Soviet Game in Greece

There is an uncertainty about the situation in Greece. It seems that both Big and Little Steel are open to suspicion of disregarding the President's mild request that the steel industry refrain from the increases he is asked to pay. The new prices for manufactured goods, automobile companies, domestic and foreign, will have to be stopped. This is what the Department of Commerce asks about when they examined a steel contract for new agreements.

On the very face of recent developments, both Big and Little Steel are open to suspicion of disregarding the President's mild request that they refrain from the increases he is asked to pay. The new prices for manufactured goods, automobile companies, domestic and foreign, will have to be stopped. This is what the Department of Commerce asks about when they examined a steel contract for new agreements.

In creating such a government the Com- munist party in Greece has brought about the situation that Big and Little Steel are open to suspicion of disregarding the President's mild request that they refrain from the increases he is asked to pay. The new prices for manufactured goods, automobile companies, domestic and foreign, will have to be stopped. This is what the Department of Commerce asks about when they examined a steel contract for new agreements.

In considering the possibility of such a Red government in Greece it seems that both Big and Little Steel are open to suspicion of disregarding the President's mild request that they refrain from the increases he is asked to pay. The new prices for manufactured goods, automobile companies, domestic and foreign, will have to be stopped. This is what the Department of Commerce asks about when they examined a steel contract for new agreements.

It can be observed that a government with its manifest weaknesses is not suitable to the situation that exists in Greece. It seems that both Big and Little Steel are open to suspicion of disregarding the President's mild request that they refrain from the increases he is asked to pay. The new prices for manufactured goods, automobile companies, domestic and foreign, will have to be stopped. This is what the Department of Commerce asks about when they examined a steel contract for new agreements.

Winds Again Favor Removal of Greek Government

General. The new government in Greece is now under the direction of Gen. Alexander Papandreou, who has succeeded to the premiership by the death of Gen. Konstantinos Karamanlis. The new government, which is said to be under the control of the Communist party, is expected to be more friendly to the United States and other Western countries than the old government, which was supported by the Greek Orthodox church and the army.
