J. Lyter Donaldson Heard In Murray Wednesday Night

Gives Progressive, Constructive Plan For Kentucky

The Hon. J. Lyter Donaldson, Democratic nominee for governor of Kentucky, told Murray and Calloway county voters in a court-house meeting here last night "Reactionaryism cannot prevail in Kentucky". He was introduced by Luther Robertson, campaign chairman who presented him as a man who would be "the best governor Kentucky has ever had".

The Murray High School band entertained the assemblage with a variety of popular and patriotic selections. Describing the Republican philosophy as destructive and reactionary, Donaldson presented a program for Kentucky which he described as progressive and constructive.

"My concept of government is that the sole purpose of state, county, and federal government is to sustain and improve the dignity and worth of man—to improve the health, intellect, happiness, and welfare of the men, women, and children it serves," the speaker asserted.

"The Republican candidate says he is going to repeal the income tax, balance the budget, increase the appropriations for the common schools, without levying additional taxes," Donaldson said. "Mr. Willis should tell the people how he is going to do it. He can't tell it. He won't tell it."

Asserting that his opponent had said only that he was going to increase the appropriations for common schools, Donaldson suggested that it was possible the Republican candidate had in mind a reduction in appropriations for higher learning.

The speaker cited achievements of the Democratic administration in Kentucky during the past four years, contrasting these results achieved during the Sampson regime.

"During four years of Republicanism under Sampson," said Donaldson, "the state went in debt over six million dollars."

As an example of economy, the Democratic candidate said "Today in Kentucky there are 1700 less individuals on the payroll than there were 4 years ago." He gave two reasons for this decrease—economy and the impossibility of securing adequate help during wartime.

"We will win this war whether a Democrat or a Republican is elected governor of Kentucky," he said "but will we win the peace?"

Mr. Donaldson stated that the chairman of the Republican national committee had promised money and help in an effort to elect a Republican governor this fall.

"Yesterday morning I read that Mr. Willkie is coming to Kentucky to stump the state of Kentucky for the purpose of electing Republican state officials," he commented. "Can anyone doubt the election in Kentucky has a direct bearing on the national election?"

The speaker expressed the opinion that it was Republican reactionism that defeated the "peace objectives" of Woodrow Wilson after the first World War had been won. He concluded with an appeal for the voters to support the president of the United States not only in winning the war, but in "winning the peace."

Plans Made For Recipients of Purple Heart Awards

Local citizens met last week in court house to discuss the plans and future for the greeting and presentation of gifts to the Calloway men who receive the Purple Heart. Another such meeting is being called for Tuesday night, October 12, and is to be made up of representatives from all civic organizations, schools, churches and interested persons who together will try to work out some worthwhile plans for the reception of the men who return with the Purple Heart. There have been offered various suggestions, but the final decision will come from this meeting set for Tuesday night.

Special programs and awards have been given to three men who have returned wounded.

The Clinic Hospital Laboratory Approved

The Keys-Houston Clinic Hospital has recently obtained approval from the State Board of Health and other national agencies for their clinical laboratory. The facilities of the laboratory have been greatly increased and it is now one of the most up to date laboratories in the south. Miss Marie Wilson, a registered medical technologist, is in charge of the laboratory.

This unit makes it possible for the local hospital to bring better service to the public. The alleviation of suffering depends greatly on the proper diagnosis of the condition effecting the patient. This new laboratory will greatly help the doctors who use the facilities of the Clinic Hospital in their diagnostic work.

Mr. James H. Blalock has recently been added to the staff of the Clinic-Hospital as receptionist, secretary and social service director. This is the beginning of a new service for Murray and the local hospital has many plans for its usefulness to the community.

All of the large hospitals of the country now have full staffs in the field of social service. Their work contributes greatly to the community life and helps individuals who are ill and in need of vocational help. Mrs. Blalock is a charming young lady who the Clinic feels will add much to their efficiency.

GEORGE OVERBEY NAMED ASSISTANT COUNTY ATTORNEY

Kopperud Retains Post; Will Leave For Armed Service

County Attorney A. H. Kopperud today announced the appointment of George E. Overbey, Sr., as assistant county attorney to serve while Kopperud is with the Armed Services. Mr. Kopperud, whose term of office began in January, 1942, will continue to hold the office of county attorney.

Mr. Overbey, former student of Murray State and a graduate of the University of Indiana Law School in 1936, will resign from his position of reference for the State Unemployment Compensation Commission, according to a statement made by Mr. Kopperud. Mr. Overbey has held this position for six years.

Inducted as a private in the U. S. Army on September 22, Attorney Kopperud will leave for Ft. Benning, Georgia, next week. Mr. Overbey will assume the office of assistant on October 13. Mrs. Kopperud and their young son, William Rudolph, will continue to live in Murray.

Mr. Kopperud has the L.L.D. degree from the University of Virginia and the B.S. and Dental degrees from Northwestern.

Mrs. George Hart Governor of First District Club Women

Mrs. George Hart, editor of The Ledger and Times and president of the Murray Woman's Club, was elected and installed as governor of the First District Federated Woman's Clubs at their 30th annual meeting held at the Broadway Methodist Church in Paducah, Wednesday, October 6.

A graduate of Murray State College in 1922 with the B.S. degree, Mrs. Hart is also secretary of the Alumni Association of the college. Majoring in administrative education, she received the master's degree in June of this year.

Mrs. Hart succeeds Mrs. Roy Evans, Mayfield, as governor of the First District clubs. Mrs. Evans presided over the session Wednesday and Mrs. R. G. Williams, Somersett, state president, conducted the installation of the new governor. Mrs. Williams also delivered an address "stressing the background of the work of the clubs throughout the state." Reverend Doretha M. Mayfield spoke on "Protestant Thinking." The Junior Women's Club of Paducah was host to the convention.

Mrs. Lois Thurman Gives 4 Sons

These four sons of Mrs. Lois Thurman, Route 4, Murray, are in the service of their country with the exception of the youngest, who will go in the next call. They are: Top left, Pfc. J. Preston, North Africa; Sgt. William Herbert, Texas. Front left, Billie Ray, the next to be called; and Pvt. Howell B. in North Africa.

Mrs. Lois Thurman of Brandon is in receipt of a letter from Senator A. B. "Happy" Chandler of Kentucky, who is a member of the Senatorial Military Affairs Committee who is visiting foreign but the fronts. "An American soldier in China writes that 'while Happy Chandler is carrying out his mission of finding out what is actually taking place on the battle front, it is characteristic of him that he takes time to sow good cheer and sunshine with a lavish hand. He is 'home folks' personified, not only to Kentuckians but to those of the other 47 states as well."

Senator Chandler's letter follows: Africa, Aug. 16, 1943. Dear Mrs. Thurman: Traveling as I have been through North Africa I have had occasion to meet a great many of the fine young American men who are here doing their part in winning this war. Recently I had the pleasure of meeting and talking with you, Pfc. James P. Thurman. He is a fine young man and is doing a magnificent job. Other than a little natural homesickness, he is apparently in the best of health and spirits.

Knowing that you would be interested in hearing some word of what your boy is doing, I have taken the liberty of addressing this letter to you, and with it send my heartiest congratulations and all good wishes.

Cordially yours, A. B. Chandler, U. S. Senator, Ky.

Mrs. Thurman has recently received the following letter from her son, Pfc. James P. Thurman: Dear Mother, How are you? I am doing pretty good. I went on a pass August 23. I went to the Red Cross Club. Just as I walked into it, I remodeled inside and out, redecorated, and made into a modern cleaning plant. They have added new fixtures and new equipment and are receiving trade from their customers daily.

The Ledger and Times and their friends and customers will be pleased to see them in this handsome new home. In another section of this paper is an advertisement showing the building, the delivery truck and dog, Fritz, who is mascot of the business. Congratulations, Mr. and Mrs. Baseball, on your progress.

"The more I see of the Japanese, the more I know the greedy, immoral Japanese Empire must be demolished," he said in his address. "The student class in his opinion, must rebuild the world. They, he said, must plan the future."

The spirit of American fighters is excellent, Chaplain Forgy asserted. His opinion is based on his experiences in six major battles in the Pacific war theater. The causes of war—greed, avarice, fear, and hatred—must be destroyed, he said, for they are worse than war itself.

"There are no atheists on battlefields," Forgy commented. "Especially in night battles." The speaker was introduced by Dr. James H. Richmond, Murray president. Mr. Forgy was formerly pastor of the Presbyterian Church here. The reception was held in Ordway Hall with Miss Elybeth Wething, dean of women, reading the receiving line of faculty members and their wives. Miss Ruth Sexton and the home economics girls served refreshment. Music was provided by Prof. John Shenaut, Miss Charlotte Durkee, and Prof. Russell Baldwin of the fine arts department.

Mr. and Mrs. J. M. Emerson gave a dinner Sunday in honor of their two grandsons, Rupert and Clifton Emerson. Rupert is leaving for the Army October 13, and Clifton expects to be called soon.

Those who were present included their father and mother, Mr. and Mrs. Willie Emerson, and brother Joe Eddy; Mr. and Mrs. Claude Emerson and daughter, Hilda Ansh; Mr. and Mrs. Ben Bell and three sons, J. B. Sammie, and Jimmie; Mrs. Ann Garrison and son, Gail; and Mrs. Mertie Parker. Others who were present were Mr. and Mrs. J. E. Duncan, Clifford Oatland and Luther Easley. Mrs. Mertie Parker is returning to her position Wednesday morning at the Packard Motor Car company where she has been employed for the past few months.

FORGY, OF PASS AMMUNITION FAME, TELLS OF BATTLES

Former Pastor Of Murray Church Is Guest At College

Lt. Commr. Howell M. Forgy, credited with originating the phrase, "Praise the Lord and pass the ammunition," delivered an informal address in the college auditorium Friday night, October 1, immediately preceding the address he was honored guest at the annual faculty-student reception in Ordway Hall.

"The more I see of the Japanese, the more I know the greedy, immoral Japanese Empire must be demolished," he said in his address. "The student class in his opinion, must rebuild the world. They, he said, must plan the future."

Horse, Bench, Pet Show To Be Held In Stadium at College October 9

A. E. Funk, Asst. Atty. Gen., To Speak Here October 13

The Hon. A. E. Funk, assistant attorney general, will speak in the court house Wednesday night, October 13, at 8 o'clock, Luther Robertson, chairman of the Calloway campaign said today. Mr. Funk is a candidate for the office of attorney general and will speak in interest of his campaign and the Democratic nominees. A public address system will accompany him here. Plans for a good reception are being made for this event.

The committee on arrangements remembered Mr. Funk's visit here four years ago when he spoke in interest of Gov. Keen Johnson's race. It was recalled that he was the man who predicted accurately how each congressional district would go in the governor's race.

The first event, a pet show for children, will begin at 5:30 p.m. Any child may enter any pet and qualify for one of three prizes offered, by telephoning Miss Kathleen Patterson or Mrs. T. C. Doran. A number of entries have already been received.

The fox hound bench show will take place at 7 o'clock. About 35 entries have already been received including dogs from west Kentucky and Tennessee. Calloway county will be well represented in this event.

The horse show at 8 o'clock will climax the evening's entertainment. John Dale of Mt. Vernon, Ill., is bringing a special class of Shetland and Hackney ponies which will be a show within itself. Judge James Wheeler of Paducah will put on a Dressage act, and Dr. E. C. Walters of Mayfield will bring a class of horses from High Content Farm.

Among other entries are horses belonging to Luther Carson, Dr. Massie, Dr. C. S. Ridd, and Dr. Higon of Paducah, Frank Blake of Paris, Bro. N. B. Hardman of Henderson, Tenn., Miss Tat Allen of Mayfield, George Long of Benton, Dr. Robt. J. Hale of Paducah, Ark., and many from Calloway and surrounding counties. Competent judges have been secured and money, trophies and ribbons will be awarded.

John C. Dale, Mt. Vernon, Ill., lists the different classes, names of the ponies and drivers as follows: Shetland Pony in Single Harness. Mary Lou—Owned by John C. Dale—Stables, Mt. Vernon, Ill.; driver, Mrs. John C. Dale.

Woman's Club Is Sponsor of Benefit Event

One of the finest shows ever to be seen in Murray will be the benefit horse, fox hound and pet show which will be staged in the Cutchin stadium on the college campus on the evening of October 9. The show is sponsored by the Murray Woman's Club, and proceeds will go toward the Red Cross and other war work, the campaign against tuberculosis, and the infantile paralysis drive.

The first event, a pet show for children, will begin at 5:30 p.m. Any child may enter any pet and qualify for one of three prizes offered, by telephoning Miss Kathleen Patterson or Mrs. T. C. Doran. A number of entries have already been received.

● FROZEN LOCKER AN AID TO MURRAY

With the foresight and efforts of some of the lead-
 ing citizens of the county, it seems now that the people
 will have the advantages of the frozen locker service. This
 project is being sponsored through the local County Farm
 Extension office and will be listed among the services this
 organization has given to Calloway Countians.

With such a system in the community, much time
 and food will be saved. The cost of these lockers is small
 in comparison with the cost spent on the loss of foods by
 spoilage and poor marketing advantages. The berries and
 other fruits and meats may be stored and kept in these
 lockers for an indefinite time.

Murray and Calloway is happy that such an op-
 portunity is being offered here.

● MORE SANATORIUMS NEEDED?

In a state paper this week there appeared an ar-
 ticle on the probability of giving to Kentucky three ad-
 ditional tuberculosis sanatoriums. It has been the general
 wish of Calloway Countians for some years that such a
 hospital would be located in Western Kentucky. Now that
 the state authorities agree that Kentuckians need more
 accommodations than can be given at Hazelwood, we are
 encouraged to know that we, here in Calloway, may be
 admitted more quickly and with a great deal more ease
 than in the case now. We face the facts and are humiliated
 that the death rate in this county is as great as it is
 because of tuberculosis. Civic and county organizations
 have for years fought this disease and are trying to do
 something to remedy the evil.

With the prospects of a hospital near by we may
 have a better chance of lowering the figures on the coun-
 ty death rate.

ADVERTISERS SUPPORT NEWSPAPERS

Ninety per cent of finances to run news papers comes from ad-
 vertisers, and it is a fixed tax up-
 on business, it is the medium, by
 which merchants and other busi-
 nesses reach the consumer, so the
 size of the mailing list controls the
 return for the money paid the
 newspaper for advertising.

An editor may act independently as
 though he were the owner, which
 he may be, but what is his paper
 worth without a reasonable
 clientele, of advertisers?

The editor should be an umpire
 of all matters of public
 opinion, controlling all matters of
 controversial opinion. That is of-
 fered its columns. Of course, he
 has the right to discard any mat-
 ter offered that tends to give ad-
 vertising for private business
 through the news column. I often
 give vent to public matter through
 my advertising, because I pay for
 them, and because in the present
 day it is hard to write an ad and
 use only reasonably truthful ex-
 pressions.

And now as to Editors. They
 should remember that their edi-
 torials are going all over the
 world, as their subscribers are in
 service every where, and while
 they, or even other column writers,
 may think they are writing only to
 homefolks who may understand
 what is being said and why; but
 the man in distant lands may not.
 Why not be careful?

Our local Editors are naturally
 rivals, and fighting for business
 and prestige. As good sports, use
 fine ethics; be too noble to hate;
 too brave to fear; too honorable to
 defray.

Navy Board to Examine Applicants for Commissions in Paducah Today and Friday

Murray men who want to wear
 the gold braid of a Navy officer's
 rank may apply for commissions
 directly from civilian life today
 (Thursday) and Friday "without
 leaving their own back yards."
 Lieutenant (jg) Mark A. Walker of
 the St. Louis Office of Naval Of-
 ficer Procurement announced plans
 to set up headquarters in the Ir-
 vin Cobb Hotel in Paducah to in-
 terview men from Western Ken-
 tucky.

"With tire and gasoline rationing
 curtailing travel to St. Louis, we
 feel that many qualified men from
 this territory have not had
 proper opportunities to apply for
 commissioned ranks," Lt. Walker
 commented.

"The expanding Navy, destined to
 1944—its greatest role in the
 smashing offensive against the Ax-
 is, is drawing its officer personnel
 by commissioning men in good
 physical condition for training as
 deck, flight and engineering offi-
 cers. Others qualified in educa-
 tion and technical experience are
 assigned to specialist duties."

"A college degree is desirable,
 but not essential," Lt. Walker em-
 phasized, "and doubt as to whether
 or not he meets the requirements
 is not sufficient reason for a man's
 neglecting to pay us a visit. That's
 why we're here, to offer complete
 information to interested men, and
 to tell them whether or not they
 have possibilities for commissions."

The Navy is particularly inter-
 ested in securing officers for air-
 craft sea duty assignments at this
 time, the officer said, but many
 specialist billets are also open. For
 the benefit of men who may not
 be able to leave their work, the
 officers will be available for in-
 terview during the evening hours
 Thursday. No appointments are
 necessary.

Basic qualifications are American
 citizenship, training and experience
 in the applicant's particular field,
 and leadership ability. The appli-
 cant should be between the ages of
 21 and 45.

TWO SENORITAS COME TO MURRAY

Misses Estrada and Sanchez Teach and Study On Campus

By MITTIE L. BOMAR

From "South of the Border" come two señoritas to Murray's campus this fall. Miss Margarita Estrada and Miss Emma Sanchez, both of Mexico City, are here teaching and studying.

Miss Estrada, a small, dark-haired girl went to school in Mexico City except for the nine years that she lived in California. She teaches arithmetic, Spanish, ancient and modern history to primary grades in the American school of Mexico City. Margarita, as Miss Estrada likes to be called, is an accomplished musician and likes to hike. Besides speaking English and Spanish fluently, she has a reading knowledge of French. She likes acting and has directed plays in her school.

While this señorita is here, she will teach the college Spanish classes, and study in the college. This quarter she is taking sociology, English and art. Like most artists, she once made all her Christmas cards. "But that one time was enough for a job like that," she says.

Murray Is Beautiful
"Murray is beautiful in natural scenery and everyone makes me feel at home," so how could I

help but like it here?" asks Miss Estrada. In Mexico City, the Mexican student at Murray last year.

Senorita Sanchez, a living picture of a typical Mexican girl, brought many articles with her from Mexico that are interesting. Among her collection is a hand-woven rug of bright varicolored threads, two hand-embroidered blouses, one of which she did herself, and many pictures of scenes taken around Mexico City. Emma is teaching in the training school and taking classes similar to Miss Estrada. She teaches in the primary school in Mexico City, and a typical day for her is teaching from 8 a.m. until noon in the morning, and going to classes at the University of Mexico from 4 p.m. until 8 p.m.

For recreation, Miss Sanchez likes to play front tennis and dance. "I do not know swing, as you call it, but I like waltzing and ballroom dancing." She also likes to travel, and has been through most of the 28 states of Mexico.

"On the lakes, we boat ride in the moonlight while an orchestra strums softly," says Miss Sanchez. "In the middle of one of the lakes is a mountain on which is a hero's monument. You can walk up in the arms of the monument just as you can in the Statue of Liberty in New York."

Emma is just a bit homesick for the handsome engineering student at the University of Mexico, for she says, "Murray is far from Mexico, but the girls here

To Prepare Engines For Winter Season

Anti-freeze used last winter and saved for re-use this winter should be tested. In time anti-freeze loses its strength and its non-corrosive properties. Nearly all manufacturers of permanent types of anti-freeze have made up acid and rust inhibitors for restoring resistance of used anti-freeze. In adding new material, it is wise, the Office of Defense Transportation says, to use the same brand used in the first place.

A free pamphlet entitled "Cooling System: Cleaning, Flushing, Rust Prevention, Anti-Freeze," that tells about the care of water-cooling systems in engines used in automobiles and farm equipment, will be sent to those who request it. DOROTHY LAMOUR'S NEW FILM IS SET IN HER DIXIE HOMELAND

Dorothy Lamour is starred with Bing Crosby in Paramount's rousing Technicolor musical about minstrel men and their ladies, "Dixie," which comes to the Varsity Theater Tuesday and Wednesday. Twelve songs (six new, six old favorites) are in the film.

Some Early History

John Wright Holtsapple, Temple, Texas

"It is a far cry from the paved roads you now have in Kentucky to the muddy ones over which I hauled freight in the 'seventies.' There were no gravel roads even in those days. It took a day and a half to go from Murray to the river and back. All incoming and outgoing freight had to be hauled by wagon to and from the Tennessee River. There was no railroad. It was my lot to drive a team and haul freight for the public. We not only hauled merchandise but tobacco. Merchandise in and tobacco out. We thus had loads each way. We hauled anything and everything haulable. Frequently moved houses we jacked up, put two wagons side by side, under them, fastened them properly and hitched two teams to them — one team to each wagon. I remember moving a two story house from near the Ryam place in South Murray to the corner on which the Murray Bank now stands. We also removed a steam flouring mill from North Benton to Murray. The latter was done in the winter when the ground was soft from recent rains. We mired down just South of Benton and could not get out before dark. So we finally unhitched our teams and went in to Murray leaving the wagons buried in the mud up to the hubs. When we went back for them next morning the ground was frozen."

We finally dug around the wheels until we could chuck the wagons up, hitched the teams and went rolling proudly in to Murray and piled the mill machinery in the old tan yard property, across the street East of Pool Spring. It was rebuilt there and so far as my recollection goes was the first flouring mill ever erected in Murray. It did not prove profitable, however, and was later removed to Concord where it remained until it finally landed back at its present location.

Having spoken of tan yards leads me to say that they were rather common in early days in Calloway. There was one at Wadesboro, one later just north of the Christian church in Murray, and doubtless others which have passed out of memory or of which I never knew. I can remember when hides were taken to the tan yard where they were made into leather of which our shoes were made. Grandfather Wicker made all our shoes. By the way, he must have been quite a genius. He made a sorghum mill on which he ground the cane from which we made our molasses. He was the father of Jim Wicker, Lys Wicker, Rob Wicker and John Wicker, and step father of my mother.

Ammunition Prices Set

Ammunition for civilian use will be sold at or under prices prevailing in March, 1942, according to OPA ceilings which become effective October 7. Retail ceilings on boxes of 25 shotgun shells are \$1.38 for 12 gauge and \$1.32 for 16 and 20 gauge.

- By voting the straight Democratic ticket in Kentucky November 2, you have an opportunity to say to the world that Kentuckians are backing the men in arms, supporting the war leadership and are concerned in the welfare of the fighting men and women to the extent that a constructive post-war program is adopted.

The necessity for wearing out shoes instead of outwearing them is causing thousands of people much concern these days. Many of us know that by simply taking our time to get properly fitted — because improperly fitted shoes wear out prematurely — and by buying well known, established quality makes, we'll have plenty of shoes to meet our requirements, THAT'S JUST PLAIN, COMMON SENSE!

ABOUT 4-H CLUB LIVESTOCK SALES

Livestock produced and sold under the auspices of 4-H Clubs is governed by the meat rationing regulations the same as other livestock, according to OPA. This means that the only persons who may obtain custom slaughtered meat point free are livestock producers. However, OPA permits such recognized boys' and girls' farm organizations as 4-H Clubs to sell their livestock at a fair, exhibition, or an animal show at premium prices, as money from such sales usually helps provide educational funds for Club members.

REVERENCE FOR GOD

LESSON TEXT—Exodus 20:3-7; Matthew 4:10; 6:9; John 4:23, 24.
GOLDEN TEXT—"God is a Spirit; and they that worship him must worship him in spirit and in truth."—John 4:24.

The first three commandments bring man into the presence of God, where he is taught how to worship God in spirit and in truth.
"The first commandment (Exod. 20:3) bids us worship God exclusively; the second (vv. 4-6) bids us worship Him spiritually. The first commandment forbids us to worship false gods; the second forbids us to worship the true God under false forms" (Farrar). The third commandment (v. 7) indicates that true worship will deal reverently with the name of God.

Israel had lived among the Egyptians, a people known for their worship of images, and were about to enter into Canaan where there were many false gods. "The Lord was therefore careful not only to forbid the worship of other gods, but also to forbid the making of images of any kind, whether they represented the many gods of heathendom, or were attempts to symbolize the true God."

The Command to Worship (Exod. 20:3-7).
God first claims the entire devotion of man. If He is Jehovah, the Lord God, it is obvious that there can be no other god before Him. He is a personal God (v. 2) with whom it is possible for man to have fellowship. He must come first in our thought and our love.

The second commandment expressly forbids idolatry in any form. The injunction is twofold: (1) Men are forbidden to make any material likeness which to them represents a being to be worshipped. It matters not whether it be an image or what men believe God to be like, or the image of an angelic being, or the image of a man, or "any thing that is in the heaven above," or on the earth—such as a man or animal; or under the water—such as a fish. (2) If such objects have been made either by ourselves or others, we may not bow down to them, nor render any service to them. Let us all examine our religious ceremonies and practices in the light of God's commandment.

Observe that obedience to this command brings rich blessing to "those who love the Lord their God." It is a curse not only to the man who disobeys, but also to his descendants.

The careless, vain or irreverent use of God's name is forbidden (v. 7). How common that practice is today, even among Christian people. If we do not actually use His name, we use slang expression which stands for His name.

Now we turn to two passages from the Gospel of Matthew to see how Jesus practiced these commandments.
II. The Example of Christ (Matt. 4:10; 6:9).
To the temptation of Satan, offering rich reward for an act of worship to himself, Jesus gave prompt and effective reply by quoting Deuteronomy 6:13. Thus He gave His approval to the command that all our worship and service is to be given to God.

This spirit shows itself in the reverent devotion of the prayer (6:9) which Jesus taught His disciples. The name of God is to be hallowed; that is, to be regarded as holy. No one set a higher example of that than our Lord. Himself God, He was obedient to the Father, even unto death, always doing those things which pleased Him and honored His name (John 8:29; Phil. 2:8).

III. The Manner of True Worship (John 4:23, 24).
God is to be worshipped in spirit and in truth, not in dead formalism or by empty ritual. There must be reality in such devotion.
One would suppose that a truth so obvious and vital would long since have been completely saturated the life of the church as well as of the individual believer. "God is a Spirit, and they that worship him must worship him in spirit and in truth."
Even today, countless men and women still believe that worship has something to do with place (vv. 20, 21) or race (v. 22) or some other external device or formula. What a pity, when the grand and delightful way to worship is through personal spiritual communion between God and man.

Denying formalism is not our only enemy. There is the powerful preaching of modernism—and in all honesty must we not admit that even some so-called fundamentalism has in many respects lost the true spirit of the faith for which it rightly contends.
We see then that the commandment of God regarding reverence is not just a law on a faded page in an ancient manuscript. It is a living, vital reality, operative today.

Now we turn to two passages from the Gospel of Matthew to see how Jesus practiced these commandments.

II. The Example of Christ (Matt. 4:10; 6:9).

To the temptation of Satan, offering rich reward for an act of worship to himself, Jesus gave prompt and effective reply by quoting Deuteronomy 6:13. Thus He gave His approval to the command that all our worship and service is to be given to God.

This spirit shows itself in the reverent devotion of the prayer (6:9) which Jesus taught His disciples. The name of God is to be hallowed; that is, to be regarded as holy. No one set a higher example of that than our Lord. Himself God, He was obedient to the Father, even unto death, always doing those things which pleased Him and honored His name (John 8:29; Phil. 2:8).

III. The Manner of True Worship (John 4:23, 24).

God is to be worshipped in spirit and in truth, not in dead formalism or by empty ritual. There must be reality in such devotion.

One would suppose that a truth so obvious and vital would long since have been completely saturated the life of the church as well as of the individual believer. "God is a Spirit, and they that worship him must worship him in spirit and in truth."

Even today, countless men and women still believe that worship has something to do with place (vv. 20, 21) or race (v. 22) or some other external device or formula. What a pity, when the grand and delightful way to worship is through personal spiritual communion between God and man.
