battery during the April term of circuit court, but a jury disagreed. The case has been set for retrial in September.

Louisville Gas, Electric Can Sell Common Stock

Frankfort, Ky., June 12—(AP)—The Public Service Commission has authorized Louisville Gas & Electric to sell about \$900,000 worth of common stock to L. G. & E. of Delaware, Chairman Charles E. Whittle said today.

The Securities and Exchange Commission ordered dissolution of the Delaware firm two years ago. The firm's only assets now consist of stock it holds in the Kentucky company and about \$900,000 in surplus cash.

The issues at stake in the current Southern Railway strike far transcend a mere dispute over wages," R. K. Jefferies, executive vice-president of the bus company, said of the dispute which has curtailed bus service in Fulton.

Jefferies charged that union demands threaten management's right to operate its own business, and stated that the company has "reached the end of its rope."

He said the bus operators at the time of the strike call were drawing an average of \$301.43 monthly; ticket agents \$225.85; mechanics \$272; and colored porters \$149.40. The official said the bus company has reached a saturation point in the matter of wages.

Asks Higher Rate For Phone Service

Union City—Because of greatly increased wages and higher cost of materials and building construction, the Southern Bell Telephone Company has asked authority to raise telephone rates in Tennessee.

In a petition filed with the Tennessee Railroad and Public Utilities Commission, Southern Bell said expenses in the state had climbed 160 per cent from 1939 through March, 1947, and that revenue in the same period increased only 118 per cent.

The planting of corn is progressing rapidly throughout the state, although some corn land still isn't prepared. Much of the earlier planted corn is up to good stands and many fields were cultivated for the first time. Some soy beans were planted in a few scattered counties. Tobacco setting is in full swing in nearly all sections, and tobacco in the field is in fair to good condition. Northern

counties are far behind tobacco setting.

All small grains are fairly good to good. Wheat is heading or headed, but rust is reported in some sections and the Russian Fly is making an appearance in the southwestern counties. Barley and rye are ripening in eastern and central counties.

Pastures, alfalfa, old and new clover and lespedza are good to excellent. In the south and west peaches and apples vary from fair to good. Gardens generally are fair but improving. Many gardens have not been planted.

President Truman plants a Canadian sugar maple tree on the grounds of Government House, in Ottawa, Canada, the official residence of Viscount Alexander, Canada's governor general.

Meat Prices Reach New High—All Pass Buck Explaining Why

Chicago, June 12—(AP)—The howling steer and the grunting hog jumped back again into the public spotlight today and there were innumerable charges and counter charges in explanation for the sudden boost in meat prices in livestock markets and in butcher shops.

Average price of steers and yearlings at Chicago yesterday rose to an all-time record high at approximately \$28.00 a hundred pounds, according to the Department of Agriculture. This topped the peak of \$25.40 established last October immediately after OPA ceilings were removed.

Live hogs have not advanced as sharply as beef cattle, the top here yesterday being \$24.75 a hundred pounds compared with \$30.00 on Feb. 25.

Cattle receipts at Kansas City yesterday, the largest for a June 11 in 25 years, advanced to the best price since January.

While the price for top grade cattle is lower, the Department said steers of medium and low grade are higher than last October. A smaller percentage of strictly good and choice cattle are arriving and the price spread between various grades is narrowing.

Meanwhile, retail meat prices also advanced during the past several weeks and representatives of butchers in the east blamed the meat packers. In Newark, N. J., butchers threatened to close shop unless prices come down.

"The butchers are helpless, and are getting so fed up they're ready to take a vacation," Joseph Viani, president of the Independent Retail Butchers Association of New Jersey, said.

Large packers in Chicago discounting of heavy foreign export, said advancing meat prices represented an "amazing" domestic consumer demand, particularly for beef. This, they said, also was reflected in the high price for beef cattle at livestock markets.

Seek Shotgun Killer Of Two

Morehead Country Store Proprietor, Teen-Age Boy Murdered June 11

Morehead, Ky., June 12—(AP)—Sheriff's deputies and state patrolmen aided by bloodhounds were combing the Christy Creek district near here today following a double shooting by a masked bandit in a country store yesterday.

Revan County Sheriff Sam Green and County Attorney Elijah Hodge said witnesses told them how a man entered the store at Christy Creek, run by Eddie Johnson, 52, shot Johnson and Robert Rowe, 16, who happened to be in the store at the time, then ran from the place.

Green said the gunman had covered his head and face with a sack in which two holes been cut for his eyes.

They agreed that the killer entered, brandished a shotgun and said, "don't nobody move." Young Rowe, son of Mr. and Mrs. Sam Rowe of nearby Elliott county, who was sitting on the counter near the proprietor, laughed and said, "what are you doing, trying to kid somebody?"

He was shot down by a blast from the gun.

S. Fulton Street Bids Are Sought

The city of South Fulton is advertising for bids on city street improvement work, Mayor J. H. Lowe reports. Bids will be opened on July 1, and work will start soon afterward if an acceptable bid is received.

The city has authority to spend up to \$80,000 on its streets.

President Truman plants a Canadian sugar maple tree on the grounds of Government House, in Ottawa, Canada, the official residence of Viscount Alexander, Canada's governor general.

Many Planning To Go To Rally For Waterfield

Fulton, Hickman Cars Will Leave At 12:30 June 14

TO MEET AT SCHOOL

An estimated 25 or more carloads of Fulton residents, and a like number from Hickman and other parts of Fulton county, will go to Murray Saturday, June 14, for the official opening of Harry Lee Waterfield's campaign for the Democratic nomination for governor.

The cars will assemble at Fulton high school shortly after noon Saturday and will leave for Murray at 12:30.

Maxwell McDade and Lawrence Holland have been organizing the Fulton motorcade this week, and Kent Hamby will head the Hickman delegation.

Fulton men and women who will take their cars to Murray include Mr. McDade, Bob White, Gus Bard, Paul Durbin, Ernest Fall, Warren Graham, E. J. McCollum, Miss Mary F. Martin, Frank Brady, Miss Auline Thompson, Mr. Holland, Harvey Fawcett, Leon Browder, Jack Carter, Mace McDade, V. R. Owen, Billy Blackstone, Grady Varden, Tucker Brown, Smith Atkins, W. P. Burnett and Austin Adkinson.

Plans for a McCracken county delegation to attend the campaign opening have been made by Barkley Graham, Paducah, Waterfield county chairman.

Raymond Obermark, circuit court clerk, and Jewell Hodges, deputy sheriff, have been appointed chairman of a committee in charge of the motorcade. The cars will leave the county court house in Paducah at noon Saturday.

State Campaign Chairman Ben Kilgore is predicting a crowd of 10,000 at Murray to hear the First District candidate outline his platform. Waterfield backers from all First District counties and many other parts of the state will be present.

Tax Officials Pick Candidates —Or Did They?

Lexington, Ky., June 12—(AP)—Reports differed today on just who Kentucky tax commissioners did or did not endorse for governor before their state conference closed here yesterday.

Magoffin county Tax Commissioner Kevin Cartt issued a statement yesterday, saying that some 40 Republicans at the conference endorsed the candidacy of John Fred Williams for governor and Orville H. Howard for lieutenant governor.

Democratic commissioners were "all behind" Rep. Earle C. Clements for the Democratic nomination for governor, Cartt added.

Later, Norman Davis, Mayfield, president of the Commissioners' Association, denied that any poll of the members' political preferences was taken or that any such endorsements were made.

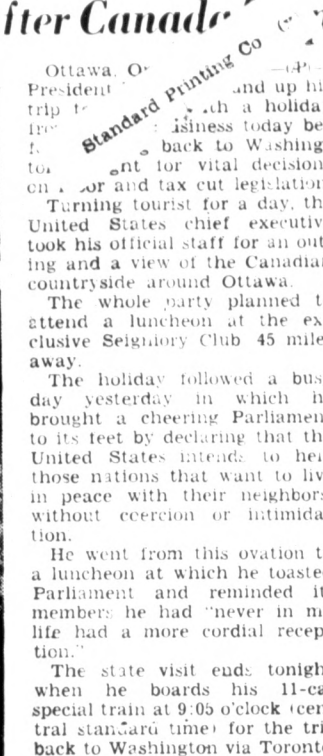

Davis said he as a Democrat was not asked for his views and that a number of Republican commissioners said no one had asked them for any statement on the gubernatorial candidates.

Work Will Start On New Plant At Paducah Soon

Fort Wayne, Ind.—Construction of a new \$1,000,000 factory for the Magavox Company at Paducah is scheduled to get under way this week, Richard A. O'Connor, president announced today.

Approximately 1,000 persons, mostly women recruited from the Paducah area, will be employed in the new plant in the manufacture of various components of radio speakers, transformers and household appliances, Mr. O'Connor said.

According to present plans, the building will be completed and in operation about the middle of October. The general construction contract has been awarded to George W. Katterjohn and Son of Paducah.

Detective Captain Alfred Figel said Ralph W. Lobough (above), 36-year-old Kokomo, Ind., factory worker had admitted the unsolved slayings of three Fort Wayne, Ind., women in 1944 and 1945. Lobough is being held at Fort Wayne on a loitering charge pending further investigation.

Humphrey Rites Will Be Conducted Friday Morning

Mrs. W. O. Humphrey, the former Miss Lelia Wayne, sister of Trevor Wayne, of this city, died in Guilford, Miss., Wednesday, June 11.

The body is being brought to Louisville for interment. The funeral services will be held there tomorrow morning.

Mr. and Mrs. Trevor Wayne will leave tonight to attend the services.

U. C. School Bond Election Changed

Union City—The county board of election commissioners yesterday announced the postponement from Thursday, June 26, to Thursday, July 3, of the election in Union City to decide whether the city shall issue up to \$500,000 worth of bonds to finance a city school building program.

The resetting of the date for the election was made necessary because of a typographical error which appeared in the election notice advertisement published in the Union City Daily Messenger.

TO WHOM IT MAY CONCERN: This notice is meant for the general public in Fulton County, Kentucky, that I, Lee Roper, will not be responsible for any debts or purchases or contracts of any nature, character or kind that may be made by Annie Roper, my wife, after this date. Given under my hand this June 12, 1947. 150-10tp

Card of Thanks

We wish to express our appreciation to all of the friends and neighbors who were so thoughtful in the tragic death of my wife and our sister. For all who spoke consoling words and sent so many beautiful flowers are we thankful. Especially do we thank Brother Bradley and Brother Drace, the quartette and the Winsett Funeral Home. May God's richest blessings rest and abide with each of you forever. —Ollie Kaler and Brothers and Sisters.

UN Information

Question: Who will lead the Palestine Inquiry Committee of the UN?

Answer: Emil Sandstrom, Sweden's representative on the Permanent Court of Arbitration at The Hague, has been elected chairman of the 11-nation UN Committee of Inquiry on Palestine, which does not include any of the Big Five. The delegates and secretariat of the Committee are assembling in Palestine now.

Question: Who is the President of the Security Council for June?

Answer: M. Alexandre Parodi, of France, is chairman for June. France is the sixth nation in the alphabetical succession to preside over the 11-nation Security Council.

Question: Does the UN operate any sort of centers abroad to dispense information about its work?

Answer: Yes, the UN has 8 information centers in operation now, in Copenhagen, Geneva, London, New Delhi, Paris, Rio de Janeiro, Shanghai, as well as in Washington. Five more will be set up this year, in Moscow, Prague, Warsaw, Mexico City and Cairo. The centers are "hometown" representatives of the world organization, and have on hand documents, publications, and visual material, as well as up-to-date news of UN activities.

Question: What is the status of the International Bill of Rights?

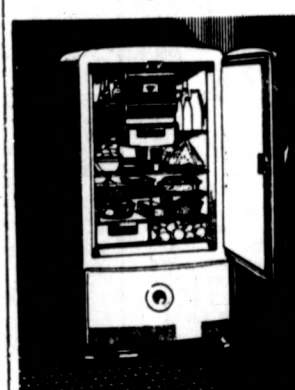

Answer: The drafting committee, of which Mrs. Franklin D. Roosevelt is chairman, is meeting this month to begin actual drafting of the Bill, aimed at guaranteeing basic freedoms and protection to all peoples.

Seven Weeks Left For Reinstating NSLI Policies

Only seven weeks remain in which veterans of World War II may reinstate lapse national service life (G. I.) insurance without a physical examination. It was announced today by the Veterans Administration. After August 1, 1947, a physical examination will be required.

Harry W. Farmer, regional manager, pointed out that NSLI may be reinstated in amounts ranging from \$1,000 to \$10,000. Veterans need pay only two monthly premiums to reinstate.

term plan insurance if health is as good as when the insurance lapsed.

NSLI offers such features as lump sum settlement, unrestricted choice of beneficiaries and a wide selection of permanent plans of insurance. Farmer said. Expert advice and assistance is available at all VA offices.

Smuggled Puppy Goes To College

State College, Pa.—(AP)—A Yorkshire terrier smuggled in to the U. S. from England by a WAC is now the family pet of a Pennsylvania State College professor.

Barbara Anna Davis, Penn State coed, says "Judy's crazy about America."

The dog is staying with Arthur C. Cloethings, head of the dramatic department.

PILES Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Best guaranteed by noted Dr. J. C. Minor Clinic. Surprising cure. Painless relief of pain, itch, irritation. Leads to softer, shrink, swelling. Use Minor's Pile Ointment or Pileal Suppositories today. Follow label directions. For sale at all drug stores everywhere.

Kroger

One to Begin With . . .

In 1882, B. H. Kroger opened a small grocery store on the riverfront in Cincinnati. He provided the quality of merchandise his customers wanted at prices they could afford, coupled with friendly, courteous service. Through the years, the Kroger Company has grown, but the same principle of doing more for the customer is still our guiding star.

Sports Roundup

By Hugh Fullerton, Jr.
New York, June 12.—(AP)—Hold your hats, Luke Johnson, who should know a little about the subject, figures the Chicago Bears will have a team next fall that will be better than their 1946 championship squad. He claims the other clubs likewise will be better, but maybe that's just caution. Besides, the old standbys, the Bears are

looking for plenty of help from such guys as Bob Fenimore of Oklahoma A and M, Eddie Allen of Penn., Bill Miller and Ernie Knotts, Duke Inman and Reid Moseley of Georgia, says Luke. By a typographical mistake when he mentioned the Los Angeles "Rums," The pro golfers are grinding their teeth as well as those illegal clubs over the U. S. Open championship. Reports from St. Louis say the boys are peevish over high entry fees (though a winner never minds tossing his club over \$50) and because players' wives have to pay admission.

More Kid Stuff

In a Class "A" sectional high school tournament at Rochester, N. Y., the other night, Jack Slivers of Cornish North Side and Wilson Graham of Genesee both pitched seven-inning no hit games. Cornish won when Graham walked the first two batters, put another on first by an error and then fired a wild pitch to let the only run of the game score. Slivers, incidentally, has been observed by several big league scouts but he's supposed to be headed to Valparaiso University to study for the ministry.

Bargain Rates

So many college coaches are signing up for the Boston Garden basketball clinic that Bill Mokray figures they're just recouping Doggie Julian, Adolph Rupp and other "faculty" members. Asks Bill: "Wouldn't you pay \$15 to get a few notes on beating a big rival?"

Williams Leading All Vote-Getters For All-Star Team

Chicago, June 12.—(AP)—Ted Williams, Boston Red Sox left fielder, still topped all vote getters of both major league in the all-star baseball poll today with starting lineup for the 14th annual game July 8 at Chicago.

Sissy Sisti, Boston Braves shortstop, is forced out by Chicago Cubs shortstop Lenny Merullo despite a legs-askew slide in the fifth inning of game in Boston. Sisti ran when Connie Ryan bunted and Peanut Lowrey, Cubs third baseman, fielded ball and threw to Merullo.

Wrigley Field.
As the balloting by fans throughout the nation headed into the end of the first week, Bobby Doerr, Red Sox second baseman, took over first place from Joe Gordon, of Cleveland. Doerr, who played in American League all-star teams in 1941, 1942, 1944 and 1946, polled 9,476 votes to Gordon's 9,083. Billy Johnson, of the New York Yankees, became another new leader today, topping Detroit's George Kell 8,292 to 8,054 in the race for the American League third base job.

Kentucky Cagers Go to Indianapolis For All-Star Game

Bowling Green, Ky., June 12.—(AP)—The Kentucky high school all-star basketball team was scheduled to leave here today for Indianapolis where it will meet Indiana's all-stars Friday night in the sixth renewal of the classic. Coach Ed Diddle said Owensboro pivotman G. M. Glpe, who

scored 647 points last season, was in a local hospital yesterday with a digestive ailment but would make the trip and play if he is able. He reported a scrimmage with Western State college players here yesterday showed the all-stars making continued improvement.

The Sports Mirror

By The Associated Press
Today A Year Ago—Joe Kuhel was given his outright release by the Washington Senators in order to take a job with the Chicago White Sox.

Five Years Ago—Former heavyweight champion Jack Dempsey was commissioned a lieutenant in the U. S. Coast Guard.
Ten Years Ago—Ralph Guldahl won the U. S. Open golf tournament with a record seven-under-par 231.

Chicks Again Thump Oilers By 4-3 Score

Play Last Game Of Series Tonight

The league leading Owensboro Oilers were humbled last night, 4 to 3, by the seventh-place Chicks who have now won their second consecutive game from Owensboro and will try to make it three in a row tonight.

Owensboro's first tally came in the second and the final brace of runs for the visitors was made in the third. The Chicks tied it up in the bottom of the third and won in the sixth.

The Fulton club increased its lead over the Clarksville cellar team, who lost 3-6 to an improved Egyptian nine at Cairo, but still trail the sixth-place Hoppers, who went 14 innings last night to beat Mayfield's Clothiers 7-6 at Hopkinsville.

Union City repeated over the Miners with a 5-0 shutout at Madisonville last night.

Two new Chicks were in the lineup last night—Bert Sullivan, right-handed pitcher who won his first game for Fulton and Tucker, who was in right field. New manager Fred Biggs will be here tonight to lead the Chicks in their third tilt with the Oilers. All three men come here from the Memphis Chicks.

Last night the Oilers were put down in quick order in the first inning with an easy grounder to the box and a double play from Buck to Propst. The visitor's first score was counted in the second by manager Earle Browne, who walked and scored on Grasso's single. Williams and Brady got to first on a fielder's choice and a walk, respectively, then came home on Perez's hit in the third.

It was Fulton's turn to score in the last of the third, as Dutch Gray drove in Buck with a hard three-bagger for the first of the Chicks' four runs. Buck had been issued a free trip to first. Gray followed him home after Propst's long fly to center field. Hal Seawright connected for a double into right field, but was thrown out at third in trying to stretch the hit to a triple.

The Oilers gave up the last two runs in the sixth. The visiting twirler, Casey, walked Propst and Seawright and hit Dusty Rhodes to load the sacks. Pete Peterson slammed a single down the middle of the infield that brought in Propst and Seawright. Socha, Oiler shortstop, finally threw Rhodes out after a costly juggling exhibition. Lis fanned and Tucker was out at first to wind up the scoring.

Tommy Buck hit a triple in the seventh but was left on base. The Oilers had a man on second in the ninth on Brady's double, but Perez flied out to center field for the final out.

The Chicks will take on Madisonville here Friday night in the first series of the season with the Miners at Fairfield Park.

State Can Sell School Property Without Its O.K.

Frankfort, Ky., June 11.—(AP)—The state can sell land owned by the Kentucky School for the Deaf at Danville without consent of its board of commissioners, Attorney General Eldon S. Dummit said today. The opinion was given to Madison J. Lee, supt. of the institution, who said a Danville citizen had made an offer for 60 acres of the land. Supt. Lee said the board had "never felt it had too much land," and that during Gov. Keen Johnson's administration, 37 additional acres had been purchased to increase its crop and grazing space for its dairy herd. Lee said the board would meet in about 10 days to consider the matter.

Wall Street Report

New York, June 12 (AP)—Selected stock leaders extended their recovery in today's market although many pivots stood aside.

After an active opening, the pace slowed at times and some initial gains were whittled or converted into losses. Near midday the list had a well-mixed appearance.

On the upside were Remington Rand on a proposed 2-for-1 stock split; Amer. Int'l. Woolen, Air Reduction, Johns-Manville, J. C. Penney, International Harvester, International Telephone and Douglas Aircraft. Depressed at times were American Telephone (at a new 1947 low on an ex-dividend basis), U. S. Steel, Chrysler, Western Union A. J. I. Case and American Can. Railroad bonds continued higher. Commodities were mixed.

ON KENTUCKY FARMS

Twenty-five 4-H club members in Whitley county set 24,000 strawberry plants this Spring. About 100 acres of cucumbers for pickles have been contracted for in Marshall county.

Approximately 155 acres of dry 31 fence grass in Warren county will be harvested for seed this year.

through a glass darkly

By ERL SENNING

It fills my lot every now and then to write a bit of society news for the social columns of the Leader. It is an intriguing task. Ordinarily, I am not one to read such things myself, but I realize that I am very much in the minority. It appears that all men are. At least, I find that they are certainly slighted in the reporting of social happenings.

I am in favor of organizing a society for the encouragement of publicity for all men who happen to become entangled in social affairs. To get to the point, we could call it the "He who doth not toot his own horn the same shall not be tooted club."

It is a shame the way the poor male is neglected. I never read anything about his being served a delicious plate of ham on rye at the Elks club, not a word telling that he held the high hand in a poker game—nary, nary a word ever about what he wore at any place he might happen to be. I say again, I think it is a shame.

I don't intend to stand idly by and let this state of affairs continue. At least, I am going to lift my voice in protest. I ask you men, what did you wear at your wedding? Weren't you proud of that shine on your shoes? Wasn't that tie a sight to

knock the preacher's eye out? And wasn't that a fancy stripe in your new suit? Did you see one word about any of these things in the report of your wedding? I'll answer that last question for you. The answer is not. For all we know from reading the society columns you might have been completely underdressed. I think it is very unfair.

To remedy this sorry state of affairs, I offer herewith a write-up of a wedding as I think it should appear in the papers.

Bliss, bluh, bluh—all that stuff about Mr. and Mrs. announcing the wedding. Then come more bluh, bluh, bluh until we get to the part that goes: "The wedding was quietly solemnized in the little church down the street" last Saturday afternoon at five o'clock in the presence of only a few close friends and relatives—and several hundred just plain curious people.

The bridegroom chose for his wedding suit a fetching pale blue double-breasted number with a white pin stripe. He wore highly polished brown shoes with matching belt and bilfold. His tie, a family heirloom, was the same one his father wore at his wedding the time his mother's ensemble was described. It was made of imported silk and was bright blue with little white dots splashed up and down its whole length. Underneath his coat he wore a plain white shirt. His socks, although not visible, were dark blue with a black clock up each side.

The bride was also present, completely dressed. Likewise, the maid of honor and all bridesmaids wore dresses. (In fairness to the bride and her attendants, I think it should appear that they were clothed—even if it is conventional that the bridegroom and his attendants

are not shown this consideration with more pockets. At one time, the bridegroom chose for his suit a fetching pale blue double-breasted number with a white pin stripe. He wore highly polished brown shoes with matching belt and bilfold. His tie, a family heirloom, was the same one his father wore at his wedding the time his mother's ensemble was described. It was made of imported silk and was bright blue with little white dots splashed up and down its whole length. Underneath his coat he wore a plain white shirt. His socks, although not visible, were dark blue with a black clock up each side.

THE GREATEST NAME IN CEREALS

HE KNOWS

HE MADE A Good INVESTMENT

THIS man has just bought a new John Deere Model "H" Tractor Spreader. He had wanted one for a long time, but he had to make his old one do.

It wasn't a matter of having to be sold on the John Deere. The Model "H" has been in the field on his neighbors' farms long enough so he could see the better work... the easier loading... the abundant strength for heavy-duty tractor operation. He knew that the Model "H" was one spreader that wet, slippery fields or feed lots wouldn't hinder. With the weight of the load balanced for best ground traction of tractor and spreader wheels, he knew that he could haul manure every day of the year—get the maximum return from every ton of manure spread on his fields.

The time is not far off when every farmer who has been wanting a new John Deere Spreader will register the same pride of ownership that's on this man's face.
