## Should We Interfere?

By Joseph Margulies

When I was in China three years ago, I was amazed to see how the men and women of the community, instead of waiting for the government to act, took matters into their own hands. In many cases, they banded together and set up their own schools, hospitals, and public buildings. I believe that this same spirit could be applied in the United States to help those in need.

By Joseph Margulies

## Perfecting Democracy

By Joseph Margulies

Our democracy is not perfect, but it is the best we have. We must work to perfect it.
