MOTION PICTURE HOBBY ONLY ONE OF Joe Broder’s Many Interests

By Gladie Jewel

I have never been a person who could make a speech, so I’ll just try to say what I think.

I don’t know much about the world, but I do know nothing of it.

I have been a student of the world, and I know that I needed some knowledge.

I was born in Kentucky, and I have lived in a small town all my life.

I am Mrs. Joe Broder, one of the most prominent people in this community.

Joe and I have been married for 20 years, and we have two children.

For 50 years, until a few years ago, I was a teacher of English and Mathematics at the Meade County Normal School.

Now I am retired, and I have time to enjoy my hobbies.

I have always been interested in motion pictures, and I have spent many hours watching them.

I also enjoy reading, especially historical novels.

Joe Broder took me to the theater last night, and we saw a wonderful picture that I will never forget.

"Hunting Fun in Hollywood" was the title of the film, and it was a great success.

Joe said to me, "You know, I have always dreamed of making a film.

"I think we should try it," he continued.

I think he is right, and I am glad that we are going to try it.

Joe has always been a good provider for our family, and I know that he will take care of us.

He is a hard worker, and I am sure that he will achieve his dreams.

I am looking forward to seeing the finished product, and I know that it will be successful.

Joe Broder has many interests, and I am sure that he will be a successful filmmaker.

On Ship Escorting

Ensign McClellan is the son of Mr. and Mrs. McClellan of Lexington, Kentucky.

He joined the American Army and Navy Reserve at the age of 18, and he has been serving on ships for the past 10 years.

McClellan, who is a member of the American Legion, said that he had this picture taken recently in his hometown.

I think it is a great picture, and I am glad that he is serving his country.

I hope that he returns home soon, and I am sure that he will.

McClellan has been married for 10 years, and he has two children.

He is a fine man, and I am sure that he will be a success.

I am looking forward to seeing him again, and I hope that he returns home soon.

COPY NOT ALL READABLE
Please Bear With Us

Our printer is headed to his new paper shop. We have enough paper on hand to publish during next week, but we have no assurance of receiving any paper in the future. As a result, we may or may not be able to keep our promise to deliver the news to you every day.

We regret very much the necessity for this newsprint shortage. We realize that it is not something that can be resolved by simply asking our printer to continue printing. We are doing our best to pay advances on other paper shipments, but we have no guarantees that he will continue to honor our orders.

For this reason, it is necessary that we promise to bear with us in the future. We have no assurance of receiving any paper for the remainder of the month, and we may not be able to continue publishing the newspaper. We urge our readers to bear with us as we work to find a solution to this problem.

Our printer is currently in the process of transferring his equipment to his new location. He is doing everything he can to ensure that he is able to continue producing the newspaper.

We appreciate your understanding and support during this time of uncertainty. We are working hard to ensure that we are able to continue providing you with the news and information you need.

The economic problems of the nation, in the annual State of the Union Address of the President of the United States for the year 1945, hereafter shown in command of the affairs of the people of this earth, are discussed and debated.
