The Weather

Kentucky—Early clouds and rain showers may be scattered near the eastern border of the state. Thereafter the weather will improve, and the chance of showers will be less. Temperatures will average near normal, and the winds will be light. 

PROCLAMATION

I, Harry S. Truman, President of the United States of America, do hereby proclaim June 13 of each year as "Proclamation Day," as a recognition of the achievement of peace by World War II veterans, their families, and others.

During the 10-day vacation the board will meet to consider the following issues:

1. The question of steel workers' health, safety and welfare.
2. The problem of labor-management relations.
3. The need for a more effective system of collective bargaining.

These matters are of great importance to our industry, and I urge all members of the board to give them serious consideration.
