# WEEKLY KENTUCKY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY, SEPTEMBER 15, 1893.

VOLUME XXX, NO. 9.

## YELLOW JACK SPREADING.

New Cases Developing Daily.

DEATH RATE HIGH.

Rigid Quarantine Measures Are Taken.

REFUGEES STRICKEN.

(Special to New Era.)

JACKSON, Miss., Sept. 11.—The State Board of Health last night declared the State of Mississippi quarantined against New Orleans, effective today at noon.

The quarantine does not apply to freight and no limitation of the mails will be required.

All passenger trains will carry inspectors, under the supervision of the Marine Hospital service, and will be somewhat delayed.

Yellow fever is spreading in the South. Four cases have developed in Port Tampa, Fla., and one in Jackson, Miss. One death has resulted at Port Tampa. The stricken at Port Tampa are said to be of the Negro race. Key West reports twenty-three new cases and two deaths. This makes a total of 177 cases there. Four Key West refugees are down with the fever at a New York. Jacksonville, Fla., will establish a strict quarantine against the Southern portion of the State.

The United States Court can not be held in Meridian, Miss., because the health officials will not allow the Judge and Marshall from Jackson to enter the city.

SITUATION NOW MORE PEACEFUL.

Yet The Greatest Anxiety Still Exists in Johannesburg.

(Special to New Era.)

LONDON, Sept. 11.—It is understood that Gen. Sir Buller will be sent for Cape Town next Saturday. The Indian authorities are clearing the sea to transport troops to South Africa as rapidly as possible.

Although the aspect of affairs is more encouraging, the special dispatches from Johannesburg report the greatest anxiety there. Fifteen hundred people left town on Saturday and it is proposed to transport the business of the stock exchange to Cape Town.

Johannesburg's town council is petitioning the Government for power to start Government relief works to meet the exceptional distress.

A dispatch from Bloemfontein reports the distribution of arms and a considerable exodus to Cape Colony.

According to this correspondent the Boers are massing on the frontiers and there is no abatement of war preparations in the Transvaal.

DR. CLARBY WILL SPEAK.

Ex-Congressman John D. Clarby will address the people of Union county at Scarsville next Friday afternoon.

## POLITICAL POINTS.

Paducah Leader: The Democratic ticket is growing more in favor of the people every day.

Franklin Favorite: If any man is of the right opinion that he will elevate the morals of Kentucky by assisting in the election of B. H. Taylor, the time has arrived for him to send for a surgeon.

Stanford Interior Journal: "I preached at Rocky Ford, in Casey county Sunday, and while in the county nearly every man who expressed himself to me said he was for Gobel," remarked R. V. R. B. Mahony yesterday on his return.

Paducah Leader: W. M. Gilbert, of Murray, is in the city, and he says that he does not believe there will be ten votes for Brown in Callaway county. That county never was so solidly Democratic in the history of the political parties. That county can always be depended on just at the proper time, and now is one of those times.

Paris Kentuckian-Citizen: Rev. Alex. Field, presiding elder of the Shelbyville district, announced at Newmarket that he will support Gobel for Governor. He said that his information concerning Mr. Gobel was of such a character as to lead him to believe that the Obvying to man would make a Governor that the plain people might trust.

Rev. W. F. Taylor, of Shelbyville, is another Gobel supporter, and is thoroughly familiar with the Kenton man and his character. Both of these ministers are former pastors of the Paris church and are much beloved.

Georgetown Times: There is nothing in the administration of public affairs by the Republican party in Kentucky to justify the continuance of that party in power for the good of the public. No promises made by that party as to lessening public expenses and securing a more efficient public service have been kept. Instead of a reduction of taxes they have been increased. There is nothing in the practice or policy of the Republican party to commend it to popular favor.

Elkton Progress: All things can now be properly eliminated from the gubernatorial race in Kentucky save and except this one question, which do you prefer, Mr. Gobel or Mr. Taylor, Democracy or Republicanism? This is the issue before the people, and the one they must settle by their votes at the polls. It is needless to keep thrashing over that old story of how Gobel, Taylor or any nominee arrived at their nomination. They have been nominated, and no it remains for the people to choose between them. People that are Democrats have but one course to pursue.

SERIOUS ACCIDENT.

Mr. Bob Coffey and Son Hurt by a Runaway Horse.

From Monday's daily. Mr. Robert Coffey and son, Robert, Jr., were thrown from a buggy at the corner of Virginia and Seventeenth streets yesterday afternoon and both were painfully hurt.

They started for a drive at 1:30 o'clock. The horse became frightened by the blowing of a net against his flanks and Mr. Coffey was unable to control the animal, which ran rapidly down Seventeenth street. At the intersection of Virginia the buggy struck a telephone pole. Mr. Coffey was thrown half across the street, striking the stones with great violence. He received several deep cuts about the head and painful bruises on the lower limbs and on the right side. Mr. Coffey is confined to his bed and the physicians fear that he has received some internal hurt. Young Coffey's left ankle was sprained and a finger broken.

DEATH OF MRS. COX.

From Friday's daily. Mrs. Aurelia Cox, a former resident of Christian county, died Wednesday morning at the home of her daughter in Princeton, aged 81. She had been an invalid a long time, having been stricken with paralysis twelve years ago. She was a lady of many virtues and a consistent Christian, having been baptized by Rev. A. W. Mescham. When removed from Christian county she told Rev. Mescham that she desired him to conduct her funeral services when she died, and requested him to preach from the text, "Come unto me, all ye who labor and are heavy laden, and I will give you rest." She was ready to die when the summons came. The deceased was married when fourteen years old to Elijah Cox. A large number of children and grandchildren survive her. The remains were interred in the family burying grounds at Bellevue.

WILL MARRY TUESDAY.

From Monday's daily. Marriage licenses were issued Saturday to Mr. Thomas A. Owen and Mrs. Elizabeth Mitchell. Mr. Owen is a widower and his prospective bride is a widow. The ceremony will be pronounced Tuesday evening at five o'clock at the house of the bride. Rev. J. A. Sparlin will officiate.

REMARKABLE RECOVERY.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own house work and is as well as she ever was. Free trial bottles of this Great Discovery at L. L. F. King's, C. R. Wynn's, R. O. Hardwick's, J. O. Cook's and A. P. Harnes' drug stores. Only 50c and \$1.00; every bottle guaranteed.

## KENTUCKY NEWS.

Farmers are sorely beset because of scarcity of stock water.

Podder is drying up very fast and farmers are busy trying to save it.

The Rev. W. T. Eklor will take charge of the Methodist church at Wilhamson.

There is a movement on the part of the Christian people of London to hold a camp meeting in or near London next year.

The Joint Teachers Institute for the counties of Laurel and Whitley will convene at Wilhamson and continue in session five days.

The Catholics at Williamstown will soon begin the erection of a \$5,000 church at that place. More than \$4,500 have already been subscribed toward the church.

Tobacco worms are plentiful. Up to about two or three weeks ago the farmers were troubled but little with these pests, but lately they have appeared in large numbers.

John Hinkle, a young man of Clay county, son of Mr. Arthur P. Hinkle, and a member of Uncle Sam's boys down in Cuba, is very ill, and it is feared he cannot recover.

The residence of the Rev. E. J. King, pastor of the Richmond Baptist church, in Pendleton county, situated just over the line in Bracken county, was burned to the ground last Saturday. The Rev. King and family were at Richmond church at the time.

The camp fire reunion of the Federal and Confederate veterans near Kingsville, Lincoln county, which begins next Wednesday, the 13th, and lasts three days, will draw a large crowd and preparations are being made to entertain on a large scale.

Allen Sandridge received a letter from a representative of a syndicate, making inquiry as to the wishes of the people of this section for a railroad. He claims that certain capitalists, with the proper encouragement will build a road through the county, says the Burkesville Herald.

Old Aunt Katie Wade, mother of George and Hoggard Wade, is no doubt the oldest woman in the county, says the Burkesville Herald. She is now past ninety and active for one of her age. She lives with her son Haggard at his home in Medford Hollow, and a few days ago, for the first time in her life, sat for her photograph.

Dove shooting has furnished but comparatively little sport this season, which is now more than half gone, says the Harrodsburg Democrat. The birds are scarce and wilder than ever known. There are many hemp and millet fields, with plenty of seed on the ground, but the doves have migrated or fallen victims to the deadly breech-loaders. The estimate made by some of the crack shots as to the number of doves killed in this county up to date is 250. Where, last year, there were killed by September 1 from 1,000 to 1,500; and if a party of hunters succeed in bagging a dozen doves in one afternoon they consider themselves lucky. Reports of abundance of quail come in from all parts of the county.

GOING A HEAD.

The adage that "only live fish can swim up stream" is a stern one with special application to merchants of this age of push and progress. Only the go-ahead and aspiring tradesman may expect to move upward and toward success, making headway against the numerous impediments that beset his course. If he be a sagacious man he will have discovered at the very start of his mercantile career that advertising in a live and popular newspaper is the very best way he can get in order to secure extensive and profitable patronage.

WILL PRACTICE LAW.

Mr. Jack Russell, son of Dr. E. P. Russell of this city, has opened a law office in Bowling Green. His many Hopkinsville friends will wish him success in his chosen profession.

THEY ARE COMING.

Bryan, Blackburn and Gobel Will Honor Hopkinsville.

From Saturday's daily. Judge Leavell is in receipt of a letter from Senator J. O. S. Blackburn saying that Mr. Bryan, Mr. Gobel and himself would be in Hopkinsville early in October, probably the first week, and that all would speak here on that date.

The local committee will begin at once to make preparations for the reception and entertainment of the vast crowd which will be present. If the managers of the Tabernacle persist in their refusal to allow the speaking to take place there

the multitude will probably gather in some convenient grove near the city. The old Leavell place has been suggested and would be an admirable location. It is not improbable that ten thousand people will throng the streets of Hopkinsville on that eventful day and will hear the gospel of Democracy from its ablest champions.

Mr. Sam Rutherford, of this city, and Mrs. H. W. Roake, of Hopkinsville, were united in marriage at the residence of Herbert Roake, Greenwood Cemetery keeper, last evening at 7:30 o'clock by Dr. J. B. Erwine. The bride is the daughter of R. Roake, of Hopkinsville. They will make their home in this city, residing with Mr. Herbert Roake.—Clarksville Courier.

## BRIEF REVIEW OF THE CASE.

How He Was First Condemned And Degraded.

(CABLE TO NEW ERA.)

PARIS, France, Sept. 9.—It was nearly five years ago that Captain Dreyfus was convicted and transported to the Isle du Diabie. The court-martial which convicted him met Dec. 19, 1894. In a general way Dreyfus was convicted of selling "army secrets" to the German Government.

One document alone, it is said, convicted him. This was a letter alleged to be in his handwriting, but which experts assert he did not write. Indeed, the preponderance of expert testimony was in his favor, but he was condemned.

On Jan. 5, a bitterly cold day, Dreyfus was publicly degraded on the Champ de Mars. First his sword was broken; then the military buttons, the epaulets and the chevrons on his coat were ripped off.

Then Dreyfus, bareheaded, his clothing in tatters, stripped of all honor, was led, cheering for France, along the front of the troops, and amid their exhortations, was drummed out of the French army.

A month later he was transferred to the Isle du Diabie. Here, caged like a wild beast, his every movement watched by armed sentinels, who never spoke to him, forbidden even to see his wife, Dreyfus remained until a few weeks ago when he was taken to Rennes to stand a new trial, a revision of the sentence having been recommended by a French Cabinet on account of the general indications that he was innocent.

FOR EARLY CLOSING.

Merchants Signing an Agreement in Interest of Employees.

A petition is being circulated among the merchants requesting them to close their business houses at seven o'clock during the winter, containing the agreement now existing.

A majority of the merchants, with commendable sympathy for their hard-worked employes, have signed this agreement and it is more than likely that it will include all Main street houses.

BIG BARN BURNED.

Edgar Radford Loses Twelve Acres Of Tobacco With No Insurance.

From Saturday's daily.

Mr. Edgar Radford, a leading young farmer, of Howell, had the misfortune last night to lose a large barn filled with fine tobacco, in the process of curing.

Mr. Radford purchased the Quarles farm last year and this was a part of the first crop he had raised on it. There were twelve acres of tobacco in the barn, all of which went up in smoke. The loss was total. The fire is supposed to have been caused by the carelessness of laborers.

Piero's Favorite Prescription has been well named a "God-send to women." It corrects irregularities and imparts vigorous vitality to the delicate womanly organs, as also them for their important functions. Many a nervous, hysterical, nervous girl has been changed to a happy young woman after the use of "Favorite Prescription" has established the sound health of the organs peculiarly feminine.

Every woman should own a copy of the People's Common Sense Medical Adviser, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. The same book of 1008 pages is substantial cloth for 31 stamps. Address Dr. R. V. Piero, Buffalo, N. Y.

Over a third of the ten regiments called for have been recruited. The total is 4,970 men enlisted. Enlistments in the South have been as numerous in proportion as in the North. It is easier to get men to enlist than to re-enlist. The boys who have seen service in the Philippines are anxious to get home.

W. S. Taylor, the Republican for Governor, will speak at house in this city Wednesday.

Taylor will be accompanied by his wife and probably several other family members. Republican anti-slavery and anti-secessionists are expected to have a grand time and expect their candidate to win.

Some of the grave charges against Taylor have been brought against the addition.

**MOONSHINE STILL.**

At the Ohio of the Internal Revenue Agents show that five ill citizens were captured in Kentucky during the last year.
