State Legion Officers Named At Convention

Veterans Request Several Changes In Federal Laws

WARREN IS ELECTED

Louisville, Ky., July 24.—(AP)—The Kentucky Department, American Legion, yesterday ended its three-day convention with election of officers and passage of several resolutions which asked for changes in federal laws.

The new state commander is John F. Hagner, Louisville, vice-commanders are Fred Houser, Ashland; J. O. Boswell, Owensboro; and Guthrie Crowe, La Grange.

G. Lee McLain, Bardonia, was elected national executive committee member from Kentucky with Garland G. Bryant, Lexington, the alternate. Committee members at large are Chester Porta, Hopkinsville, and Steve Cash of Louisville. James Warren of Fulton was named sergeant-at-arms and the Rev. M. M. McFarlan, J. Covington, chaplain.

Resolutions were approved asking the following benefits for veterans:

- 1.—Credit on social security wages for time spent by veterans in the armed forces.
- 2.—Restoration of federal funds for the veterans employment service.
- 3.—Reduction in price of War Assets Administration surplus vehicles for veterans rated 40 percent disabled or more.
- 4.—Construction of a 210-bed clinic building at the Outwood, Ky., tuberculosis hospital for housing "the most seriously and critically ill patients."
- 5.—\$50 monthly to all World War II veterans with arrested tuberculosis.
- 6.—Support for a \$35,000,000 appropriation for construction of temporary housing for war veterans.

The convention also approved resolutions for creation of Legion departments and posts in foreign countries; universal military training; and appropriations by Congress for research and development of armaments, and maintenance of a strong Army, Navy and Marine Corps.

Resolutions to admit displaced Europeans from Russian-dominated nations into America, and to investigate "loyalty" of teachers in land-grant colleges were tabled.

The convention approved an official protest to the veterans administration for the "slow and inefficient manner" in which requests for tools and equipment needed by on-the-job trainees are being processed in Kentucky.

The new commander and executive committee were urged to take steps to help improve farming conditions and agriculture opportunities in the state; to increase industrial opportunities; to emphasize public works and monuments to attract more tourists to Kentucky; and to advertise the state's science and historical charms.

Although no action was taken for or against revision of the present Kentucky constitution, the convention suggested "widespread discussion and study" of it.

In Kentucky

West Liberty—Candidates for nomination as state representatives from the Morgan-Wolfe district have been called on by Morgan county teachers to state whether they would actively support the legislative program of the Kentucky Education Association.

Frankfort—The state Public Service Commission yesterday approved a rate schedule for the Southern Bell Telephone Company's mobile unit telephone service in the Louisville area.

Lexington—A three and one-half week geographical field trip will be taken by 25 students of the University of Kentucky. They will leave Friday on the trip which will take them to Mexico City.

Maysville—The director of girls' physical education, Maysville public schools, Miss Margo Flahive of Americus, Ga., resigned her post. She will be replaced by Miss Betty Jean Carr of Harrodsburg, Ky.

IC Railroad Asks Approval of Bridge Over Ohio at Cairo

A hearing on plans for construction of a new railroad bridge across the Ohio river at Cairo will be held at Cairo Aug. 26. The Illinois Central railroad and the Chicago, St. Louis & New Orleans railroad have asked the War Department to approve plans for the bridge and its location, which will be 150 feet upstream from the present I. C. bridge.

The plans call for a bridge with five steel girder spans over the river. The main or navigation span located on the Illinois side of the river with piers normal to the channel would provide a horizontal distance of 700 feet between piers and a maximum vertical clearance to low level of 44.1 feet above the 1937 high water elevation 331.4 or 102.4 feet above the low water elevation of 273.1.

Six Vacancies In City School System Now

H. S. Principal, Home Ec Teacher Resign Positions

LOW SALARY BLAMED

Resignation of two teachers and a request for a leave of absence by a third brings to six the number of vacancies in the Fulton city school system, according to Superintendent W. L. Holland.

Wilson Gantt, high school principal, and Mrs. Lottie Pierce, home science teacher, have resigned to accept other positions. Mrs. Walter Voelgel has requested a leave of absence for the coming school term.

Gantt will be in the Ford Motor Company's personnel department at Detroit, Mich., and Mrs. Pierce will teach in White Springs, Fla., high school, Holland said.

With the opening of the fall term less than two months away, four of the nine positions on the Fulton high school faculty are vacant, and two replacements are needed at Carr Institute.

Jack Carter, former assistant principal, mathematics instructor and assistant coach, has resigned from the Carr staff to join the Martin, Tenn., schools. Mrs. Hugh Pigue, librarian and high school English teacher, and Mrs. Mary Wardlow, junior high school English teacher, also have resigned.

Holland, who has been trying unsuccessfully to fill the latter three positions for several weeks, said he had little hope of starting the fall term with a complete faculty.

He explained that the high qualifications and comparatively low salaries made it almost impossible to obtain teachers for Fulton's schools when other states had much more attractive offers for school people.

Russia, U. S., Split on Japan

Washington, July 24.—(AP)—A new split between the United States and Russia—this time over drafting a Japanese peace treaty—threatens today to destroy what little unity remains between the great powers.

Another prospect is that it may delay indefinitely work on a peace settlement for Japan.

Up to this week there had been considerable hope here that Washington and Moscow would be able to devise some means for fashioning the Japanese treaty which would eliminate many of the frictions that have beset peace making in Europe.

Russia's rejection yesterday of American proposals along this line greatly dimmed, if it did not kill off, these hopes.

Some officials said the major question now facing the American and other governments interested in early progress on the Far East peace settlement is whether they should go ahead with a "separate peace"—that is, a treaty without Russia. But there is a question whether this could be done legally.

Dutch Tanks Roll Into Cheribon, Key Java Port; Republicans Say Drive On Capital Has Stopped

Batavia, Java, July 24.—(AP)—Cheribon, important northwest Java port, has fallen to a Dutch tank attack, but Indonesian republicans declared today they had turned back a strong Dutch drive on their capital of Jogjakarta and now were closing in on the north Java port of Samarang.

A Dutch army communiqué announced the capture of Cheribon. The Indonesian radio said the Dutch used a striking force of 50 tanks in an assault yesterday afternoon against the port, birthplace of the Indonesian independence agreement. These forces, the broadcast said, bypassed Soemalang and Kadipaten.

An Indonesian army communiqué said republican forces in the east-central sector had seized Modjokerto, on the outer rim of the Dutch perimeter around the once-powerful naval base of Soerabaja. This was one of the areas held by the Dutch before the outbreak of hostilities.

Sunday, Modjokerto is 28 miles southwest of Soerabaja.

The Modjokerto action apparently was an attempt by the republicans to harass Dutch forces driving on the strong hold of Malang. The Indonesian communiqué said the drive had been halted 35 miles southeast of the city.

Indonesian news reports said the Dutch had withdrawn more than 10 miles and that Toentang, highway junction south of Semarang, had been recaptured by the republicans.

The Dutch denied the drive on Jogjakarta was halted. Dutch marines, the communiqué said, have sheared off a 2,400-square-mile segment of east Java, overrunning the Bondowoso area, richest rice supply area on the island.

Antara said Indonesian forces had whipped behind a Dutch spearhead at Salatiga, north of Jogjakarta, and forced the armor-supported Dutch to abandon the burning town and retreat 10 miles north of Toentang.

Premier Amir Sjarifoedin told a news conference in Jogjakarta that the Dutch drives on Jogjakarta and Malang were stopped, at least temporarily, but he said he could not confirm the report of the Dutch withdrawal as far as Toentang.

He said republicans reoccupied Lawang, 15 miles north of Malang in east central Java and pushed the Dutch back six miles to Soekoredjo.

The Indonesian scorched earth policy is going well in the Malang area, he said.

Lt. Gen. Siem B. Spoor, commanding the Dutch campaign, said the Indonesians for the most part were in flight. He denied that the Indonesians had retaken Salatiga, insisting Dutch troops remained in the town, which is astride a mountain highway leading to Jogjakarta.

The Fulton lineup is tentatively given as Vowell on second, Forrest at third, Ryan playing short stop, Finley receiving, Alexander left field, Ayers first, Walker center field, Moore in right and Wellons pitching.

DUTCH DRIVES IN JAVA—Underlined towns of Salatiga, Lawang, Soemalang and Tjitjalangka were reported in flames as Indonesian forces adopted scorched earth tactics in face of Dutch drives (arrow). Main drives were in eastern and western Java. In central part of the island, column was striking southward toward Jogjakarta, the capital of republican forces.

Tommies, Gunmen Fight in Jerusalem

Jerusalem, July 24.—(AP)—Gunmen and British troops exchanged fire today at the gate of a security zone in Jerusalem, touching off alarm sirens and halting traffic for 45 minutes.

An unofficial report said the attackers arrived in a taxi, fired four times with a Bren gun and escaped towards the Jewish quarters as troops returned the fire. No casualties were reported.

The attack was the latest in a long series since the British turned back toward France the 4,500 Jews intercepted on the SS President Warfield, also called the Exodus of 1947. It occurred within a few yards of the Jewish agency and the Goldsmith Officers' club, which previously had been wrecked by a bomb.

Costa Rica Police Battle Rebellion

San Jose, Costa Rica, July 24.—(AP)—National police, reinforced by 2,000 special deputies, appeared today to have restored order in San Jose and other Costa Rican cities following a series of bitter political clashes and street fights in which at least five persons were killed and 59 wounded.

Business and transportation in this capital city, however, remained virtually paralyzed by a general strike called by opposition leaders, which closed all banks and commercial establishments.

(Reports from neighboring Guatemala asserted that a state of open revolt actually existed in Costa Rica, but informed sources in Panama expressed doubt that there had been any attempt at an organized rebellion. Most of the casualties, the Panama sources said, were unarmed student demonstrators who were struck by police gunfire.)

Waterfield To Spend Last Week Of Campaign In First District

Harry Lee Waterfield, candidate for the Democratic nomination for governor in the August 2 primary election, will spend the last week of the campaign in the First Congressional District, his home district.

Wednesday morning, July 29, Waterfield will fly to Paducah from Covington to join the motorcade of his friends and neighbors and supporters. The motorcade will accompany him for three days and will cover each of the counties of the First District.

The schedule follows: Wednesday—Leave Paducah at 9:30 a. m.; Kevil, La Center, Barlow, Wickliffe, Bardwell, Arlington, Milburn, Fancy Farm (radio broadcast), Benton, address at 8 p. m.

Thursday—Smithland to Salem, Marion, Fredonia, Kuttawa, Eddyville, Princeton, Hopkinsville, Cadiz, address at 8 p. m.

Friday—Leave Cadiz, Hardin, Murray, Farmington, Mayfield, Wingo, Water Valley, Fulton, Hickman, Clinton, address at 8 p. m.

Everyone is invited to join the motorcade to accompany the man who is expected to be the first governor of Kentucky from the First District. Waterfield supporters are anxious to give their candidate a majority of 40,000 votes in this district, and urge all registered Democratic voters to go to the polls August 2 and cast their votes.

S. S. Tax Stays Present 1 Pct.

House OK's Compromise Bill Freezing Payments

Washington, July 24.—(AP)—The House quickly approved without opposition today a compromise bill freezing the Social Security payroll tax at one percent for another two years.

Speedy Senate action is expected to send the measure to President Truman for signature, thus forestalling a \$2,000,000,000 increase in the tax Jan. 1.

The House voted shortly after House and Senate conferees broke a deadlock on conflicting versions of the bill. Without the "freeze" action, the tax would automatically go up from one percent to 2.5 percent on employees' pay and employers' payroll.

The compromise provides that the levy—imposed to pay old age and survivors' insurance—will increase to 1.5 percent in 1950 and to two percent in 1952.

Gets Ripe Tomato Off 5-Wk. Old Vine

Henry Bethel, who lives in Forestdale, South Fulton, reports that he picked a ripe tomato off a plant set out five weeks ago yesterday.

He saw the tomato plant, a volunteer, growing in a field and transplanted it on June 18. The first full-grown, ripe tomato was picked yesterday.

Dark, Burley Leaf Men Asked To Meet

Lexington, Ky., July 24.—(AP)—Directors of the Burley Tobacco Growers Cooperative Association yesterday recommended a meeting here Aug. 4 of burley and dark tobacco interests to promote export of tobacco.

The directors also announced that sufficient storage was being arranged for any receipts the association might have during the 1947 marketing season.

One-Armed Man To Play Tomorrow Against VFW Nine

Before J. L. Hudson of Dyer, Tenn., went off to war he loved to play baseball. He left his right arm in France, but not his love for the game. He made no difference that he had been right-handed. He set himself the task of learning to use his left arm. His courage must have been great, for he is now holding down a regular place in center field on the Dyer American Legion baseball team.

Fulton fans will see him in action tomorrow night at Fairfield when the local VFW team takes on the Dyer nine.

Cool And Wet Was The Rule In Past Week

Soil Rather Dry In West Section; Temperature Low

CROP GROWTH VARIED

Temperatures in the week just ended, as everybody must have noticed without the aid of the thermometer, averaged three to seven degrees below the normal in Kentucky.

Average temperature at Cairo, Ill., according to the U. S. weather bureau, was 77 degrees. The high there was 95 and the low 58, and no rainfall was recorded. Paris, Tenn., reported an average of 75, high 93, low 54, and 26 in. rainfall.

In many sections of the state, except in the extreme western portion, the precipitation was too much and too frequent during the first four days, thus keeping the soil and crops too wet for much field work. Soil is rather dry in the western counties.

Harvesting of small grains is practically completed except in a few northern and western counties. Continued showers have retarded wheat in shock, which is sprouting in some localities.

Gardens are fair to good. Potatoes range from fair to good to occasionally excellent. In western and some of the southern counties, peaches vary from fair to very good and picking of early varieties is under way. Apples are rather spotted, ranging from poor to good.

Tobacco varies greatly from poor in a few districts to mostly fair to good, with plants ranging from six to 20 leaves. Some yellowing and rusting is blamed on too much rain and not enough sunshine.

Chartered Bus Wreck Kills 2

Church Party Was Going To Ridgecrest, N. C.

Waverly, Tenn., July 24.—(AP)—A chartered church bus from Jackson, Tenn., plunged over a 50-foot embankment near here early today and first reports said two persons were killed and at least six injured.

Humphreys county Sheriff Trent Westbrook said 30 persons were riding in the chartered bus, which was en route from Jackson to Ridgecrest, N. C., to a Baptist Training Union meeting.

He said the accident occurred eight miles west of Waverly and that the bodies of the two victims had not been recovered from beneath the bus.

The injured were brought to a Waverly hospital but their conditions were not believed serious, Westbrook's office reported.

Leaders Vote To Adjourn Congress On Saturday, July 26, Subject To Possible Recall

Willis to Tell Decision Tonight

Special Session Question To Be Discussed on Air In Louisville at 9:15

Louisville, Ky., July 24.—(AP)—Gov. Simeon Willis tonight will make known his decision on the proposal for calling a special session of the state legislature.

The governor will announce his decision in a radio broadcast over radio station WHAS at 9:15 p. m. (CST). Officials of the station here said the chief executive's talk will last about 12 minutes.

Recently Gov. Willis proposed to call a special session, outlining certain measures that he said should be acted upon. He said the session should last no longer than 10 days and be limited only to the measures he suggested.

A majority of Democratic House members met in Louisville and voted to reject the governor's proposal because of the conditions he had laid down.

Among measures suggested by the governor for action at a special session were funds for education and civic welfare.

2nd Gun-Toter Held at Capitol

Armed Ex-GI Discovered In Senate Wing Shortly After President Departed

Washington, July 24.—(AP)—The arrest of another gun-toter at the capitol—just after President Truman's surprise Senate visit—prompted fresh talk today of tightening Congressional security.

But the second incident of its kind in 10 days found lawmakers still wondering what can be done.

The latest episode occurred yesterday when capitol police seized an armed former serviceman in a men's wash room in the Senate wing of the capitol. Scarcely five minutes before Mr. Truman had left the building after making an unannounced visit and a brief speech to the Senate, where he once was a member.

The washroom is off a corridor through which the President walked on his way to the Senate chamber, one flight up.

SUBPOENAED—Judy A. Cook, (above) a dancer, swimmer and screen actress, was subpoenaed to appear at a Senate War Investigation Committee hearing into millionaire Howard Hughes' plane-building activities, in Los Angeles, Calif.

Housing Prices Will Be Studied In Closing Days

RE-CONVENE JAN. 6

Washington, July 24.—(AP)—Republican Congressional leaders decided today to adjourn the first session of the 80th Congress on Saturday, July 26, subject to possible recall by Republican leaders.

The decision was made at a meeting of Senate and House leaders in the office of House Speaker Martin.

Under the proposal agreed on, Congress can be recalled during the fall adjournment period by the speaker and the Republican leader of the House and the president pro tem and majority leader of the Senate.

Without that proviso in the adjournment resolution, only President Truman could recall Congress into special session once it adjourned.

Announcement of the decision was made by Senator Taft of Ohio, chairman of the Senate Republican policy committee.

Unless recalled before then, the lawmakers will reassemble on Jan. 6.

Congress frequently adjourned subject to recall by its own leaders during the war years.

Taft said no new major legislative proposals were discussed but it was agreed to push through resolutions providing for studies of prices and the housing situation by joint Congressional committees.

Earlier today, a Senate controversy boiled today over the qualifications of former Democratic Senator Abe Murdock of Utah to serve on the enlarged National Labor Relations Board.

But Senator Ellender (D-La.) said he is confident Murdock will be confirmed despite objections raised to his appointment because he voted against restrictive labor union legislation while in Congress.

And Senator Elbert Thomas (DD-Utah) told the Senate Labor committee "of course he will be confirmed." Republican Senator Donnell (Mo.) said he will support Murdock.

But several GOP Senators left little doubt they plan to vote against the former-lawyer. The opposition centered around the man who beat Murdock—Senator Arthur V. Watkins (R-Utah).

At a hectic session of the Senate Labor committee last night Watkins strenuously opposed the appointment. He called Murdock "an ardent pro-labor official." And he said the former lawmaker could no more administer the new Taft-Hartley labor act sympathetically than could AFL President William Green or CIO Chief Philip Murray.

The next step is for the committee to vote on the appointment of Murdock, Robert M. Denham of Washington, President Truman's choice for NLRB general counsel, and J. Cope land Grey of Buffalo, nominated as a board member.

Kentucky Flood Projects Approved

Washington, July 24.—(AP)—Several projects in Kentucky were among those approved yesterday as the Senate Appropriations committee acted favorably on a measure carrying \$540,000,000 for civil functions of the War Department, including flood relief.

Kentucky projects in the measure:

- Covington, \$700,000; Uniontown, \$504,000; Dale Hollow reservoir, Tenn.-Ky., \$2,000,000; Taylorsville, \$240,000; Dewey Reservoir, \$2,000,000; Newport, \$1,400,000; Wolf Creek Reservoir, \$8,600,000; Maysville, \$400,000; Louisville, \$2,000,000.

Flying Saucer Seen At Oak Grove

Another flying saucer story is provided by Dean Harwood, Mrs. Harwood and her parents, who reported seeing a strange object that gave off a blue light at about 8:30 last Thursday night east of Oak Grove.

The "saucer" appeared to be about the size of a five-gallon bucket, and sparks flew from it, they said.

Truce Declared In
Remington-Rand
Month-Old Strike

Benton Harbor, Mich., July 24
—(AP)—A Michigan state police
officer announced today that a
truce had been declared in the
month-old Remington-Rand
Corp. strike which has been
marked by picket line incidents
for three days.

However, some 200 pickets,
members of the CIO United
Electrical Workers, were gather-
ed near the plant early this
morning, and 60 state troopers,
called in yesterday by Gov. Kim
Sigler at the request of county
authorities, remained on duty.
Capt. Caesar Seavarda, state
police staff officer, said the
company had agreed to close
its strike-bound plant and the
union promised to stop mass
picketing.

Wall Street Report

New York, July 24—(AP)—Steels
and special stocks again moved
forward in today's market al-
though many leaders had to con-
tend with light selling.

Dealings, fairly active at the
start, eventually tapered but
advances of fractions to a point
or more predominated near mid-
day.

Bonds held to a slim course.
Cotton was reactionary.

There are 5,725,000 motor
trucks registered in the United
States.
