Many Voters Undecided On Constitution

Kentucky Poll Reveals 45 Pct. Have No Opinion

38% YES—17% NO

With the election less than four months away, 45 per cent of Kentucky voters are undecided on how they will vote on the calling of a convention to revise or amend Kentucky's Constitution.

This was revealed today by the Kentucky Poll, a state-wide public opinion survey conducted by Southern Surveys, Inc., Louisville. The statistics were compiled in proper proportion from every Congressional district in Kentucky.

The convention question will be a part of the November ballot. It has been authorized by the Kentucky Legislature at the last two sessions, as provided by law.

Only qualified Kentucky voters expressing their intention to vote in the November election were interviewed. The questioning was done in direct personal interviews with voters throughout the state.

The exact wording of the question that will appear on the ballot was used in the questioning. It reads: "Are you in favor of the calling of a convention for the purpose of revising or amending the present Constitution of Kentucky and such amendments as may have been made to same?" The answers were:

Yes 38%
No 17%
Undecided 45%

The 45 per cent undecided represents the deciding factor for or against the convention. This group was well distributed geographically and evenly distributed as to political affiliation and race. Of the undecided group 57 per cent were women and 54 per cent had attended high school or college. Fifty-eight per cent of this group were 21 to 50 years of age.

The 38 per cent in favor of calling a convention were asked this question: "In your opinion what one revision or change is needed most?" Fifty-seven per cent had "no opinion." Among those registering opinions, the raising of the salary limitation for public officials led, with 45 per cent giving this as the revision most needed. Other changes suggested were: "do away with counties," "too many small counties," "change in county government," "consolidate the counties to save the taxpayers' money," and "revision should be toward principles, not laws."

Of the 17 per cent registering opposition to a constitutional convention, 66 per cent gave no particular reason while 22 per cent gave expense of the convention as their reason for opposing, and 9 per cent gave lack of confidence in the delegates who would be selected for the convention. The next most popular reason for opposition was that needed revisions can be made by amendments. Less than one per cent gave raising the salary limitation as their reason for opposing the convention.

In response to the question, "Have you read or listened to and discussion of the need for a revision of Kentucky's state constitution?" 40 per cent of all those questioned answered "No."

Tenor Tells Why He Changed Name To Kent Williams

Joseph Williams, Fulton tenor who has the title role in "Robin Hood" at the Memphis Open Air Theatre, has disclosed why he chose "Kent" as his professional name.

When Williams became a member of the Equity Association, he was forced to change his name since there were three Association members named "Joe Williams." Two already had chosen other names, because the Association will not allow any two members to have the same name. Joseph chose "Kent," an abbreviation of "Kentucky," since Fulton is his home.

Truman Asks \$250 Millions For Mississippi River Basin

Washington, July 16—(AP)—President Truman recommended to Congress today an immediate start upon a 10-year program for controlling floods and developing water resources of the Mississippi river basin. He asked \$250,000,000 to get the work underway.

In a special message, Mr. Truman outlined a program that embraced also navigation, irrigation, hydroelectric power development and other utilization of water resources. But he said flood control must come first in the light of flood losses on the Missouri and Mississippi this year that may exceed \$500,000,000.

"Of this amount, from three and a half to four billion dollars is either directly or closely related to flood control."

"Let us through the next ten years accelerate our program and put this money to work, together with such additional moneys as may be required and as our economy from year to year shall permit. In that way we shall save ourselves untold billions and pave the way for the wealth of production that surely will flow from the integrated development of our valleys."

Specifically, the President asked at this session of Congress, in addition to funds already made available, \$237,000,000 for the Army engineers who handle flood control work, \$10,000,000 for the Reclamation Bureau and \$3,000,000 for the Soil Conservation service.

Formal estimates for the use of this money, he said, will be forwarded later.

Bro. A. O. Colley Will Conduct Oak Grove Revival July 20-27

Bro. A. O. Colley, Wichita Falls, Texas, will begin a series of gospel meetings at the Oak Grove Church of Christ, located on the state line road between Fulton and Dukedom, on July 20. The services, which continue through July 27, will be held at 2:30 p. m. and 8 p. m. Bro. John Fant of Glasgow, Ky., will direct the song service.

The Oak Grove congregation is endeavoring to encourage everyone to attend. They are hoping the audiences will be large, and that they might in some way be instrumental in bringing salvation to lost souls through the setting forth of truths taught in God's book, the Bible.

Bro. Colley has been in the ministry for 51 years. As this is his home, he is looking forward to being reunited with his many relatives in this vicinity, meeting many of his old friends and making new ones. Above all, Bro. Colley sincerely desires to bring many lost souls to the

Goodbye Linotypes, Stereos, If New Print Process Succeeds

New York, July 16—(AP)—News stories written on proportional spacing typewriters, and news pictures, are transferred directly to magnesium plates for printing pages of newspapers in a new process announced by John H. Perry, Jr., chairman, and his brother Farwell W. Perry, president, of the William J. Higgins Co.

In an announcement of the process late yesterday, the Perrys said the method would eliminate the use of typesetting machines, matrices and stereotype plates. Conventional presses are used.

"The process completely changes the composing room as it exists today," the announcement said. "The copy goes directly from the typewriters to the make-up boards and from there into the engraving room. The copy need not be returned to the editor for proofreading as composition errors are, by the photographic nature of the process, completely eliminated."

The Perrys, who are executive officers of the Western Newspaper Union, said the process was developed at the Higgins Company plant at Ocala, Fla., to counter "the increasingly prohibitive mechanical costs in the newspaper production field."

The Higgins Company will undertake installations of the process "as soon as production is completed on necessary composition and engraving machinery." The announcement said that a machine for head-setting similar to the proportional spacing typewriter had been developed.

For several months, the Perrys said, the process has been used in publishing the Leesburg (Fla.) Commercial Ledger, a 12-page weekly paper.

Paris Meeting Is Adjourned
Paris, July 16—(AP)—With the visiting foreign ministers on their way home, economic experts of 16 countries settled down today to the job of drafting a balance sheet of Europe's resources and requirements under the Marshall plan.

The 16-nation cooperation, or steering committee met at 10 a. m. at the French foreign ministry to lay out a working program for sub-committees on fuel and power, transport, food and agriculture and iron and steel. These subcommittees will be under a five-nation executive committee.

Delegates of western and southern European countries approved the committee setup yesterday in the third plenary session of a four-day conference. They will not meet again until the committees are ready to report, probably in late August or early September.

British Foreign Secretary Ernest Bevin, who was conference chairman, Belgian Premier and Foreign Minister Paul-Henri Spaak and Italian Foreign Minister Carlo Sforza left for home by air today.

Fulton C Of C Hears Reports On Creek, Show Business Meeting Held Last Night At Rainbow Room

PUTNAM PRESIDES

"I am for anything that's good for Fulton and this community," Dr. R. V. Putnam Jr., new president of the Fulton Chamber of Commerce, said last night in opening the first meeting of the organization under his leadership. The Chamber conducted a regular business session in the Rainbow Room, Lake street, after a fried chicken dinner.

Several new members of the organization echoed the president's statement, after which the Chamber heard a report from its Harris Fork Creek committee and the dairy show committee.

Smith Atkins, city councilman, said he had been advised by the state Highway Department that bids for the creek and project were scheduled to be taken on or shortly after August 3. Mr. Atkins and other members of the creek committee, including Bob White and Maxwell McDade, have engaged in lengthy correspondence with the Highway Department recently in an attempt to speed up work on the flood control project.

B. A. Ross reported briefly on the dairy cattle show which the Chamber will sponsor in conjunction with the Young Men's Business Club fat beef show later this summer. The Chamber will offer \$300 in premiums for the dairy show.

It was decided last night that the organization would meet at 6:30 p. m. each second Monday during the coming year. Dr. Putnam appointed Smith Atkins and Bob White as members of a rural committee, and announced that the present creek committee members would continue to serve.

The new president declared that the principal purpose of the Chamber of Commerce is to advertise the town by making it better, by attracting more industry and insuring a larger income for everyone here. "We need to cooperate with all civic clubs and all other groups of people in our town," he said.

11-Nation Parley Ruled By 2-3 Vote Proposed Aug. 19

MOLOTOV DISPLEASED
By John M. Hightower
Washington, July 16—(AP)—The United States has proposed an 11-nation conference to begin work on a Japanese peace treaty here Aug. 19 in a move based on complete abandonment of the big power treaty dictation which has been used for Germany and Austria.

American officials, disclosing this today, said they are uncertain whether Russia will accept the proposal, which would have the effect of eliminating a Big Four or Big Five veto control over every provision going into the treaty.

The proposal which went out only a few days ago and to which no replies have been received, yet would not only take treaty-making out of the hands of four nations and turn it over to 11, but it also would establish a two-thirds voting system among the 11 so that even there no veto would be permitted.

U. S. Ambassador Walter Bedell Smith, on confidential instructions from Secretary of State Marshall, has discussed the new treaty-making plans with Foreign Minister Molotov and Molotov is understood to have indicated dislike of those provisions which would end exclusive domination of the great powers in this field.

However, Molotov agreed to take the matter under consideration and no Russian objection or counterproposal has been received.

The countries invited to the Aug. 19 parley are the members of the Far Eastern Commission set up about two years ago to make allied policy for the Japanese occupation—Australia, Canada, China, France, India, The Netherlands, New Zealand, The Philippines, the United Kingdom, the Soviet Union and the United States.

Three Vacancies In City School System—Holland
With the opening of the fall school term rapidly approaching, City Superintendent W. L. Holland reports that there are three vacancies in the city school system.

The positions open are: assistant principal of Carr Institute, assistant coach and junior high mathematics instructor; junior high school English instructor; and librarian and high school English instructor.

Mr. Holland believes higher salaries available to qualified teachers in other states are largely responsible for the difficulty experienced in obtaining replacements for these three Fulton teachers.

FULGHAM NEWS

"Excitement" was the word here Sunday about 7 a. m. when a Fulton truck going south overturned two or three times near the Crate Vaden bridge and the two occupants were thought to be seriously hurt. Especially the driver, Elwin (Dumpy) Humphreys, employee of the Chevrolet garage.

A physician from Clinton was called and later Hornbeak's ambulance from Fulton.

Humphreys returned in the ambulance (sitting in the cab). Evidently, not as serious as spectators first thought. His companion was slightly injured. The truck was owned by the Quality Cleaners.

Salem revival will begin next Sunday night, July 20, with the pastor, Rev. A. B. Rogers, doing the preaching. This week he is in a series of services at Mt. Vernon. Sunday night Rev. A. D. Casby of Columbus filled his appointment at Mt. Pleasant.

Several friends from here attended the funeral of Mrs. Jim Vance Saturday afternoon at the Klapp and Kaler Funeral Home in Clinton, with Rev. Stephen Cobb of Mayfield officiating. Interment was in the Shiloh cemetery. Mr. Vance will return home with his daughter, Ida Lee and husband, who reside in Beloit, Wis.

Mrs. R. W. Morgan and son, Bobby, of Prenter, W. Va., arrived Monday for a visit with her parents, Mr. and Mrs. Sam Jackson and her sisters, Mrs. Len Barclay and Mrs. Dewey House. Mrs. Lewis Henderson, who had been visiting Mrs. Morgan, returned with her.

Mr. and Mrs. Fred Hopkins and Runetta and Mr. and Mrs. J. C. Walker and children and their house guests, Mrs. Glen Walker and children of Detroit, spent Sunday in Water Valley with Mr. and Mrs. Thomas B. Hewitt. Others present were: Miss Fay Hendon, James Hewitt, Glen Puckett, and Mrs. Ruby Puckett of Mayfield.

The newlyweds, Mr. and Mrs. J. D. Adams of Detroit, had dinner here Sunday with her uncle, West Watts and Mrs. Watts. The couple stopped off for a brief visit enroute for a honeymoon in the Smoky Mountains. The bride was formerly Miss Johnnie Waggoner, who resided here with her parents, Mr. and Mrs. Morris Waggoner until they moved to Detroit.

COUNTY LADIES OBSERVE INTERNATIONAL DAY

Members of the Homemakers Clubs throughout the county and their guests observed International Day July 10 at the lovely home of Mrs. Paul Choate in Hickman. Chairs were arranged by the attractive lawn and with the house and shrubbery in the foreground, it was an ideal setting for the outdoor exercises.

Mrs. Cecil Shaw, county secretary-treasurer, presided at the register. Each person who registered was given a flag representing a foreign country to wear during the afternoon. Mrs. W. B. Sowell, county program conductor, directed the program, which began at 2:30 by the group singing "A Song of Peace," led by Mrs. W. H. Harrison. Mrs. Paul Starr accompanied on the piano. Mrs. Sowell then introduced the guest speaker, Mrs. P. A. Jones of LeCenter.

Mrs. Jones for the past two years has served as director of the Purchase District of the Federation of Homemakers. Mrs. Jones, an able speaker, talked on opportunities and responsibilities, which she applied to national and international affairs, and gave suggestions of how people of today might help in bringing peace to the world. She commented on the biennial conference of the Associated Country Women of the World, which meets Amsterdam, Holland, in September and mentioned that Mrs. W. E. Nichols, Lexington, who is state president of the Kentucky Federation of Homemakers will represent Kentucky at this conference.

At this time, Mrs. Julian Stueben, Hickman, directed the audience by singing "Smiling Through" and "Homings," accompanied by Mrs. Paul Starr on the piano.

Featured on the program were two club members who had received letters from their pen friends in Australia and England. Mrs. Harold Copeland, Vicksburg club, and Mrs. Wayne Yates, Western club, gave interesting comments on their letters.

Presidents of clubs over the county then gave their penny-friendship dues which members had contributed to Mrs. Shaw, county treasurer. This completed the program.

The flag of seven different countries were used in serving refreshments. Mrs. Sowell called each group who wore flags of some country to enter the living-room separately, where they were received by Mrs. Choate and Miss Paula Choate. They were then ushered into the dining-room, where Mrs. Billie McGehee, county president, presided at the tea table, which was overlaid with a lovely lace cloth and centerpiece for the table was a crystal bowl of lilies, cakes and summer blues. Delicious punch and individual decorated cakes were served. Girls who assisted in serving were Misses Patsy Lawson, June Sharpe, Helen King, Mary and Ruth Bondurant.

Mrs. Paul Starr gave several piano selections during the social hour.

For the occasion the house was beautifully decorated with summer flowers. The decorating committee were Miss Alice Sowell and Mrs. Walker Mayes. The refreshments committee were Mrs. Clemens Lawson, Mrs. L. B. Abernathy, Mrs. Clyde King and Mrs. Wayne Yates. About 130 people attended the meeting and enjoyed the hospitality of Mrs. Choate and her

PALESTINE CLUB HAS PICNIC JULY 11

The Palestine Homemakers club, their families and guests gathered at the community house for their annual picnic July 11 at 7:30. Long tables were loaded with ham, chicken, salads, cakes and pies and other delectables which were enjoyed very much. After the feast and social hour, John Watts, county agent, and Paul Gray, assistant agent, showed some interesting slides of soil building crops and other interests pertaining to farms.

Those from out of the county for talks: Mr. Watts, Mr. Gray, Wayne Yates, Smith Atkins, and Mrs. Bertha McLeod. They all told how very much they enjoyed attending the picnic. There were 122 people present.

The people of the community and others who contributed to the building are justly proud of the house, which is an ideal place for picnics as well as for serving other meals.

Hungry Rats, Hungry People Act Alike, Scientists Believe

By People Taylor
AP Science Reporter

Like people, rats have a behavior pattern, and the behavior of hungry rats, running through mazes of tick passage, was in search of food may hold a lesson for state men seeking territory of security for their respective countries in the labyrinth of power politics.

When an extremely hungry rat is put into a maze through which he must find the way to food, he doesn't learn much about its zig-zag tunnels and blind alleys, but if not too hungry, he gets a better picture of his surroundings, says Dr. Edward C. Tolman, University of California psychologist.

Then if the original route to food is blocked and a new one is made, the rat with the broader learning has little trouble in learning the new path to his goal.

Applies to Nation
Similarly, Dr. Tolman suggested, a nation or its leaders should be able to reach their goals by rational, roundabout methods rather than by force or aggression if at the outset they are not too hard-pressed from within by some sort of hunger or fear.

Dr. Tolman, who specializes in animal behavior experiments for whatever value they may have in helping to form an understanding of human conduct, told of the rat tests in a special all-university lecture.

The rat which is forced to learn the route while experiencing the pangs of extreme hunger gets a vivid impression of the foot path fixed in his brain. If the path as changed it is difficult for him to re-learn.

Broad Learning
A well-fed rat, placed in a maze which has food at the end of one route and water at the end of another, apparently learns nothing because he is neither hungry nor thirsty.

But if he is kept out of the maze until hungry or thirsty and then returned to it, he quickly finds his way to food or drink, because, says Dr. Tolman, while not under too great pressure to reach his goal, his brain during the previous experience formed a broad "cognitive map" of the maze.

A hard-pressed human being, like a hungry rat, may become frustrated from over-intense striving along one narrow course toward a goal, and may "take it out" on some other person or group by becoming aggressive, Tolman asserted.

Mayfield Motorists Too Noisy, Police Are Told
Mayfield—Motorists here are leaning on their horns entirely too much, according to complaints received by chief of police Harry Crawford. Crawford has appealed to drivers to be as quiet as possible, and said that if this plea is unheeded an ordinance must be passed prohibiting the sounding of horns within the city.

State Boys' Town Proposal Made By Order Of Police

Lexington, Ky., July 16—(AP)—President O. S. McCaw of the Lexington chapter of the Fraternal Order of Police said today the state organization would propose establishment of a Boys' Town in Kentucky.

He said the plan would be advanced at the national convention of the lodge next month at Indianapolis.

McCaw said the state organization seeks to obtain a part of Camp Breckinridge near Morganfield to establish a center for juvenile delinquents. A boys' town with a capacity of 1,300 is planned.

Ordinance Can't Stop Phone Calls To City Bookies

Frankfort, Ky., July 16—(AP)—Attorney General Eldon S. Dummit yesterday expressed the opinion that a city ordinance could not prohibit telephone and telegraph companies from transmission of race results from other states to operators of race track handbooks.

Dummit informed William A. Minihan, counsel of the city of Lexington's legal department, that he believed present laws are "ample to suppress handbook gambling."

Harlan Schools Termed Efficient By Griffenhagen

Frankfort, Ky., July 15—(AP)—Schools in the city of Harlan are operated "efficiently and economically," Griffenhagen & Associates have reported in a survey, bright with praise.

Though Harlan's independent school district needs more money for materials and services, the system is under "capable management" and the schools these are far better than would be expected in a district that expends so small an amount per pupil, the report said. It declared property assessments are too low.

Griffenhagen also found little to criticize in the school system at Lynch, a small Harlan county city whose real property, except for churches, is owned by the U. S. Coal & Coke Company.

Rev. J. F. McMinn filled his regular appointment at Wesley Sunday morning. A nice crowd attended.

Mrs. Rupert Phelps and son, Jerry, of Detroit, are visiting relatives and friends here.

Dewey Johnson and Mrs. Ernest Hindman are quite ill in Fulton hospital.

Mrs. James Beard has the sympathy of the entire community in the loss of her mother, Mrs. Vance, of Fulham.

Edward Nail spent the week-end with his parents, Rev. and Mrs. E. C. Nail, and attended church at Wesley Sunday morning.

Mrs. Lee Fite is improving after being quite ill at the home of her daughter, Mrs. Solomon Hancock and Mr. Hancock.

Mr. and Mrs. S. J. Walker, Jr., spent Sunday with relatives in Tenn., and attended home church.

Wesley was hostess Thursday, July 10, to the first sub-district meeting. A large crowd attended and several interesting topics were discussed. The most interesting feature was a talking picture revealing the desperate need of medical care in China.

Mr. and Mrs. Aaron Kirby and Ronald visited in the Baptist church at Wingo during the broadcast hour of Rev. Southard, Sunday, later visiting in the home of Rev. and Mrs. Archie Smith and Mrs. Leila Walker, also of Wingo.

Mr. and Mrs. Chester Bohler and children and Mrs. Roley Bushart of Florida are visiting relatives in this community.

Sunday, July 13, a basket lunch was spread in Mt. Zion church grounds in honor of these guests.

Mr. and Mrs. Pleasant Randolph, Gerald and Avonda, spent a few days last week with relatives.

Rev. and Mrs. Martin Rudolph and Carol, and Mrs. Pleasant Rudolph and children, Mr. and Mrs. S. J. Walker, Jr., and Mrs. Callie Walker were dinner guests of Mr. and Mrs. Aaron Kirby and Ronald, Sunday, July 6.

Mr. and Mrs. Ellis Bizzle attended church at Union C. P. church, Sunday and heard Rev. Shaufl.

Rev. Shaufl will begin a revival meeting at Mt. Zion, Wednesday evening, July 16, at eight o'clock. The day services will be about 2:30 p. m. Everyone is invited to attend these services. They will continue through the next week. Our pastor will be unable to be with us due to arrangements that were made prior to his coming as our pastor.

Fatsy Wooten of Detroit is visiting her grandparents, Mr. and Mrs. Herbert Kirby, during the summer vacation.

Fifteen children and a number of older people attended the broadcast and fishery that was given by Rev. Southard at his home in Wingo, Monday night, July 7. All reported a splendid time and our Royal Crusaders sang two choruses. Rev. Southard was given \$6.00 for our group.

ORDINANCE

AN ORDINANCE RELATING TO TRAFFIC AND REGULATING THE USE OF PUBLIC STREETS AND HIGHWAYS OF THE CITY OF FULTON, KENTUCKY, PROVIDING FOR THE INSTALLATION, REGULATION AND CONTROL OF THE USE OF PARKING METERS AND PARKING METER ZONES; DEFINING PARKING METER ZONES; AUTHORIZING A METHOD OF PAYMENT FOR PARKING METERS AND THE INSTALLATION THEREOF EXCLUSIVELY FROM THE RECEIPTS OBTAINED FROM THEIR OPERATION; PROVIDING FOR ENFORCEMENT AND PENALTY FOR VIOLATION THEREOF AND PROVIDE THAT INVALIDITY OF PART SHALL NOT AFFECT THE VALIDITY OF REMAINDER.

BE IT ORDAINED BY THE BOARD OF COUNCIL OF THE CITY OF FULTON, KENTUCKY, TO-WIT:

Section 1. The word "vehicle" as used herein shall mean any device by which any person or property may be transported upon a highway, except those operated upon stationary rails or tracks.

Section 2. That the following described streets in the City of Fulton, Kentucky, are hereby designated and established as parking meter zones, to-wit: Lake Street, except the south side thereof from State Line to Church Street and from Walnut Street to Fourth Street Extension; the west side of Church Street; Main Street from the I. C. R. R. Crossing and Church Street to the west line of Mulberry Street, and the north side thereof from the east line of Mulberry to the west line of the Postoffice property; Commercial Avenue from Lake Street to the south side of the bridge thereon which crosses Harris Fork Creek. A sufficient space is also excepted on all of the above streets for the use of fire hydrants, alleys and driveways, and bus stops.

Section 3. A committee of three members of the Council shall be appointed by the Council and this committee shall provide for installation of meters, including curb or street marking lines, regulation and operation thereof, and shall cause said meters to be maintained in good workable condition. Meters shall be placed upon the curb next to individual parking places and meters shall be so constructed as to display a signal showing regular parking upon deposit therein of the proper coin or coins, of the United States, as indicated by instructions on said meter, as follows: 1 cent 12 minutes; 2 minutes additional for each 1 cent deposited; 1 hour 5 cents; 2 hours 10 cents. The time to be shown by signal on the said meter and the said signal to remain in evidence until the expiration of said parking period so designated; at which time a change of signal or some other mechanical operation shall indicate expiration of said parking period.

Section 4. The city is hereby vested with the authority to enter into a contract for the purchase and installation of parking meters and to provide payment therefor exclusively from the receipts obtained by the city from their operation.

Section 5. When any vehicle shall be parked next to a parking meter, the owner or operator of said vehicle shall park within the area designated by the curb or street marking lines as indicated for parallel or diagonal parking, and upon entering said parking space shall immediately deposit in said meter one or more 5-cent coins of the United States, and—

one or more 1-cent coins of the United States as indicated by instructions on the meter. It shall be unlawful for any person to fail to park within said designated area, or fail or neglect to so deposit the proper coin or coins from 8 a. m. to 6 p. m. daily except Saturday from 8 a. m. to 3 p. m., and Sundays and holidays excepted, and each meter shall so show.

Said parking space may then be used by such vehicle during the regular parking limit provided by the ordinances of the city.

Section 6. It shall be unlawful for any person to tamper with or open, except those lawfully authorized, or to break or destroy any parking meter.

Section 7. It shall be the duty of the police officers, so instructed, to take the parking meter numbers, and the state vehicle tag number of all persons violating the provisions of this ordinance and make complaint therefor in the Police Court of the City of Fulton, Kentucky.

Section 8. Parking may be permitted in the following manner and zones set off and established as follows: parallel parking 1. e. parallel to the curb the stall shall be approximately 22 feet in length and 7 to 8 1/2 feet in width; as the width of the street will permit. Stalls open at one end shall be reduced to 18 feet in length; 45 degree angle parking, 1. e. with the curb 8 feet wide; 35 degree angle parking 8 feet wide. The angles to be established and maintained as the width of the street will permit for the safe movement of traffic.

Section 9. Any person, firm or corporation who shall violate or permit or allow anyone to violate Section 5 of this ordinance shall upon conviction be fined not more than \$1.00 or less than \$5.00, and the costs.

Section 10. Any person who shall violate or assist in violation of Section 6 or Section 7 of this ordinance shall upon conviction be fined not more than \$50 nor less than \$5 and the costs.

Section 11. The fee required to be deposited in said meters is hereby levied as a police regulation and inspection fee to cover the cost of providing parking spaces, parking meters and installation and maintenance thereof, the cost of regulation and inspection, operation, control and use of the parking meter, spaces and zones created herein, for the regulation and

It shall be unlawful for any person to cause or permit any vehicle registered in his name to be unlawfully parked as set out in this section.

Section 6. It shall be unlawful to deposit or cause to be deposited in any parking meter any slug, device or metallic substitute for a coin of the United States.

Section 7. It shall be unlawful for any person to tamper with or open, except those lawfully authorized, or to break or destroy any parking meter.

Section 8. It shall be the duty of the police officers, so instructed, to take the parking meter numbers, and the state vehicle tag number of all persons violating the provisions of this ordinance and make complaint therefor in the Police Court of the City of Fulton, Kentucky.

Section 9. Parking may be permitted in the following manner and zones set off and established as follows: parallel parking 1. e. parallel to the curb the stall shall be approximately 22 feet in length and 7 to 8 1/2 feet in width; as the width of the street will permit. Stalls open at one end shall be reduced to 18 feet in length; 45 degree angle parking, 1. e. with the curb 8 feet wide; 35 degree angle parking 8 feet wide. The angles to be established and maintained as the width of the street will permit for the safe movement of traffic.

Section 10. Any person, firm or corporation who shall violate or permit or allow anyone to violate Section 5 of this ordinance shall upon conviction be fined not more than \$1.00 or less than \$5.00, and the costs.

Section 11. The fee required to be deposited in said meters is hereby levied as a police regulation and inspection fee to cover the cost of providing parking spaces, parking meters and installation and maintenance thereof, the cost of regulation and inspection, operation, control and use of the parking meter, spaces and zones created herein, for the regulation and

control of traffic moving in and out of and parking in said parking spaces and zones so created, and for the cost of any resultant traffic administration expense.

Section 12. The monies collected from the said parking meters shall be deposited in the general fund of the city.

Section 13. If any section, provision, part or paragraph, clause or sentence herein shall be adjudged invalid, then such invalidity shall not affect the remaining portions of this ordinance.

Section 14. Any ordinances or parts of ordinances in conflict herewith are as to such conflict hereby repealed.

Section 15. This ordinance shall be in full force and effect on and after its passage, approval and publication as required by law.

Passed by the Council of the City of Fulton, Kentucky, this 7 day of July, 1947.

Approved by the Mayor of the City of Fulton, Kentucky, this 7 day of July, 1947.

BY SWING BALLOWAY

My space today is given to Oldham Clarke, eminent Louisville lawyer, who tells us why he thinks a convention should be called to revise our state constitution. The opposition will have its say in a future article.

"The question to be decided in November is not whether we shall have a new constitution; it is whether we shall call a convention to revise our state constitution in the present constitution to the people for approval."

"In order to answer this question it is necessary to determine only two points: (1) Is there need to revise and bring up to date the constitution of 1892? (2) Is a constitutional convention so dangerous to the people that it would be better off living with the present defects than running the risk of a convention?"

Answering the second part first, the people would elect to

control of traffic moving in and out of and parking in said parking spaces and zones so created, and for the cost of any resultant traffic administration expense.

Section 13. The monies collected from the said parking meters shall be deposited in the general fund of the city.

Section 14. If any section, provision, part or paragraph, clause or sentence herein shall be adjudged invalid, then such invalidity shall not affect the remaining portions of this ordinance.

Section 15. Any ordinances or parts of ordinances in conflict herewith are as to such conflict hereby repealed.

Section 16. This ordinance shall be in full force and effect on and after its passage, approval and publication as required by law.

the convention 100 delegates whose work could not become effective until approved by the people.

"There are other safeguards; every proposed change would be thoroughly debated by the convention. These debates would be reported and discussed continuously in the press and on the radio. The people would be informed and the knowledge that the voter has the last word would be a controlling factor in determining the action of the convention."

"What could be more democratic than this? Anyone who believes in the democratic process should approve the calling of a convention whose delegates would be elected for the specific purpose of recommending changes in the constitution."

"If several changes in the constitution are needed, a convention is the only practical and feasible method of working out and submitting the needed changes to the people. There is nothing in the convention process for a democratic people to fear."

"There are many defects in the constitution on which there is almost universal agreement. Among these are:

"Too many elections are required by the present constitution."

"Many state officials must be elected who should be appointed, and they cannot succeed themselves in office, even though their experience would be a valuable asset to the state."

"Sixty days every two years is not sufficient time for the Legislature to determine the policy of a \$60,000,000 annual business. The state was doing a \$2,000,000,000 annual business in 1890."

"The sections dealing with corporations should be rewritten."

"Many needed consolidations of governmental activities are prevented by the constitution."

"The section relating to the distribution of school funds prevents the development of an efficient program of public education."

"The revenue provisions of the constitution should be revised."

"The low salary limitation should be liberalized so as to permit the payment of adequate salaries to state officers and employees."

"The fee system should be abolished, especially exorbitant fees paid to back tax collectors—and this goes hand in hand with the salary limitation, since, under this limitation, it is impossible to employ competent experts on a full-time basis to do this work."

"Home rule for cities should be authorized by the constitution."

"Many legislatures and numerous useless sections should be eliminated."

"The methods provided for amending or revising the constitution should be simplified."

"There are many major defects in our state constitution. A convention is the method provided for revision when numerous changes are needed. A convention is safe and democratic."

Zale, Graziano Battle Tonight For Biggest U. S. Indoor Gate

Yanks Nearing Victory Record

Have Won 16 Straight; A. L. Mark Is 19 Tilts

By Joe Reichler

Associated Press Sports Writer

One of the American League's most majestic marks—the 19 consecutive victories by the Chicago White Sox, famous hitless wonders of 1906—was being seriously threatened today by the New York Yankees.

The onrushing Bronx Bombers now boast 16 straight wins and need only four more to shatter the record which has stood for the past 40 years.

The old Yankees of Babe Ruth, Lou Gehrig, and Tony Lazzeri back in 1926 reached 16 but were stopped the next day. The 1912 Washington Senators and 1931 Philadelphia Athletics went them one better, winning 17 straight each, but got no further. The major league record of 23 straight by the New York Giants of 1916 still is too far off to be given any serious thought.

In winning both ends of a twilight-night doubleheader from the Indians in Cleveland before a huge turnout of 62,355 paid fans yesterday, 9-4 and 2-1, the Yankees not only had the satisfaction of prolonging their streak but got their 16th win at the expense of the great Bob Feller.

After the Yanks had won the opener easily behind the 10-hit hurling of ex-Indian Allie Reynolds, the Indians went all out to halt the Yankees by leading with their strongest weapon—Feller. For eight innings the majors' strikeout king held the New Yorkers and pitcher Floyd (Bill) Evans even 1-1.

The contest in the Chicago stadium is scheduled for 15 rounds or less—undoubtedly less, considering the punching powers of both. No one, including Zale and Graziano, believes it will go the limit. The consensus of experts is that Zale will triumph within six rounds.

Zale at the age of 33 defends his title for the second time against the challenge of Graziano, 25. This will be an encounter of the knockdown-and-count-Rocky-out thriller fought in New York last September in which Zale dragged himself off the canvas to win by a knockout in six savage rounds.

This rematch was scheduled for New York last spring, but the New York Athletic Commission revoked Graziano's license for failure to report an unsuccessful attempt by gamblers to bribe him with the result that the bout was switched to Chicago.

Zale remained a steadfast 7 to 5 betting favorite. Always in excellent condition, Zale says he has trained to perfection and "feels stronger now than he did before their first meeting. Zale is a tireless ringman and possesses the stamina to get off the canvas as he has demonstrated in previous battles and go on to win.

Graziano has trained harder and longer for tonight's battle than he ever did before. He considers his condition perfect and he expresses confidence of victory. This, however, could be his last major ring engagement since defeat by Zale would practically shove him out of the middleweight picture.

In the final summary, it will be age, fighting heart and experience versus youth. Graziano, with the advantage of youth, can punch with his right hand with terrific power and he is counting on competing solidly with his right as quickly as possible. Zale has predicted he would land a knockout punch within six rounds.

A crop of at least 100,000 pounds of ladino clover seed is expected to be harvested in Fulton county this year.

Chix Shut Out Oilers 5 To 0 At Owensboro Second No-Score Game For Engel

Behind the masterful pitching of big Ed Engel, the Chicks shut out the league leading Oilers 5-0 at Owensboro last night to take the second game of a three game series being played there.

It was Engel's second shut out of the year. He did the trick on the Greyhounds at Union City earlier in the season. Engel allowed only four hits in pitching his teammates to victory last night. He was ably abetted by the hitting of Buck, Propst, Rhodes, Seawright, Hardcastle and Gray. Propst slammed out a double and three singles in five times at bat; Buck connected for a triple, a double and a single in five tries; Rhodes homered once, doubled and singled in his five appearances. Gray, Hardcastle and Seawright, each hit safely once in the game. Seawright's poke being good for three bases. Miller, William, Browne and Neagle were the only Oilers able to reach Engel for safe blows. Miller and Williams had a double apiece.

The win put the Chicks back in second place in league standings. They gained a full game and passed Mayfield as Hopkinsville was defeating the Cloisters 7-4. The Chicks are now only three games out of first place, one game ahead of Mayfield.

Propst stole two bases and Rhodes snatched one. Rhodes and Gray were credited with a double play, and Williams, Oiler second baseman, duplicated the feat.

The Chicks remain in Owensboro tonight for the last game of the series. They return to Fairfield tomorrow night to take on the Madisonville Miners.

The game was played without the assistance of Pete Peterson, ailing right fielder of the Chicks, who has done so much to pull them into second place. Pete, who was injured Saturday night in a game played here with Cairo, was left behind when the Chicks went on the road Monday.

His foot is in fair shape, his tonsil is much better, and he is able to walk around town. He said this morning that he hoped to return to the lineup tomorrow night.

U. S. Atom Bomb Factory Placed On Permanent Production Basis

Washington, July 16 (P)—The United States is putting its atom bomb factory on a permanent basis.

This great footnote to the long and thus far fruitless effort to get up world controls over nuclear energy came to light today in an Atomic Energy Commission announcement of plans to "permanentize" and effectively "modernize" the war-built town of Los Alamos, N. M.

The first A-bomb was made there and tested at Alamogordo, N. M., two years ago today.

The commission announcement said that Carroll L. Tyler, retired Navy captain and ordinance expert, will be in charge of the Los Alamos laboratory, "where a multi-million dollar improvement program is under way." Tyler succeeds Col. Herbert C. Gee, Army engineer who

er and drove in a run with a single in the nightcap which was won by the Pirates 9-3. Pitching, Dave Koss, Giants—held the Cubs to five singles for his second shutout victory and his 10th of the season as the Giants downed the Cubs 4-0.

Veterans Corner

This column is published through the cooperation of this paper. Questions should be mailed to the Veterans Employment Representative, Kentucky State Employment Service, Mayfield, Kentucky.

Q. My G. I. Insurance premium was due two weeks ago. Is my policy now lapsed, or do I have more time to send in my premium payment?

A. Your policy is not lapsed, nor will it be lapsed until 31 days after the date on which your unpaid premium was due.

Q. I have repaid a \$4,000 business loan, \$2,000 of which was guaranteed by the Veterans Administration under the G. I. Bill. Is my guaranty privilege restored to its original amount now that all of my indebtedness has been paid?

A. No. You may use your full loan guaranty entitlement only once.

Q. I live and work in the city, but would like to buy a small farm with a guaranteed loan. Do I have to live and work on the farm to get the loan?

A. No. However, you must be in a position to supervise and direct the farming operations.

Q. Can I get a guaranteed loan to buy or build a small apartment house?

A. Yes, you may build or buy a small apartment house with a home loan or with a business loan, but the total number of family units cannot exceed four. If more than one veteran is buying an apartment house, then one additional unit for each veteran participating may be added to the basic four.

Wall Street Report

New York, July 16—(AP)—Lending stocks worked at cross purposes in today's market.

Attempts to rally the list at the start failed to attract a following. While dealings slowed appreciably after a moderately active opening, declines of fractions to around a point were a shade in the majority near midday.

Many customers continued to hold aloof or trim accounts on the idea that more of a technical correction of the 8-weeks' climb was in the offing.

Occasional gainers included Chrysler, Republic Steel, Caterpillar Tractor, Cerro de Pasco, International Harvester, Allied Chemical, Texas Co., Great Northern Railway and Northern Pacific. Inclined to waver at intervals were General Motors, Montgomery Ward, American Telephone, Santa Fe, N. Y. Central, Baltimore & Ohio, Douglas Aircraft, Kennecott, International Paper and Owens-Illinois. Bonds were uneven and cotton futures higher.

The citizens of ancient Rome bathed daily.

Hawaii Pineapple Strike Is Settled

Honolulu, July 16—(P)—The strike in Hawaii's \$65,000,000 pineapple industry ended today as abruptly as it began six days ago.

Federal labor conciliator Nathan P. Feinsinger announced that the CIO Longshoremen's and Warehousemen's Union had called off the strike and that the industry had agreed to reopen contract negotiations immediately.

ILWU chief Harry Bridges said workers would return to their jobs at noon.

The accord between the union and industry leaders after five turbulent days brought peace once again to the territory and ended the threat that the strike might spread throughout other major industries to cripple seriously the entire economy of the Islands.

Lovely Wedding, But No Bridegroom

Hastings, Neb., July 16—(P)—It was a beautiful wedding but the bridegroom missed it.

The organist at the First Methodist church played nuptial music. The soloist sang. The candles were lighted and the bride party welcomed some 100 guests.

The Rev. Ralph Rasmussen rose to his feet and told the assemblage that Robert Kellon and Miss Phyllis Osterburh had been married a few hours earlier so that Kellogg could be rushed to the hospital for an emergency appendectomy.

It has long been possible to install a television set in combination with telephones so that each speaker can see the other, but the devices are too costly for general use.
