THE MURRAY LEDGER.

VOL. 85, NO. 47

MURRAY, KENTUCKY THURSDAY, MARCH 26, 1914

\$1.00 PER YEAR

H. C. HODGE

Splendid Citizen of County and Well Known Throughout Eastern Section, Passes Away.

Henry Clay Hodge, who resided for years on a farm about two miles west of Pine Bluff, and possibly the most widely known citizen of that section of Calloway county, died at his home Tuesday night at about 7:30 o'clock, following a lingering illness of rheumatism and paralysis.

Mr. Hodge was about 65 years of age and is survived by his wife, who was a Miss Simpson previous to her marriage. His death was quite a shock to the people of the eastern part of the county, among whom he had lived and was so well known and so universally liked. He was a splendid citizen, active and successful in business affairs, of sterling worth, a benefactor to many and a friend to all.

He was a substantial farmer, and at various times during past years engaged in the prizeing of tobacco. His home was always open to the traveler and his hospitality knew no bounds. The Ledger regrets to chronicle his death and extends sympathy to the bereaved.

The burial took place Wednesday afternoon in the Lassiter grave yard.

Cottage Grove, Tenn.

Being absent so long will give a few items from this section.

Aunt Jane Hendrix, as we all called her, is poorly at this writing. She has not walked in several years, and is nearing her 80th year.

Mrs. Hanna McClure is improving slowly.

Platt bed burning is about over, and preparations for a big crop of the weed are being made.

Bill Gibbons, of the Farmington neighborhood, visited J. M. Gibbons Saturday night and Sunday.

G. B. McConnell, of Brown's

Grove, gave J. G. Killebrew and family a call Saturday night. Anset Walker is the proud father of a fine boy.

Paul Walker has gone to Fulton to have his eyes treated.

There is a move on foot to make the Fifth District of Weakley county a rural school district but the patrons are not in favor of such a move, and will do all they can to prevent it.

All of the tobacco in this section is sold at reasonable prices, and this should teach the every farmer that a small acreage is the thing and all should agree to keep the acreage down in the future and maintain good prices in the future.

Joe Wrye sold his two mules for \$390. Cattle are out of sight; the bawl of a calf is worth \$2.50; corn is \$3.50; hay \$1. and hogs from \$6.50 to \$8, according to their size.

Jeff McClure has the oldest pants button in the state. Jeff is 45 or more, and he says his father wore it when he was a boy.

Mrs. Kate Killebrew, of San Francisco, Cal., has returned to sunny Tennessee for a three months' visit to her parents.

Mrs. Willie Reed, Independence, Mo., is visiting her aunt, Mrs. Jennie Coleman.

Mrs. Lou Walker, of Calloway county, has been visiting at Mr. Davey Walker's the past week. — Old Timer.

Joe Erwin Gets Tryout.

Big Joe Erwin, the favorite baseball pitcher and player in this neck of the woods, received an offer Tuesday morning from the manager of the Paducah K. L. T. to have a tryout with them. This offer came as a great surprise to Big Joe and his many admirers. While, as the fans here, at Murray, Benton and Mayfield know, he is the best all-round player and pitcher that you often see play outside of a league, he had never made any attempt to play

ball except with amateur teams.

He received an offer last season to go to Memphis and play in the Cotton States League, but interest was so high then at Mayfield, where he was playing, that he decided not to go. — Hardin Enterprise.

Uncle Tom Myers Dead.

J. T. Myers, familiarly known as Uncle Tom by a host of friends died at the home of his son, D. H. Myers, about three miles northwest of town Tuesday night. Mr. Myers had been ill for the past several weeks, his feebleness being caused by his advanced age, he being 75 years old.

Uncle Tom leaves three sons, Dave, Jim and Lee Myers, besides many relatives. Burial occurred Wednesday afternoon at 3 o'clock at Pleasant Grove. He was a Confederate veteran and his comrades attended the funeral in a body. — Hazel News.

Spring Blood and System Cleaner

During the winter months impurities accumulate, your blood becomes impure and thick, your kidneys, liver and bowels fail to work, causing so-called "Spring Fever." You feel tired, weak and lazy. Electric Bitters, the spring tonic and system cleaner, is what you need; they stimulate the kidneys, liver and bowels, to healthy action, expel blood impurities and restore your health, strength and ambition. Electric Bitters makes you feel like new. Start a four weeks treatment — it will put you in fine shape for your spring work. Guaranteed. All Druggists. 50c and \$1.00.

Freeland, State Manager.

Mr. W. W. Freeland, of Puryear, has been appointed State Manager, Tennessee, for the Fraternal Union of America, whose headquarters are in Denver, Colo. Mr. Freeland is a hustling insurance man with large experience, and under his management the already fine business of this popular order will no doubt be greatly increased. — Paris Parisian.

Mr. Freeland was a resident of this place for some time and has friends who will be glad to know of his success.

Kirksey.

A few items from this place may do your readers some good.

We are having some bad weather at present. The farmers have about caught up with their loafing. It's been a splendid week for the business, and the club has been in full bloom at Kirksey all this week.

John Creekmur had a horse to die a few days ago with blind staggers.

Rev. Monroe Edwards has moved back to Kirksey from Mayfield and has rented rooms at John Ezell's and moved in.

Prof. Chunn's school will close in about three weeks.

Bob Morine is preparing to build a large feed barn in the near future.

Orie Beach has about completed his new dwelling. Amos Turnbow has been helping him.

Amos Turnbow says that Mrs. Wilson, of the Browns Grove vicinity, has a lemon tree that bore 19 oranges the past year. He secured one that measured 15 1/2 inches in circumference, and the tree is only four years old.

Well, the big snow played havoc with the canvass on the tobacco beds in this section — split them into pieces.

Rev. Cunningham filled his regular appointment at the Baptist church Sunday at 11 a. m.

Dr. Phillips is preparing to move to Alto next week.

A Charming Rives Romance
The Valiants of Virginia

Be sure to get the issue with the first installment!

The first chapter of this fascinating story will be published in the Ledger next week. This paper believes in printing only the best obtainable and are sure the readers will find "The Valiants of Virginia," by Hallie Erminie Rives, a native of Christian county, Ky., and who some years ago often visited Mrs. Phippen, in this city, one of the best stories ever published in a serial form.

tives met last Sunday at Mr. J. C. Swift's and gave the old gentleman a birthday dinner. There were about 75 persons present, and they all enjoyed the many good things to eat. Mr. Swift was 70 odd years old. His many friends wishes him many more happy returns of the day.

Will Dunn and family visited relatives and friends in and near Gola last Saturday and Sunday. — T. B.

Chronic Stomach Trouble Cured

There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by Dale & Stubblefield.

John Stewart and wife, of Nashville, spent several days of the past week in the county the guests of relatives and friends. Mr. Stewart is a Calloway product and has a splendid position in Nashville. He is a son of the late Chirley Stewart, at one time sheriff of Calloway, and has many friends in the county who are glad of his success in life.

Easter Bazaar.

The J. N. Williams Chapter U. D. C. are arranging for an Easter Bazaar, the proceeds to the monument. The daughters ask the co-operation of both the town and country women. Any

salable contribution will be very greatly received. The Saturday before Easter Sunday, a Saturday market will be held, so butter, eggs, etc., will be quite as acceptable as dainty hand work. The bazaar will be held at Wears drugstore. Those who cannot contribute are urged to come and buy. The monument and fountain will be something in which town and county alike will have pride and all the ladies should avail themselves of this opportunity to help in its erection. — Mrs. Chas. Smith, Pres.; Mrs. Effie Gatlin, Sec.

In Honor of 85th Birthday.

The 85th anniversary of Mrs. Reubin Rowland was observed last Tuesday with a surprise dinner given in her honor at the home of her son, Robt. Rowland, near Martins Chapel. Seventy-two persons partook of the dinner and the average age of those present reached 32 years. It was a splendid affair and the dinner was one of the largest and most elaborate ever spread in the county. The editor of the Ledger acknowledges an invitation to attend, and regrets that he could not be with these splendid people of this happy occasion. To Mother Rowland we extend happy congratulations, and can agree with the poet who said,

A Mother is a mother still,
The holiest thing alive.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by continually failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore it requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, price 75 cents. Take Hall's Family Pills for constipation.

If you want the bargain of your life in buggies and surreys, Delker, Ames and Hardy, any style you want, come on with the CASH and you will sure get it. — J. W. Denham, Hazel, Ky. 2128.

The home of J. M. Cole was damaged to a considerable extent by fire and water last Tuesday morning at about 8 o'clock. The fire originated in the roof near the flue and was soon extinguished.

TWO DEATHS

Grim Reaper Gathers Two More Calloway Citizens During Week. Die of Consumption.

John W. Osbron, of Hazel, aged about 65 years, died at his home in that place Tuesday after a lingering illness of consumption. Mr. Osbron was one of our neighbor town's best citizens and was widely acquainted throughout the county. He was a member of the Masonic and W. O. lodges, and a citizen whom the community in which he lived can ill afford to lose. He is survived by a family.

Mrs. Alf Palmer, of the Kirksey section of the county, died Wednesday after an illness of several months of consumption. She was a splendid christian and was about 60 years of age. The burial took place Thursday in Goshen grave yard.

The Cheney Concert Co., of Louisville, will be at the opera house Saturday night of this week under the auspices of the Daughters of the Confederacy. This will be a high class entertainment, one of the best ever given in Murray. Don't miss this opportunity of hearing some thing fine. Seats on sale Friday at Wear's drug store.

Big Joe Falwell and family have moved back to Calloway and are now residing a few miles east of the city. Joe went to Georgia some several months ago, but couldn't to save his life get the Calloway swell off his feet. The Ledger welcomes them back home.

A. A. Jones has been sworn in as deputy county clerk at Stella and will appreciate any business extended to him. This section of the county has long been in need of a deputy clerk and Mr. Jones' appointment will be appreciated by the people of that section.

Chauncy Waldrop, son of Esq. Waldrop, was cut with a knife in the hands of a negro at the swapping ring last Monday. His wounds were quite painful but not serious. The cause of the difficulty leading to the cutting affray is unknown to the Ledger. The negro was sent to jail.

THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, MARCH 26, 1914

WE'VE BOTH BEEN THERE.

Over in Murray, Ky., where they raise tobacco and night riders on the same soil in one season, there lived an old Methodist preacher, very able in prayer. In his congregation was an editor named O. J. Jennings, a deeply religious character, but who could write better than he could pray in public. A big meeting was going on, and after the shouting had subsided some, the parson, happy and beaming in countenance, turned to "deacon" Jennings saying, "Praise the Lord! Brother Jennings, lead us in prayer!"

Brother Jennings not wishing to throw a damper on such a good meeting by his own poor praying, replied, "Pray yourself, please, parson, I never could have no luck at it."

This story is vouched for as true by John Mc Meloon and George Bingham, two business men of Hazel, Ky., whose reputation for veracity is above question.

The above exegesis is not an extract from the "book of truth," but is both clipped and called from the Dexter, Show-me, Statesman, of which the rather versatile and red-headed E. P. Crowe, (accent upon the second initial) a former resident of Murray and well known here, is the editor. Was in not because of the origin of Mr. Crowe's information the Ledger might make a complete denial, but we are of the opinion that

Frusie Allsop was "attending" at the meetin' at the time of the accident, and it might prove poor policy to deny the allegation. However, and we'll digress only a gill or two. Yes, we live here on the same soil where they raise tobacco, night riders and a little of everything from hot tamales to hell, but as the Kentuckian "up the state" once said, while presiding over about four fingers in a tumbler glass of mean liq'r, "with all thy faults I love thee still". And we wish to impress upon Mr. Crowe that this still we have reference to has no connection, whatever, with a still house or any of its contents.

Now, back to the parent subject. Brother of the Tripod Crowe, (we are not permitted to say just plain Bro. Crowe, judging from the above article we are excommunicated and denied this privilege), it has not been a century since we first had the pleasure of your acquaintance, and if we mistake not, it was about the noon hour and at the time we were very busy. In fact we were engaged in tele-scoping a Busch product and 'were doin' our darndest' to find a cob-web on the ceiling. In our sanctum sanctorium you came and made your self and your wants known. We succeeded in supplying your wants before we succeeded in making your ac-

quaintance, and after a few moments of hesitation, if we recall correctly, you suggested that we say something first. Our reply to you, a new-born friend, was that the "salet and jowl" was about ready to serve and that we'd find the cob-webs later in the afternoon. And you came back and helped us look up for the cob-webs in the afternoon and we found them, at least that is our recollection.

Now, we can say Bro. Crowe, and to you, my friend, the writer wishes to extend his sympathy because of the loss of your office by fire. Here is our heart and our hand—our pocket-book looks very much like a last years' birds' nest just at present, you couldn't cash it.

Monday was "big" fourth Monday: generally termed horse and jack show day. And they were here and among the number we noticed the following: "Pritty" Bud Cross, of the Benton Tribune-Democrat; Paragon, Jr., Jim Lemon, of the Mayfield Messenger; "Old Squirrel" Dodd, of the Hardin Enterprise; "Long Jim" J. V. Wear, of the LaCenter Advance; "Onward" George Bingham, of the Hoggallow Kentuckian, Hazel, Ky.; "Out of Service" J. McMeloon, of the Hazel News: a splendid showing of the best in Western Kentucky. They were seen standing around in several places during the day.

CALOMEL A GREAT DANGER TO MANY.

Has Had Bad Effect on Some—Dodson's Liver Tone Takes its Place and is Absolutely Harmless.

If you will inquire at Dale & Stubblefield's you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant having no bad after effects. Indeed, this firm will refund purchase price (50c) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now.

Another Murray boy is called for a try-out in the Kittie league. Berney Waterfield has been asked to come to Cairo, Ill., and show the promoters of the national sport the character of base ball stuff of which he is composed. He will leave about the 8th of April, and his friends here are predicting that he will make good. The Ledger is glad to know of the many calls made on Murray and Calloway boys, and hopes to see everyone of them climb to the top rung of the ladder of baseball.

KENTUCKY WOMAN, SUFFERER FROM KIDNEY ILLS, QUICKLY RESTORED

Mrs. Belle Hawkins Uses Mayr's Remedy—"Never Felt Better in My Life."

Mrs. Belle Hawkins, Eminence, Ky., was a victim of stomach disorders. She took a great deal of treatment and medical attention.

At last she tried Mayr's Wonderful Stomach Remedy and got real results. In a letter telling of her experience she said:

"I have taken all the medicine I ordered of you and will say it has done more good than all the doctors and medicine I ever tried. I don't really think I need any medicine now, as I think I am well. I never felt better in my life. If I ever should need any medicine I know where to get it."

That is a typical letter, taken as one among the thousands from the users of Mayr's Wonderful Stomach Remedy. The first dose

proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid secretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Dale & Stubblefield's drugstore and ask about the wonderful results it has been accomplishing, or send to Geo. H. Mayr, Mfg. Chemist, 151-153 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers. Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed medicines—the medicinal body building elements of cod liver oil and iron for the blood; therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee.

STOMACH HEALTH—OR NO COST TO YOU.

Very likely others have advised you to use Rexall Dyspepsia Tablets, because scores of people in this community believe them to be the best remedy ever made for Dyspepsia and indigestion. That is what we think, too, because we know what they have done for others and what they are made of. We have so much faith in them that we urge you to try them at our risk. If they don't help you, they won't cost a cent. If they don't do all that you want them to do, if they do not restore your stomach to health and make your digestion easy—just tell us and we will give back your money without a word or question.

Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juice; check heartburn and distress, promote regular bowel action, and make it possible for you to eat whatever you like whenever you like, with the comforting assurance that there will be no bad after effects. We believe them to be the best remedy made for dyspepsia and indigestion. Sold only at the more than 7,000 Rexall Stores, and only in this town at our store. FRECKLES Free Present to Mothers From the Druggists of Murray

February and March Worst Months for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in February and March, and happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine, double strength, from your druggist and apply a little of it at night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

No one knows better than the skilled druggist the dangerous character of most cough and cold preparations. To produce results these remedies must contain some form of narcotic or some one of the coal tar products. These drugs are injurious to the stomach, especially to the delicate stomachs of little children.

Druggists have long sought for some direct method of reaching cold troubles—for some form of vapor treatment that could be inhaled direct to the lungs and air passages.

In a little North Carolina town a druggist discovered how to combine Thymol, Eucalyptol, Menthol, Camphor, Oil of Pine, etc., in the form of a salve so that when applied to the chest and throat the heat of the body would release these volatile products in the form of vapors.

These vapors are inhaled all night long, at the same time the preparation is absorbed through the skin, taking out the soreness and tightness. The effect for all cold troubles is remarkable, no matter whether head colds or deep chest colds. For croup positive relief is assured in fifteen minutes. For all forms of bronchial troubles, sore throat, difficult breathing, etc., this new treatment will usually be found effective.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of Ballard's Snow Liniment. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by Dale & Stubblefield.

And better still is the fact that this "external" treatment can be used with perfect safety on the smallest child as often and as freely as you wish. Nothing to swallow, nothing injurious, the full ingredients are on every wrapper.

Realizing the value of a treatment of this kind, especially to mothers with small children, a number of the leading druggists of Murray are arranging to give away full-size 25-cent packages free to their regular customers. None of the druggists have received their shipments as yet but as the free supply is limited and there will be a rush for these free packages, the best thing is to present your coupon at once and have your package reserved.

Coupon No. 3B.

Good at your regular druggist for one 25c package of Vick's "Vap-O-Rub" Croup and Pneumonia Salve free as long as free supply lasts. Present this coupon now and your druggist will reserve your package.

Wedding Gowns for Easter Brides

IT IS for the Easter bride to choose whether she will be wedded in a "regulation" gown or allow her fancy to run after the new modes and depart from accepted customs in her adornment.

There is something attractive in the thought of generations of brides clad in regulation trained princess gowns of white satin, more or less elaborated with lace and embroidery, and more or less modified to resemble the passing fashions. Her gown is correct, above the influence of every new phase, however beautiful, which fashion presents from year to year. But no one will deny the bride the privilege of a gown modeled according to the last word in fashions. Two bridal gowns are pictured here which show the regulation gown as developed for the present season, and a gown modeled distinctly on this season's modes.

The bride with the veil wears a long-trained princess gown of white satin. It is made of satin, lace, and chiffon. As a concession to the fashion of today, the skirt part is slightly draped, falling in irregular folds over the hips and caught up in the front in a series of plaits near the waist line. It conforms, however, rather faithfully to the normal lines of the figure.

The bodice of chiffon over satin is cut with a round neck. The neck opening is outlined with pearl beads and small pendant pearl ornaments. There is a very high-necked gulf of fine lace. The sleeves are full at the top, but fitted below the elbow, where they are slightly wrinkled, like a long-wristed glove. They are very long, and a frill of lace like that in the yoke falls over the hand almost to the knuckles.

The train is long and square. Such a gown requires a heavy satin to produce the right effect.

The tulle veil forms the crown of a cap, which is edged with a frill of very handsome old lace. The cap is made over a circle of wire which holds it in place. There are tufts of orange blossoms on each side, and the veil falls to the edge of the train, as it should.

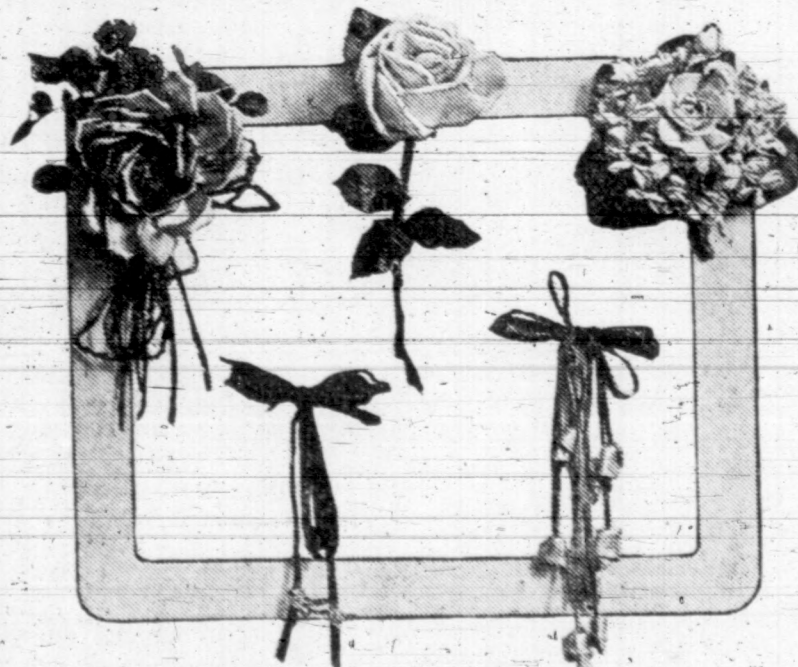

This bride carried a bridal bouquet of white roses and lilies of the valley and wore a short strand of small pearls about her neck at the base of the high collar. There is no gain-saying the beauty and effectiveness of this costume. It is the apex of style and cannot go out of fashion.

The bridal dress shown on the standing figure is distinctly in the mode, with little thought to what has gone before. It is a very gorgeous and somewhat oriental-looking costume of embroidered crepe de chine and lace. The skirt is arranged in draped folds at each side, with an asymmetrical in the "minaret" style made of lace. There is a low underbodice of net and a very wide crushed girdle of the crepe de chine. Over all is a small lace coat with kimono sleeves and opening at the bust line. There is a hint of a Medici collar at the back.

The handsome bride wears long gloves and instead of a bouquet carries a chignon and ribbon muff. There is not a single concession to the regulation wedding gown except in the train and the collar. This is an ivory instead of a cream white. Neither bride wears jewelry, except for strands of pearls. The train on the crepe de chine gown is covered with really wonderful and beautiful embroidery.

Ribbon Novelties for Easter Gifts

NEARLY every ribbon novelty in neckwear, lingerie ribbons, corsage decorations and other things, is frankly patterned after some flower, or made to suggest flowers. Could anything be more appropriate for an Easter gift than these fadeless and changeless flower forms? To make them more attractive they are all scented with delicate and lasting odors.

A few of the new offerings are pictured here. They are shown in the shop windows and department stores. The roses are marvels of faithful copies of the real blossom, and are rich and exquisite and made in any color or number. The sleeves are full at the top, but fitted below the elbow, where they are slightly wrinkled, like a long-wristed glove. They are very long, and a frill of lace like that in the yoke falls over the hand almost to the knuckles.

There are many ribbon neck ornaments: two of the prettiest and least expensive, as well as the easiest to make, are shown here. They are loops and ends of narrow velvet ribbon with tiny roses, or other flower forms, fastened on the ends. They come in all colors and range in price from 25 to 75 cents each. They are easy to make, and a belt of ribbon tied in length will make two or three of them. The satin flowers are made of scraps of ribbon or silk folded and sewed into shape.

CITY'S DILEMMA

LEXINGTON MUST EITHER CUT EXPENSES OR RAISE TAX RATE.

Withdrawal of Insurance Companies Means Loss of \$10,000; Reduction in Salaries Reduces Revenue \$3,500.

Western Newspaper Union News Service Lexington, Ky.—The statement of the city auditor, which was laid before the board of city commissioners showed that a tax rate of \$1.875, or practically \$1.88, would be necessary this year in order to meet the appropriations outlined by the commissioners. Mayor J. E. Cassidy declared that the tax rate would have to be made higher than last year, or the city would face a deficit of from \$15,000 to \$18,000. He pointed out that the city would lose \$3,500 from the reduction in the number of saloons, and approximately \$10,000 from the withdrawal of fire insurance agencies from the city on account of the Glenn law. Added to this, he said, was an excess of between \$5,000 and \$6,000 in the general apportionment over the anticipated revenues. He stated that it had been hoped to make up this shortage by the proposed vehicle tax, but the City Solicitor had decided that this would be illegal.

Commissioner Walker Hunt said that in his opinion the city should lose nothing from licenses on insurance agencies, as he thought the new insurance-rating law would not take effect for several weeks yet, and beside, they have many policies in force and had been renewing others which would be in force for some time, according to information he had received. Some who did not sign the petition expressed sympathy for the prisoner, Mrs. Brown said.

SEEK PARDON FOR YOUTSEY.

Frankfort, Ky.—A petition was circulated in the legislature asking Gov. James B. McCreary to pardon Henry Youtsey, who was sentenced to serve a life sentence in the state reformatory for alleged complicity in the murder of Senator William Goebel in 1900. Youtsey has been confined in the state reformatory here for more than thirteen years. Mrs. Kate Brown, who is interested, during the day got 55 members of both branches of the general assembly to sign the petition, which will be presented to the governor. Some who did not sign the petition expressed sympathy for the prisoner, Mrs. Brown said.

WILL INSTALL WATERWORKS.

Seabrook, Ky.—After running a high pressure pump propelled by a gasoline engine for ten hours without a stop, throwing a two-inch stream of water, the well on the courthouse lot showed no sign of being lowered. The test was made by the city for the purpose of seeing if the well would supply sufficient water to install a waterworks system for the city. Live fish three and one-half inches long were pumped out. Now that the water supply "has" been tested, the city will take action at once to install a complete waterworks plant.

CONSIDER SEGREGATION BILL.

Louisville, Ky.—Arguments for and against the ordinance for segregation of whites and negroes in Louisville, which is pending before the board of councilmen, were heard at a meeting of the revision committee of that body. Among those who spoke against the ordinance was J. D. Wright, former president of the Real Estate Exchange, who said that there was no occasion for such a measure because there was no friction between the races at present, while it was bound to create ill feeling among the negroes.

CLAIM ACCOUNT IS "SQUARED."

Lexington, Ky.—The Cincinnati authorities want to collect \$48 from the city of Lexington for the care and treatment of an alleged patient of Lexington, but Dr. N. R. Simmons, city health officer of Lexington, is of the opinion that if the accounts between the two cities for the care and treatment of smallpox patients were "squared," Cincinnati would have to put up a considerable cash balance.

COLD WEATHER KILLS LAMBS.

Glasgow, Ky.—There is considerable complaint among the farmers and sheep growers over the loss of lambs. Hundreds of lambs in this and the adjoining counties have frozen to death already and the loss this spring is heavy. Many of the farmers watch all night and have fires to keep the baby lambs alive. Owing to the loss those that are saved will bring a fancy price.

SUNDAY SCHOOLS POPULAR.

Marion, Ky.—The Sunday school in this city has developed into large proportions. Fully one-half of the entire population of the city are constant attendants at various churches Sunday morning. Sunday school is a popular feature of the community. The school is divided into four classes: Southern Methodists, Presbyterians, Baptists, and Methodists. The school has a total enrollment of 150.

CONDUCTS REVIVAL

Successful Meetings at Owingsville and Winchester—Sharpshooters and Flemingsburg Next.

Owingsville, Ky.—Owingsville has just experienced a revival under the preaching of Dr. A. H. Hibbsman, formerly of Mt. Sterling. For two weeks the services were conducted at the Presbyterian church and the town has been deeply moved. The inclement weather did not prevent the people from assembling in large numbers at all of the services, and on several evenings the church proved to be too small to accommodate the audience. Dr. Hibbsman has begun a meeting at Winchester and will conduct a meeting at Sharpshooters and one at Flemingsburg.

SEEK COMPROMISE.

Louisville, Ky.—Steps toward relieving the situation resulting from the enactment of the Green-Glenn fire insurance law were taken at a joint meeting of representatives of Louisville commercial organizations, held at the headquarters of the Commercial Club, when a committee was appointed to arrange a conference with members of the state rating board. It was also decided to ask the fire insurance companies which have suspended operations in the state to have representatives at the proposed conference, and this fact was pointed out to the state rating board in a letter sent to chairman Ruby Lafoon by the committee following the meeting.

BOYS DERAIL PASSENGER TRAIN.

Paducah, Ky.—Albert Beckham Dennington and Russell Hays Dennington, under 21 years of age, are in jail at Paducah charged with placing obstructions on the Illinois Central railroad track at Iron Hill. They are alleged to have placed iron bolts on the track, causing Passenger Train No. 102 to be derailed. Cullen Plack was arrested at Harlow, Ky., for the same offense. Plack was given a preliminary trial by his uncle, Magistrate Lee Wilford, and was held to answer to the grand jury in the sum of \$300 bond. The three boys were arrested by Sheriff Otto Hamilton, of this city.

WILL BREED THOROUGHBREDS.

Lexington, Ky.—Frank Ireland, formerly of Paris, who for several years has been president of the Texas Development Co. of Port Arthur, Tex., which company controls oil fields in that state, has, according to information received by relatives here, resigned as the head of the company, and will return to Kentucky to purchase a farm and engage in the breeding and racing of thoroughbred horses. He is a brother of John Ireland, who is connected with the Juarez Racing association, Juarez, Mexico, and lately of Lexington and Paris. Mr. Ireland, it is said, will purchase land in Bourbon or Fayette county.

TOBACCO PLANTERS' PROBLEM.

Lancaster, Ky.—Now that the time of burning tobacco fields has arrived, a serious problem that is confronting many planters is the scarcity of fuel. In the near future this scarcity may become so acute that it may lead to a considerable reduction of the tobacco crop if some means is not found by which the lack may be overcome. Even now some growers are compelled to clear thickets, often for their neighbors' fuel, for fuel with which to burn their tobacco beds, the material sometimes having to be hauled several miles.

\$200,000 ATTACHMENT SUIT.

Lexington, Ky.—Process for probably the largest attachment suit ever made in this county was served here upon an order issued by Leo Daniel, circuit court of Perry county. The attachment was for \$200,000, and was made in the suit brought by the Goodrich, Lockhart Co., of New York, vs. Oscar A. Sears, S. H. Caulfield and Walter S. Harkins.

MEMBERS TO LIMIT ACREAGE.

Owensboro, Ky.—At a meeting of the Consolidated Tobacco Growers' association a resolution was adopted calling on the members to limit this year's acreage to 19,999 hills to the hand and 5,000 hills to the half hand. Bradley Wilson's administration as chief organizer for the Consolidated was endorsed.

HASTE COSTLY TO RAILROAD.

Pikeville, Ky.—Hawk Coleman recovered a jury verdict of \$200 because a C. & O. train failed to stop long enough at the Mossy Bottom station. Coleman and his wife intended to take passage to Marrowbone and Mrs. Coleman rode to the next station and walked back.

I. C. DOUBLE TRACKING.

Hickman, Ky.—The Bondurant Construction Co., of Hickman, was the successful bidder for the construction work of thirty-two miles of double tracking for the Illinois Central Railroad Co., beginning at Gibbs, Tenn., and terminating thirty-two miles south of that point. According to contract, this work must be finished in 100 days from the time of beginning. The bondurant company is at the head of the construction company, Mr. Hickman's bid was \$125,000.

A Human Churn

WHEN the food reaches the stomach it is subjected to a peculiar churning movement by the muscular walls of the stomach. (See Dr. Pierce's Medical Adviser, page 40). In the liver, kidneys and skin, the blood is purified of its waste materials—these organs act as human filters, leaving the blood pure and clear—unless liver, digestive tract and kidneys are clogged.

Dr. Pierce's Golden Medical Discovery

is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of logy, dull and heavy. The "Discovery" stimulates the stomach, increases action of heart and arteries and is a most satisfactory alternative in blood-taint of any character. The refreshing influence of this extract of native medicinal plants has been favorably known for over forty years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form or send 50 one-cent stamps to Dr. Pierce, Buffalo, N. Y., and a trial box will be mailed you.

ECZEMA ITCHED AND BURNED

Falmouth, Ky.—"Two years ago I was troubled with skin and scalp troubles. I would have pimples that would break out and form sores on my face and head, with terrible itching. The eczema on my face and head itched and burned and when I scratched it, it made sores and I was very disfigured for the time being. My head became so sore I could not touch it with a comb. It became a mass of sores. My hair fell out gradually."

"I was afflicted about a year before I used Cuticura Soap and Ointment and after using them three weeks I was getting better and in less than three months, after using eight cakes of Cuticura Soap and five boxes of Cuticura Ointment, I was completely cured of eczema." The Secret. Mrs. Stayesant Fish is known to give the most sumptuous and the most beautiful dinners in the world. She is also known as the possessor of a trident wit.

It is said of Mrs. Fish that the remarkable success of a rich but ill-favored New York girl's marriage with a spendthrift nobleman was recently discussed in her presence. No one could understand the happiness of this marriage, which had seemed to bode so ill. But Mrs. Fish shrugged and said:

"The girl won't let her husband touch a penny of her principal and that you see, keeps up the interest."

There are also as good compliments as ever were fished for.

WANTED TO KNOW

The Truth About Grape-Nuts Food.

It doesn't matter so much what you hear about a thing, it's what you know that counts. And correct knowledge is most likely to come from personal experience.

About a year ago," writes a N. Y. man, "I was bothered by indigestion, especially during the forenoon. I tried several remedies without any permanent improvement."

"My breakfast usually consisted of oatmeal, steak or chops, bread, coffee and some fruit."

"Hearing so much about Grape-Nuts, I concluded to give it a trial and find out if I had heard of it was true."

"So I began with Grape-Nuts and cream, soft boiled eggs, toast, a cup of Postum and some fruit. Before the end of the first week I was rid of the acidity of the stomach and felt much relieved."

"By the end of the second week all traces of indigestion had disappeared and I was in first rate health once more. Before beginning this course of diet, I never had any appetite for lunch, but now I can enjoy the meal at noon time."

HOPE IN DEMOCRACY TRIUMPH OF GENIUS

Welfare of Nation Dependent on Party's Wisdom.

To the Individual Voter is Committed the Privilege of Service, and the Responsibility is Onerous, but Great.

Should the Democracy fail to measure up to the height of the present opportunity, the next experiment in government in these United States will be a venture in Socialism. This is the last chance for the open game as American political traditions understand it; if we fail, the mass-play of a centralized government, stifling initiative, hardening and crystallizing the social structure and depriving the individual of the keenest joys of self-direction will be all that will be left. While the Democracy fights, with the joy of the strong in the hour of conflict, it should not forget that for government as Jefferson understood it this is the last stand.

In this hour we ought to stop to remember just where our ultimate strength lies. It is not in the wisdom of our leaders, though the republic yields to none in appreciation of the invaluable services of Wilson, Marshall, Clark, Bryan, Underwood and other great Democrats of the present hour. But when we assume the actual burden of government, with the inevitable heartburnings, jealousies and misunderstandings that arise in the conduct of affairs, the exceptional powers of the few cannot save us.

The future of the Democracy turns on the extent to which the great fundamental principles of the party are really grasped by the minds and honored in the hearts of the great mass of Democrats of the rank and file. No passing mistakes of leadership can wreck a party bound by a common faith. What is really to be tested in the coming days is not the exceptional capacity of a few picked men; it is the extent to which the millions of Democrats in this broad land really love and honor Democratic principles.

The Democracy proposes to proceed to equalize opportunity made unequal by these laws and regulations that have administered the government to help the privileged few make money. The difficulty of the task is clearly recognized. Democrats entertain no illusions as to its perils and complexities. Nothing dies so hard as a well-rooted abuse. The task is one to demand all of principle, patience, patriotism and homely sense that we can command.

One reflection cannot but sober the Democrat who looks with eyes unafraid upon his country's future. Notwithstanding the great popular indorsement of the Democratic proposals, the Democratic party is the sole resource of these doctrines, and that spirit, in the night of which all the glories of our early history were won. There are four parties in the field—and three of them are Socialists.

The Socialism of Gary and Prick, with their demand that the government take over the regulation of all industries and the fixing of all prices, differs only in detail from that of Debs. St. Louis Republic.

Has Won Country's Confidence. President Wilson has made such a success of his administration so far that I do not see where the Republicans expect to get their campaign "thunder," said Gov. Leche-Craig of North Carolina at the Raleigh. Governor Craig came to Washington to attend a dinner given by Secretary of the Navy Daniels in honor of President and Mrs. Wilson—Washington Star.

Wilson's First Year. The first year of President Wilson's administration has been characterized by legislative enactments of the first magnitude. Never before in time of peace has congress woven into the fabric of the law in so short a period constructive policies of such importance.—Philadelphia Ledger.

Strength in Unity. The "togetherness" of this administration has been its dominant characteristic. And only a dominating personality which at the same time that it dominates, does inspire personal liking and personal trust can achieve such a result.

Tribute to Good Leadership. The fine service the nation has received in the past year has been most distinctively an administrative service. For, aside from the definitely administrative acts that have served it, the leadership of legislation has had no middlemen, no "yes-men" and no "no-men" between the executive and the people.

Famous Geometrical Staircase Object of Great Interest.

Sir Christopher Wren's Great Inception in St. Paul's Cathedral in London One of the Things Always Shown to Visitors.

New York—Visitors to St. Paul's cathedral in London are shown the geometrical staircase in the South tower, one of the triumphs of Sir Christopher Wren's genius, says Popular Mechanics. It is a circular ascent 25 feet in diameter, with stone steps nearly six feet broad at their outer end. At one end the steps are imbedded in the wall, at the other they rest upon the edge of the next lower step, without other support from below.

Early English stairs usually consisted of flights with landings, taking up much room, restricting their use to broad halls. The women of the castle objecting to sharing these outer stairs with the rough men-at-arms, interior stairs were constructed, connecting with the living rooms, by the simple expedient of leaving out some stones when constructing interior walls, and in the wells thus made, placing bricks, short stones or even timbers to form a rude ladder. These crude stairs as improvements were made, the steps became more regular, longer stones being used, until at last a circular stairway was formed, each step of which depended entirely upon the support afforded by the walls, and independent of the others.

The next move was the consolidation shown in the Wren creation, the

Perpendicular View of the Geometrical Staircase in St. Paul's Cathedral, London.

so-called "geometrical" staircase, where each step rests upon the next lower, the thrust from the outer end being carried into the wall at a lower level. Another interesting specimen of the geometrical staircase is found in Lincoln's Inn Fields, London, built at a later date and probably inspired by St. Paul's.

BIG GRAY RAT LURES TO TRAP

Very Cleverly Shows Other Rats Fascination of Revolving Wheel.

St. Louis—A real pied piper of Hamelin, in the person of a big gray rat, is boasted by John Wottawa of Belleville, who declared the rat had led seven others into a trap in his store within 24 hours. He caught the rat several days ago in one of those traps that have a small Ferris wheel arrangement on it like a squirrel cage. He fed the rodent and tamed it so it no longer feared him.

Then he tied a tiny silver tinned bell to his neck and released it. The bell awakened the curiosity of the other rats and turned them into the cage, where the "bell rat" displayed his skill at spinning the whirling cylinder by running madly inside of it. Wottawa says he thinks the system will rid his store of rats eventually.

THOUGHT CARP WAS A LOG

Winter Night Story of an Ohio Ice Cutter's Mistake—Severe Ducking Results.

Ashtabula, O.—Charles Williams, who lives down East Orwell way, was putting up ice for D. M. Clapp, one of the prosperous townsmen of East Orwell, when he suffered a severe ducking and lost a nice fish.

Mr. Williams, who was working on the river, stepped on what he supposed was a big log. He balanced himself on it for a short time and after making sure of his foundation started to poke ice cakes toward shore. All at once the "log" went under with a splash. It was a carp seven feet long. Later the fish was caught. Competent witnesses say it weighed 88 pounds.

A FREE BOOK

That Teaches the People How to Avoid Catching Cold.

The thirteenth edition of the "Bills of Life" is now ready for distribution. It is a book of 250 pages, written in plain language, how any one can avoid catching cold.

The article was written by a doctor. It was written by a doctor eighty-four years old, who is a hale and hearty man. It is his boast, founded upon fact, that he does not catch cold. He explains it in detail in this book. Every family ought to have a copy of it. Sent free by the Peruna Co., Columbus, Ohio.

Mr. O. Fred Lintrun, 1923 University Ave., St. Paul, Minn., writes: "I contracted a severe cold several years ago. Through the use of Peruna I fully recovered. I have never had any trouble since."

Mr. Henry Martin, La Motte, Iowa, says: "I have found Peruna to be a great remedy for colds and coughs of children. A dose at bedtime will relieve them all night."—Adv.

PAST GOING FOR TWO YEARS

And This Lady Thinks She Would Have Become Helpless, but for Cardui, The Woman's Tonic.

Waldron, Ark.—Miss Gertrude Houston, of this place, authorizes the following for publication: "I want to tell all ladies who suffer from any kind of womanly trouble, among them weakness, headache, backache, burping in sides, pains every month, nervousness, etc., to try Cardui, the woman's tonic. Get it at once, as it is what you need. After you use one bottle, you will never regret your start."

I was just about past going for over two years—just about the above ailments and had it not been for Cardui, I would have been helpless, no doubt.

I took one bottle, and my health began to improve, and before the bottle was gone, I was almost well. Now my health is perfectly all right.

So, lady friends, if you want a medicine that will do you real good, take Cardui, the woman's tonic.

If you are weak and ailing, think what it would mean to recover as rapidly and surely as did Miss Houston. In the past 50 years, this strength-building remedy has been used by more than a million ladies, who found it of untold value in relieving womanly pains and ailments.

If you are a woman, therefore, try Cardui. You will appreciate its tonic, building effect on the womanly constitution. Begin today.

IF BACK HURTS CLEAN KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While if the Bladder Bothers You.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to urinate two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Anxious Moments. "Before we go down stairs, Alexander," said Mrs. Comeup, nervously, "do look and tell me if you think this dress is a la carte?"

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diapepsin" cures sick, sour stomachs in five minutes—Time It!

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak. "I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Was A Blessing To This Woman.

So. RICHMOND, VA.—"I was troubled with a bearing down pain and a female weakness and could not stand long on my feet. Of all the medicines I took nothing helped me like Lydia E. Pinkham's Vegetable Compound. I am now regular and am getting along fine. I cannot praise the Compound too much. It has been a blessing to me and I hope it will be to other women."—Mrs. D. TYLER, 23 West Clopton St., South Richmond, Va.

Pains in Side, Could Hardly Stand.

LOUI, WIS.—"I was in a bad condition, suffering from a female trouble, and I had such pains in my sides I could hardly move. Before I had taken the whole of one bottle of Lydia E. Pinkham's Vegetable Compound I felt better, and now I am well and can do a good day's work. I tell everybody what your medicine has done for me."—Mrs. JOHN THOMSON, Lodi, Wisconsin.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandierine from any store and just try it. Adv.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when your body is at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Rexall Stores and in this town only by us. Invest pocket tin boxes, 10c, 25c, 50c.

This Is Our Guarantee—You Risk No Money

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

The Last Season

OF

FAIRVIEW STOCK FARM IN CALLOWAY CO.

Fairview Stock Farm offers for the breeding season of 1914 the most tempting and enticing inducements that have ever been offered to the breeding public. A general cut-throat reduction for the services of the greatest breeders that have ever blessed this section of the country, has been made.

Sprague Patch an excellent individual, sired by the world's Champion Pacer, has been most shamefully reduced to the low price of \$30.00.

Braden Gentry a most wonderful horse, that contains all the qualities of his famous sire, John R. Gentry, has the pitiful sum of \$20 attached for his services.

The Algerian a phenomenal trotter, a race track fiend, and like his sire, The Bondsman, is one of the greatest breeders that has ever been brought into this country. He suffers the same humiliation as Gentry and will make the season for \$20.00.

Napoleon the Champion Mammoth Jack of Kentucky, who has never met his Waterloo; and the Handsome Black Jack, CARMACK, by a famous imported sire, will both make the season at \$12.00, and never has the services of such fine blood ever been offered at such low prices. It is ridiculous, we admit.

This is absolutely the last season of this barn of stock, as they will be on the market at the close of this season.

Mr. Breeder, this is your last chance at this fine barn of stock. They will be elsewhere next season. Lovers of fine stock should grasp this last golden opportunity of a life time.

We wish to thank our friends and patrons for their patronage of the past seasons and we cordially invite them to take advantage of this present and last season of Fairview Stock Farm.

FAVORITE COOK, by old Captain Cook, and one of the best horses in the county, can be purchased now at a very low price.
