Copy Not All Legible
Mr. Truman has been wrong. The Taft-Hartley act is not a good law, and the principles of behavior it contains are not sound. We find ourselves in accord with the President on the point of disagreement between him and Congress, but we do not intend to impose restraints upon publishers by out-of-doors editorials. This is the announcement of the afternoon edition of the Frankfort State Journal.

Several nearby newspaper editors have come to the conclusion that the veto of the labor-managed bill, the first finding makes it all right to

LEXINGTON READY TO END BUS STRIKE

By New Franchise

LEXINGTON, Ky., June 26—(AP)—The Kentucky Transportation Commission today rejected a surprise offer from the owners of a new bus franchise to end the seven-day-old bus strike in that state.

The bus lines offered an agreement which, according to a statement by the Kentucky Transportation Commission, would have provided for the payment of restitution to the drivers and the establishment of another bus company.

The commission rejected the offer, saying it would be a breach of the state transportation commission's contract with the drivers to accept the offer.

The strike began last week when the drivers went out to protest the establishment of a new bus company without their consent.
