## 10-Year-Old Boy Drowns In Gravel Pit

**Stepped Into Hole While Wading With Cousin, 14**  
**WAS VISITING AUNT**

A visit to his aunt, Mrs. Harry Rice, who lives about five miles from Fulton on Highway 51, ended in death for James Dow Walton 10, of Charleston, Mo.

The lad drowned at 5:30 yesterday afternoon in a gravel pit about six miles from Fulton, near Crutchfield and Highway 51.

He and his first cousin, Willard Rice, 14, were wading in the pit when James stepped into a deep hole. Neither boy could swim.

Willard ran to the home of James Sullivan, who lives near the pit, and Mr. Sullivan and Thomas Howell recovered James' body. After attempting to revive the victim with artificial respiration, the boy was taken to the Fulton Hospital by Glenn Carver. He died shortly after arrival here.

The body was removed to Hornspeak Funeral Home Tuesday evening. The boy's father, Claude Ramsey Walton, came to Fulton and returned with his son's body to Charleston last night in a Munley Funeral Home ambulance.

In addition to his father, James is survived by his mother, one brother and one sister. He was a cousin of Mrs. James Sullivan.

## Flooded Kentucky Causes Severe Losses In Hazard

**Hazard, Ky., Aug. 6—(AP)—**High waters in the north fork of the Kentucky river yesterday caused heavy damage to stores on East Main street here and in the Walkertown district of the city, forced detours and disruption of railroad and bus traffic, and prevented completion of the count of Perry county election returns.

Heavy rainfall pushed the river's water level up from 18 feet early yesterday to 27 feet by mid-afternoon, after which the water began to subside.

Many merchants on East Main street were forced to remove most of their goods from stores while water swirled through the buildings.

Water and landslides blocked the tracks between Hazard and Neon, resulting in partial paralysis of traffic on the Louisville & Nashville railroad.

## Gordie Hopkins, Dies At Fulham After Long Illness

**Fulham—Gordie Hopkins, 55, a farmer of this community, died of a heart attack at his home last night following a seven-year illness with a paralyzed throat.**

He is survived by his wife, Mrs. Lillie Burkett Hopkins; two sons, Alvin of Evansville, Ind., and Gifford of Fulham; four grandchildren, three brothers and six sisters.

Funeral arrangements are incomplete.

## Real Sky Pilot Will Fly To Job

**Miles City, Mont.—(AP)—**The Rev. Narval Heglund is to begin flying around his "sky parish" in northwestern South Dakota soon. He's the recently named pastor of the Lemmon circuit air parish, sponsored by congregations in small and widely scattered towns of the area and by the Home Missions Board of the Evangelical church. He will fly from Lemmon to Perkins, Corson, Dewey, Armstrong and other communities.

## Export-Import Bank Says "No" To Hungary Credit

**Washington, Aug. 6—(AP)—**Secretary of State Marshall today disclosed the Export-Import Bank has cancelled a \$7,000,000 cotton credit earmarked for the Hungarian government.

## Two Accidents On Highway 51

**Two Cars Hit Head-On, Another Auto Overturns**

Two automobile accidents on Highway 51 between Fulton and Clinton were reported today.

In the first, a two-car smash-up a car driven by a lady from Oklahoma reportedly collided head-on with an automobile driven by Claude Bruce of Greenwood, Miss., as she was passing another southbound car.

Mr. Bruce, his wife and their daughter were headed toward Clinton. They have been visiting relatives in and near Crutchfield.

The occupants of the Bruce car were treated for minor injuries at Jackson Hospital in Clinton and were dismissed. The Oklahoma lady resumed her trip to the home of friends in Tennessee by train.

The second accident occurred at about 11 o'clock, when a car driven by Billy Underwood overturned. He was treated at the Fulton Hospital and dismissed.

## Most Modern Coal Preparation Plant Planned At Price

**Wheelwright, Ky., Aug. 6—(AP)—**Describing the project as "the most complete coal cleaning plant yet designed or built," Inland Steel Company yesterday announced plans for construction of a coal preparation plant at Price, Ky.

The plant is designed for a capacity of 750 tons of coal an hour, and will be located on the Beaver Creek branch of the C. & O. railroad, one-half mile from the Gearheart post office and eight miles north of Wheelwright.

The announcement said the plant will handle coal mined from the 29,000 acres inland of the company's eastern Kentucky and any which might be purchased from other mines in the area.

## 2nd Birthday Of Atom Bomb

**Hiroshima, Target City, Pauses For Silent Prayer**

**Hiroshima, Aug. 6—(AP)—**Just two years ago warfare's first atomic bomb descended, and one half of Hiroshima vanished in a blinding flash of destruction.

Today at 8:14 a. m., the hour when the bomb exploded, the bells tolled. The people stood in silent prayer for one minute then went again about their affairs.

That was the only official notice taken in Hiroshima of the explosion.

But the city officials were busy with plans to make Hiroshima a shrine for the world's hopes of peace.

At their request, General MacArthur in Tokyo released a statement. He said, "War's destructiveness will progress until the means are at hand to exterminate the human race."

"This is the lesson of Hiroshima. God grant that it be not ignored."

Mayor Shiso Hamai announced that Australian engineers had helped draft a plan for a modern Hiroshima, with a peace memorial at the spot over which the atomic bomb let go.

Hiroshima has a long way to go. Although 20,000 temporary shelters have sprung up, the actual permanent rebuilding of the city has not yet begun.

## "U. S." Cigarettes Didn't Fool Czechs

**Prague—(AP)—**Czechoslovakia has come out with a new brand of cigarette—the Star—but someone decided on last minute changes in its star-spangled banner design.

In introductory sale the Czech tobacco monopoly, a nationalized industry, put out the Star in a fancy pack proclaiming it and American type cigarette.

There was a blue outline star like that on the American planes and tanks. Underneath were red and white stripes.

Now the pack is plain white. Gone is the "American type tobacco" line. And gone are the blue star and the red and white stripes.

## Jackson, Tenn., Plans Marker For Casey Jones

**Immortal Fulton County Engineer Still Remembered**

**CEREMONY TOMORROW**

Jackson, Tenn., Aug. 6—(AP)—The immortal Casey Jones will put his hand on that throttle again—in granite and bronze.

A memorial to the famous engineer, whose fatal accident in 1900 created a national legend and inspired a song that still lives, will be erected here tomorrow to replace the small wooden cross at his grave.

Lucius Beebe, New York columnist and railroad historian, and Charles Clegg, his photographer, contributed the memorial to a man who has become not only a part of the American legend but also a part of the English language.

Casey's widow will be present along with their son and veteran railroad men.

The bronze memorial will carry a reproduction of Illinois Central Engine No. 332, which carried Casey to fame and death.

The engineer's home was in Cayce, Fulton county, Ky.

## Prolonged Heat Wave Kills 24; Little Relief Is Seen For South

**Unofficial temperatures in and near Fulton ranged from 100 to 110 today as the midwest's worst heat wave of the summer spread eastward.**

The Associated Press reported at least 24 deaths, 11 of them in St. Louis, Mo., caused by the unusually hot weather.

A finger of cold air from Canada had brought substantial relief and some scattered showers to the Dakotas and Minnesota, but it was almost absorbed in Nebraska and western Iowa where the weather bureau said the temperature drop was only moderate.

There was nothing in sight, the bureau said, to dislodge the hot air from the Mississippi valley, south plains and Great Lakes regions generally within the next 24 hours, although the wind shift in Nebraska and western Iowa was moving slowly eastward with relief promised for parts of other north central states tonight and Thursday.

Both the eastern and Rocky Mountain states would be warmer today, forecasters said.

No rain of consequence was in immediate prospect for most of the dry midwest topsoil, now generally depleted of moisture by three days of temperatures ranging from the high 90s to well above 100 degrees. Pastures were reported drying up and hay crops reduced. Corn has fired in at least a few areas.

Fatalities from the heat reported during the past 24 hours included: St. Louis 11, Chicago 4, Arkansas 3, Iowa 2, Indiana, Pennsylvania, Tennessee, and Wisconsin one each.

Yuma, Ariz., was the hottest spot of the nation yesterday with a high reading of 111. Fresno, Calif., and Advanue, Mo., registered 107 degrees. Other high readings included: Batesville, Ark., 106; Paris, Tenn., 105; Houghton, Mich., 103; Omaha,

Nebr., 102; St. Louis Mo., Marquette, Mich., Memphis, Tenn., and Nashville, Tenn., 102; Los Angeles, Kansas City, and Little Rock, Ark., 101.

Eight other cities, including Des Moines, Ia., Louisville, Ky., Minneapolis and St. Paul, Minn., had readings of 100.

## Hayes To Lead Union Revival

**Meeting Starts Sunday; Pastor To Assist Visitor**

One year ago the Rev. C. W. Hayes, outstanding evangelist of the South, held a most successful revival at Union Cumberland church, just off the Hickman highway. He will be there for another series of meetings beginning Sunday morning, Aug. 10.

There will be night services only during the first week, and day and night services through the second week.

The Rev. E. T. Shauf, pastor, will assist Mr. Hayes.

The church has a splendid choir and special numbers will be heard throughout the revival. Everyone is invited to come, bring others, and meet old friends and make new ones and hear impressive sermons.

## Chapman Among Solos Visiting Alaska Airports

**Anchorage, Alaska, Aug. 6—(AP)—**Six Congressmen visited Anchorage today on the first leg of an inspection tour of proposed Alaska airfields.

The House Commerce Committee group includes Virgil Chapman (D-Ky.). They arrived yesterday by plane.

**LIFE AND DEATH IN PALESTINE**—A British officer, armed with a Sten gun, looks cautiously at entrance of a house in Rehavia, Palestine, as he passes body of man shot down as he rushed from house carrying a hand grenade. British soldiers shot him four times before he could toss the grenade. Incident occurred during terrorist uprisings.

**UNDER ARREST**—Mayor Owen Ben Ami (above) of Nativya in Palestine, was arrested by British authorities in a climax to two weeks of Jewish violence in the area. Also arrested were the mayors of Tel Aviv and Ramat Gan. Two British sergeants were found hanged near Nativya last week.

## 18 Feet Of Skin Hurt By The Heat And The Humidity

**Minneapolis—(AP)—**"It's not the heat, it's the skin, plus humidity," says Dr. Waldo H. Killever, research director of the Minneapolis-Honeywell Regulator Co.

The average human being has 18 to 19 square feet of skin surface which acts as an evaporative cooling system, he says, and if surrounding air is extremely moist this action is restricted.

Dr. Killever said automatic controls now being developed are expected to make it possible to control humidity in homes and factories within a fraction of one percent of the desired level.

## Hughes Spent \$3,732 To Entertain AC Colonel, Senate Investigators Told In Contract Inquiry

**Washington, Aug. 6—(AP)—**While Howard Hughes waited to tell his own story of his wartime airplane contracts, Senate investigators got an account today of his company's spending \$3,732.77 on entertainment of Col. James G. Hall of the Army Air Corps.

Hall succeeded Elliott Roosevelt, who recommended Army purchase of a Hughes reconnaissance plane, as head of the Air Corps Reconnaissance division.

John W. Meyer, Hughes' publicist, read to the Senate War Investigative committee a long list of expenses he said he incurred entertaining Hall over a three year period.

When he concluded a two-hour recitation of them, Subcommittee Chairman Ferguson (R-Mich.) recessed the hearings until 1 p. m.

Ferguson said Hughes would be the first witness when the sessions were resumed. The committee is inquiring into \$40,000,000 of wartime plane contracts given the Hughes company.

The free spending Meyer, who has already said he spent more than \$5,000 of Hughes' money entertaining Elliott Roosevelt and his friends, told the committee that on one occasion he spent \$551.42 entertaining Hall. Roosevelt testified yesterday that some listed expenditures were made while he was not even in this country.

Meyer said the expense for Hall covered five or six days in January, 1944, and included four to six people.

Why were you paying these bills for Colonel Hall and charging it up to aircraft?"

Ferguson wanted to know. "Here we go again," Meyer said. "Business."

He has contended time and again in his appearances, starting last Friday, that he entertained freely, and that he was instructed by Hughes to charge entertainment to Hughes Aircraft.

He reiterated again today that he kept his accounts "loose."

Meyer read into the record a long list of smaller sums he said he spent on Hall in the same period.

Hughes has charged publicly that the inquiry was launched as part of efforts to "coerce" him into agreeing to a merger of Trans World Airlines, which he controls, with Pan American Airways.

## Britain's Belt To Be Tighter In Money Crisis

**Loan From U. S., More Production Needed—Attlee**

**DENIES FRODIGALITY**

**London, Aug. 6—(AP)—**Prime Minister Atlee told Parliament today that Great Britain would reduce her armed forces, impose a limited direction of labor and seek relaxation of clauses in the U. S. loan agreement to help ease her growing economic crisis.

He said also that workers of the more essential industries would have to work longer and that coal miners would be asked to labor half an hour a day additional.

Attlee said Great Britain also would cut down her imports in a manner that would mean "hardships for many people."

He said the United States, at Britain's entreaty, had agreed to discuss the sterling convertibility and non-discrimination in trade agreements in the \$3,750,000,000 loan, which Attlee said would be exhausted this year.

He denied, as Winston Churchill had charged on Monday, that the Labor government had "frittered away" the American billions, advanced after termination of lend-lease from which Great Britain received \$31,267,240,530 from the U. S. and gave back in reverse deals \$6,319,792,047.

Attlee said British armed strength would be reduced by 420,000 men by next March. The forces numbered 1,297,300 men on July 1.

"An exhaustive inquiry has been instituted into the whole future of our defense policy," he said.

At another point, the Labor government leader said Great Britain was increasing the rate of her troop withdrawals from overseas.

"Despite these accelerations in the rate of withdrawal, there is no change in our foreign policy or in the defense policy which underlies our foreign policy," Attlee asserted.

The prime minister said his Socialist government would "have to take some measure of control over the employment of labor" in order to stimulate production.

"This will involve some sacrifice of individual liberty, though as little as possible. It may be necessary to take steps to limit employment on less essential work."

Attlee rejected suggestions in conservative newspapers that he invite the Conservatives to join in a coalition government, thus abandoning his Socialist program. He said:

"No question of a coalition arises. I say to one and all: 'This is your fight.'"

"I am appealing to all the people of this country to co-operate wholeheartedly with the government, just as they did in the war to win through requires the same qualities as those displayed during those years."

Opposition members interjected: "And the same leadership."

The interruption, harking back to the wartime leadership of Conservative Winston Churchill, produced an uproar of cheers and counter-cheers.

## Former State Road Official Succumbs

**Louisville, Ky., Aug. 6—(AP)—**A heart attack at his home here last night was fatal to Cliff Claypool, 61, former state commissioner of motor transportation.

Claypool served in the transportation post under the late Governor Ruby Laffan. In 1940, Claypool was director of the state Highway Department's equipment division.

Educated in Bowling Green public schools, Claypool lived there for many years before coming to Louisville. He was a native of Morgantown.

## Pre-School Clinic At Terry-Norman On Aug. 13

**The pre-school clinic will be held at Terry Norman school, Aug. 13, from 9 a. m. to 12. All parents are urged to co-operate with Mrs. Grace Cavender, county health nurse, in this project.**

## Only Three Contests In Saturday Primary Are Still Undecided

**State Secretary, Ag Commissioner, Auditor In Doubt**

**DEMOCRATS UNITED**

**Infant Taylor Girl Succumbs**

**Daughter Of Mr. and Mrs. Elwyn Taylor Died Aug. 5 At Grandparents' Home**

**Standard Printing Co. (S)**

**Hog Found Thanks To Max**

**Small South Fulton Boy Saw It Fall Off Truck**

**Quick thinking by Max Harris, nine-year-old son of Mr. and Mrs. Bob Harris of South Fulton, resulted in recovery of a hog that fell out of a truck going into Fulton yesterday afternoon.**

Max was in the yard of his home just off the Martin highway when he saw some kind of animal fall of the truck. He went inside the house and phoned Neal Ward, at Ward Stockyards.

None of Mr. Ward's customers had reported losing any stock, so he called Lattas stockyard, and sure enough a man there was one hog short.

The farmer drove his truck back to the highway near the Harris home and found his hog, which by that time was bordering on heat prostration.

The story has a happy ending for the farmer if not for the hog. After some water had been poured on the ground to make a cool spot for the animal to wallow, it was taken to the stockyards and sold.

## Boys Know Better After Putting Mud On Folks' Letters

**Oklahoma City—(AP)—**Fred Shaw, Oklahoma City postmaster, has received a lot of letters about the mail service, but this one is his prize:

"Dear sir: We are two little boys and we go to Culbertson School kindergarten."

"Yesterday on our way home from school we put mud in a mail box about to be going to do it any more because it ruins other people's letters."

"Now we know better because the mail box belongs to the government and not to us. It is for all to use."

"We were not obeying the law. The next time we pass the box we will leave it alone."

"Bobby and John."

## IC Green Diamond Hits Freight Train

**Litchfield, Ill., Aug. 6—(AP)—**An Illinois Central railroad's "Green Diamond" passenger train and a Burlington railroad freight collided today at the Litchfield crossing of the lines and "some injuries" were reported.

The two diesel engines and five or seven cars on the passenger train were derailed, an official said.

A spokesman at the Litchfield News Herald newspaper said "every doctor" in the city had been sent to the wreck scene.

## Leader Congratulates

**Mr. and Mrs. Philip Kocher, Route 4, on the birth of a nine-pound daughter last Sunday morning at the Haws Memorial. She has been named Martha Mozelle.**

## Soils Meeting Set At 10 a.m. Monday South Of Mayfield

**There will be a soils meeting held at the Mayfield experiment field on Aug. 11 at 10 a. m. The experiment field is located one mile south of Mayfield on highway 45.**

Representatives from soils and agronomy departments will be present to conduct the meeting. Lunch will be served by the Sunnyside Homemakers Club. In the afternoon talk will be made by some of the extension specialists.

"We would like to have all farmers that can attend," Fulton county agent John Watts said.

### Sports Roundup

By Chick Hensch (For Hugh Fulton, Jr.)

Atlanta, Aug. 6.—(AP)—Paul (Bear) Bryant, Kentucky's young football coach, at first glance appears to have scored the South's greatest victory since Bull Run.

A tentative roster of 48 freshman griders lists 27 "Yankees," including nine from Pennsylvania, and ten from West Virginia. In fact, he got an entire "all-state" backfield from the latter state and a dozen others made various "honor" teams.

Bryant, younger at 33 than several of his assistants, started a 10-year contract for the Wildcats last year by winning seven games—more than any of his Southeastern Conference predecessors.

To go with those 48 yearlings, Bryant has 28 lettermen and about 20 reserves from last year, which ought to rank his team fairly close to the top this fall. That's why Kentuckians, who in the past have shifted the conversation to horse racing or basketball, smile when it's recalled that rival coaches, in a recent poll on the probable order of finish, placed the Wildcats in the second division.

Cliff Hopp of Hastings, Neb., brother of baseball's Johnny, has entered Georgia. He's a

freshman halfback. The Bulldogs will sport a brother act of three Reids from Hamilton, O., this fall in Bernie, Floyd and Ernie. . . but the brightest Ohio star in Wally Butts' ballyard at the moment appears to be Bobby Walston, a prep halfback star last year at Columbus. Some think Walston might make 'em forget about Charlie Trippi in a couple of years.

Tennessee has 32 of its 45-man Orange Bowl squad returning. But LSU has practically an all-veteran squad including an intact first string backfield ready for the fourth year of play. Bernie Moore's Tigers are heavy favorites in most quarters to gobble up the title without much of a struggle. . . Florida has 35 war vets on its tentative roster. . . Mississippi State plays in Chattanooga, East Lansing and San Francisco on successive week-ends to open the grid season.

Besides those tilts and the usual Southwestern and Southern Conference foes, other opponents to meet Southeastern Conference teams include Boston College, Cincinnati, Northwestern, North Texas State Teachers, Xavier of Cincinnati, Duquesne, Oklahoma A. & M., Hardin-Simmons, West Virginia, Navy Notre Dame, and Kansas State.

### The Sports Mirror

By Associated Press

Today a year ago—Tex Hughson yielded five singles as Red Sox blanked Athletics 5-0 to stretch American League lead to 12 1-2 games over Yankees.

Three years ago—Ted Wilks, rookie Cardinal pitcher, hit in head by line drive off bat of Steve Mesner and carried off unconscious.

Five years ago—Hank Greenberg commissioned second lieutenant in Army Air Corps.

Ten years ago—Harold S. Vanderbilt's Ranger completed United States' 16th defense of the America's cup with record-smashing triumph over T. O. M. Sopwith's Endeavor 2nd in fourth and deciding race.

### Chicks Winners In Both Halves Of Twin Bill

Beat Colts 6-5 And 11-9 There

The Chicks jumped on the Colts last night at Clarksville with both feet and trampled them deeper in the cellar by taking both ends of a double header by scores of 6-5 and 11-9. Each game was a seven inning affair.

Biggs was on the mound for the Chicks in the first game, but was chased in the seventh after giving up six hits and five runs. He was replaced by Eldridge, who gave up to Lynch in turn.

The Chicks were still fielding a make-shift lineup with Lis, regular catcher, playing left field part of the time; Engel and Hardcastle, pitchers also filled in in outfield posts. Pete Peterson playing only part of the game in right.

Gray led the hitting for the Chicks with two for two, closely followed by Lis who had two for three. One of Lis' blows was a three-bagger and the other was good for two bases. Rhodes and Propst each had a two-bagger. Buck and Litzelner had a single apiece. The Chicks committed five errors in the field.

In the second game Williams was on the hill for the Chicks. Again the lineup was shifted around with Lis in centerfield and Hardcastle in left. This change in positions by the regular catcher and pitcher evidently did not affect their batting, for each had two safeties for the game.

One of Hardcastle's hits was a two-bagger and one of Lis' was also a two-base blow.

Propst had the most hits for the night with three for five. Rhodes hit safely twice and Peterson and Litzelner each connected once. One of Rhodes was good for three bases.

Williams pitched six and two-thirds innings, giving up 13 hits and nine runs. Eldridge

finished up the long (two hours and three minutes) seven inning affair without allowing a hit or a run.

The Chicks remain in Clarksville tonight for the third game of a scheduled three-game series. One of the games played last night had been rained out earlier in the season.

### Curiosity Still Is Fatal To Cats

San Francisco—There's an old belief that cat whippers rescue cats from entering openings too small for their heads and bodies.

But cats get caught just the same.

In a month the San Francisco chapter of the Society for the Prevention of Cruelty to Animals rescued the following "caught cats":

Three under floors, four between walls, three up poles, one on a ledge, one in a box car, four on roofs, one in a steel trap, and one under a building.

Besides this, one cat was found tied to the motor of an auto, three were found abandoned in vacant store buildings, and 818 were brought into the society's headquarters as unwanted or homeless.

#### YESTERDAY'S STARS

By The Associated Press

Batting: Johnny Mize, Giants

hit his 33rd and 34th home

runs and drove in three runs to

lead the Giants to a 5-2 victory

over the Phillies.

Pitching: Walter Masterson,

Senators—spaced seven Boston

hits to defeat the Red Sox 3-1.

#### ON KENTUCKY FARMS

A record income from straw-

berries was realized this year

when producers in the Paducah

area shipped 484 cars of berries

for \$1,500,000.

### Calloway Horse

Show Aug. 7-8

Three Or Four States May Send Over 100 Entries

Murray, Ky.—Highlighted by over 100 entries from three or four states, the Calloway County Horse Show on Aug. 7-8 is certain to be the most colorful show of its kind ever held in Murray, according to Jim Moore, head football coach and manager of the affair.

The show will begin promptly at 8 p. m. each evening—Aug. 7 and 8—in Cutchin Stadium.

"The colt class promises to be a very pretty event," Moore said today, "with plenty of interest and competition." Numerous entries have been filed for the five-gaited stake and for the walking horse stake. Moore said outstanding horses from Tennessee have been booked for the flashy walking horse competition.

In the jumping class, showgoers will see a repetition of the

great duel between Ollie Brown's Dan and Pegasus from Jackson, Tenn., Coach Moore announced. "We have a dozen entries in the Calloway Pleasure class, as well as a nice group in the open class."

Prize money totaling \$1600 will be awarded in addition to trophies and ribbons. Turner Young of Lebanon, Tenn., will judge all classes except the jumping class, the show manager has announced.

Twenty-one classes will be shown during the two-nights' competition.

#### Electric Workers Need Relief From Wild Animals

Sydney, Australia.—(AP)—New South Wales electric services have been disrupted recently by animal invasions. Frogs have short circuited transformers. Snakes climb the transformer poles and mess up the fittings—and their lives. Flying foxes become entangled in the wires.

A "sponge" is the cleaned skeleton of a creature which lives at the bottom of the sea.

# NO SALES TAX

## To Kentucky Residents . . When Delivery Is Made In Kentucky . . .

### TAX GOOD ONLY IN STATE

SALES ACROSS LINE ARE NOT AFFECTED BY IT

Tennessee retailers are not required to charge a sales tax on shipments crossing the state line, according to P. K. Seidman, certified public accountant.

"The important point is place of delivery and it follows that if the merchandise is purchased and delivered in Tennessee it is subject to the tax," he said.

"If however, the purchase is made in Tennessee and the delivery is made in another state, then the sale is considered interstate commerce and no tax is due. It is immaterial whether delivery is made by parcel post, express, common carrier or by the seller's own truck.

"This interpretation is now accepted by the commissioner," Seidman said, "and extends Rule 29 to residents as well as nonresidents. Thus, all that is required for the transaction to be exempt is shipment into another state."

Reprinted from a recent Memphis newspaper issue.

## Uruguay Statute Tries To Make All Romeos Truthful

Montevideo—(AP)—It's getting so a man can't even tell a girl he loves her unless he can prove it.

The Uruguayan Chamber of Deputies has received a bill providing heavy penalties for fooling a woman "either by telling a lie or by any scheme for causing her to fix her attention on the man courting her."

The bill applies to "any relations, social or amorous" and sets up fines from \$25 to \$5,000. If the Don Juan is married, the fines are doubled.

**NON-SKID! NO WAXING**

**Plicote**

**DURABLE Floor Finish**

Just flow it on with a brush. Dries overnight. You'll have an amazing NEW kind of floor! Tough... durable... (AND) beautiful. Plicote your wood, composition, concrete or metal floors. (Withstands punishing wear and the hardest scrubbing.)

We wish to thank Dr. and Mrs. Trinca, Dr. Dyer and the nurses for their kindness during our illness, also our many friends for the kind deeds, flowers, and cards, and Hornbeak's ambulance. May God's richest blessing abide with you always. —Mrs. L. H. Harrison and Leila Mae.

ONLY THREE CONTESTS STILL IN DOUBT (Continued from Page One)

Clements reported. Clements' count was 153,943 to Waterfield's 121,809. Robert E. Lee Murphy of Lexington was running third with 4,340.

Waterfield yesterday congratulated Clements on winning the Democratic nomination and pledged his support to the ticket in November.

In a letter of response, Clements said "It is our joint responsibility to close the ranks of our party so solidly that a Democratic victory will have been a foregone conclusion long before November."

Williams was expected to issue a statement today.

The two opponents in November for lieutenant governor will be Lawrence Wetherby, a Louisville attorney who won the Democratic nomination and Republican Orville Howard of Harlan. Howard resigned as state revenue commissioner to make the race as the running mate of Williams. He was the only winning member of the Williams slate.

In the state railroad commissioners race among First District Democrats, with 1,148 precincts counted: Smith had 7,980, Nelson 12,865, Stone 12,490. Durbin 28,708.

Packard, Reporting Loss, To Up Prices \$92 to \$200

Detroit, Aug. 6—(AP)—Price increases ranging from \$92 to \$200 on all current auto models produced by the Packard Motor Car Co. went into effect today after the company disclosed a deficit of nearly two million dollars in its operation for the first half of 1947.

More acres of clean cutting at a lower per-acre cost—that's the unfailing performance of the John Deere No. 5 Power Mower. Working with any make of tractor, the No. 5 is simple, durable, easy to attach and detach... cuts up to 35 acres of hay per day.

A tractor mower through and through, the No. 5 gives you a combination of features you'll really appreciate. Built with 4-1/2- to 7-foot cutter bars. See us for complete information.

Sheep 3,000; few sales spring lambs steady to butchers at 24.75; good and choice 25.00; market not fully established; early packer bids weak; slaughter ewes firm; best up to 7.50.

Observe Sabbath For Half An Hour

Grayville, Ill., (AP)—For Sunday golfers, fishermen, gardeners and others, the Rev. E. P. Nay has started a special 30 minute Sabbath worship that begins at 7 a. m. The service includes two songs, a prayer and a sermonette. Attendance has increased from 19 to more than 100.

## Wall Street Report

New York, Aug. 6—(AP)—Individual favorites made a little further headway in today's stock market although many leaders were notably indifferent.

The ticker tape dozed after a fairly active opening and fractional advances were a shade in the majority near midday. A wide assortment of pivots was unchanged.

Ahead at intervals were General Motors, Packard Motors, Sears Roebuck, United Aircraft, Glenn Martin, Consolidated Edison, Public Service of N. J., Anaconda, General Electric, Westinghouse, Union Carbide, American Woolen, Southern Railway and Standard Oil (N. J.). Occasional losers were Frisco Railroad, Republic Steel, Montgomery Ward, Douglas Aircraft, Boeing, American Water Works, Johns-Manville, Texas Co., and Northern Pacific.

Bonds were narrow and cotton futures higher.

Voice Of Turtle Heard In Germany

Munich—(AP)—Axel Ambesser is back in uniform which seems quite natural to German theatergoers.

Tall and handsome, Axel delighted the maidens for years in romantic roles. Most of the time he portrayed German officers, particularly the Luftwaffe.

Now he is doing the lead in the American play, "The Voice of the Turtle," by John W. Van Druten, produced by the Munich Kammerspiele.

And Axel is back in uniform, this time the OD of an American sergeant with the pork-and-beans name of Bill.

A beautiful blonde, Maria Niklisch, is the German, "Sally," and Annemarie Kordes does "Olive."

## Suspected Drunk Blames Wobbling On Loose Shoes

Little Rock—(AP)—A little Rock woman came up with a new alibi when told she was being charged with intoxication after being picked up staggering along the street.

"I ain't drunk, mistah," she said. "You see my shoe laces done tore out and I can't help wobbling in these loose shoes."

But she couldn't tell where she lived, either.

Minnesota City Given Month's Utilities Free

New York—(AP)—The water and light commission of Breckenridge, Minn., recently gave

one free month of water, light, power, and heat services to all consumers in the city. The Municipal Finance Officers Association reports that this free month amounted to about \$10,000 in savings to the community.
