27 Miners Die In Blast. Fire At W. Frankfort

Rescue Attempts
Halted By Gas;
All Bodies Found

CAUSE UNKNOWN

West Frankfort, Ill., July 25.—(AP)—Twenty-seven miners lost their lives in an explosion yesterday in one of the state's largest mines in the heart of the Southern Illinois coal fields.

Twenty-six of the approximately 200 miners at work in the diggings 500 feet underground were found dead about a mile and a half south of the bottom of the shaft at the main entrance to the Old Ben Coal Company's No. 8 mine. One of the five seriously burned and injured in the blast died today in a hospital.

The bodies of all 26 had been brought to the surface early today by rescue squads and were placed in an emergency morgue set up at the Central junior high school gymnasium. Relatives who remained at the mine throughout the night during rescue operations, sought to identify the victims.

Work was hampered by carbon monoxide gas and the last three bodies found were buried beneath coal and debris.

Harold L. Walker, Illinois director of Mines and Minerals, said many of the bodies were badly burned, indicating, he said, a fire had broken out following the explosion. The cause of the blast had not been determined.

During the rescue operations there had been conflicting reports of the total number of men trapped. The rescue teams worked frantically to reach the men in the belief they had been trapped by rock slides and might be alive. However, early today Walker said all 26 men were dead. Earlier, former D. J. Clayton of Franklin said 28 had lost their lives.

One of the miners at first believed among those trapped but who later was reported safe was Howard Lewis, underground superintendent and a brother of John L. Lewis, president of the AFL United Mine Workers.

Of the estimated 200 day shift workers in the diggings those who escaped fled through an auxiliary air shaft equipped with stairways for emergencies. The blast occurred within one day of four months from the explosion last March 25 at the Centralla (Ill.) Coal Company's mine which cost the lives of 111 miners.

News of the explosion in mid-afternoon quipped a wave through this coal mining city of 13,000 and hundreds of persons rushed to the diggings on the southern outskirts.

Clements Seeks "Scare" Votes

Waterfield Charges His
Opponent Is Falsifying
Proposed State Program

Monticello, Ky., July 24.—A "little gang of special interest groups" and a handful of professional politicians are trying to scare the people of Kentucky into voting for Earle C. Clements for the Democratic nomination for Governor, Harry Waterfield charged in this afternoon speech here.

Waterfield said Clements' forces were spreading false statements about how much it would take to finance "my educational, rural, highways, hospitals and health, and other programs."

"They charge that it will take \$90,000,000 more to pay for the services I proposed to give the people of this state," Waterfield said. "That is a false statement and they know it."

"My program would obligate this state to spend only \$18,500,000 a year more than is being spent now, and look where we are today. Most of that increase would be spent to raise the school system of this state to the national level."

"That's not my estimate of the needs for the schools. That's the estimate of the Kentucky Education Association, which is composed of the best educationists in the state," Waterfield said.

"My opponent says I would spend too much, but he doesn't say how much too much. He won't tell you what he would spend on your schools, your roads, your welfare, or any other state service. He refuses to tell the people anything. He is keeping faith with only the politicians and the power interests."

"It's So Easy To Remember"

Whitnel Explains Laws Of
Memory To Lions Club

You can double your ability to remember by learning to re-inforce, repeat, review and relate, Winfrey Whitnel told the Fulton Lions Club at the noon meeting today.

Explaining the proper method to improve memory, Mr. Whitnel said one must be interested in his subject, must have a general understanding of it, and must try to remember.

Most people violate all the laws of memory, then complain that they have a poor memory for faces, names, figures, etc., he said.

After his discussion of the laws of memory, Mr. Whitnel demonstrated how easy it was to remember 10 unrelated facts volunteered by club members.

He was introduced by W. B. Nolman, program chairman. Charles Gregory was presented with a past president's pin by the club secretary, Russell Pitchford.

Rube McKnight, manager of the Fulton Kentucky Willis office, was a guest of the club today.

May Sentenced To 8 To 24 Mo. Prison Term

Two Garssons
Get Same Ruling
In Bribe Trial

RELEASED ON BAIL

Washington, July 25.—(AP)—Ex-Congressman Andrew J. May was sentenced today to a term of from eight months to two years in prison on charges of accepting \$53,634.07 in bribes while he was wartime chairman of the House Military Affairs committee.

The two men accused of paying May the bribes—munitions makers Murray and Henry Garsson—also were given prison terms with a minimum of eight months and a maximum of two years.

The maximum penalty that could have been imposed on each by Judge Henry A. Schweinhaut was six years in prison and a fine of \$30,000.

The sentencing was delayed for more than two hours while the defendants' lawyers pleaded for a new trial and May beseeched the court for mercy.

The 72-year old former Kentucky Democratic Congressman insisted that he had never taken a "single dime" dishonestly during his long service in Congress.

None of the defendants had anything to say to newsmen after their sentences. All were released on \$2,000 bail each pending appeals.

In a quivering voice, May told Schweinhaut:

"Regardless of the verdict of the jury, regardless of what has been said, regardless of what may happen in the future, I have no fear of my conscience and I am not guilty."

The government charged—and the federal jury agreed after an 11-week trial ending July 3—that the Garssons had paid May for using his influence to win contracts for Garsson munitions plants.

Defense attorneys already have served notice that they intend to appeal—to the Supreme Court.

Governor Willis Will Not Call Special Session Of Legislature; Blames Waterfield's "Caucus"

Senate Drops K. C. Vote Fraud Inquiry After 18-Hour Session

Washington, July 25.—(AP)—After an all-night Senate battle, Republican leaders conceded defeat today on a proposal to investigate Attorney General Clark's handling of Kansas City vote fraud charges.

The Senate recessed at 6:12 a. m. (4:12 a. m. CST) after being held in session for 18 hours and 12 minutes.

Senator Wherry (Nebr.), the Republican whip, conceded that GOP forces would be unable to bring to a final vote this session a resolution by Senator Kem (R-Mo.), calling for the probe.

During the marathon session, the Republicans defeated a Democratic attempt to postpone until January any decision on Kem's resolution.

Shortly after daybreak, the GOP leaders agreed to lay aside the Kem matter long enough to take up one of several appropriation bills that must be approved before Congress can adjourn tomorrow.

That measure carried funds for the Greek-Turkish aid program and foreign relief. The

weary lawmakers discussed it for 20 minutes and then decided to recess so members could sleep for a few hours.

These were the other principal developments:

Would Bar Reds

Moscow's refusal to admit three American lawmakers for a Russian visit produced a demand that hundreds, perhaps thousands, of Russians be expelled from this country. The demand came from Rep. Kersten (Wis.), chairman of the House Labor subcommittee, which had planned to go to Russia in September to study education and labor to determine the amount of freedom allowed students, teachers and workers.

When the Soviets refused visas for the trip were junked.

But Kersten was not satisfied with the Russian statement that trips of foreign tourists to Russia are not possible because of war-created shortages, including hotel space. So he suggested that Secretary of State Marshall request "the immediate removal of all excess Russian nationals, registered and unregistered, residing in our country, because of the acute housing shortage in the United States."

And to Soviet Ambassador Novikov, Kersten wrote that "objective truth rather than diplomatic deterrents."

May Call Jones

Former Secretary of Commerce Jesse Jones may be summoned as a witness in the efforts of Senators to probe the White House pressure forced award of a \$40,000,000 war-time contract to Howard Hughes and Henry J. Kaiser. One Senator said Jones' possible appearance depends on whether any documentary evidence is found in the files of the late President Roosevelt.

A Senate war investigating subcommittee will open a hearing Monday into the contract for planes that never were delivered. A committee member represented Jones, as having balked at signing the airplane contract until he was given a written memo on the deal.

Wanted Gambling Probe

He also proposed to appropriate \$100,000 for an investigation of gambling conditions in Kentucky and \$25,000 for the school for the deaf at Danville.

The governor also said he long had favored taking away from his office the power to remove legislators from office without cause.

Favorable replies were being received to his call for the legislators to advise him if they would agree to a session of not more than 10 days, Willis said.

Then "suddenly the speaker of the house, Mr. Waterfield, summoned a caucus of the Democratic (House) members to meet him in Louisville," continued the state's chief executive.

He related he received a telegram that same evening bearing names of 45 Democratic members of the House "wholly rejecting the offer for a special session, on the ground that I had no right to ask in advance the opinion of the members or to seek an agreement to limit their action once they were called in session."

Willis declared "no attempt was made to question any of the facts stated in my address or to answer the logic of my conclusions or to deny the needs I had designated."

"A Mere Evasion"

He said the position taken by the House Democrats "was obviously political." He said "the cry of dictation by the governor was a mere evasion. Plainly, a proposal for an agreement is not dictation."

Willis said "some unthinking criticism was made that the proposal had not been submitted before July 1. It was absolutely necessary to wait until after July 1 in order to know exactly the amount of surplus money available for present appropriation."

Willis said "it is proper to state, however, that a number of high-minded, uncontrolled Democratic members of both the House and Senate were ready and willing to join in carrying out the proposals as outlined."

He noted new legislators are being chosen this year and added, in conclusion, "may we include the hope that the people requested to be there."

Dutch Isolate Central Java

First Phase Of Campaign
Said Successful; Natives
Promise Guerrilla Warfare

Batavia, July 25.—(AP)—A fully qualified Dutch source said today the first phase of Dutch operations against the Indonesian republican army—aimed at isolating central Java from the rice-production east and west—had been completed.

Reporting from the republican capital of Jogjakarta, deep in the interior, Associated Press correspondent Harris Jackson said official republicans obviously foresaw the possibility that the Dutch would capture the main part of Java, but insisted the Indonesians would render the Dutch position continuously precarious with guerrilla warfare.

The Dutch informant here said the next step for Dutch troops would be to mop up zones of resistance in the eastern and western parts of the island and install new administrations.

Whether Dutch troops then would drive on Jagjakarta in an attempt to smash the remainder of the republic was undecided, the informant said.

A Netherlands army communiqué said mopping up already was begun in the eastern part of the island.

An Indonesian army communiqué reported that republican forces in central Java had penetrated Dutch defenses at Semarang on the north coast, jump-off point for a Dutch drive on Jagjakarta. The city is 60 miles north of Jagjakarta.

Our forces received the full support of the population surrounding the city," the Indonesian communiqué said.

"Even though there are hundreds more in college now who will be getting jobs soon. I think it will still be possible to find openings for teachers for some time and maybe at increased salaries," he remarked.

Riddle To Receive M. A. Degree From Murray College In August

(By Ray Hutchins, in the Murray College News)

Alton Riddle, Fulton, will receive his master's degree in August.

Although he finished Fulton high in 1937, and entered Murray State immediately, his training was not nearly complete at the time of the world disaster in 1941. The Army Air Corps needed him for a little over four years. This tour included Scott Field where he was instructor of radio for some time and then to India and Burma, where he spent most of his service, with the Tenth Air Force.

He came back to Murray, married Doty Geurin, a graduate of Murray State who taught elementary school at Russell's Chapel in '41, Gilbertsville in '43, and Owensboro in '44. The marriage was performed on May 6, 1945. Alton then returned for a short while with Uncle Sam to get his discharge. Upon getting back home, the

new "civilian" could not lose time, so he re-entered Murray State in '45 to work off his B. S. degree in social science in the summer of 1946. He has been working on his master's degree which he will receive in August.

The Riddles had an addition to the family on April 18, 1946, whom they named Forest III after his father and his father's father. Forest III is now on tottering feet and is very definitely one of the family. The three now reside in Vet Village, where they moved in June 1946.

Mr. Riddle expressed his desire to teach some social science, preferably history but as yet he has not accepted any definite position.

"Even though there are hundreds more in college now who will be getting jobs soon. I think it will still be possible to find openings for teachers for some time and maybe at increased salaries," he remarked.

Schools Face Crisis

One of the most worried men in Fulton these days is W. L. Holland, superintendent of city schools. He has good reason to worry. He needs six teachers for city schools for the opening of the fall term in September. Three of these vacancies have existed since the end of the spring term or earlier, and he has been unsuccessful in attempting to hire new teachers these past two months. Small wonder that he has little hope of opening the new term with a complete staff.

Why other teachers are not interested in coming to Fulton is obvious. They just can't make enough money. Nobody can blame the teachers who are leaving. It is natural, and proper, that they go where greater opportunity beckons. For the same reason, the loyalty of those who remain in Fulton when more lucrative positions are open to them is to be commended.

Fulton has every reason to be proud of its schools. They are recognized widely for general excellence. Whether the schools remain in this enviable position depends upon the amount of money available for teachers. Every citizen of Fulton, every Kentuckian, should look on the financial crisis in our state schools as a personal challenge. We must pay our teachers living wages or close up our schools.

Cause For Alarm

Anyone who reads newspapers has reason to be alarmed when he follows the progress of the fighting in Palestine and Costa Rica and the full-scale war in progress in Java and Sumatra. The world, figuratively, is smaller now than ever before and any one of these trouble spots could grow in size and importance until every other nation became involved on one side or the other.

It is fortunate that this nation has not disclosed the secrets of its atomic bomb, because if the technical knowledge were available it is not unreasonable to assume that A-bombs would have been made and exploded long before now in Palestine and Indonesia.

Nobody seriously doubts that what we know about the atomic bomb will eventually be learned in other nations. Therefore, it behooves all nations, and especially Russia, to hasten the day when the United Nations can and will step in to settle disputes such as these before the interested parties start taking shots at each other.

Too Many Beatings

Pittsburgh. (AP)—Testimony from a wife that her husband believed spouses should be beaten three times a day on principle helped win a divorce today for Mrs. Agnes Vukson, 27, of nearby McKees Rocks.

She told the court her husband "would take a poke at me any time he wanted," and added: "He said his father always told him a woman should be beat up three times a day—once for breakfast, once for dinner and once before she went to bed."

Sports Roundup

By Hugh Fullerton, Jr.

New York, July 25—(AP)—Tami Mauriello has been training longer and harder for next week's fight with Gus Lesnevich than he did even for his heavy-weight title shot at Joe Louis. . . and promoter Andy Neiderreiter attributes this burst of energy to a neighborhood rivalry.

"Murrello (that's the way Andy pronounces it) and Rocky Graziano are neighbors in Brooklyn now and ever since Rocky won the championship Tami has been talking about it," Andy explains. "It isn't exactly jealousy but, . . . Well, you know Tami is a guy who likes the spotlight almost as much as he likes spaghetti. He likes to be the center of a crowd. . . it's hard to figure out what a Bronx boy is doing on Ocean Parkway, Brooklyn, . . . it's just as hard to imagine Tami isolating himself at Greenwood Lake for six weeks and training down to 198 pounds. . . maybe Neiderreiter has the right angle on it—or maybe, Tami knows he has to look good this time if he wants to keep his name in the ring rankings just a few lines below where it says "logical contenders—none."

SPORTS BEFORE YOUR EYES

Despite the loss of Jack Hill and Jim Counsilman, Ohio State's swimming team is strong favorite to win its fourth major title in one year in the National A. A. U. outdoor meet at Tyler, Tex., next week. . . The San Francisco 49ers have signed a Hawaiian back who may be good enough to shove Len Eash-

mont or Johnny Strzykalski out of the starting lineup. He's Wally Younkins, 5-9 and 190 pounds, who has had only high school experience. . . Ex-middle-weight champion Mickey Walker has donated one of his paintings to be auctioned for the Damon Runyon Cancer fund at the Gus Lesnevich-Tami Mauriello fight.

COSTLY CHATTER

Trainer Maxie Hirsch, who lost Stymlie when Hirsch Jacobs claimed him for \$1,500 as a two-year-old, recalls that he almost got the colt back about a month later. . . "I had a claim all filled out for him and I stopped to talk to someone and got to the office too late to put it in the box," Maxie explains. . . who said talk is cheap?

Bill Jonas Takes Trap Shoot Crown With 198 Of 200

Paris, Ky., July 25—(AP)—Bill Jonas of Lexington continued his reign today as champion of Kentucky's trap shooters.

Jonas successfully retained his state singles crown at Hill Top Gun Club yesterday, coming from behind to finish with a mark of 198 out of 200 by breaking 100 consecutive targets.

Going into the afternoon round, Jonas had trailed Gene Wenz, Louisville. Wenz had shattered 98 of 100 clay pigeons to Jonas' 98 during the morning.

Wenz and Rod Cooper, also of Louisville, tied for runner-up position with scores of 196 each. The women's state title went to Mrs. Martha McNamara Hollis, wife of Dr. Ben H. Hollis, Louisville. She broke 97 targets of 100.

Kentuckian Killed At Portland, Tenn.

Portland, Tenn., July 25—(AP)—One Kentuckian was killed and another was injured in an automobile accident near here yesterday.

Summer county officers said Robert C. Green, 22, of Bowling Green, Ky., was killed, and his half-brother, James V. Taylor, 31, also of Bowling Green, suffered minor injuries when a car driven by Green ran off the highway and plunged over a 20-foot embankment.

Three other occupants of the car escaped injury, county officers said.

Miners Shutout Chicks 9 To 0 At Madisonville

Was 4th Straight Loss For Fulton

The Fulton Chicks lost their fourth consecutive game last night at Madisonville as the Miners took a 9-0 win behind the five hit pitching of Bob Buhl.

Pete Peterson, who slammed out a double, was the only Fulton man who got past first base all night.

The Chicks remain in third place, with the Miners just one game behind them. The concluding game of the Miner-Chick series will be played at Madisonville tonight.

Buhl stayed in control of things all the while while shutting out the Chicks, striking out 11 Fulton batters and bringing his season record to 12 won and six lost. Two of his losses were two-hitters against the Owensboro Oilers. After last night's game Hal Seawright told Madisonville sports writer Elmer Kelly that Buhl was the "fastest pitcher he'd faced in the Kitty League."

Fulton's manager Freddy Biggs probably will start Jack Williams against the Miners tonight.

Ex-School Superintendent Found Dead At Cincinnati

Cincinnati, July 25—(AP)—Charles R. Rounds, 61, Nashville, Tenn., former superintendent of schools at nearby Fort Thomas, Ky., was found dead in bed at a downtown hotel late yesterday.

Acting Coroner J. Edwin Reed said Rounds apparently died of "natural causes" during the night.

ACTRESS—Gerry Patterson, who recently signed a Hollywood movie contract, wades in California surf.

Negro Sentenced To Electric Chair

Carrollton, Ga., July 25—(AP)—A 22-year-old negro who barely escaped a mob which stormed the county jail here June 30 was convicted yesterday by a Carroll county jury of murdering a white man and was sentenced to die in the electric chair.

Judge Samuel Boykin, however, stayed the death sentence imposed upon Eddie Brown, Jr., pending a hearing August 13 on an appeal for a new trial filed by the negro's court-appointed counsel.

Brown was convicted of slaying Davis Andrew Boyd, a 23-year-old farmer.

Each Strawberry Plant Worth 26¢ To Grower

Thirty-nine strawberry growers in Trimble county harvested 9,000 crates of berries this year despite a heavy freeze in May receiving \$50,400 for them. William Ginn, who produced more than 200 crates on one acre, told Farm Agent J. G. Dye that he figured he had a return of 26 cents for each plant he set out last year.

Harlan's Schools Sharply Criticized By Griffenhagen

Frankfort, Ky., July 25—(AP)—Solemn criticism of almost every phase of operations—particularly financial management—in the Harlan county school district is contained in a long survey produced by Griffenhagen & Associates.

The commonwealth and its education department also were rapped for failure to show more auditing concern with the financial workings in the district which in the 1945-46 years spent \$1,000,000—and about three-fourths of that was state money.

Harlan county got more money out of the state equalization fund, the fiscal oxygen tent for poorer school districts, than any other district in Kentucky, Griffenhagen reported. It was added that the district received more than \$150,000 of equalization aid last year, and that if its property were assessed at a fair value, it probably would not be entitled to any extra state help.

Mouth Was Purple And Face Was Red

San Jose, Calif.—(AP)—A San Jose woman emerged from a dental office completely toothless and with the inside of her mouth painted with a violently purple substance, the San Jose Mercury-Herald reports.

Spotting a male friend looking into a shoe window, she sidled up close, opened her colorful jaws to the full, and said "Yaaaah!" right into his ear, just for the heck of it.

But the fellow turned out to be a stranger.

Bull Lea Leading In Total Winnings Of His Offspring

Lexington, Ky., July 25—(AP)—Bull Lea, Calumet Farm's sire of such racing campaigners as Armed, Faultless and Bewitch, leads all American sires in point of money won by offspring this year, a mid-year tabulation by Blood-Horse Magazine showed today.

The son of Bull Dog, with \$615,268 to the credit of his sons and daughters at the 1947 races, stood just \$35,000 short of the full year's total his got counted in 1946 and was well on his way toward shading the \$683,025 record set last year by Mahmoud.

Second on the sire list was the syndicate-owned Pilate, sire of Belmont Stakes winner Phalanx. Pilate, standing in Virginia, is represented by earnings of \$491,451.

Campbell county strawberry growers sold 4,928 crates of berries to a Cincinnati produce company, an increase of 1,794 crates over last year.

WILLIS WILL NOT CALL SPECIAL SESSION

will elect Representatives and Senators responsive to the people's will."

Meantime, another candidate for the Democratic nomination, Rep. Earle C. Clements, had something to say about Willis' legislative offer. In a speech prepared before the governor's announcement, for delivery at Covington, Clements said the Willis call was one "which no legislator could accept without completely abdicating the responsibilities of his office. It was the purpose of the governor—now apparent to everyone—to obtain political advantage by offering to call a special session under circumstances as would render it impossible."
