**2,000 Arrested In Athens Area In Anti-Red Raid**

Athens, July 9—(P)—Government officials announced today the arrest of more than 2,000 persons in the Athens area in a series of lightning dawn raids which they said were carried out to frustrate a Communist uprising.

The officials said that all those arrested would be given hearings and those not implicated in the alleged plot would be released while the others probably would be exiled.

Reports from Piraeus—the port of Athens—asserted, however, that scores already were being transported to vessels in the harbor apparently bound for exile.

A leftist leader who escaped arrest in the first raids declared: "they're making a clean sweep."

John L. Lewis, president of the United Mine Workers, signs a contract covering 150,000 of the nation's soft coal miners. Looking on are Charles O'Neill (left) of the northern commercial operators and Harry M. Moss representing the steel companies "captive" mines, who signed for their operations.

## Elizabeth, Mountbatten To Wed

London, July 9—(P)—A royal announcement was expected momentarily today that Princess Elizabeth, heiress presumptive to the throne, would be married this fall to Lt. Philip Mountbatten, who renounced a Greek title for a minor commission in his prospective father-in-law's navy.

Afternoon newspapers anticipated the announcement with headlines that delighted romantic Britons who have taken the popular couple to their hearts.

**No Action Planned Against Lexington Police Chief Price**

Lexington, Ky., July 9—(P)—No action is "contemplated or warranted" against police chief Austin B. Price, city manager Will White said yesterday.

Price and 17 others were indicted in connection with disorders June 19 during the strike of employees against the Lexington Railway System. It was charged Price failed to provide adequate police protection when the bus company attempted to restore partial service one day during the strike.

Price, under \$500 bond, is scheduled to appear at the criminal term of Fayette circuit court starting Oct. 6. Conviction on a nonfeasance charge could bring a maximum \$200 fine and dismissal from office.

## Wives, Mothers Urged To Study Primary Issues

**Williams, Dummit Stumping States; Waterfield Talks**

### CHALLENGES CLEMENTS

By The Associated Press  
An appeal for wives and mothers to "study the candidates and their platforms" so as to be "fully informed to be able to vote intelligently" was injected into the political campaign yesterday as candidates for various offices continued their speechmaking and organizational work throughout Kentucky.

Political activity by wives and mothers was advocated by Mrs. Trudy Harang of Louisville, who was named with Mrs. Howard Junkin of Lexington as co-chairwomen for the campaign of John Fred Williams, candidate for the Republican nomination for governor.

"To be a good wife and mother one must first be a good citizen, and every good citizen wants good government," Mrs. Harang said in her statement.

Last Saturday attorney general Eldon S. Dummit, an opponent of Williams for the Republican nomination, introduced his wife at the formal opening of his campaign at Somerset, with the statement that Mrs. Dummit "is not a politician, but a good wife and mother."

In speeches yesterday at Liberty, Springfield and Nicholasville, Dummit reiterated his pledge for a "program that can bring all the maximum peace, happiness and prosperity." He was scheduled to give talks today at Irvine and at Berea.

Harry Lee Waterfield, seeking the Democratic nomination for governor in the August primary, was scheduled for talks today at Winchester and Georgetown. Speaking yesterday at Carlisle, Mt. Olivet and Cynthia, Waterfield challenged his Democratic rival, Earl C. Clements, to "tell the people of Kentucky how much you propose to spend to carry out your campaign promises."

Waterfield said he had given figures on what he proposed to spend to improve schools, roads and other public services, and challenged Clements to say where he would reduce appropriations in his (Waterfield's) program.

Clements was busy yesterday and today with organizational meetings at Covington and Newport.

**Rotary Officers To Attend Meeting At Mammoth Cave**

James R. "Happy" Hogan, president of the Fulton Rotary Club, Leroy Cannon, secretary, E. E. Williamson, treasurer, will attend the state Rotary assembly at Mammoth Cave Sunday and Monday, July 13 and 14.

E. E. McMahon, U. T. Junior College, Martin, was in charge of the program at the club's meeting yesterday at noon.

**Flying Wash Tub Seen At Hoptown; Went "Sput-Sput"**

Hopkinsville, Ky., July 9—(P)—Another one of those things has been reported seen in the Kentucky sky.

This time it was sort of like a jet-propelled wash tub, according to Mr. and Mrs. William Sherill of Hopkinsville who reported they saw a "strange contraption" flying through the air at a high altitude about 7 a. m. today, headed south.

The Sherills described it as "like an ordinary wash tub" of aluminum or other shiny material and said it gave off a "sput-sput" sound like a motorcycle starting.

Sherill told the editor of The New Era that he saw the object first, called to his wife and she came running to see just as it was disappearing.

Rep. Carl Anderson (R-Minn.) looks at a trench filled with slaughtered cattle in Salvatierra, Guanajuato state, Mexico. Anderson is one of a committee of seven U. S. Congressmen visiting Mexico to observe work of the joint U. S.-Mexican commission to eradicate hoof and mouth disease among Mexican cattle. One method used to prevent the spread of the disease is to kill infected animals and bury the carcasses with disinfectants.

## Southern Democrats Still Long For 2-3 Rule At Conventions

Washington, July 9—(P)—Democratic leaders from six Southern states arranged private conferences with top party officials and President Truman today—discussing issues, party strategy and a few political grievances.

Gael Sullivan, executive director of the Democratic National Committee; George Kilgore, committee treasurer, and other high officials called morning and afternoon sessions, broken by a White House visit at noon. Attorney general Tom Clark addresses a luncheon.

Although the talks were hush-hush, there were indications that some members of the Southern delegations would raise again a long-standing demand for restoration of the two-thirds rule for nominations in the Democratic national convention.

Senator Russell (D-Ga.), who fought against abrogation of the century-old rule, called its abandonment "a tragic mistake" in which the South "sold its birthright for the sake of temporary harmony."

James Edward Dyer now knows two brothers and a half-brother.

James Edward Dyer, 20, Fulton, met his half-brother, Ben Dyer, for the first time last Sunday at Ben's home in Sharon, Tenn.

James did not know his brother, Royce Lee Dyer, until about three years ago; only recently met another brother, Louis, in Nashville; and has never seen a third brother, Robert, who lives in Knoxville.

The boys were separated in infancy. Their father, Edd Dyer, died seven months before James was born. James' mother, now Mrs. Eddie Palmer of Martin, was forced to send two of the boys to an orphanage, and they later were adopted.

James said he had a wonderful time visiting Ben Dyer in Sharon, and he is looking forward to meeting Robert.

## Satisfied Miners Go To Work In W. Virginia, Pennsylvania For 44¢ Higher Pay Per Hour

**All Hope Lost For J. T. Hurn**

**Nickajack Cave Searchers Have Looked Since July 1 For Nashville Man's Body**

Shelbourn, Tenn., July 9—(P)—Red Cross water safety experts gave up their search early today for John T. Hurn after crapping in the underground Nickajack Lake for several hours.

The state planned to wind up today its part in the eight-day hunt in weird, historic Nickajack Cave for the 35-year-old Nashville, Tenn. man, reported missing in the cave since July 1.

State safety commissioner Lynn Bomar had ordered the lake drained to facilitate their efforts.

A group of Tennessee National Guardsmen planned to search the cavern during the day. If they are unsuccessful, Bomar said, "that will be all we can do here." Earlier he had said, without elaboration:

"If we fail to find Hurn after the lake is drained, then I guess we'll just have to look for him somewhere else."

Searching parties have been in the cave daily since Hollins Hurn reported his brother missing there last Tuesday.

**Blackberries In Name Only**

**Harold Newton Finds White Blackberries Near Hotel at Blufford, Ill.**

Mrs. Harold Newton has some white blackberries—or maybe they should be called whiteberries—in her icebox at her home in the Highlands.

Her husband, an Illinois Central railroad man who is on the Fulton-to-Blufford run, picked them from briars in back of the hotel in Blufford and brought them home yesterday. Mrs. Newton said she had never heard of blackberries being white before, but seeing is believing.

Mr. Newton told her the berries came from the center of the blackberry patch and were surrounded by briars that had the familiar black blackberries on them.

The white berries are soft and ripe, and taste like ordinary blackberries, Mrs. Newton said.

What we want to know is whether white blackberries, which are white when ripe, are red when green and green when red?

**Southern Owners Reject Contract; 100,000 Men Idle**

## LOCALS APPROVE PACT

Pittsburgh, July 9—(P)—Satisfied AFL-United Mine Workers, voting approval of "the best work and wage terms we ever had," went back into the mines today just as fast as union locals met officially to approve the new contract.

The back-to-work movement got under way strongly last night in the top coal-producing states of West Virginia and Pennsylvania with thousands of miners hoisting picks and shovels after a 16-day paid vacation.

UMW leaders predicted the bulk of the 300,000 miners covered in the agreement signed with northern, mid-western and western operators, would be digging coal today. Some steel company-owned "captive" mines in the south also were scheduled to reopen.

The full number was not expected before Thursday because of difficulties in contacting vacationing miners and in getting the pits in order after the long layoff.

Many "mine" locals delayed ratification meetings until today but there was no doubt the miners would eagerly accept the contract giving them an unprecedented hourly wage hike.

The miners who before their vacation got \$11.85 for a nine-hour day now will get \$13.05 for an eight-hour day. By absorbing former overtime rates for two of those nine hours, the new terms hike the basic hourly pay 44 1/2 cents—from \$11.85 1/2 to \$12.30.

The new contract marks work renewal under private operation for the first time in more than a year. The government had run the mines since a 59-day strike in May 1946.

Still idle were some 100,000 miners in deep-south mines. The southern operators are still negotiating with UMW leader John L. Lewis, having refused to accept the terms approved by the northern group.

Reopening in western Pennsylvania were the "captive" mines whose entire output goes to the steel industry. These included pits of U. S. Steel Corp., which first recommended acceptance of the coal agreement, and those of Republic Steel and Jones & Laughlin Steel Corp.

Coal shortages resulting from the mine vacation and a previous "protest" strike against the Taft-Hartley labor legislation had forced the layoff of 14,000 steelworkers and another 6,000 railroad workers.

Carnegie-Illinois Steel Corp., largest operating subsidiary of U. S. Steel, had 20 of its 28 blast furnaces operating in the Pittsburgh area and recalled 7,500 of its 10,000 furloughed workers.

The general reaction throughout the coal fields were reported as "deep satisfaction" although some of the miners voiced concern over the failure of the southern operators to come into the fold.

## Whose Victory?

Chang Kai-Shek and leaders of his Kuomintang Party have agreed on complete mobilization of manpower and resources to battle the Chinese Communists. Every effort will be made, according to news reports, to revive the national spirit of China's fighting men by explaining to them why they must defeat the Communists.

This is, of course, one of the most essential aspects of any war effort—the job of convincing adolescent boys and young fathers that, for civilization's sake, they must leave their loved ones to kill other adolescents and young fathers who constitute the enemy. These others have also been carefully educated to believe that they must do or die for God, humanity and their women.

The result of such holy convictions hurrying against each other is always a great deal of valiant dying and, eventually, "a mighty victory for one side," but not a victory for civilization, humanity, God or women.—Louisville Times.

## What About Education?

If Kentuckians intend doing anything about their state's rock-bottom position in the nation educationally, it is high time they were beginning to interest themselves. Neglect and passive interest during the next month are sure to lead to a continuance of emergency appropriations to be wasted on unqualified teachers or to grossly underpaid qualified ones struggling under such handicaps as drafty shacks and antiquated facilities.

Both leading Democratic gubernatorial candidates should already have given their policies concerning this vital Kentucky problem. Candidate Harry Lee Waterfield, however, has expressed himself fully and frankly on the matter by endorsing an increase to \$34,500,000 a year in the budget for educational purposes and he has frankly stated that he will favor a five per cent tax on part-mutual tickets to supply part of the additional revenues needed. To date Mr. Clements has stated simply that he will favor more funds for education with no hint of how much or where he will get the additional revenue. And Mr. Clements still must face the record made by those in the Senate in 1946 who reduced the education appropriation by \$1,500,000 and for whom he furnished the leadership.

Kentucky Democrats interested in the education of our youth are awaiting a clear-cut education program from Mr. Clements. If one as good or better than Mr. Waterfield's is not forthcoming, they will, and should, support Mr. Waterfield overwhelmingly.—News-Democrat, Carrollton, Ky.

## Burglary in Reverse

Chicago. (AP)—The owner of a liquor store asked police to help him find the night watchman who broke out of instead of into his establishment.

The proprietor said he hired the night watchman with the understanding that he would be locked in the place from 2 a. m. closing hour until re-opening at 11 a. m.

But the watchman broke out by chopping a hole through the front door and with him went, the owner said, \$500 in cash and a quantity of merchandise.

## Revival In Europe

By Dewitt MacKenzie, AP Foreign Affairs Analyst

Quite some years ago when your correspondent was a youngster living in the Vermont parsonage from which his clergyman father administered to the welfare of the parish, the church occasionally would hold religious revivals when it seemed that the community was skidding spiritually and morally—an effective method of stimulating sluggish consciences and of getting minds back into tune.

Those revivals were mighty impressive, and memories of them linger. Perhaps that's why the writer attaches great importance to a revival which is boiling up in stricken Europe—a widespread crusade to stimulate rehabilitation of spiritual values which Hitler did his deliberate best to kill, and which other isms continue to attack.

We saw a concrete example of this drive for spiritual rehabilitation Sunday when King George and Prime Minister Attlee led Britons in a national day of prayer. Throughout the country people gathered in the churches to seek divine guidance for the trying days to come, and in old St. Paul's cathedral where the King and Attlee worshipped, the Archbishop of Canterbury asked that "as a nation we may return to the simple laws of the Ten Commandments."

But that wasn't merely a one-day demonstration, for extensive plans have been made to continue this drive for spiritual rehabilitation. Moreover the revival is by no means restricted to England, for the continent also is on the march, and has been for a long time, as I discovered during my last visit. Everywhere you go you find movements under way to repair the grievous damage done by Hitler, who waged a fierce campaign to destroy Christianity. He maintained that religion was the enemy of Nazism, as no doubt it was, for no upright person could subscribe to the Fuehrer's program of wholesale conquest, slaughter and enslavement.

And Hitler didn't stop with his attack on religion. He pursued a studied program for the debasement of the peoples he conquered in order to render them subservient to him. His idea was to destroy not only morale but morals, and he did vast damage. For example, he was mainly responsible for the establishment of the terrible black market which did so much to wreck the economy of France. The black market was inaugurated by the German army under instructions from Hitler.

However, spiritual and moral values are on the march in Europe, and there is great hunger for new ideas. The war has drawn sharper lines, and these days the European has to fight for his principles, because the opposition to religion didn't disappear with Hitler. There are other elements at work, and they are tough.

It's a real risk to stand up for moral and spiritual things in some parts of Europe. You've got to be prepared to pay.

A great center of the revival is at Caux-sur-Montreux, Switzerland, where a world assembly for moral re-armament will open on July 15 and will continue until September 15. This is the second year of the assembly, and last year it was attended by some 2,500 delegates from 26 nations.

## Tax Cut Bill Is Approved

Senate Finance Group Deliberates 43 Minutes; Vote May Come Thursday

Washington, July 9.—(AP)—

The Senate Finance committee approved the \$4,999,999,999 income tax cut bill today in 43 minutes.

The vote was 10 to 3, with only Democratic Senators Barkley (Ky.), Lucas (Ill.) and Connally (Tex.), opposing the reduction which would take effect next Jan. 1.

Chairman Millikin (R-Colo.) whipped the bill through his committee without the formality of hearings. The legislation, approved by a whopping 302 to 112 margin in the House yesterday, is identical with the original tax reduction measure voted by President Truman, except that the effective date is moved up from July 1, 1947, to Jan. 1, 1948.

The committee went into closed session at 9:14 a. m., and reached its decision at 9:57.

Before the deciding vote, the committee rejected, also 10 to 3, a substitute bill proposed by Senator Lucas.

The Republican schedule for Senate action gives the tax measure right-of-way for consideration as soon as the Army-Navy unification bill is disposed of—possibly tomorrow.

Kashmir, about the size of Utah, is India's largest native state.

### All-Star Game Same Old Story

#### American League Takes 2-1 Win In 14th Inning

Chicago, July 9.—(AP)—The National League, whipped in the 14th all-star major league game, still wondered what makes the American League so tough. Jubilant Joe Cronin, who directed the American League to a 2-1 triumph for their 10th victory against only four defeats before 41,123 at Wrigley Field yesterday, could point to several reasons.

One might be the hell-bent-for-election base-running of Cronin's own Boston second-sacker, Bobby Doerr, who scored the decisive run in the 7th. Another was the pinch-hitters used by the American League. Ancient Luke Appling of the Chicago White Sox scored the first junior circuit run in the sixth inning, and Washington's Stan Spence rammed a single to score Doerr from third in the seventh frame.

The National Leaguers had only one big moment and that was the home-run shot by big Johnny Mize of the New York Giants in the fourth inning which gave Eddie Dyers' out-classed boys their lone marker and a short-lived 1-0 lead.

Even though Dyer trotted out 23 players the losers collected only five hits off four American League tossers.

George Munger of the St. Louis Cardinals and Ralph Branca of the Brooklyn Dodgers were the only National Leaguers who failed to see action.

The winning pitcher was Rookie Frank Shea of the Yankees, who pitched the middle three innings and was touched for three hits, including Mize's 390-foot homer into the right field bleachers.

The loser was Johnny Sain of the Boston Braves, who was in only for the seventh inning one-man-show by Doerr. He contributed heavily to his own downfall by pegging wildly to second on an attempt to pick off Doerr, after Doerr had stolen second by a mile off catcher Bruce Edwards of Brooklyn.

who has been knocking off veteran golfers regularly this summer... what apparently makes Pappy Waldorf the most about his new job as California grid coach is that he hasn't been able to find 22 first-rate players among 22,000 students... he should know, you find 'em where you put 'em... Montreal isn't listening to Dodger pleas to send pitcher Jack Banta up to the big league. The Royals' bosses figure the fans would howl at losing the 22-year-old speedballer who is the next thing to Ewell Blackwell.

### The Babe Likes American Legion's Baseball Program

#### Dallas, July 9.—(AP)—George Herman Ruth, a shell of the Giant Babe who set the greatest slugging records of diamond history, said today the American Legion junior baseball program gave just what he wanted for the kids of the nation—a chance to play the game where their idols did.

Still suffering from a neck ailment that almost took his life, the Babe said he was enjoying every minute of his national tour in the interest of American Legion baseball. He flew from New York to Dallas yesterday, will appear in a parade today, watch American Legion teams play tonight, then go to Houston tomorrow for a similar appearance. He previously had been to Syracuse and Detroit.

### W. G. Bramham Dies In Durham

#### Former Minor League Head Was Stricken On July 4; Native Of Hopkinsville

Durham, N. C., July 9.—(AP)—William Gibbons Bramham, who ruled minor league baseball for 14 years, died in a Durham hospital yesterday after a brief illness. He would have been 73 next Sunday.

The retired president of the National Association of Professional Baseball Leagues was admitted to the hospital only Monday. Death was attributed by his physician to uremia, a form of kidney ailment.

At his bedside were his wife and son, Winfrey P. Bramham, assistant secretary-treasurer of the Cincinnati Reds. The former minor league head was stricken at his home July 4 but his condition had not been regarded as serious until Monday.

Funeral services will be here tomorrow. High baseball dignitaries were expected to be among those attending the final rites.

Never a player but famous as the man to head four leagues at the same time, Bramham was elected to the presidency of all the minor leagues—the National Association—in December, 1932.

He retired from this post last December at the minor leagues meeting in Los Angeles. He was succeeded by George M. Trautman, then general manager of the Detroit Tigers.

A native of Hopkinsville, Ky., Bramham was a successful practicing attorney before turning to baseball. A stern guardian of the integrity of sports, he was known throughout the sporting world for his firmness in dealing with infractions of the baseball code.

### Chicks Edge Union City 3-2 In Extra Frame

#### Play Greyhounds At U. C. Tonight

With Whitey Lynch pitching superb ball, allowing only five scattered hits, and the timed hitting of Pete Peterson, the Chicks defeated the Greyhounds 3-2 in ten innings last night at Fairfield for the second time running.

Lynch also received excellent support in the field, with Rhodes leaping high into the air in the third to take one off Clout's bat that looked like a sure single to turn it into a double out, and Pechous picking up Clout's single in the eighth to whip it home and out of a run, and Lis firing the same ball to second for a double play to score Clout's as he tried to stretch his run on the throw in.

The Greyhounds, playing without a manager, didn't look like the same team the Chicks walloped the night before. It was close all the way, with the decision in doubt until the last ball cracked off Pete's bat in the tenth to score Propst. Ladd turned in a good performance on the hill, allowing only six hits.

The Greyhounds scored first when Brawner, the lead off man, drew a walk and came home on Sepanek's double. Clout, Majerick and Traeger then went down one, two, three. Clout, Gray to Propst; Majerick, Gray, unassisted; Traeger, Seawright, unassisted.

The Tennessee team came back in the second to go ahead 2-0 when Godfrey led off with a scratch hit. Kustich filed out to Propst. Horner, trying to sacrifice, was safe at first when Lynch took his bunt and threw to second to force Godfrey. Horner then stole second and went on to third on a wild pitch. Ladd walked and Horner came home on a past ball. Lynch, regaining his control, struck Brawner out to retire the side.

The Chicks made it 2-1 in their half of the third on a hit, a sacrifice and heads up base running. Lis led off with a single. Lynch laid down a nice one that advanced Lis to second and pulled up safely at first. The ball got away from the second baseman and Lis took off for third. Lynch, taking advantage of the confusion, lit out for second. He was trapped by the Greyhound infield and thrown out before he could advance, but meanwhile Lis had snatched home with a run. Buck filed out to the catcher for the second out and Gray lifted one to Majerick to end the inning.

The Chicks made it all even in the eighth, or rather, Peterson made it all even in the eighth. After Gray was out, short to first, and Propst had filed out to second, Peterson, 2, Sepanek, 3, Ladd 6. Struck out by Lynch 5, Ladd 2. Earned runs off Lynch 1, Ladd 2. Wild pitch—Lynch. Passed ball, Lis. Runs batted in—Peterson 2, Sepanek. Stolen bases—Gray, Propst, Pechous, Lis, Brawner, Horner, Sacrifice hits—Lynch, Sepanek. Hit by pitcher—Pechous by Ladd. Rounding the bases he fell down on his way to third and just barely scampered back to second.

### Irvin Cobb Golf Tourney To Open Saturday Morning

Puduch, Ky., July 9.—(AP)—A total of 301 amateur and professional golfers will compete in the Irvin Cobb golf championships here Saturday and Sunday.

Amateurs will vie for a large assortment of prizes, including the Association of Commerce trophy. Pros will compete for \$500 in cash and a trophy.

Many top notch golfers are entered in the amateur division, which was won last year by Pete Doll of Louisville. Doll will not be on hand to defend his title this year. Morgan (Dutch) Rittenhouse of Evansville, Ind., is the defending pro champion.

Because of the big field, play will begin Saturday at 6 a. m. and will be pared to 200 players, including pros, Sunday for the final 18 holes.

and in time. In spite of a twisted ankle he stayed in the game. Rhodes filed out to left field for the third out.

Going into the tenth inning, Union City was unable to score when Lynch struck out Kustich, ran to first to take the throw from Propst who had caught Horner's grounder, and then struck out Ladd.

The Chicks won in their half of the tenth with one walk and two hits. Propst walked. Pechous singled to drive Propst to third, then stole second. Peterson then broke up the ball game with a single to score Propst and let the chilled fans go home.

The Chicks go to Union City tonight for the third game of the series with the same team.

## Wall Street Report

New York, July 9.—(AP)—Scattered stocks managed to edge forward today although light selling restrained many leaders. Nine successive rising sessions to a high since early last March caused many customers to cash profits on the thought that at least a technical correction of the lengthy swing was a likelihood even if a real bull market is under way.

In the resistant area most of the time were U. S. Steel, Bethlehem, Chrysler, Deere, United Aircraft, Consolidated Edison, Philip Morris, J. C. Penney, Amerasia and Norfolk & Western. Occasional losers included Montgomery Ward, Sears Roebuck, American Telephone, Caterpillar Tractor, Anaconda, American Smelting, Air Reduction, General Electric, North American, Pennsylvania Railroad and Northern Pacific. Bonds were narrow and cotton futures steady.

## Says Atomic Files Stolen

**Data Taken By Sergeants From Los Alamos Testing Grounds—Hickenlooper**

Washington, July 9.—(AP)—Senator Hickenlooper (R-Iowa) told the Senate today secret files were stolen from the Los Alamos (N. M.) atomic energy testing grounds, but said he has "no reason to believe" they fell into unauthorized hands.

Hickenlooper, chairman of the joint Senate-House Atomic committee, said "the Atomic Energy Commission did report to the joint committee that there were certain missing atomic energy files at the Los Alamos project in New Mexico."

He said the incident occurred when two Army sergeants took the documents with them when they were demobilized.

The FBI was notified at once, he said, and promptly located the two men and "the documents were as we believe completely and fully recovered."

They had been held in the private files of the two men, whom he characterized as "sneaky hunters." The joint committee believes, Hickenlooper said, "there was no effective breach of security."

"We have no information that any unauthorized persons did see these documents other than the two Army sergeants," he said, adding that the Justice Department is still investigating.

He added: "The joint committee, the Federal Bureau of Investigation, the military and naval establishments are all keenly aware of the transcendental importance of the security of the facilities of the Atomic Energy Commission."

## "Gambling" Spots Are Orderly Now, Attorney Declares

Louisville, Ky., July 9.—(AP)—A day-long hearing of suits to halt alleged gambling in four south Louisville establishments was climaxed in circuit court here yesterday by statements that the places are being conducted in an "orderly manner."

Defense attorney W. S. Hendenberg told Judge Lawrence F. Speckman one of the statements was signed by a former police court judge, John B. Brachy, who lives in the neighborhood of the places in question.

Earlier witnesses from the police department testified that the four places were "known gambling places," "handbook parlors," "saloons and book-maker places." Chief of police Carl E. Heuts had a record of 35 gambling arrests in seven years at one establishment. He testified 30 of the arrests were on handbook charges.

## Southern Pacific Owners Discussing Move From State

Spring Station, Ky., July 9.—(AP)—Stockholders of the Southern Pacific Company will meet here today to set a date for another meeting at which they will consider any phases of the Interstate Commerce Commission's ruling on the company's request to re-incorporate in Delaware.

The stockholders previously voted to move the firm's char-

ter out of Kentucky. The I. C. C. has not yet acted on the request.

Charles L. Minor, New York, general attorney for Southern Pacific, said yesterday he anticipated an I. C. C. ruling in about three weeks. He said the stockholders today are expected to vote to hold another meeting in August or September.

Mississippi has a \$10,000,000 state and federal park and parkway system.
