## No Party Girls Gotten For Me, Elliott Shouts

**Meyer Testimony  
Is "Despicable,"  
FDR's Son Says**

**MEYER ANGRY, TOO**

Washington, Aug. 5.—(AP)—Elliott Roosevelt demanded today that John W. Meyer, publicity man for Howard Hughes, say whether any party girls he obtained were "procured" for him, Roosevelt.

He made the demand in a bitter outburst from the witness chair of the Senate War Investigating committee which is inquiring into wartime airplane contracts awarded Hughes.

Meyer's expense accounts, brought into evidence last week, showed more than \$5,000 spent on entertainment of Roosevelt and his friends about the time the contracts were awarded.

They also showed payments to young women, purportedly for entertaining government officials and others.

Roosevelt shouted that it was "utterly despicable" that Meyer should indicate that every girl he got was for me.

He demanded that Meyer be called to the stand to "state for the record whether he ever got any girl for me."

Meyer, sitting nearby, broke in: "I don't like that word 'procured.' You can give a girl a present at a party and not make a bid girl out of her."

"You can use any word you want," young Roosevelt shouted, "but were they (the girls) for me?"

Roosevelt insisted that Meyer had not answered his question.

In angry tones, Roosevelt continued at another point that the Senate group has directed its inquiry at him because he is "the son of the President" and passed over gifts by contractors to other Army officers.

It is "very peculiar," Roosevelt told the committee, that he had been "singled out for the first blame of publicity" when he knew that the committee had collected a vast amount of evidence about gifts by war contractors to other Army officers.

The committee is investigating the wartime award of some \$40,000,000 in airplane contracts to Howard Hughes, Pacific coast airplane designer and movie producer.

Roosevelt said he denied that many of the listed items were spent in his behalf and said he was at fighting fronts at the time some of the expenditures were made. He acknowledged, however, that he had attended parties with Meyer.

Roosevelt told the Senators his promotion to brigadier general during the war was recommended "against my wishes."

He said, too, that Gen. George C. Marshall, wartime Army chief of staff, twice vetoed his nomination to brigadier general because Marshall felt it would be embarrassing to President Roosevelt.

The nomination, Roosevelt said, was originated by his commanding officer, General Carl Spaatz, and approved by Generals James Doolittle and Dwight D. Eisenhower.

Cold Air From Canada On Way  
To Halt Heat Wave—We Hope

By The Associated Press  
An induction of cold air from Canada held some promise today of breaking up the three-day searing heat wave over the northern midwest states.

The Chicago weather bureau said the Dakotas already had received some relief from yesterday's high readings of 100 degrees or more and that western Minnesota could expect at least moderately lowering temperatures late this afternoon or tonight.

Elsewhere, however, the weather generally would be a continuation of the past two or three days with the southerly flow of hot air prevailing for at least another 24 hours. Temperatures in Michigan today were expected to climb above the highs of yesterday when Grand Rapids reported a maximum of 94, Detroit 89 and Sault Ste. Marie 87.

There is a probability, the weather bureau said, that the cold air from Canada would penetrate as far south as Nebraska, Iowa and Illinois by tomorrow, and bring some scattered thundershowers to thirsting crops.

Temperatures ranging from the high 90s at many points to 111 degrees at Phillips, S. D., yesterday, baked the already dry topsoil and brought reports from some sections that the corn crop was firing.

Most of the rest of the nation except the coast and Rockies continued to swelter today after many sections reported high 90s and 100 or more Monday, with little relief in immediate sight.

Atlanta, Ga., and Meridian, Miss., reported 100, Chattanooga, Tenn., 105, Little Rock, Ark., 102, Memphis, Tenn., 103, Vicksburg, Miss., 99 and Montgomery 98 in the South.

## UAW Given Year's Grace From Lawsuits Ford And Union Reach Settlement; Strike Called Off

**WILL ARBITRATE**

Detroit, Aug. 5.—(AP)—The CIO United Auto Workers, in an agreement averting their Ford Motor Co. strike scheduled for today, were given a year's grace from strike damage suits under the Taft-Hartley labor law.

This the company agreed to in an eleventh-hour pact which served to keep 107,000 production workers on the job as a nationwide walkout set for noon, was called off.

The agreement, under which the union and company will undertake mutually to settle their dispute growing from the act's penalty provisions, protects the union for a period of a year from the date a new contract is signed.

Ford and the UAW agreed to spend at least a year if necessary in an effort to secure a mutually satisfactory understanding of union and company privileges. A joint committee will seek this.

Henry Ford II, president of the company, issued the following statement on the compromise:

"The agreement to refer to a joint study group the question of the liability of the union for damages by suit for breach of contract, seems to us an eminently fair solution to a particularly thorny problem."

"Any new labor legislation raises problems of human relationships. It has become apparent to us that all of the ramifications of such problems cannot be ironed out immediately around the bargaining table."

"Under today's settlement, opportunity has been provided for finding in less hectic surroundings a solution within the spirit of the Taft-Hartley law acceptable to both the union and the company."

A joint company-union statement announcing the agreement averting the strike was made public at 4:30 a. m. (eastern standard time), less than eight hours ahead of the strike deadline.

The statement said the union would not be held liable for breach of contract "because of any strike or work stoppage" during the year's period.

ROUTE OF ROUND-THE-WORLD FLIGHT—Arrows between stars on map indicate legs of round-the-world solo flight on which William P. Odum took off from Chicago yesterday in the Reynolds Bombshell. Boxes show distance on each hop of the 19,600-mile flight.

## Round-The-World Record Try Ends Abruptly—Plane Trouble

Chicago, Aug. 5.—(AP)—William (Bill) Odum, who took off on a project around-the-world solo speed flight yesterday, was back on his home airport today after having flown approximately one-sixth of the intended mile.

Shortly after passing over Halifax, Nova Scotia, in his 4,000 horse power, twin-engine plane, the former British Ferry Command pilot said his ailerons jammed and he was forced to turn back to the Chicago airport.

He landed on the Chicago airport at 11:55 central daylight time last night, 9 hours and 24 minutes after the take-off. He said he probably would leave again tomorrow in another attempt to halve the round-the-world solo record of 186 hours set by the late Wiley Post in the famed single-engine "Winie Mae" monoplane in 1931.

The 27-year-old pilot said he had covered about one-sixth of the projected flight or more than 3,000 miles of his 19,600-mile route in the round trip to Nova Scotia and back.

## Waterfield Concedes Loss; Clements Leads By 25,217

**County Casts  
Light Vote**

Only 2,417 Voted For  
Democratic Governor;  
Over 6,000 Registered

Less than half of Fulton county's registered voters cast ballots in the primary elections last Saturday. It was revealed yesterday afternoon when votes from all of the county's 21 precincts were counted.

There were 2,417 votes cast in the Democratic governor's race, 2,098 in the Democratic railroad commissioner's race, and only 62 votes for all three Republican candidates for governor. Over 6,000 Democrats are registered in Fulton county.

Harry Lee Waterfield received 2,098 votes to 342 for Earle C. Clements and 19 for R. E. Lee Murphy. He held a comfortable majority in every county precinct except 17 (Madrid Bend), which gave Clements its entire 27 votes.

Paul Durbin led the three other candidates for railroad commissioner with 1,886 votes. "Pont" Nelson polled 189, Ray Smith 32 and Jesse Stone 21. Durbin carried every precinct in the county.

With 1,138 of the 1,233 precincts in the district reported, Durbin today had received 28,087; Smith 7,776; Nelson 12,610 and Stone 12,328.

The Fulton county vote by precincts for governor and railroad commissioner appears in the lower right corner of Page 1. The county totals for all other candidates are printed on Page 4.

Czech Court Tough  
In Its Sentences  
For War Crimes

Prague.—(AP)—In a year and a half the extraordinary peoples courts which Czechoslovakia set up to deal in hard handed retribution for crimes of collaboration during the Nazi occupation have proved their toughness.

Executed by order of the 24 special courts in Bohemia and Moravia were 713 persons; and life sentences went to 741. Of these two classes slightly more than half were Czechs listed as of German nationality. The rest were of pure Czech nationality.

Besides these, jail sentences totaling 206,334 years—averaging slightly more than ten years each—were given to 19,888 others.

Burley Men Wish  
To Export Surplus

Lexington, Ky., Aug. 5.—(AP)—Burley tobacco interests in Kentucky, Tennessee and North Carolina moved today to channel surplus leaf onto the foreign market.

Forty men representing 11 organizations approved resolutions to organize burley interests for promoting exports on a basis separate from Tobacco Associates, Inc. The latter organization was formed primarily to boost foreign sales of the flue cured leaf.

The need for a greater foreign market has reached the point where exports must be increased or production reduced, John W. Jones of North Middletown, president of the Burley Tobacco Growers cooperative association, told the tobacco men.

## It's Hard To Give Up An Empire

By Dewitt MacKenzie,  
AP Foreign Affairs Analyst

We get a wee glimpse of rainbow through the storm-clouds in the compliance by Holland and the Indonesian republicans with the order by the United Nations Security Council for cessation of the bloody hostilities in the Dutch East Indies.

This is the first command ever issued by the council in the interests of peace. It may be the last if it is made to stick.

Whether it is made to stick will depend on whether members of the Security Council can bury self-interest and their own differences long enough to deal with this Indonesian threat to global tranquility. The League of Nations died because of the inability of its members to measure up to these identical requirements.

A world which is most damnably weary of bloodshed and hunger and privation thinks it's about time all nations got aboard the peace bandwagon—and "the devil take the hindmost."

One recognizes that Holland—as the "mother country"—has to swallow a bitter pill in ordering the cease fire against those whom she regards as rebels. Just how bitter was made clear last Thursday when the Dutch ambassador to the United States, Eelco Van Kieffens, told the Security Council that this was a purely domestic affair and that the council had no right to intervene.

Again, one can understand why the representative of an imperial government should have that viewpoint. However, the ambassa-

dor most certainly will run up against the argument that, in the new era which the world is entering, a quarrel between a "mother country" and a dependency of another race no longer constitutes an "internal affair." Were the trouble in Holland itself, undoubtedly there would arise the question of whether the nation's sovereignty was being infringed.

Of course this opens up a big field for argument. We see that in the nature of the Security Council vote on the Australian-American resolution which ordered the Netherlands and Indonesian governments to cease fighting immediately and settle their differences by peaceful means. There are eleven members on the council, including the Big Five—America, Britain, Russia, France and China. The vote was 8-0 in favor of the resolution, with three abstentions.

Those abstaining were imperial governments—Britain, France and Belgium—and they kept quiet for obvious reasons.

So while we can say—and the world in general will agree—that empires are on their way out, yet it will be a long time before all of them are broken up. While they remain we must expect the imperial governments to insist on their right to defend what they regard as their rightful possessions. And in rebuttal we shall hear such charges as Dr. T. F. Tsiang, of China, hurled at Holland during the Security Council debate when he declared that the Dutch were acting as an "overlord" and wanted to place Indonesia in the role of a "vassal state."

## Paducah Wins Round In KU Fight

The McCracken Circuit Court has declared Paducah the winner of another round in its long fight to buy and operate its own light and power plant. Its decision declares valid the 1940 franchise under which the Kentucky Utilities operated in Paducah, and under whose terms the city maintained the right to buy all K. U. property in Paducah at a future date. It also approves a representative of Paducah to serve as one of three appraisers of the property which the city hopes to buy.

Paducahans, however, know that the fight is not yet over. Since 1945 the City authorities have attempted to buy the properties of the Kentucky Utilities, according to the terms of their franchise of 1940, but have been balked by series of delaying actions by the company. In the case just decided, the K. U. has contended since 1945 that the terms of the 1942 T. V. A. Enabling Act, and that the city had no contract right to purchase of K. U. properties. K. U. argued, in other words, that it had been operating for three years under a contract which it thought illegal. But K. U. had not notified the City of Paducah before that such was the company's view.

The court fight, and assessment of K. U. property, have already cost the city of Paducah \$16,000, a sum great enough in itself to discourage many smaller communities from making the attempt to buy their own power facilities. And the battle is not yet won. Though it appears highly unlikely that

the Kentucky Utilities can ultimately prevent Paducah from purchase of the K. U. property, it can keep the case in court for a long time.

In the meantime citizens of Paducah will be denied the cheap power which they hope to obtain from T. V. A. through the city-owned operations. Already their neighboring communities of Henderson and Owensboro enjoy the advantages of public power. From their example, Paducah officials estimate that the city will be able to save \$250,000 a year through a municipally-operated power plant. Other Kentucky cities will continue to watch the Paducah case with sympathetic interest.—Courier-Journal.

## He'll Be Missed

Fulton will lose one of its finest families Sept. 1 when the Rev. Sam Ed Bradley, Mrs. Bradley and their two children move to Louisville.

His new position as superintendent of the Louisville Baptist Orphans Home offers a wider field of service to Mr. Bradley, and we expect to see great advances made by the Orphans Home under his direction. It is fitting that a capable, Christian minister such as Mr. Bradley move up to a more important and responsible position, but his hundreds of friends in and out of his church here will miss him and his family.

Colts Fall 6-3

To Fulton Chix

At Clarksville

First Of Series

In Tennessee City

Still fielding a make-shift lineup, the Fulton Chicks defeated the Colts in Clarksville last night 6-3.

Peterson and Seawright, right fielder and left fielder, respectively, did not participate in the game. Lis, regular catcher, was in left field and Hardestad, pitcher, was in right field.

The way Hardestad is slugging the ball at the plate leads some to believe he should be used in every game. Against his old teammates in Clarksville last night he rapped out three for four to knock in two runs and lead the Chicks in batting for the night.

Joe Lis slammed out a three-bagger in addition to one single. Buck doubled and singled; Rhodes singled twice; Gray, Pechnous, Propst and Wessell each singled.

Wessell, making his first appearance with the Chicks, had smooth sailing until the sixth when the Colts got to him for three runs and chased him from the mound. Whitley Lynch went in and held the Colts scoreless for the rest of the game.

Wessell was a bit wild, giving up eight free passes to first, hitting one man and tossing one wild pitch. He struck out four.

Fulton scored once in the fifth, three times in the sixth and twice in the seventh.

The Chicks remain in Clarksville tonight for the second game of a three-game series.

Why Scorers

Are Unhappy

\$1 Per Game Is Too Low,

Owensboro's Gasser Says

Sports Editor L. D. "Birdie"

Gasser of the Owensboro Messenger and Inquirer, recently explained in his column why most of the Kitty League scorers are not too happy in their jobs.

Gasser had received this letter from Howard Spencer of the Zanesville, O., Signal:

"Fees of official scorers are certain to be high on the agenda at a meeting of Ohio State League sports writers here. Appreciate a note on the fee in the Kitty League. The fee in Ohio State League is \$3 per game."

Gasser replied: "Our faces are red, in fact we have been doing our bit toward helping the Kitty League and going along with it at \$1 per game. The Owensboro club, when the Shelby Peace circuit was revived in 1946, moved to up the fees of official scorers, but the other towns voted it down. However, the Oilers front office has treated us well and last Christmas gave us a nice gift, but do not think that the other Kitty scorers received as much as a Christmas card."

"Over in the Appalachian League Class D, the official scorers are receiving \$5 per game. Wonder if the laymen think that the 'official scoring' stops at the end of a ball game? A box score has to be made out, and after this a record for the league which takes about 500 different figures and names to fill out so that a record of the happenings may be sent to the league statistician. All for one buck. That is one reason the Kitty League official scorers are not so much sold on their jobs."

Sports Roundup

By Joseph B. Kelley (Pinch Hitting for Hugh Fullerton, Jr.)

Boston, Aug. 5.—(AP)—Becoming more discouraged daily over his sore pitching arm, Boston Braves' hurler Johnny Beasley hopes the "General who ordered me to pitch in Hawaii feels better than I do."

Johnny, who has been to all kinds of doctors and has had all kinds of injections didn't even make the last trip with the Braves. Recently his trouble, he says, stems from a pitching assignment by a general who disregarded the former Cardinal's plea that he wasn't in shape. He has a 2-0 record in 24 innings of work.

Which reminds that the Braves, long noted hereabouts for a team more dependent upon pitching and fielding finesse, now have one of the heaviest hitting teams in the majors with an overall batting average in the .380's. The club has whacked 172 doubles, more than the total two base output for the 1946 season.

The home run output over the same period was 37, compared to the 1946 season total of 33. The Braves, who need only a little smoother double play work, in addition to another good pitcher to be up there, have stolen 36 bases this season, the most in both leagues as of Friday. Through July a year ago the Braves had two batters hitting better than .280, now they have eleven, including pitcher Johnny Sain whose average is .377, with 33 hits and 14 runs batted in in 63 times at bat.

## Wall Street Report

New York, Aug. 5.—(AP)—Modest recoveries appeared here and there in today's stock market although demand was timid and many leaders continued to seek lower territory.

Dealings tapered after a fairly active start and fractional irregularity was the rule near midday.

Ahead at intervals were Chrysler, Studebaker, U. S. Steel, Pennsylvania Railroad, Great Northern Railway, Beantown Mills (on a raised dividend), Goodrich, Montgomery Ward and Phelps Dodge. Occasional stumblers were General Motors, Sears Roebuck, American Telephone, Anaconda, American Can, John-Manville, Santa Fe,

N. Y. Central and United Corp. Bonds were mixed and cotton futures steady.

## FBA Signs Hurler, Releases Fielder

The Fulton Baseball Association acquired another right-handed pitcher, George M. Wessell, last Saturday. The Dutch-town, Mo., newcomer hurled his first game against Clarksville there last night and was credited with the win.

Clarence Greaser Jr., center-fielder who replaced Pechous while the Chicks star was on the sidelines because of injuries, was released Saturday.

## Williams KO's Montgomery

## Ends Five Years Of Doubt As To Lightweight Champ

Philadelphia, Aug. 5.—(AP)—For the first time in five years the lightweight boxing division has an undisputed king—like Williams, the Trenton, N. J., negro with the dynamite in his right fist.

Williams, heretofore ruler only in the domain of the National Boxing Association, took complete control of the 135-pounders in Philadelphia's Municipal Stadium last night with a six-round knockout of Bob Montgomery, champion by edict of the New York and Pennsylvania Athletic Commissions.

The end to the double rule came so suddenly that the crowd of 30,500 hardly realized what had happened. For five rounds the two transplanted southerners had battled furiously with Williams holding the edge.

Two minutes of the sixth round had passed when The Bobcat straightened up from his usual crouch style of fighting. That was a mistake. For Williams cut loose with a right cross that caught Bob flush on the chin. Down went Montgomery for the count of nine.

It was more by instinct than anything else that Montgomery got to his feet. But he was an easy mark—standing in Ike's corner and taking a two-fisted pasting until he fell to the canvas for the full count. The time was two minutes and 37 seconds.

The threat of rain held the crowd to lower numbers than expected. The gate of \$178,301 also fell before pre-flight estimates. The Philadelphia Inquirer Charities were expected to receive in the neighborhood of \$30,000 after Montgomery takes approximately \$38,000 and Williams \$31,500.

Our office is getting inquiries every day from out-of-state manufacturers looking for suitable plant locations. Quinn said, adding that they usually want buildings with from 15,000 to 50,000 sq. ft. of floor space.

Quinn stated that the number of inquiries had been steadily increasing for the past month, and that any information his office received would be immediately passed on to the interested parties. He appealed especially to city officials and to officers of Chambers of Commerce and other civic bodies to cooperate in furnishing this information.

## Fatal To 19 Men

Waxahachie, Tex., Aug. 5.—(AP)—At least 19 persons, 17 negroes and two white men, were killed near here at dawn today when a truck in which they were riding collided with a gasoline truck and burned.

Ambulances from Waxahachie and Ennis made runs to the scene, bringing bodies of the victims to a temporary morgue at a theater here.

Officers said they did not know immediately how many were injured.

Traffic on the highway to Dallas, 30 miles to the north, had to be rerouted.

IN THE LAST 12 YEARS WE HAVE SAVED YOU A TOTAL OF—

**\$15,648,887**

By Permanent Reductions In Electric Rates

YOUR annual savings for each of the last 12 years are shown in the table below. These savings are figured on use at the date each of the reductions went into effect. The figures would be even larger if the tremendous increase in use of electricity during these years was included.

When K. U. succeeds, its customers, employees and stockholders reap the benefits. These

customer dividends are added evidence of K. U.'s desire to bring to Kentucky the finest electric service possible at the lowest cost consistent with good business principles.

Here's a summary of Customer Benefits from Permanent Rate Reductions instituted by Kentucky Utilities Company and subsidiaries from 1935 through 1946:

|      | Reduction made during year | Total effect of rate reduction |       | Reduction made during year | Total effect of rate reduction |
