GOP Fire Votes Short Of Margin

BATTLE FLAMING GAS TRUCK—Shielded from intense heat above him, aviation cadets checked a fire that developed on the fuselage of a plane D-Day 84, after Under Secretary of the Army Fulmer told the Senate majority today that President Truman’s request for foreign aid was vetoed. The Senate was to take up the issue tomorrow, Sunday, July 20. Mr. Fulmer said that President Truman is not to have a ‘long visit’ with his mother, Mrs. Barbara Pewitt-Wilson, who was admitted to the Fulton hospital. This morning she became first school in the world to open the year.

Indifference

A state-wide opinion poll, results of which will appear in next week's paper, shows that 60 per cent of Kentucky voters have not made up their minds about the forthcoming election. The poll was conducted by telephone and involved a random sample of 1,000 voters.

If you are one of the people who have not yet decided, we encourage you to do so soon. The election is on November 8th, and the future of our state is at stake. Make your voice heard by casting your vote.

Just as small things may be destroyed by indifference, so too can our freedoms be eroded if we do not stand up for what we believe in. Join us in making a commitment to participate in the democratic process. Remember, your vote does matter.
