GIVE BLOOD

Young Fellows of Glasgow Real Heroes.—Bled For 600 Straight Hours.

Glasgow, Ky., May 3.—"Greater love hath no man than a man lay down his life for his friend."—John xv., 13.

Never was this Scripture more verified than in the case of Hershel Adwell, a well-known young man of Glasgow, and several of his school mates and friends who offered their life for his recovery when in the jaws of death.

Hershel Adwell was stricken with hemorrhage of the nose while at his work in the retail store of Terry Hughes Company, of this city, about four weeks ago. At first his case was not considered serious, but when days lengthened into weeks his illness puzzled physicians. Medical skill was about exhausted, every known remedy having been tried and still young Adwell grew weaker all the time. After his nose had bled about three weeks, he went blind, his teeth became loose and it seemed that death was almost inevitable.

At this time local physicians decided to carry the patient to Louisville where he could be treated by a specialist and have the many advantages of a hospital. The day set for the trip to the city Adwell was too ill to be removed. Almost all hope was given up, but his faithful physicians and the family telegraphed for a specialist who came from Louisville, and after a consultation with Glasgow doctors it was decided to try a transfusion of blood as the last resort. Even then the specialist did not give the family much encouragement.

The all important question now was blood—good, rich, healthy blood. When it became known that it would require blood to save Hershel Adwell's life, Oswley Snoddy, Frank Burks, Herbert Taylor and Clayton Simmons, called at the Adwell home and offered to sacrifice their blood for the suffering young man. The offer was gladly accepted by the physician in charge and young Snoddy was the first to submit to the operation, giving nine ounces the first time. Thirty-six hours later Frank Burks gave his blood and the others as the transfusion continued. Within 12 hours after the first transfusion took place young Adwell showed remarkable signs of recovery and the second day after the transfusion his nose, which had been bleeding over three weeks, even when the patient was asleep stopped. His vision gradually returned and he was soon able to talk and enjoy nourishment. The treatment continued and a few days ago Hershel Adwell had recovered sufficiently to be driven into town.

Full of gratitude to the young men who saved his life by the giving of their blood, Mr. Adwell called at their places of business and thanked each of them personally again and again for their heroic devotion to him when death stared him in the face.

When the young men were questioned as to whether the operation was painful, each and every one declared it was not. In fact, they felt none the worse after submitting to the operation. A little instrument, resembling a hypodermic syringe, was run into the vein in the arm and the blood drawn out and injected into the patient's side. A 10-cent bottle. For sale by Little's over their arms is a dealer.

all that remains to tell the story of their sacrifice.

Hershel Adwell is one of the most popular young men in Glasgow and hundreds have been anxious about his recovery. Besides his manly bearing and fine business qualities, he is a musician of rare talent and is a faithful member of the Baptist church choir.

The Adwell case is one of the most remarkable ever known in this section and it is hardly believed that there is not a case on record where a nose bled 600 hours almost constantly and the patient lived.

New and Good Idea

The new court house in Murray has among other admirable features a "ladies' room." By consent of the fiscal court this room is to be furnished and converted into rest room for women and to be opened to them at all hours of the day. The furnishing of the room is to be done by free-will contributions of the business men of the city and the decorating is to be done by the women. It goes without the saying that the rest room of the Murray court house, which is centrally located to the business part of the place, will be a most popular place for the women of the country when they come to the city on shopping bent and it will make many otherwise wearisome waiting hours to them very pleasant ones. The idea is a most commendable one and so far as this paper knows this "ladies' room" in a county court house is an excellent one.—Paducah News-Democrat.

Whooping Cough.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by Dale & Stubblefield.

D. Hamilton.

Chamberlain's Liniment

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities.

Mrs. Chas. Tanner, of Wabash, Ind., says operation was painful, each and every one declared it was not. In fact, they felt none the worse after submitting to the operation. A little instrument, resembling a hypodermic syringe, was run into the vein in the arm and the blood drawn out and injected into the patient's side. A 10-cent bottle. For sale by Little's over their arms is a dealer.

American Hereford Cattle Breeders Association Will Hold Auction Sales in Tennessee.

The farmers and breeders of livestock in this section, of the south should be gratified to learn that through the influence of the Nashville, Chattanooga & St. Louis railway the American Hereford Cattle Breeders Association has agreed to inaugurate a series of auction sales of registered animals to be held at a number of points in the territory reached by the company's lines. L. P. Bellah, general agent, Industrial, Agricultural and Immigration Division of the road's Traffic Department, has just returned from Kansas City, where he was in conference with the executive committee of the association, and announces that definite arrangements were made for sales at Fayetteville and McMinnville on June 6 and 8. Fifty head of high class cows, bulls and heifers will be disposed of at each sale. Arrangements will be made later for sales in other communities.

Since the organization, three or four years ago, of local livestock associations in the counties served by the Nashville, Chattanooga & St. Louis railway in Kentucky, Tennessee, Alabama and Georgia, more than a thousand head of pure bred animals have been distributed along the company's lines through the agency of such associations, the stock having been distributed by prominent home breeders and by the most reliable breeders in Kentucky, Indiana, Iowa and other neighboring states. The sales arranged by the management of the N. C. & St. L. with the American Hereford Cattle Breeders Association, co-operating with the local county livestock associations, are in pursuance of the company's well known policy to assist the farmers and breeders along its lines in every way practical to improve their herds and to encourage a more general business of producing livestock on the farm. The company and the breeders co-operating with it in this important service should receive the unqualified support of every farmer and business man in communities where it is attempted to distribute breeding animals in the manner stated.

The company will accord nominal freight and passenger fares within a reasonable radius from the points of sale to accommodate those who may desire to attend and purchase, the specific rates to be announced shortly.

Mr. R. J. Minzer, secretary of the American Hereford Cattle Breeders Association, was over from Kansas City this week, and accompanied Mr. Bellah to Fayetteville and McMinnville to look over the ground in person.

Messrs. D. L. Conger and W. L. Hatcher, and Messrs. James Grizzell and Jesse Safley, are the presidents and secretaries of the Lincoln and the Warren County Livestock Associations, respectively.

Convicts Win Victory

Frankfort, Ky., May 3.—Convicts in the Kentucky prisons won another legal victory when the Franklin circuit court decided that they are entitled to back pay out of their earnings under the prison labor contract from June, 1910, when the law allowing them pay became operative until August, 1912 when their pay began. If the court of appeals affirms this decision it

means that the state must pay about \$100,000 to the convicts who are now receiving about \$50,000 annually for their earnings.

This is the second victory convicts have won recently, the first being under the indeterminate sentence law a man was entitled to payrole as soon as he became eligible. This resulted in several hundred men being released before the recent legislature amended the law.

Martin Boy Goes to Washington

Eugene I. Harding left Wednesday night for Washington D. C. to accept a position as stenographer for Uncle Sam on the bureau of statistics. He is a worthy young man, having been born and reared near Martin, and whose father, H. W. Harding, now lives here. Last spring he worked in the City National Bank here, but for the last five or six months has been with the I. C. Railroad people in Memphis. He has one brother, Noah Harding, who some three years ago entered the railway mail service and is now in the chief clerk's office in Memphis. His sister, Miss Lillian Harding, is one of the teachers here in the public school, where she has taught for some two or three years with credit to herself.—Martin Mail.

Grave Encountered in Excavating

Paducah, Ky., May 6.—A coffin containing bones of a very large person was dug up in the rear of the Kozy theatre lot about 10 o'clock Tuesday morning by George Belew, a negro laborer, who was excavating for Contractor Mark Coulson. When Belew discovered what he had struck he informed Bell Gardner a sub-contractor on the new building, that "something was wrong." Mr. Gardner and other persons employed on the building went to the scene and quickly discovered that a coffin was buried where Belew had been excavating.

More dirt was removed and the outline of the entire coffin was plainly visible. It was covered with clapboards made in the old-fashioned style. The coffin contained the skeleton of a huge person, as all of the bones were very large. They were taken out of the coffin, which was partially decayed, and later were taken in charge by Coroner May N. Trice, who buried them in the county grave yard.

Whether the bones were those of a man or woman could not be told but they probably were from a man. The skull was a fine specimen, being perfect in every detail. The teeth were intact. The bones of the arms, ribs, vertebrae, breast, hips and limbs were in good condition. The bones of the feet were not found.

The coffin measured six feet and six inches in length. Mr. Gardner measured the bone of the fore arms and it was fifteen inches in length from elbow to wrist, which was conclusive evidence that the skeleton was that of an exceptionally large person possibly a giant.

The coffin was made of yellow poplar and was about four feet in the ground, the regulation depth of a grave. The body had been buried with the face to the east, an old custom of burial still observed. While a number of theories have been advanced the remains had been buried there probably seventy-five years.

Board of Church Extension in Session.—Bishops Fill Pulpits of Oklahoma City Churches.

Oklahoma City, Okla., May 3.—Almost every train is bringing visitors and delegates to Oklahoma City in connection with the coming of the quadrennial session of the general conference of the Methodist Episcopal Church, South, which convenes here May 6-28. There are 314 delegates, clerical and lay, who are expected to be present, aside from a large number of ministers and laymen of the church, who are expected to bring the total number in attendance up to more than 3,000.

The bishops of the church, 14 in number, have practically all arrived, and many of them filled local and neighboring pulpits of their church Sunday. They will preach at local churches each Sunday during the session.

The general conference will be presided over by the bishops, in order of their seniority in the episcopacy.

The general conference is the law-making body of the Methodist church, and the court of last resort in all matters concerning the policy of the denomination. It elects the bishops, the secretaries and general officers of the church, board, and has supervision over all questions of church polity.

Several committees and boards connected with the conference will meet previous to the convening of the conference proper, the board of church extension having begun its session Friday, May 1, in order to have ready their report before the opening day. Headquarters of the visitors will be at two local hotels, and the headquarters of the conference will be St. Luke's M. E. Church, South, where all sessions of the conference will be held.

The work of the conference is done through various committees, each having special subjects to consider, and the reports of these committees are acted upon by the conference as a whole. The most important matter to come before the conference will be some action in regard to Vanderbilt University, which has been declared by the Supreme Court of Tennessee not to be the property of, nor under the jurisdiction of, the M. E. Church, South. Through the educational committee at first, and later through the conference as a whole, will come the question of building a new school, or entering on some existing college of the church as its representative educational institution.

The question of equal suffrage in church matters for women has been considered before, and is likely to come up again. Also in this connection will be argued the question whether or not these should be vested greater power in the laity of the church.

At the present the bishops of the church are permitted to select their residences within their jurisdiction, but there is a part of the church which believes that a special place of residence should be selected for the bishop of each district, and made permanent. This has been discussed before and will come up again without a doubt.

In addition to those matters, the general conference, just as the meeting of a state legislative body, will consider the question of changing existing laws and making new ones. There are always a great many proposals and arguments for

making changes in the policy of the church. At the coming conference, however, according to well-posted leaders, there is small likelihood of innovations. It is not believed that any new bishops will be elected, as seven were elected at the last regular session four years ago. They are all living and active, and in addition there are several older bishops, only one of whom, Bishop Key, is superannuated.

Mrs. H. S. Hale Dead

A beautiful Christian life filled with loving and charitable deeds came to a close Thursday afternoon at 4:30 o'clock when the spark of natural life took its flight from the body of Mrs. Virginia Adelaide Hale. Death occurred at the old family residence, corner Ninth and Broadway. For the past three years she has been in feeble health and her passing away has been gradual but sure, though everything had been done to afford relief but to no avail.—Mayfield Messenger.

New President Elected

A meeting of the board of directors of the Calloway County Fair Association was held the past week at the office of the secretary, at which time the resignation of E. H. Haley was tendered and accepted by the board. Mr. Con Frazier was elected to succeed Mr. Haley. At the same meeting Bob Simpson and Tremon Beale were elected to fill vacancies on the board, succeeding Mr. Hills, resigned, and Mr. Wm. Purdom, deceased. M. D. Holton was again elected secretary.

The board is making extensive preparations for the fair this fall, and the selection of Mr. Frazier as president is a wise choice. He has been very active in behalf of the organization since the first year and will give much time to making the fair the very best in the state.

HARRY K. THAW

A federal court granted a habeas corpus writ preventing the extradition of Harry K. Thaw.

MINERS DECLARE FOR TRUCE

Fighting at Walsenburg is Over. Strikers Surrender and Are Allowed to Go Free.

Denver, Colo.—Nine more deaths were added to the casualties of the civil war in the Colorado mine strike, seven being slain in a battle at Forbes, in Las Animas county, while four scattering killings were reported.

After sending federal troops into Colorado, President Wilson called the presidents of the Kentucky Mine Operators and of the Alabama Mine Operators' association to confer on mediation in the Colorado field.

The mine war took on international complications when the Italian ambassador asked Mr. Bryan, secretary of state, for protection for the Italians in the strike district, citing the murder of six children as the case in point.

The Forbes camp was a scene of desolation, virtually all the mine buildings having been destroyed by fire. Here it was the work of only a few fleeting hours.

Fighting at Walsenburg between strikers, militia and mine guards, lasted five hours. Maj. P. P. Lester of the hospital corps met his death, shot through the left breast, while dressing the wounds of a comrade within 150 yards of the strikers' position.

Under a truce agreement, Walsenburg, approximately 650 strikers have surrendered arms to militia officers appointed by Col. Verdeckberg. The strikers were not taken into custody, but will be subject to prosecution in the courts for killing Maj. P. P. Lester of the hospital corps.

"The militia will be withdrawn as the federal troops occupy the strike districts. We will co-operate in every way to restore order."

This statement was made by Gov. Ammons, when asked what action was contemplated by state officials in connection with the Colorado industrial conflict.

UPTON SINCLAIR ARRESTED

New York.—Upton Sinclair, his wife and three women were arrested after a demonstration at the offices of John D. Rockefeller, Jr., in the Standard Oil building. They had come to protest against the Colorado strike.

A woman carried an American flag into the office and described herself as Mrs. Belle N. Silverman. She was joined on the sidewalk by Upton Sinclair, who wore a bit of crepe on his arm in pursuance of a plan announced at a socialist mass meeting, where it was acted that "mourning" should rather be in front of the Standard Oil building as a protest against the sacrifice of lives in Colorado. Mrs. Silverman and Sinclair were the first to arrive on the scene.

FOUR KNOWN DEAD IN FIRE

Portland, Ore.—At least four persons lost their lives in a fire which started in a thirty-story residence block on the east side of the river here. A number of others were painfully burned. Four bodies have been recovered and search for other possible victims is being made.

TWENTY PERISH IN WRECK

Steamer Sinks in Storm Off Duluth. Entire Crew of Twenty Men Drowned.

Duluth, Minn.—The steamer Benjamin Noble is lost off Duluth and twenty men are believed dead. Wreckage was found on Park point. Life savers are unable to launch a boat because of the high seas. Not a man reached shore, so far as is known.

Waitresses on Strike

Chicago.—Waitresses employed at 20 restaurants have been called out on strike. Miss Ellen Gates Starr of the Hull House, aided in calling the strike. The strike was called because restaurants refused to sign a union agreement.

Find Dead Man

Atlanta, Ga.—The body of an unknown man was found in a wooded ravine in Piedmont park here. A hole in the back of the man's head indicated that he had been shot.

MORE U.S. TROOPS RUSHED TO MINES

SECRETARY GARRISON HAS NOT ISSUED ORDER FOR DISARMAMENT IN COAL FIELDS.

HAVE MADE LITTLE PROGRESS

Efforts to Settle Strike Have Been Unsuccessful so Far—Foster Confers With Rockefeller—Governor Asks for Troops.

Washington.—Additional federal troops will be sent into the Colorado coal fields immediately. Secretary Garrison announced this after a long conference with President Wilson. What soldiers shall be sent will be announced later by the war department.

Orders to quadruple the force of federal cavalrymen in the Colorado coal strike regions went from the war department. The entire Eleventh regiment from Fort Oglethorpe, Ga., and two troops of the Twelfth from Fort Robinson, Neb., were ordered to proceed to the scene immediately.

An appeal for more federal forces came from Gov. Ammons and was the subject of discussion by the cabinet. Secretary Garrison later went to the White House with maps of the coal regions to demonstrate that troops already sent were too few to guarantee peace and order. The president agreed and told the secretary to send what ever troops he thought best.

Representative Keating of Colorado had told Mr. Garrison that three separate sets of troops were needed in Colorado, and under the present arrangement only two general localities were covered.

Secretary Garrison said he had issued no instructions for disarmament in the coal fields. He said he would take no action in this respect until he had received a full report of conditions in the strike zone from officers on the scene.

"I have requested information," the secretary added, "as to what classes of citizens are carrying guns and what use is being made of them."

Telegraphic correspondence was renewed between John D. Rockefeller, Jr., in New York, Representative Foster, chairman of the house mines committee, and the Rockefeller representatives in another effort to settle the industrial conflict there.

10,000 MINERS QUIT WORK

Charleston, W. Va.—Ten thousand miners in the Kanawha coal field quit work in the face of an order from John P. White, president of the United Mine Workers of America, and it is expected that the 3,000 who remained at work will be out before long.

Thomas Cairnes, president of District No. 17, urged the men to remain at work until negotiations were official broken off with the operators, but they refused to obey.

When negotiations between the union leaders and the operators began several weeks ago, the men made twenty-four demands, which later were reduced to seven. Further discussion of the points at issue cut this number to three and on these three operators refused to have the men reconsider their demands for the checkoff, reorganization of the agreement, which expired March 31, and the scale of wages he so arranged that workmen outside the mines should be under the jurisdiction of the state courts of America.

While the agreement between the operators and miners of the Cabin Creek and Paint Creek districts does not expire until next March, it was reported at the headquarters of operators and miners that some of the men there quit work.

EDITOR WOUNDED IN DUEL

Havana.—Dr. Carlos Garrido, editor of La Noche, fought a duel with another editor of the same paper, and was seriously wounded in the chest.

The dispute which led to the encounter arose from the points of view maintained by the two newspapers concerning the trial of Ernesto Asbert, former governor of the province of Havana, for the murder of Chief of Police Armando Riva.

Dealer Dies

New York.—Rudolf Seckel, art connoisseur and dealer, who numbered the late J. P. Morgan and other prominent persons among his patrons, was found dead in his studio, a suicide by gas.

Gibson Convicted

Washington.—A bill providing funds for growing his client, Mrs. Rosa Maria Schick Szabo, in 1912, was convicted of grand larceny and forgery on five counts.

CHARLES FROHMAN

Charles Frohman, the theatrical magnate, usually succeeds in dodging the camera, but this photograph of him was taken on board ship as he was about to sail for Europe to get new plays.

ROOSEVELT SAFE AT MANAOS

Colonel Returns From Trip Through Hitherto Unexplored Section of Brazil.

Manaos, Brazil.—Col. Theo. Roosevelt and members of his expedition arrived here from their trip through the hitherto unexplored portion of Brazil on board a steamer sent to meet them by the governor of the state of Amazonas.

Col. Roosevelt was suffering from boils, but was not seriously affected. Other members of the expedition were in excellent health.

Col. Roosevelt, with Kermit Roosevelt and Col. Rondon, chief of the Brazilian mission, which accompanied the expedition, took up their quarters at the International hotel. The former president intends to leave immediately for the United States.

The explorers' journey was made under particularly favorable conditions. The party explored the River Castanha, which was renamed the River Roosevelt. The River Duvidá, or "River of Doubt," was found to be unquestionably the River Gypara. The party followed this river from the head of the telegraph line to its junction with the Madeira, a distance of about 630 miles.

The results of the expedition are considered here to be a splendid service to Brazil and to science.

VINCENT ASTOR IS MARRIED

Ceremony Quietly Performed at Home of Bride's Parents—Only Fifty Persons in Attendance.

Statenburg, N. Y.—William Vincent Astor, son of the late Col. John Jacob Astor, and Miss Helen Dinwiddie Huntington, whom he has known since childhood, were married here in the big oak-paneled library of Hopland house, home of the bride's parents, Mr. and Mrs. Robert P. Huntington.

Less than fifty persons witnessed the ceremony, and of these three were the superintendents from the Astor, the Huntington and the Dinwiddie estates, respectively. The other guests were relatives and close friends of the families. Plans had been made for an elaborate wedding, but Mr. Astor's recent illness, which threatened pneumonia, made necessary the abandonment of these plans. Eighteen hundred wedding announcements were sent out after the ceremony, but the small company that witnessed it was invited by informal notes sent by Mrs. Huntington's secretary.

A fine rain was falling when the few guests from New York city arrived at the 100-acre Huntington estate, which had been posted at the entrances, and only those whose credentials were unquestioned were admitted.

Mr. Astor, himself a deputy sheriff of Dutchess county, and some of his deputies acted as sentinels at the gates. Green foliage and spring flowers from the Huntington conservatories and from New York hung everywhere throughout the rooms of Hopland house.

VERBAL TILT AT HEARING

Washington.—The interstate commerce commission's investigation into the affairs of the New Haven railroad system was enlivened by a sharp verbal tussle between Chief Counsel Folk and Shreveport Taylor, a New York marine engineer.

Mr. Folk read into the record a letter from Mr. Taylor to former President Mollen of the New Haven, telling of the formation of the United States Transportation company.

Minister Resigns

Atlanta, Ga.—Rev. C. B. Ragsdale of the Plum Street Baptist church, who recently made affidavit that he heard James C. Cox, negro, confess the murder of Mary Phagan, 14-year-old factory girl, and then repudiated his sworn declaration, has resigned.

Steel Workers Killed

Pittsburgh.—Pa.—Frank Whittaker was killed and six other steel workers were injured in an explosion at the Duquesne plant of the Carnegie Steel company.

JACKSONVILLE IS HOST TO VETERANS

SONS OF VETERANS INITIATE RE-UNION—HEROES OF CIVIL STRIFE RIDE IN AUTOS.

MANY SOCIAL FEATURES

Reunion Formally Opened With Parade of the Sponsors—Jacksonville Decked in Gala Attire for the Affair.

Jacksonville, Fla.—With every detail of preparation complete, Jacksonville welcomed the United Confederate Veterans and the Sons of Confederate Veterans and members of the Confederate Southern Memorial association, which organizations met here in annual convention. Thousands of visitors attended and elaborate plans have been made for their entertainment.

At the first meeting the Sons of Confederate Veterans inaugurated their nineteenth yearly convocation. The United Confederate Veterans formally opened their twenty-fourth annual reunion, which will close with the veterans' parade and the yearly ball in their honor. Sessions of the affiliated organizations will be held simultaneously with those of the United Veterans during the week.

For many months the Confederate Reunion association here has been hard at work making ready for the gathering. Nothing but the actual recreation and entertainment of the coming guests remained to be looked after, and careful preparations to that end were perfected, days ago.

Jacksonville already has been decked in gala attire in readiness for her guests. The city blazes with myriads of electric lights and is gay with fluttering flags and bright bunting. At Springfield park, 500 neat white tents stood waiting for the veterans, for whose safety and comfort finite precautions have been taken.

FEAR BLOODSHED IN ULSTER

Government Must Take Stern Measures to Stop Disorder—Plea Made to Bigotry.

Belfast.—In spite of the pacific and conciliatory utterances of Sir Edward Carson and other Unionist leaders in parliament, the next fortnight promises to bring forth riots and bloodshed in Northeastern Ulster, unless more energetic measures are promptly taken by the government to cope with the situation in this province.

Preparations for civil war have gone on apace, and have been expedited through the sympathy or indifference of the local government officials. The district inspectors, the Royal Irish Constabulary in Northeast Ulster, the customs officials, the local police officers and even the judiciary are, for the most part, prominent members of the loyal Orange organization and make no secret of their personal opposition to home rule.

News has a more callous or defiant exhibition of official negligence than that which attended the recent gun-running exploit at Larne. This sensation coup fired the imagination of the Carsons with an awe-inspiring promise of their own military prowess, while denouncing appeals to religious while denouncing appeals to religious.

It is to be feared that the men who have fathered this movement have reared a child which may yet prove a troublesome and unruly heir.

KILLS TWO, THEN SUICIDES

Hamilton, Ala.—Sarge Lewis, who lives six miles north of Hamilton, shot James Cox twice in the back with a shotgun, killing him instantly. Lewis then went to his own home and shot his wife, killing her instantly. He then killed himself. Family trouble is said to be the cause of the tragedy. Lewis and Cox were cousins. Both were farmers.

KOETTERS GET SENTENCE

Chicago.—Sentence of life imprisonment for the murder of Mrs. Emma Kraft, a Cincinnati widow, was imposed on John B. Koettters by Judge McDonald in the criminal court. Koettters, known as "Handsome Jack," was made to collapse as the sentence was pronounced.

Koettters was found guilty of killing Mrs. Kraft with a hammer in a Chicago hotel in November, 1912. She was infatuated with him and had given him money.

Five Die in Fire

Mount Union, Pa.—Mrs. Mildred Vermer and her four children, Elmer, Ruth, Albert and Frances, were burned to death in a fire which destroyed the Vermer home. The house is believed to have been fired by burglars.

COULDN'T GET AWAY WITH IT

Irishman Made Poor Selection of Name Under Which He Proposed to Cast Fraudulent Vote.

It was election day, and after Murphy had cast his vote he went on his way. About a block from the polling place he was approached by an old friend, who said:

"Murphy, you can make \$50 by going back to the booth and voting again. Go back and vote in the Rosenbaum's name and you get the fifty."

"Sure, they might get me at it, and I'd land in jail."

"Not a chance. They don't know you and they don't know Rosenbaum. So go to it."

Murphy thought a moment and then went to the polls.

"I wish to vote," said Murphy, with a delicious Dublin roll.

"What's your name?"

"The Rosenbaum," said the clerk, suspiciously.

"Is he name," said Murphy.

"It's not," argued the clerk.

"The Rosenbaum's name and I intend to cast my vote as such," said Murphy hotly.

A friend of Murphy in the rear jumped up and yelled:

"That's right, go on and vote, Murphy. Don't let 'em bluff you."

Why? Edith—Why didn't you tell me you had that seat palmed yesterday, papa?

Father—Why, what happened? Edith—Why, Freddy and I sat down on it last night, and Freddy got paint all over the back of his coat and trousers!

AFTER HALF-CENTURY MARK

No Real Reason Why Man of That Age Should Not Be Capable of Good Work.

Speaking of the age of efficiency, a Toledo gentleman locates it beyond the half-century mark. He calls our attention to the fact that Columbus was fifty-six when he discovered America, that Darwin, Kant, Spencer, Wagner, Haydn and others did their greatest and best work when far past the fifty mark, and that some have persisted in great accomplishment until seventy or more years of age. This argument won't help the man who is aged and broken and tottering at fifty, will it? But it will hearten the man whose achievement still is a possibility to him and it may find him the opportunity to achieve by convincing some master of opportunity that years do not always spell senility or loss of vitality. The young man may reflect that he has the opportunity to run a long race—and he may catch sight of the fact that the man of fifty is not necessarily a "back number" merely because of his half-century.

SKIN TORTURES WILL YIELD TO RESINOL

If you have eczema, ringworm, or other itching, burning, unsightly skin eruptions, try Resinol ointment and Resinol soap and see how quickly the itching stops and the trouble disappears, even in the severest, stubborn cases. Resinol ointment is also a wonderful household remedy for pimples, dandruff, sores, burns, wounds, boils, piles, and for a score of other uses where a soothing, healing application is needed.

Resinol contains nothing of a harsh or injurious nature and can be used with perfect safety on the tenderest or most irritated surface. Every druggist sells Resinol ointment (50c and \$1), and Resinol soap (25c). Avoid worthless, harmful, imitations—Adv.

Is Your Stomach Wrong?

Sooner or later you will be wrong in every organ of your body. It is a well known fact that over 80% of all sicknesses are caused by ailments of the digestive organs. If you have the slightest suspicion that your stomach requires treatment, don't delay a moment. Little ills soon grow into serious ills.

DR. PIERCE'S Golden Medical Discovery

Soon rights the wrong. It helps the stomach digest the food and manufacture nourishing blood. It has a tonic effect and soon enables the stomach and heart to perform their functions in a natural, healthy manner, without any outside aid.

As Dr. Pierce's Golden Medical Discovery contains neither alcohol nor narcotics there is no reaction. For over forty years it has stood the test of both use and abuse and is today the greatest remedy of its kind in the world. Begin now. Take it home today. Sold by Medicine Dealers in liquid or tablet form, or send 50c to Dr. Pierce's Invalid Hotel, Buffalo, N. Y., for a trial box.

For 31c you can get the Common Sense Medical Adviser, 1008 pages—costs 50c to pay cost of mailing.

DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season. To prevent pleurisy or pneumonia, it is important to drive the last traces of it out of the system. Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly. W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again. Try Vinol with the certainty that it does not benefit you we will give back your money.

Farmers are having fine weather for farming, most all through planting corn.

Ollie Boyd and family, of Browns Grove, spent Sunday with B. L. D. Stevens and wife.

Mrs. Alice Hicks is getting along nicely with her spring school, she has forty pupils enrolled.

Miss Edith Hicks, of Sedalia, is visiting relatives here.

Mrs. Ed Colley has Lagrippe.

Mrs. Phillips, of Coldwater, mother of Mrs. Jim Williams, died Saturday of Lagrippe and old age. Mrs. Phillips was a good Christian woman and her many friends will regret to learn of her sad death.

Bro. Wilson, of Mayfield, was to begin a series of meetings at the Christian church here, last Thursday night and continue until Sunday night, but for the illness of his baby, with measles, he had to call in his appointments, and will begin on Thursday.

GOOD LIVERS HAVE GOOD LIVERS

Honesty, Energy and Ambition Depend on Physical Condition.

An eminent German scientist has said, "Honesty is a state of mind dependent on the physical condition." Everyone knows that energy and ambition depend on "how one feels." The liver plays an important part in one's feelings. If it is performing its natural functions we feel energetic and ambitious. When it is not working right we feel depressed and lazy. Headaches, indigestion, constipation and backache are the signs. Calomel used to do, but it proved so dangerous that medical science had to find another course.

Grigsby's LIV-VER-LAX does better work than calomel, and without danger and without any bad after effects. This remarkable liver remedy is for sale in 50c and \$1.00 bottles by E. E. MILLER who guarantees its qualities by offering to return purchase price. Look for the likeness of L. K. Grigsby on every bottle.

Charley Hudspeth and family, spent Sunday with relatives near Coldwater.

Mrs. Clarence Burge and little son, Raymond, of Mayfield, spent last week with relatives here.

When Croup Comes Treat Externally

The old system of dosing delicate little stomachs with nauseous drugs and giving them a violent cathartic is wrong and harmful. Try the external treatment—Vick's "Vapo-Rub" Croup and Pneumonia Salve. Just rub a little over throat and chest and cover with a warm flannel cloth. The warmth of the body releases vapors of Pine Tar, Menthol, Thymol, and Eucalyptol, that loosen the choking phlegm and ease the difficult breathing immediately. One application at bed time insures a sound night's sleep. Vick's is better than internal medicines for all forms of cold troubles. Three sizes—25c, 50c and \$1.00.

In Race For Congress

Hon. Max M. Hanberry, a well known attorney of Cadiz, has announced his candidacy for the progressive nomination for congress in the First District. He is not expected to have any opposition for the nomination. He has many friends in the district. Before the progressive party was launched Mr. Hanberry was a republican and had been active in its interest. He proposes to make speeches all over the district in the interest of his race for congress and will be assisted by other leaders of the party in the district.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by continually failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WHEN YOU ARE NERVOUS

If you have the first symptom of a run-down system, and nervous people tonight in excess their nerves and pains and suffer in silence while, if neglected, this condition often becomes more serious trouble. If those symptoms would keep taking medicine containing alcohol or drugs which weaken the system, of health, and just take the pure, strengthening preparation in Scott's Emulsion, it would create new blood to pass through the organs, refresh their bodies and build up the whole nervous system. It is rich, sustaining nourishment, free from whiskey, alcohol, drugs, stimulant substitutes.

John Tyler Drowned

About 11 o'clock Wednesday morning some boys while fishing on the Ohio river, about three miles from Puryear, discovered a man's hat floating in the water. After a little search they found the dead body of a man, which proved to be that of John Tyler, of Puryear.

Mr. Tyler was an old man, a fisherman, and as he was fishing to expel his bile, he was that he fell into the water.

Richard Hamlin and Miss Halie Rowland, two of the county's popular young people drove to the Paris bridge Sunday morning and were united in marriage by Rev. J. C. Rudd. Mr. Hamlin is a young farmer, while Miss Rowland, a daughter of Will Rowland, was born and reared here, and is one of our brightest teachers. We wish them a long and happy life.

Mrs. William Christenberry, of the Coldwater section of the county, expired very suddenly at her home last Saturday while seated in the family room. She was alone at the time and her death was not discovered for some time after it occurred. She was about fifty years of age and had been suffering for some time with a heart ailment. She is survived by a husband and several children. The burial took place Sunday at Graham.

THE "PRUDENT MAN" SEES THAT HIS SON HAS A BANK ACCOUNT

This would be a more prosperous community if every father in the world would say to his boy: "Son, start a bank account this very week and every dollar you save and put in the bank I'll give you another dollar to put in the bank with it"—and if everybody would have SENSE enough to do it.

Mr. Lafayette Erwin, Calloway's oldest citizen, died last Sunday at the home of his son, Tom Erwin, of South Swann precinct. Mr. Erwin was a Mexican war veteran, serving in that struggle under Gen. Beauregard. He was a splendid soldier and served with credit to his country and distinction to himself. He lived an exemplary life and reared a splendid family of children. During his active years he took a keen interest in the county affairs and made many warm and lasting friends. While his death came in the long shadows of the afternoon of life yet much sorrow is felt among those who knew him and loved him. He is survived by a number of children. The burial took place in the South Pleasant Grove grave yard.

Sheriff W. B. Sullivan left Saturday by railroad for Murray having in his custody Lewis Armstrong, of near Pilot Oak, who was indicted by the Calloway grand jury a few days ago, charging him with stealing a mule from Lon Coleman. Armstrong was arrested Friday one mile east of Water Valley by Deputy Sheriff Will Nunley and brought to Mayfield and kept under guard during the night. Mayfield Messenger.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHEA TURNER, 431 S. Wayne St., Piqua, Ohio.

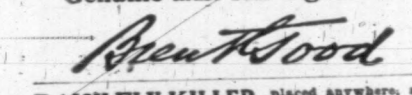

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential)—Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Got His Answer.

The other day a new story was told in connection with one of Mr. Joseph Chamberlain's political campaigns.

During one of his speeches a man in the audience kept on shouting:

"Are you going to tax my food? Are you going to tax my food?"

After a bit the audience lost patience with the man, and loud suggestions were heard that he should be turned out. Mr. Chamberlain calmed the storm, however, and proceeded with his speech, but a few minutes later the man's voice was heard again:

"Are you going to tax my food? Are you going to tax my food?"

"Oh, stop, your braying!" roared somebody: "this fellow never be taxed!"

Have You a Bad Back?

Does your back ache night and day, making work a burden and rest impossible? Do you suffer stabbing, darting pains when stooping or lifting? Most bad backs are due to hidden trouble in the kidneys and if the kidney secretions are scant or too frequent of passage, proof of kidney trouble is complete. Delay may pave the way to serious kidney disease. For bad backs and weak kidneys use Doan's Kidney Pills—recommended by a world famous.

A MICHIGAN CASE

William Hough, 310 Alderman St., Building, Mich., says: "I had long and rheumatic pains and my back was terrible stiff. I doctored, but didn't get well. I then used Doan's Kidney Pills and this cured me. I kept on using them and my back is now as good as new."

WAS NOT A REBUKE

Little Comfort for Republicans in New Jersey Election.

District is Normally Republican and the Result Could Not Come as a Surprise to the Leaders of the Party.

The result of the congressional election in the Seventh New Jersey district appears to have been a reversal for President Wilson to the precise extent that failure of the local Democrat candidate and his backers to keep the Progressives and Republicans apart may indicate a Democrat failure. All the personal appeal of the candidate and all the support given him by the president, in a public letter of commendation and by authorized oratory from Senators James and Lewis, did not avail to argue a large number of Progressives out of voting the Republican ticket. Some political diagnosticians may regard this as proof of Democrat weakness; others will not. This Seventh New Jersey district is normally Republican, by an overwhelming vote. In the Republican-Progressive split of 1912 a Democrat congressman, Representative Bremer, whose ill health created a great deal of sympathy, and an eastern commentator of wondrously judicious temper observed, was easily offset by Democrat defections to an unusually strong Socialist candidate. Whether this detail is exact or not, the obvious showing, as the New York World remarks, is that Republicans and Progressives saw a chance to make a killing by getting together, and they got together.

In a Boston district, nominally Democrat, it will have been noted, the Democrats held their own and returned a Democrat congressman. Neither result seems to have had a legitimately national application for the enlightenment of those seeking light as to the trend of opinion in the matter of the tariff, canal tolls and other large questions. The issues were the same in both districts.

Triumph for the President.

President Wilson deserves the respect of every sound thinking American for his refusal to yield to the men who advised the withdrawal of the nomination of Winthrop M. Daniels as interstate commerce commissioner.

The objections to Mr. Daniels were based on his respect for property rights and his determination, while serving the state of New Jersey, to prevent the despoliation of vested interests. Men of this kind are needed in our public life. The interstate commerce commission is just entering on the appraisal of the railroads, and it is imperative that the commission should have on it men familiar with railroad values and unprejudiced enough to make a proper estimate of their value.

Mr. Wilson was not only brave enough to refuse to yield to the men who objected to Mr. Daniels, he was strong enough to bring about the confirmation of his appointee. This is a victory for fairness and justice.

Will Be Shock to Teddy.

President Wilson talks of paying Colombia \$25,000,000 for the territory to which we helped ourselves when we happened to need it in the canal business. Rush the news to Armaageddon!

Have we reached the pass where we unprofitably permit a pusillanimous subservience to common honesty to dim the glory of him whose fairest boast is: "I took Panama?"—Hartford Times.

Everything Going Well.

The Underwood-Simmons tariff law is six months old, and the country, to all appearances, still lives and does business. With the coming of spring bank clearing, the only certain barometer of trade, show steady gains ever 1913, and only the railroad situation is in any way clouded. We have not heard, however, that it is claimed that there is any direct connection between the railroads and the tariff.

Taft's Tribute a Fine One.

Mr. Taft, with a generosity which a defeated president has rarely exhibited toward his successor, gives this tribute of praise: "I rejoice in the existence of a situation in which the party in power is fulfilling its promise made in the platform, and is doing so by following the guidance of the head of the party, who is charged by the people with the party's responsibility."

Few Disgruntled Ones.

After all, probably not one man in two hundred ever applied or ever will apply for a federal office, and while that one may mourn that his "claims" are disregarded, the 199 rejoice that the nation's chief is in better business than the mere distribution of jobs.—Chicago Journal.

Red, Rough Hands Made Soft and White

For red, rough, chapped and bleeding hands, dry, fissured, itching, burning palms, and painful finger-ends, with shapeless nails, a one-night Cuticura treatment works wonders. Directions: Soak the hands, on retiring, in hot water and Cuticura Soap. Dry, anoint with Cuticura Ointment, and wear soft bandages or old, loose gloves during the night. These pure, sweet and gentle emollients preserve the hands, prevent redness, roughness and chapping, and impart in a single night that velvety softness and whiteness so much desired by women. For those whose occupations tend to injure the hands, Cuticura Soap and Cuticura Ointment are wonderful.

NATIVE OF THE SOUTHLAND

And Nothing Pleases This Lady More, Than to Praise Cardui, The Woman's Tonic.

Chillicothe, Ohio.—"I am a native of the Southland," says Mrs. Ed. Davis, of this town, "and nothing pleases me more than to speak a word of praise for Cardui, the woman's tonic, for I firmly believe that I owe my life to it from the grave. Although I do not need it now, I always keep a supply on hand."

I have been married 14 years, and had two children. After the youngest was born, I was not able to walk and for four years, I was not strong enough to stand on my feet five minutes at the time, without something to support me.

After everything else had failed, I wrote to the Ladies' Advisory Department, of the Chattanooga Medicine Co., for advice, and they kindly told me what I needed. I commenced taking the Cardui Home Treatment. I used only about four bottles of the Cardui, but, today, I am well, can do my own work, and walk as far as I want to.

I can never praise Cardui enough, and my neighbors cannot get done wondering at the change in me. Cardui will surely do as much for you, as it did for the writer of the above letter, if you will only give it a trial.

Don't delay. Begin taking Cardui today. Your druggist sells it.—Adv.

FIX UP YOUR LIVER AND FEEL GOOD

Why Risk Being "All Knocked Out" by Calomel? Dodson's Liver Tone Takes its Place and is Safe.

When you are constipated and your liver is sluggish it is no longer necessary to try to fix yourself up with calomel, which every one knows to be a poison that sometimes remains in the system and causes evil after-effects—and is often very dangerous to many people.

Dodson's Liver Tone is guaranteed to take the place of calomel, to be a pleasant-tasting, easy-acting vegetable liquid, with no bad effects and causing no pain nor gripe nor interference with your regular duties, habits or diet. If you are entirely satisfied with Dodson's Liver Tone, go back to the store where you bought it and get your money back. It belongs to you and Dodson wants you to have it.

Dale & Stubblefield sell and recommend Dodson's Liver Tone and they will cheerfully refund purchase price (50c.) instantly without question if the remedy fails to please you in every way. Its use has proved beneficial to many thousands and probably will to you.

A Backward Glance

The former war with Mexico was caused by the annexation of Texas to the United States July 4, 1845, nine years after Texas had achieved its independence. Almonte, the minister, at once demanded his passports, and Gen. Zachary Taylor was ordered from Louisiana to Texas. The real question was a boundary dispute, and Mexico demanded to be allowed to fix the boundary line. What had been the Mexican state of Coahuila, east of the Rio Grand, was the disputed territory and Gen. Taylor was sent to help Texas hold that territory. He had 5,500 men at the mouth of the Neches at the close of 1845. On March 8, 1846, Taylor advanced to what is now Brownsville and erected Fort Brown and April 26 Gen. Arista reached Matamoros on the opposite side of the river.

The Mexicans opened hostilities by crossing the river and attacking a company of Americans, killing 16 and capturing the rest. Taylor apparently retreated and 6,000 Mexicans crossed the river to Palo Alto. Taylor returned with 2,000 men May 8, and defeated the Mexicans, who lost 100 men. Four Americans were killed and 40 wounded. The Mexicans were driven back to Resaca de la Palma, where they made a stand, but were

routed and driven across the river. War was declared May 11 and Gen. Scott was made commander-in-chief. Gen. Taylor in ten days captured Matamoros and in September advanced with 6,000 men on Monterey held by 10,000 men, which was captured September 21. At this juncture Gen. Santa Anna became president of Mexico and took the field with 2,000 men. Gen. Worth moved South and captured Saltillo and Gen. Patterson took Victoria. Capt. Connor, of the navy, had captured Tampico when Gen. Scott arrived. Gen. Kearney in the meanwhile had conquered New Mexico and California, then Mexican territory, aided by Kit Carson. Kearney then marched South and captured Chihuahua by November 28. Gen. Scott had left Taylor with only 4,800 men and Santa Anna attempted to crush him to Buena Vista, Saltillo, February 23, 1847. A great battle was fought and Kentucky and Mississippi troops saved the day. The Mexicans retreated, losing 2,000 of their 20,000 men. Taylor lost 730. Gen. Scott then marched against Mexico City with 12,000 men, starting from Vera Cruz April 8. He met Santa Anna with 15,000 men April 18 at Cerro Gordo and defeated him. The Mexicans lost 1,000 and the Americans 431. The victorious Americans swept all before and reached the capital August 7 with 11,000 men. The two fortresses, Churubusco and Chapultepec, occupied by 30,000 Mexicans, were stormed and the first taken August 20 and the other September 8. Santa Anna fled and the Americans occupied the city. After losses in battle and by disease and in garrisons along the route Gen. Scott had less than 6,000 men to hold the capital. Santa Anna treacherously attacked the 1,800 sick Americans in Puebla hospitals, but they held out several days until Gen. Lane fell upon the Mexicans on his way to reinforce Gen. Scott and drove them away. Santa Anna then sued for peace and the terms were agreed upon February 2, 1848, and the present boundary line was fixed. The United States paid the impoverished country \$15,000,000 for the vast territory taken.

Another change in the boundary line is about due. Ex-

Our Standard: EXTRA Quality

Our standard of "Exceptionally Worthy," does not mean extra expensive. In fact, it tends to exceptionally low prices in just this way. Extra quality results in increased sales. Increased volume of sales allows us to do business on a smaller margin of profits—that's the "theory" of it, you prove the "practice" of it, by buying of us.

Everything guaranteed to be absolutely as represented, and your money back if you wish it.
