WEEKLY KENTUCKY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, JANUARY 12, 1900.

VOLUME XXX, NO. 28.

OUTRAGEOUS ASSAULT.

Section Foreman Horribly Beaten Because He Had Arrested Thief.

From Friday's daily.
O. H. Malone, section foreman on the Louisville & Nashville railroad, is the victim of the latest outrage at the hands of that dastardly, lawless element which is now, more than ever before, a menace to the peace and order of this community.

At a late hour yesterday afternoon Mr. Malone while engaged in his duties on the line near the gas works, observed a colored boy stealing coal from one of the company's cars. He took the boy in custody and started with him to town, intending to give him into the custody of an officer. He had not proceeded far before he was set upon by a badly colored boy and man. He was severely beaten and bruised, in consequence of which he now lies at his home on Ninth Street in a dangerous condition. There is a long deep laceration over his left eye, extending back over the center of the skull. He is also severely and painfully bruised on the arms and back.

He was knocked senseless and left upon the track, while his assailants fled through the gathering darkness.

POOR COMMISSIONER

Appointed by Judge Cassel—Will Try To Prevent Imposition.

At the October term of the Fiscal Court, on Judge Cassel's recommendation, the office of Poor Commissioner was created, and a salary of \$35 per month attached to the office. The duties of the officer are to investigate the applications of all who seek aid from the county and to report on the worthiness of the applicants. Heretofore the County Judge has been greatly imposed upon by several persons living in the same house securing food and fuel.

While we doubt the power of the fiscal court to create an office of this character, it may prove a paying investment for taxpayers, whose money is made to pay a premium for indolence. That the system is greatly abused in Christian county there is no doubt and that the immense trust appropriated each year for charity is largely gobbled up by people who are able to work can not be denied. There is no reason why the taxpayers of Christian county should burden themselves with the maintenance of a poor-house while giving from four to five thousand dollars per year to people, not inmates of the institution, many of them just as able to work as those who pay taxes to support them in idleness.

Mr. W. H. Ryan has been appointed to the office.

ANOTHER SMALL-POX PATIENT.

Colored Man With The Disease Came In On The Accommodation.

From Friday's daily.
A negro man, apparently 40 years of age, whose face was broken out with small pox was brought into this city on the accommodation train last night from Guthrie.

He was sent at once to the home near Loretto spring, in the Eastern suburb, where the other cases are under treatment.

At the meeting of the County Board of Health held yesterday, Dr. Claude Banks was elected to take charge of the small pox cases. Dr. Banks has resigned his position with R. H. & Co., and will hereafter devote his time to his profession. When the small pox cases under his care have been discharged he will leave near Loretto.

WILL LOCATE AT PROVIDENCE.

Dr. Richard Perry, formerly of Hopkinsville, but who has been located at Dawson for some time will come to Providence in a few days to locate permanently in the practice of dentistry. He is recommended as being a thorough gentleman and a first-class dentist—Madisonville Hustler.

DESTROYED BY FIRE.

Crabtree Homestead Near Empire Burned With Its Contents.

From Saturday's daily.
The residence of Mrs. P. A. Crabtree, the old E. C. Crabtree homestead, near Empire, was destroyed by fire Wednesday, together with all the contents. The family were away from home.

It is supposed that the fire originated from a defective flue. The loss is about \$3,000 with no insurance.

DEATH OF MRS. DUCKER.

From Saturday's daily.
Mrs. Charles W. Ducker died last night at the family residence, corner of Ninth and Liberty streets.

Mrs. Ducker had been an invalid for nearly a year. Last fall she underwent an operation from which she never entirely recovered, and during the past two months her condition had been critical. Her death was no surprise to the family and friends.

Mrs. Ducker was about thirty-two years old and was a native of Illinois. She was an esteemed member of the Christian church, beloved by all who knew her. Her husband and five little boys survive her.

Funeral services will be held at the residence at 9 p. m., tomorrow, and the burial will follow at Hopewell cemetery.

WOOLFEY-BARKSDALE.

Mr. Rufus Sinclair Woolfe, of Denton, Texas, and Miss Esther Barksdale, eldest daughter of Mr. and Mrs. B. M. Barksdale, were joined in marriage Thursday evening, at the Madison street Methodist church in Clarksville. Bishop Morris officiated. Mr. Emmet Cooper, of this city, was best man. The happy couple left immediately for their home in Texas. The bride has many friends in Hopkinsville where she was visited. Mr. Woolfe is a native of Christian county and a son of Dr. W. C. Woolfe, of Lafayette. He has lived in Texas for fourteen years and is a leading citizen of Denton. A large number of Christian county people attended the wedding.

FARMERS AND MERCHANTS BANK.

The quarterly statement of the Farmers and Merchants Bank of Pembroke appears elsewhere in this impression of the New Era. The institution is in a most flourishing condition and its excellent records, as evidenced by the statement, reflect credit upon its officers. The citizens of Pembroke and vicinity are to be congratulated on having this thrifty and judiciously conducted banking institution. The attention of our readers is directed to the quarterly statement for facts and figures relating to the bank's business.

A MONSTER MACHINE.

Fuhs & Bro. have just added to their plant a gigantic piece of machinery for setting tires. It does in five minutes time with two operators what it formerly required half a day to do.

The tire is no longer heated and set while in this state, but are pressed on the wheel by force. The machine is operated by hydraulic pressure. It was put in this work at a cost of \$4,000, and the facilities of the factory are considerably increased by its introduction.

JOBS WORK.

Jan. F. Rogers, the Republican member from Christian, is an old newspaper man, and is so of a hustler for job work. He has a great deal of "job work" to do in this season, and it is well doubted that his part—Kentucky State Democrat.

MOVED TO PEMBROKE.

Reg. T. J. Guthrie has moved from Union Springs to Pembroke, Christian county, where he will engage in farming. For a number of years Reg. Guthrie has been one of the best magistrates of the county, and he is one of our best citizens. Many friends of his and his family regret his removal from Guthrie—Cades Record.

SHOOTING AT GUTHRIE.

Will Ingram Probably Fatally Wounded By Jesse Mims.

Jesse Mims and Will Ingram, both colored, had a difficulty and the latter now lies at the point of death with a bullet hole through his left lung, says the Guthrie Graphic. The trouble originated in this way: Ingram was drunk and as he passed the depot where Mims is employed, the latter caught him on his drunkenness. He replied by calling Ingram a vile name, and was knocked down. As he fell his revolver dropped from his pocket and Mims took possession of it. It is said by witnesses that Ingram followed Mims to the depot, cursing and abusing him, and the latter wounded around and about him. The wounded negro is in a serious condition, and will probably die.

A WAIL FROM CLARKSVILLE.

The Hopkinsville correspondent of the Nashville Banner would be careful in sending in reports to say untrue things which might injure a city of which that town claims to be a rival. The dispatch said that a man from Clarksville was beaten with small pox when the city of the matter is the man lives in Guthrie, and had been a few miles away from Clarksville. Clarksville is a town of about 1,000 people, and is a rival of Hopkinsville. The man from Clarksville was beaten with small pox when the city of the matter is the man lives in Guthrie, and had been a few miles away from Clarksville.

MALONE'S ASSAULTS.

On Trial Before Judge Leavelle and a Jury—Jury Verdict.

The trial of the assault of section foreman O. H. Malone, who was set upon and beaten by five colored ruffians on Thursday evening Jan. 4th, has been in progress before Judge Leavelle and a jury in the city court room since nine o'clock this morning. Mr. Malone was able to proceed, as is still suffering from his wounds and his head was bound up. The court room was crowded with a motley and undisciplined audience.

Will Hughes, the Olmsted, Wallace Kay and Chas. Williams, the latter two Negro boys about 6 years old, were arrested Friday and are now in the city jail.

Last night Sam, the brother of the "40 club," a gang of coal thieves, was arrested as an accomplice.

The prosecution introduced about twenty witnesses and could have brought as many more. The evidence developed the existence of a band of violent desperadoes organized under the name of "40 club." The badge of the club is a lamp of oil. A number of colored people testified to the existence of the organization and it was proved that Kay, Williams and Tate were bright and shining lights in the councils of the club.

Several respectable witnesses testified to having heard the youthful law-breakers declare that they proposed to exterminate Malone and his section hands. One of the section hands swore that the lawless Wallace Kay, of workhouse fame, once threw a heavy iron bar at him. The prosecution rested its case at noon, but there was no adjournment for dinner and the defense entered at once upon the taking of testimony.

The argument was completed at the close given to the jury at 2:15.

WOMAN

In White Creates Much Excitement.

ASYLUM PATIENT

In Night Robes Driving Through The Streets—Captured and Returned To Institution.

From Wednesday's daily.

Considerable excitement was created last night in several homes on East Street by the spectacle of a young woman, clad only in her night robe with bare feet and flowing hair, driving a buggy at a rapid rate along the thoroughfare. It was observed as she passed under the glare of the electric lights that there was a wild and frenzied expression on her countenance, and the residents of that quarter at once surmised that she had escaped from the asylum.

Apprehending some desperate act by the unfortunate woman, the police station was communicated with by telephone. Chief Matthews was apprised of

the fact that the woman was at large and based in pursuit of her. She was overtaken on Seventh Street and the Chief took her in custody and notified the officials at the Western Asylum. An attendant soon came to and verified the suspicion that she was an escaped inmate.

She had been in the institution about three months and at the time of her escape was confined on the violent ward, third floor. She displayed much eccentricity in effecting her escape. In some manner she loosened the window guard of her apartment and after making a strong rope of bed ticking lodged herself to the ground. In her bare feet and with no clothing but her night dress she crept across the wide lawn to the street and followed it up the hill to the Stewart's residence. A horse attached to a buggy was standing at the front gate. She unhitched the animal and drove to the city where her capture was soon effected. She protested against returning to the asylum, but was not violent.

Mr. R. N. Wolfe, a leading young farmer, residing on the Oak Hill road, three and a half miles from the city, and Miss Lillian Wolfe were joined in marriage at 2 o'clock last night by Judge Polk Cansler at his residence on Fourteenth street. PNEUMATISM

Is capricious in its methods of attack—some people drifting into the clutches of the relentless demon almost unconsciously, while others are stricken at once with all the severity the disease is capable of inflicting, making the robust man of to-day the cripple of to-morrow. While the greater part of sufferers from Rheumatism are people well advanced in years, yet the alarming increase of the disease among persons in the prime of life calls for the most active efforts on our part to make known the positive curative properties of S. S. S. (Swift's Specific). Medical authorities agree that Rheumatism is due to an acid poison, therefore the only way to cure the disease should be to thoroughly cleanse this peculiar poison from the blood; but the system of a person afflicted with Rheumatism is so badly damaged that it can not respond to the ordinary treatment of physicians' nostrums and mineral mixtures. Their method of endeavoring to effect a cure by substituting one poison for another creates a complication of new disorders that reduce the patient to a state of complete prostration for the exit of the poison matter, and being unable to resist the action of the poison, the system is completely broken down and the patient is left in a state of helplessness.

For years I suffered with Rheumatism, which the best physicians were unable to relieve. I was in a state of complete prostration, and I had lost all my strength. I was in a state of complete prostration, and I had lost all my strength. I was in a state of complete prostration, and I had lost all my strength.

S. S. S. CURES RHEUMATISM.

Mr. J. E. Manson, of Meriden, Conn., writes: "Several years ago I was afflicted with what the doctors called Rheumatism or Gout, and during the most intense agony at times, and being confined to my bed for about a year, although I was in a state of complete prostration, and I had lost all my strength. I was in a state of complete prostration, and I had lost all my strength. I was in a state of complete prostration, and I had lost all my strength."

We have just issued a new and valuable book on Rheumatism, a copy of which will be pleased to send to all afflicted with this disease. SWIFT SPECIFIC CO., Atlanta, Ga.

WEDNESDAY MORNING WEDDING.

Mr. W. M. Evans, of Louisville, and Miss Jennie Barr, of Pembroke.

Mr. William M. Evans, of Louisville, connected with the mechanical department of the Louisville Times, and Miss Jennie Barr, of Pembroke, were joined in marriage Wednesday morning at the home of the bride's parents, near Pembroke. The ceremony was pronounced by Rev. John S. Cheek, pastor of Salem Baptist church, in the presence of a large gathering of relatives and friends of the popular and attractive bride.

After spending several days with the groom's parents near Glasgow, Mr. and Mrs. Evans will go to Louisville, their future home.

TO ESTABLISH PEST-HOUSE.

Judge Polk Cansler and Mayor F. W. Dabney, composing a joint committee with power to act for the fiscal court and for the city, have for several days been endeavoring to secure a right for the erection of a pest house. It has been finally decided to locate the pest house on a part of the county poor farm, five miles north of the city. To that end specifications have been called for the erection of two buildings 10x40. The contract will be awarded to-day.

A GREAT ATTRACTION.

"One Will Kill A Cat! Therefore, let's be Merry!"

Hennessy Larocle, a sterling comedian, presenting the very funny comedy with the jingling title, "Other People's Money," will be the attraction at the Opera House, Tuesday night, Jan. 16.

The plot is replete with the most amusing situations and is not tricked out with vaudeville and noisy "horse play" to give it strength and balance. It tells the comedy story from the beginning to the end.

Addition Pitt, late of Chas. Froham & Son, Smith Russell companies, also Miss May Sargent of McJeska and Margaret Mather Companies, play roles in support of Mr. Larocle.

GOEBEL IN CUPID'S NET.

(SPECIAL TO NEW ERA.)

FRANKFORT, Ky., Jan. 11.—A report reached here from Lexington today that Senator Goebel's heart has been pierced by a dart from Cupid's bow. According to the rumor he is engaged to be married and his fiancée is Miss Corinne Blackburn, the only single daughter of Senator J. C. Blackburn. It is stated that the wedding will take place immediately after the gubernatorial contest is settled.

Gov. Taylor filed a motion before the Joint Circuit Court today demanding that the Democratic members vacate their seats.

He charges that their names were fraudulently drawn by the House Clerk, Mr. Edward O. Lough.

The House today adopted the Senate resolution to investigate the Whittaker-Harrell bribery case.

Two Democrats and one Republican were selected to act on the committee.

The full Appellate Court is hearing pleading this afternoon on the motion to restore the injunction against the ramp election commissioners appointed by Taylor.

In the Senate a number of new bills were introduced yesterday, including the old McChord Railroad bill; a bill to make lobbying a felony; a bill to make it unlawful for corporations to contribute to campaign funds or causes or influence their employees; a bill to establish a prison for women convicts; an initiative and referendum bill; a bill to provide for the viva voce system of voting; a bill to protect citizens, officers and candidates from campaign abuses; and a bill to prohibit the wearing of high hats at theaters, halls and open houses.

ROBERTS' GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was covered with eruptions, long, tough, scaly, and continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at L. L. Egin, O. K. Wyr, B. O. Hardwick, J. O. Cook and Anderson & Fowler, druggists.

Shoe Department!

SPECIAL NOTICE.

If You Want Your Shoes To Wear, Observe The Following Suggestions:

1. Demand a comfortable fit and be sure they are long enough.

2. Remember that light shoes are not intended for farm use and will not stand rough wear.

3. Again remember, a wet shoe will burn almost instantly if held near the fire, and if dried too quickly (not necessarily being burned) the life is taken out of the leather and the wear destroyed.

4. Practically all complaints about shoes not wearing come from one of the foregoing causes. If you will be governed by the above suggestions your shoe bill will be reduced, and you will obtain the best results.

5. If, however, you insist upon wearing light shoes when heavy ones should be worn, buying your shoes too small, burning them, or drying them too quickly you should be willing to stand the consequences and not ask us to bear the loss.

6. During the year 1899 we did \$1,500 worth of free repairing for our customers in our shop. This is no small amount to save our customers and while it is divided out into small sums, at the same time it counts up in the course of a year.

7. We are adding every new device we can hear of to repair seams, and to keep them from ripping and to make our shop more of a saying to our customers in the future than it has been in the past.

8. In buying shoes it is always good policy to stick to well-known, established brands, but now it is more important than ever before.

9. The advance has quickened the ingenuity of the Yankee genius to such an extent that they are now making such remarkable imitations of leather that they fool the wisest of us. Buy Anderson's old established lines of shoes and you have the guarantee of a reliable firm back of each pair.

Old Prices On Shoes For 30 Days Longer.

In offering to our customers the same old reliable brand of shoes we have been selling for ten years at the same old prices, we feel that our customers will appreciate our efforts to keep down prices. We study the interests of our customers as closely as we study our own—whatever is for their good is for our good.

10. The manufacturing cost of every pair of shoes in our stock today has advanced from 10c to 50c a pair and the prices are still advancing. The tremendous size of our stock and the large orders we had placed with the manufacturers has enabled us to sell at old prices up to this time, and for the next thirty days we promise to sell all leather shoes at old prices except our men's heavy kip English tie, which we are forced to advance 10c a pair.

11. The manufacturer of this shoe has done it the price 25c and will not accept any order for future delivery at this advance.

12. It will pay to buy shoes and lay them aside for the future.

BIG CUT SALE ON SHOES!

In spite of an Advancing Market we will begin on

TUESDAY, JAN. 16th.

And continuing through the month sell hundreds of pairs of shoes for less than the raw leather is worth today. This is our way of cleaning up stock. Read over the list below; it has been prepared carefully and is exact.
