## DEATH'S TOLL

### Well Known and Popular Citizens of Town and County Answer Final Summons.

Mrs. Harrison, wife of Malcolm D. Harrison, died Friday of last week at her home in the Brown's Grove section of the county after a lingering illness of several months of tuberculosis. She was about thirty-two years of age and was a member of the Christian church of which she was a faithful member, professing faith at the age of thirteen years. She is survived by a husband and three little children, and a sister, Mrs. Chas. L. Jordan, of this place, and had many friends throughout the county who regret her death. She was a kind companion and a loving mother. The remains were laid to rest last Saturday in the Antioch graveyard after funeral services conducted by Rev. W. H. Morgan.

Mrs. Elizabeth Jones Fulton died June 2, 1913, at the home of her son, Chas. Fulton, in this city. She was born Feb. 20, 1835, married to Wm. Fulton Nov. 10, 1861, and died at the age of 78 years, three months and thirteen days. She leaves one brother, Burrell Jones, of Paris, and a sister, Mrs. Wm. Parker, Kirksby; two children, Chas. Fulton, of this place, and A. B. Fulton, of Kirksby; she also leaves two step-children. She joined the Methodist church and lived a consistent member until her death. The funeral services were conducted by Rev. J. R. Rudd.

A telegram was received here Saturday night by Mrs. Collie Pool announcing the death of her brother, Kid Reed, of Edina, Mo., and his burial Thursday, and that a letter was on the way. Up to going to press no further particulars had been received. Mr. Reed was a young man of about 35 years of age. He had been an employee of the Ledger about three years when the editor, Logan Curd, died. He then took charge of this paper for some time, later ran the Smithland Banner and then went to Frankfort as chief of the Corporation Department, under McChesney. He was a young man of great promise and his death was a great loss to his community. He leaves a young wife, who is niece of our late townsman, W. G. Love; a son, two sisters and one brother.

Stone, confederate pension agent, will address the court in support of the constitutionality of the pension act of 1912. He addressed the Franklin circuit court when the case of James Harp against State Auditor Bosworth was on trial there and will present his argument again when the case is heard on appeal in June. The Attorney General's department joined with Capt. Stone in his request to be heard.

### Killed by Run-Away Mule.

Harry Wade, the thirteen-year-old son of Forrest Wade, who resides on the W. B. Ladd place between Montgomery and Cerulean, was killed yesterday before noon by a run-away mule. He was working in a field and started for home at the noon hour for dinner. After he had gotten on the mule, his little sister undertook to hand him a bridle. This frightened the mule which ran away. The lad was thrown, but in some way caught his foot in the gear on the mule, and as he was being dragged by the mule, his head struck a tree and fractured his skull.

Mr. Wade has many friends in the county, and the loss of his bright little son is so tragic a manner will arouse the sympathy of all. — Cadiz Record.

### Most Children Have Worms.

Many mothers think their children are suffering from indigestion, headache, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who too and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kickapoo Worm Killer, a pleasant candy lezeng, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. Sold by Dale & Stubblefield.

### Boy Scouts on Bike.

The Boy Scouts, numbering a large party, and Scoutmaster O. J. Jennings, left Monday for a bike to "Old Bloody." As the rules of this organization require long marches and to learn coöperity, these boys are combining work and play. They will return Saturday evening after a week of wholesome, healthy fun and acquired knowledge, which will be a help to them later in life. The boy scout movement is a worthy one and makes for a better citizenship. The uniform of a boy scout is known the world over as a badge of manliness, courtesy and uprightness.

Mr. Howlett, of Golden Pond Lodge of O. E. S., attended the initiation ceremonies Tuesday.

## Confederate Monument to be Erected in This City

A people by their deeds may write a noble history, but that history to be of worth to future generations must be perpetuated in some lasting form. Indeed, it may be said that those who make their country illustrious in peace or war cannot enough be held up as examples of emulation to posterity. Their memorials, whether written in story, song or shapen in marble or granite, are inspirations to the unborn generations that shall follow them into the arena of life. A nation of people never amounts to much that preserves not its traditions or permits itself to forget and count as of no worth the heroic deeds of the men who once made its name great.

It is only building monuments with inscriptions illustrative of their greatness of soul that a people may hope to keep the children of their loins for generations to come up to the high water mark of ancestral truth and honor. Unless this is done a nation might as well be dead, for only by remembering the glory of the past is it possible to glorify the future to its uttermost day. Every person holds dear the memories of those who gave all or the best of their lives in that memorable struggle of the sixties, and would like to perpetuate that memory, should give us as liberally toward this monument fund as this year of unparalleled prosperity enables. Don't delay but contribute today. Address or hand your contribution to MRS. EFFIE GATLIN, Chairman Monument Committee.

### Starnes Stock Company Next Week.

The Starnes Stock Company is billed to be in Murray next week. This company is well and quite favorable known to the people of Murray and surrounding country. They will arrive on annual tour and give their first performance Monday night, June 9th, under a large and commodious tent, and give entire change of program each evening. The Starnes Stock company, it will be remembered, have appeared here for a week's engagement the past three years and were greeted by large and appreciative audiences. The new and up-to-date orchestra of ten pieces carried by this concern is considered the best ever carried by any tented organization of a like character. They will show each evening on the Gatlin lot on North Curd street, just south of the county jail.

Chattanooga, Tenn., May 29. With flags furled and knapsacks packed many survivors of the Southern Army who attended the twenty-third annual United Confederate Veterans' Reunion here departed for their homes tonight.

Death stalked in the midst of the cheering throng which today participated in the impressive veterans' parade. Three aged soldiers who came to renew campaign friendships made during the war between the states, responded for the last time to their regimental calls.

Robert Nalan, a veteran from Houston, Texas, fell down the steps of the City Auditorium and sustained a broken neck.

B. F. Moore, of Euqua, Texas, who was injured in a fall yesterday, died at a local infirmary today.

G. W. Mullenix, of Loneale, Ga., entered a restaurant just after the veterans' parade was ended and dropped dead. Several veterans were exhausted by the trying ordeal of today's march, but at a late hour no additional deaths had been reported.

## MEETING IS CALLED

### To Discuss Kentucky Southwestern Construction Basis.—Meeting Called For Monday Week.

Paducah, Ky., June 3.—To ratify the action of officers and directors in closing a contract for the Paducah-Murray division of a chain of interurban lines, a meeting of stockholders of the Kentucky Southwestern Electric Railway, Light and power company has been called for Monday, June 16, by Col. H. C. Rhodes, chairman of the company.

When seen Monday Mr. Rhodes refused to make public the name of the company securing the contract and said that it would not be known until the stockholders had ratified the action of the board of directors, of which he is chairman.

That the contract has been let insures an early beginning of the line which promises to be a most successful one, financially. In all probability work will be begun before the latter part of July.

"I believe stockholders of the company will be over-enthusiastic when they learn what we have already accomplished, and what things are insight," President Rhodes said yesterday. "Everything looks bright right now and promises to continue so. We are satisfied with the progress already made and believe it most remarkable."

There are approximately 1,200 stockholders in the interurban company which was organized here less than two years ago. Among the stockholders are hundreds of farmers through whose property the road will extend. All property necessary for the right of way has been secured at a nominal sum.

### Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Dale & Stubblefield.

## Explains His Position.

To the Voters of Calloway County:

Seeing that the campaign for 1913 is being waged directly in the fiscal court, and being a member of that body, I take this method of letting my work be known. Now, in the first place, I have not served as a member of your court, but about one year, and I have tried to do the best I know on all matters that came before that court, and if I have made any mistakes, it was an honest one and not to beat or defraud any one. But on the proposition there seems to be so much talk about I want to state my vote on all of them.

In the matter of placing your court house money in the hands of some one to be paid out, and Mr. Gilbert's name was placed before the court. I voted "no" not because I did not like Mr. Gilbert, but because I thought that this county ought to have interest on that money until it was paid out.

In the matter of the exemption of the proposed new railroad, I voted "no" because I knew that that law and justice did not grant no such move and they ought to pay taxes just as we all do. When the proposition to exempt the Mason, Evans & Keys Hospital was placed before the house I voted "no," because I think they should pay taxes just as other people do.

Now in reply to the charge that your money has been spent extravagantly I will say that I have at all times tried to take care of the interest of your county, and every vote I have made was with that intent. Now, in answer to the charge that your county has outstanding warrants against it, I will say that is true. But why will they not tell you the cause. There is where I think they are unfair. I want to say that the cause is just this: In 1912 there was a levy of \$1.50 and 50 cents ad valorem, just the same levy you have paid for years. Now out of that levy, which the record will show you, you will find that we have paid \$10,671.77 on your new court house, a debt that has never been paid in no year yet. Now grant that they are telling the truth about this county being in debt \$5,000. Will you take the \$5,000 from the \$10,671.77 and see if there is not in the treasury over \$5,000.

Now to the people of this county, you are entitled to as good men in your fiscal court as you have in your county, and I will say to the people of my district that if any one don't think I will take care of your interests you should take care to pick a man that will, and I will never blame you in the least. There is a great deal more that I would like to say, but will close by asking you to examine my record and see if I have voted to take care of your interest.

Edw. A. J. Burkeen.

## HELPS FOR FARMER'S WIFE

Little Expedients by Which Work Around the House Can Be Made Easy.

New tins should be set over the fire, with boiling water in them, for several hours before food is put into them. This, they say, will prevent rust, and the polish is blacker, more glossy and durable than if mixed with any other liquid. The odor soon passes off.

Clothes should never be shut up in a closet or wardrobe directly after they have been worn. Let clothing be hung over a chair for a half hour or such a matter before it is put away. Clothes can be kept fresh and odorless if treated in the above manner.

To make soap jelly always use a white soap that contains no rosin. Cut it finely and pour upon it boiling water and set on the back of the stove until all the soap is well dissolved. It should be freshly made just before washing day. A good proportion is a quarter of a pound of soap to one quart of water.

Old pieces of velvet make excellent polishing cloths and can be used instead of chamade skin. When soiled wash in soapy water and dry without rinsing.

## HANDY TOOLS IN THE HOME

Simple Implements That Will Be Found Useful in Great Variety of Ways.

A tack in time is sometimes as necessary as the proverbial stich. Tools are necessary to make the small repairs about the house, and a box of them should be ever ready at the housekeeper's hand.

A hammer, gimlet, small hand saw, screw driver, and pliers are usually sufficient.

Other tools may be added as required. Tacks, nails and screws of assorted sizes should have a place in the box. Sandpaper, a tube of furniture glue and a can of oil will also be needed.

A large pair of shears will be found useful in many cases. With these tools at hand a woman may attempt some simple upholstering.

Chairs and sofas that have become shabby may be recovered with fresh cretonne.

With a little practice satisfactory work may be accomplished. Pretty materials for upholstering may be purchased for a small sum.

## Bolled Rice, Southern Method.

Take a cupful of well washed rice and mix it with double the quantity of cold water; add salt to taste and let the rice boil fast for twenty minutes, when the liquid will have disappeared. Then set the vessel, tightly covered, on the back of the stove for the rice to "soak" or finish the cooking with the steam. Care must be taken to protect the pot from too much heat, as rice cooked in this dry manner will soon burn. Together with the first boiling, it takes about 60 minutes, or an hour, to cook rice in this way. It must never be stirred, as this makes a soggy mess; but many good cooks often turn the edges up with a fork so as to let the steam out when the rice is nearly done. Any rich gravy or butter is a proper accompaniment, but it goes splendidly with curried chicken.

## Molded Rice With Dates.

Stone one pint of dates and cook them for ten minutes in a strup made with one cupful of sugar. Add a teaspoonful of vanilla and two tablespoonfuls sherry, cover and set aside until cold. In the meantime wash thoroughly a cupful of rice; drain and drop in of boiling salted water and boil hard for five minutes. Drain and turn into a double boiler, add a pint of milk, cover and cook until tender and dry, adding more milk if necessary. When done add a teaspoonful of vanilla and one tablespoonful of sugar and pack the rice in a mold. When cold turn it out on a platter and garnish with the strup and arrange the dates over and around it. Serve plain or with cream.

## For the Tea Table.

Oriental sweetsmeats are very popular for afternoon tea tables. Among the first favorites are candied Chinese oranges, dates, plums and other stone fruit crystallized by foreign process and stuffed with nut mixtures. Turkish paste and East India articles of all kinds must be used. Ginger bonbons are easily made at home by taking oblong pieces of preserved ginger and inserting these in the heart of fine large dates, which have been stoned. Draw the date together and roll in powdered sugar.

## Calla Lilies.

Two eggs, one cup sugar, six tablespoonfuls milk, two tablespoonfuls cream, one pinch salt, one teaspoonful vanilla. Beat well. Bake in a quick oven in covers or coffee cans or any small round dishes. When done, take from time, fold while hot using toothpick to keep in place. Fill with whipped cream when ready to serve.

## A Salmon Dainty.

One can salmon, three eggs beaten lightly, two tablespoonfuls melted butter, one-half cup fried bread crumbs, one tablespoon cornstarch. Chop the fish, beat the eggs, add butter, spoon, add pepper and salt to taste. Put in buttered mold and steam one and one-half hours.

## The "Sweet Jar."

The June Woman's Home Companion contains an article entitled "How to Use the June Roses." Several old-fashioned rose petal recipes are included. Following is an extract: "There are rose jars that are called 'sweet jars'; these are for the scenting of halls and parlors. They are nice in the dining-room where they can be opened and stirred before meal-time, and they are exquisite in the sleeping rooms, for their effect upon the nerves is very soothing.

"As important as the sweet jar is the aromatic jar. This is made with rose leaves for a base, but it does not stop with them by any means. The aromatic jar is heavy with spicy odors; it is scented with pinks, it breathes of cinnamon and has a suggestion of frankincense and myrrh.

An article on another page of this issue tells of the arrangements that have been made for the entertainment of the heroes. Every leader will be interested in it.

## WELL TOLD

By a Murray Resident.

The following has more interest for Murray residents than it otherwise would have because Mr. Overby is one of ourselves, a citizen of Murray. If it proved of assistance to but one person in Murray, it will have been well worth the telling.

A. P. Overby, Murray, Ky., says: "For two or three months I was troubled by disordered kidneys. I had dull pain in the small of my back and whenever I stooped or lifted, sharp twinges caused me much misery. At night the backache greatly disturbed my rest. I got up in the morning feeling tired and languid and nervous spells bothered me. Sediment in the kidney secretions proved that my kidneys needed attention. Learning of Doan's Kidney Pills, I began using them. In three days I was relieved. It took but half the contents of one box to make a complete cure. The cure has been permanent."
