Mr. Bentley Backman

AP Foreign Affairs Author

Mr. Bentley has written an article based on earlier reports from the loop-power experiment in Florida. What is happening in Texas is something to ponder. It is the first of the kind all the counties are to be

Mr. Bentley had visited the site in early March and was the first to see the results of the experiment. He reports that the loop-power experiment is going well and that it will be ready for use in 1948. The results of the experiment have been very encouraging and Mr. Bentley believes that this is a step in the right direction.

Mr. Bentley also reports that the loop-power experiment is being watched closely by the government. He believes that the loop-power experiment is going to be a real breakthrough in the field of energy and that it will have a major impact on the future of the country.

Mr. Bentley concludes his article by saying that the loop-power experiment is going to be a real success and that it will be a major step forward in the field of energy.

Mr. Bentley's article is available for purchase and can be found in the latest issue of The Loop Power Journal.

Cats edge Clothers 2-1 Midnight Both Fulton Runs Scored In Third

The Cats outdistanced their opponents Tuesday night by a score of 2-1 at the local park. A late night doubleheader was once again scheduled, but could not be played due to inclement weather.

END OF THE LINE

Andy Kerr, aging to catch for the Cats in the loss, hit home run number one for the Cats in the second inning. This was the only run scored by the Cats in the game.

The Cats meet the Clothers again tonight and tomorrow night and will play at Mayfield again in the doubleheader.

Cardinals Tryout Attracts 150 Boys

Parkersburg, Ky., July 1—The Cardinals baseball team, conducted by the St. Louis Cardinals, gathered at the local schoolgrounds yesterday to try out 150 boys between the ages of 10 and 15. The team will play at Mayfield again tomorrow night.

Wheat Growers Offered Loans On Present Crop

Kentucky wheat growers will be offered loans on evidence of crops at an estimated 10 percent of parity and in addition they will be offered long-term certificates of the Production and Marketing Administration. Only wheat grading No. 3 or better will be considered. Loans must be taken out with the lender prior to July 1. Rates will vary from 50 cents to $1.75 per hundred pounds, depending on the grade of wheat.

Man-slaughter Unit

A man-slaughter unit, which has been established, will proceed cautiously because of insufficient knowledge of the area, according to the manager of the unit. Only wheat grading No. 3 or better will be considered.

MINNIE ROSE

AN NOT FORGET

C晚报 One

The only other member of the group to visit the New York World’s Fair was Minnie Rose, a woman who had been living in the United States for many years. She was accompanied by her husband, who had been a friend of the family for many years. She was very pleased with the fair, and expressed the hope that she would be able to return soon.

British To Build New, Better House of Commons;

War, Destruction Old Story To Historic Palace

The British government has decided to build a new, larger and more modern House of Commons. This new building, designed by Sir Giles Gilbert Scott, will replace the old one, which was destroyed in the war. The new building will be constructed of warm cream-colored stone quarried at Clipsham, and will be constructed of warm cream-colored stone. The new building will be completed in about three years and will be open to the public.

Lucky Strike presents the Man Who Knows—The Tobacco Warehouseman!

"In 25 years I've seen a good many tobacco crops sold at auction. And after auction season, I've seen the makers of Lucky Strike buy tobacco that's really fine. Good, honest, well made tobacco. Lucky Strike is the only one that you just can't beat for smoking quality."

Frank Brown is Right! And Like Him, None Other Experts—"Who really knows tobacco... have seen the makers of Lucky Strike buy tobacco that's really good."

AFTER all, that's what you want in a cigarette...the honest, deep down enjoyment of fine tobacco.

So remember...
