SHERIFF INVESTIGATES

Sheriff A. W. West said the Leader this morning that he received a report of an accident around 7 o'clock this morning in which Claud Beard, a resident of rural Lebin, was struck by a car while crossing Highway 29, N. of Lebin.

No report has been made and we have not been told anything further about the accident, but the sheriff said the car was definitely identified and would be in the area of the accident.

Beard is a patient at the Fulton hospital where he received a head injury. The sheriff said Beard was struck in the head by a car and was immediately taken to the hospital for treatment.

Beard was left at the hospital and the authorities are continuing to investigate the accident. Further information will be released as it becomes available.

BULLETIN

WASHINGTON, July 19—(AP)—Republicans in the Senate are promising to have a new income tax cut bill passed before the end of the week.

The bill would lower the tax rate for single people from 25% to 20% and for married couples from 35% to 30%.

Senator Mark Hatfield (R-Ore.), Chairman of the Finance Committee, told reporters that the bill would be introduced today and that it would be ready for a vote by the end of the week.

The bill would also include provisions for a reduction in the corporate tax rate.

The cause of diabetes is still unknown. It may be due to an inherited or environmental factor, but the exact cause is not yet clear. Diabetes is a chronic disease that can be managed through lifestyle changes and medication. It's important to monitor blood sugar levels and make adjustments to diet and exercise as needed to maintain healthy blood sugar levels. The importance of regular medical check-ups and lifestyle modifications cannot be overstated when it comes to managing diabetes.

For more information on diabetes and its management, please consult a healthcare professional. Awareness and education are key in fighting diabetes, and it's important to stay informed about the latest research and treatment options. Let's work together to raise awareness and support those affected by this disease.

The MORE YOU USE ME THE LOWER MY HOURLY WAGE

Monday Evening, July 14, 1947

Fulton Daily Leader, Fulton, Kentucky

That is enough! To provide 10 tons of coal for every dwelling in four cities this size of Louisville, enough to insure a full year's employment for 2,535 miners, enough to fill 35,927 coal cars whose hauling made thousands of man-days of work for Kentucky railroad employees.

BUT THAT'S ONLY THE BEGINNING!

During these same 12 years...

1. We paid $14,216,421 to our stockholders. Of this amount $1,252,882 went to preferred stockholders—5,731 of them Kentuckians. Less than $3,000,000 (about $250,000 a year) went to common stockholders.
2. We spent $15,986,095 for new construction in Kentucky—not counting payroll or regular maintenance.
3. We paid $1,341,720 in employee retirement funds and insurance—voluntary contributions to employee security.
4. We paid $25,294,322 in salaries and wages to our employees. They, in turn, spent most of this locally.
5. We paid $20,457,092.61 in Taxes... Federal, $11,412,090.85; City, County-Schools, $6,607,143.87; State, $2,437,858.89.

The dollars and cents story told by these figures does not begin to show the value of industry to Kentucky. The real story should be told in terms of human values—of people affected, of the communities, roads, and state institutions made possible through the taxes paid by Kentucky industries and their employees. In addition to these millions of dollars poured into the economic life of Kentucky, we have also contributed, through electricity, to the comfort and convenience of our fellow citizens. As a result of this accumulation, the governing bodies of our state should encourage and help the growth and development of Kentucky's tax-paying industries.
