Five Candidates For Governor Endorse REA

Three From GOP, Two Democrats Address Co-Ops

ALL FOR EXPANSION

Louisville, Ky., June 24—(P)—Five candidates for nomination for governor were on record today in favor of expanding activities of the Rural Electrification Administration in Kentucky.

Two Democratic and three Republican aspirants for their parties' nominations in the August primaries addressed more than 600 persons at a meeting of the Kentucky Association of REA cooperatives.

The candidates in alphabetical order said, in part:

Earle C. Clements, Morganfield, Democrat: "I'm grateful, probably more than any other candidate, for the opportunity to come before you, because in the press and by word of mouth an attempt has been made to convince you I'm not a friend of REA." He predicted Congress would vote "some increases" in REA appropriations and said he would appoint a state Public Service Commission, if elected governor, which would "meet your approval."

Eldon S. Dummit, Lexington, Republican, said he "could not be other than favorable to any legislation which would enhance farm life. I would favor any type of legislation which would enable farmers to get more and cheaper electricity."

Jesse W. Knox, Frankfort, Republican, declared "any man who would do anything to prevent rural electrification is not a friend of the people."

Harry Lee Waterfield, Clinton, Democrat, asserted: "It now appears everyone is for REA. I too am for REA and TVA, and I always have been without qualification." He also pledged to name a Public Service Commission "friendly and sympathetic to an expanded REA and TVA program" and to work to defeat the so-called Moss bill in any form from becoming law, adding it was designed to destroy the possibility of cheap power in the state.

John Fred Williams, Paintsville, Republican, said he is a member of the Big Sandy REA and added that rural electrification would add greatly to "comfort and convenience of rural people." "I'll disapprove any legislation which would retard rural electrification," he added.

Women More Like Children, Asserts Dr. Paul Popenoe

Cincinnati, June 24—(P)—Women are biologically more like children than men "in almost every way that can be listed," Dr. Paul Popenoe of Los Angeles, director of the American Institute of Family Relations, said today.

"They are more childlike in bodily proportions, in skin, muscles, rate of heartbeat and body temperature, pitch of voice and resistance to disease," he asserted in an address at the University of Cincinnati's summer session institute on education for family life.

It is therefore natural, he said, that women should attach importance to youthfulness and added:

"But they should not remain childish or adolescent in their emotion make-up and their mental outlook."

KK Headquarters In Knox Co., Tenn., Raided By Officers

Knoxville, Tenn., June 24—(P)—A meeting hall, described by District Attorney General Hal Clements, Jr., as headquarters of the Ku Klux Klan in Knox county, was raided last night by a group of officers.

Clements, who led the raid, said records which filled the better part of a car were seized and locked up for inspection by the grand jury, which meets next July.

The district attorney said the officers also seized a Klan charter signed by the Grand Dragon, Dr. Samuel Green, and other Klan equipment, including some robes.

G. F. Lansden Dies Monday

Heart Attack Is Fatal To K. U. Official; Was Manager In Fulton

Paducah—George Ford Lansden, 53, assistant division manager of the Kentucky Utilities Company here, died of a heart attack late Monday afternoon at the Paducah Country Club.

The body was found in front of a barn on the golf course between 5 and 6 p. m. by Phillip Knudsen, caddy-master at the club.

Ralph McRight, professional at the course, said that Mr. Lansden joined him on the course and walked a couple of holes with him. He said that rain overtook them on the seventh green, and that Mr. Lansden, remarking that he didn't want to run to the clubhouse or to get wet, said that he would take shelter in the barn.

Dr. R. W. Robertson, who was called after the body was found, said death resulted from a heart attack.

Mr. Lansden came to Paducah on Sept. 1, 1944, from Fulton, where he was district manager for the K. U. for about five years. He served as manager at Greenville and other towns before going to Fulton.

He had been in the company since July 5, 1922. He was a native of Union county.

Survivors include his widow; a daughter, Mrs. David Whitson, Knoxville, Tenn.; and a son, James Lansden, Paducah. Funeral arrangements "have not been made."

Cut Seriously By Power Saw

Vernon C. Cole Dropped Saw On His Left Leg; Taken To Haws Hospital

Vernon C. Cole was cut seriously early this morning when he dropped a power-driven saw on his left leg while at work on a new building on Lake street extension, near the viaduct.

A short circuit in the wires connected to the saw shocked Mr. Cole, and he was unable to pull it off his leg for a few moments after dropping it.

Paul Bushart, who was on top of the building, jumped down and applied first aid to stop the flow of blood. Mr. Cole was taken to Haws Memorial Hospital, where over 30 stitches were required to close the wound. He was reported resting well this afternoon. He is an employee of A. R. Stephens, contractor, who is erecting the new building. The accident happened at about 8:30 a. m.

Pitts Announces His Resignation

Union City—Eugene Pitts has resigned as pastor of the Union City Church of Christ, terminating a three-year period of active participation in the religious and civic life of the community.

Bro. Pitts' resignation is to take effect Sept. 15. The minister said his plans are indefinite at present. No successor has been named.

Decision to leave the Union City church came as the result of instructions from his physician to seek a warmer climate with more sunshine, Bro. Pitts said.

House GOP, Angered By Labor Bill Opposition, To Take Swipe At Southerners With Poll Tax Bill

Washington, June 24—(P)—House Republicans plan to take a swipe at Southern Democrats by bringing up the poll tax issue again.

Anti-poll tax legislation was added to the crowded schedule today by Republican leaders.

One objective is to get even with the Southern Democrats who helped kill the GOP-sponsored tax reduction bill.

Chairman LeCompte (R-Iowa) of the House Administration committee said hearings will begin next week. A bill will be approved in time for House action before Congress quits around the end of July, the Iowa said.

And two Republican chiefs, who asked that their names not be used said the bill definitely will be passed.

A howling blizzard turned June into January in Yellowstone National Park, Wyo., over the weekend, causing three deaths and trapping summer vacationists on tour. This Pennsylvania car is stalled on the Cook City-Red Lodge highway near where the three died.

Nebraska, Iowa, Missouri Prepare For Higher Crests In Swollen Streams As Dams, Levees Crack

Omaha, June 24—(P)—New flood crests rolled down midwestern streams today, forcing large scale evacuation of low-lying areas and heaping destruction on some sections for the third time in a month.

Behind the flood waters, residents of Nebraska, Iowa and Missouri repaired damages and cleared away debris, while ahead of the floods others moved to higher ground.

At Cambridge, in Southwest Nebraska, where 13 persons were drowned in Sunday's flash flood, the search continued for four bodies. Nine already have been recovered. Two drownings near Miller, Neb., and a tornado death near Oxford, Neb., left Nebraska with a week-end toll of 16.

From Alma, Neb., farther east on the Republican River, came a report that the Republican River bridge at the site of the Harlan county dam went out and dikes broke, necessitating weeks of delay in construction of one of southwest Nebraska's principal flood control structures. The bridge was completed only Friday.

The weather bureau at Norfolk, Neb., issued a new flood warning late last night as two flood crests rolled down northwestern Nebraska's Elkhorn River about 20 miles apart. The warning was directed at residents between Ewing, where the river started rising a second time, and Meadow Grove, about 50 miles downstream.

At Kansas City, Mo., Col. William E. Porter, district Army engineer, estimated 63 levees along the Missouri and its tributaries between Rulo, Neb., and St. Louis would be breached as the high water moved downstream, bringing flooding to 100,000 acres not previously inundated. Seven other levees protecting 6,200 acres were threatened, he added.

Col. Potter said greatest damage was expected in the vicinity of St. Joseph and Napoleon, Mo., but said the damage would be minimized because the Missouri crest would pass Kansas City by the time the high waters from the headwaters of the Republican, Little Blue and other Nebraska streams reached the Missouri.

The entire population of Agency in northwest Missouri was forced to evacuate when the Platte reached record high levels. At Pattonsburg on the Grand River, some 100 refugees in the city hall were moved to the third story of another building as the water mounted.

Rail and highway traffic in all three states was disrupted.

Willis And Dummit To Address State Peace Officers

Ashland, Ky., June 24—(P)—Gov. Simeon Willis and Attorney General Eldon S. Dummit are scheduled to speak at a banquet here tonight of the Kentucky Peace Officers Association.

The association opened a three-day convention here yesterday. Speakers included Paul M. Blazer, Ashland, head of the Kentucky Traffic Safety Commission, and Police Lt. Rollie Leach of the Lexington, Ky., police department. Leach is the association president.

Blazer urged the officers to cooperate in enforcing Kentucky's traffic laws and the convention passed a resolution pledging support in the law enforcement.

Tomkinsville Ex-Soldier Held After Mother, Father Found Shot In Home

Tompkinsville, Ky., June 24—(P)—A youthful war veteran, member of a prominent South Kentucky family, was being held in jail here today, charged with murder in connection with the slaying of his parents Sunday night, County Attorney A. P. Carter said.

The attorney said Robert Bates, 25, a former Louisville, Ky., resident, asserted after his arrest that he "didn't remember anything" when asked about the double killing.

Bodies of Bates' parents, Dr. and Mrs. J. C. Bates, both chiropractors in this county seat town of 1,450, were discovered by Monroe county Sheriff Felix Ford yesterday during a routine inquiry.

The younger Bates had been picked up in Nashville, Tenn., on a drunkenness charge. Davidson county Sheriff Garner Robinson said the sheriff at Nashville said Hal Bennett, Tompkinsville negro, was arrested along with Bates.

A Nashville officer telephoned Sheriff Ford here for a check on young Bates. After two unsuccessful attempts to telephone the Bates residence, the sheriff went there. Receiving no answer to his calls, the sheriff said he summoned a neighbor and entered the house. They found the bodies in the dining room, with bullet holes in the back of their heads, the sheriff said.

Double funeral services for the victims are scheduled here at 2 p. m. Thursday.

Murray To Have Parking Meters

Murray's six-man city council voted 5-1 last week to install parking meters in the city. The vote followed weeks of discussion and investigation of request for meters by Murray civic clubs.

The council also voted unanimously to approve recommendations of its zoning commission and indicated enactment of a zoning ordinance in the near future is probable.

U. C. School Bond Issue To Be Aired

Union City—A mass meeting of members of the Better Union City and Obion County Association and other interested citizens will be held at the circuit court room of the court house Thursday night, June 26, at 8 o'clock to hear an explanation of the suggested building program for the city schools.

Issuance of \$500,000 in city bonds for financing a school expansion program has been proposed.

Fake Magazine Agents Sought

Mayfield—U. S. postal authorities are seeking three magazine salesmen who allegedly have fleeced citizens in several states. Postal Inspector R. O. Sealy, of the Paducah office, was in Mayfield yesterday seeking the names of Mayfieldians who bought magazines and paid money to any one of the trio. He asks them to contact him at the Paducah post office or notify him through the Mayfield post office.

Sealy said the trio took subscriptions in the name of the Transcontinental Circulation Co., 52 Shelton Square, Buffalo, N. Y. He said the firm name was fictitious.

In Mayfield, the trio allegedly used the name of the Rev. Herman Gross as a reference, a day or two after newspaper accounts said the minister and his wife were out of the city for a week.

Son Accused In Parents' Death

The younger Bates had been picked up in Nashville, Tenn., on a drunkenness charge. Davidson county Sheriff Garner Robinson said the sheriff at Nashville said Hal Bennett, Tompkinsville negro, was arrested along with Bates.

A Nashville officer telephoned Sheriff Ford here for a check on young Bates. After two unsuccessful attempts to telephone the Bates residence, the sheriff went there. Receiving no answer to his calls, the sheriff said he summoned a neighbor and entered the house. They found the bodies in the dining room, with bullet holes in the back of their heads, the sheriff said.

Post Office Hours Reduced

Fulton Office Will Close On Saturday Afternoons, Beginning On June 28th

The Fulton post office will close at 12 o'clock noon on Saturday, June 23, and each Saturday thereafter until further notice.

This action is taken because the Postmaster General insists that an existing deficit must be reduced, that costs of operation must be lowered and brought in line with expected revenue.

There will be no reduction or change in rural or city delivery service, and the lobby will remain open for convenience of box holders and those desiring to mail letters.

All incoming and outgoing mail will be dispatched as usual, but no windows will be open to sell stamps, deliver letters and parcel post.

Patrons of the office are requested to familiarize themselves with the above changes so that any resulting inconvenience may be reduced to the minimum.

National Coal Strike Feared As Half Of Miners Quit Work To Protest Taft-Hartley Bill

Work Stoppage Called Violation Of New Measure

Louisville, Ky., June 24—(P)—While a shortage of teachers continues to exist in much of Kentucky, a school official here reported yesterday there is a surplus of applicants for positions in Louisville junior and senior high schools.

Dr. J. K. Long, assistant superintendent of city schools here, said seven to 10 teachers have applied for each position that might be vacant in the 1947-48 school year.

Long attributed the number of applications to recently increased salary schedules here and, he added, "it's not easy (for a teacher) to go out and pick up a \$250 to \$300 a month job on the outside any more."

Girl Scouts Go Camping

Fulton Misses Board Bus For Natchez Trace Park; To Spend Week There

A number of Fulton homes are strangely quiet this week while Boy Scouts and Girl Scouts are on camping trips.

The boys left Sunday morning for a week at Camp Pakenburg, near Ozark, Ill.

The Girl Scouts boarded a Fulton Baseball Association bus at the Woman's Club home Monday morning to start their trip to Natchez Trace State Park in Tennessee. They will return to Fulton Saturday, June 28.

Chaperones for the girls are Mrs. Louis Weeks, Mrs. Martin Nail, Mrs. Sterling Bennett, Mrs. and Mrs. Bill Halmline, Mrs. Bill Durbin, Mrs. Roper Fields.

Mrs. Grace G. Cavendar, county health nurse, accompanied the campers to Natchez Trace. Two colored cooks were taken to prepare the meals.

Bill Halmline, who drove there in his new jeep, will serve as swimming instructor for the Scouts. They also are enjoying boating, fishing, dancing and games, and will participate in an annual "stunt night" program. The girls had four cabins reserved at the camp site.

Fulton Men Attend Memphis Meeting

Paul Bennett and Clyde Wood left today for Memphis to attend a Philco radio dealers' meeting in the Peabody Hotel tonight.

They will view the new line of merchandise to be placed on sale by Philco during the next year.

Age Of Action

A luncheon club speaker made his audience squirm by reading to them their own service club credo. Then he said: "If you would take those words off this paper and put them into action in your lives you would have the greatest service club in America! The trouble is that most of you probably can't tell me what is in your own credo because it is so long ago that you read it. It contains all the ideas you need. All that is necessary is to put them into action."

"We've had plenty of blueprints, specifications and directions for building a better world. For centuries of time, philosophers have been putting into words the principles that should guide us. Millions of copies of the Bible are printed each year with its Golden Rule and Sermon on the Mount. We do not lack advice, counsel, plans, ideas, formulas, philosophies. What we lack is action!"

Perhaps what this world needs is an age of action. An age in which we will delve back into the great truths of the centuries and put those truths to work. Most of these truths are imprisoned between the covers of books. They are powerful, dynamic ideas, frozen into words and chained to pages of paper. It is high time that we released these words, and these ideas, and put them into action!

This can be a great age if we will make it an age of action.

Prices Remain High

A large grocery chain recently made a simple and sensible statement on food prices at retail. It observed that substantial reductions are impossible until costs to the retailer are cut. And it pointed out that if its system were to operate without any profit whatsoever this "would amount to a saving of less than four cents a day on the entire food bill of the average American family."

What is true of food is true of almost all other commodities. In general, retail profits and operating expense are as low as conditions permit. Competition, the most inexorable of all forces, is taking care of the operator whose profits are excessive. That is why such schemes as the Newburyport ten-percent-across-the-board price cuts died suddenly. Once stocks were sold, stores were unable to replenish them at prices which would make continuance of the cuts possible. They had to return to retail prices which would allow some profit.

The cure for inflation is not easy. It has many phases—increased worker productivity, better and cheaper methods of production on farm and in factory, an honest effort by all workers and producers to do the best and most efficient job possible; and finally, sound government fiscal policy is essential to control of inflation. All of us, from the President of the country down to the day laborer, will have to do his part if prices are to be controlled and eventually reduced.

All Steamed Up

Missoula, Mont.—(AP)—A Canadian motorist returned, the engine of his car sputtering, and complained about the gasoline sold him at a filling station.

Investigating, the attendant found hoses had been switched and a 400-gallon underground gasoline storage tank had been filled with water.

Ubangi Fashion Note

New York.—(AP)—The Ubangis of Africa have given up the practice of putting those discs in their lips.

So says Howard Berry, operative for Ringling Brothers and Barnum & Bailey Circus, who just returned from Africa. He said the circus had invited some Ubangis to join the show this autumn.

Social Happenings

RITA MARIANNE KEISER HONORED ON BIRTHDAY

Little Miss Rita Marianne Keiser was honored on her sixth birthday Monday afternoon by her mother, Mrs. E. D. Keiser, at their home on Norman street.

The house was attractive with bouquets of summer flowers.

The little guests arrived at 3 o'clock and were greeted by the honoree, who was lovely in a frock of blue and white dotted swiss, with a blue satin bow in her hair.

Games and contests were enjoyed during the afternoon. Eva Joe Reams and Richard Cardwell won prizes of books for drawing the best pictures in the drawing contest. In the bag pitching contest Bobby Hyland won the prize and was given a yo-yo.

Late in the afternoon ice cream and cake was served in the dining room from the lace-draped table centered by a beautiful birthday cake decorated with tiny blue flowers and centered with two little pink candles in the form of little girls, with a tiny single candle on each end of the cake, making six in all. Each place was marked with flower place cards attached to favors of small pink and blue baskets of candy.

Flash pictures were taken of the group around the table. Mrs. Keiser was assisted in entertaining by Mrs. Ernest Cardwell, and Eddie Keiser, Jr.

After the refreshments, Rita opened all her lovely gifts.

Those present were Bobby Hyland, Richard Cardwell, Rose Hyland, Ruth Louise Butts, Judy Moore, Eva Joe Reams, Duane Bushart, Jerry Carter, Joan Carter, Pamela Homra, Joe Ed Bush, Jane and Judy Keiser.

WSGS BOARD MEETS WITH MRS. ATKINS

The Executive Board of the Woman's Society of Christian Service met in regular quarterly session at the home of Mrs. W. S. Atkins, Third street, Monday afternoon at 3 o'clock.

The meeting was opened with an inspirational devotion by Mrs. Ernest McCollum, Spiritual Life Secretary, followed by the reports of the officers and routine business. Final plans were made for the annual Guest Day Luncheon, Monday, June 30, at which time the society will have the pleasure of having Mrs. Homer Tatum, president of the Memphis Conference WSGS, as a guest speaker.

The hostess served delicious refreshments to 15 members during the social hour.

IRWIN, SIMPSON PLEDGE VOWS

Miss Maxine Simpson, daughter of Mr. and Mrs. J. T. Simpson, Martin, became the bride of Thomas Irwin, son of Mrs. James Irwin and the late James Irwin, Knoxville, in a quiet and impressive double ring ceremony in the home of the bride's parents on June 21 with the Rev. Paul Cates officiating.

An improvised altar of Spring flowers and evergreens served as a background for the candleabra, holding glowing white candles.

The bride, who was given in marriage by her father, wore a wedding gown of slipper satin white jersey fashioned with a basque bodice and full gathered skirt with white accessories. Her bridal bouquet was of pink baby carnations.

As Lottie Pierce, the bride's only attendant, wore a lovely dusty rose sheer crepe ensemble with a harmonizing cresent bouquet of assorted garden flowers.

Billy Strong Simpson served as the bridegroom's attendant. Immediately after the ceremony, a reception was held at the home of the bride's parents for the bridal party and immediate relatives and friends.

Mr. Irwin and his bride left for a southern wedding trip. They will make their home in Knoxville, Tenn., where the bridegroom is completing training at the University of Tennessee.

Poland Expanding Railroad System

Warsaw, Poland.—(AP)—The ministry of transport plans to have a double-track railway line in operation between Warsaw, Gdynia and Gdansk by 1949.

Reconstruction of the longest railway bridge in Poland over the Vistula at Tczew and the construction of a second railway track on the Malbork-Prabuty line is to be started shortly. These projects, along with a new bridge over the Vistula at Opatowiec, will make possible double trackage from Warsaw to the coastal cities of Gdynia and Gdansk.

Illegal Aid To KU Charged

Jesse Lewis Declares State PSC Allowed KU To Hike Operating Cost

Frankfort, Ky., June 23.—(AP)—Jesse K. Lewis, a member of the state Public Service Commission, declared today the agency had illegally permitted the Kentucky Utilities Company to add \$321,000 a year to its operating expenses for 15 years.

Lewis made the statement in dissenting from a ruling by commission chairman Charles E. Whittle and commissioner Cass R. Walden.

Lewis declared it had been pointed out that the result of the order would be to allow the company to demand an increase in rates to its customers in 75 Kentucky counties, or at least to enable it to have a claim for staying off any reductions.

The commission by a two to one ruling last May 6 authorized Kentucky Utilities to charge to operating expenses \$4,881,435, which represented the excess of acquisition costs over original costs of some of its properties.

Lewis declared the statutes require a public hearing before such action can be taken by the commission, but that no hearing was held. He said the state commission's ruling was in direct opposition to the Federal Power Commission's refusal to let Kentucky Utilities take that action.

MARRIAGE LICENSES

Betty Jean Rhodes and Richard Dale McClure, both of Fulton, obtained marriage license June 23 from J. E. Fall, Jr., deputy county clerk.

She Keeps Young With Young People

Roanoke, Va.—(AP)—For 26 years "Grandma Cora" Clemmer, now 76, has scaled Tinker mountain on Easter Monday and the expects to make a lot more trips.

Young people of her church who now accompany her are children of those with whom she started the traditional hike.

To the question, "How do you keep so young?" Mrs. Clemmer's answer is: "I don't. It is the young people I associate with who keep me young."

Rat Tails Bring 5 Cents At Bank

Mason, Tenn.—(AP)—The Mason bank gives away seeds and cashes rat tails.

The bank cashier, John M. Jackson, is also mayor of this Tipton County town of 600. He pays five cents each for rat tails as part of the community's eradication campaign. He shelled out last year for 2,000.

As an additional service, each spring the bank gives its customers packages of garden seeds—lettuce, okra, tomatoes and watermelon.

The Little Rock Homemakers Club in Bourbon county had an exchange of surplus plants.

Sports Roundup

By Hugh Fullerton, Jr.
Detroit, June 24—(AP)—Word brought back here from Denver is that baseball fans in this area can look for some good games at Kalamazoo this weekend when California plays Yale for the national collegiate title. "That California is a real good team and sports writers out there said it showed up western league ball," reported one observer, who admitted the western league in its first season probably isn't up to ordinary class "A" standards. The same game also spilled a lot of enthusiasm about Bobby Layne, the Texas pitcher who lost his first game this season after two were out in the ninth inning of the western playoff final. Layne had laid off after the regular Texas season finished about a month ago and wasn't in top shape but he did a terrific job of relief pitching. In fact, the only thing our informant didn't like about that series was the weather.

TEE TIME

Don't be surprised if there's a big turnover in the PGA of

ficial family before long. . . . Jim Ferrier, who's a good bet to win the PGA title today, virtually was forced into pro golf. When he came from Australia he was an amateur, but he wrote a book on golf. As a result the U. S. G. A. refused to accept his entry for the 1940 amateur championship and he decided if he was going to be called a pro, he might as well get the cash. . . . Ferrier's victim yesterday, Art Bell, says he used to play with Ferrier when Jim was in the army at the Presidio, but he never was so hot then. "When he sank that ten-foot curling putt for a half on the 18th green, I knew I didn't have a chance to catch him," said Bell. . . . Byron Nelson tells folks here "There is not even an outside chance that I'll return to competitive golf, but some of the experts figure he'll try to pick up some of George May's cash if the hotshots don't enter George's tourney."

CLEANING THE CUFF

When the Detroit Lions go to training camp in August, they'll have seven University of Michigan players—more than have ever been in the national league at one time before—and four from Michigan's biggest rival, Ohio State. . . . Gail Gade, U. of Nebraska footballer, is a relief man on the Lincoln police force this summer. He proved he's right on the job of handing out a parking ticket to line coach Tony Blazine.

Chicks Tie Colts In Ninth, Then Win 6-5 In Extra Inning

A tenth-inning single with bases full gave Fulton's Chicks a 6-5 decision over Clarksville's Colts in Fairfield Park last night, the second win for Fulton in the three-game series that opened here Sunday.

Hal Seawright was the first man up for Fulton in the tenth, and drew a walk. Joe Lis singled to put two on base. Engel, Chicks pitcher, was out to the catcher. Tommy Buck singled to load the sacks, and Dutch Gray drove in Seawright with a single to win the ball game.

The Chicks tied it up in the ninth with three runs that came on four walks, a batter hit by a pitched ball, and a single. Seawright was first up in the ninth and sent a long fly out to centerfield for an out. Lis walked. Engel was thrown out at first after hitting a grounder to second. Buck was hit by Barrett, Colts pitcher. Then Gray walked to put three men on. Lis walked home when Propst was issued a base on balls. Pechous slammed out a single that scored Buck and Gray. Peterson walked and Rhodes struck out.

The Chicks had previously made one in the sixth and another in the eighth to put them within one run of the Colts.

The first Clarksville run came in the fifth, and the losers added two more in the seventh on three hits and a walk. How, Clarksville right fielder, socked a homer in the ninth after Johnny Gill had doubled to make the score 5-2, Clarksville. Fulton's sensational center-fielder, Ray Pechous, made what was easily the outstanding catch of the season in the sixth inning when he raced across the outer garden to spear a long fly from the bat of the Clarksville third baseman, Rice. Pechous latched onto the ball with one hand just as he fell in his last.

Joe Walcott Wins Over Joey Maxim In Split Decision
Los Angeles, June 24—(AP)—Dusky Joe Walcott protected his standing as one of the more prominent of a poor crop of heavyweights by outpointing Joey Maxim of Cleveland last night.
But Jersey Joe hardly enhanced his hope for a crack at champion Joe Louis in a bout sometime like dynamite that never did explode for the benefit of a slim turnout of 9,747 paid customers.
Walcott was handed a split decision. Referee Regg Gilmore and Judge Mushy Callahan gave him the verdict by a slender three and two-point margin, respectively, and the other judge, Benny Whitman, gave it to Cleveland Joe by two points.

Nashville Boosters On Hand-Shaking Visit

Nashville, June 23—(AP)—A delegation from the Nashville Booster Club left this morning for a one-day goodwill tour to eight Middle Tennessee and Southern Kentucky towns.

Three bus loads of the boosters planned short hand-shaking stops at Gallatin, Hartsville, Westmoreland, Portland and Springfield in Tennessee and Franklin, Russellville and Adairville in Kentucky.

Wall Street Report

New York, June 24—(AP)—The stock market ran into modern rain selling today and leaders generally gave ground fractionally.

The overriding by the Senate of the labor bill veto, it was suggested, may have been pretty well discounted marketwise and the recent substantial recovery inspired further profit cashing.

Dealings tapered after a fairly lively opening. Losers were well in the majority near midday.

On the offside most of the time were U. S. Steel, Bethlehem, Republic Steel, Chrysler, General Motors, Southern Pacific, Southern Railway, U. S. Rubber, Deere, Glenn Martin, North American, Anaconda, Kennecott, International Nickel, du Pont, American Telephone, Texas Co., Standard Oil (NJ) and Philip Morris. Small advances were recorded for Goodyear, Pennsylvania Railroad, Union Carbide, Allied Chemical, Air Reduction and Owens-Illinois.

Bonds were narrow and cotton futures uneven.

Local Cleaner's Service Praised

Tennessee Lady Drives 80 Miles For Good Job

Vernon Owen, owner of the O. K. Laundry-Cleaners, has received a letter from a Sharon, Tenn., lady commending him on the fine quality work done at his plant.

The letter states: "I recently had occasion to take some of my nicest chair covers to a dry cleaner. That cleaner was unable to remove the dirt that was imbedded in the covers without washing. I next took them to another dry cleaner, a man with over 20 years of cleaning experience. He also was unable to remove the dirt and make the covers presentable without washing. However, this cleaner, stating that a Sanitone cleaner, stating that Sanitone would possibly remove this dirt. I want to tell you how pleased I was to find out that after one cleaning by the Sanitone process, my covers look like new and all traces of dirt were removed."

"It was necessary for me to drive 80 miles to have this done. But thanks to Sanitone."

The lady's name, withheld on request, may be obtained from Mr. Owen.

Women Sentenced To Refugee Camp For Inhospitability

Flensburg, Germany—(AP)—Two German women were sentenced by a British control commission court to spend four weeks in a refugee camp so that they could experience at first hand the conditions to which they condemned German refugees whom they refused to take in.

The pair were summoned before the court after they repeatedly refused to give accommodations to refugees.

The alternative sentence was three months imprisonment.

In Kentucky

Louisville—The buying public soon will see visible effects of "A tremendous spurt in the productive capacity" of heating and plumbing equipment manufacturers, Walter Kaestner, President of the Kentucky Association of Master Plumbers, said in an address at the association convention here.

Louisville—A special session of the federal grand jury was scheduled here today, Assistant U. S. District Attorney Hobson James, Jr., said, to consider further investigation of alleged further irregularities in the sale of surplus government property here through the War Assets Administration.

Louisville—Rural Kentucky counties most needing hospital care cannot afford to build them and they "must have state help," Dr. Paul Q. Peterson told the Rural Medical Care Committee of the Kentucky Farm Bureau Federation. He is director of the state health board's county health work. The Committee recommended establishment of a state medical center.

Frankfort—A \$107,700 contract was awarded to Harry Wyse of Lexington by the state for the excavation and other preliminary work on Kentucky's proposed new judiciary building on the capitol grounds.

Paducah—E. E. Barger, secretary of the McCracken county strawberry growers association, reported that West Kentucky strawberries sold through the co-op grossed \$1,339,264.79 this season, an all-time high.

Pikeville—George W. Adkins, 50, East Jenkins merchant, whose body was found Sunday near Elkhorn City, died as a result of "being struck with some deadly weapon," a coroner's jury reported. Sheriff D. C.

Moore said Fred Overstreet, 24, Painesville, Ky., was detained for questioning.

Lancaster—After a preliminary hearing, Arch Broadus of Garrard county yesterday was ordered held to the grand jury on a murder charge filed in connection with the death June 15 of Clyde Fain, 36, Jessamine county. Fain's body was recovered two days later from the Kentucky river at Camp Nelson.

Lexington—Mayor R. Mack Oldham reported "I think we have made a tiny bit of progress" in peace talks conducted behind closed doors in efforts to settle Lexington's two-week-old city bus strike. Another conference was scheduled today.

Louisville—The Kentucky Farm Bureau Federation announced nine district meetings of farm bureau officials will be held to study the federation's state legislative program and consider any new proposals. The schedule: July 23, Somerset; July 24, Lexington; July 25, Flemingsburg; July 29, West Liberty; Aug. 6, Madisonville; Aug. 8, Bowling Green; Aug. 12, Hodgenville; Aug. 13, Williams-town, and Aug. 14, Louisville.

Louisville—John A. Keck, Sandy Hook, commonwealth's attorney for the 37th Judicial District, was appointed chairman of the speakers' bureau at headquarters here of Rep. Earle C. Clements, candidate for Democratic nomination for governor.

Louisville—William B. RoBards was ordered fired as Jefferson county road engineer after an ousted hearing. County Judge pro tem Franklin S. Fitch said in his order RoBards was discharged on grounds of "malfeasance, misfeasance and incompetency." RoBards' attorney said circuit court would be asked to review the case.

Uppers Come High For The Germans; Worth 1000 Marks

Berlin—(AP)—A new set of uppers costs a German 1,000 marks today as against the prewar price of 100 to 150 marks (\$40 to \$60 at the \$40 per mark rate).

The reason is that materials must be obtained on the black market, mainly in the British zone, the Berlin press reported.

Gypsum, for example, which used to cost 5 marks a hundred, now is worth 180 marks. Instruments also must be purchased by dentists on the black market.

As a result, the press said, Berlin dentists, whose numbers have been reduced by the war from 4,201 to 2,148, are turning away sick-fund subscribers under Germany's socialized medicine scheme for private patients who can afford to pay high prices.

Ninety acres of strawberries were grown this year on 43 farms in Trimble county.

LUCKY STRIKE presents THE MAN WHO KNOWS—

FINE TOBACCO is what counts in a cigarette

BRICE LEECH IS RIGHT!... And like him, scores of other experts... who really know tobacco... have seen the makers of Lucky Strike buy "ripe, fine-tasting leaf."

After all, that's what you want in a cigarette... the honest, deep-down enjoyment of fine tobacco.

So remember...
